Your Guide to Spring Planting

In this, our 69th year, we again offer you the finest bulbs and plants grown in America. So great is our faith in our products, that we guarantee our bulbs and plants—guarantee them to reach you in good condition, guarantee them to grow, and guarantee them to be the best value you can obtain anywhere.

The items we list in this catalog are those which should be planted in the spring. Whether you plant some of them, or all of them, they are sure to lend extra beauty to your 1943 garden.

ORDER NOW

Stock on many items is scarce this year, and although we will have more available than in any previous year, we recommend early ordering to be sure of reserving the varieties you want.

With each order, we send complete cultural instructions. Necessary to new gardeners, these concise planting and cultivating hints will be a helpful memory refresher to those who have long enjoyed the pleasure of flower gardening.

BULB SECTION

Lilies are Lilies and even Solomon in all his glory was never arrayed as one of these. Unusual, exotic—their uncommon grace and loveliness has captured the hearts of American gardeners.....page 2

Gladiolus are one of the most popular bulbs for spring planting. Beautiful as a cut flower, ideal for use in the mid-border, sturdy and strong, no one can overlook Gladiolus.....page 6

Dahlias are as independent and upstanding as our early American forbears. No gardener should miss knowing the adaptable new single and miniatures.....page 14

Unusual bulbs for shady places, for sunny places, for indoor growing. Such garden necessities as Begonias, Ismenes, Cannas—but why not see all of the Summer-Flowering bulbs.....page 18

PLANT SECTION

Alphabetical listing of perennials starts on page 24 with Asters and ends on page 48 with Veronica. But we're particularly proud of certain of our hardy plant specialties. For instance: Chrysanthemums are a particular favorite of ours. You get so many blooms from each plant. Truly no fall garden is complete without 'Mums.....page 29

Iris Kaempferi is one of the garden's most beautiful flowers. As the world's largest growers of this exquisite plant, we have more than 400 varieties, many of them our own introductions. This and the other forms of fine hardy Iris are among the most satisfactory of all garden material.....pages 32-37

ROSE SECTION

No other flower may claim the universal appeal of the Rose. Whether they are the everblooming Hybrid Tea Roses, the hardy climbers, the statuesque Tree Roses, or the bloom-massed Floribundas, all Roses are at their best when supplied by Flowerfield.....pages 50-56

SEED SECTION

In our separate Seed Book we have listed a careful summary of the best reselected strains of seed. Quality, not quantity, enables you to be sure of having the newest and finest of flowers and vegetables in your garden. Be sure you see this comprehensive list of all that is best in the seed world.

flowerfield

Because

Flowerfield grows her own. For 68 years Flowerfield has grown her own, and the results have always been superlative. From our 400-acre farm on Long Island, our customers get the finest bulbs and plants that long experience and fine traditions can grow.

Because

Flowerfield prices are fair. We are happy to pass on to you the savings we make by growing our own stock. It is our sincere belief that nowhere can you purchase the same quality and size of bulbs, roots and plants for prices less than those listed in this catalog.

Because

Flowerfield quality was developed in the John Lewis Childs tradition. Many of our present-day customers were sending their mail orders to Flowerfield years ago when Mr. Childs was personally managing this famous farm. The present management offers you the same quality of products that made John Lewis Childs world-famous as a blue ribbon prize winner.

Because

Flowerfield grows and sells healthy products only. Our plants are known for their superior root system, our bulbs for their superior size and vigor. Because of our belief in our products, we guarantee your satisfaction with our bulbs, roots, plants, and seed.

So We Repeat,

PLACE YOUR ORDER
WITH CONFIDENCE
AT FLOWERFIELD

A Word to the Wise

Getting the most of one's money is an ancient and honorable practice. It is likewise a modern and sensible one. Be sure **you** get the most for **your** money—for this year more than ever you are going to want to save your time and money. There are certain fundamental ways of getting the most for your money when buying seeds, bulbs, and nursery stock—good stock from a reputable concern, planting at the correct time, proper care after planting, all these are essential components. Don't forget that your time is really part of your expense. Don't waste it on inferior stock.

Flowerfield can and will supply the finest stock, send it to you at the proper time, even give you the information about proper care. We're ready and anxious to help you get the best for your money. To our old friends, these words are superfluous, for they know. To our newer acquaintances we ask but a trial that you, too, may be convinced that Flowerfield is the best place to get the most for your money.

Easy Gardening

The foresighted gardener will also know that this year is not one for complications—this year is one for "easy gardening." Plant those things which will require the least care, for you will have less time than previously.

The "easy gardening" concept envisions a garden that remains basically the same, yet through a few deft changes, seems different each year. Perennials, of course, are the backbone of every such garden, the foundation within which the rest of the garden grows. Be sure of these foundations. Replace any poor stock with fresh new varieties, and remember that a small amount of proper care will reward you with a large amount of extra bloom.

Next to perennials, the bulbs offer the gardener the most permanent form of "easy gardening." They are easily grown and can readily be changed to new locations from year to year. Their dramatic color effects lend emphasis where desired. Truly, there is no substitute for the beauty of these flowers in your garden.

Insured of a proper foundation of perennials, reinforced by a fine selection of bulbs, your garden needs only the finishing touches, those minor, yet so important, additions which vary the garden from year to year. Beautiful new annual flowers, different each year as your fancy varies, will give your garden that color and gaiety so needed this year. And it's all done by "easy gardening."

This year, of course, you won't forget vegetables. Our government asks you to grow as much of your own food as you can. You will want to co-operate—for defense, for economy, for health. Food will actually be scarce, even here in super-abundant America, and your bit can help a lot.

Above all, remember that it takes no more time to have success with good plants than to struggle with poor ones. So follow the wise buyers—buy where you know you get only the best, at Flowerfield.

Views of our prize-winning garden in the world-famous International Flower Show in New York, 1942. Note the simplicity of planting and design. It's an "easy gardening" concept of planting.

flowerfield HARDY LILIES

AURATUM PICTUM

Lilies in the garden strike a note of majestic and graceful dignity. Originally collected from the mountains and prairies of our own country and from far-off corners of the world, they vary greatly in flower, time of bloom and cultural requirements. Flowerfield offers an exceptional group of the finest Lily varieties, outstanding in the unusual colorings and exotic charm they bring to the garden. Their steady progression of bloom from June to late September is a delight to all. Thanks to the advance of horticultural skill, most varieties are in the easy-to-grow class. Although Lilies in general are scarce because of the war, Flowerfield is happy to be able to supply your needs from its American-grown bulbs.

Lilies have long been considered a fall planting subject, for we have traditionally planted imported bulbs with no roots attached. The past few years circumstances have forced us in America to rely upon our own growing of Lilies, and one of the things we have found is that most Lilies should not have their roots removed—they should be shipped as a growing plant. This is a change in our whole philosophy of handling and planting Lilies. As we become used to it, this change is one which will not only revolutionize planting methods but will also give far finer results in the Lily garden.

AURATUM

The largest and to many people the most popular of the entire Lily family. The Auratum Lily often grows to six feet tall with individual blooms measuring as much as ten inches across. The flowers are wide open, of a pure creamy white save for the central rib of each petal, which is pure gold, thickly studded with golden orange speckles. The August-blooming flowers are intensely and beautifully fragrant, and grow in tremendous clusters atop their sturdy stalks. Plant Auratums deep—3½ times their diameter, for they are stem-rooting and need this protection. They insist on a well-drained location, preferably acid. Although Auratums were formerly almost entirely imported, we have available a small stock of disease-free American-grown bulbs, which due to extreme scarcity, can be supplied in the fall only.

The Golden Rayed Lily

EACH \$1.00, DOZ. \$10.00

AURATUM PICTUM

An extremely scarce bulb with flowers of breath-taking splendor. The Pictum strain carries all the grace of the species Auratum and adds to it a crimson flush at the tip of each gold band that gives an exotic, never-to-be-forgotten beauty. It is like a fire-tipped star. We are exceptionally fortunate in having available even a most limited stock of Auratum Pictum. For the Lily connoisseur, or for the gardener who treasures a flower of exquisite beauty. Available for spring delivery.

CANDIDUM—THE MADONNA LILY

EACH \$5.00, A FEW
JUMBO BULBS \$10.00

HENRYI

CANDIDUM

The Madonna Lily

This is the universally known and loved Madonna Lily, one of the most beautiful of all white Lilies that grace the garden. As shown in the picture, the Madonna Lily has a heavy cluster of pure, pristine white, trumpet-like blooms, borne 3½ to 4 feet high on sturdy, attractively foliated stalks. Candidums bloom in late June and early July and have traditionally been combined with the darker blue forms of Delphinium—an effect that has never failed to exact gasps of admiration. Here at Flowerfield we have combined them with Blue Giant Iris Kaempferi, a deep blue Iris of extreme beauty. The effect is truly lovely.

Lilium Candidum has been traditionally planted in August and September, for unlike other Lilies, it starts its leaf growth early in the fall, producing a rosette of leaves that protect the plant through the winter. Flowerfield, however, is happy to be able to offer Madonna Lilies for spring planting to those who failed to plant them last August. Our secret is simple—we handle them as if they were perennial plants instead of Lilies, and each one is dug to your order from our nursery row, the roots are carefully packed in moss and the entire growing plant is immediately shipped to you, ready to be planted in your garden and bloom this year. Plant them in a sunny, well-drained spot in ordinary garden soil. They require shallow planting only, with the top of the bulb only an inch or two beneath the surface.

EACH 50c, DOZ. \$5.00

for lovely all-summer bloom

HENRYI

The Golden Speciosum

One of the very best of the border Lilies, reaching a height of 6 feet when well established and bearing more than 20 beautiful flowers such as are shown in the picture at left. Even the foliage and flower stalks are attractive, being very similar to the extremely graceful Speciosum type Lily. For the gardener with greenhouse facilities, the Henryi Lily offers a most noteworthy subject, for greenhouse-grown bulbs have produced flowers measuring more than 8 inches in diameter. Outdoors, plant these bulbs in any drained loamy soil $3\frac{1}{2}$ times as deep as their diameter, for they are stem rooting. A partially shaded location somewhat sheltered from high wind will suit this Lily best—yet it will grow even under adverse conditions.

EACH 50c, DOZ. \$5.00

Also available are a limited supply of jumbo bulbs for greenhouse or exhibition work.

EACH 75c, DOZ. \$7.50

PHILIPPINENSE FORMOSANUM

The Hardy Easter Lily

One of the finest Lilies that is available today. The Philippinense Lily, so named because it was originally discovered in the mountains on the island of Luzon in the Philippines, is a very fragrant, graceful trumpet type Lily, with attractive long grassy foliage. The exquisitely shaped, long, wide-mouth trumpet flowers are of purest white faintly tinged green deep in the throat, giving them a whiter-than-white look that is most unusual in the garden. The size of the individual flowers is much greater in proportion to its stem, leaves and height than any other Lily, which gives added emphasis to the striking flowers. A well-grown group of these refined beauties will produce an unusually interesting and exotic-looking spot in your garden. The Philippinense Lilies start blooming in August, and continue until stopped by hard frost late in the fall. They are stem-rooting, consequently must be planted deep, at least $3\frac{1}{2}$ times their diameter. They average 2 feet in height, are therefore best suited to foreground work where their huge flowers are truly stunning. When thoroughly established they form clumps, sending up 3 or 4 stems, each one bearing 4 or 5 of the huge "Easter Lily" blooms.

EACH 50c, Daz. \$5.00

SUPERBUM

SUPERBUM

We Americans have the common fault that it takes a war with its resultant curtailment of foreign imports to make us realize the beauty of some of the things that are native to our own country. The Superbum Lily, a native of the eastern coast of the United States is, as its name would imply, one of the very finest of all the Lilies. The tall plants bear from 20 to 30 beautiful recurved flowers of varying hues, some being pale yellow spotted maroon, some being orange or even deep crimson, spotted black. The Superbum is indeed one of our most useful and most beautiful garden Lilies. An advantage of the Superbum Lily is its habit of growth, for it will grow in almost any location. It succeeds even in swampy land where other Lilies will not grow, and thrives in acid spots or in shady areas. Established plantings form clumps of several stalks which under ideal conditions of moisture and feeding will reach 8 feet in height, proudly bearing the brilliant clusters of gracefully recurved flowers for which it is so justly famous. The Superbum Lily is a base-rooting variety of Lily and needs to be planted only 4 inches deep for best results. The flowers bloom in late July and early August, beginning your late summer garden with all the fanfare of a herald's trumpet.

EACH 35c, DOZ. \$3.50

TESTACEUM

The Nankeen Lily

Also known as "Excelsa" this choice Lily is a favorite with Lily-fanciers and experienced gardeners. It is one of the most beautiful and graceful of all the Lilies, delightfully distinct in the different color of its beautiful large flowers. As shown in the illustration, this color seems dull apricot or even a creamy buff, but seen in the garden the soft tones of this lovely Lily remind one of the changing tones of silky velvet. As can be easily surmised, the delicate shadings of the Lily demand that it be kept from the immediate vicinity of strong primary reds, oranges and other close colors but planted near pastel-toned or blue-toned flowers, it displays its beauty unashamed. Testaceum is base rooting, needs to be planted but 2 inches deep. It blooms in late June, early July, much the same as Candidum with which it is often combined to beautiful effect.

EACH \$1.75, DOZ. \$17.50

PHILIPPINENSE FORMOSANUM

TESTACEUM—THE NANKEEN LILY

CANADENSE THREE 85c, DOZ. \$3.00
(Meadow Lily.) A beautiful woodland variety, growing 3 feet tall. Lovely sprays of nodding, brilliant orange-scarlet flowers. Most effective in a naturalized planting near shrubs or evergreens. Blooms in late June and early July.

CERNUUM EACH 75c, DOZ. \$7.50
Large, drooping, reflexed flowers of unusual and distinct color—a deep lilac-pink, spotted with wine calar. Foliage quite narrow and slender. Grows approximately 3 feet tall, and blooms in late June and early July.

DAVIDI EACH 85c, DOZ. \$8.50
A fine Lily from Western China, very graceful, with a tall, slender stem, strong and erect and bearing up to twenty or more bright cinnamon-red tiger-like flowers, capiously spotted with glassy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

ELEGANS EACH 35c, DOZ. \$3.50
Erect plants, growing 1 to 2 feet high, with large, showy, chalice-shaped flowers in brilliant colors. They bloom in June and are most effective in the foreground of the border next to Pansies or other low-growing plants. Grow readily with a minimum of care.

ALICE WILSON. Bright lemon-yellow.

ATROSANGUINEUM. Deep red.

LEONARD JOERG. Golden orange.

HANSONI EACH 75c, DOZ. \$7.50
One of the best varieties for moderate shade, lasting for years in one location. In June it produces many reflexed flowers of golden yellow, lightly spotted with maroon. Noted for its intense fragrance. Grows 3 to 4 feet in height.

LILIAM SPECIOSUM MAGNIFICUM

PHILADELPHICUM EACH 35c, DOZ. \$3.50
One of our finest native Lilies with large, upright, chalice-shaped blooms of bright orange-red, tinged yellow in the center and spotted deep purple. Excellent for open woodland planting. Height 3 feet. Blooms in late June and early July.

SHUKSAN EACH \$1.35, DOZ. \$13.50
A new and unusual Hybrid Lily that will be grown in every garden when better known. The color is most unusual, soft buff-yellow, heightened by widely spaced maroon spots. The flowers are definitely reflexed, often giving the impression of being almost ball-shaped. A vigorous grower, never being infected with disease. Grows 4 to 5 feet in height, with 15 to 25 flowers, and blooms in July.

SUNSET LILY EACH 25c, DOZ. \$2.50
(Pardalinum Giganteum.) A true American variety, developed on the Pacific Coast. Vigorous, hardy and of quite easy culture. Grows up to 6 feet tall with strong canes bearing great clusters of flowers. The orange-red, recurved, "Turk's Cap" flowers are dotted with brown spots. They bloom in July and are happy in either sun or partial shade.

TENUIFOLIUM THREE 90c, DOZ. \$3.00
A dwarf, graceful Lily with fine leaves and clusters of tiny bell-like, recurved flowers of intense coral-red. Its compact growth and bright color make it ideal for rock garden as well as the far part of the border. Likes a cool, damp, loamy soil and partial shade. Plant in clumps of three or more. Blooms in June.

TENUIFOLIUM, GOLDEN GLEAM THREE \$1.50, DOZ. \$5.00
A strong growing hybrid form of the Tenuifolium much admired for its unique coloring of pure apricot-yellow. Bulbs are decidedly scarce.

Speciosum Lilies

Of all the choice garden Lilies the Speciosum are the best known and best liked of the recurved type. Tall, sturdy plants carry their well-branched sprays of magnificent, delicately scented flowers. Even the foliage is decorative, for the stems are most gracefully curved and the leaves are long and handsome. The reflexing flower petals are of thick heavy substance and stand up beautifully as a cut flower and likewise last a long time in the garden. Speciosum Lilies are easily grown and are one of the most satisfactory Lilies from a decorative point of view that can be put in any garden. It thrives in full sun, flowers in August and September and demands little in the way of attention other than an occasional watering during dry spells.

Stem-rooting, the Speciosum Lilies must be planted deep in the soil, 9 inches or more. Good drainage should be provided, and also ground shading plants near the bulbs, for this Lily dearly loves to have its roots shaded. The Speciosum types love good rich earth, and have but two dislikes—lime and fresh manure, neither of which should be used with these beauties.

Due to extreme scarcity all Speciosum bulbs are offered for fall delivery only. You may order now to be sure of getting your Speciosum Lilies.

ALBUM EACH \$2.50
The white form of Speciosum, exceedingly beautiful, exceedingly rare at the present time. We will have a very few bulbs available for fall delivery.

MAGNIFICUM EACH 75c, DOZ. \$7.50
A cream-pink with a light edge and vivid crimson speckles. As shown in the picture, the petals recurve characteristically and are somewhat fluted on the edge. The form and color are exquisite. It has few rivals in beauty.

MELPOMENE EACH \$1.50, DOZ. \$15.00
Similar in form and growth to the Speciosum Magnificum, it is distinguished by the color of its flowers which is white, deeply speckled and edged in pure deep carmine-pink, giving a beautifully bicolored effect to this most beautiful Speciosum Lily. The bulbs are exceedingly scarce and are for fall delivery only.

RUBRUM EACH 50c, DOZ. \$5.00
A fine Speciosum Lily very similar to Magnificum, but slightly smaller in size.

TIGRINUM SPLENDENS THREE 75c, DOZ. \$2.50
(Improved Tiger Lily.) The grandest of the Tigers distinguished by fine black polished stems. Huge pyramids of recurved flowers of bright orange-red, spotted black. They are extremely easy to grow. In old gardens it is a common sight to see established clumps of 25 to 30 stems, bearing huge masses of flowers carried 4 feet high in August.

TIGRINUM FLORE-PLENO THREE 90c, DOZ. \$3.00
(Double Tiger Lily.) The only Lily available in true double form. All the wild beauty of the single Tiger Lily, improved by an extra whorl of petals. They bloom just a bit later than the single Tiger Lily, prolonging its bright color in the garden. The lovely double effect of the flowers, combined with the great virility of this plant make it one of the finest garden Lilies for America.

UMBELLATUM EACH 35c, DOZ. \$3.50
Large, upright cup or chalice-shaped blooms of bright scarlet held erect on stems 1 to 2 feet high. Flowers in June and is very effective in the foreground of the border. Naturalizes perfectly.

WILLMOTTIAE EACH 75c, DOZ. \$7.50
Up to twenty gorgeous flowers of brilliant orange-red, quite reflexed, drooping in racemes along a stem four to five feet high. A superb garden variety that should be well staked. Flowers in late July and August.

Regale Lilies

REGALE EACH 35c, DOZ. \$3.50
Well known as the Regal or Royal Lily, there is no Lily that bears a more beautiful or more penetrating perfume. A single stalk of this lovely flower will pervade the entire room if allowed to stay there but a few hours. The tall stalks, 4 to 5 feet high, are topped by beautiful trumpet-like flowers that are pure white inside and tinged with rose outside, increasing the splendor of their garden effect. Of all the Lilies, the Regale is perhaps the most satisfactory for garden use here in America. It grows sturdily, prolifically, and beautifully. The Regale Lily is very floriferous, a single established bulb bearing as many as 20 flowers during the season. Like all the other stem-rooting Lilies, Regale should be planted deeply, allowing at least 3½ times its diameter to cover the bulb. Also in common with other Lilies, it demands drainage, yet must have moisture, too. A handful of sharp sand or gravel underneath the bulb will satisfy this small requirement. And the results will indeed reward you for the trouble taken.
We also offer jumbo bulbs for exhibition purposes.
EACH 50c, DOZ. \$5.00

GEORGE C. CREELMAN EACH \$3.00, DOZ. \$30.00
A new hybrid variety that gives every promise of being the cut flower Lily of the future. Flowers early in July with stems 4 to 6 feet tall that are literally like wire. Up to 30 or 40 trumpet flowers of pure white, marked on the outside with clear reddish bronze, and yellow in the throat. Much larger and finer than the best Regale.

SHELburne HYBRIDS EACH 75c, DOZ. \$7.50
Often called an improved Regale, the Shelburne Hybrids are a cross between the Liliun Regale and the Liliun Sargentiae. They are a fine strain with a trumpet-like flower, much resembling the Regale, but taller and having larger trumpets. The Shelburne Hybrids have the added advantage that they are from ten days to two weeks later than the Regale Lily so that they bloom in the more desirable late season, combining with Iris Kaempferi, Delphinium, and other late June and early July garden beauties that the Liliun Regale usually misses. The supply is limited on these bulbs, and we recommend early ordering.

The Collector's Corner

Lily connoisseurs will appreciate the treat Flowerfield has planned for their garden enjoyment, listing the very finest of the rare hybrid Lilies. We must have your order before April 15 to be able to reserve these bulbs for delivery this fall at proper time.

THE BACKHOUSE HYBRIDS

A cross of the purple L. Martagon and the orange L. Hansonii. Noted for vigor, floriferousness and resistance to disease. 20 to 30 gracefully recurving flowers clustered 4 to 5 feet high on a sturdy stalk.

BROCADE. Fuchsia-pink shading to lemon, spotted purple. Each, \$5.00.

MRS. R. O. BACKHOUSE. Orange, spotted purple. Each \$5.00.

SCEPTRE. Yellow, tipped light fuchsia. Purple dots in throat. Each \$5.00.

SUTTON'S COURT. Like Sceptre but overlaid pink on back. Each \$5.00.

THE BELLINGHAM HYBRIDS

The brilliant creations of Dr. David Griffith. Vigorous hybrid crosses from L. Humboldtii and L. Pardalinum. 15 to 25 beautifully reflexing flowers. Height 4 to 5 feet.

CYRUS GATES. Orange, densely spotted purple at base. Each \$2.00.

DOUGLAS INGRAM. Fire-tipped orange, baldly spotted black. Each \$1.50.

SACAJAWEA. Huge deep orange-yellow, dotted with black. Each \$1.50.

SHUKSAN. Available this spring, see opposite page. Each \$1.35.

MISS PRESTON'S HYBRIDS

A vigorous, extremely hardy strain from the Ottawa Experimental Farm. 3 to 5 feet tall, noted for their beautiful recurved flowers.

BRENDA WATTS. Fire-red, dotted purple in center. Each \$1.50.

CORONATION. Clear brilliant yellow. Stunning. Each \$6.50.

EDNA KEAN. Dark red, held horizontally to stem. Each \$2.00.

LILIUM REGALE—THE ROYAL LILY

PRIZE WINNERS flowerfield

Flowerfield has an unusual interest in presenting modern Gladiolus. Our founder, John Lewis Childs, was the introducer to this country of the Gladiolus in the present state, the Gladiolus Childsi. Prior to his work in hybridizing, the Gladiolus was a small, half-wild plant of graceful effect but little garden value. Through John Lewis Childs all of the modern advances in Gladiolus culture were made possible. And that is why we feel that Flowerfield must carry on and present only the finest and best in Gladiolus. Naturally, with such an advantage, we, probably more than any one else in the country, know how to grow healthy, sturdy bulbs; and we do grow them, and herewith offer them to you.

Among the stylish gardeners, Gladiolus were for a time relegated to a spot in the cutting garden. For the past few years, however, more and more people have been coming to realize the very unusual success which may be obtained through proper use of the modern Gladiolus in your border. Present day American hybridizers have produced many beautiful large-flowered varieties, in a range of color truly comparable to the rainbow. Gladiolus may be considered to have come into its own again.

Gladiolus have an advantage for the American grower in that they are extremely easy to grow, and, where good stock is used, are subject to very few diseases. They are one of those "easy gardening" plants. They prefer a sunny location, and well-drained soil. Planting should be from 4 to 6 inches deep. Our bulbs are absolutely guaranteed free from thrip and other infestations. Listed on the following pages are all of the good new varieties, and all of the finest standard varieties.

THE NEWEST GLADIOLUS

UNUSUAL and DISTINCTIVE
for CONNOISSEURS and EXHIBITORS

ALADDIN

Three 50c, Doz. \$1.75

Intense coral-orange with a large cream shield in the throat, beautifully ruffled, Aladdin carries many blooms open at a time on its long flower spike. A fine strong variety, which has received many awards at the shows.

ALGONQUIN

Three 50c, Doz. \$1.75

A brilliant light scarlet Gladiolus distinguished by very large florets and exceedingly long formal heads, often having 8 or 9 florets open at once, staggered closely up a flower head that reaches 30 inches long, topping a spike with a height of as much as 5 feet. It is one of the finest new bright reds.

ANNA REGINA

Three 75c, Doz. \$2.50

One of the prettiest Gladiolus we have ever seen, Anna Regina bears a small flower not much more than 3 1/2 to 4 inches across, but carries as many as 7 or 8 open at one time on its attractively curved spike. Despite the daintiness of this flower the florets are carried closely together, giving a solid color effect. The florets are beautiful light pink, accentuated by a creamy tone in the throat.

BARCAROLE

Three 50c, Doz. \$1.75

This is undoubtedly one of the most beautiful orange Gladiolus ever hybridized. The florets are finely ruffled, adding to the value of this most excellent flower. The color is a clear grenadine orange, and falls in a color class that has so long been lacking proper representation in the Gladiolus family.

BLUE PEACOCK

Three \$1.00, Doz. \$3.50

A fine new Glad, the best of the blues for garden use. The buds come out a bright slaty blue changing to a light lavender-blue as they open. The florets are marked with a small white blotch on the lower petals running into a large blotch of reddish purple in the throat. The stems are sturdy, upright, and the garden effect is stunning.

SINCE 1874 gladiolus

CHAMOUNY

Three 75c, Doz. \$2.50

For those who like the unusual in flowers, no one could recommend a better subject than Chamouny, a light fuchsia-red, edged with a white line around the border of the petals. Bearing a medium-sized floret, Chamouny is very striking yet dainty. It is an outstanding variety for the garden, or for unusual arrangements in the home.

CHIEF MULTNOMAH

Three 75c, Doz. \$2.50

Named for an Oregon Indian Chief, this flower carries much of the Chief's bronzed coloring and huge size. Chief Multnomah grows so very robustly that it is usually necessary to stake the spike as it is about to come into bloom; otherwise the height and weight of this stalk actually carries the flower head to the ground.

GLOAMING

Three 75c, Doz. \$2.50

A purple-magenta of a soft warm shade that is quite apart from the velvety tones usually associated with this color. The warmth is rendered more distinct by a throat of creamy white. The medium sized florets have wide overlapping petals forming full rounded flowers of most pleasing shape. The spike is well spaced, tall and unusually straight and erect. It is a fine new flower of great merit.

GREEN LIGHT

Three \$1.00, Doz. \$3.50

The especial charm of this variety arises from its peculiar greenish gloss, which overlays the milky white of the large, well-formed, slightly ruffled florets. This is particularly pronounced in the bud stage, when the flower appears really green, a very unusual occurrence in Nature.

GRETA GARBO

Three \$1.35, Doz. \$5.00

A recent introduction, this flower has taken and will continue to take more prizes than any other Gladiolus we know. Greta Garbo is sometimes called a pink, sometimes referred to as a cream, for while the buds and the first opened florets are a very light cream-pink, the flower rapidly becomes a rosy white after the florets open to their full size, which often measures six inches across. Greta Garbo averages probably more florets to the spike than any other variety grown, and this flower spike is carried well above the ground on a tall, very strong stalk.

HELEN OF TROY

Three 75c, Doz. \$2.50

One of the largest Gladiolus, a patented variety. The florets are consistently wide open, 6 or 7 inches in diameter, on a tall, straight, sturdy spike. The color is a beautiful soft buff with a darker shield on the lower petals.

MARGARET BEATON

Three 50c, Doz. \$1.75

One of the best new varieties that has appeared on the market in recent years. The color, as illustrated, is a startling contrast of red and white, and is the most talked of new Gladiolus of the past year or two.

MYRNA

Three 50c, Doz. \$1.75

In spite of their huge size, the florets of this most beautiful flower are gracefully placed on a strong stalk that is tall and erect, glistening white with just a faint suggestion of cream deepening in the throat, where it assumes an almost greenish cast. Myrna is one of the best new Gladiolus and has won many prizes on the exhibition tables as the finest new white.

RUTH VAN

Three \$1.35, Doz. \$5.00

A deep red of unusual merit, Ruth Van bears huge flowers of a deep magenta-red. It is excellent for garden use, for the flowers are spaced gracefully along the long stalk, giving a lovely informal air to the flower.

TAKINA

Three 35c, Doz. \$1.25

This is the largest Gladiolus listed. It has been exhibited with florets measuring $8\frac{3}{4}$ inches across, 9 open at a time and grown to a height of over 6 feet. The color is a beautiful lilac-purple which seems to emphasize the huge size of Takina.

VEE CREAM

Three \$1.35, Doz. \$5.00

A striking cream-yellow that is sharply contrasted by a beautiful red throat. Vee Cream is indeed a beautiful flower, one of the best introductions in its class in several years, outstanding for use in the garden or in the home.

Used for flower arrangements in the home, Gladiolus have no equal. Their possibilities are boundless and your imagination for design can have full play. One doesn't need many Gladiolus for a striking and dramatic effect. See how we used one bunch of Picardy down to the last florets far over a week's supply of beauty in the home. You'll find it's fun, will satisfy your creative urge and your home will be gayer, cheerier.

GLADIOLUS in the RAINBOW'S

(AND BLENDS THAT NATURE NEVER EQUALS)

SUNDAY

Admiral Ten \$1.25, Hundred \$11.50
A bright scarlet flower of medium size that opens 5 or more flowers at a time. Admiral is a tall, very erect variety with the flowers spaced rather far apart along the stem.

Aflame Ten 65c, Hundred \$6.00
A soft Begonia-rose that is unmatched in tone by any other Gladiolus. Aflame is useful not only in its unusual shade but for the fine large well-placed flowers that it bears.

Allegro Ten \$1.35, Hundred \$12.50
A light lavender-blue with two dark blue blotches ending in peculiar white arrows. The spikes are long and develop perfectly, usually carrying at least six open flowers.

America Ten 50c, Hundred \$4.50
An old standby, the forerunner of all the modern Gladiolus, introduced by our own founder, John Lewis Childs, and despite its age still one of the best in its color class, a deep pink with magenta tones.

American Commander Ten \$2.00, Hundred \$18.50
In the medium red class, American Commander is one of the newest and best introductions and has taken the eye of the commercial growers for its fine color and excellent growing characteristics.

Bill Sowden Ten 65c, Hundred \$6.00
One of the huge-flowered varieties which has come from New Zealand, Bill Sowden is a very deep rich red of heavy substance. This variety has been a prize winner at many shows, and deservedly so.

Bleeding Heart Ten 55c, Hundred \$5.00
A small-flowered variety that is most striking because of its soft pink and white florets contrasted by deep crimson throats. A very lovely cut flower, or a graceful addition in a border.

Blue Beauty Ten \$1.35, Hundred \$12.50
The color of this outstanding Gladiolus is light blue, with the edges of the petals lined in violet-blue tones. Large sized florets of fine form. This is an excellent exhibition variety, and has taken many prizes.

Blue Danube Ten 75c, Hundred \$7.00
A lovely pure amethyst-blue with a dark blotch. The closest to a blue variety yet developed, very little of the mauve shade in it.

Commander Koehl Ten 55c, Hundred \$5.00
A fine dark scarlet-red without any marking or blotches, a sturdy consistent grower, which has made a great name for itself.

Damaris Ten \$1.50, Hundred \$14.00
A ruffled variety that is one of the loveliest colors for your garden, being a beautiful fuchsia-purple. It is particularly effective when used in an arrangement of cut flowers. One of the best Gladiolus we list.

Debonair Ten 55c, Hundred \$5.00
Another of the tall large-flowering Gladiolus, Debonair has taken many prizes for its huge blooms and sturdy stalks. Light apricot-pink.

Duna Ten 65c, Hundred \$6.00
A soft buff-pink which fades to cream at the petal's edge. The backs of the petals are a different color, being a darker pink which seems to set off the flower's lightness. Five to six large flowers are open at once on a straight spike of medium height.

Gate of Heaven Ten 55c, Hundred \$5.00
Possibly the best all-around yellow. It has well-spaced florets beautifully ruffled which are the largest of its color class. Its brightness makes it worthy of its name.

Gold Dust Ten 65c, Hundred \$6.00
A rich pure yellow with great purity of form. This is an early variety carrying long flower heads with 6 to 8 flowers open. This variety combines beautifully with Pelegrina, which is much the same height and size in a beautiful violet-blue.

Golden Dream Ten 55c, Hundred \$5.00
A fine clear golden yellow, Golden Dream is an old favorite that is still in use in many gardens due to its consistency of growth and clarity of color.

Golden Flame Ten 65c, Hundred \$6.00
Golden Flame is indeed well named, for the color is a bright orange greatly intensified by a brilliant yellow throat. The florets are placed alternately and are well set into the spike. It is one of the very best of its color.

Helena Ten \$2.00, Hundred \$18.50
A large-flowered deep magenta-red. This makes a most decorative garden or cut flower, particularly when combined with lighter, contrasting colored Gladiolus. The fine placement of florets is another recommendation for this variety.

MONDAY

TUESDAY

EVERY BRILLIANT HUE

ALL BULBS TOP SIZE FOR LARGER FLOWERS

Isola Bella Ten 75c, Hundred \$7.00
This is a fine new introduction but a hard one to describe. It is really an orchid-pink with a soft lilac hue. The petals are slightly ruffled, but even at the bud stage show this lovely color, very much like that loveliest of Iris Kaempferi, Light-in-the-Opal.

Jalna Ten 85c, Hundred \$8.00
A very handsome well-blended smoky variety of Gladiolus, tan with overtones of salmon. The florets are nicely ruffled.

Johann S. Bach Ten 65c, Hundred \$6.00
Exquisite early flowering variety in the large orange-red class. White median lines on each petal help to beautify the appearance of the flower and spike. The flowers are unique in that the two lateral petals reflex sharply, giving the floret the appearance of greater length than width. A strong grower.

Joseph Haydn Ten \$1.00, Hundred \$9.00
The deep tones of this Gladiolus remind one strangely of Haydn's music. The color is a light heliotrope-violet with darker violet blotches on the lower petals. The florets are very large, and of heavy substance. They are spaced rather far apart, which makes it ideal for informal garden use.

King Arthur Ten 55c, Hundred \$5.00
A variety that is one of the best of the mauve-pink Gladiolus, King Arthur is low-growing and opens few florets at a time, but the color is a lovely washed magenta overlaid with blue. The large, very artistically ruffled florets make it one of the finest garden subjects.

King Lear Ten 90c, Hundred \$8.50
A very tall variety, King Lear has the same fuchsia coloring as Charles Dickens but has larger, more ruffled florets. The curved stem and drooping flowers of King Lear make it a most decorative variety for the garden.

Leona Ten \$1.35, Hundred \$12.50
One of the finest new deep magenta-red Gladiolus of recent years. Leona has florets which are definitely alternate in character, proceeding from side to side up the strong sturdy stalk and being set close together, almost crowding one another. The flowers are of very smooth almost velvety appearance and make a beautiful combination with some of the brighter Gladiolus shades, either in the garden or cut flower arrangements.

Loyalty Ten 60c, Hundred \$5.50
A yellow that is so deep it almost becomes an orange. This Gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.

Mary Elizabeth Ten 65c, Hundred \$6.00
Very attractively ruffled. Mary Elizabeth is the best late white for cut flowers, for bowls, or arrangements. Pure white on the outer edges of the petals, Mary Elizabeth is enlivened by a creamy throat. The flower is dominated, however, by the heavy ruffling of the petals, most attractive in form.

Mammoth White Ten 65c, Hundred \$6.00
Mammoth as its name, this huge snow-white Gladiolus is ideal for those who like huge blooms. A sturdy, tall variety that is equally at home in the garden or as a cut flower. This is one of the few whites that has no creamy throat—it is pure snow-white.

Marmora Ten 65c, Hundred \$6.00
A beautiful French-gray with pink overtones and a throat of dark red-purple. A most striking and lovely variety, in an unusual shade. The blooms are very large and are beautifully placed on long straight stems.

Miss New Zealand Ten 75c, Hundred \$7.00
The original New Zealand type Gladiolus with typical huge florets and heavy stalks, Miss New Zealand is a soft coral-ruby with a deep ruby shield in the throat. The florets are immense, of triangular, informal shape with many open at a time, and sometimes are delightfully mottled with darker rose-colored spots. It is one of the best.

Mother Machree Ten 60c, Hundred \$5.50
A smoky Gladiolus which is almost impossible to describe. The general color is lavender with tan overtones, shot through with flame-salmon markings. Most unusual, yet most attractive. Many good sized florets open at once along the tall flower spike.

New Era Ten 75c, Hundred \$7.00
This new Gladiolus is so heavily ruffled that this characteristic stands out even before one notes its superb coloring. The rich cream-coral-pink florets completely fill the tall straight spikes. It is a really good new variety. Even 2 or 3 spikes of New Era will make a splendid showing in a vase.

FRIDAY

WEDNESDAY

THURSDAY

flowerfield

BEACON

EACH ONE IS THE FINEST MEDIUM-PRICED

AVE MARIA

Ten 60c, Hundred \$5.50
The lovely soft blue florets have a deep red-purple throat and a most graceful form. The color and substance are such that this is one of the best of the light blue varieties of Gladiolus. It is an ideal cut flower and equally good in the garden.

BAGDAD

Ten 55c, Hundred \$5.00
One of the most outstanding Gladiolus in the "smoky" class. The perfectly huge flowers flare wide open, almost crowding each other on the stiff tall stem. The color is difficult to describe, but is well shown by the picture below. A strong sturdy grower, Bagdad has one of the strongest stalks of all Gladiolus. It is ideal as a cut flower, or in the garden, where it grows sturdily without staking.

BEACON

Ten 75c, Hundred \$7.00
A new variety that is a scion of the healthy Picardy strain. Beacon has many of the same growing traits as Picardy, which is perhaps as good a recommendation as can be made of any Gladiolus, the spikes being very tall and carrying many large florets open at a time. Beacon is a most sturdy Gladiolus with a striking color scheme, as illustrated.

CHARLES DICKENS

Ten 55c, Hundred \$5.00
A rich solid magenta-colored Gladiolus, most attractive for garden or cut flower use. Especially striking when used in combination with a bright yellow, such as Miss Blomington, where the sharply contrasting colors make a beautiful picture. Exceedingly popular as a cut flower.

DR. F. E. BENNETT

Ten 55c, Hundred \$5.00
Probably the best of all around bright red, Dr. Bennett is pure scarlet red, growing strong and sturdy in your garden. Although there are many newer reds none are as bright or as well formed as this variety, which has stood the test of time. Many florets are open and there are more buds to the stem than any other red.

MAID OF ORLEANS

Ten 60c, Hundred \$5.50
This is a fine all around white, particularly adapted to cut flower purposes. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. This variety is long lasting when cut, making it ideal for arrangements.

PAGE
10

PICARDY

REWI FALLU

"Garden Champions" GLADIOLUS

VARIETY IN ITS COLOR RANGE

MINUET

Ten 60c, Hundred \$5.50

The standard orchid-pink Gladiolus so well known as a cut flower of your local florist. As many as eight florets are open at once, almost crowding each other on the long stiff, straight spikes. An ideal cut flower, lasting a long time after cutting.

MISS BLOOMINGTON

Ten 60c, Hundred \$5.50

A fine canary-yellow with many florets open, arranged ideally along a good spike. A most decorative garden type of Gladiolus, particularly attractive when used to set off darker spots in the border or to contrast with the deeper-toned Gladiolus. A fine variety for cutting, one to lend brightness and cheer to your arrangements.

PELEGRINA

Ten 60c, Hundred \$5.50

The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety, Pelegrina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized and the deep blue is sometimes marked with a purplish blotch on the lower florets, making it appear almost black in color.

PICARDY

Ten 55c, Hundred \$5.00

Unless and until some of the newer Gladiolus are as popular and as low in price, Picardy is and will be the Gladiolus. Almost too well known to describe, Picardy is a lovely pink flower shown below and is to be seen wherever Gladiolus are exhibited, be it at the Flower Show or at the Flower Shop. Grown from our huge and healthy bulbs we know that you can have the finest Gladiolus in your garden when you grow Picardy. A superb variety despite its low price. The spike is always straight, erect, carrying many florets open at a time.

REWI FALLU

Ten 75c, Hundred \$7.00

Huge and red, this Gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds known, an ideal variety for garden or cut flower use. Even the very topmost bud opens into a flower of very large size. There is nothing finer in the darker red class.

VAGABOND PRINCE

Ten 60c, Hundred \$5.50

One of the most striking Gladiolus for cut flower arrangements that has yet been hybridized. Vagabond Prince is a deep mahogany-colored flower, livened by a garnet shield in the throat, and across the lower petals. The substance is similar to that of Picardy, having the stiffness of that most worthwhile variety. The spikes are strong, sturdy, and straight, carrying many florets open at a time. Vagabond Prince is an ideal color for indoor cut flowers for it blends into surroundings where no other color will serve.

MAID OF ORLEANS

BAGDAD

MISS BLOOMINGTON

GENERAL LIST OF GLADIOLUS (Continued)

Ninth Symphony Ten \$1.00, Hundred \$9.00
A vivid salmon-red, with a silky sheen, one of the best of Pfitzer's introductions. A very tall variety with very large wide-open flarets that are of heavy substance. The shade is the same as that of Gretel, its match-mate in Dahlias.

Okarina Ten \$2.00, Hundred \$18.50
One of the darkest of the smokies, a Gladiolus which gives us faith in the future of this class. The flowers, dark gray streaked and hued with flame, are large, of fine form and excellent substance. The spikes are strong and upright.

Peggy Lou Ten 70c, Hundred \$6.50.
An American introduction that is truly outstanding for every purpose except where the extreme large size of the flowers and long straight stem might limit its use. The flowers are salmon-pink, lightly flushed with coral at the outer portion of the petals and well spaced on a strong sturdy stalk, carrying as many as 22 flower buds.

Phyllis McQuiston Ten 60c, Hundred \$6.50
Phyllis McQuiston is one of the best pinks for garden use, having beautiful large flarets spaced rather far apart along a very tall sturdy spike. The flowers are pink with a definite cream throat and are most attractive.

Polar Ice Ten 65c, Hundred \$6.00
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The flarets are extra-large and very well arranged. One of the earliest varieties to bloom in the garden. Excellent for forcing.

Recado Ten \$1.35, Hundred \$12.50
One of the brightest of the smokies, dark brown splashed with red-orange at the base of the flarets. Sturdy grower with large blooms.

Red Lory Ten 60c, Hundred \$5.50
That much sought after rose-red color, almost the color of sunlight seen through a glass of burgundy wine. Red Lory is most popular, either for a vivid contrast in your garden or a beautiful effect in a bouquet.

Red Phipps Ten 55c, Hundred \$5.00
A striking red flower with vivid green foliage, suggesting the red and green of a Christmas wreath. A very brilliant effect for the garden, and equally good for cut flowers. The flower spike is long, with many open flarets at one time.

Rima Ten \$1.35, Hundred \$12.50
A large, but withal dainty, pearly pink, Rima is for those gardeners who like pastel shades, and will undoubtedly become one of the most popular Gladiolus that we list. Tall and stately with many flarets opening at a time, Rima is an excellent exhibition or garden variety.

Shirley Temple Ten 75c, Hundred \$7.00
A huge cream and white variety. When grown in the full sunlight, this Gladiolus will make stalks that curve fantastically, but if planted in an area where it does not get too much sun, it will become one of the finest exhibition varieties of Gladiolus.

Smiling Maestro Ten 65c, Hundred \$6.00
A beautiful peach-red lightly flecked at the edge of the petals by a contrasting dark ruby shade. A strong garden variety in an excellent bright color that will satisfy almost any surroundings.

Sonatine Ten 65c, Hundred \$6.00
One of the tallest varieties of Gladiolus that we list is Sonatine. A true pink in color, often set off by a narrow white line down the center of each petal. This variety can be used for the cutting garden, for it has long stems and good substance. The flarets are very large and spaced beautifully.

Star of Bethlehem Ten 65c, Hundred \$6.00
The color is soft white with a slight tinge of cream on the lower petals. The flarets are huge, flat opening, 6 to 8 open at a time on tall, slender spikes.

Surfside Ten \$1.50, Hundred \$13.50
The well known new white which has taken many prizes in the New England shows. Surfside has beautifully ruffled white blooms with a slight pencil line in the throat. The large number of flarets opening at once distinguish this variety.

Timbuctoo Ten \$2.00, Hundred \$18.50
The flowers are of unique formation with the 3 upper petals clustered in a protective hood and the 3 lower petals flaring wide open. The color throughout is crimson-scarlet. It has a good strong stem with the flarets well spaced.

Wasaga Ten 60c, Hundred \$5.50
A fine clear tan-colored Gladiolus. Ruffled flarets are carried well on tall upstanding stems of much vigor. The buff color is unusual and attractive.

Zuni Ten \$1.35, Hundred \$12.50
A large spike of silvery rose, hued with lavender and flame. An outstanding smoky variety that will create much comment, whether in the garden or in floral arrangements.

Miniature Gladiolus

MINIATURE MATCHED MATES (See page 13)

Flowerfield presents a new class of Gladiolus, the Miniatures, little beauties that have a gentle grace and charm all their own. These fine hybrids are unexcelled for use in cut-flower arrangements. The flower stalks are slender, gracefully curved, seldom reaching a height of more than 4 feet. The flarets are well spaced along the flower head, and are of the "hooded" type, shyly hiding their lovely throats. Their colorings are most unusual and most beautiful. Be the first to try them. You will delight yourself and confound your garden rivals. ONLY AT FLOWERFIELD.

Kewpie Three 25c, Doz. 85c
A very small-flowered lovely little plant growing from 24 to 30 inches tall with striking bicolor flowers of maroon with a distinct white edge.

Orange Butterfly Three 25c, Doz. 85c
A pure orange-colored primulinus Gladiolus that is noted for its shape. The two upper petals extend so far on either side as to give the appearance of Butterfly wings.

Orange Princess Three 25c, Doz. 85c
This is the largest variety that can properly be called a Miniature Gladiolus. So many flarets, 7 or 8, are open and in perfect shape at the same time. Despite this tendency (which is due to its admixture of exhibition Gladiolus blood) Orange Princess has the definite curved stalk and primulinus hood of the true Miniature type. The flowers are pure light orange, lightly traced on the outer side of the flower with golden yellow. The throat is also golden yellow, lighting the entire flower. It is a most graceful spike for cut flower arrangements.

The Orchid Three \$1.00, Doz. \$3.50
Possibly the most beautiful of all the Miniature-flowered Gladiolus, the Orchid is a white flower lightly traced and suffused with light orchid-pink. The flarets are delicately ruffled, adding to the beauty of this extremely delicate looking flower. A really beautiful thing.

Tweedledum Three \$1.00, Doz. \$3.50
A bicolored primulinus Gladiolus of extreme beauty. The flarets are beautiful warm ruby-red turning to deep yellow at the throat. The two outside lower petals are yellow with an edge of ruby, giving a very remarkable Pansy-like look to this extremely pretty flower.

Tweedledee Three \$1.00, Doz. \$3.50
The companion to Tweedledum but slightly larger. Very much the same type of ruby-red flower, lightly veined and edged with green gold, which brightens into an intense yellow throat of much beauty. This and its companion are two of the finest of Miniature varieties.

White Butterfly Three 25c, Doz. 85c
Similar in form and shape to Orange Butterfly and having, like that variety, the appearance of a delicate butterfly. The color, of course, is white, being a pure pristine white of great value for cut flower arrangements.

flowerfield Matched-Mates

Inspired by the beauty inherent in all bulbs, Flowerfield offers you a new thought in garden combinations—our *Matched-Mates*, Gladiolus and Dahlias. Planted at the same time, they will bloom together, *Matched-Mates* because these Gladiolus and Dahlias are exactly alike in tone and color. The contrast between the stately flower spike of the Gladiolus and the majestic globular head of the Dahlia creates an artistic complementary balance unsurpassed in the garden or for arrangements in the home.

Certain of the combinations of Gladiolus and Dahlias are so beautifully and perfectly matched that we list them as group offers to simplify your purchase. The Gladiolus in these cases should not be planted before early June so that they will bloom when the Dahlias are at their best in September. For best results we recommend 10 Gladiolus to each Dahlia.

WHITE MATCHED-MATES

MINIATURE DAHLIA, Snowsprite Each 50c
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and are held boldly above the foliage in marked profusion.

GLADIOLUS, Polar Ice Ten 65c
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The florets are extra-large and very well arranged.

1 Dahlia, 10 Gladiolus for 95c

FLAME MATCHED-MATES

DAHLIA, Gretel Each 50c
The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing.

GLADIOLUS, Red Phipps Ten 55c
A striking red flower with vivid green foliage, suggesting the red and green of a Christmas wreath. A very brilliant effect for the garden, and equally good for cut flowers. The flower spike is long, with many open florets at one time.

1 Dahlia, 10 Gladiolus for 95c

YELLOW MATCHED-MATES

SINGLE DAHLIA, Pequot Yellow Each 50c
A 5-inch broad-petaled flower of clear yellow, graceful on a strong wiry stem. Unsurpassed for exhibition. Its pure color makes it a "must" in your garden. Height 3 feet.

GLADIOLUS, Loyalty Ten 60c
A beautiful clear deep yellow. This Gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.

1 Dahlia, 10 Gladiolus for 95c

MINIATURE MATCHED-MATES

POMPON DAHLIA, Hyperia Each 25c
Small, compact yellow blooms.

POMPON DAHLIA, Belle of Springfield Each 25c
Bright brick-red flowers on long stems.

MINIATURE GLADIOLUS, Tweedledum Ten \$3.00
Very dainty miniature flower, a beautiful combination of maroon and canary-yellow, makes it almost resemble a cascade of Pansies.

2 Dahlias, 10 Gladiolus for \$2.50

RED MATCHED-MATES

DAHLIA, James Kirby Each 35c
A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight, and make it an excellent cut flower.

GLADIOLUS, Commander Koehl Ten 55c
A fine dark scarlet-red without any marking or blotches, a sturdy consistent grower, which has made a great name for itself.

1 Dahlia, 10 Gladiolus for 75c

GRETEL—TYPICAL SEMI-CACTUS

The following symbols after the name of each variety are used to designate the class of the bloom:

FD (Formal Decorative), ID (Informal Decorative),
C (Cactus), SC (Semi-Cactus).

Amelia Earhart SC Each 75c
Large and impressive flowers of apricot-buff with salmon tints shading to soft yellow at the base of the petals, making this one of the most popular Dahlias. The massive flowers are very attractive.

Clara Carder ID Each 35c
An exceptional cyclamen-pink shade. The flowers are large, and of pleasing, irregular form. It is a strong growing variety with good stems.

Cometeer C Each 75c
A good cutting Dahlia that grows well anywhere. Plants about 4½ feet tall. Flowers about 6 inches in diameter, color rich clear golden bronze.

Eagle Rock Fantasy ID Each 50c
A midseason bloomer, this tall growing Dahlia has flowers of clear mallow-pink with silver shadings. Blooms measure as much as eleven inches in diameter.

El Toreador FD Each 35c
One of the most outstanding reds. Produces flowers of good size and form on long straight stems, ideal for cutting.

Enkart Prima SC Each \$2.50
A lovely salmon of the semi-cactus type with a golden center. A strong growing plant, about 4 feet high, flowers about 9 inches.

Forest Fire ID Each 50c
A truly striking variety, well named. The large blooms blend from a yellow center to scarlet at the petal tips, giving the effect of a sweeping flame.

Fort Monmouth ID Each 50c
An old standby which is very popular. The predominating color is rich claret, with brightness unusual in darker tones. Flowers are full centered and well formed; stems long and stiff.

Frau O. Bracht SC Each 75c
A semi-cactus type that occasionally qualifies as a cactus type. Very popular as a cut flower as well as for exhibitions. The clear primrose-yellow blooms grow profusely in any garden.

Gretel SC Each 50c
The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing. Match this with Red Phipps, the same exact color in Gladiolus.

Hunt's Velvet Wonder ID Each 50c
A flower of deep rosy magenta blending into a true purple in color. Petals are broad and well suited to such a large flower.

flowerfield

Improved Francis Larocco FD Each 35c
A larger and more perfect Francis Larocco. The yellow color is clearer and the stems longer.

James Kirby ID Each 35c
A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight and make it an excellent cut flower.

Jane Cowl ID Each 25c
Exceptionally large flowers of rich buff-bronze and gold blending to an apricot at the center. This tall-growing variety is one of the garden favorites.

Jean Kerr FD Each 25c
This variety produces a profusion of perfectly shaped small white blooms on low bushy plants. An excellent garden type as well as being suited for flower arrangements.

Jersey's Beacon FD Each 25c
A bloom of Chinese red with a paler reverse, making a very lovely two-toned effect. One of the easiest flowers to grow.

Jersey's Beauty FD Each 25c
The most popular and best known Dahlia. Considered unsurpassed for exhibition or garden blooms. A lovely shade of lavender-pink and perfectly formed. This Dahlia possesses all the good qualities of growth.

Jersey's Dainty C Each 60c
A truly dainty white variety faintly tinged lavender, almost pure white late in the season. Blooms 7 inches across and 3 inches deep. A prolific bloomer, with long, straight stems and dark healthy foliage; bush 5 feet in height.

Kathleen Norris ID Each 50c
True rose-pink blooms deepening to mallow-pink with center petals lighter. A good bloomer and an excellent keeper.

Kemp's Violet Wonder ID Each 35c
The predominating color of this Dahlia is bright violet-purple with a faint blush tone at the tips of the petals. The flowers are deep and of perfect form.

Kentucky FD Each 25c
Bronze-pink resulting from a blend of pink and gold. A sport of Jersey's Beauty with all its good characteristics of form and growing habit. One of the better cut flowers.

JERSEY'S BEAUTY—TYPICAL FORMAL DECORATIVE

GIANT DAHLIAS

Kiss Me SC Each 40c
An attractive and distinct bicolor flower in a lovely combination of red and white. A most pleasing garden subject and an unusual cut flower.

Lois Walcher FD Each 75c
A true purple with the outer third of the petals clear white. A very striking combination of colors. Excellent for cutting. Blooms profusely on strong stems.

Marietta E. C Each \$1.00
Blooms profusely on perfect stems in a clear yellow that sunlight does not fade or burn. A consistent winner at the shows.

Marshall's Pink FD Each 30c
A true clear pink bloom of medium size. A fine cut flower with long straight sturdy stems.

Miss Elsie Jane SC Each 50c
About the most artistically formed Dahlia on the entire list. It is shrimp-pink with cream shadings at the center and tipped violet-rose. Blooms freely from early season to frost.

Mrs. George Le Boutillier ID Each 50c
A gigantic deep chested flower on strong stout stems. Bright velvety red, excellent for the show table.

Mrs. I. de Ver Warner FD Each 25c
Bright lilac-rose, excellent for cutting and for the garden. One of the older varieties, it is one of the most popular, enjoying as wide a distribution as Jersey's Beauty.

Mrs. W. S. Knudson ID Each \$1.00
A beautiful glistening white flower that blooms in profusion on strong sturdy plants. One of the best Dahlias we have grown.

Mrs. Herbert O'Connor C Each 65c
This artistic Dahlia is a bright rose-pink shading to deep rose-pink at center. Usually classified as a Straight Cactus, it sometimes has a tendency to incurve. Bush growth is tall and flowers produced in large numbers. Stems strong and flowers face nicely.

Red Jug SC Each 50c
A rich cardinal-red with faint yellow tips. The flowers average ten inches in diameter and five inches in depth. The stems are long and stiff and the leathery foliage is insect resistant. It has wonderful keeping qualities and has been a constant prize winner.

JANE COWL—TYPICAL INFORMAL DECORATIVE

COMETEER—TYPICAL CACTUS DAHLIA

Robert E. Lee SC Each 40c
Bright cardinal-red, does not fade in strong sunlight. Strong stems make this a wonderful cut flower.

Sagamore FD Each 35c
Large blooms, perfectly formed, orange suffused red, produced on strong tall plants with good foliage.

Son of Satan SC Each 60c
This is an improvement over Satan as it is a bright scarlet and has stronger stems. Although the petals revolute sufficiently to bring it into the Incurved Cactus Class, under varied conditions it will develop into a Semi-Cactus. Blooms 11 by 5 inches.

Star of Bethlehem SC Each 50c
A distinctive white Dahlia that varies in its formation from semi-cactus to informal decorative. Stems are sturdy and flowers well placed.

Sunrays ID Each \$1.50
An unusual color, clear buff, hued apricot, with a distinct peach-red on the reverse of the petals. Flowers are large and plentiful, covering the plant. A leader among the new popular varieties.

Thomas Edison FD Each 50c
The royal purple Dahlia, growing on strong bushy plants. A very satisfactory flower, one of the best of its color.

White Jersey FD Each 50c
A white Jersey's Beauty. The petals curl a bit more than Jersey's Beauty. Centers good. A good cut flower. Always dependable.

White Abundance ID Each 50c
Waxy white flowers on strong erect stems. It is a tall grower and the large blooms are held well above the foliage.

White King FD Each 35c
Perfectly shaped white flowers on sturdy bushy plants. One of the best whites for cut flowers.

Dahlia Collection

A careful selection of outstanding varieties representing a complete range of color for the garden, and offered at a considerable saving to you.

6 Tubers One each \$1.65

18 Tubers Three each \$4.50

Miniature Dahlias

ALL THE GLORIOUS COLOR AND FORM OF THE BIG FELLOWS IN A SIZE
READY-MADE FOR CUTTING

Dwarf bushy plants that require no staking, disbudding or fussing, which give you week after week, a constant supply of little Dahlias which, in everything except size, reproduce all the beauty of the giant prize-winning blooms of the big Dahlia shows.

For the home garden, the smaller size of the Miniatures is a distinct advantage. The flowers, which average about three inches in diameter, are ideal for cutting and for arrangements, for which purpose they have become extremely popular. The stocky plants (2 to 4 feet tall, according to variety and con-

ditions) are not too big for the mixed flower border; or for planting, 18-20 inches apart each way, for a colorful mass effect. They are ideal for planting after early spring bulbs or wherever a summer "bare spot" is to be filled.

But the greatest advantage of these Miniatures is their easy culture and their "cut-and-come-again" quality. The more you cut 'em the better they like it! If you haven't yet tried any Miniatures, include a few in your next order, and take our word for it that you will be more than delighted with them, even if you don't care for ordinary Dahlias.

MFD, Miniature Formal Decorative, **MID**, Miniature Informal Decorative; **MSC**, Miniature Semi-Cactus; **MP**, Miniature Peany.

Andries Orange MSC Each 50c
A bright orange flower of an exceptionally clear, attractive tone, growing on perfectly straight stems. They make a beautiful display.

Baby Beauty MFD Each 25c
Aptly named, this is the miniature of unsurpassed Jersey's Beauty. It is violet-rose shaded to a rose-pink. Its form is perfect.

Baby Royal MP Each 50c
Salmon-pink, delicately shaded with apricot, blending to yellow at the base of the petals. Exceptional in that it commences the season as a semi-cactus, and later changes to a Peony-type flower.

Bishop of Llandaff MP Each 50c
An unusual and very attractive flower of bright scarlet with a deep garnet center. The lacy foliage is a beautiful reddish bronze color which makes it stand out in any planting. Highly popular.

Elizabeth Pape MC Each 75c
The best and most artistic pink Miniature Cactus. Its cream heart and nicely whorled pink petals give it a distinction achieved by few.

Fairy MFD Each 25c
An early and continuous bloomer of soft violet-rose, shading mauve at the tips. Its form is perfect and its keeping qualities are exceptional.

Jean MID Each 25c
Apricot-buff flowers suffused with lilac-rose on strong compact bushes. A profuse bloomer, some of the flowers tending toward semi-cactus.

Little Louis MSC Each 25c
An attractive pink flower of the semi-cactus type. Its form and pure color have made it a persistent prize winner.

Lannie MFD Each 35c
This is a fast blooming, clear, deep yellow of compact formation with long stiff stems. Plants are very tall and extremely prolific, blooming from early season until frost.

Paddy MFD Each 25c
Small graceful flowers of a bright flesh color. The small size of the blooms plus perfection of form make them particularly attractive.

Rosalie White MFD Each 75c
A most pleasing bicolor that has become very popular. The color of this little gem is white with broad clean-cut bands of deep rose on the edges of the petals, leaving the tips white. Plants are medium tall, sturdy growers with blooms held erect on good stiff stems.

Pink Lassie MP Each \$1.50
A charming flower for arrangement, one which has taken first rank in many gardens. Soft rose-pink, with cream and lighter shading toward the center. Flowers on long slender stems, wonderful for all purposes.

Red Head MFD Each 25c
Small fiery scarlet blooms on long stems. The color is a brilliant shade of red not usually seen.

Sanhican's Sweetheart MSC Each 25c
Outstanding for the brilliance of its rich yellow flowers, this variety is a free and continuous bloomer on bushy plants. A popular Dahlia.

Snowsprite MSC Each 50c
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and held boldly above the foliage in profusion.

Sylvia MFD Each 50c
A fine rich deep carmine flower, 2 1/2 to 3 inches across. Excellent as a cut flower, being prolific of bloom and sturdy in substance.

Single Dahlias

Glorious as Cut Flowers and the Plants are Sturdy but Graceful Garden Subjects

Charmingly simple, exquisitely colored, single Dahlias are one of the finest of garden plants. They require no staking and may be used with fine effect in the mixed border. Long lasting, unsurpassed as a cut flower, beautiful in the garden.

Chancellor

Each 50c

The unusual color combination of this flower is one that you should not miss. A brownish red 5-inch flower with a blood-red halo and dark center, it grows on strong stems. It makes a fine lasting cut flower. Height 3 feet.

Mia Karsten

Each 65c

A lovely deep Tyrian pink suffused purple-garnet at the center. The flowers are unvarying in their splendor for your garden.

Pequot Yellow

Each 50c

A 5-inch broad-petioled flower of clear yellow, graceful on a strong wiry stem. Unsurpassed for exhibition. Its pure color makes it a "must" in your garden. Height 3 feet.

Virginia

Each 50c

A pure white bloom with serrated petals 5 inches across. Its delicate beauty makes Virginia worthy of its name. It grows robustly and as a cut flower has wonderful keeping qualities. Height 4 feet.

SINGLE DAHLIA, VIRGINIA

Pompon Dahlias

Flowers unsurpassed for perfection in form, boasting in a variety of pure and blended colors making them the little beauties of the Dahlias. Grow them for garden effect, cut them for house decoration. You will find these bushy plants hard to beat.

Amber Queen

Each 25c

Button-like blooms of amber, shaded to apricot, carried well above the dark foliage of the plant.

Belle of Springfield

Each 25c

Bright brick-red flowers on long stems. Excellent for cutting.

Betty Anne

Each 30c

Soft rose-pink flowers of uniform size. One of the best.

Edith Mueller

Each 25c

A bright soft apricot, suffused peach-red. Much in demand as a cut flower.

Hysperia

Each 25c

Fine compact yellow that is one of the best Pompons for cut flowers. Long lasting.

Indian Chief

Each 25c

Bright red petals tipped with white. It blooms very freely and continuously and is unexcelled for cutting.

Joe Fette

Each 25c

Its pure white bloom is unsurpassed. Its long stems make it a perfect flower for cutting.

Mary Munns

Each 25c

A mallow-purple bloom growing on a long stem, producing flowers of high merit.

Sunny Daybreak

Each 30c

Perfect flowers of canary-yellow, tipped with red. Creates a color combination unexcelled.

POMPON COLOR COLLECTION

One each of pink, white, lavender, yellow, bicolor (red and white).

5 Tubers \$1.00

BELLE OF SPRINGFIELD MARY MUNNS BETTY ANNE
EDITH MUELLER AMBER QUEEN JOE FETTE

Are You by Any Chance Overlooking the Glories of SUMMER FLOWERING BULBS?

Among them you will find some of the most beautiful and easily grown of all garden flowers. Realizing their importance to the gardener, Flowerfield has assiduously collected the sturdiest and most satisfactory of these bulbs. Some are new, some are old, but all will give a most unusual and lovely effect in your garden. Most of these beauties are stored like *Gladiolus* during the winter, although some, as noted in their descriptions, are semi-hardy or hardy.

AMARCINUM

Amarcrinum

The finest new bulb hybrid to appear in recent years. The Amarcrinum, a cross between *Amoryllis Belladonna* and *Crinum Maerei*, has the appearance of a mammoth *Amaryllis*, but its color is an even frosty pink. Great trusses are borne proudly aloft on 4-foot stems—indeed, so worthy is this American creation that it won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. Unexcelled far and near for unusual garden effect, and stunning as a navel house plant.

Jumbo bulbs: Each \$2.50, Doz. \$25.00

Bulb Fiber

All the bulbs we list for outdoor use can be grown more easily and to greater perfection in our special bulb fiber. Simply mix it with your garden soil, it will supply all needed food. Pk., \$1.00

Gloriosa Rothschildiana

This exotic oriental-looking flower, often called the Climbing Lily, grows 5 to 6 feet up a trellis or other support and produces many of its gorgeous Lily-like flowers. The blooms open a bright yellow and red, and slowly change to a deep scarlet. *Gloriosa* does well in sheltered spots outdoors, and flowers during the summer months. Indoors, it flourishes in the greenhouse and produces beautiful cut flowers for arrangements or corsages. A most unusual and beautiful flower.

Strong tubers: Each 75c, Doz. \$7.50

GLORIOSA

ANEMONES

ANEMONES

Arrestingly colored flowers, resembling large Poppies but being excellent for cutting as well as strikingly beautiful.

Blue Poppy Doz. 85c, Hundred \$6.50
Large violet-blue, intensified by an intense black center.

His Excellency Doz. 85c, Hundred \$6.50
Vivid vermillion with silver base and black center. Striking.

White Poppy Doz. 90c, Hundred \$7.00
Dazzling white. Large and unusually appealing.

St. Brigid Doz. 75c, Hundred \$5.50
The double-flowered Anemone. Lovely large double and semi-double flowers in a complete range of vivid bright colors.

Flowerfield Mixture Doz. 75c, Hundred \$5.50
All of the above kinds and many unusual Anemones of great beauty in a comprehensive assortment of outstanding beauty.

HYACINTHUS CANDICANS

Hyacinthus Candicans

An unusual showy plant growing 4 to 5 feet high and bearing 30 or more pure white bell-shaped flowers during August and September. Hardy south of Washington. A mass of a dozen or so bulbs will produce a spot of unusual arresting beauty in your garden. Try some this year—you'll be delighted with their cool charm.

Jumbo bulbs: Three 50c,
Doz. \$1.75

MONTBRETIA, JAMES COEY

Ismene Calathina

One of the stateliest and most impressive flowers that grow is the Ismene Calathina or Peruvian Daffodil as it is sometimes called. It is really one of the choicest of all garden subjects. The Ismene carries very large (4 to 5 inches across), snowy white, Amaryllis-like flowers that are delightfully fragrant. Our extra large bulbs will send up tall flower stems 2 to 2½ feet tall, each one bearing 3 or 4 of its magnificent blooms. Altogether one of the loveliest and most unusual flowers that we offer. Plant them in well-drained soil in late June. Your floral reward will arrive in August, stunning for home or garden decoration.

Monster bulbs: Each 50c, Doz. \$5.00

ISMENE CALATHINA

Montbretias

The Earham large-flowered Hybrid Montbretias are such an improvement over the species that they seem to be a completely new race of flowers. They are much taller, more robust in growth and have flowers of great size and beauty, some measuring 4 inches in diameter. Excellent for the border and of great decorative value as cut flowers. Bloom in August, September and early October.

Fiery Cross Three for \$1.25, Doz. \$4.50
Intense fiery orange, accented by flame-yellow center. Award of Merit, Royal Horticultural Society.

James Coey Three for 75c, Doz. \$2.75
Rich vermilion, suffused golden at the center.

Lady Wilson Three for \$1.25, Doz. \$4.50
Brilliant yellow. Award of Merit, Royal Horticultural Society.

Mixed Earham Hybrids Doz. \$1.75, 100 for \$12.00
The above and other fine new hybrid varieties.

Mixed Old-Fashioned Montbretias Doz. 85c, 100 for \$5.50

OXALIS-lovely as edgings

This four-leaved, clover-like plant, often called the American Shamrock, has delicate pink or white flowers that add to its beauty. Oxalis grows and blooms profusely and forms exceptionally graceful edgings for walks and flower borders. It also may be grown in pots indoors or in hanging baskets. Semi-hardy, it will live through the winter if protected.

Lasiandra 25 for 50c
Four-leaved foliage, light pink flowers.

Shamrock 25 for 70c
Four-leaved foliage, rose-colored flowers.

Martiana 25 for 50c
The three-leaved white-flowered variety.

Mixed 25 for 50c, 100 for \$1.75
All colors.

OXALIS, SHAMROCK

The answer to a gardener's prayer, these exquisite flowers are easy to grow, require little care and above all, thrive in the shade. What other plant can offer such a combination of manifest advantages?

There exists in certain gardeners' minds the erroneous notion that Begonias are difficult subjects, probably caused by the exotic appearance of the glorious flowers which seem as if moulded from purest wax by some modern Praxiteles. Yet far from being difficult, they are exceedingly easy to grow. They actually like the shade, preferring to be shielded from the direct glare of the sun's rays. They like fairly rich soil, a reasonable amount of moisture, and good air circulation. But once planted in some such favored location, they require practically no care.

Beginning in July, Tuberous-Rooted Begonias carry their many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, pink and deep rich crimson. The lovely flowers bloom in clusters of three, one large male flower in the center and two smaller female flowers on either side. Remove these side buds as soon as they appear. They are single type flowers of inferior character and inhibit the full development of the central flower. This disbudding will make an amazing difference in the size and beauty of the flower. Under ordinary culture these blooms will reach 5 and 6 inches in diameter, although flowers up to 8 inches may be obtained by special care and attention.

GIANT SINGLE BEGONIAS

Because of the immensity of their huge flat petals and their intense colors, a bed of these presents a dazzling picture. The giant saucer-like flowers are accented by central anthers of pure bright yellow.

Crimson Single Begonias	Three 90c, Doz. \$3.00
Pink Single Begonias	Three 90c, Doz. \$3.00
White Single Begonias	Three 90c, Doz. \$3.00
Yellow Single Begonias	Three 90c, Doz. \$3.00
Mixed Single Begonias	Three 90c, Doz. \$3.00

CRISPA BEGONIAS

A Single Begonia with edges so deeply cut and frilled that it almost looks double. This type is distinguished by flowers of exquisite grace and beauty—more unusual than the other types and particularly desirable for exhibition use. Try them in a decorative arrangement. You and your guests will be delightfully surprised.

Crimson Crispa Begonias	Three 90c, Doz. \$3.00
Pink Crispa Begonias	Three 90c, Doz. \$3.00

Mixed Crispa Begonias	Three 90c, Doz. \$3.00

CAMELLIA-FLOWERED BEGONIAS

The King of Begonias, gorgeous flowers that appear to be huge Camellias. These blooms are completely double, exceedingly lovely and are far larger than the best greenhouse Camellias. Words cannot adequately describe their unsurpassed beauty.

Crimson Camellia-Flowered Begonias	Three \$1.00, Doz. \$3.50
Pink Camellia-Flowered Begonias	Three 90c, Doz. \$3.00
White Camellia-Flowered Begonias	Three \$1.15, Doz. \$4.00
Yellow Camellia-Flowered Begonias	Three \$1.00, Doz. \$3.50
Mixed Camellia-Flowered Begonias	Three 90c, Doz. \$3.00

CARNATION-FLOWERED BEGONIAS

Fimbriata Plena. The formal Carnation-Flowered Begonia is an interestingly different type, having fully double flowers with short, deeply serrated and fringed petals that give the mature flower the appearance of a huge Carnation. It is one of those varieties you will think a "must" once you have seen a fully developed flower.

Crimson Carnation-Flowered Begonias	Three 90c, Doz. \$3.00
Pink Carnation-Flowered Begonias	Three 90c, Doz. \$3.00
White Carnation-Flowered Begonias	Three 90c, Doz. \$3.00

CAMELLIA-FLOWERED

CARNATION-FLOWERED

CRISPA

AMARYLLIS

AMARYLLIS HYBRIDS

There are few bulbs that give the amateur gardener more for his time and money than the Amaryllis. Best known for its use as a pot plant indoors, they may be used with striking effect in outdoor gardens, blooming as they do with huge trumpet-like flowers. This is the finest race of Amaryllis in cultivation, and has excellent form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding on the top of the soil. We ship the largest bulbs grown, all 3½ inches or more in diameter.

Fiery Crimson	Jumbo bulbs, \$1.00 Each
White, Beautifully Striped	Jumbo bulbs, \$1.00 Each
Deep Scarlet	Jumbo bulbs, \$1.00 Each
Mixed Colors	Jumbo bulbs, 75c each, Doz. \$7.50

Amaryllis formosissima

Often referred to as the Jacobean Lily, this fine semi-hardy bulb produces brilliant scarlet flowers of almost butterfly shape and formation. They are easily grown in the house or the low border. They multiply rapidly, forming fine clumps that lend a brilliant splash of color in the hardy border.

Large bulb: Each 30c, Doz. \$3.00

LYCORIS-The Hardy Amaryllis

Lycoris Squamigera, the Hardy Amaryllis, also sometimes referred to as the Mystery Lily, is one of the most unusual and most beautiful of flowers. The attractive green foliage appears early in the spring and flourishes until July, when it matures and disappears. Suddenly in early August the flower stems appear, grow rapidly to a height of 2 to 3 feet and burst into a lovely cluster of opalescent pink blossoms. Excellent for full sun, the Hardy Amaryllis (like many other plants), grows even taller in partial shade. They are perfectly hardy and soon multiply to a large clump.

Large bulbs: Each \$1.50, Doz. \$15.00

The New Cannas

Pictured at right is Louis Cayeux, one of the magnificent new Cannas offered on the next page.

Three 50c, Doz. \$1.75

YELLOW CALLA

Calla Lilies

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your border, your perennial garden, or in pots for indoor bloom. You will enjoy the beautiful trumpet-shaped flower, and the peculiarly spotted, low-growing green foliage. The new Pink Calla is a particularly lovely variety, being very small and dainty. All grow well in partial shade and moist soil.

Pink Calla (Rehmanni)	Each 75c, Six \$3.75
White Calla (Alba maculata)	Each 35c, Six \$1.75
Yellow Calla (Elliottiana)	Each 35c, Six \$1.75

Bulb Fiber

All the bulbs we list for outdoor use can be grown more easily and to greater perfection in our special bulb fiber. Simply mix it with your garden soil, it will supply all needed food.

Peck \$1.00

LOUIS
CAYEUX

THE NEW CANNAS—flamboyant beauties

A REAL SPECIALTY AT FLOWERFIELD—WE GROW ACRES OF THEM

Today the newer Cannas, lower growing and bearing brilliant flowers, are being used more and more by smart gardeners. A pink Canna and pink geranium border is at once a novelty and a delight for your garden. Long prized as a foliage plant, Cannas are now being grown more for their excellently colored flowers. They bloom for a longer period, and make a finer display than any other large flowering plant we know. Another great advantage of the Canna is its sturdiness. They are strong enough to hold their own with shrubs and are often interplanted in shrub borders or groupings with beautiful effect.

NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil where they should be planted three to four inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They then may be dug and stored for the winter.

Our Canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

City of Portland Three 35c, Doz. \$1.25
One of the new pink Cannas with green foliage. Of medium height, City of Portland with its deep rich silvery pink flowers is an excellent plant for garden use.

Eureka Three 35c, Doz. \$1.25
The finest white variety of Canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adapted to bedding use.

Halli Three 30c, Doz. \$1.00
This variety is one of the lowest growing of Cannas, seldom exceeding 3 feet. The flower head is a delicate shade of pink on top of the bright green foliage.

Hungaria Three 30c, Doz. \$1.00
Probably the best known of the rasy pink shade in Cannas. This is a low-growing variety and combines beautifully with pink Geraniums.

King Humbert Three 30c, Doz. \$1.00
One of the standards of performance by which other Cannas are judged, King Humbert has brilliant orange-scarlet flowers with bright markings. The foliage is a shimmering coppery bronze shade. Very effective against a background of evergreens.

King Midas Three 35c, Doz. \$1.25
A pure rich yellow flower mounted on vivid green foliage. Grows to 4 feet, and forms a lovely contrast in the garden.

Louis Cayeux Three 50c, Doz. \$1.75
A fine new Canna that has caused much favorable comment wherever seen. The flower heads are a beautiful shade of rose-pink, and surmount soft light green foliage. A very effective plant.

Mrs. Alfred Conard Three 40c, Doz. \$1.50
Huge heads of salmon-pink flowers on rich dark green foliage. The tallest variety of pink Canna, and one of the most popular.

Richard Wallace Three 30c, Doz. \$1.00
Canary-yellow flowers on bright green foliage 3½ feet tall. This variety is even more prolific than others.

The Ambassador Three 35c, Doz. \$1.25
A beautiful rich cherry-red flower combined with deep bronze foliage. This is an excellent variety of medium height.

The President Three 35c, Doz. \$1.25
The outstanding Canna. It has immense trusses of fiery red flowers, produced in great profusion. The foliage is very bright green, contrasting sharply with the brilliant flower heads, making a most impressive display; of medium height.

Winter's Colossal Three 30c, Doz. \$1.00
One of the archid-flowering Cannas. Four feet in height with vivid scarlet flowers over dark green foliage.

Wyoming Three 30c, Doz. \$1.00
The tallest Canna, Wyoming has orange-colored blooms, and purple-bronze foliage. Orchid-flowering type.

Yellow King Humbert Three 30c, Doz. \$1.00
The companion to Red King Humbert, an identical match except in color. The flowers are yellow, spotted red, and the foliage is dark green. Orchid-flowering.

Mixed Cannas

All colors in a fine assortment of the finest varieties.

Doz. \$1.00, Hundred \$6.50

For a beautiful new type border

We recommend

30 Canna roots (plant in double row).

15 Geranium plants in a matching shade.

PART OF OUR EXTENSIVE FIELDS OF CANNAS—AN IMMENSE FLOWER GARDEN

TUBEROSE, DWARF PEARL

Ranunculus

The beauty and striking colors of these fine globular flowers are their own best recommendation. Our mixture is the finest offered—giant-flowered varieties in a great range of colors: red, yellow, rose, gold and intermediate shades too numerous to mention. The exquisitely formed double flowers are grand for cutting, equally good as a border plant particularly when planted in clumps or in beds like Tulips.

Doz. 75c, Hundred \$5.00

RANUNCULUS

Double Tuberose

Grandmother's favorite flower, the Tuberose, is best known for its extreme fragrance. The flowers are waxy white, and bloom beautifully on spikes 2 to 3 feet high. They may be planted indoors in pots or directly placed into the garden in May and should be covered with 1 inch of soil.

Large bulbs: Doz. 75c

BULBS FOR THE HOME

Here listed are those bulbs which are practically limited to use as pot plants in the home. In addition the following types previously described may also be used in the home as well as in the garden: Amarcrinum, Amaryllis, Begonias, Calla Lilies, Ismenes, Oxalis and Tuberose.

Fancy-Leaved Caladiums

Beautiful plants prized for their brightly colored highly variegated leaves. Green, pink, red and silver predominate. Some are almost solid colors, others two toned, veined or mottled with combinations of these and other colors. These fine decorative plants will be an addition to any room or window box.

Strong bulbs: Three 85c, Doz. \$3.00

FANCY-LEAVED CALADIUMS

GLOXINIAS

Gloxinias

Brilliantly colored flowers that are easily grown by anyone. In fact, there are few house plants that grow so quickly and easily, and make such a splendid colorful showing when in full bloom. Their gorgeous velvety flowers last for months, and make a stunning effect between the large, soft, handsome leaves. The bulbs may be planted from late January to late May. If started early they are in full bloom for Mother's Day, and make an excellent gift for her. Place one bulb to a five-inch pot filled with good rich sandy loam. Cover bulb about one inch and place pot in a sunny window. Water sparingly until growth appears, then increase so that the soil is always moist but not wet. The bulbs can be used over and over for many years.

Brunhilde. Pure white.

Emperor Frederick. Scarlet with white band.

King of the Reds. Dark red.

Emperor William. Deep violet, banded white.

Othello. Pure purple.

Mixed. All colors.

Any of the above: Three \$1.25, Doz. \$4.50

CHATER'S DOUBLE
ALTHEA ROSEA, CHAMOIS

flowerfield Perennials

PERMANENT FRAMEWORK OF THE GARDEN

Hardy plants create for you color for the home landscape, essential effects and high lights for borders and flower beds. Around them can be arranged all the innumerable variations that make gardening a delight. Each year new arrangements may follow the trend of times, the newest of flower fashions, and one's own urge to experiment and explore. When the two are skilfully blended, then you have a garden.

TROUBLE FREE—LAVISH OF BLOOM

No constant replanting is necessary. Set each sturdy perennial in its own citadel, and it will defy all the hazards of nature. Then, year after year, they will clothe your garden with a many-hued coat of color. Some of them will be stately and dignified, others shy and retiring, and many more will smile and smile, just to gladden your heart. Choose them for their best use and they will reward you tenfold.

ASTERS - Michaelmas Daisies

Invaluable fall flowers, blooming between the last of the summer perennials and the late fall Chrysanthemums. Since different varieties range in height from 1 to 5 feet, they may be used at the edge, center, or background of borders. They grow in any kind of soil, and persist without attention for years.

Beechwood Challenger Three \$1.50, Doz. \$5.00
Free-flowering, of medium height, and brilliant crimson-red color. 3 to 4 feet. Undoubtedly today's finest red Aster.

Climax Three \$1.10, Doz. \$3.75
One of the best and showiest, with large spikes of light lavender-blue flowers. Grows to 5 feet.

Harrington's Pink

Three \$1.50, Doz. \$5.00
One of the finest of the fall Asters, and the only one that is really a pure pink in color. The plants are shapely in habit, growing about 3½ feet tall. Great sprays of blooms are carried, with individual florets of large size, suitable for cutting.

Mt. Everest

Three \$1.35, Doz. \$4.50
By far the finest and best white. Flowers are large, pure white, with a very small eye. In growth the plants are shapely, with the flowers carried right down to the ground. Height, 3 to 4 feet.

Frikarti, Wonder of Staffa

Three \$1.35, Doz. \$4.50
The most useful of all hardy Asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy Chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2½ inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants grow about 3 feet high and about 2 feet broad. Plant on high, well-drained soil. They do not like low-lying locations or heavy soil.

ASTER FRIKARTI, WONDER OF STAFFA

AQUILEGIA - Columbine

Excellent for sunny locations, or in combination with other perennials, and for partial shade, where one has few really bright, abundantly flowering perennials. Soil should be good and rich, with a humus content. Best grown in clumps of three or more. Flowers in May and June, growing 3 to 4 feet in height.

- Chrysantha** Three 95c, Doz. \$3.25
Bright golden yellow. Has on unusually long flowering period, 2 months or more.
- Chrysantha Alba** Three 95c, Doz. \$3.25
Pure white form of the above.
- Coerulea** Three 95c, Doz. \$3.25
Famous Rocky Mountain Columbine, of intense dark blue. Spurs one of moderate length.
- Crimson Star** Three 95c, Doz. \$3.25
One of the finest varieties for the garden. The blooms are huge, with pure white centers set off by crimson edging and long spurs. Unusually robust in growth, and very free blooming.
- Flabellata nana alba** Three 95c, Doz. \$3.25
Rock garden variety, with the prettiest foliage imaginable. Large, light green leaves, cut in rounded fashion. The plants grow in orderly clean-cut clumps, with the tops of the flowers just about a foot from the ground. The blooms are pure white, of compact form, with short, broad spurs.
- Scott Elliott Long-Spurred Hybrids** Three 95c, Doz. \$3.25
A really wonderful strain of the finest long-spurred type. The colors range through every conceivable shade. There are pastel tones, and rich, bright colors. Plants are vigorous in growth and bear a wonderful crop of flowers.
- Clematiflora** Three 95c, Doz. \$3.25
A new variety. The result of crossing long-spurred hybrids with the old-fashioned single ones, and are practically spurless. These come in many beautiful shades and produce abundant flowers on 15-inch stems. A fine plant that is too seldom seen.

AQUILEGIA CLEMATIFLORA

ALTHEA ROSEA - Hollyhocks

Grown everywhere even in the deep South, for their great, tall spikes of flowers in June. Particularly suited for the backs of borders, and for planting along walls and garages. Grow one place if given full sun; set 8 inches to a foot apart.

- Single Hollyhocks** Three 95c, Doz. \$3.25
Preferred by many because of their single open flowers that create a light, graceful appearance. Mixed colors.

Chater's Double Hollyhocks

Beautiful fringed flowers of many new shades not previously available in Hollyhocks. The unusually lovely flowers, a generous contribution to our gardens from our English cousins, will form charming and artistic bold masses for the background of your hardy border.

- Chamois** Three \$1.15, Doz. \$3.75
White Three 95c, Doz. \$3.25
Yellow Three 95c, Doz. \$3.25
Scarlet Three \$1.15, Doz. \$3.75
Newport Pink Three 95c, Doz. \$3.25
Mixed Colors Three 95c, Doz. \$3.25

ARMERIA

May-flowering perennials that carry rounded, slightly clover-like flowers, over mats of glossy, green foliage. After flowering, the foliage makes a bright, attractive appearance. Fine for edges of borders, and for rock gardens. Prefer a dry, sandy soil and sunny location.

- Lauchiana** Three \$1.15, Doz. \$3.75
Bright rosy red. Grows 6 inches high. Free-flowering to a marked degree.

ASTILBE - Spirea

Sturdy plants that give great sprays of flowers in June, over finely cut foliage. Excellent for shade and also suited for full sun. They must have an abundance of water at all times; because of this they are especially suited to damp spots in the garden. Soil should be deep and rich with plenty of leaf-mold and manure. One of the hardiest of plants, standing the most severe winters. 2 to 3 feet.

- Deutschland** Three \$1.50, Doz. \$5.00
The finest pure white variety, free-flowering and of strong growth.
- Gloria Superba** Three \$1.50, Doz. \$5.00
Great feathery plumes of cerise-pink flowers.
- Granat** Three \$1.50, Doz. \$5.00
Striking crimson flowers, shaded salmon. Long, well-formed spikes.

ANEMONE, SEPTEMBER CHARM

ANEMONE - Windflower

One of our finest fall flowers, blooming in September and continuing all through October. They like a well-drained soil, but should have abundant moisture through the hot summer months. An individual plant will grow 2 to 3 feet high and give immense quantities of flowers. Best planted in full sun, though they will grow in light shade.

- Marie Manchard** Three \$1.35, Doz. \$4.50
A beautiful semi-double white; early flowering. Profuse bloomer.
- Queen Charlotte** Three \$1.25, Doz. \$4.00
Abundant semi-double flowers, broad and perfectly formed; "Lo France" pink.
- Rubra flora-plena** Three \$1.35, Doz. \$4.50
Double rose-colored flowers produced in great profusion.
- September Charm** Three \$1.25, Doz. \$4.00
One of the earliest and best varieties. Beginning in mid-September it carries many flowers of moderate size of delicate silvery pink, darker on the reverse. Grows 2 feet high. Few flowers have the relaxed grace of this beauty.
- Pulsatilla** Three \$1.35, Doz. \$4.50
A species Anemone, one of our earliest perennials to bloom, coming into flower during the first warm days of April. The plants grow about a foot high, with interesting open cup-shaped flowers of bright reddish purple.

ASTILBE, GLORIA SUPERBA

CANTERBURY BELLS (Calycanthemum)

ACONITUM - Monkshood

Splendid stately plants, particularly adapted to shady or semi-shady locations, in good garden soil that is fairly moist. Best planted in clumps of three or more, and left undisturbed.

Napellus Three \$1.35, Doz. \$4.50
An early blooming variety, flowering in July and August, and growing 3 to 4 feet tall. Flowers are attractive dark blue.

Sparks' Variety Three \$1.35, Doz. \$4.50
Great tall, branched spikes, growing 4 to 5 feet in height. The dark blue flowers are borne in great numbers during July and August.

Wilsoni Three \$1.35, Doz. \$4.50
The tallest of all. Grows 6 to 7 feet tall, covered with beautiful mauve colored flowers in September.

ALYSSUM - Basket of Gold

Excellent for borders, rock gardens, and to combine with spring-flowering bulbs, particularly Tulips. Should have sun, and good garden soil.

Saxatile compactum Three 85c, Doz. \$2.75
Each plant makes a fine clump of bright golden yellow in early spring. Combines well with Tulips, during the flowering period. Later the foliage may be trimmed, and the plant made decorative all summer long.

Saxatile citrinum Three \$1.15, Doz. \$3.75
A new variety, similar in growth and general habit to compactum, but of a lighter, more pleasing shade of lemon-yellow. It comes into bloom just as Saxatile compactum is going out, thus prolonging the season.

Spinulosum roseum Three \$1.35, Doz. \$4.50
Quite different from other Alyssums. The plants make rounded tufts about 8 inches high and 10 inches broad, packed almost to the point of crowding with tight Alyssum flowers in pastel pink tones.

ANCHUSA

Dropmore Three \$1.15, Doz. \$3.75
Delights in a good, well drained soil and a sunny location. Grows 4 to 5 feet tall, carrying many racemes on branching stems, with innumerable bright blue, forget-me-not-like flowers, in June, continuing intermittently all season.

Myosotidiflora Three \$1.35, Doz. \$4.50
Low-growing variety, suitable for ground covering and rock garden use. Grows either in sun or partial shade, and does not object to some moisture. Leaves are great heart-shaped affairs, making an attractive background for the bright blue flowers. Plant in clumps of 3 or more, 8 inches apart. Blooms in May and early June.

ARTEMISIA

Silver King Three \$1.15, Doz. \$3.75
A striking plant grown for contrast. Bright silvery gray sprays may be cut in late summer and fall for immediate use with bouquets, or kept and used during the winter for combining with other flowers and for floral decorations. Plants grow 3 feet high and 2 or 3 established plants will yield on ornamental. Grow in light, well drained soil in full sun.

Campanula

Each variety is distinct in character, appearance and garden use. They range from the little low fellows of rock garden size, to the tall, huge Canterbury Bells. Require a rich, light, well drained soil, with moderate protection over winter. Except for Carpatica, a rock garden variety that enjoys light shade, they prefer full sun.

Carpatica Three 95c, Doz. \$3.25
(Carpathian Harebell). Used in rock gardens and borders, sun or shade. Mounded clumps about six inches across, open cup-like flowers of clear blue or white bloom in June and continue into the fall. Specify color.

Persicifolia Three 95c, Doz. \$3.25
A splendid bold growing plant, making a magnificent display during June and July. Excellent for cutting as well as for the border. Large, handsome, bell-shaped flowers of blue or white. Grows about 2½ feet tall. Specify color.

Persicifolia, Misty Morn Three \$1.50, Doz. \$5.00
By far the finest double Campanula. Lovely soft blue flared buds about on the 30-inch stem. Magnificent for garden or cutting.

Persicifolia, Telham Beauty Three \$1.50, Doz. \$5.00
A great improvement over the type, and the finest of the single Persicifolias. Exquisite china-blue in color.

Pyramidalis Three \$1.15, Doz. \$3.75
4 to 6 feet tall, with great spikes of blue or white, star-shaped flowers in June. Fine for the back of the border. Specify color.

Rotundifolia Three 95c, Doz. \$3.25
(Scotch Harebell). Similar to the Carpatica type, but with fine cut foliage, and small closed type blue bells. Equally free-flowering, blooming all summer long. Height 8 inches. Does well in partial shade.

CANTERBURY BELLS

Great shawny biennials, 4 feet in height, that flower in late May and early June, with huge trusses of great bell-shaped flowers. It is difficult to find any plant more striking in appearance. Any good garden soil will grow them, given merely a sunny location and ordinary care. Plant them early in the spring, 8 to 10 inches apart.

Medium (Single Canterbury Bells)
Lovely large bell-like flowers much resembling the Calycanthemas; the flowers do not have the so-called saucer, but are bell-shaped.

Blue Three 95c, Doz. \$3.25
White Three 95c, Doz. \$3.25
Pink Three 95c, Doz. \$3.25

Calycanthema
The Cup-and-Saucer Campanula so well known in colorful gardens. The plants are fairly covered with large cup-and-saucer-shaped flowers in lovely soft colors.

Blue Three 95c, Doz. \$3.25
White Three 95c, Doz. \$3.25
Pink Three 95c, Doz. \$3.25

HARDY CARNATIONS

Dianthus

GARDEN PINKS

A great selection of free-blooming plants for the border or rock garden. Prefer a light, gritty soil, that is well drained and well supplied with lime. Must have full sunlight. Plant 8 to 10 inches apart. Desirable for cutting, having a spicy, pungent fragrance.

Beatrice Three \$1.35, Doz. \$4.50
Tight clusters of bright pink flowers borne all summer long. Fragrance is almost carnation-like. Height 1 foot.

Furst Bismarck Three \$1.15, Doz. \$3.75
Companion variety to Beatrice, with blooms of rich cerise-red. A bit more robust in growth. Height 1 foot.

Old Spice Three \$1.50, Doz. \$5.00
One of the finest new perennials introduced in recent years. Hardy anywhere, and useful in the border, in the rock garden, as on edging, or for cut flowers. A fine salmon-pink in color.

Plumarius semperflorens, Double Three 95c, Doz. \$3.25
Old-Fashioned Clove Pink. Single and double flowers, running through shades of pink, lilac-pink, pure white and variegated sorts. Extremely pungent aroma.

Rock Raven Red Three \$1.50, Doz. \$5.00
A new, very double, rich crimson-red Dianthus, very similar in growth to Beatrice. Carries a very spicy fragrance.

HARDY CARNATIONS

One of the most useful and popular of border flowers. Through cross-breeding, large sized flowers are now produced outdoors in your garden. They prefer a light, well drained soil that is good and rich. Protect lightly over the winter. Cut back after blooming.

Lucia Three \$1.50, Doz. \$5.00
A new English introduction, extremely hardy and fragrant. Lucia is a particularly free bloomer, offering its extra large rose-pink flowers in abundance for picking or for garden effect.

Rose Queen Three 95c, Doz. \$3.25
Attractive rose-pink flowers measuring up to 1½ inches. Stems 12 to 15 inches long make them fine for cutting.

Scarlet and Red Shades Three 95c, Doz. \$3.25
Dozens of single and double, brilliant red flowers in June and July. Their long stems make them ideal for cutting.

Pure White Three 95c, Doz. \$3.25
Fine large single and double flowers of pure snowy white. Good grower and free bloomer.

Mixed Shades Three 85c, Doz. \$3.00
All conceivable tones of scarlet, maroon, pink, salmon, white and cream-yellow are found in this splendid mixture.

HEDDEWIGI

Great, flat, and for the most part, single flowers. Colors range from pure white to brilliant red, with intermediate and variegated combinations. Blooms during the entire season.

Mixed Colors Three \$1.15, Doz. \$3.75

SHASTA DAISY, ESTHER REED

SPOON CHRYSANTHEMUM

SWEET WILLIAM

Old-fashioned plants of grandmother's garden, properly crossed as biennials, but tending to be perennials in good, well drained soil. Planted in masses at the edges of perennial borders, in warm, sunny locations. Blooms in May and early June.

Pure White Three 95c, Doz. \$3.25
Full double heads of glistening white.

Newport Pink Three 95c, Doz. \$3.25
Distinctive tone of clear salmon-pink.

Scarlet Three 95c, Doz. \$3.25
A really bright color. The flowers are intense scarlet.

Mixed Colors Three 85c, Doz. \$3.00
All known pure colors, as well as many picotee and variegated types.

Chrysanthemum

SHASTA DAISIES

Extremely popular and widely grown for their abundant production of pure white Doisy-like flowers during the summer months. Require a deep, rich soil and sunny location. Best cut flowers are obtained by dividing plants every other year, though they can remain in one spot indefinitely without attention.

Alaska Three \$1.15, Doz. \$3.75
Handsome, large, single flowers in June and July. One of the best of the single-flowered types of Chrysanthemum Maximum.

Chiffon Three \$1.50, Doz. \$5.00
New form of the Shasta Doisy. Golden centers, surrounded by raylike, tubular petals, giving the entire flower a graceful, frilled effect. Flowers measure 3½ inches across, with stems 2 feet tall.

Esther Reed Three \$1.50, Doz. \$5.00
The finest double Shasta Doisy, and probably one of the best perennials, ideally suited for cut flowers. Now widely grown by florists for that purpose. Flowers are pure white, fully double, with a heavy, slightly tufted center. Grows to a height of 18 inches.

LEUCANTHEMUM

Known as the Double White Memorial Doisy, and popular because of its early blooming habit. Flowers not as large as the true Shasta Doisy, but compare in size with Double Pyrethrum, and are easier to grow. Valued for this and because they lengthen the Shasta season.

White Swan Three \$1.25, Doz. \$4.25
Pure white and fully double, the best of the small-flowered Leucanthemums, excellent for cutting.

SPOON CHRYSANTHEMUMS

An unusual novelty and quite the newest type of 'Mum. Flowers are fully double, but the tip of each tubular petal flares into a distinct spoon shape. Spoon 'Mums are particularly adopted for startling effects, whether in the garden or in cut flower arrangements. The long, spiky petals seem almost to burst from the center of these distinctive flowers. The plants are well branched and very floriferous. Especially recommended for gardens that enjoy a long, late fall, allowing full development of these October flowers.

White. Cream center. Three \$1.25, Doz. \$4.25

Yellow. Pure lemon yellow. Three \$1.25, Doz. \$4.25

Pink. A lovely novelty. Three \$1.50, Doz. \$5.00

EARLY FLOWERING CHRYSANTHEMUMS

We offer here an outstanding collection of Chrysanthemums in a range of color that is a "must have" in your garden. They provide a profusion of bloom from early September until even after Jack Frost does his work. Besides being the show spot of your fall garden, they make excellent cut flowers for your table decorations.

12 Plants

Labeled,
one of
each kind **\$3.50**

Flowerfield HARDY CHRYSANTHEMUMS

In offering Chrysanthemums, we have selected the best new Korean Hybrids, and the most rugged and sturdy of the alder varieties. The color range is comprehensive, including bright, warm colors that add glow to the autumn garden, light pastel shades for cutting, and russet and bronze tones, without which fall is not complete.

All are of easy culture, and if planted this spring, will give you huge clumps of bloom beginning in September and continuing until hard frost. For best results, plant your 'Mums in a slightly elevated, well-drained spot. We ship heavy-rooted pot plants—they give the finest results. We also offer field-grown plants (at double the price) but, frankly, cannot recommend them as being superior to our vigorous, adaptable pot plants.

Agnes Selkirk Clark Each 30c, Doz. \$3.00
Shown in picture at left, this is a fine autumn shade reminding one of Halloween, Thanksgiving and all the good things of the fall.

Caliph Each 30c, Doz. \$3.00
A fine dark red. Best described by its picture at left.

Ceres Each 30c, Doz. \$3.00
A single flower of much merit. The plants are simply covered with soft buff-colored blooms, the centers of which are so much the same color that the whole plant seems to be a tan mound.

Clara Curtis Each 35c, Doz. \$3.50
An extremely floriferous single. Salmon-pink flowers bloom as early as August and hundreds of them cover the individual plants. One of the first to bloom, making it suitable for northern locations. Very hardy.

Daphne Each 30c, Doz. \$3.00
A fine Daphne-pink. Illustrated at the left.

Ember Each 30c, Doz. \$3.00
The color of Ember is best described in the picture at the left. The plants are well covered with these glowing blooms.

Granny Scoville Each 35c, Doz. \$3.50
One of the loveliest and largest of the hardy 'Mums. The fully double flowers are as much as 4½ inches across and are a cream-coral in color with a faint bronze suffusion. For exhibition flowers, we recommend removing the side buds, leaving only the top bud of each stalk.

Hebe Each 30c, Doz. \$3.00
The lovely pink of this fine 'Mum is accentuated by the silvery white ring surrounding the golden yellow center. As the flowers mature they deepen into lavender-pink. The value of Hebe, however, lies not so much in its individual flowers as the fact that it forms a mound 3 feet high, completely covered with flowers. Fine for mass effect.

Indian Summer Each 30c, Doz. \$3.00
A fine tawny orange illustrated at left. A tall variety, may be used to advantage back of the lower growing Cushion 'Mums.

Jean Cumming Each 40c, Doz. \$4.00
Without question, the finest white variety. Pure white, just a touch of cream in the center lights the fully double petals. Pictured at left, it is a necessary complement to the darker shades.

Jean Treadway Each 30c, Doz. \$3.00
A bit out of the ordinary, the double flowers of shining light pink have a deep maroon-crimson spot in the center. The contrast between the colors is marked and distinct and very suggestive of fall.

King Midas Each 35c, Doz. \$3.50
There are very few Chrysanthemums that can compare with King Midas. The illustration at left does not do this particular flower full justice, for it is one of the largest and brightest of the yellows. It lasts longer than almost any other 'Mum we know, and it is ideal for cutting, being tall and well-branched, and quite covered with bloom.

Lavender Lady Each 40c, Doz. \$4.00
The best known of the new Chrysanthemums, Lavender Lady is particularly prized for use in arrangements where soft lavender tone shown in the picture at left combines beautifully with almost any other garden subject. Lavender Lady, like King Midas, has the advantage of an extremely long flowering season.

Mars Each 30c, Doz. \$3.00
For the lover of the extremely hardy Koreans, Mars is the finest deep red. A single flower that has an extra set of petals, Mars is a fine contrast to the lighter varieties of the Korean 'Mums.

Niobe Each 30c, Doz. \$3.00
Pure glistening white single Korean 'Mum, light in appearance.

Pale Moon Each 40c, Doz. \$4.00
As the picture at left shows, one of the finest and brightest very light cream-colored 'Mums. Excellent for arrangements or the garden.

Red Doty Each 35c, Doz. \$3.50
A fine old favorite still one of the best of the late Chrysanthemums for garden use. The insides of the petals are soft garnet-red, the outside silvery pink. As the flower becomes fully developed, the center petals curve so the pink reverse becomes visible from the top, giving the flower a bicolor effect that is unusual and very attractive.

Romany Each 35c, Doz. \$3.50
A lovely combination of carmine-red, and bronzy red, difficult to describe properly. In the autumn sunlight these subdued hues tend to blend and vary with almost irresistible appeal. Flowers are fully double and are well carried on the tall plants.

Sequoia Each 30c, Doz. \$3.00
A dusty yellow double variety much the same color as fall-turned maple leaves; beautiful to combine in the home with such autumn material.

Symphony Each 40c, Doz. \$4.00
An unusual bicolored 'Mum best described by its picture at left. A well-liked variety of 'Mum.

The Moor Each 35c, Doz. \$3.50
Probably the best red double Chrysanthemum we have. The Moor, an even more brilliant red than shown in the picture at left, is one of the very best of the dark colored Chrysanthemums.

POMPON CHRYSANTHEMUMS

Cheerfulness Each 30c, Doz. \$3.00
Golden yellow rounded flowers, about 1½ to 2 inches across, just made to order for boutonnieres. A wealth of bloom for six weeks or more. The foliage is dark green, contrasting with the bright flowers.

Early Bronze Each 30c, Doz. \$3.00
Pure golden bronze flowers of medium size, double and gracefully rounded. Desirable because of its early flowering and because the plants are simply covered with these fine Pompon flowers.

Elfin Each 35c, Doz. \$3.50
Shown in the picture at left, Elfin is one of the best of the Pompons. Being extremely floriferous, the well-branched plant is simply covered with these fine miniature flowers.

Ermalinda Each 30c, Doz. \$3.00
A fine late Pompon whose tall branches are literally covered with its lavender toned blooms, high-lighted by a brighter spot in the center. Ermalinda is exceedingly valuable for fall cut-flower arrangements.

Flowerfield's Garnet Each 40c, Doz. \$4.00
The best of the Pompon Chrysanthemums, a beautiful deep garnet-red. The flowers are perfectly formed and are ideal for boutonnieres, or for cut flower arrangements. We cannot recommend this fine plant too highly.

CUSHION CHRYSANTHEMUMS

First brought into prominence a few years ago, this class of dwarf spreading 'Mums is today extremely popular. The plants grow only to a height of 12 to 15 inches but spread as much as 2 feet across, forming solid mounds so completely covered with flowers that the foliage is entirely hidden, usually having a thousand flowers on a single established plant. These plants begin to bloom in August and continue until hard frost. They are unexcelled for edging or low borders.

Bronze Cushion Each 30c, Doz. \$3.00
Rich coppery bronze, tending to become lighter with age.

Pink Cushion Each 30c, Doz. \$3.00
An attractive light pink, gradually becoming lighter as the flowers age.

Red Cushion Each 35c, Doz. \$3.50
A beautiful autumn red. Excellent for contrast with the brighter shades.

White Cushion Each 30c, Doz. \$3.00
A delicate flesh color upon opening, quickly turning to clear white.

Yellow Cushion Each 30c, Doz. \$3.00
Pure golden yellow. This is quite the brightest color among Cushion 'Mums.

YELLOW
CUSHION

DICENTRA SPECTABILIS

CIMICIFUGA

Adapted to shady locations, and moist soils. Excellent to plant at the back of borders, among shrubs and in open woods. The decorative foliage and feathery sprays of pure white are striking in cut flower arrangements. The finest late-flowering plant for shady areas.

Racemosa Three \$1.15, Doz. \$3.75
A handsome shade-loving plant, carrying spikes of pure white flowers, 4 to 6 feet high, in July and August. Excellent for naturalizing.

Simplex Each \$1.00, Doz. \$10.00
One of the finest fall flowering plants, unexcelled for use in the shade. In addition to its manifest garden value, it is a most interesting cut flower subject. Try a bowl of these pure white spikes—the result is often startlingly beautiful.

CYPRIPEDIUM - Lady's Slipper

Best known and widely planted of the Hardy Orchids. Must have abundant moisture and succeeds best in shade and open woods. Delight in cold climates and hard winters. Blooms in June, growing a foot high.

Acaule Three \$1.50, Doz. \$5.00
Called the Red Lady's Slipper, though the color is really rasy purple.

Pubescens Three \$1.50, Doz. \$5.00
Large flowers of attractive yellow.

Spectabile Three \$1.65, Doz. \$5.50
(Shaw's Lady's Slipper.) Flower stems run 1 to 2 feet in height with one, two or even more large rose-purple or pure white archid blooms.

Orchis spectabilis Three \$1.35, Doz. \$4.50
Called the Shaw's Orchid. Stems from 8 inches to a foot in height, with erect spikes carrying from 3 to 8 delightfully fragrant flowers of violet-purple, variegated with lighter purple and white. Truly an outdoor Orchid with all the exotic beauty of its more tender brethren.

DIGITALIS - Foxglove

The Biennial forms are strikingly beautiful. Their beauty is further enhanced by spots and markings on the lower part of the pendulous bell-shaped flowers. They grow 4 feet or more tall, with flower spikes measuring as much as three feet. Well drained soil and protection over the winter are essential. Perennial forms are not as gayly colored, but deserve a place in the perennial border.

Giant Shirley Hybrids Three \$1.15, Doz. \$3.75
Biennial Foxglove. 3 feet tall, with the widest variety of color, including chocolate, rose, white, shell-pink, attractively marked.

Gloxiniaeflora Three \$1.15, Doz. \$3.75
A fine biennial variety of vigorous habit with flowers of white, rasy pink or deep purple. 2 to 4 feet high. Specify color.

Laevigata Three \$1.25, Doz. \$4.25
The best of the perennial varieties, and probably the most showy. One color only, a distinct tawny buff. 4 feet or more in height, with bells as large as a man's thumb, closely packed in a fine, outstanding spike.

DICENTRA - Bleeding Heart

One of the most useful plants for the spring garden. Dicentra is noted for its beauty when grown in a shady spot, yet is outstanding for combining with such sun-lovers as peonies, or the early varieties of Hemerocallis. For sheer grace, few plants can equal their habit of growth.

Eximia Three \$1.25, Doz. \$4.25
A dwarf growing type, with finely cut foliage, blooming in June and intermittently throughout the season. Equally at home in sun or full shade. Perfectly hardy. Plant 8 to 12 inches apart.

Spectabilis Three \$1.35, Doz. \$4.50
The long, showy racemes of heart-shaped flowers and attractive foliage make this one of the most beautiful plants of all spring. Plant in sun or shade, moist or regular soil—there are few conditions that can daunt this hardy perennial.

DICTAMNUS - Gas Plant

Sturdy, erect canes, clothed with green foliage that in itself is attractive after the flowers are gone. Curiously, these plants emit a peculiar volatile substance, that may be ignited in the evening, without harm to the plants. Do best in a rich well drained soil. Sunny locations are best, though light shade does no harm.

Fraxinella caucasicus Three \$1.35, Doz. \$4.50
Make bald clumps of six to eight canes or more, with foot-long heads of attractive pink flowers, in June and July. Height is 3 to 4 feet, making them striking plants in the border.

Alba Three \$1.35, Doz. \$4.50
Pure white form of the above.

DORONICUM

The single, open flowers are of pure yellow, invaluable for cutting, and particularly desirable because of their early spring flowering habit. The foliage is large and heart-shaped. It does well in heavy, moist soils, and is perfectly at home whether in shade and among trees, or in bright sunlight.

Caucasicum Three \$1.35, Doz. \$4.50
Rich, bright yellow flowers of good size. Does excellently used in connection with Tulips, or in open woodland and shrubby borders, with other spring flowering plants. 2 feet.

EUPATORIUM - Hardy Ageratum

Hardy perennials suitable for midway positions in a perennial border, and for semi-wild locations. Will grow in half shade as well as in full sun.

Coelestinum Three \$1.15, Doz. \$3.75
Bright blue heads of flowers in August and September, similar in color and shape to the annual Ageratum. Grows 3 to 4 feet in height, and persists year after year. Excellent with chrysanthemums.

CYPRIPEDIUM SPECTABILE

DIGITALIS, GIANT SHIRLEY HYBRIDS

Delphinium

Widely known and universally admired for their stately, handsome habit and unmatched beauty. Grown in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the first flowers are cut in June, secondary growth is secured with another crop of flowers in September.

In cooler parts of the country they do splendidly, growing especially well in coastal regions where cool summers prevail. Rich soil should be provided, with a generous quantity of manure. Full sunlight is essential.

Pacific Coast Hybrids

In size of flower, range of color, formation of blooms, and cut flower value, these are the finest strain of Delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double, and finely formed. A variety of "eyes," some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues, through light tones, two-toned, pink shades, lavenders, to really deep blue.

Blue and Light Blue Tones	Each 75c, Doz. \$7.50
Violet and Dark Blue Tones	Each 75c, Doz. \$7.50
White	Each 75c, Doz. \$7.50
All Colors and Tones Mixed	Three \$1.50, Doz. \$5.00

Tower of Snow Each 75c, Doz. \$7.50
These are grown from the finest white Hybrid Delphiniums. The spikes are long and imposing, with large, fully double flowers.

Flowerfield Exhibition Strain Three \$1.15, Doz. \$3.75
An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Belladonna Three 95c, Doz. \$3.25
Not to be confused with or used in place of the Hybrid strains offered above. This sort is easily grown in almost any situation, succeeding in warm parts of the country where Hybrids peter out. They grow about 3 feet in height, in one pure tone of clear light blue. Invaluable for cutting, and used extensively for that purpose. 3 feet.

Belladonna, Cliveden Beauty Three \$1.35, Doz. \$4.50
A fine improvement over Belladonna—larger, taller, more floriferous and of a brighter color.

Bellamosa Three 95c, Doz. \$3.25
Identical in habit and size to Belladonna, but of a rich dark blue.

Chinense Three 95c, Doz. \$3.25
Quite apart from other Delphiniums in habit of growth. They reach a height of somewhat under 3 feet, with light, feathery foliage and open panicles of graceful blue flowers. They bloom several weeks after the other types of Delphinium, and help greatly to prolong the Delphinium season in the border. 3 feet.

Chinense album Three 95c, Doz. \$3.25
Pure white form of the Chinense Delphinium.

FUNKIA - Plantain Lily

Coerulea Three \$1.15, Doz. \$3.75
Used in shaded locations and for edging. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow even under unfavorable conditions.

Subcordata grandiflora Three \$1.35, Doz. \$4.50
In August and September this has tall, lily-like stems with pure white trumpet flowers four inches or more in length. A fine addition to the garden. Excellent for use in shading the roots of lily bulbs.

Variegata Three \$1.15, Doz. \$3.75
A beautiful edging plant admired for its colorful foliage as much as for its fine lily-like blue flowers. The leaves are pure white, heavily marked with bright green. Fine for edging.

GAILLARDIA - Blanket Flower

One of the most reliable perennials; now, with the introduction of newer sorts, one of the best for cutting. Persists with little or no attention, surviving severe droughts that kill out other plants. Gay and bright, blooming from June to November. Give them full sunlight, and a light, well drained soil.

Mr. Sherbrook Three \$1.35, Doz. \$4.50
High rounded golden yellow centers, surrounded by broad petals of the same attractive color. Stems rise right from the base of the plant, and are straight and stiff. Cut constantly, and right down to the crown to encourage production of flowers.

Ruby Three \$1.35, Doz. \$4.50
Brilliant ruby-red; excellent to combine with pure yellow varieties. The centers, while carrying out the red of the flower as a whole, have an undertone of yellow.

Improved Hybrids Three 95c, Doz. \$3.25
Here red, yellow, and innumerable and indescribable combinations of the two colors run riot, each flower possessing a character all its own.

GEUM

Full double flowers, of distinctive cut flower quality, with stems of wiry nature. Geums form compact clumps with pretty pinnate foliage. Sunny locations and abundant moisture at all times are essential.

Fire Opal Three \$1.50, Doz. \$5.00
Dazzling rich scarlet flowers with orange sheen from May until really cold weather in the fall. Huge flowers running 3 inches or more across on stems 2 feet tall. It should be in every garden.

Mrs. Bradshaw Three \$1.15, Doz. \$3.75
Fiery orange-red flowers of good double formation. Blooms nearly all summer long.

Princess Juliana Three \$1.50, Doz. \$5.00
Deep orange flowers often 3 to 3½ inches across on 2-foot stems from May until October. Forms sturdy clumps of foliage, qualifying as one of the best varieties for the garden.

DELPHINIUM, FLOWERFIELD EXHIBITION STRAIN

SIBERIAN IRIS

Miniature Iris

There is a lovely charm to these little fellows that makes them desirable in gardens of any size. They do not dominate the center of the garden, but make their best appearance in clumps or beds, blooming for the most part in April. All are independent in habit, taking good care of themselves when once established.

SPRING-FLOWERING VARIETIES

Little cousins of the tall Bearded Iris, identical in flowers and in soil requirements. They grow only 4 to 9 inches tall, making it possible to use them both in the rock garden and at the edges of borders. Flower quite a bit before the taller Iris, coming into bloom during April and early May.

Excelsa	Clear pale lemon-yellow. Early flowering.	Three 75c, Doz. \$2.50
Fairy	Pale blue. One of the dwarfest of the Pumila Iris.	Three 85c, Doz. \$2.75
Sambo	Dark violet-blue, growing about 8 inches tall.	Three 85c, Doz. \$2.75
Schneecuppe	Large, showy, pure white. 8 inches.	Three 85c, Doz. \$2.75

AUTUMN-FLOWERING VARIETIES

The autumn-flowering types have two or more flowering periods during the year. In addition to flowering in the spring with the other Pumilas, a second crop is borne during September. The more prolific types will often continue to flower until frost, as well as throwing scattering bloom during the summer months.

Autumn Queen	Pure snow-white and a reliable variety. Compares in vigor and habit with Jean Siret and Lieut. Chavagnac. 10 inches.	Three 95c, Doz. \$3.25
Jean Siret	Clear golden yellow. Has a long blooming period in the spring, and again in the fall. One of the finest miniatures. 8 inches.	Three 95c, Doz. \$3.25
Lieut. Chavagnac	A new everblooming, fragrant, brilliant violet variety, with all the good qualities of Jean Siret, including its prolific blooming habit. The two go well together and are best planted in combination. 12 inches.	Three \$1.15, Doz. \$3.75

Siberian Iris

Dainty flowers, borne on long, slim stems, with narrow grass-like foliage that is quite decorative in itself after the flowers are gone. Particularly nice about pools and streams. The long-keeping qualities of the blooms make them ideal for cutting, especially when combined with Iris Pseudacorus, a lovely yellow variety, quite similar in habit and flower. Used in masses among the Peonies, few combinations of flowers can equal the resulting profusion of lovely color. They are at home anywhere tall Bearded Iris are planted, requiring the same general culture. Height 3½ feet.

Bob White. Pure white, dainty flowers, fine for cutting.

Butterfly. Soft medium blue flowers with graceful foliage.

Duchess of York. Deep violet-blue; lovely to contrast with lighter colors.

Mrs. Rowe. An unusual color in Siberian Iris, clear lavender-pink.

Paillon. Clear blue throughout. Excellent in mixed bouquets.

Peggy Perry. Rich dark blue. Quite handsome with white Peonies.

Pigmy. Dark violet; low-growing. Adapted to foreground planting.

Snow Queen. Low growing white. Really exquisite flowers.

Thelma. Delicate shade of Alice-blue, with contrasting white throat.

White Dove. An unusually tall-growing variety of pure snow-white.

All Varieties: Three 75c, Doz. \$2.50

Lovely Yellow Iris Pseudacorus

Very similar in habit of growth, flowering time, and shape of the blooms to the Siberian Iris. Excellent to plant with them to add yellow to the white and blue of the Siberian. They look especially well when cut and brought indoors. They will stand much moisture, and will naturalize readily along ponds and streams.

Three 75c, Doz. \$2.50

Iris Ochroleuca Gigantea

FOR LONG-LASTING CUT FLOWERS

Stately garden plant, extensively grown by florists for its beautiful, long-lasting cut flowers. They are quite unlike other Iris, being completely beardless and of most artistic form and appearance. The flowers are worthy of a spot in any garden, and are unexcelled in the home as cut flowers.

Three 95c, Doz. \$3.25

Iris Cristata

A delightful pale orchid. Grows only to about 3 inches, and has creeping tendencies. An excellent subject for a shady spot in the rock garden, or as a ground cover under trees, where it will form a carpet covered with flowers in the early spring. Should be planted in generous quantities, setting the plants about 8 inches apart.

Three \$1.15, Doz. \$3.75

SPRING-FLOWERING MINIATURE IRIS BLOOMING WITH TULIPS

TALL BEARDED IRIS

Of tall bald form and abundant bloom, the Tall Bearded Iris flower during late May and early June. Extremely hardy, they thrive anywhere and multiply rapidly. Their lovely self colors, and exquisite blends will add immeasurably to the beauty of your garden. Usually planted in full sunlight but well suited to moderate shade. In late June, after flowering, it is well to cut back the foliage to 6 inches instead of allowing it to die down naturally.

Amigo Each \$1.95, Doz. \$19.50

Richly colored flowers of heavy texture, suggesting a velvety blue Pansy. Standards are clear light lavender, with falls of lustrous Pansy-purple, set off by a narrow edge of pure white. An exquisite Iris.

Blue Monarch Each 50c, Doz. \$5.00

A tall, clear violet-blue self-color, having a smooth velvety finish. An Iris of great dignity; one of the finest blues.

Blue Velvet Each 35c, Doz. \$3.50

A really beautiful variety of deep blue-violet with large attractively formed flowers on tall well-branched stems. Considered to be one of the finest self-colored Iris in the blue tones.

Cinnabar Each 25c, Doz. \$2.50

Standards are of violet-purple. Falls are Catinga-purple and flaring, with a distinct red overtone. One of the tallest varieties.

Crystal Beauty Each 35c, Doz. \$3.50

Very early and very tall. A gorgeous, pure snow-white of huge size on stalks that are shoulder high; the tallest of all white Irs. Flowers perfectly shaped, freely produced.

Eros Each 30c, Doz. \$3.00

A very fragrant, delightful new salmon or hydrangea-pink, with as many as twelve flowers to a stem. The large, shapely flowers have a delightful silky texture. Eros grows only 2 to 3 feet tall, and thus is excellent in front of taller varieties.

Gleam Each 25c, Doz. \$2.50

Attractive self-color of clear luminous pale blue, contrasting with a brilliant orange beard on the falls. The flowers are extremely large and carried on tall stems.

Golden Hind Each 60c, Doz. \$6.00

Purest gold throughout, with no trace or veining of any other color, except for the beard of conspicuous bright orange. In richness and depth of color, it is superior to all other deep yellow Iris. Somewhat fragrant.

Indian Chief Each 35c, Doz. \$3.50

There is no variety to surpass this in the medium early "reds." Falls are of deep blood-red, suffused with soft bronze. Standards are somewhat lighter in color with a violet cast. Tall and well branched.

King Midas Each 25c, Doz. \$2.50

While at a little distance this would seem to be entirely yellow, in reality the flowers are a soft blending of beautiful pastel tones. The standards are golden buff, suffused garnet-brown, with the falls iridescent garnet-brown, edged golden buff. A golden haft and heavy orange beard set off the center of the flower.

Omaha Each 25c, Doz. \$2.50

A pleasing combination, in which a true coppery tone is suffused with pink, together with a warm cinnamon-brown. With Omaha one can obtain "autumn" effects in the spring.

Pink Opal Each 30c, Doz. \$3.00

Fine, tall, large, uniform pink Iris of exquisite beauty, heightened by an attractive lavender overcast.

Selene Each 30c, Doz. \$3.00

Pure white flowers in the garden are always desirable, and in Iris this color is particularly useful. Selene carries well-branched heads of clear pure white of fine substance.

Sierra Blue Each 35c, Doz. \$3.50

Slightly fragrant, gigantic flowers of true self-color medium blue, with broad flaring petals of unusual length. Magnificent in the garden where its tall stems stand erect in any kind of weather, producing an abundance of bloom.

The Black Douglas Each 35c, Doz. \$3.50

A huge, very deep dark Iris, considered one of the best of the so-called blacks. Standards are of deep violet, with velvety falls of dark violet-blue, with scarcely any veining at the haft.

Wabash Each \$2.50, Doz. \$25.00

Last, but certainly not least, Wabash is one of the finest new Iris we offer. The standards are glistening white, the falls beautiful violet with a fine white border. A breathtakingly lovely Iris.

ORCHIDS of the GARDEN

IRIS *Kaempferi*

F. H. CHILDS

a Specialty at Flowerfield since 1895

Everyone has a favorite flower. Ours at Flowerfield is the Iris Kaempferi. Those who have seen its fragile beauty agree with us, and for many years we have supplied America with Iris Kaempferi, the Iris so completely different from the common types of Iris. Iris Kaempferi is an altogether lovely species. It blooms later and more beautifully, and the foliage is narrower and more swordlike, lending grace to your garden even when not in bloom. Moreover, these particular Iris come into bloom during late June to the middle of July, just at the time when the borders are "going off" after the wealth of late spring flowers. Filling, as they do, a gap in your garden season, this colorful display is definitely welcome.

Our collection was started here in Flowerfield in 1895 by John Lewis Childs. Since then, we have garnered over 600 named varieties; many of these we have since discarded, as improvements took their place. Finding certain gaps in the selection we ourselves have hybridized for new varieties. In doing so we have introduced to the public some of the finest Iris Kaempferi. Our introductions such as Light-in-the-Opal, Betty F. Holmes, Elbrus and over seventy others have won us more fame, and a great following among those gardeners who know the exotic beauty of this flower.

You might suppose that such lovely flowers would be difficult to grow, but on the contrary anyone can succeed with them. They are perfectly hardy. They thrive on water, living in spots that are too wet for many flowers, yet they bloom best in a sandy and well-drained location, if only supplied with water occasionally. The huge flowers, often reaching 8 inches or more, are produced in a wide variety of colors that have the richness of an oriental rug, and give an exotic picture that no other garden flower can duplicate.

POPULAR STANDARD VARIETIES OF PROVEN MERIT

Over the years our customers have shown marked preference for certain ones of our many varieties. All of these have stood the test of time, flowering year after year with fresh new beauty and with complete satisfaction to the most discriminating gardener.

So that you may choose with ease, these are grouped in broad color classifications. While by no means our complete list of varieties, they do represent a fine cross section of our extensive collection.

PURE WHITE

Apollo Each 45c, Doz. \$4.50
The virginal beauty of the large white single petals is enhanced by the small pink standards which rise blue-tipped from the throat. Early in bloom, it increases the length of your garden show.

Gold Bound Each 50c, Doz. \$5.00
Until the introduction of Betty F. Holmes, the best white. A fine floriferous plant, bearing large, double, pure white flowers. The use of Gold Bound, or others of the pure white Iris, is necessary to set off the darker ones properly.

***Moonlight Waves** Each 50c, Doz. \$5.00
A large, early blooming white Iris. Its double set of petals hang in luxurious folds from stately stems and form a perfect background for the coloring of your garden.

WHITE WITH SUFFUSED HUES

***Calvin Coolidge** Each 60c, Doz. \$6.00
White blushed with red-purple on its large petals, it is a rare single Iris of extreme beauty. A fitting companion to the lovely King of Kings. Plant them together for a gorgeous color harmony in delicate reds and blues.

***Moonlight Glacier** Each 40c, Doz. \$4.00
As its name implies, this large white Iris subtly tinted with delicate shades of blue suggests the beauty of mountain ice fields. A profuse bloomer.

Hebe Each 50c, Doz. \$5.00
Hebe, cup bearer to the gods, was never more beautiful than this Iris. A faint blue blush over the white petals gives an ethereal quality to the double flower. A flower to be used far an accent, not as background.

LIGHT PETALS WITH DARK VEINS

***Carlton Childs** Each 50c, Doz. \$5.00
The large single petals are a light shade of pink, covered with veins of burgundy-wine. The effect is that of an intricate Oriental design.

***Caroline G. Childs** Each 45c, Doz. \$4.50
The individual petals are of an enormous size, and are laced with deep purple veins over faint blue. An exceptionally tall single.

***Jeannette Parry** Each 40c, Doz. \$4.00
Very large, single petals of light blue are softly veined in deep purple. The blue counterpart of the red Carlton Childs.

***Marjorie Parry** Each 45c, Doz. \$4.50
A soft mauve flower laced with red-purple veins. The soft coloring of the petals is charming in its delicacy. A double variety.

Rose Anna Each 50c, Doz. \$5.00
A large double whase almost white petals are heavily crossed by dark red veins. An unusual flower to be used for accent work.

DARK PETALS WITH WHITE VEINS

***Eleanor Parry** Each 45c, Doz. \$4.50
A large double whose red-purple petals are veined strongly in white. It is a late blooming Iris, prolonging the beauty of your garden, and a fitting companion to its blue counterpart, Lucy Marshall.

***Ethel J. Marshall** Each 40c, Doz. \$4.00
A beautiful late blooming flower with single petals of light blue laced with white veins. Growing tall and straight, it carries its beautiful blooms in a regal manner, making it outstanding.

Hercule Each 50c, Doz. \$5.00
An exceptionally large Iris of double formation. The ruffled petals are light blue, subtly laced in white as if colored in pastels. An unusual variety, in that blooms on the same plant vary in the intensity of the blue, giving the effect of several different flowers from one plant.

Purple and Gold Each 45c, Doz. \$4.50
A large double flower of dark blue-violet. Purple and Gold is one of the best known and most dependable of the older variety of Irises, being known also by the names Pyramid, Koki-no-Iro, and Midnight. It is extremely lavish with its bloom, even small plants giving many flowers.

Reine Helene Each 50c, Doz. \$5.00
One of the most artistically formed of the Iris—large, ruffled flowers freely produced on tall, stately stems. In the sun Reine Helene is a soft reddish purple. As a cut flower indoors, it seems a lovely violet shade.

FLOWERS WITH INCONSPICUOUS VEINING

***Aspasie** Each 50c, Doz. \$5.00
Indistinct light blue veins traced across the petals of soft lavender give a beautiful even coloring to the flowers. Mass these singles for a most delightful color effect.

***Astarte** Each 50c, Doz. \$5.00
The bloom is a beautiful deep hyacinth-blue in even textured falls which measure as much as nine inches. This is an outstanding double variety for those who like the darker shades. Another valuable late bloomer to carry on as others fade.

Bangkok Each 45c, Doz. \$4.50
A beautiful light blue-purple single Iris. Bangkok is a solid color and is the earliest bloomer of the Iris Kaempferi.

***Betty Jean Childs** Each 50c, Doz. \$5.00
The light pink falls are delicately veined with orchid, and tiny mulberry standards rise from a golden throat. Planted with Aspasie, the red and blue makes a very attractive garden blending. One of the prettiest singles.

***Chutsai** Each 40c, Doz. \$4.00
A single flower of very light red-purple with indistinct veins of the same color. The appearance is one of charming simplicity. Planted en masse, they produce beautiful color splashes in your garden.

***Clarice Childs** Each 60c, Doz. \$6.00
The petals of this single Iris are a dark reddish purple with veins of a slightly deeper hue. The general appearance is one of even color and the massed effect is exquisite. Early, a fitting herald of the exciting events to come in your Kaempferi garden.

***John Francis** Each 60c, Doz. \$6.00
Petals are clear lavender, flushed with blue. Inconspicuous veins run across the single falls, giving a luxurious texture to the bloom. One of the largest flowers in the Iris family, it is outstanding as a cut flower.

***Josephine Heywood** Each 40c, Doz. \$4.00
Large blue petals, fading to a light blue around a lemon-yellow throat, make this single Iris one of the most interesting color combinations. It grows tall and blooms profusely.

Patrocle Each 40c, Doz. \$4.00
An amethyst-violet flower with yellow throat markings. There is a beautiful blue flush toward the center of the single petals. Should be included in any collection because of its exquisite early bloom.

Totty's True Blue Each 50c, Doz. \$5.00
A flower of pure violet-blue. The large petals and late blooming date make this a valuable asset to the Iris garden. One of the best varieties for mowing. Blooms profusely.

MOTTLED EFFECTS

Confucius Each 40c, Doz. \$4.00
The light blue falls are splashed with red-purple, giving a pleasing mottled effect. It is as charmingly oriental as its name would imply.

***F. H. Childs** Each 60c, Doz. \$6.00
Undoubtedly the best and most beautiful of the splashed Iris, its large double blooms are of a deep red-purple, evenly splashed with white. Its appearance is that of fine polished granite. A Flowerfield masterpiece which is an exciting accent point for your garden.

Un-named Seedlings

Flowerfield hybridizes over 50,000 new Iris Kaempferi every year. From these new hybrids only the finest are chosen for further testing, the rest destroyed. From this group have come such world-famous Iris as Light-in-the-Opal, Elbrus, Betty F. Halmes and the other Flowerfield originations. Those which are as good as, but not appreciably better than existing varieties, are not named but are sold as unnamed seedlings. To the lover of the unusual, and to the Iris enthusiast, they offer striking value.

Three 85c

Dozen \$2.75

MOONLIGHT WAVES

ASTARTE

THE MOST OUTSTANDING VARIETIES

LA FAVORITE

BLUE
GIANT

*Betty F. Holmes

Each 65c, Doz. \$6.50

The finest and most beautiful of all the white Irises. Its double set of large petals have the look of newly fallen snow sparkling in the sunshine. Very tall, it blooms abundantly and enhances the beauty of any other Iris near which it is grown.

Blue Giant

Each 50c, Doz. \$5.00

Blue Giant is one of the largest Iris. The single petals measure nine inches across and its soft deep blue color makes it as beautiful as it is large. Perfect for mass planting, particularly enchanting harmony of color is obtained when planted with Madonna Lilies.

Circe

Each 50c, Doz. \$5.00

A large double flower of dark blue-purple. A narrow white band circles the yellow center, creating a beautiful contrast with the dark petals. Its early bloom makes it a "must" for those who would enjoy a full season of color.

*Doris Childs

Each 60c, Doz. \$6.00

Double rows of large pink petals deeply veined in purple make this a unique variety. Carried on tall straight stems, its beauty as well as its difference demands for it a place in your garden.

*Elbrus

Each 75c, Doz. \$7.50

A fitting companion to the exquisite Light-in-the-Opal, these two are considered by many as our greatest achievement in Iris development. The bloom is an exceptionally large double with ruffled edges, in a gorgeous azure-blue. Elbrus is undoubtedly the outstanding light blue.

*Frances E. Cleveland

Each 65c, Doz. \$6.50

Similar in form to the Blue Giant, this Iris is a huge single, usually nine inches across. It is, however, a fine light blue in color. Being a solid color it blends well in the border, either for background or where a beautiful sky-blue is needed for an accent point.

*King of Kings

Each 50c, Doz. \$5.00

A single white Iris of exceptional size, the beauty of which is enhanced by a delicate blue-purple glow which spreads over the petals as they open. This fascinating effect makes them particularly valuable as a cut flower. Pick them in bud and watch them unfold their beauty indoors.

*La Favorite

Each 50c, Doz. \$5.00

An exceptional double flower. The delicate blue-white color of the falls is faintly laced with fine purple veins, creating an effect of pure white at a distance. Its individual color blending is a subtle beauty.

*Lucy Marshall

Each 60c, Doz. \$6.00

One of the largest dark blue doubles in the Iris Koempferi family. The throat is surrounded by a white band which shoots forth veins into the dark blue of the slightly ruffled petals. A late variety, it will give its bloom at a time most desired in the garden.

Slumbering Beauty

Each 50c, Doz. \$5.00

One of the most enchanting of the red-purple Irises. The single falls are laced with tiny threads of white which spring from a large white center. A tall graceful grower, magnificent blooms.

Violet Beauty

Each 60c, Doz. \$6.00

The individual single petals of Violet Beauty are enormous, and form a flower of rich velvety texture. It is the violet counterpart of Blue Giant. Tall and stately, it displays its exquisite beauty to advantage planted either singly or en masse.

Collection of 4 Outstanding Varieties

Blue Giant

King of Kings

Light-in-the-Opal

Slumbering Beauty

1 each \$1.75

3 each \$4.00

flowerfield

* *Light-in-the
Opal*

One of the most outstanding of all Irises. A gorgeous orchid-pink whose double flower measures eight inches and more across. Ruffled at the edges, the throat is surrounded by a delicate blue halo giving to the whole an effect of indescribable beauty. The profuse blooms are perfectly placed on tall majestic stems. A Flowerfield origination, it is a masterpiece of which we are justly proud.

Each 75c, Doz. \$7.50

THE CHRISTMAS ROSE
HELLEBORUS NIGER

GY SOPHILA - Baby's Breath

Clouds of tiny pure white or light pink flowers, carried in light, open sprays. Ideal for fillers in bouquets, as well as cut and dried for winter use. A fine border plant. Give full sunlight and a light, well drained soil. Set Repens 8 inches apart, larger growing varieties 2 feet.

Bristol Fairy

Three \$1.35, Doz. \$4.50

Grown by home gardeners and florists because of its pure white, fully double florets. Blooms in July and continues throughout the summer. A wonderfully productive plant much prized for its heavy panicles of glistening white.

Pacifica

Three \$1.15, Doz. \$3.75

Clear pink flowers, freely produced, add greatly to the use of Baby's Breath. Gives an attractive pastel color for bouquets.

Repens rosea

Three \$1.15, Doz. \$3.75

Low, creeping form, excellent for the edge of borders, rockery or rock wall, where the comparatively dry soils afford them perfect growing conditions. Flowers come in clouds of pale pink.

HELENIUM - Helen's Flower

Indispensable to give color to the perennial border in August and September. Full bushy plants, 3 feet tall, with hundreds of flowers in attractive tones of yellow, orange and mahogany. Give light soil, full sun, and abundant moisture during the heat of summer.

Chippersfield Orange

Three \$1.35, Doz. \$4.50

A new color in Heleniums, with great heads of copper and gold. Its distinct color adds greatly to its charm. Plants are strong and healthy, growing to a height of 4 feet.

Peregrina

Three \$1.50, Doz. \$5.00

Unquestionably the finest and having the largest flowers. Distinct shade of dark, bronzy mahogany, that, in spite of its intensity of color, is bright and compelling. A new plant for the perennial border, and one creating an effect all but impossible to duplicate with other plants. Height 3 feet.

HEUCHERA - Coralbells

From a low, spreading mat of dark green heart-shaped leaves of considerable size, the Heucheras throw up loose, graceful sprays of tiny white, pink or red bell-shaped flowers, giving a delicate note of contrast to the heavier masses and stalks of other perennials. May be placed in mixed perennial borders, used as edgings for walks and in the rock garden. Flowers retain color for a long time, and after flowers are gone, the plants continue to make a pleasing appearance. Must have full sun and a well-drained soil. 8 inches apart.

Pluie de Feu

Three \$1.25, Doz. \$4.25

Lovely coral-red bells and well filled sprays make it excellent for cutting, and also to high light the border. Blooms in May and continues for the early part of the summer.

Perry's White

Three \$1.15, Doz. \$3.75

A good sturdy, pure white form of the Coralbell, useful with pink and red variations. In bloom from June to September.

Sanguinea

Three \$1.15, Doz. \$3.75

Particularly suited for the rock garden. Flowers are bright crimson, carried on stems 12 to 18 inches high from June to September.

HELLEBORUS - Christmas Rose

Niger

Each 75c, Doz. \$7.50

Called the Christmas Rose because of its unique habit of flowering in winter time, its actual blooming period is in January, February and March, when it blooms regardless of cold or snow. Low growing, and somewhat spreading habit, with single, saucer-shaped flowers of white, tinged a bit with green. It will succeed best if planted in a cool, moist, shady location, such as under trees or shrubbery. The best soil is a retentive loam, mixed with leaf mold and well rotted manure.

HIBISCUS - Mallow

Great robust growing perennials, that are almost shrub-like in their vigor and reliability. Will do well in almost any location if given full sun. The flowers are huge, measuring 8 inches across, coming in attractive shades of red, white and pink. 5 feet.

Red

Three \$1.15, Doz. \$3.75

Varying shades of bright colors.

Pink

Three \$1.15, Doz. \$3.75

Range from light flesh to deep tones.

White

Three \$1.15, Doz. \$3.75

Pure white, and many with attractive bright eyes.

Mixed

Three 95c, Doz. \$3.25

All colors it is possible to find in Hibiscus.

IBERIS - Candytuft

Form clumps of evergreen foliage that keep their color all winter. Useful for border and rock garden. Excellent for early spring bloom to set off the border with a carpet of white. Set 8 inches apart and provide good garden soil.

Sempervirens

Three 95c, Doz. \$3.25

In the spring the dark green foliage is completely covered with pure white Candytuft flowers. Does quite well in light shade. Well suited for edging. Height 1 foot.

Snowflake

Three \$1.35, Doz. \$4.50

A new variety, similar to Sempervirens, but with flowers three times as large. A mass of white in full bloom. Height 1 foot.

GYPSOPHILA, BRISTOL FAIRY

IBERIS, SNOWFLAKE

LAVANDULA - Lavender

Old-fashioned plants used as herbs, perennials or semi-shrubs. In July and August they bear heads of light blue flowers, heavily scented with lavender fragrance. Should have a worm, dry soil and sunny position. Plant 1 foot apart.

Vera Three 95c, Doz. \$3.25
Growing about 15 inches high, carrying fragrant flowers. They may be gathered and used for scenting purposes.

LIATRIS - Gay-feather

Showy plants, native of North America. Excellent cut flower, for the spike blooms from the top down, allowing the bloomed-out portion to be cut off. They must have a light soil, with good drainage. Liatris succeed in full sun or shade and will withstand drought to a remarkable degree.

Pychnostachya Three 95c, Doz. \$3.25
Blooms in August, with stems four feet or more in height. Tight, compact spikes with flowers of attractive lavender-blue.

September Glory Three \$1.15, Doz. \$3.75
Showiest and most useful of the Liatris. 5 feet in height and in full color early in September. The purple flower spikes often measure 4 feet in length. Unlike older varieties, these spikes are completely colored at one time.

White Spire Three \$1.35, Doz. \$4.50
Companion to September Glory, carrying spikes of equal size in white, tinged with delicate ivory. Stunning as a cut flower.

LINUM - Flax

Light, feathery plants that are suited for worm, dry soils and full sun. Given the proper location they will flower profusely in June and continue intermittently all summer. Set 1 foot apart.

Flavum Three 95c, Doz. \$3.25
Distinct in growth, having comparatively upright branches. The flowers are bright translucent yellow, adding a cheerful touch.

Perenne Three 95c, Doz. \$3.25
The true Blue Flax. Fine, feathery foliage, on spray-like stems about a foot long, terminating in numerous light blue single flowers.

Perenne album Three 95c, Doz. \$3.25
Identical to blue Perenne, except for flowers of pure white.

Narbonnense Three \$1.25, Doz. \$4.25
Forms a spreading clump of attractive foliage with a profusion of sky-blue flowers. A superior plant, for it retains its large, more cup-shaped flowers longer than other forms of Flax.

MYOSOTIS - Forget-Me-Not

Palustris semperflorens Three 95c, Doz. \$3.25
Pretty blue flowers in clusters made up of Forget-Me-Not florets. They need abundant moisture, but if this is provided they will grow in sun or shade. Ideal for nooks in the shade, and for waterside planting. Grow about one foot high, and in time spread to a width of up to two feet.

Pink Beauty Three \$1.35, Doz. \$4.50
A fine new Forget-Me-Not. Clusters of large deep pink flowers are borne in profusion from June on. May be used as a cut flower also.

NEPETA

Aromatic and distinctly colored foliage. Occasionally grown among herbs, but more often as an edging plant for the perennial border. Combines excellently with Tulips. Full sun and well drained soil are the only requirements. Set 8 inches apart.

Mussini Three 95c, Doz. \$3.25
Commonly planted as an edging either to annual beds, or to tulip beds. The light silvery grey foliage, and attractive flower heads, growing about one foot high, blend perfectly with the tulips.

Souv. de Andre Chaudron Three \$1.15, Doz. \$3.75
Quite unlike the other Nepetas. Foliage is broader and less inclined to silvery color. Flowers are much larger, being semi-trumpet in shape, and an inch or more in length. In color a medium dark blue. This compact plant often carries twenty 2-foot flower stems on a single plant.

NIEREMBERGIA - Trailing Cupflower

Rivularis Three \$1.15, Doz. \$3.75
Dwarf, creeping plant for the rock garden and edging, with pure white bell or cup-shaped flowers. Interesting to grow in a moist, shady border, though they do well in full sunlight. Flowers all summer.

LILY-OF-THE-VALLEY

Ideal for shaded locations, growing in spots unsuited for anything else, bearing each May sprays of pure white bells, measuring 6 to 8 inches in height. Best to plant clumps, setting them 1 foot apart. When the beds fill in solidly they may be dug and reset.

Field-Grown Clumps: Three \$1.50, Doz. \$5.00

MERTENSIA VIRGINICA

MERTENSIA - Virginia Bluebells

Originally a woodland plant, but by reason of early and profuse flowering habit, just the thing for the garden. Grow in any kind of soil, and very definitely prefer moisture, shade or semi-shade. Can be grown in more open positions, if one will water heavily during the summer.

Virginica Three 95c, Doz. \$3.25
Large clusters of clear blue bells, tinged with delicate pink in April. Fine for woodland and shrub plantings and to naturalize with spring bulbs. Plant in clumps of six or more. Height 1 foot.

LILIES-OF-THE-VALLEY

Hemerocallis

MAGNIFICENT HYBRID DAYLILIES

The modern Daylily offers a delightful addition to the garden. The older forms are well-known and widespread, both in gardens, and in the wild, where some types have escaped and formed great beds. All of them have beautiful large, Lily-like, trumpet flowers. The new hybrids have been developed to the extent that they produce more flowers to the stem than any other common plant, in colors ranging from the palest yellow to pinkish apricot through to deep orange-red.

Because the Daylily thrives in full sun or part shade, they are suited to either border use or when planted as a low hedge close to the house, along the driveway, or spotted in with the low growing foundation planting. Once planted, they require practically no further care, growing in any kind of soil in any section of the country. They are completely hardy, and are suited either to full sun or partial shade.

Bay State Three \$1.15, Doz. \$3.75
Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture is excellent. Bay State blooms in July and grows over 3 feet tall.

Cinnabar Three \$1.50, Doz. \$5.00
Gorgeous blooms with a reddish cast. The tawny flowers are overlaid with coppery red markings and have a dark red throat. It is truly lovely in contrast with the pale yellow varieties. Blooms in mid-June and grows 3½ feet tall.

Dr. Regel Three \$1.15, Doz. \$3.75
One of the earliest of the Daylilies, and extremely fragrant. Its apricot-yellow flowers add great beauty to the foreground planting. Height about 18 inches. Blooms in late May and early June.

George Yeld Three \$1.50, Doz. \$5.00
A lovely bicolor, soft warm yellow with light red markings. Very striking planted as a specimen in light shade where the foundation plantings taper off. Blooms in late July. Height 3½ feet.

Gold Dust Three 95c, Doz. \$3.25
The harbinger of the Daylily family, Gold Dust blooms in early May with clusters of golden yellow trumpets. Most desirable in the foreground. Height 1½ feet.

Goldeni Twelve \$3.25, Hundred \$24.50
A really deep orange variety that has been found particularly desirable for mass plantings, where a great display of color is required. Blooms in July and grows to a height of 4 feet.

MRS. W. H. WYMAN

Hyperion Each 75c, Three \$2.00, Doz. \$7.50
Acknowledged to be the finest Hemerocallis that is now obtainable at a moderate price. The flowers are fine citran-yellow, of large size, and long trumpet form, produced in great numbers on strong stems about 40 inches tall. Vigorous in growth, a single plant will soon make a strong clump. Hyperion is persistent in bloom through July and August, with a few flowers often appearing as late as Labor Day.

J. A. Crawford Three \$1.15, Doz. \$3.75
A lovely clear warm yellow with slightly fluted petals. The strong stems carry many buds in widely branched flower heads. A wonderful variety for the border. It looks especially well in light shade. Blooms in late May and early June. Height 2½ to 3 feet.

Kwanso flore-pleno Three \$1.15, Doz. \$3.75
This really different variety is unique among Daylilies. Its double petalage makes up full-centered blooms of rich golden bronze, in marked contrast with the usual open trumpet flowers one expects in Daylilies. Blooms in July and August, 3 feet high.

Mrs. W. H. Wyman Three \$1.35, Doz. \$4.50
A late variety, Mrs. W. H. Wyman comes into flower after most of the Daylilies have stopped blooming, prolonging the season with lovely clusters of pale yellow Lilies. In full bloom August 1st. 3 feet tall.

Ophir Three \$1.50, Doz. \$5.00
Large clusters of deep yellow trumpet-shaped flowers, 25 or more to a stem. An American introduction which has had the distinction of receiving an award of Merit from the Royal Horticultural Society of England. Only because we have a large stock of this variety are we able to offer it at such an inexpensive price.

A CALENDAR OF BLOOM

A full season of bloom can be enjoyed by your own choice of the varieties listed below:

May—Dr. Regel, Gold Dust
May, June—J. A. Crawford
June—Cinnabar, Orange King
June, July—Thunbergi, The Gem, Ophir
July—Goldeni, Bay State
July, August—George Yeld, Mrs. W. H. Wyman, Kwanso, Hyperion

Orange King Three 95c, Doz. \$3.25
A free-blooming variety adapted to naturalized plantings where its abundance of bloom and strong growing habit enable it to establish readily. Clear orange flowers in June. 3½ to 4 feet.

The Gem Three 95c, Doz. \$3.25
Tall, with apricot Lilies of excellent form. The flowers are carried high above the foliage on 4-foot stems. Excellent for cutting. In full bloom June 20th.

Thunbergi (Lemon Lily) Doz. \$3.25, Hundred \$24.50
One of the older types of Hemerocallis still widely used in spite of the fact that the flowers are smaller in size than the newer hybrids. Grows 2 to 3 feet tall, blooming in July, with many flowers of pure pale yellow. Excellent for massing.

KWANSO FLORE-PLENO

Garden Collection of Fine Daylilies

Succession of bloom is the aim of every gardener. To encourage this worthwhile garden aim, we offer a special collection of four fine varieties of Hemerocallis, especially chosen for their range of blooming periods.

Gold Dust **Bay State**
Cinnabar **George Yeld**

1 each \$1.50 3 each \$3.95

HARDY PHLOX The NECESSARY Perennial

Few other plants will grow so readily, require so little care, flower in so many different colors, for so long a time, and be so generally useful. Phlox bloom in late June and continue until fall, with great trusses of red, pink, white, bicolor and bluish lavender. Give them good garden soil, cut back the faded flowers, and lift and divide them every 3 or 4 years. The results will surprise and delight you. Height 2 to 3 feet.

- B. Comte** Three \$1.15, Doz. \$3.75
Rich purplish plum or wine color. A distinct tone not duplicated in newer Phlox. Robust grower often reaching 3½ feet.
- Count Zeppelin** Three \$1.15, Doz. \$3.75
Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free-blooming. Considered the best of "calico" Phlox.
- Daily Sketch** Three \$1.25, Doz. \$4.00
A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.

LEO SCHLAGETER

PHLOX SUBULATA - Moss or Mountain Pinks

Early spring flowering plants that come into bloom before Decoration Day, making huge carpets of pink, white, lilac and red. They are indispensable for edging, for grave decoration or to highlight the rockery. They will grow in almost any soil, if in full sunlight, but do their best on soils of a light nature. Set them 8 inches apart.

- Alba** Three \$1.15, Doz. \$3.75
Great masses of flowers of purest white, completely covering the plants in May. Grow about 4 inches high.
- Apple Blossom** Three \$1.15, Doz. \$3.75
Pure delicate pink. A shade much to be preferred to the deeper tones more commonly found.
- Blue Hills** Three \$1.15, Doz. \$3.75
Showy pale blue flowers produced in the spring, with another scattering crop in the fall as well. Of compact growth and tidy appearance.
- Brilliant** Three \$1.15, Doz. \$3.75
If you want a really bright color, you will like the vivid crimson of Brilliant. A bright showy color really intended to catch the eye.
- Vivid** Three \$1.25, Doz. \$4.25
Bright pink, with darker eye. In spite of its comparatively slow growing habit, probably the best pink Phlox Subulata. Its controlled growth makes it useful where more rampant varieties become troublesome.
- Camla** Three \$1.50, Doz. \$5.00
A Setacea rather than Subulata form, growing about 8 inches high and so covered with bloom in May and June that no foliage can be seen. The flowers are a pure soft pink with no trace of magenta. They also have the advantage of "staying put"—they don't creep and spread rapidly as other creeping Phlox but always remain a neat and tidy little plant. In its class, it remains unsurpassed.

Enchantress Three \$1.15, Doz. \$3.75
Bright salmon-pink with somewhat darker eye, that does not detract from the color as a whole. Good strong grower with clean, rich foliage, comparatively free from rust.

Ethel Pritchard

Three \$1.25, Doz. \$4.25
One of the most popular of the so-called blue tones, though it is quite removed from true blue. Exact color is a French-mauve, that varies in exact shading with weather conditions.

Firebrand Three \$1.15, Doz. \$3.75
Brilliant orange-scarlet. One of the best of the older varieties. Blooms quite early in the season with large heads, made up of fairly large florets. Continues to bear quite freely until fall.

Leo Schlageter

Three \$1.25, Doz. \$4.25
The best and most brilliant red Phlox. Large scarlet blooms that seem to glow like fire. A fine sturdy grower, seldom bothered by disease or rust. Of splendid free-flowering habit, with large trusses on stems 3 feet high. Quite early.

Lillian Three \$1.15, Doz. \$3.75
Delicate cameo-pink, with faint blue eye, not found in any other variety. Lends itself to color schemes where no other variety will do. Throughout the summer the color is always the same, never taking on magenta tones.

Miss Lingard

Three \$1.15, Doz. \$3.75
Comes into bloom quite a bit earlier than other Phloxes. Probably the oldest variety in our list but still the best white. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.

Mary Louise

Three \$1.25, Doz. \$4.25
A fine new pure white and the best in late-blooming kinds. Sturdy growth with large, conical heads of pure white. Unlike some of the older white Phloxes, it continues to bloom throughout the summer.

Salmon Glow

Three \$1.35, Doz. \$4.50
Lovely flame-pink, with a suffusion of cameo-orange, shaded salmon, softened by lilac and white centers. An unusual color in Phlox, the effect being delightful orange-pink.

A Basic Collection of Phlox

Clear, distinct colors in Phlox always highlight the border, especially when planted in clumps of 3 or more of a variety. To encourage liberal planting, we offer a special collection of four fine sorts.

Count Zeppelin Daily Sketch Ethel Pritchard Salmon Glow

12 Plants (3 of each variety) \$3.95

PHLOX SUBULATA, ALBA AND VIVID

TREE PEONY, LA LORRAINE

Golden Crested Peonies

A distinct type of Peony, not as yet widely known, but rapidly increasing in popularity. They are just as easy to grow as the double Peony, requiring exactly the same culture. For garden effects they are more colorful and striking, with their most attractive colors set off by high crowns of golden anthers. The contrast between the bright center and the outer petals is remarkable.

The garden habit of this most useful Peony is above reproach. In spite of wind or rain the stems stand straight, without support, holding forth their blooms in all their glory. One single, well-developed plant will mark an accent point for beauty in your garden.

Cornelie Each \$1.00, Three \$2.75, Doz. \$10.00
Large blooms of glistening pure white made up of clearly cut petals in an almost star-shaped flower. This background of immaculate white sets off a huge crested center of pure golden anthers. One of our finest and most popular white varieties.

Henry Potin Each \$1.50, Three \$4.00, Doz. \$15.00
Splendid informally placed petals of clear deep pink, slightly notched at the ends, and with a shimmering sheen of just discernible light gold at the edges. The crown is made up of many slender stamens of rich bright yellow, fully equal to half the diameter of the entire flower.

Etoile Blanche Each \$2.00, Three \$5.50, Doz. \$20.00
The largest and finest pure white crested Peony with individual blooms often measuring as much as ten inches across. Each petal is of soft snowy white, overlapping its neighbor on each side. They are nicely rounded and recurve just the least bit, giving a most graceful appearance.

King of England Each \$1.00, Three \$2.75, Doz. \$10.00
A really fine crested Peony that flowers quite late, after other varieties have already passed their best. The color is a deep carmine with a soft, faintly glowing sheen that contrasts well with the golden center of numerous long, slightly curved stamens.

Swashbuckler Each \$1.00, Three \$2.75, Doz. \$10.00
An exceedingly brilliant rich red or deep crimson with long, rounded petals particularly broad at the edges where they overlap each other. Stamens are of dark rose-red with gleaming golden edges, making a perfectly huge dome at the center of the blooms.

The Pearl Each \$1.50, Three \$4.00, Doz. \$15.00
This and Henry Potin rival each other for the title of the finest pink crested Peony. The Pearl is a softly textured, but intense pearly pink unknown to any other variety. The petals stand out level and are nicely formed, supporting at the center a compact crest of golden stamens, just slightly marked with red.

Tree Peonies

Few plants equal the magnificent display of a well-established Tree Peony. The flowers are unusually beautiful and rare, possessing all the colors found in regular herbaceous Peonies, as well as pure yellow, yellow and orange, lavender, violet and purple. The plant does not die down like the herbaceous Peonies, but forms a shrub so that in time a single plant will attain a height of four to five feet, and carry as many as 200 flowers. These are always at least as large as other Peonies, sometimes measuring up to 10 inches across. They thrive in any well-drained soil, in partial shade as well as full sun. They like well-decayed manure and bone meal, as well as some protection from heavy winds. It is also wise to protect the flower buds against late spring frosts.

We furnish heavy field-grown plants, shipped in a ball of peat and earth. They are three years old, or older, and are much superior to young pot plants.

Light Pink Shades	Each \$4.75
Dark Pink Shades	Each \$4.75
Red and Carmine Shades	Each \$4.75
Lilac and Purplish Shades	Each \$4.75

TRUE YELLOW TREE PEONIES

La Lorraine Each \$8.50
Flowers are large and well formed, of soft sulphur-yellow, tinged salmon when opening. The yellow becomes lighter and purer when fully expanded. One of the finest and best of all the Tree Peonies, a beauty that first graces your garden, then gradually becomes its focal point.

Souvenir de Maxime Cornu Each \$13.50
Bushy plants with every stem carrying 2 or 3 full flowers, 8 inches or more across, with ruffled petals, of deep yellow, heavily shaded orange. The best known Tree Peony and justly famous.

Memorial Day Peonies

(*Paeonia officinalis*)

The old-fashioned "Piney" of grandmother's day, and still immensely popular. It flowers before the other herbaceous Peonies, and invariably by Decoration Day.

Officinalis alba plena Each \$1.00, Three \$2.75, Doz. \$10.00
Grows two to three feet high, with pure white, double flowers.

Officinalis rubra flore-plena Each 60c, Three \$1.75, Doz. \$6.00
The true old-fashioned early red Piney. Double flowers of dark crimson.

Officinalis tenuifolia fl.-pl. Each \$1.25, Three \$3.25, Doz. \$12.50
The very first to bloom, and one of our most distinct sorts. Grows one to one and a half feet tall, with finely cut fernlike foliage and compact flowers of striking dark crimson.

GOLDEN CRESTED PEONY

Double Peonies

RED DOUBLE PEONIES

- A. Rousseau** Each \$1.50, Three \$4.00, Doz. \$15.00
Very large, fully double flowers in early midseason of dark, lustrous red, shaded with maroon. The plants grow unusually tall on very strong stems. Foliage is quite dark, tinged with bronze.
- Cherry Hill** Each \$1.00, Three \$2.75, Doz. \$10.00
Maroon, with a glistening sheen, brightened by the yellow stamens. It flowers very early on tall, strong, erect stems.
- Dr. H. Barnsby** Each 75c, Three \$2.00, Doz. \$7.50
Light purplish crimson flowers of true globular shape, possessing considerable fragrance. Of upright growth, stems strong.
- Felix Crousse** Each 50c, Three \$1.35, Doz. \$5.00
Brilliant crimson of even tone and silky luster. Numerous blooms of medium to large size. One of the best.
- Francois Rousseau** Each 75c, Three \$2.00, Doz. \$7.50
Rich crimson, with a dark silky sheen, lighter toward the base of the petals, and brightened by the buried stamens.
- Karl Rosenfield** Each 50c, Three \$1.35, Doz. \$5.00
Of good clear color, excellent form, and reliable blooming habit. Very bright crimson. The best known red Peony.
- Longfellow** Each \$1.00, Three \$2.75, Doz. \$10.00
A popular red Peony of distinct, fadeless color and general dependability. A superb bomb of bright crimson.
- Mary Brand** Each \$1.00, Three \$2.75, Doz. \$10.00
Dark, clear crimson with brilliant sheen. The petals are overlapping, crinkled and fringed. It is always found among prize-winning red Peonies.
- Mons. Martin Cahuzac** Each 75c, Three \$2.00, Doz. \$7.50
Often said to be the darkest Peony. The flowers are of maroon-crimson, with a silky, black luster in early midseason. Of medium height and free flowering. The foliage also is dark, almost bronzy.
- Richard Carvel** Each 50c, Three \$1.35, Doz. \$5.00
The broad guard petals and irregularly incurved high center are bright crimson. One of the best red sorts of unfading color.

PINK DOUBLE PEONIES

- Albert Crousse** Each 50c, Three \$1.35, Doz. \$5.00
Beautiful seashell-pink, richly tinted with flesh-pink in the center when fully open. Delicately fragrant. Flowers quite compact.
- Edulis Superba** Each 50c, Three \$1.35, Doz. \$5.00
Bright rose-pink, with a collar of distinctly lighter narrow petals. Fragrant and extremely free flowering. One of the best Peonies.
- Marguerite Gerard** Each 75c, Three \$2.00, Doz. \$7.50
Immense, heart-shaped guard petals, and a broad, serrated crown of pale flesh-pink, darkening to rose-pink. Fragrance strong and not unlike wild cherry blossoms. A free flowering variety whose beauty is increased by faint red flecks on the center petals.

KARL ROSENFELD

MONS. JULES ELIE

- Mons. Jules Elie** Each 50c, Three \$1.35, Doz. \$5.00
A beautiful silvery pink, having broad reflexing guards with a high pyramidal body of semi-quilled petals. One of the largest, handsomest and most lasting cutting sorts.
- Octavie Demay** Each 50c, Three \$1.35, Doz. \$5.00
Very light old-rose-pink with somewhat darker center, bordered by outer petals that fade lighter, almost to white. Low growing.
- Sarah Bernhardt** Each 50c, Three \$1.35, Doz. \$5.00
One of the best exhibition Peonies. Beautiful silvery pink flowers of perfect form are gracefully carried on tall, strong stems.
- Therese** Each 75c, Three \$2.00, Doz. \$7.50
Charming shade of violet-rose, which changes to lilac-white. Splendid in form, texture and color. One of the highest rated varieties.
- Venus** Each 60c, Three \$1.60, Doz. \$6.00
Large, cupped guards, conical center with incurved collar of notched petals of light pink, deepening toward the center. As the flower unfolds, it becomes almost blush-white.
- Walter Faxon** Each 75c, Three \$2.00, Doz. \$7.50
A full double Peony of vivid shell-pink of a luminous intensity unique in Peonies, becoming somewhat lighter as the flower ages. Blooms are mildly fragrant, with good stems and long keeping qualities.

WHITE DOUBLE PEONIES

- Albatre** Each 50c, Three \$1.35, Doz. \$5.00
Blush-white with a faint pink center. Compact, incurved flower. The fragrance is sweet but not strong.
- Baroness Schroeder** Each 60c, Three \$1.60, Doz. \$6.00
Fragrant flowers of long lasting quality whether cut or in the garden. Pale flesh-white, tinted cream, with outer petals sometimes shaded faint pink.
- Festiva Maxima** Each 50c, Three \$1.35, Doz. \$5.00
Certainly the most satisfactory white. A strong grower which bears many flowers when established. Beautiful clear white with a few center flecks of pure crimson. Excellent for cutting.
- Kelway's Glorious** Each \$1.50, Three \$4.00, Doz. \$15.00
Immense, shaggy, rather flat flowers of iridescent white with crimson streaks on outside of guard petals. One of the finest.
- Le Cygne** Each \$1.50, Three \$4.00, Doz. \$15.00
The highest rated white Peony. Tinged slightly with ivory upon opening, it becomes absolutely pure white as the flowers develop.
- Primevere** Each \$1.00, Three \$2.75, Doz. \$10.00
Guard petals deep yellow and center petals sulphur-yellow. If not exposed to full sun, the flowers remain canary-yellow.
- Solange** Each \$1.00, Three \$2.75, Doz. \$10.00
Flowers of compact form, opening slowly and not acquiring full development for several days. Cream-white, deepening toward the center with shades of orange and golden brown. Always a prize winner at the shows.

Lupines

Stately perennials, particularly suited to the cooler parts of the country. They produce large spikes of bloom for both garden decoration and cutting, with distinct and different foliage. Lupines should have abundant moisture. Never give them lime, as they prefer a soil tending to acid. Plant in groups of six or more, setting them 8 inches apart. They flower in late May and early June.

Albus Pure white flowers, growing 3 feet or more tall.	Three 95c, Doz. \$3.25
Blue Large spikes of clear attractive blue.	Three 95c, Doz. \$3.25
Luteus Varying shades of clear yellow.	Three \$1.15, Doz. \$3.75
Roseus Flowers of beautifully shaded rose.	Three 95c, Doz. \$3.25

RUSSELL LUPINES

Far surpasses the older polyphyllus type, both in size, vigor and variety of color. Untold shades of self-colors and innumerable bicolors of the most striking combinations, never before seen in Lupines. Spikes are large and robust, growing 3 to 5 feet tall. Especially recommended for the eastern part of the country, where these lovely perennials reach their fullest beauty.

Three \$1.25, Doz. \$4.00

RUSSELL LUPINES

HARDY PRIMROSES -- lovely -- grow anywhere

Probably the most colorful of our early spring flowering plants, succeeding best in dampness and shade. While the name Primrose seems to suggest a delicate nature, the reverse is quite the case. They are perfectly hardy in the coldest climates, and live year after year, forming large clumps that divide easily. Ideal for naturalizing in shady woodland areas. Flower in May, about 8 inches tall.

FLOWERFIELD'S GIANTS

A magnificent strain of these lovely flowers in a splendid and comprehensive range of colors—pinks, yellows, lavenders and scarlets. Florets are wide open and large, with petals of velvety texture. Pretty crinkled foliage of a rich appealing green.

Three \$1.50, Doz. \$5.00

Auricula alpina, Hybrids Three \$1.25, Doz. \$4.00
Distinct because of its smooth foliage, with many two-toned flowers. Colors tend to pinks and deep shades not found in the more common Cowslip. Ideal for rock gardens, as it will succeed where it is dry.

Cashmeriana Three \$1.35, Doz. \$4.50
Large heads of pleasing purple. Flowers are not flat like other Primulas, but are made up of small florets in tight glabular heads.

Japonica Three \$1.35, Doz. \$4.50
Abounds in rich colors from crimson to rose to almost white. Excellent for contrasting with true yellow Primroses. Needs moisture.

Veris Hybrids Three \$1.15, Doz. \$3.75
Resembles the old-fashioned Cowslip, but in addition to yellow, contains a wide range of buff, orange, salmon and other rich tones.

Vulgaris Three 95c, Doz. \$3.25
True old English Primrose with large, pale yellow flowers. The one most people know, and of widespread popularity.

MIXED PYRETHRUMS

OENOTHERA - Evening Primrose

If you have a hot, dry position in blazing sun, where no other attractive, free blooming plant will grow, use Oenotheras. Once they begin to flower in late June, they continue all summer. Low growing types are ideal for rock gardens.

Missouriensis Three 85c, Doz. \$2.75
A low spreading species for the rockery with large, flat, saucer-like flowers of pure yellow. In bloom from June to August.

Youngi Three 95c, Doz. \$3.25
Stocky plant with large attractive foliage, well suited to hot locations where it will withstand intense afternoon sun. Grows 2 feet tall, with large flowers of bright lemon-yellow from June to August.

Oriental Poppies

IN SPLENDID NEW COLORS

For an eye-filling display of rich, brilliant colors and graceful form, nothing quite equals Oriental Poppies during their period of flowering. They bloom in May and June, just after the peonies have given their burst of color, and remain in bloom with the magnificent Hybrid Delphiniums. Their startling color effect and the satiny soft quality of the petals are fascinating almost beyond description.

Best set out in clumps of three or more, spaced a foot apart. They are adapted to most garden soils, but care should be taken to avoid low, wet spots. During the winter, a light loose covering is advisable to prevent extreme exposure, without, however, mottling them down and smothering fall growth. Planting in late summer is recommended, and orders are held for shipment at that time.

Beauty of Livermore Three \$1.35, Doz. \$4.50
Well formed flowers of good size of fine dark crimson with black blotches. Quite abundant in bloom.

Cavalier Three \$1.50, Doz. \$5.00
One of the largest Poppies, huge blooms of deep crimson-scorlet, heavily marked with deeper tones appearing to be almost black. Flowers distinctly crinkled.

Henry Cayeux Improved Three \$1.35, Doz. \$4.50
A close approach to lavender, though more exactly described as a peculiar tint of ashes of roses. A "different" color in Poppies that is seen to best advantage when grown in light shade.

Jeanne Mawson Three \$1.35, Doz. \$4.50
Sparkling geranium-pink. Flowers of moderate to large size are fairly open and have a very graceful appearance.

Lula A. Neeley Three \$1.25, Doz. \$4.00
Brilliant oxblood-red flowers on strong stems of moderate height. A pleasing color that has found favor.

May Sadler Three \$1.25, Doz. \$4.00
Quite large flowers of salmon-pink, heavily marked at the base, with large black markings. These are inconspicuous on the exterior of the flower, but stand out to advantage in the interior of the blooms.

Perry's White Three \$1.35, Doz. \$4.50
Satiny white with a crimson-moroon blotch at the base of each petal. Should be planted in a favored spot and given extra care. Sturdiest of the whites though they do not grow as vigorously as plants of other colors.

Sass Pink Three \$1.50, Doz. \$5.00
No doubt one of the finest and largest of pink Poppies. Huge blooms of light delicate pink, with petals of crinkled texture. With larger stocks available, we are now able to offer this variety at a moderate price.

Snowflake Each 65c, Three \$1.75
A sensational break in Poppies. The lower half of the flower is pure white, the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in each flower, helping to increase the charm of this distinctive variety.

PAPAVER NUDICAULE - Iceland Poppy

Mixed Colors Three 95c, Doz. \$3.25
Open saucer-like flowers all summer long in bright showy colors. Prefers a light soil and open sunlight. Early spring planting is advisable. Water heavily during dry periods of the summer. Grows 1 foot in height with charming flowers in all shades of orange, yellow, white and pink.

PENTSTEMON - Beard Tongue

Spikes of flowers of tubular or digitalis-like form. Toller types are suitable for the border, dwarf forms for the edges of borders and for rock gardens. Several varieties produce spikes for cutting. Sunny location, and a rich, well drained soil are necessary. Plant about 1 foot apart.

Barbatus Torreyi Three 95c, Doz. \$3.25
Slender, willowy sprays 2 to 3 feet high, bright scarlet, tubular flowers, resembling fire-crockers. Blooms June to August.

Blue Gem Three \$1.35, Doz. \$4.50
Beautiful medium blue trumpet-like flowers of graceful form. Excellent for the border and a good cut flower.

Firebird Three \$1.50, Doz. \$5.00
A most beautiful ruby-crimson plant, easily grown, free from insects, freely flowering—in short, a very worth-while new perennial which will create a lovely effect in your garden, or in your cut flower arrangement. The flowers are the size of foxgloves, on stems 2 feet tall.

Garnet Three \$1.35, Doz. \$4.50
Numerous stems growing about two feet tall, carrying gloriole-like flowers of rich garnet color, from June until hard frost. We suggest a well drained spot, and careful protection with straw over winter.

Grandiflora Three \$1.35, Doz. \$4.50
Individual blooms are as large as a man's thumb, standing out from a heavy and tall stem. Stems are produced right from the ground, without branching, giving fine flowers for cutting. Thick, sturdy foliage of attractive silvery green. 3 feet. Flowers in July.

ORIENTAL POPPY, SNOWFLAKE

PLATYCODON - Chinese Bellflower

Highly satisfactory plants for the sunny border. The better known types grow 2 feet high, with open, upright, bell-shaped flowers all summer. Prefers a sandy soil, but will do in any garden soil if well drained.

Grandiflorum Three 95c, Doz. \$3.25
Large, showy bells of pure medium blue on 20-inch stems. A free-flowering plant for the border and useful for cutting.

Grandiflorum album Three 95c, Doz. \$3.25
Identical to Grandiflorum but pure white.

Mariesi Three 95c, Doz. \$3.25
A dwarf species, height not more than a foot, and of somewhat spreading habit. Valuable in the foreground of the border, and for the rock garden.

Mariesi album Three 95c, Doz. \$3.25
Identical to Mariesi but pure white.

PLUMBAGO

Larpenae Three \$1.15, Doz. \$3.75
Excellent for edging driveways, under shrubbery, and for rock gardens. Top growth is made quite late in the spring, but by early summer is a bright bronzy green color, with metallic sheen. Then, from August through until the fall, it is covered with brilliant blue flowers. Height 6 to 8 inches. Will grow in almost any soil, and in fairly dense shade as well as sunlight. Plant 8 inches apart.

PYRETHRUM - Painted Daisy

Produce fine showy flowers outstandingly good for cut flowers. In addition to long stems, they have fern-like foliage. Give best results on a light soil, which, however, should be well watered during the dry period of the summer. Flowers appear the end of May and if cut continuously, a prolonged blooming period is possible. Plant in groups of three or more, setting them 15 inches apart.

Brilliant Three \$1.50, Doz. \$5.00
Full double red blooms of great substance and excellent cut flower quality, carried in considerable numbers.

Miami Queen Three \$1.25, Doz. \$4.00
Not quite double, but definitely full flowers of attractive pink. Good cut flowers, and a fine garden plant.

Victory Three \$1.50, Doz. \$5.00
Double white, slightly flushed with satiny pink. One of the few good white cut flowers obtainable so early in the spring.

Single and Double Mixed Three 95c, Doz. \$3.25
Double, semi-double and attractive single flowers in all conceivable tints and tones found in Painted Daisies.

Thalictrum

A fine hardy perennial prized for its dainty feathery flower clusters and for its handsome finely cut foliage which is used extensively in cut flower arrangements. Thalictrum grows in any well-drained soil, in full sunlight, or in partial shade. They are at their best when grown singly as exhibition plants rather than as a background planting. Plant at least 10 inches apart.

Aquilegifolium Three \$1.35, Doz. \$4.50

The foliage bears a striking resemblance to the Columbine. The plants are full and bushy, retaining their handsome green effect all summer long. The feathery rose-purple flowers bloom in June and July atop 2- to 3-ft. spikes. They combine beautifully with Poppies, setting off their fragile beauty to the best advantage.

Aquilegifolium Album Three \$1.35, Doz. \$4.50

A fine plant, similar in growth to Aquilegifolium, but bearing fine white flowers reminiscent of an inverted powder puff.

Dipterocarpum Three \$1.35, Doz. \$4.50

Loose clusters of tiny lavender flowers with a faint pink overcast, brightened by a heavy crest of lemon-yellow anthers. The plant makes a sturdy growth, 3 to 4 feet high, producing its graceful flower sprays during August and September.

Tritoma

An old and very popular plant, growing about three feet tall with closely clustered, tubular flowers at the tops of the stems making a "Red Hot Poker." They require heavy protection over the winter, or better still, the roots may be dug and stored in a cool cellar. Plant them 1 foot apart.

Pfitzeri Three \$1.15, Doz. \$3.75

The old-fashioned "Red Hot Poker" and still very popular. In September they carry many spikes of bright orange-red. 3 feet high.

Towers of Gold Three \$1.35, Doz. \$4.50

Bald spikes of deep yellow flowers produced all summer. At its best in August and September when flowers became scarce. Its stately gold color makes it highly desirable.

NEW HARDY TRITOMA, SPRINGTIME

THALICTRUM AQUILEGIFOLIUM

NEW HARDY TRITOMAS

Early Flowering Hybrids

Until the introduction of the varieties listed below, Tritomas have been thought of as Red Hot Pokers—brilliant orange-red, fall-flowering plants that were not completely hardy. Through careful hybridization, this new species has been developed and we can now offer really hardy, early flowering Tritoma hybrids. Note the range of colors—from whites through pale yellows to the striking red and white combination of Springtime, tones and combinations that were completely lacking before. Note, too, the earliness of bloom—late June and early July, making wonderful garden effects with such Flowerfield specialties as Madonna Lilies, Delphinium and Iris Kaempferi.

Golden Scepter

Three \$1.50, Doz. \$5.00

This is an excellent companion for Tritoma Springtime, blooming at the same time, late June and early July. The 8 to 10 fine saffron-yellow, three-foot spikes create a fine mass of color in the summer border, and are a superb foil for tall blue Delphiniums. This variety is very hardy. It has survived our coldest weather for several years without a trace of damage. It grows vigorously and even when not in bloom makes a fine ornamental plant.

Springtime

Each 75c, Doz. \$7.50

A fascinating new hardy Tritoma which flowers in July. The upper part of the flower is rich coral-red, the lower half ivory-yellow. These sparkling and clear contrasting colors hold one's attention in a most pleasing manner. Springtime has been tested for hardiness for five winters in all kinds of soil and has weathered these conditions without any protection. We heartily recommend this novelty. It combines beautifully in the garden with pale blue Delphinium or pure white Regale Lilies in flower at the same time. A well-established plant will produce as many as 10 to 15 flower spikes about 3 feet tall. They are very graceful in the garden and superb for cut flower arrangements. (Plant Patent No. 318.)

White Fairy

Three \$1.50, Doz. \$5.00

A very dainty and very free flowering small Tritoma. The pure white blossoms are open and graceful on thin stems about 24 inches tall. The foliage is grasslike and ornamental throughout the summer. In full bloom in June with 15 or 20 dainty spikes on each plant. Lovely "cool" flower in the garden and exceptionally good for cutting. It is perfectly hardy but we advise the protection of a mulch where temperatures go below zero.

Vanilla

Three \$1.50, Doz. \$5.00

A dainty, exceedingly free flowering small Tritoma. The open flowers are clear pale yellow on stems about 24 inches tall. The foliage is grasslike and a fine base for the great number of flowers produced. It is not at all unusual to count 25 or more flower spikes on a single plant. Vanilla is at its best throughout June, a fine variety for garden decoration as well as for cutting. Last, but not least, it is perfectly hardy and in most extreme cold sections will winter over with very little protection.

HYBRID TRITOMAS IN MIXED COLORS

Six \$2.50, Twenty-five for \$8.75

A beautiful combination of shades and forms which is best grown in a mixture in your garden. They not only make a very lovely showing in the garden but are one of the best flowers for cutting. The colors range through all shades of yellow, cream, and ivory, as well as the warm range of red and flame tints.

TROLLIUS LEDEBOURI

Golden Yellow Three 95c, Doz. \$3.25
A very free flowering variety, produces rich golden yellow flowers all summer. Best in its color class.

Jersey Gem Three \$1.15, Doz. \$3.75
The best known of the Violas, having pure, rich violet, slightly perfumed flowers. Vigorous, bushy plants with roundish foliage. The flowers follow continuously.

King Henry Three 95c, Doz. \$3.25
A new Viola unique in the tiny size of the plants and flowers. Its rich violet-blue flowers have a lavender center, and small golden eye. Try these on a waist-high retaining wall where their beauty can best be seen.

Maggie Mott Three \$1.35, Doz. \$4.50
This is the variety used by the hundreds of thousands in Europe for bedding or massing along borders. The flowers are a lovely pure pale blue and are beautifully proportioned. It is no wonder it is so popular. Maggie Mott is a good strong grower, extremely fragrant, free blooming, and does not require undue care or attention. It is in bloom all spring, summer and fall.

White Perfection Three 95c, Doz. \$3.25
Pure white blooms are borne in great profusion all through the summer. The best white and a necessary foil to the darker shades.

Mixed Three 85c, Doz. \$2.75
A splendid assortment containing, in addition to the above colors, many others of varied shades and markings.

VIOLA ODORATA - Sweet Violet

Clumps of dark green, heart-shaped leaves, surmounted with sweetly scented violets. They grow in almost any soil, and in either sun or shade. Invaluable plants for shady place plantings and for the naturalized woodland.

Prince of Wales Three \$1.15, Doz. \$3.75
A rich, deep purple, sweetly scented with large blooms. This best of the purple varieties flowers in May and usually again in the cool weeks of the fall. Height 6 inches.

Rosina Three \$1.35, Doz. \$4.50
Deliciously fragrant, single flowers of pink or old rose. They do not grow as large as Prince of Wales, but usually flower for a long time in late autumn, as well as in the spring.

Royal Robe Three \$1.50, Doz. \$5.00
This is a glorious variety, a lustrous shade of deepest violet-blue. The blossoms are moderately fragrant and open out flat like a Pansy. It is quite unnecessary for us to explain the transcendent beauty of this Violet—its picture speaks for itself. Suffice to say, a trial in your own garden will bear out all your fondest hopes, and more. A few plants of this Violet in the garden will furnish quantities of bloom on stems longer than any other Viola, often being 12 inches in length.

Trollius

Fine large buttercup-like flowers in shades of orange and yellow. They are good vigorous growers with long stems excellent for cutting. They are hardy, but must have abundant moisture, for they are suited to damp locations in the garden. Trollius will grow in shade or in full sunlight. Be sure to water copiously during dry weather. Plant 8 to 10 inches apart in the autumn or early spring.

Lemon Queen Three \$1.35, Doz. \$4.50
The large globular flowers of pure lemon-yellow are produced in May on long, straight 2-foot stems. The plants are sturdy, strong growing and very free flowering.

Orange Globe Three \$1.35, Doz. \$4.50
Huge bright golden orange flowers make this most popular. It flowers profusely in May on stems 1 to 2 feet high, continuing with scattered bloom all the way through August. They succeed admirably in a half shady position in the border, or may be used in full sun in moist spots.

Ledebouri Three \$1.50, Doz. \$5.00
A magnificent variety with very deep orange flowers, not quite so huge as the above types, but with a striking tufted center. Perhaps its greatest merit lies in the fact that it flowers considerably later than other types.

Violas and Violets

VIOLA CORNUTA - Tufted Pansies

Hardy Pansy-like plants that are true perennials and extremely easy to grow. They flower just after the Pansies and continue during the entire season. Indeed some varieties are so extremely prolific that they are never without bloom. Be sure to provide them with good rich soil. While they like good drainage, avoid spots that become dry during the heat of the summer.

Apricot Three \$1.15, Doz. \$3.75
A really rich orange-apricot shade, deepening to terra cotta at the center. The best in its color, particularly attractive when grouped next to some of its companions listed below.

Arkwright Ruby Three \$1.15, Doz. \$3.75
Very large, ruby-colored flowers that bloom throughout the summer. A most beautiful and unusual color, seldom found in Violas or other plants. Try it next to Floraire—the contrast is lovely.

Floraire Three \$1.15, Doz. \$3.75
A little gem, a Swiss variety that begins to bloom in May and continues until hard frost. The upper and major portion of the flower is very light blue, the lower section fading to white. The centers are marked with thin dark blue lines, giving a definite character to the whole plant. Outstanding for picking, even among such ideal picking plants as Violas.

VIOLA ODORATA, ROYAL ROBE

SCABIOSA CAUCASICA

RUDBECKIA - Coneflower

Hardy, free-flowering perennials noted for their vigor and vitality. Make excellent and showy plants for sunny or partially shaded locations. Will grow just about anywhere. Flower in midsummer from July to August.

Autumn Forest Three \$1.15, Doz. \$3.75
A great improvement over older types, producing large flowers in yellow, buff, old gold, and mahogany. Height 2 feet.

Purpurea Three 95c, Doz. \$3.25
(Giant Purple Coneflower). Large flowers of an attractive shade of light rasy purple, with prominent brown, cone-shaped centers. Blooms from July to October. 3 feet.

SALVIA - Sage

Showy border plants suitable for sunny locations, valued because of their attractive spikes of blue flowers in late summer and early fall. Comproatively easy to grow, requiring little more care than a good ordinary soil. Space 1 foot apart.

Azurea grandiflora Three 95c, Doz. \$3.25
Producing in August and September many spikes of pretty sky-blue flowers, affording attractive flowers for cutting.

Pitcheri Three \$1.15, Doz. \$3.75
Admired for long sproys of intensely deep blue flowers. Few perennial plants at any time of the year can compare with this distinct color. Excellent for the back of borders, and useful for cutting. Blooms in September.

SCABIOSA - Pincushion Flower

Grows to a height of about 2 feet, bearing flowers in blue and white, made to order for cutting. Culture is simple, but heavy, wet soils should be avoided as Scobiasos just will not live in such locations. Give them a light soil and full sun. Set 8 inches apart.

Caucasica Three \$1.35, Doz. \$4.50
(Blue Bonnet). Flower from June to September, sending up straight, stiff stems, surmounted with flat, cushion-like flowers. Medium lavender-blue, lighter as the flowers age. Unsurpassed for cutting.

Caucasica alba Three \$1.35, Doz. \$4.50
Pure white form of the Blue Bonnet. Equolly useful for cutting.

STOKESIA - Cornflower Aster

Aster type flowers in midsummer and early fall. Likes a worm, sunny location, with a loose, light soil. Set smaller varieties 6 inches apart, and larger types a foot apart.

Laevis coerulea Three 95c, Doz. \$3.25
Profuse flowers about 2 inches in diameter in August. Widely used for cutting, and for the fore part of the border. In blue or white—please specify color desired.

Blue Moon Three \$1.35, Doz. \$4.50
Really huge flowers of pure light chino-blue, borne on thick, sturdy stems 18 inches long. Blooms constantly from midsummer until late fall. While the stems are straight, they do not grow upright, thus giving greater spread to the plant and making it more useful for borders. A most worth-while addition to any perennial garden.

STATICE - Great Sea Lavender

Latifolia Three 95c, Doz. \$3.25
Thick, leathery leaves are gathered in a clump, and from these rise wiry stems, growing about 18 inches high, carrying large heads of purplish blue flowers used for cutting, during July and August. After drying, Statice is one of the finest of indoor decorations for winter arrangements. Must have full sun and a light sandy soil. Plant one foot apart.

VERONICA - Speedwell

Well known and widely planted perennials that vary in height from a few inches to several feet. Dwarf varieties are suited for rock gardens where they form clumps and carpets. Toller sorts are suited for the border. Spikes of these are useful for cutting. Give full sunlight.

Blue Spire Three \$1.25, Doz. \$4.00
A great improvement over the older Spicato, and best all-around variety for the garden and cutting. Grows about 2 feet in height with long, true Veronica-blue spires. Begins to flower in July and continues for a long time.

Incana Three \$1.15, Doz. \$3.75
Dusty, silver-falioed plants growing one foot high, with good sized spikes of blue flowers. Nice in a rockery where the foliage works in well with rocks.

Incana rosea Three \$1.15, Doz. \$3.75
Very nice to use in connection with the blue Incano, where the contrast of rosy pink flowers makes quite an effect.

Longifolia subsessilis Three \$1.35, Doz. \$4.50
Exceptionally strong growing plants with large spikes of handsome dark blue. Spikes are equal in length to the largest other Veronicos, and twice their size in diameter. Flowers from July to September. 2 feet.

Rupestris, Heavenly Blue Three \$1.35, Doz. \$4.50
Excellent rock garden variety, growing a few inches tall. Numerous bright blue flowers in early June. Will stand light shade.

Spicata Three 95c, Doz. \$3.25
In demand by many persons who admire its spikes of violet-blue flowers, all summer blooming habit. Grows 2 feet tall.

Spicata alba Three 95c, Doz. \$3.25
Pure white form of Spicato, and the best white garden variety.

STOKESIA, BLUE MOON

Culinary and Medicinal Herbs

Chive Three 60c, Doz. \$2.00
The tubular leaves are much used for their delicate onion-like flavor in salads, cream cheese, spreads, and various hors d'oeuvres.

Lavender Three \$1.15, Doz. \$3.75
Loved widely for the delicate scent of the dried flowers used so frequently in sachets or for scenting linens.

Lemon Geranium Three \$1.15, Doz. \$3.75
The fragrant leaves of this decorative plant are used in potpourris.

Mint (Spear-mint) Three 90c, Doz. \$3.00
Well known for its use in mint juleps. Spearmint is likewise welcomed in sauces or cooked with certain vegetables.

Parsley Three 60c, Doz. \$2.00
The leaves are commonly used as a garnish on meat or vegetable platters. It is likewise useful chopped in salads or for flavoring soups.

Pennyroyal Three \$1.15, Doz. \$3.75
This herb from the gardens of the Old World is commonly used as a seasoning.

Pot Marjoram Three 90c, Doz. \$3.00
Flowers of this ornamental herb are picked for use in potpourris.

Rose Geranium Three \$1.15, Doz. \$3.75
The rose-scented leaves of the familiar old favorite are used as flavoring for puddings and jellies.

Rosemary Three \$1.15, Doz. \$3.75
The fragrant leaves are often used to scent potpourris.

Sage Three 90c, Doz. \$3.00
A very common seasoning for meats, sausages, stuffing and cheese. The dried leaves are the edible part.

Thyme Three 95c, Doz. \$3.25
The leaves are used medicinally and as a seasoning for meat, fish sauces, and stuffing. The plants form dense mats of dark green foliage, with literally hundreds of tiny white flowers. They are spreading in habit and quite persistent when established, making them useful for borders as well as rock and herb gardens.

HERB GARDENS ARE ATTRACTIVE AS WELL AS USEFUL

Savory Three \$1.15, Doz. \$3.75
Winter Savory is used to season meats, sausages, vegetable dishes and even certain liqueurs. The leaves, besides being edible, are decorative and widely used for edging in the garden.

Water Cress Three 60c, Doz. \$2.00
Crisp, spicy leaves to flavor salads, sandwiches, and to garnish meat dishes. Plant in a moist spot.

PACHYSANDRA

Ground Covering Plants FOR DENSE SHADE and DIFFICULT BANKS

PACHYSANDRA TERMINALIS

For use in the deepest shade and under dense tree growth, and will thrive where grasses will not succeed. It is probably the only plant which will thrive under pine trees. Its main uses are under evergreen plantings, shrub plantings, in fact, under any kind of tree that produces a heavy shade. However, many people like the finely cut leaf so much that they use it to border their flower beds; some even use it to cover a steep terrace. Although it is ideal for use in dense shade, it grows equally well in full sunlight, spreads rapidly, and will form solid mats of glossy green. Plant 6 to 8 inches apart.

Field-grown plants in strong clumps: Doz. \$2.00, 100 \$15.00

VINCA - Myrtle or Periwinkle

One of the best ground cover plants. Will grow in open sunlight, and also in deep shade under shrubs and trees. A carpet of Vinco will grow where grass cannot live, and spread right up to and surround large trees. Grows 6 inches high with light blue flowers in spring. Best planted in clumps, setting the clumps 4 to 6 inches apart. Effect of the Vinco is heightened if Scillas, Daffodils or Mertensias are planted to flower over it in the spring.

Minor Doz. \$1.75, 100 \$12.00
The best variety obtainable for mass planting as ground covers in the shade. Grows about 6 inches high, with light blue, single flowers in spring.

Minor, Bowles Variety Three 85c, Doz. \$2.75, 100 \$20.00
Similar to Minor, but with larger foliage, of most attractive color. Flowers are larger, deeper in color, and borne much more freely.

HARDY BALTICA IVY

A versatile vine that climbs a shady wall or covers a difficult bank with equal facility. Single, finely cut, decorative leaves cover the freely growing vine. As a ground cover, we recommend pot plants, spread 8 to 10 inches apart.

Well-rooted pot plants: Three 85c; Doz. \$2.75

The finest of the

Perhaps no other flower is as universally known and loved as the Rose, for no other flower repays you more satisfyingly in exquisite garden loveliness. Our list includes the finest and hardiest of the modern everblooming Hybrid Teas, the Floribundas opulent with bloom, the magnificent Tree Roses, and the best of the Decorative Climbing Roses. They have been grown with expert care—came to you as mature plants, sturdy, completely disease free, ready to grace your garden with their bursts of pure beauty. Select them now in the early spring and from June on your garden will radiate the glory of Flowerfield's Roses.

GLOWING
SUNSET

MARY
MARGARET
McBRIDE

HEART'S
DESIRE

BRAND NEW ROSES

CHARLOTTE ARMSTRONG

Each \$1.50, Doz. \$15.00
(Patented.) The All-America Rose Selection for 1940. A new Rose that is really red, but of a different tone to fit the varying seasons, and stages of development. Blood-red in the bud, opening to cerise in hot weather, and to spectrum-red in cooler weather. The flowers are long and pointed, measuring 3 to 4 inches in diameter, never showing the center. Continuously in bloom, doing excellently in all parts of the country. The flowers never show their centers, are very lasting, and will outbloom most of the other commonly grown Roses three to one throughout the season.

CRIMSON GLORY

Each \$1.25, Doz. \$12.50
(Patented.) Without any question Crimson Glory is the finest dark crimson Rose. The blooms are large, spread wide, and made up of heavy petals of lovely soft velvety texture. The fragrance is most intense. The plants are quite bushy and branch well to give a huge quantity of Roses through its summer-long blooming season. The buds are beautifully pointed and hold their shape a long time before opening.

GLOWING SUNSET

Each \$1.00, Doz. \$10.00
(Patented.) An unusually shaped Rose of very pleasing personality. The long bud opens slowly to fully doubled flowers, the inner petals of which are lengthened and twisted, giving an appearance very similar to Coctus Dahlio. The plants are very sturdy. The color of the blooms is an exquisite blending of orange-yellow and rose-pink. Glowing Sunset is one of the finest varieties for cutting that we list.

HEART'S DESIRE

Each \$1.50, Doz. \$15.00
(Patented.) In this new Gold Medal variety you will find one of the most perfect red Roses ever hybridized. If you have been looking for a fine bright crimson Rose, this will be your Heart's Desire. This lovely Rose was the All-America Rose Selection for 1941. It is one of the best Roses offered today.

MARY MARGARET McBRIDE

Each \$1.50, Doz. \$15.00
(Patented.) One of the finest new Roses. The All-America Rose Selection for 1943 and one of the best Roses offered in years. This beautiful flower is extremely floriferous, bearing its beautiful buds on long, sturdy stems, ideal for cutting. Pointed buds open gradually into beautiful double blooms that are large, and well formed. The color, borrowed from the radiant glow of a summer sunset, is a clear deep coral-pink suffused with glimmering gold at the base of the petals.

MME. HENRI GUILLOT

Each \$1.25, Doz. \$12.50
(Patented.) A bicolored Rose of most unusual personality. The deep watermelon-pink of the petals is pointed up by reddish orange shadings of exquisite beauty. The buds are extremely long and tapering. The foliage is glistening, almost waxy in character and the plant is a sturdy healthy variety of extra garden value.

PINK DIAMOND

Each \$1.50, Doz. \$15.00
(Patented.) The finest new pink Hybrid Tea Rose in recent years. The large bright pink buds produced by this variety open a soft apple-blossom-pink, the center petals being darker, and the outer almost blush, giving intensity of color that is most attractive. The well-formed, very double blooms frequently measure 5 to 6 inches in diameter, and appear in the greatest profusion. The plants are sturdy, upright growing, decidedly resistant to disease. So good that Pink Diamond isn't merely "worth-while"—it is a "must" in your garden of Roses.

CRIMSON GLORY

CHARLOTTE
ARMSTRONG

MME. HENRI GUILLOT

Floribunda or Polyantha Roses

Free-blooming Roses, with either single or double flowers, growing from 12 inches to 3 feet in height. They are extremely free blooming, being almost never without flowers from June to frost. The low, spreading types are excellent for beds and borders, while the erect sorts combine well with Hybrid Tea plantings.

Cameo Each 75c, Doz. \$7.50
One of the finest varieties of Dwarf Polyanthas, growing to a height of but 18 inches. Excellent for edging beds, walks and for mass effects. Its color is most unique, cameo-orange-red, varying with the season to cameo-pink overlaid with a glow of gold. Extremely free-flowering, and constantly in bloom from June to frost.

Chatillon Each 75c, Doz. \$7.50
Enormous heads of semi-double flowers. The color is a vivid light salmon-pink, standing out well in the garden. Height from 18 to 24 inches.

Dagmar Spath Each \$1.00, Doz. \$10.00
Grows 18 to 24 inches high with large heads of pure white double flowers all summer long. Identical in habit to Lafayette, of which it is a sport.

Else Poulsen Each \$1.00, Doz. \$10.00
A fine tall growing variety, reaching a height of 30 to 36 inches. The flowers are open and semi-double in a most attractive shade of bright rose-pink. The plants are erect in habit, with the flowers held on strong stems.

Fluffy Ruffles Each 75c, Doz. \$7.50
A lovely semi-double cluster Rose, this is simply covered with buds of silvery pink flowers all summer long. The flowers are large and are characterized by a slightly deeper color on the outside of the petals that sets off the beautiful pink center of the bud.

Lafayette Each 75c, Doz. \$7.50
Medium sized semi-double blooms of bright cherry-crimson. Semi-dwarf in habit, growing 12 to 18 inches in height. Plants are full and bushy, blooming throughout the season.

Mrs. R. M. Finch Each 75c, Doz. \$7.50
Large flowers, fully 2 inches in diameter, of soft pearly pink. Flowers are full and double, carried in heavy clusters. Height 18 to 24 inches.

Rosnelife Each 75c, Doz. \$7.50
Very large flowered Rose bearing blooms frequently 2½ inches across. The individual flowers are very double and of a beautiful rose-pink. An excellent garden variety.

LARGE-FLOWERING CLUSTER ROSE, CHEERIO

POLYANTHA ROSE, DAGMAR SPATH

SPECTACULAR NEW LARGE-FLOWERING CLUSTER ROSES

These new Polyantha Roses are our choice for mass planting. Though the flowers are produced in the greatest abundance the individual blooms also are of fine large size and excellent for cutting. They are one of the finest developments for the garden. They are uniform in height, 24 to 30 inches, and may be combined beautifully.

Cheerio Each \$1.00, Doz. \$10.00
Superb in every respect—a Rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the superabundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mellow-pink shading to Tyrian rose at the base with the reverse a luminous rose-madder that creates an effective color balance.

Pink Jewel Each \$1.00, Doz. \$10.00
A truly beautiful specimen Rose plant, in a stunning shade of shimmering silvery pink. Few garden effects are as lovely as a hedge of this bloom-covered marvel. In June these plants are so blanketed with the lovely large double blooms that the foliage is almost completely hidden. Furthermore, they will continue to bloom all season long until the advent of winter. In the light pink class there is no rival to Pink Jewel.

Pinocchio Each \$1.25, Doz. \$12.50
(Patented.) Few new Roses have had as much comment as this splendid new garden variety. Admirable for use in almost any climatic conditions in the North, East, South, or West. Unrivalled for use as a border for the Rose bed. The flower clusters are a hard-to-describe shade of salmon-pink with light golden flush at the base. Plants are quite double, opening fully and changing the pastel tones to soft pink when fully open. Flowers are long lasting both in the garden and when cut.

Red Velvet Each \$1.00, Doz. \$10.00
A spectacular bedding Rose covered with great masses of urn-shaped buds opening to well-rounded blooms with gracefully waved petal edges. The general color effect is that of an intensely vivid crimson lake. The velvety finish of the flowers adds to the beauty and richness of the color. The outside of the flower petals is deep carmine, creating a charming color contrast that heightens the effectiveness of the display. Vigorous and free blooming.

Sunmist Each \$1.00, Doz. \$10.00
Graceful, pointed buds opening into large, fluffy, well-rounded flowers of a clear light sulphur-yellow shading to mellow canary-yellow toward the base of the petals. Forms imposing large flower clusters. An outstanding bedding Rose that gives a glorious effect, particularly if massed in beds or borders.

World's Fair Each \$1.00, Doz. \$10.00
(Patented.) One of the best known and best liked of all the Floribunda Roses. Ideal, spreading, bushy plants that are fairly swamped by huge clusters of dark maroon blooms, almost velvety in texture. World's Fair is a very large flowered Floribunda Rose furnishing continual display of color from late spring until the frost finally puts an end to the show.

Standard or Tree Roses

When properly grown no specimen garden plant is as beautiful or has as much appeal as the Tree Rose. It may be planted in the center of Rose beds for special effects, or along driveways, in the formal garden, or even set as specimens in lawns. In any location they are most striking, blooming all summer long, from June until frost. Our plants are especially sturdy stock, with heavy straight stems about 3½ feet in height.

The cones (trees) of our Standard Roses are budded on Multiflora Japonica stock producing Tree Roses which carry much better root system than any other Tree Roses we have ever seen.

Mme. Jules Bouche Each \$4.50

A fine pure white variety of extreme beauty, undoubtedly the best white Tree Rose, noted for its numerous and perfectly formed long pointed buds and high centered flowers that are pure white with but a slight pink tint in the center when the flowers first open. A healthy sturdy plant. The flower is pictured on page 55.

Mrs. Pierre S. DuPont Each \$3.95

For the favored garden where a yellow Tree Rose is desired, nothing can excel this fine variety. High aloft, this beautiful yellow Rose blooms all the time, never being without some bloom from June until hard frost. Plants are bushy and well formed with attractive glassy foliage. The buds are beautifully formed and carry a hint of rich red gold, emphasizing the beauty of the pure yellow petals.

Poinsettia Each \$4.50

Truly a spot of fire in your garden, for the contrast between its bright green foliage and the brilliant Poinsettia-scorlet flowers is exactly like that of the Christmas plant for which it is so aptly named. Other Roses are as red but none have the intense brilliance of color of Poinsettia. The buds are long and pointed and open slowly, on a well-branched bush. The bloom is pictured on page 54.

Radiance Each \$3.95

This is one of the most satisfactory and heavy-blooming Tree Roses that has ever been grafted, unusually robust in growth, comparing favorably with Hybrid Perpetuals in its rugged constitution and sturdy structure. The flowers are a beautiful two-toned pink, light silvery rose inside and deeper outside, large, globular in shape, fragrant and beautiful.

Talisman

Each \$3.95

Tree Roses are used for accent points in the garden and none make so startling and beautiful an effect as the Talisman Tree Rose. The beautiful bushy plants carried three feet or more in the air on a strong sturdy tree, are covered with beautiful Talisman Roses, so well known to all gardeners. Indeed this Rose is the standard by which all combination gold and red Roses are judged. The beauty of the Talisman Rose is in the delicate nuances of its color combinations and its finely shaped buds—and it has the advantage of holding its bud shape a long time. A specimen plant of Talisman in your garden will be one of the most beautiful of all your garden experiences.

CLIMBING ROSE, DOUBLOONS

TREE ROSE

Climbing Roses

These require no pruning in the spring except the cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered, but prune severely in July, directly after they have finished blooming.

Bess Lovett Each 75c, Doz. \$7.50

A fine light crimson climber, bearing large cup-shaped full blooms, in long stemmed clusters that are excellent for cutting. Intensely fragrant.

Blaze Each \$1.00, Doz. \$10.00

(Potented.) An everblooming variety that is very similar to Paul's Scarlet, but a plant which, when established, will bloom as heavily in the fall as in the spring. Blaze is a beautiful bright red with very double full flowers that almost hide the shimmering green leaves of this tall sturdy Rose. One of the very best climbing Roses.

Climbing American Beauty Each 75c, Doz. \$7.50

Strong growing variety, with good sized flowers of pleasing rose-pink. Grows to a height of 10 to 12 feet.

Dorothy Perkins Each 75c, Doz. \$7.50

An old favorite that still cannot be beaten. A real rambler Rose that will climb over walls, trellises and fences, carrying in June just hundreds of tight little flowers of pleasing soft shell-pink.

Doublons Each \$1.00, Doz. \$10.00

(Potented.) Without doubt the best yellow climbing Rose that has ever been introduced, Doublons is one of the most popular climbers that we grow. The pure golden yellow flowers are quite double and grow in heavy clusters that literally cover the tall sturdy plant. The foliage is a dark velvety green which emphasizes the beauty of its bright flowers.

Dr. W. Van Fleet Each 75c, Doz. \$7.50

Buds of rich flesh-pink open into flowers of just slightly lighter color, on stems that run 12 to 18 inches long. One of the few free-blooming Climbing Roses that may well be used for cutting.

Mme. Gregoire Staechelin Each 85c, Doz. \$8.50

While not quite a pure pink, Mme. Gregoire Staechelin is one of the finest varieties in that general color. Carmine buds open into large flowers of iridescent pearl-pink, splashed with carmine. A well-established plant in full bloom is a sight to behold.

New Dawn Each \$1.50, Doz. \$15.00

(Potented.) Probably the finest climber ever hybridized, New Dawn is so good that it was the first plant ever to be registered with the United States Patent Office, as a plant patent. New Dawn is extremely floriferous, being covered with large flesh-pink double blooms in June and continuing to bloom through to the late fall.

Paul's Scarlet Each 75c, Doz. \$7.50

We offer this as the most satisfactory Red Climbing Rose today. A heavy, vigorous grower with enormous clusters of vivid scarlet flowers that never fade.

Silver Moon Each 75c, Doz. \$7.50

Beautiful silvery white flowers, single or semi-double, that measure as much as 4 inches across. The pure white of the blooms is set off by bright golden anthers, giving the flowers much the appearance of huge Clematis blooms.

Hardy Ever Blooming Roses

The varieties we offer are all strong 2-year field-grown plants. They have been tried and found to be best in vigor, color, form, and fragrance. They flower prolifically from June to frost, and will give you many years of great satisfaction.

Roses delight in an extremely rich soil. In fact, it is almost impossible to over-feed them. So plan to put them in a rich soil, give them plenty of sunlight, side-dress them if you will, and reap the harvest of Rose beauty in your garden.

Ami Quinard

Each 75c, doz. \$7.50

Blackish moroon buds opening into flowers of rich velvety red. Quite fragrant. Strong upright grower and fine producer. One of the most reliable of the dark red Roses.

Autumn

Each 75c, Doz. \$7.50

Striking burnt orange buds of perfect form. Cupped, double, fragrant flowers that open into a rainbow of colors; red, orange, yellow and pink. One of the best.

Betty Uprichard

Each 75c, Doz. \$7.50

One of those delightfully contrasting types. Delicate salmon-pink flowers, with a coppery crimson reverse. The fragrance is quite pronounced, and remarkably like that of Verbenos.

Briarcliff

Each 75c, Doz. \$7.50

Still the favorite among greenhouse growers for cut flowers, and the variety you will almost invariably receive if you buy pink Roses. Equally good in the garden, though of course, flowers are not as large as those produced under ideal greenhouse conditions. Large, pointed buds and flowers of brilliant rose-pink. Fragrant and long lasting.

Caledonia

Each 85c, Doz. \$8.50

Continuous and free-blooming, this is one of the best pure white Roses. Blooms are mildly fragrant and very double, carried on long, strong stems.

Christopher Stone

Each \$1.00, Doz. \$10.00

A new variety with large, semi-double blooms of vivid scarlet, with petals of velvety texture. Of good garden habit, growing strongly upright, with dark green foliage. Has a delicious old rose scent.

Claudius Pernet

Each 75c, Doz. \$7.50

Ever since this was introduced from France years ago, it has been one of our best yellow Roses. If it was re-introduced today it would compare with any Rose on the market. Rich sunflower-yellow blooms of good size and form, with deep green foliage, remarkable for its gloss.

Condesa de Sastago

Each 75c, Doz. \$7.50

A splendid double Rose of most vivid coloring. Cupped flowers of fiery copper inside, and rich gold on the reverse. Enticing spicy fragrance. A striking flower, and most popular.

Dainty Bess

Each 85c, Doz. \$8.50

An exceedingly charming and daintily colored Single Rose of perfect form. The broad petals are delicate shell-pink and form a beautiful contrast to the conspicuous bunch of crimson stamens. It is always greatly admired for its charm and loveliness, and the blooms last exceptionally long.

Dame Edith Helen

Each 75c, Doz. \$7.50

Long, shapely flowers of clear pink throughout, sweetly scented and produced on strong, long stems. A favorite garden variety yielding excellent cut flowers of pink, unmarked by any other color.

Edel

Each 85c, Doz. \$8.50

An enormous bold, stately, well-built flower of great quality and finish. Color white with faintest ivory shading towards the base, passing to a pure white. A fine grower with uniform, sturdy habit.

PRESIDENT
MACIA

GOLDEN
RAPTURE

POINSETTIA

Edith Nellie Perkins Each 75c, Doz. \$7.50
 Lovely two-toned variety of outstanding merit, vigorous growth, and free-blooming habit. Fully double flowers of good size that are fragrant and long lasting. Gold and orange, with inside of petals salmon-pink.

E. G. Hill Each 75c, Doz. \$7.50
 A standard red variety. Immense, dazzling red flowers, shading to darker crimson. Flowers are large, double and fragrant. Vigorous grower and free-flowering.

Etoile de Hollande Each 75c, Doz. \$7.50
 Brilliant crimson flowers with velvety finish and especially fine fragrance. In the half-open state it is probably the finest red Rose in the world. An exceptionally vigorous grower, with unusually large foliage.

Glowing Carmine Each \$1.00, Doz. \$10.00
 Big Roses with many petals of a rich, clear carmine are produced in abundance. A strong grower with shapely and lasting flowers. Distinct in color, as shown in the illustration.

Golden Dawn Each 75c, Doz. \$7.50
 One of the best yellow garden Roses. Yellow buds, lightly marked with crimson, open into full clear yellow blooms. It is a compact grower giving an immense crop of flowers all season long. One of the most free-blooming of yellow Roses.

Golden Rapture Each 75c, Doz. \$7.50
 The buds are long and pointed, opening to large, high-centered flowers carrying an old rose fragrance. The plants are upright in growth, with large glossy foliage. One of the best yellow Roses for the garden and for cutting, giving a wealth of golden yellow flowers of fine, rich color.

Golden Sastago Each \$1.00, Doz. \$10.00
 Buttercup-yellow. Noted for its robust growth, freedom of bloom and rich fragrance. The clear gleaming yellow blooms are a delight wherever planted.

Grenoble Each 75c, Doz. \$7.50
 Large, well-formed blooms of scarlet-crimson, with slight orange glow. One of the best red Roses for cutting.

Heinrich Gaede Each 85c, Doz. \$8.50
 Maroon buds form into blooms of reddish copper with an orange flush over all, with the reverse of the petals deep golden orange. Very fragrant flowers on upright plants. There is no other Rose with the same coloring as Heinrich Gaede. It is truly striking.

Heinrich Wendland Each 85c, Doz. \$8.50
 A Rose that is different in color. Long, pointed Nasturtium-red buds, opening to large, double fragrant orange-yellow flowers, flushed Nasturtium-red. One of the most brilliant Hybrid Tea Roses.

Joanna Hill Each 75c, Doz. \$7.50
 A splendid Rose for both garden and cutting. Full, double flowers of clear light yellow, with orange-yellow heart. The flowers are carried on long stems, and last for days when cut.

K. A. Victoria Each 85c, Doz. \$8.50
 The long, shapely buds open to big, pure white flowers, exceptionally fragrant and perfect for cutting. A constant bloomer, and a fine addition to any Rose garden.

Killarney, Double White Each 85c, Doz. \$8.50
 Killarney Roses are known the world over, and this is one of the finest of the pure white varieties. Blooms as white as snow and sweetly scented.

Margaret McGredy Each 75c, Doz. \$7.50
 Cup-shaped blooms of orange-scarlet, base yellow, and most beautifully formed. A fragrant Rose that is quite prolific, flowering all season long.

McGredy's Scarlet Each 75c, Doz. \$7.50
 Full, fragrant flowers of vivid rose-red, with blazing scarlet sheen, having a trace of orange-yellow at the base of the petals. Color will vary somewhat with changing weather conditions.

Miss Rowena Thom Each 75c, Doz. \$7.50
 A splendid deep pink that tends to fiery rose and mauve. Both buds and flowers are of huge size, and carried on long stems. A profuse continuous bloomer, and a very vigorous plant.

MME. JOSEPH PERRAUD

- Mme. Edouard Herriot** Each 75c, Doz. \$7.50
Coral-red shaded with yellow and bright rosy scarlet, passing to salmon-pink. Attractive foliage.
- Mme. Joseph Perraud** Each \$1.00, Doz. \$10.00
While not quite a clear yellow, this is by far the sturdiest, most reliable, and best variety in that class. Flowers are of yellowish buff, lightening at the edges. Absolutely ideal in form, with stiff stems, perfect for cutting. At its best in the cool days of fall.
- Mme. Jules Bouche** Each 75c, Doz. \$7.50
Perfectly formed, long pointed buds and high-centered flowers of pure white, with a slight pink tint in the center when the flowers first open. Moderately fragrant. Healthy plants, always in bloom. Considered by many to be the finest white Rose.
- Mrs. E. P. Thom** Each 75c, Doz. \$7.50
Pure, unfading fragrant flowers of bright canary-yellow, somewhat deeper in the center. The slender shapely buds open into large, well-shaped blooms.
- Mrs. Henry Morse** Each 75c, Doz. \$7.50
Old, popular variety with large, globular flowers of contrasting tones of pink, with an underlying yellow glow. Fragrant and hardy.
- Mrs. Pierre S. DuPont** Each 75c, Doz. \$7.50
A yellow Rose which blooms all the time and supplies good flowers. Nicely formed buds and double flowers of rich red-gold, almost orange in the depths. Plants are bushy with attractive glossy foliage.

- Pink Dawn** Each 75c, Doz. \$7.50
One of the best of modern pink Roses. Fine deep rose-pink, opening to lively pink with an orange base. Sweetly fragrant, fully double, and of vigorous upright habit.
- Poinsettia** Each \$1.00, Doz. \$10.00
Never was a Rose more splendidly named. The contrast between its bright green foliage and brilliant Poinsettia-scarlet flowers is exactly like that of the Christmas plant for which it is named. Other Roses are as red, but none have the intense brilliance of color of Poinsettia. Buds are long and pointed, making excellent cut flowers.
- President Herbert Hoover** Each 75c, Doz. \$7.50
A sturdy garden Rose we cannot recommend too highly. Upright grower, reaching a height of three feet or more, with long straight stems. Flowers are a charming combination of cerise-pink, flame, scarlet and yellow. Very fragrant and free-flowering.
- President Macia** Each \$1.25, Doz. \$12.50
Imagine the longest rosebuds you ever saw, of a lovely pearly pink, marked with heavy veins of darker pink, each of the perfect buds on a splendid stem for cutting. This is President Macia. These lovely buds open to great billowy blooms nearly 5 inches across, with the face of the petals a shade lighter than the reverse.
- President Plumcok** Each 75c, Doz. \$7.50
Coppery yellow, suffused with buff and lightened with salmon. A good cutting variety that is quite a departure from self-colored kinds.
- Radiance** Each 75c, Doz. \$7.50
The standard pink Rose of today, and one that never fails. Large globular flowers of two-toned pink, light silvery rose inside and deeper outside. The plants are unusually robust in growth, comparing favorably with Hybrid Perpetuals in their canes and rugged constitution. It is not surprising that more Radiance Roses are sold than any other variety.
- Red Radiance** Each 75c, Doz. \$7.50
Exactly like Radiance, except in color, which is a clear rich red.
- Rome Glory** Each \$1.25, Doz. \$12.50
(Patented.) One of the most beautiful of all the Hybrid Tea red Roses, formed like a perfect American Beauty, but even larger and better. Rome Glory is a top-notch Rose that is one of the very best in all the Rose world.
- Roslyn** Each 75c, Doz. \$7.50
Large golden yellow flowers that fairly glisten in the sun. The buds are long, beautifully pointed, and most numerous on this vigorous plant.
- Sister Therese** Each 75c, Doz. \$7.50
Buds of chrome-yellow, heavily marked with corolla, opening into flowers of rich Daffodil-yellow that hold their color exceptionally. Sister Therese blooms exceedingly freely with as many as five flowers clustered on long, strong canes. Has a fragrance remarkably like the sweet briar.
- Sou. de Mme. C. Chambard** Each 75c, Doz. \$7.50
Quite popular with people liking red tones, without the glare and brilliance of true scarlets and crimsons. In color a rich coral, with the outer petals rich rose-red, and the inner petals deep rose-pink with golden glow at the base.
- Talisman** Each 75c, Doz. \$7.50
The standard by which all combination gold and red Roses are judged. Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow. One of the most popular varieties for cutting.
- Texas Centennial** Each 85c, Doz. \$8.50
(Patented.) A sport of President Herbert Hoover, having the same splendid growing habit and fine cut flowers. Cerise-red, somewhat deeper in the center. Especially fine in the fall.
- Ville de Paris** Each 85c, Doz. \$8.50
Round buds of clear yellow and big, globular flowers of the same hue, untouched by any other color. This is one of the really distinct breaks in the new yellow Roses.
