BERRIES FOR THE HOME GARDEN

—ALSO—

COMMERCIAL PLANTINGS

BLUE BERRIES THAT ARE BLUE

Many of the so-called blueberries of the coast country are BLACK. The Blue Blueberry is much superior. We can furnish them. The Blueberry has been so widely advertised that there is not much to be said, except that they do best on the moist acid soils of the coast country. They should be in every home garden, and are recommended as a high grade commercial proposition. Prices: 10 to 50 @ 35c, 50 to 100 @ 30c, 500 and over @ 25c each.

THE YOUNG DEW BERRY

X The coming berry of the coast country. It is a Hybrid of the Logan Berry and the Austin Dew Berry; is vigorous and prolific. Produces a large pink fruit, turning to a dark wine when fully ripe, and has a distinct Raspberry flavor. Unexcelled for Juices, Jams, Jellies, etc.

This berry is highly recommended by Prof. Geo. M. Darrow of the Bureau of Plant Industry at Washington, D. C. It bids fair to be one of the best fruits ever introduced for the coast country. Supply of plants limited. Price: \$1.50 per dozen. \$7.50 per 100, Postpaid.

X A New Berry of which little is known although it has been growing in Mobile County for forty years. It is yet unnamed, but for the present it will be called the Pink Black Berry or Coral Berry. It is an upright grower, very vigorous and prolific; medium size and like the young Dew Berry, has a distinct Raspberry flavor. This berry will be a very desirable addition to the home garden. Every lover of berries should have them. Price: \$1.50 per dozen. \$7.50 per 100, Postpaid.

One more berry which has attracted much attention because it is absolutely thornless.

THE AUSTIN THORNLESS DEW BERRY

This fruit is a sport of the Austin Dew Berry which is so popular in Texas. Very vigorous and prolific. Berries equal to the Austin or other varieties of the Dew Berry Family.

The joy of picking fine luscious fruit without thorns is a special inducement to plant this variety. Price: \$1.00 per dozen. \$5.00 per 100, Postpaid.
