1847 & 1848.

WM. R. PRINCE & CO., FLUSHING, NEAR NEW-YORK.

N. B. The following desirable species are extracted from our General Catalogue.

NORTH AMERICAN TREES & SHRUBS.

Acer dasycarpum, vel eriocarpum :	
— nigrum	
* — rubrum	
* — sacharinum	
Æsculus pallida, vel ohioensis	
— glabra	
— macrostachya	
Berchemia volubilis	
Bignonia radicans, lutea	
— atrosanguinea	
Calycanthus, 4 species	
Chionanthus, 2 species	
Chimaphylla corymbosa	
— maculata	
Cissus ampelopsis	
— stans tricolor	
Cornus stricta variegata	
Corylus rostrata	
* Cupressus disticha, vel Schubertia	
Dicapalustris	
Echites difformis	
Euonymus americanus	
— sarmentosus	
* Gleditsia triacanthos	
Halesia tetraptera, rosea	
Hamiltonia oleifera, vel Pyralia pubera, \$5 each.	
Hibiscus syriacus (new American double varieties)	
— ardens pl.	
— rosea pl.	
— atrorubens pl.	
— bicolor expansa, pl.	
— rosea variegata, pl.	
— striata superba pl.	
— fol. variegata flore pl.	
— rubro semipieno	
— ceruleo semipieno	
8 older double varieties	
Liriodendron tulipifera	
Lonicera canadensis, nova	
— douglassii	
— Brownii	
— Shephardii	
— Magnevillii	
Maclura aurantiaca, mas. et fem.	
Magnolia acuminata	
— auriculata	
— cordata	
— glauca	
— grandiflora	
— gracilis (Chinese)	
— macrophylla	
— maxima	
— tripetala	
Menispermum canadense (pretty vine)	
Mitchella repens	
Oxycoocus macrocarpus	
Philadelphus mexicanus	
Pæonia moutan, 12 splendid new double varieties for \$85.	
Pyrola rotundifolia	
Pyrus arbutifolia (scarlet fruit)	
— botryapium	
* Quercus, all the species,	\$8 to
Ribes, all the new species	
Rosa rubifolia, 12 beautiful double named varieties	
— 15 new and extra fine do. do.	
— pennsylvanica pleno	
Rubus cuneifolius	
— villosus, fructu carnes	
— occidentalis, albus	
— novæ boracensis (fine fruit)	
Shepherdia eleagnoides	
Scandix peduncularis	
Sorbus americana, aurantia	
Styrax lævigatum, &c.	
Symphoria glauca	
— racemosa variegata	
Vitis, 80 varieties, good for table, and producing excellent wine, and will support a Russian climate unprotected, \$25 to	
Wistaria floribunda	
Xylosteum ciliatum	
— involucreatum	
— nova boracense	
Solonis	

N. B. Of those marked thus * Seeds can usually be supplied as well as of the generality of Forest Trees and Shrubs.

HERBACEOUS PLANTS.

Apios tuberosa	
Arum triphyllum, in varieties	
Arethusa bulbosa	
Aristolochia serpentaria	
Asclepias amœna	
— incarnata	
— obtusifolia	
— pulchra	
— quadrifolia	
— tuberosa	
— phytolaccoides	
— verticillata, and others	
Amsonia latifolia	
— salicifolia	
Astragalus Missouriensis	
Calopogon pulchellum	
Claytonia virginica	
Convolvulus panduratus pleno	
Corydalis formosa alba	
Cypripedium arietinum	
— acaule, vel humile	
— candidum	
— parviflorum	

Per 100.		Per 100.
\$12 00	Cypripedium pubescens	\$25 00
12 00	— spectabile	25 00
10 00	Dioncea muscipula	25 00

	— carinata	15 00
	Yucca flaccida vel glaucescens	15 00
	— filamentosa	15 00
	— aloifolia	15 00

SELECT FRUIT TREES, &c.

OF THE MOST ESTIMABLE AMERICAN VARIETIES.

These Fruit Trees, Grape Vines, &c., will support the winter of a Russian climate, and of the Grapes Vineyards may be formed that will produce eight fold the quantity of excellent Wine, that is produced by the French Vineyards. A commencement has already been made in Germany. There are twenty good table varieties, a number of which are superior to the Chasselas, and a single vine often produces 1000 lbs. of fruit.

APPLE, 200 varieties surpassing those of every other country, at 37 cents each.

PEAR, 75 varieties of great excellence, at 50 cents each.

PLUM, 80 varieties do. do. at 50 cents each.

PEACH, 120 varieties do. do. at 25 cents each.

Weeping, and White blossom of two varieties, 50 cts. each.

CHERRY, 25 varieties of great excellence, at 50 cents each.

NECTARINE, 4 varieties do. do. at 37 cents each.

APRICOT, 6 varieties do. do. at 37 cents each.

RASPBERRY, 8 varieties do. do. at 12 cents each.

GRAPE, 80 hardy varieties, at 25 to 50 cents each.

CURRANTS, 20 Flowering varieties, at 25 cents each.

STRAWBERRY, 50 varieties, of unrivalled size and excellence, and far surpassing the European varieties in productiveness, at 50 cents to \$1 per dozen.

VEGETABLE SEEDS.

ONION, red, white, and yellow; MELONS, CUCUMBERS, SQUASH, PUMPKIN, and other Seeds will be supplied in any quantity.

Ailantus glandulosa, Seeds in any quantity.

REMARKS.—It is always preferable that orders be sent us during the Summer for Seeds, and for Trees and Plants early in autumn. All will be packed with especial care, so that scarcely any plant can perish on the voyage.
