Special Offer—Circular No. 82

DREER'S
SPECIAL IMPORT OFFER
OF
BAY TREES

Laurus Nobilis

HAVING made a special arrangement with the most extensive grower of Bay Trees in Belgium, we submit herewith prices at which we can accept advance orders for Spring imports, delivery to be made at any time between April 15th and May 15th, but orders to secure these special import prices must reach us not later than March 25th, or if possible, earlier, so that the trees may be reserved.

These import prices, including packing and delivery F. O. B. Philadelphia or New York, are much lower than our regular list price, and we offer not only an exceptionally full line of sizes, but also some entirely new shapes not heretofore offered.

Do not overlook the fact that these prices are only for advance orders which must reach us before March 25th, 1911.

In ordering, please refer to Circular No. 82.
