BECKERT'S SEED STORE

101-103 Federal St., North Side

PITTSBURGH, PA.

We Have No Branch Stores Bell Phone: Fairfax 4210

Beckert's Wholesale Catalogue for 1927

is intended for the use of market-gardeners, florists and commercial growers only. For their own protection, as well as ours, we ask them to see that it does not fall into the hands of those who are not entitled to wholesale rating.

It is a strictly business catalogue. There is no room for illustrations or descriptions. Those who are not familiar with the varieties we offer will find them fully and accurately described in Beckert's General Spring Catalogue—our retail price-list—a copy of which we mail to every customer, retail and wholesale. Our wholesale customers, however, should order at the lower prices given in this list.

Needless to say, we have made every effort to maintain and improve where possible the high standard of Quality in all we handle that Beckert's have been noted for since 1877. We have always specialized in the needs of market-gardeners and florists. We can honestly say that for fifty years our satisfied customers have been our best advertisement. Only a business that is conducted on the "Square Deal" principle throughout can long survive and constantly grow, serving each year an ever-widening circle of friends and customers.

From our old patrons we solicit a continuance of their patronage, assuring them that our service in the future will be of the same high class as it has been in the past. To those who have never purchased from us we say, give us a trial, knowing that a fair trial has never failed to convince a critical buyer that he can absolutely depend on anything that Beckert's sell.

The prices in this catalogue cover cost of bags, boxes, and packing, but do not include transportation charges from Pittsburgh. Delivery outside of Pittsburgh will be made at customer's expense.

If goods are wanted by parcel post, an amount sufficient to cover postage charges must be added to the order. A complete table of Parcel-Post Rates is given on the inside back cover of this catalogue. Fluids and poisons are not mailable.

Our terms are Cash with Order, except to customers who are personally known to us or have an approved credit rating.

C. O. D. shipments may be made by express (not by freight) if an amount sufficient to cover express charges and guarantee acceptance upon arrival accompanies the order. Small shipments may be made by parcel post, C. O. D. Under no circumstances will we ship perishable goods, such as bulbs, onion sets, etc., C. O. D.

Please help us to fill and ship your orders accurately and with all possible dispatch, by noting carefully the following instructions:

Send us your order as early as possible.

Use the enclosed order sheet. Always keep a copy.

Write your name and address distinctly on every order you send us. Give your Name, Post Office, County and State, also Box, Route or Street Number.

Give complete shipping instructions on every order.

Send your remittance by Post Office or Express Money Order, Registered Letter or Draft. For small amounts stamps are acceptable.

Correspondence should not be intermingled with the body of the order, but should be written on a separate sheet.

With regard to errors, we take every possible precaution to avoid their occurrence. Notify us at once if your order is not properly filled and we will make the necessary adjustment.

With the season's greetings and heartiest wishes for a profitable year, we remain,

BECKERT'S SEED STORE

101-103 Federal Street

Note: We have no branch stores

N. S., PITTSBURGH, PA.

NOTICE.—Because of our inability to control Nature's forces, we cannot guarantee crops from our seeds. No honest seedsman can or does. We take all precautions, *every* precaution, to see that our seeds are right. They are tested as to vitality and purity; they come from the foremost seed-growing specialists here and abroad; they are handled by experienced men and put up in the most careful manner; they represent full value for money received. Beyond that we cannot go, so, in common with all responsible houses, *we do not warrant in any way, expressed or implied, the contents or description, quality, productiveness, or any other matter of any seeds, bulbs or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, he should return them at once and money will be refunded. We make all sales subject to the above conditions.*

BECKERT'S SEED STORE

Beckert's Vegetable Seeds

The following list contains all of the varieties of vegetables which are generally used by market-gardeners and, in addition, our Specialties and New Introductions of approved merit. If you do not find the varieties that you want quoted herein, send us a list of your requirements for a special quotation.

Half-pounds will be supplied at the pound rates; 5 pounds or more at the 10-pound rate; 25 pounds or more at the 100-pound rate.

Flower Seeds for Florists

We devote as much care and attention to the needs of florists in fine Flower Seeds as we do to vegetable seeds for market-gardeners. Our Flower Seeds are grown for us by specialists, both at home and abroad, and it has always been our policy to secure the very best obtainable, cost being a secondary consideration. Moreover, we believe our list of Flower Seeds to be the most comprehensive in this section of the country. Every reliance can be placed in the strains we offer; the seed has been carefully grown and harvested, and tested for vitality. Full descriptions of all varieties are given in our General Retail Catalogue for 1927. Please do not order less than an ounce of any variety priced at 10 cents or less per ounce, or less than one-half ounce of any variety priced at 20 cents per ounce. Special prices on extra-large quantities of any of the sorts which we handle will be quoted upon request.

Felins Vegetable Tying Machine

A great labor-saving device for market-gardeners and florists. The Felins Tying Machine is, in our estimation, the best all-round bunching machine on the market. It is simple and durable in construction and so light and easy-running that a child can operate it with almost no effort and do in one hour what would otherwise be four or five hours of tedious work. The Felins will tie any size bunch from $\frac{1}{4}$ to 5 inches, as tightly as desired, adjusting itself automatically to the size of the bunch. Saves twine as well as time and labor. Can be used for either twine or tape. **Price \$75.00, freight prepaid.**

After a season's experience with the Felins Tying Machine, Mr. Alois Niederst, R. D. 4, Millvale, wrote us as follows:

Gentlemen: I am very much pleased with the Felins Tying Machine which you sold me. It is easy to work and bunches up any kind of stuff just the way I want it. It is the best bunching machine I have seen.

December 19, 1922

Yours truly,
ALOIS NIEDERST

We supply twine and tape for bunching machines. See Miscellaneous Supplies

Beckert's Bulbs for Spring Planting

We offer below a carefully selected list of the best varieties of Bulbs and Roots for spring planting. Our assortment of Cannas, Dahlias and Gladiolus are up-to-date and include the most desirable of the new and old kinds for every purpose. In every case, the bulbs we offer are the largest and best of the crop obtainable; consequently, our prices are not to be compared with those quoted for inferior grades. We shall be pleased at all times to submit special prices on extra-large quantities of any of the varieties which we list.

Primulinus Hybrid Gladiolus

These new varieties, gained by crossing the large-flowered Gladiolus with the yellow African species, *Gladiolus primulinus*, are wonderfully artistic in form and dainty in color. They are early bloomers, so can be planted later in the season than other varieties. The first hybrids produced were rather small-flowered and distinctly hooded, but the newer hybrids which we offer are nearly as large as the ordinary Gladiolus, while the tendency of the upper petal to droop has been eliminated to a considerable extent. They still retain, however, the graceful form of their Primulinus parent. The bulbs are small, but will produce 2 or 3, and often as many as 5 fully developed spikes. On account of their tall, slender growth they are not well adapted for massing, but are unsurpassed for cutting and as specimen plants scattered in the border.

DAHLIAS

Some of the finest of the new introductions, as well as the proven standbys, for cutting are included in Beckert's special offering of Dahlias for 1927. Those sorts marked with a star (★) are especially adapted for growing for the cut-flower markets, being vigorous and free-blooming, and producing large, well-formed flowers of the demanded colors, on long, strong stems. If wanted in quantity, we shall be pleased to quote special prices. On account of our taking over the entire production of the Shelton Dahlia Gardens, of Leetsdale, we are in a position to quote rock-bottom figures.

All varieties in the following lists are arranged in alphabetical order. The letters after the names indicate the type or class, as follows:

D., Decorative; C., Cactus; S., Show or Ball; P., Peony-flowered. Pom., Pompon; HC., Hybrid Cactus.

All goods sent by parcel post are at purchaser's risk, unless insured. Insurance is 5 cents for \$25 or less, 10 cents for \$25 to \$50. This insures delivery only, but not damage to package.

Fluids and poisons are not mailable.

POULTRY KEEPING

Poultry keeping as a side line is a most profitable source of income, and even a small flock near town markets, as market gardeners' lands are usually situated, will pay relatively great returns for time and labor expended.

In the dead of winter when the preceding season's crops have been handled and disposed of, the poultry crop, eggs, is at the highest premium. A flock of good, well-cared-for hens will do in the winter the very thing that a good cultivator will do in the summer, namely, "Profitable Scratching."

In our extensive poultry department, we offer a complete line of wholesome and nutritious feeds for young and mature stock, and carry the most standard and approved up-to-date poultry house equipment and fixtures. We will supply day old chicks and ducklings, and are in especially good position to fill early orders of all leading breeds from strains of recognized merit for egg production, meat production or fanciers' type.
