Early Blood Turnip Beet

EARLY BLOOD TURNIP BEET

New Improved

It is early, smooth; does not grow overlarge; has few roots. It does not become stringy; matures a medium-size, deep-crimson beet of decided uniform type. Very prolific and a good seller. Pkt. 5c, Oz. 10c, $\frac{1}{4}$ lb. 15c, $\frac{1}{2}$ lb. 20c, lb. 30c.

The "Bolgiano" Tomato

THE "BOLGIANO" TOMATO

The Most Wonderful Yields Ever Known

The Bolgiano Tomato produces a far superior crop to any you have ever seen. Every vine is loaded with great quantities of perfect, fine, red, solid tomatoes. Two weeks earlier than the Earliana. Very smooth; first fruit as good as the prime of the season. The heavy potato-leaf foliage protects the fruit from sun-scald and blister. Deep red in color, very solid, no watery seed cavity, a solid mass of meaty flesh. Fruit is all selected type. Will stand long-distance shipping in perfect condition. Pkts. 10c, $\frac{1}{4}$ oz. 25c, $\frac{1}{2}$ oz. 50c, oz. 90c, $\frac{1}{4}$ lb. \$2.75, $\frac{1}{2}$ lb. \$5.15, lb. \$10.00.

Bolgiano's "Early Fortune" White Spine Cucumber

BOLGIANO'S "EARLY FORTUNE" WHITE SPINE CUCUMBER

The Great Money Maker—The Ideal Cucumber
for Home or Market

Thousands of expert growers everywhere have proven by actual test that Bolgiano's Early Fortune Cucumber is the earliest and by far the best rich, dark-green White Spine Cucumber on Earth. It is the greatest producer of all varieties, and at all stages of its growth it is a model in shape, being the handsomest and most attractive cucumber ever grown. Pkt. 5c and 10c, oz. 15c, $\frac{1}{4}$ lb. 30c, $\frac{1}{2}$ lb. 55c, lb. \$1.00.

Henderson's
Early Summer Cabbage

HENDERSON'S EARLY SUMMER CABBAGE

Large, Round, Flat Heads 8 to 10 Pounds Each

We have re-selected and improved our strain of this most wonderful cabbage until we believe that we have the finest stock in the world. The quality is excellent, tender and sweet. It comes in about ten days later than the Early Jersey Wakefield, but is more than double in weight. It is very valuable for the home garden as well as in the market. It is also well adapted for kraut. The plants are vigorous and strong growing, but compact. It will keep longer without bursting than any other sort. Pkt. 5c and 10c, oz. 15c, $\frac{1}{4}$ lb. 40c, $\frac{1}{2}$ lb. 70c, lb. \$1.25.

BOLGIANO'S I. X. L. TOMATO

A Week Earlier Than Earliana. More Productive Than Chalk's
Jewel. As Large as the Great B. B. As Solid as the
New Century. One of the World's Leading
Extremely Early Tomatoes.

In Market Gardener's Field Tests, I. X. L. Tomato proved to be a week to ten days earlier than the Spark's Earliana, with an abundance of fruit larger and more prolific than Chalk's Jewel; in fact, any number of specimens could be found as large as the Great B. B. Tomato. It has little more vine and leaves than the Wealthy Tomato, thus protecting the blossoms from being easily knocked off by heavy rains or winds; also protecting the fruit from being sunburned or scalded. The I. X. L. Tomato is without a single exception one of the Leading Extremely Early Tomatoes, and while many of the most experienced Tomato growers tell us we cannot say too much in favor of this excellent Early Tomato, there are many who have not yet grown it. To them, we say again, you are not experimenting when you plant the I. X. L. Tomato. We stake our reputation on I. X. L.
Prices: Pkt. 10c. Oz. 30c. ¼ Lb. \$1.00, Lb. \$3.50. Postpaid.

Bolgiano's French Golden Self-Blanching Celery

**WON THE BLUE RIBBON AT THE SOUTH FLORIDA FAIR,
HELD AT TAMPA**

Otto Gottfried, of Manatee County, Fla., wrote: "I secured first prize at the Tampa, Fla., Fair, February 15-22, for the best 10 bunches of Celery, which I grew from your French Golden Self-Blanching Celery Seed."

Bolgiano's French Grown Golden Self-Blanching Celery

Is of the most Superb Quality. Its crispness and tenderness and its delightful, rich, nutty, appetizing flavor makes it the leading variety in any market. The stalks are large, solid and a beautiful, rich golden yellow, entirely free from stringiness. It is an excellent keeper, stands shipment better than any other sort and brings the highest market prices.

EVERYTHING UP TO YOUR RECOMMENDATION

On March 2nd, 1922, Mr. C. S. Humes, of Westmoreland County, Pa., wrote: "We have been planting your seed four years and have always found them A No. 1. We are particularly well pleased with the John Baer and Victory Tomato, Indian Chief Watermelon and Crystal Springs Cucumber. Everything comes up to your recommendation."

ALWAYS TRUE TO NAME AND DESCRIPTION

On February 23rd, 1922, Mr. E. E. Rieley, of Bedford County, Va., wrote: "I take pleasure in testifying to the good quality of your seed, having always found them true to name and description. Have had a record yield of My Maryland Tomatoes, 400 bushels per acre, when Stone only made 150. I can recommend your seed on their good merits."

Seed Peas

Parcel Post Rates—See Page 12. We pay postage on 5c and 10c packages of all Seed Peas. Extra Early Smooth Seed Peas, weight by Parcel Post: Pt., 2 Lbs.; Qt., 3 Lbs.; 4 Qts., 9 Lbs.; Pk., 17 Lbs. Wrinkled Seed Peas, weight by Parcel Post: Pt., 1 Lb.; Qt., 2 Lbs.; 4 Qts., 8 Lbs.; Pk., 15 Lbs.

New 1922 Seed Peas

Prices are Subject to Change

First Class Selected Stock. Finest Hand Picked Samples

One quart will plant about 100 feet of drill. One and one-half to two bushels for an acre. Those Marked with a Star (*) are wrinkled marrows and unless otherwise stated should be sown thicker than the round Peas, and not until the ground has become warm, as they are more liable to rot. They are the finest flavored of all Peas.

Kindly Include Postage on All Quantities by Mail Except 5c and 10c Pkts.

NOT PROPERLY CULTIVATED—YET A GOOD CROP

On April 10th, 1922, Mr. George Arbogast, of Burlington County, N. J., wrote: "I want to state that I have planted Bolgiano's 'Big Crop' Seeds for the past three or four years, and last year I planted some seed of other merchants, and also some government seed, the same time yours were planted, under exactly the same conditions, and your seed certainly did prove the best. On one part of the ground where I planted your Late Flat Dutch Cabbage Ringleader, I was so busy elsewhere that I neglected properly cultivating and the grass and weeds covered the plants, but I certainly did get a fine crop of cabbage under these conditions. This same piece of ground would not grow cabbage the year previous under cultivation. Hereafter I will plant your seed exclusively."

ONCE TRIED—ALWAYS PLANTED

On March 20th, 1922, Mr. Maurice C. Clark, of Norfolk County, Mass., wrote: "Inclosed please find order and check. Last year I tried your seeds for the first time, and would say that I never had better, and I have tried lots of different places in the last ten years. I am anxious to see what your Best Yet Beans will be. If they are any better than your 'Truckers' Reward,' why all I can say is that they are 'Some Beans.' Last season I sold 15 bushels of string beans from two rows 120 feet long, and didn't see a rusty bean the whole season. One lady came 18 miles on an average of twice a week to get them and said that everywhere else she tried to get wax beans, they were all spotted with rust."

PLANTING FOR YEARS—ALWAYS O. K.

On March 3rd, 1922, Mr. A. H. Erley, of Effingham County, Georgia, wrote: "I am sending you an order for 32 pounds Junior Rockyford Cantaloupe Seed. Inclosed find my check to cover cost of same. I will need more seed later, but as this is for a club of farmers, I thought best to have some seed coming. Allow me to say again that the reason you are getting this order is from the success of the seed that I bought from you last year; in fact, we have been planting your seeds for years and find them O. K."

As to Warranty. We give no warranty, expressed or implied, as to description, purity, productiveness, or any other matter of any seeds, plants or bulbs we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned and money that has been paid for the same will be refunded.

Cash Accompanying the Order. We will be responsible for money sent by Postoffice Order, Express Money Order or Bank Draft.

ON ACCOUNT OF LACK OF SPACE WE ARE ONLY LISTING A FEW VARIETIES OF FIELD SEEDS.

We carry a full line of all Field and Grass Seeds and Seed Grains. Our stocks are complete. When ready to buy, kindly write us, naming the seeds in which you are interested, and we will quote you the lowest prices at that time. We will gladly send samples upon request. All quotations subject to market changes.

Alfalfa

PLEASE WRITE FOR SPECIAL PRICES
IN LARGER QUANTITIES

Crimson Clover

The proper development of Alfalfa largely depends on the soil. It can be grown on many kinds, from sand or sandy loams to heavy clay. It thrives best in deep loams with open, porous sub-soil, where tap roots are not hindered, as the root penetrates to a considerable depth. The quality of the sub-soil is of great importance. If it is compact and impenetrable, it will be a serious obstacle to successful Alfalfa growing. The soil must, therefore, be kept well drained, especially in early Spring. In poorly drained field Alfalfa will be injured and sometimes killed in the low spots where water has accumulated. Alfalfa, like other leguminous plants, depends on the bacteria or nitrogen for its vigorous development. Therefore, it is necessary to use bacteria inoculation in treating the seed before sowing. This will supply the young plants with the necessary nitrogen for a quick start, and will prove advantageous to your stand of Alfalfa.

The seed bed should be thoroughly prepared. After this is done, ground stone lime should be used at the rate of 1,000 lbs. per acre. It will be best to apply the lime through a drill and roll immediately after liming. This will give you a solid seed bed for sowing your Alfalfa the last of August or the first of September. Twenty pounds should be used to the acre, and be very careful not to cover the seed more than one-half inch.

Bolgiano's "Gold" Brand Alfalfa seed that we are offering is non-irrigated seed, best adapted for all localities.

1 Lb., 25c. (Postpaid 28c.) 10 Lbs. or over, 22c. lb. 100 lbs. or over, 21c. lb. \$12.60 for 60-lb. bu. Prices fluctuate. We will quote prices any time upon request. Bags holding 2½ bu. extra at 35c. each.

Rosen Rye

The Rosen Rye was brought from Russia in 1909 by Mr. Rosen, a student from Russia attending the Michigan Agricultural College. This rye has been carefully kept 99% pure. Each head fills four complete rows of grain. The grains are much larger than of common rye and the yield per acre is 35 to 40 bushels, while 15 bushels per acre is all that may be expected of common rye.

Another season has demonstrated that Rosen Rye is better than the common winter rye, therefore plant the best. Per bu. \$2.00.

Winter Rye (Maryland Grown)

A splendid winter grazing crop. Extremely hardy and will grow on any kind of land. Stands the coldest weather without injury. Makes a great deal of humus, and when turned under on the land will greatly help impoverished lands. From July until November is the general range of seeding, though in the lower South it can be put in even later. Plant a bushel to the acre for an early crop and on better soil, or where the crop is put in later use from one and a half to two bushels to the acre. Makes a splendid combination when sown with Oats or Hairy Vetch. Price, \$1.75 bu.

Abruzzi Rye

Abruzzi Rye is of Italian origin and was introduced in this country about 1904. Abruzzi Rye is better adapted to the South than any other variety. It matures about two weeks earlier than the Rosen Rye and produces a much heavier growth. Price per bu. \$4.00.

Crimson Clover. Saves Fertilizer bills and increases the Farmers' Income Millions of Dollars. Sow liberally, either alone or at the last working of corn or cotton. It makes the land rich in nitrogen and humus of vegetable matter and puts it in the very best condition for the crops which follow. It also makes a Fine Winter Cover Crop. A Good Early Forage Crop. An Excellent Grazing Crop During the Late Fall, Winter and Early Spring. A Splendid Soil-Improving Crop. Plowed under early in the Spring it increases the yield of corn, tobacco, cotton or other crops which follow it to a wonderful extent. Sow during July, August or September, 15 pounds per acre. If Crimson Clover is cut just as it is coming into bloom, before the seed forms, it will make a first-class Hay Crop. Crimson Clover can be used for grazing, early green feed or hay; even then the condition and productiveness of the land upon which it is grown will be wonderfully improved. New crop seed, large, bright, golden berries, fine, plump, well matured. Immediate shipment Bolgiano's "Gold" Brand Fancy Crimson Clover. 1 Lb., 15c. (Postpaid 20c.) 10 Lbs. and over, 14c. 100 Lbs., 13c. (\$7.80 bu. of 60 lbs.) Bags included. Prices fluctuate. Will quote you prices at any time upon request.

Timothy

1117. Timothy. Of Hay Grasses Timothy is one of the most popular, nutritious and salable. On clay or heavy loams, lowlands or in mountainous districts, provided there is an abundance of moisture, it produces the very best results. On sandy or light loamy ground it does not do so well as Orchard, Tall Meadow Oat or Red Top Grass. If grazed or cut too close, the stand of Timothy will be seriously injured. Besides, it does not form as good grazing as many other grasses. The yield of Hay is from 1½ to 3 tons per acre. Timothy requires good land to make good crops. It does not root as deeply and is not considered as much of an improver as other grasses, consequently should not be sown on land deficient in humus or vegetable matter nor on soils of a light or sandy nature. Clovers grow well with Timothy and aid it by supplying nitrogen. Timothy alone a peck (11 lbs.) to the acre; with Clover 10 lbs. Price: "Gold" Brand, Lb. 10c. (Postpaid 15c.) Pk. \$1.00, ½ bu. \$1.90, bu. \$3.60, 5 bu. lots and over at \$3.50 per bu. Prices fluctuate. We will quote prices at any time upon request. Bags holding 2½ bu. are extra at 35c.

Hairy Vetch (Vicia Vilosa)

Vicia Villosa succeeds and produces good crops on poor, sandy soils as on good land; grows to a height of 4 to 5 feet. It is perfectly hardy throughout the United States, remaining green all winter; should be sown liberally from July to November with winter rye, oats, wheat or barley, which serves as a support for the plants. It is the earliest crop for cutting, being hardier and nearly a month earlier than Crimson Clover, and a full crop can be taken off the land in time for planting spring crops. It is exceedingly nutritious, eaten with relish and may be fed with safety to all kinds of stock. Crop short. 1 Lb., 25c. 10 Lbs., 22c. lb. 100 Lbs., 20c. lb. Bags included.

Bolgiano's Hardy Perennial Flower Seed for Fall Planting

SPACE WILL PERMIT OUR LISTING ONLY A VERY FEW IN THIS CATALOG. SEND US A LIST OF YOUR REQUIREMENTS. WE WILL MAKE YOU SPECIAL PRICES.

Agrostemma (Rose of Heaven). Produces glowing Crimson Flowers. Pkts. 5c and 10c, $\frac{1}{2}$ oz. 15c, oz. 25c.

"NORCROSS" CULTIVATOR HOES AND WEEDERS

Will cultivate closer to plants without injuring them than any other type of implement known, leaving the soil level, loose and untrampled. The sharp, tapering shovels enter the ground easily and are so arranged, one with another, as to literally tear up every inch of the soil, from one to five inches deep, as required. Detachable steel prongs, malleable head, extra high grade handles, finely finished throughout. Three sizes, suited to both men and women, and the average cost is only that of a common hoe.

Three Sizes and Prices

5-Prong, 4 ft. handle, weight 3 lbs.....	\$1.00
3-Prong, 4 ft handle, weight 2 lbs.....	.75
"Midget," 9-inch handle, weight 12 ozs....	.45

BOLGIANO'S PROVEN DEPENDABLE QUALITY

FOUR POPULAR VARIETIES

Do Not Fail to Plant

BOLGIANO'S SPECIAL STOCK

"RUBY KING" PEPPER

Re-selected and Improved

The fruits are 6 to 8 inches in diameter, of a beautiful bright ruby-red color when ripe. They are most prolific, growing on strong, vigorous bushes 2 feet high, and are remarkably mild and pleasant in flavor. The flesh of these handsome and extra large peppers is quite thick and so sweet that they may be eaten like an apple. One of the best varieties for stuffed peppers. We have re-selected and improved our stock of this most wonderful pepper until we believe that we have the finest stock in the World. Pkt. 5c and 10c, oz. 30c, ¼ lb. \$1.00, ½ lb. \$1.90, lb. \$3.50.

"Ruby King" Pepper

Black Beauty Egg Plant

Bolgiano's "Black Beauty" Egg Plant

As large as the New York Spineless Eggplant and two weeks earlier. Most delicious flavor. Most attractive appearance. Skin is a rich, luscious black. The intense, brilliant coloring is uniform over the whole fruit and does not fade or change to a lighter color at the blossom end. Plants branch freely near the ground. The heavy leaves which attach the fruit to the stem are bright green, making a beautiful contrast with the fine, dark color of the fruit. Thoroughly free from spines or thorns. Fruits set freely. Very prolific, and being so early and handsome bring double price. Pkt. 10c, oz. 50c, ¼ lb. \$1.40, ½ lb. \$2.65, lb. \$5.00.

The Charleston or Large Wakefield Cabbage

The Best Large Early Cabbage

It can be the First Cabbage sent to market, and on account of its handsome appearance, will invariably bring the Tip Top Prices. If, however, the early market prices are low, it can safely be left standing in the field to

mature to an extra large, compact, solid, magnificent cabbage which has never failed to attract the admiration of the most skilled gardeners and always brings better prices than any other sort harvested at the same time. Our stock is extra selected. Pkt. 10c, oz. 15c, ¼ lb. 40c, ½ lb. 70c, lb. \$1.25.

New Charleston or Large Wakefield Cabbage

New Davis Kidney Wax Beans

The King of Flat Wax Beans

A beautiful form; handsome, long pods. A valuable market-garden and home-garden variety. Particularly known for its evenness in maturity and its uniformly large, exceedingly straight, clear yellow, symmetrical and attractive pods 5 to 5½ inches long. Luscious flavor, prolific yielder, rust-proof, excellent shipper. Be sure to plant some. Pkt. 10c, 1 lb. 18c, 2 lbs. 36c, 10 lbs. \$1.50, 25 lbs. \$3.50, 100 lbs. \$12.00.
