SEEDS IN BULK

WHOLESALE TRADE LIST
FOR MERCHANTS ONLY

OFFERED BY

D. M. Ferry & Co.
Seedsman
DETROIT - MICHIGAN

SPECIAL NOTICE

WE HANDLE absolutely nothing that we do not believe to be the best obtainable. Our unequalled advantages for the production of the best seeds enable us to offer them to our customers at the lowest prices for which well grown and selected seeds true to name can be furnished.

Cheap goods in our line should be resolutely shunned by all dealers who want to supply seeds that will satisfy and make money for the planters and gardeners who trust them with their orders. Our seeds have behind them a history of constant success during the past sixty-one years and we continue to affirm—

The best is always the cheapest;

Reliable seeds cannot be afforded at half price.

☞ These prices are made in anticipation of probable results of crops, therefore, we are not bound by them for any definite time or quantity and they are subject to change without notice.

The prices are for delivery f. o. b. cars, Detroit, Mich., and do not include the cost of containers. When seamless cotton grain bags, boxes, or barrels are necessary for safe transportation, such packages are charged at value and are not returnable.

Not less than 25 lbs. of Grass, Clover, Miscellaneous Farm Seeds or Bird Seeds at 100 lb. rate. On other seeds pound prices apply to quantities of $\frac{1}{4}$ lb. or more, hundred pound prices to 10 lbs. or more.

The varieties in each class (for example, Wax Podded Beans) are usually arranged in their order of earliness.

TERMS NET CASH, June 1st, 1917, without regard to date of purchase, or a discount of one per cent. per month for the unexpired time when paid before maturity. Field Peas, all Grass and Clover Seeds, Miscellaneous Farm Seeds and Bird Seeds, net cash 10 days, without any discount whatever. Cash or satisfactory references should accompany orders from unknown correspondents.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

D. M. FERRY & CO.

DETROIT, MICH., January 25, 1917.

☞ In telegraphing, please use our CODE on page 49. Our telegraph cipher words should be used in *Telegrams only—not in Orders by Mail.*

EQUIVALENT BUSHEL QUOTATIONS

For the convenience of those of our customers who have not yet become accustomed to using the Cental System in connection with prices of Beans, Corn and Peas, we subjoin a table which will enable one at a glance to find the equivalent price per bushel of any given price per hundred pounds.

Weights of measured bushels always vary somewhat. Corn ranges from 40 to 50 lbs. per bu.; we have made our table for the average, i. e., 45 lbs. Wrinkled Peas and Field Corn weigh 56 lbs. per bu., Beans and Smooth Peas, 60 lbs. per bu.

For many years Cabbage Seed has been a leading specialty with us. Our cabbage seeds are all grown from approved stock seeds which are largely of our own development on our Oakview Stock Seed Farm and are all grown under our personal inspection and supervision. There is none more reliable, none that can be more implicitly depended upon to give planters uniformly satisfactory results.

CORN**(SHELLED)**

CAUTION—Sweet Corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bags as soon as received and spread in a dry place.

Not less than 10 lbs. at 100 lb. rate.

Sweet Corn crops this year were either very short or total failures. Our supplies are meager and consequently the prices we quote are not only high but also are for moderate quantities only.

TELEGRAPHIC CIPHER

By making use of the following Telegraphic words for weights, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at trifling expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

"Freight Adjust Lagrange, Lemhi, Lorain." Means "Ship by first freight One Hundred Pounds each of Ferry's First and Best, Telephone and Champion of England Peas."

"Express Above Caddo, Cannon, Catoosa." Means "Send by first express Two Pounds each of Early Jersey Wakefield, Early Winnigstadt and D. M. Ferry & Co's Premium Late Flat Dutch Cabbage."
