Dreer's Quarterly Wholesale Price List

JANUARY—MARCH, 1903

We take pleasure in presenting to the Trade this, the first issue of our Wholesale Price Lists for 1903. New Crop Flower and Vegetable Seeds are, with few exceptions, now in stock and ready for distribution, and we are confident that we can serve you better than ever before. In the Plant Department our stocks of decorative, hardy and other plants are very extensive and in splendid condition, comparing favorably to stock distributed by us in the past. We trust you will favor us with a share of your patronage which we promise will be given the most careful attention

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33 $\frac{1}{3}$ % ; Small Tools and Insecticides, 10% ; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation. We cordially invite you to visit our Greenhouses and Nurseries at Riverton, N. J., one of the most interesting commercial places in the world. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes.

DREER'S RELIABLE GENERAL LIST of FLOWER SEEDS

For full descriptions and illustrations see our Garden Calendar for 1903. Should you not have a copy we will be pleased to mail one on application.

We give close attention to the Flower Seed Department, our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and no pains or expense are spared with this object in view. We call special attention to our particularly fine strains of Asters, Cinerarias, Cyclamens, Mignonettes, Pansies, Petunias, Primulas, Stocks, Verbenas, etc., etc. They are grown by the most critical private and professional gardeners in the country and are acknowledged to be superior in all respects.

NOTE.—We do not furnish less than Trade Packets except where noted. Fractions of ounces charged for at a slight advance over the ounce price. Where small quantities are wanted retail packets can be supplied at a discount of one third from retail catalogue prices. Prices in this list are net.

Asters.

We take special pains to secure only the choicest Asters, and nothing better in quality can be had at any price; beware of low-priced stock, it is liable to be low grade at the same time.

For early flowering Queen of the Market is used almost exclusively. Sample's Branching is in most demand for late, while for mid-season Comet, Pæony Perfection, Branching Pæony Flowered and Victoria are all equally desirable, the Daybreak is also largely grown for a pink. Many of the others are fine Asters and worth trying, but the varieties indicated above are the leaders.

Dahlia.

Dahlias have come to the front with a bound as cut flowers, especially the single sorts. They are as easy to grow from seed as Nasturtiums. They need a good rich soil, a fair amount of moisture and lots of sunlight. They will bloom if sown out of doors as late as June, but are better when given an earlier start indoors or in a hot bed.

Single Sorts.

Twentieth Century. The flowers of this variety brought better prices than the finest Roses in Philadelphia and New York last autumn. Flowers of immense size, color deep rosy crimson passing to white at the tips. As the season advances the flowers gradually come lighter in color until they are a soft rosy white. A novelty of real merit to the florist. 17 cts. per pkt.; 5 pkts., 75 cts.; 12 pkts., \$1.75.

French Colletterte. A unique sort. Have an extra row of short petals around the disc like a frill or collar and which are of a different color to the rest of the flower. Mixed colors. 17 cts. per pkt.; 5 pkts., 75 cts.

Petunia.

Our Riverton grown strain of Double and Single Fringed Petunia have long been celebrated as the best on the market. We keep continually culling out and hybridizing and thus maintain the high standard. We have frequently tested stocks received from the world's best growers and can say without fear of contradiction that our own strain is by far the best to be had at any price.

Note.—We would especially call the attention of every florist who grows double Petunias from seed that all the smallest and weakest seedlings should be saved as they usually produce the finest double flowers.

Dreer's Superb Double Fringed. Our own unrivaled strain. Every seed saved at Riverton. 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

MIXED SWEET PEAS

Sweet Peas.

The varieties best suited for florists' use are marked with an asterisk (*). If you miss some old favorite variety in the list below it has been discarded in favor of an improved sort of the same color. All of the varieties are strictly first class.

We take special pains in making up our various mixtures, nothing but named sorts are used, and it is impossible to make anything finer than our Peerless.

Flower Seeds in Lithographed Packets for Retailing.

We have most of the leading Flower seeds, such as Alyssum, Aster, Dianthus, Pansy, Phlox, Portulaca, etc., put up in finely lithographed packets, they contain the same high grade reliable stock as we furnish to florists for their own sowing. We will furnish the same in lots of not less than 5 packets of a kind at a reduction of 50 per cent. from retail price, and as most of them are 5 cents per packet this makes them cost 2½ cents per packet net.

When less than 5 packets of a kind are ordered the discount is 33⅓ per cent. from retail prices.

In ordering should you wish the lithographed packets, please so state, as our regular plain printed packets will be sent unless otherwise specified.

PLANT DEPARTMENT.

Novelties, Specialties, and General List of Garden, Greenhouse, and Decorative Plants.

ACALYPHA BICOLOR COMPACTA

Abelia Floribunda.

A choice dwarf, growing small shrub of slender graceful habit and small dark green foliage, hardy as far north as Philadelphia, but requires protection in more northern latitudes. It produces during the entire summer and fall months, heather-like waxy white flowers, tinted with lilac in such quantities as to completely cover the plant. A most attractive plant that is always admired and which we cannot recommend too highly.

Azaleas for Easter.

We are carrying in stock an immense quantity of Azaleas for Easter forcing; the plants are in good condition and finely set with buds; the varieties we offer are only the best commercial sorts, but selection of same at this date must be left to us.

Mme. Van der Cruysen is very scarce this season, but we can still include 10 per cent. of this variety.

As these plants can be more safely shipped when in bud we wish to impress the importance of immediate orders. We will not be responsible for injuries arising from late shipments when the buds are developed.

Tuberous-Rooted Begonias.

The strain of Tuberous-Rooted Begonias we offer is too well known to require lengthy description; suffice it to say that we have used the same care this as in previous seasons. The bulbs are of good size, well ripened, and first-class in every respect, and are certain to give satisfactory results.

The price is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, to sell over the counter in bloom, will find many of the *cheap indifferent strains now offered dear at any price*. We offer but one quality, and that is the best.

Single Varieties in Separate Colors. Crimson, white, rose, yellow and orange. 40 cents per dozen; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cents per dozen; \$2.50 per 100; \$22.00 per 1000.

BEGONIA, DUKE ZEPPELIN

NEW FRILLED BEGONIAS

Frilled Tuberous-Rooted Begonia.

A most unique form, with very large single flowers which are entirely distinct, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. Strong bulbs, 25 cents each; \$2.50 per dozen.

New Hybrid Tuberous-Rooted Begonias.

Duke Zeppelin and Lafayette.

During the past summer a bed, 8 feet wide by 100 feet long, in a semi-shaded position in our nursery, planted with these two varieties, was the brightest and most attractive border on our grounds and a revelation to all visitors. Both varieties are of strong vigorous growth, but dwarf in habit, never exceeding 8 to 10 inches in height and throw up numberless stems of full double flowers from early in July until cut down by frost. A continuous display of color which is simply dazzling in brightness and which is not equalled in any other flower.

Duke Zeppelin. Pure rich scarlet. Strong bulbs, 15 cents each; \$1.50 per dozen; \$12.00 per 100.

Lafayette. Brilliant crimson scarlet. Strong bulbs, 30 cents each; \$3.00 per dozen.

The Lorraine Begonias.

Gloire de Lorraine and Light Pink Lorraine.

These beautiful Begonias are undoubtedly the best **Winter Flowering Pot Plants** we possess, especially so for the **Holiday Season**. The demand again this year has been far in excess of the supplies, but we are now prepared to book orders for **July delivery at \$2.00 per dozen; \$15.00 per 100; or \$140.00 per 1000** in thrifty young plants which will start off in a vigorous growth at once and which can readily be grown into 6 or 7-inch pots for next winter's use.

There is absolutely no difficulty in growing this plant between June and February; no special skill is required and no special facilities need be prepared. You will have no difficulty whatever if you secure good thrifty young stock such as we are prepared to supply in July, and you will find same a paying investment.

CALADIUM, MRS. OLIVER AMES

Browallia Speciosa Major.

A giant flowered form of the beautiful blue Browallia, flowering continuously summer and winter. May be grown either as a pot or border plant. Its beautiful ultramarine blue color, which is rare in all classes of plants, makes it especially valuable and desirable. 75 cents per dozen; \$6.00 per 100.

Fancy Caladiums.

Fancy leaved in 25 choice-named varieties. (See retail catalogue for description.) \$1.25 per dozen; \$10.00 per 100.
Choice mixture, \$1.00 per dozen; \$8.00 per 100.

**The Giant-Flowering Caladium
"New Century."**

A new species, introduced from Central America. It produces leaves from 3 to 5 feet long, 2 to 2½ feet broad, and is much larger than the ordinary Caladium or Elephant's Ear. The leaves are of a heavy leathery texture, bright glossy green color with metallic lustre, and are held on stout, stiff stems well above the ground. Added to the foliage effect are the creamy white Lily-like flowers from 12 to 15 inches long, which possess an exquisite fragrance and are produced throughout the summer. \$1.25 per dozen; \$8.00 per 100.

New Fancy-Leaved Caladiums.

Entirely distinct improvements upon the variety Albanense sent out a few years since.

Countess of Warwick. Leaves 6 to 8 inches long by about 5 inches broad, triangularly spear-shaped in outline, but with curved undulated edges. Central portion exquisitely tinted bright rose pink, with broad, clearly defined veins on a greenish ground. Margin green with greyish edges. 75 cents each.

Mrs. Oliver Ames. Leaves 10 to 12 inches long by 5 inches in breadth. While young of a soft cream color, veined and tinged with green, the older leaves are beautifully marked with streak-like and reticulated veins of light green, while the edges are of a deep green. 75 cents each.

L'Ami Schwartz. Triangular foliage 9 inches long by 5 inches wide, of a dark crimson color, which is vivified by lighter veins and ornamented by greenish patches near the green-zoned undulated edges. \$1.50 each.

One each of the three varieties for \$2.00.

Camellia Japonica.

We have in stock at present a fine lot of Camellia Alba Plena, the best of the double white varieties. Fine bushy plants 15 to 18 inches high, in 5-inch pots, \$6.00 per dozen; \$45.00 per 100; 18 to 24 inches high, in 6-inch pots, \$9.00 per dozen; \$70.00 per 100.

Assorted colors in twelve distinct varieties can be supplied after new importations arrive, about April 20th. 15 inches high, bushy plants, \$6.00 per dozen; \$45.00 per 100; 18 to 20 inches high, \$9.00 per dozen; \$70.00 per 100.

CANNA, WM. GRIESINGER

CANNAS**New Dwarf French Varieties
for 1903**

Again this season we offer a collection of New Cannas, fully realizing that this plant has been brought to a high point of perfection difficult to surpass; however, each of the six varieties here offered is distinct and will be found a desirable addition to any collection.

Grand-Duke Ernst Ludwig. Rich deep scarlet, with carmine markings; very large flowers, individual petals frequently measuring 2½ inches across; well rounded, large, heavy truss; foliage, bronzy-purple; height, 4½ feet.

Harry Laing. An exceptionally fine large flower, on a truss of immense size; color crimson-scarlet, very rich; foliage, green; height, 5 feet.

James H. Veitch. Almost a counterpart of Harry Laing, except in foliage, which is of bronzy-purple.

Souvenir de J. H. Krelage. The introducer of this variety, to whose skill we are indebted for many of the best Cannas grown to-day, considers this his best introduction in the bronze foliaged class. In color it is a fiery orange-scarlet, with satiny sheen, a color that can be seen a long distance; petals well rounded; flowers of good size in large trusses; foliage large, of a metallic bronze color; height, 4 feet.

Semaphore. A peculiar shade of light orange, contrasting well with the dark bronzy-green foliage; 5 feet.

Wm. Griesinger. A bright deep yellow, with carmine spots; a neat, clean flower.
35 cents each; \$3.50 per dozen. Set of 6 varieties for \$1.75.

The New White Canna. Mont Blanc.

The introducers of this new white Canna state that Mont Blanc is a grand improvement on Alsace, with large beautiful white flowers which are produced in the greatest profusion in strong branching stalks thrown well above the foliage which is of a bright glossy green. Ready in March.

75 cents each; \$7.50 per dozen; \$50.00 per 100.

CANNA, MRS. KATE GRAY

Cannas. Varieties of Special Merit.

A. Eisenbarth. A remarkably free-flowering variety, growing 3½ feet high, with light green foliage and well rounded flowers of a bright rich orange-scarlet with well-defined golden yellow margin. 15 cents each; \$1.50 per dozen.

Cinnabar. Cinnabar red, edged with distinct golden band; fine round flowers of great substance, held well above the foliage in large well-formed trusses; 4½ feet. 10 cents each; \$1.00 per dozen; \$8.00 per 100.

Governor von Zimmerer. A remarkably free-flowering variety with large trusses of medium sized flowers, which are of an intense rich orange scarlet; foliage bronzy-purple; very effectual; 4 feet. 15 cents each; \$1.50 per dozen.

Jean Tissot. One of the brightest of the very large flowered Cannas in our collection; intensely rich brilliant vermilion with bright orange shadings, a color which can be seen as far as the eye will carry, massive green foliage; height, 5 feet. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Inspector Ehemann. A medium sized but well formed flower, with broad round petals of an intense glowing scarlet, deep green foliage. 15 cents each; \$1.50 per dozen.

Miss Berthine Brunner. A pretty pure yellow, with few minute spots of orange scarlet in the petals; flowers produced in large open panicles. 4½ feet. 15 cents each; \$1.50 per doz.

Mlle. Frey. An almost pure lemon yellow with very large open truss of medium sized flowers; foliage dark green; height 3½ feet. 15 cents each. \$1.50 per dozen.

Mrs. Kate Gray. The most robust growing Canna in our collection. The plants attain a height of 6 to 7 feet, with massive foliage of a bright glossy green, gigantic trusses of flowers, which are of a rich shade of orange scarlet, overlaid with gold, and measure from 6 to 7 inches across; individual petals often measuring 2 inches in width. The habit of the plant, size of truss and individual flower, together with its superb coloring, make this one of the most desirable. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Pennsylvania. One of the best of the Italian type, with flowers 6½ inches in diameter, produced with remarkable freedom in many branched panicles and of an intense vermilion scarlet overlaid with an orange scarlet sheen. Rich, deep green foliage; 6 to 7 feet. 15 cents each; \$1.50 per dozen.

Paul Grotz. Deep satiny vermilion flowers, of good size and neat open form, and produced with remarkable freedom; neat habit, foliage bronzy green; 5 feet; a perfect gem as a bedder. 15 cents each; \$1.50 per dozen.

President Meyer. Remarkably prolific with flowers and trusses, both of gigantic size, destined to become one of the most important bedding varieties. The flowers are of a pleasing rich cherry carmine, with broad bronzy foliage; height 4 feet. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Professor Hugo de Vries. Entirely distinct from all others in color and a most desirable acquisition. The flowers, which are large, are of a rosy carmine color, overlaid with a peculiar satiny sheen, deep green foliage; height 3 feet. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Rubin. Flowers not large, but of such an intensely rich glowing carmine; dark green foliage; a desirable bedder; 4 feet. 15 cents each; \$1.25 per dozen; \$8.00 per 100.

Victory. Golden orange scarlet, edged yellow, a large flower; foliage green; 4 feet. 20 cents; \$2.00 per dozen.

The collection of 14 varieties, one of each for \$1.75.

Black Beauty.

The Finest of all Dark or Bronze Leaved Cannas.

In the dark leaved Cannas no variety attracts so much attention or proves so effective as Black Beauty. Its flowers are insignificant, but its foliage is of the richest bronzy purple shaded with black, the edges of the leaves being peculiarly crimped. Our large stock enables us to offer it at a low price.

CARNATIONS

New Varieties for 1903

Adonis. (*Hill & Craig.*) The finest brilliant scarlet Carnation yet produced, surpassing all other reds in size. Very stiff erect stem averaging two feet in height, free, vigorous and early bloomer. Winner of the Lawson Gold Medal, February, 1902; also the Craig cup at Philadelphia, 1902. Price \$3.50 per dozen; \$14.00 per 100; \$32.50 per 250; \$60.00 per 500.

Alba. (*Dorner.*) A Carnation surpassing all whites in purity of color and size of flower, very early and continuous bloomer with a delightful heavy clove fragrance; a strong healthy vigorous grower. \$1.00 per dozen; \$6.00 per 100.

Dorothy Whitney. (*Dorner.*) Deep yellow ground irregularly edged with faint markings of light pink. A large fine well built flower, a vigorous grower with strong constitution. Long stiff stem, early, free and continuous bloomer. A variety that is certain to become a good commercial sort. \$1.00 per dozen; \$6.00 per 100.

Enchantress. (*J. D. Thompson Carnation Co.*) A very pleasing shade of light pink deepening towards the centre, on the color of Daybreak. Flowers very large, from 3½ to 4 inches, with long stiff self-supporting stems, commences to flower very early, of fine form and very attractive, a vigorous healthy grower. Price, \$3.00 per dozen; \$12.00 per 100; \$100.00 per 1000.

Lilian Pond. (*Reuter.*) The largest and finest white Carnation yet introduced, average size 3 to 3½ inches. Flowers perfectly round, petals fringed, centre well built up and perfectly double, absolutely pure white, very fragrant, and produced on strong wiry stems in the greatest profusion, not a cropper but a steady continuous bloomer. Price, 12 plants \$1.50; 25 plants, \$3.00; 50 plants, \$5.00; 100 plants, \$10.00; 250 plants, \$23.00; 500 plants, \$37.50.

Mrs. Theodore Roosevelt. (*Ward.*) A most important new pink variety, of a brilliant shade of deep cerise with a carmine or scarlet tinge at the centre, the color is so brilliant that it is taken for a scarlet under electric light. The flowers are from 3 to 3½ inches in diameter, of good round symmetrical form, stems from 1½ to 2 feet high. A free continuous and early bloomer. \$3.00 per dozen; \$12.00 per 100; \$100.00 per 1000.

Stella. (*Dorner.*) Color pure white with only a few narrow pink stripes on the edge of the petals, leaving the lower part of the petal pure white. Flowers of largest size, as full as Bradt, strong upright grower, stems stiff and of good length. \$1.00 per dozen; \$6.00 per 100.

New Carnations of 1902.

Cressbrook. (*Warburton.*) Color a shade deeper than The Marquis, a beautiful shade of pink, flowers 3 to 3½ inches in diameter under ordinary cultivation, habit strong and vigorous, stout stiff stems, never bursts. \$1.00 per dozen; \$5.00 per 100; \$40.00 per 1000.

Harry Fenn. (*Ward.*) Magnificent crimson, very large full bloom, on extra long stiff wiry stems, almost as free as Gen. Maceo, very sweet and an excellent keeper. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

J. H. Manley. (*Ward.*) New, brilliant orange scarlet, blooms 3½ inches in diameter, fine keeper, very fragrant, vigorous free grower and most prolific bloomer. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

Mrs. Potter Palmer. (*Chicago Carnation Co.*) An ideal shade of scarlet, with flowers larger than Mrs. Bradt, strong stiff stem, exquisite fragrance, never bursts, with a large full form, early, free, and continuous. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

Viola Allen. A clear porcelain white, delicately splashed and edged with pure, clear rose pink, very spicy odor, blooms large and full and borne on long stems; early and very free. \$1.00 per dozen; \$6.00 per 100; \$50.00 per 1000.

Chrysanthemums.—Ready in March.

Two Grand New Chrysanthemums.

Mlle. Marie Liger. This beautiful variety in 1900 at the Paris Exposition was awarded the premium offered by the Chrysanthemum Society of America, and has been shown at all the important exhibitions the past fall. It is undoubtedly one of the grandest introductions of recent years, of large size, measuring 18 inches in circumference, of great depth of flower, fine form, and borne on stout stems, which are well covered with beautiful foliage. In color it is a pleasing pearl pink, which deepens to a very bright shade at the base of the petals. 50 cents each; \$5.00 per dozen; \$30.00 per 100.

The Yellow Timothy Eaton. This is a "sport" from and a counterpart of the popular Timothy Eaton in every way, except in color, which is of a brilliant fine yellow, with all the good qualities of its parent. 50 cents each; \$5.00 per dozen; \$30.00 per 100.

"Baby" Pomponé Chrysanthemum.

Not a new variety, but such a dainty, perfect little gem, that we feel justified in again calling special attention to its merits. While it is the smallest Chrysanthemum in cultivation, measuring only about one-half an inch in diameter, it is not only interesting on this account, but also on account of the perfect manner in which its flowers are formed, which are as correct in outline as the finest large exhibition variety. The flowers are of a bright deep lemon-yellow, with each petal closely quilled, and not only produced in great profusion, but it always perfects its flowers in the open border. 10 cts. each; 75 cts. per dozen, \$6.00 per 100.

CLEMATIS INDIVISA

Clematis Indivisa.

This is one of the most desirable cool greenhouse climbers. Its flowers are produced in March and April, in panicles frequently 2 feet long, are pure white, and from 1½ to 2 inches in diameter. A well established plant, is simply one mass of bloom; the flowers can be used to good advantage in a cut state. 75 cents each.

Coleus Thyrsoides. (FLOWERING COLEUS.)

This species, which comes from Central Africa, is not a foliage, but a Winter blooming plant, its season of flowering being from the Christmas Holidays until late in March. It is of strong growth, attaining a height of 2 to 2½ feet, and produces dense cylindrical spikes 1-inch in diameter and from 6 to 12 inches long, of beautiful rich blue flowers, which remind one of a spike of Larkspur. 2¼-inch pots. 75 cents per dozen.

Coleus Dr. Ross or Brilliancy.

A giant-leaved form, with leaves frequently 9 to 10 inches long, of a bright carmine shading off to maroon, the margins of the leaves bordered with yellow and green, and having a rich velvety lustre. 60 cents per dozen; \$4.00 per 100.

DAHLIAS

The wonderful revival of interest in the Dahlia which has been steadily on the increase during the past ten years and which promises to continue, has induced us to pay special attention to this plant. We carefully test all promising varieties and the present list is the result of a most careful selection made from a large collection of varieties. The various sets of the different types as now offered combine in a superlative degree, purity of color, perfection of form, free and continuous flowering and habit of growth, which insures their success under the most ordinary garden culture.

All the Dahlias we supply, unless otherwise noted, are strong field roots.

Color-plate Set of Cactus Dahlias.

The following six varieties are shown in colors in our Retail Catalogue, and were selected with a view of illustrating as varied a collection of colors and forms as possible, and not because of any superiority, all the sorts offered are fine.

Countess of Lonsdale. An exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals; towards the tips the color deepens to the softest carmine pink.

Earl of Pembroke. Bright plum color, deeper towards the centre, with long pointed regularly arranged petals.

Mrs. Dickson. A beautiful formed flower, of a fine soft rosy carmine, passing to yellow at the base of the petals.

Primrose Dame. A beautiful soft primrose yellow.

Sieglinde. The finest of all the white Cactus varieties.

Standard Bearer. Rich, brilliant, fiery-scarlet.

15c. each; \$1.50 per doz.; \$10.00 per 100; the set of 6 for 75c.

CACTUS DAHLIA BRITANNIA

Three Beautiful New Cactus Dahlias.

The three varieties here offered are introductions of one of the most successful specialists, to whom we are indebted for many of our finest varieties; the sorts now offered he classes among the best of his introductions.

Kriemhilde. This is undoubtedly the pink Cactus Dahlia which will supercede all others of this color and which as a cut flower will displace Nymphæa from the place it has held for the past ten years. Its flowers are perfect and graceful in form, with nicely quilled petals. In color it is a fresh delicate pink, without the least trace of lilac or purple, gradually shading to white in the centre.

Brunhilde. Rich live plum color, with loosely arranged long tubular petals, forming a perfect shaped flower.

Volker. The finest pure yellow yet introduced; a perfect formed flower in every way.

Strong green plants ready in April. 25 cents each; \$2.50 per dozen; \$20.00 per 100. The set of three for 65 cents.

Sixteen Choice New Cactus Dahlias.

Introductions of 1901 and 1902.

Arachne. Has peculiarly twisted and curled petals, forming a curious, irregularly built flower, and on account of this unique form is well named, the word Arachne meaning spider. The petals are creamy white, edged with a broad band of crimson. The coloring, however, varies as much as the form, there rarely being two flowers alike.

Alfred Vasey. Reddish crimson, shaded amber and pink.

Beatrice. A fine deep rose, with long pointed petals.

Britannia. Deep shaded salmon flesh, free and early.

Capstan. Soft brick-red shaded apricot, remarkably free.

Dankward. Dark rose shading to a luminous carmine centre.

Exquisite. Pure orange-scarlet with salmon shadings.

Hunold. Light scarlet with neatly quilled petal; very early.

Lady Edmund Talbot. Terra cotta shaded salmon.

Mary Service. Light orange scarlet, gradually shading to deep rose on the tips of petals; a fine flower.

Night. Dark chestnut red, shaded black, one of the darkest.

Progenitor. Bright carmine or crimson lake, the petals being furcated on the end like a Stag-horn Fern, forming several points, each division having a fluted termination.

Ruby. Deep vermilion centre, shading to a purplish tinge on the tips of the petals; a rich, showy color, perfect form.

Ranji. Rich deep maroon, almost black; a wonderful color.

Sindold. Soft rose shading to purer white in the centre.

Radiance. Vivid orange scarlet, shaded yellow at base of petals. A handsome and distinct free-flowering variety.

15 cents each; \$1.50 per dozen; \$10.00 per 100.

The set of sixteen varieties \$2.00.

CACTUS DAHLIA, PROGENITOR

Twenty-Five Grand Cactus Dahlias.

Aegir. An entirely distinct form; the petals are tubular or quilled, twisted and arranged in most fantastic yet regular form; color rich, warm cardinal scarlet.

Austin Cannell. Color light crimson rose, shading lighter towards the edges; long, narrow, twisted tubular petals.

Cinderella. Royal purple, deepening to the centre.

Ernest Cannell. Large soft red, of fine form.

Ernest Glasse. Rich purplish magenta.

Firebrand. Rich, deep, glowing vermilion of fine form, early.

F. Bartels. Bright scarlet; when first opening shows a pretty violet shade.

George Marlow. Primrose yellow, shaded amber.

Hohenzollern. A rich, bronzy orange-red with golden sheen.

Harmony. Shades from old gold to orange scarlet.

Iona. Rich terra cotta, shading to orange.

Island Queen. Soft lavender pink of fine form.

Kingfisher. Purplish crimson, very early, petals curved and curled in an elegant, irregular manner.

Lady Penzance. Pure yellow, with long twisted petals.

Loreley. Soft La France pink, shading lighter towards the centre, which is a creamy white.

Miss Webster. Pure white, without a tinge of color excepting on the reverse of the lower petals, which are slightly tinted with rose.

Miss Annie Jones. Bright crimson, scarlet, petals long, narrow and much twisted, early and free.

Miss Annie Nightingale. Large deep yellow, heavily tipped bright red.

Mr. Moore. Deep claret, one of the best dark varieties.

Mrs. Montefiore. Rich glowing scarlet crimson with darker shadings, a fine large flower.

Mrs. Bennett. Soft crimson, large well built flower.

Queen Wilhelmina. Deep garnet, shading lighter at base.

Sparkler. Rich, glowing carmine, early and free.

Siegmund. Glowing rosy carmine, of graceful form.

Strahlen Krone (Rayed Crown.) Intense cardinal red, rich and glowing, with long, curiously twisted petals.

Strong field roots. 10 cents each; \$1.00 per dozen; \$8.00 per 100. The set of 25 varieties for \$2.00.

CACTUS DAHLIA, STRAHLEN KRONE

DECORATIVE DAHLIA, ADMIRAL DEWEY

New French Collerette Dahlias.

An entirely new type of single Dahlias, which has produced a great sensation during the past two years wherever shown and which has been awarded highest honors. The peculiarity of the type lies in their having a row of short petals around the disc which form a frill or collar, and which are of an entirely different color from the rest of the flower. (The arrangement is well shown in the illustration.)

We have flowered a number of varieties in our trial grounds the past season, of which we offer two of the most distinct. We were charmed with them and feel positive that our customers will be well pleased with both varieties.

Joseph Goujon. Is the larger flowering of the two varieties, with 10 to 12 petals, which are of a deep red, with orange-red shadings, and light canary-yellow collar.

President Viger. The most beautiful of the two varieties, rich deep blood-red, shading darker towards the base of the petals, with pure white collar, occasionally suffused with rosy carmine.

Strong plants ready in April. 35 cents each; \$3.50 per dozen; \$25.00 per 100.

All the Dahlias we supply, except where otherwise noted, are strong field roots.

A Grand New Single Dahlia. "TWENTIETH CENTURY."

A grand new single variety, entirely distinct from all previous introductions, and which is not only valuable as a flowering plant for the garden, but which has demonstrated its value as a choice cut-flower during the past season in the flower markets of Philadelphia and New York, where frequently higher prices were paid for it than for the finest roses. The plant is of free branching habit, commencing to bloom very early in the season, and produces its flowers on stems that can be cut three feet long, and which will keep in perfect condition after being cut from 8 to 10 days. The flowers measure from $4\frac{1}{2}$ to 6 inches in diameter, and, early in the season, are of an intense rosy crimson, with white tips and white disc around the centre, while, as the season advances they become much lighter, the ground color being a pure white, overlaid with a beautiful soft pink, not variegated but a blending of colors, reminding one of the delicate tracings of some of the Orchids. Strong Divided Field Roots, 35 cents each; \$3.50 per dozen.

Four Fine New Single Dahlias.

Blackbird. Blackish velvet maroon, with bright red spot at base of each petal. 35 cents each; \$3.50 per dozen.

Gaillardia. Golden yellow, with a broad band or disc around the yellow centre; named from its striking resemblance to Gaillardia Grandiflora. Strong growing plants ready in April. 35 cents each; \$3.50 per dozen; \$25.00 per 100.

Wildfire. The finest pure clear scarlet, of a brilliancy not found in any other. 20 cts. each; \$2.00 per dozen; \$15.00 per 100.

White Cross. Soft rose lake, with a pure white stripe running through the centre of each petal; very distinct. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

The set of four varieties for \$1.00.

Twelve Superb Single Dahlias.

Annie Hughes. Bright sulphur with purple disc.

Enchantment. A pretty combination of red and yellow.

Fashion. Crimson maroon-flamed purple.

Gold Standard. Pure, deep yellow of largest size.

John Cowan. Fine, rich scarlet maroon.

John Downie. Intense growing cardinal.

Juno. White, with rosy purple tip and yellow disc.

Mars. White bordered and shaded crimson, tipped white.

Mrs. Bowman. Large, deep velvety purple.

Pauline. Pure white, margined dark glowing crimson.

Polly Eccles. Satin fawn with red disc.

Snow Queen. A good creamy white.

10 cents each; \$1.00 per dozen; \$8.00 per 100.

Daphne Odora.

An old favorite greenhouse plant with rich deep evergreen foliage and terminal heads of delightfully fragrant flowers, which are of a waxy white tinted with purple.

This plant, though well known, is now but rarely seen and we consider ourselves fortunate in being able to offer a limited stock of strong plants. 5-inch pots, 75 cents each.

Dieffenbachias.

Handsome decorative plants, with bold ornamental foliage, useful for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems clear ivory-white. 50 cts. each.

Bausei. Leaves yellowish green, margined and irregularly blotched with dark green, and spotted white. 50 cents each.

Bowmanni. Rich deep green leaves, blotched with irregular markings of light pea-green. 50 cents each.

Magnifica. Shining sombre green leaves; thickly variegated with blotches and spots of pure white. 75 cents each.

Memora Corsi. Beautiful leaves of a silvery white, with thread-like lateral veins of green, a handsome variety. 50 cts.

Picta. Light green foliage with many white spots. 35 cents.

Splendens. Rich, deep bottle green, freely marked with whitish striated blotches, which stand out in striking contrast with the deep green ground. 75 cents each.

Dreer's Fine Ferns.

VARIETIES OF SPECIAL MERIT.

The New Boston or Sword Fern.

Nephrolepis Piersoni.

The most important addition to our list of Ferns for many years, and a plant which will supercede that most popular of all decorative plants, the Boston Fern, from which it is supposed to be a sport. The plant possesses the same vigorous growth that is characteristic of the Boston Fern, with long graceful fronds, but with each pinna or leaflet subdividing, so as to form a perfect miniature frond. This characteristic of the frond is well shown in our illustration, though it conveys but a slight idea of the grace and beauty of the feathery plume-like fronds, which can only be compared to the graceful ostrich plume. The fronds grow broad and heavy, and measure when fully developed, at least 6 inches across, increasing in beauty as they develop. On account of the weight of the foliage the plant assumes an exceedingly graceful appearance, and, owing to the fulness of the fronds, even small plants are well furnished, making much more symmetrical and beautiful plants than the Boston Fern.

The plant has been awarded Gold Medals by the Massachusetts Horticultural Society, Society of American Florists and Ornamental Horticulturists, Great Kansas City Chrysanthemum Show and a Silver Medal at the New York Chrysanthemum Show.

Price for strong 2½-inch pot plants for delivery early in spring.

Per 12 plants, 75 cents each. Per 100 plants 50 cents each.

Adiantum Bensoniana.

A most beautiful Maidenhair, with large fronds and deep green pinnae, which, while closely overlapping, is not so dense as to make the frond appear crowded. It makes a handsome specimen plant, and is a distinct addition to our long list of Adiantums. 3-inch pots, 30 cents each; \$3.00 per dozen.

Adiantum Farleyense.

A fine lot of thrifty plants. 3-inch pots, \$2.00 per dozen; \$15.00 per 100. 4-inch pots, \$4.50 per dozen; \$35.00 per 100.

Asplenium Nidus Avis.

The "Bird's Nest Fern," a fine thrifty lot of 3-inch pots, 25 cents each; \$2.50 per dozen; \$20.00 per 100.

Asplenium Nidus Avis Multilobatum.

A distinct new variety of the Bird's Nest Fern, with which it is identical in every way, except that the edges of the fronds are deeply lobed or toothed in irregular segments; a variety that is worthy of a place in every collection. 4-inch pots, \$1.00 each.

Alsophila Australis.

We have again this season a fine supply of this useful, quick-growing Australian Tree Fern, and offer strong

2¼-inch pots, \$1.00 per dozen; \$8.00 per 100.

(The Transvaal, or Barberton Daisy.)

No introduction in the way of a flowering plant for many years has created such a sensation as this beautiful Daisy, which was first offered by us last spring, and was then illustrated in colors on the cover of our catalogue, and, though our stock was very extensive, it was not large enough to supply the demand, and we were obliged to disappoint many of our customers. We have this season prepared a large supply, sufficient, we believe, to meet all possible demand. It is a plant of easy culture, succeeding admirably and flowering continuously throughout the summer when planted in the garden in an open, sunny border. In fact, it is rarely ever out of bloom, and if placed in a sunny position in the greenhouse or conservatory during the winter, where Carnations and Geraniums flower freely, it will continue to bloom the year round. The plant is of strong vigorous growth, and produces in constant succession, single, daisy-like flowers fully 4 inches across and varying in color in different plants, as well as at different seasons of the year, from bright orange-red and scarlet to deep vermilion; a rich, glowing and also entirely new color in this shape of flower, it really being a scarlet Marguerite.

The plant has been under cultivation in our trial grounds for the past six years; many have seen it and been charmed by its novel and striking beauty and grace.

New and Standard GERANIUMS.

New Double Geraniums for 1903.

Bertha de Presilly. A robust, dwarf branching variety, completely covering the plant with bloom continuously. The flowers are of exquisite bright silvery rose.

Fleur de Rose. A grand acquisition, of a deep rosy pink color, with large white eye; a beautiful flower.

Jean Madeline. Enormous trusses and large individual florets; bright pure rose, the back of the petals pure white.

Le Barde. Color deep China pink, upper petals marked with lilac-white, of very regular form.

Madonna. A pure white, with very large flower of unusually good form; very compact in growth.

Robert Charlie. Very compact grower, of a rosy mauve color, marked white on the upper petals.

Ready February 1st. 20 cents each; \$2.00 per dozen.

The set of six varieties for \$1.00.

New Single Geraniums for 1903.

Comtesse de Chantemerle. Aurora salmon, very clear at the centre, shading paler at the edges of the petals.

Edmond Rostand. Very rich and bright magenta; large single florets combined into an immense truss.

Gen. Leonard Wood. One of the prettiest of the aureolata type, of a bright crimson rose color, with large white blotch.

Precursor. The forerunner of an entirely new type of single whites; of large size and spreading form.

Richmond Beauty. Extremely showy brilliant scarlet crimson, with large white feathering in the two upper petals.

Theonoe. Pure white, with a thread of pink outlining each petal; unusually beautiful and dainty.

Ready February 1st. 20 cents each; \$2.00 per dozen.

The set of six varieties for \$1.00.

Six Choice Double Geraniums.

Introductions of 1901 and 1902.

Decorator. Deep vermilion scarlet of good size, very free.

Le Gaulois. Intense rich scarlet, very floriferous.

Louis Francais. Pure rose tinted salmon, a pleasing color.

Marquis Castellane. A combination of two distinct shades of red, petals undulated at edges.

Silver Medal (highest award). Chrysanthemum Show, N. Y., 1902.

Also highest awards at—

Great Quinquennial Show. Ghent, Belgium, 1898.

Great Horticultural Show. St. Petersburg, Russia, 1899.

Great Horticultural Show. Hamburg, Germany, 1897.

THE GOLDEN PANDANUS (*Pandanus Sanderi*)

Never have we taken such pleasure in offering a new plant as we do in presenting this Golden Pandanus, without doubt the most important addition in many years to the comparatively small list of really first-class decorative plants, and one that must become valuable, not only in all decorations, but as a plant for the conservatory, the window garden—in fact, for any position where a decorative plant is required, it giving a richness, life and glow of color which cannot be secured with any other subject, and its introduction has been looked forward to, not alone in this country, but in Europe, the plant being well known on both sides of the Atlantic, it having been exhibited at many of the principal horticultural exhibitions in Europe and America during the past six years, and at all of which it was awarded the highest honors, and was enthusiastically described by the horticultural press.

In general habit of growth it closely resembles *P. Veitchi*, excepting that its leaves are longer and more recurved, which gives the plant a more graceful appearance: but the main distinctive feature is its coloring, which, instead of being white, as in *P. Veitchi*, is a rich golden-yellow, while the heart of the plant presents a bronzy-orange coloring, which is brightest in the centre, gradually diminishing towards the tips of the leaves. The longitudinal striping of the foliage shows much the same character as *P. Veitchi*, being generally, in alternate broader and narrower stripes of gold and green, while in some leaves one half is green and the other half gold. A strong feature in favor of the new variety is that the variegations in the foliage become stronger and more pronounced as they grow older, while in *P. Veitchi* the older leaves usually lose the variegation entirely.

The plant was discovered by a collector in one of the South Pacific Islands, where he had been sent by Messrs. Sander & Co., of England, for the purpose of collecting rare Orchids and other tropical plants, and who, with considerable difficulty, succeeded in sending the plant to England, where it was carefully nursed and propagated until the spring of 1901, when we succeeded in buying the entire stock, which then consisted of nearly one thousand plants, at a price far in excess of any ever before paid for a decorative plant of any kind. We have been very successful in propagating it, which enables us to offer it for delivery the coming autumn at prices which are remarkably low for such a grand novelty.

Orders will be booked and filled in strict rotation, Autumn, 1903, at the following prices:

PALMS OUR LEADING SPECIALTY

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special.—Our measurements of plants, where given, as in the case of Palms, etc., etc., mean the height of the plant from the top of the pot to the top of the plant in its natural position, and not from the bottom of the pot to the tip of the longest leaf, as some growers do in making their offers.

Acanthophoenix Crinita.

An interesting Palm with feathered foliage, which is of a dark green above and silvery below, the stems and trunk being thickly covered with short brown spines and bristles. Good thrifty plants in 3½-inch pots, 12 inches high, \$1.00 each.

Dreer's Superb Double Fringed Petunias

Our strain of Double Petunias is too well known to require special description. For many years this has been one of the specialties of our establishment, and again this season we have grown many thousands of seedlings from which our collection has been selected, embracing only such distinct fringed varieties and colors that are especially suited to the retail trade.

We offer 15 distinct varieties in strong plants from 3-inch pots, 75 cents per dozen; \$6.00 per 100; the set of 15 for \$1.00.

New Golden-Leaved Salvia Splendens "Audubon."

This handsomely variegated form of the ordinary Scarlet Sage originated with Mr. E. Baker, Superintendent of Audubon Park, New Orleans, from which it takes its name. It is entirely distinct from all variegated plants and should prove a gem, not only for bedding, the filling of window-boxes, etc., but it should also prove valuable as an ornamental pot plant for the conservatory and window-garden. The plant is almost as vigorous in habit as the common Scarlet Sage, but the rich deep green foliage is freely and irregularly mottled and blotched with creamy yellow, deepening to a rich bright yellow. Ready March 1st. 15 cents each; \$1.50 per dozen; \$10.00 per 100.

Splendens. A beautiful Bromeliad with light green foliage, transversely marked with brownish black bars. It throws up a tall spike of brilliant scarlet bracts, from which the yellow flowers are produced. The rich coloring of the bracts continues for a long-time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 35 cents each.

NEW ROSES

For General Collection see
next page.

NEW CLIMBING ROSE, DOROTHY PERKINS

New Bedding Rose. Gruss An Teplitz.

This beautiful Rose was illustrated in colors on the cover of our 1902 Catalogue, and during last spring we distributed many thousands of plants and never have we received so many flattering reports from pleased customers as we did from this variety.

This, the reddest of all red Roses, is to the amateur who has no greenhouse and depends on his garden for flowers one of the most important varieties yet introduced. It is a Rose for everybody, succeeding under the most ordinary conditions, and is destined to take rank with such old-time favorites as Hermosa, Malmaison, Soupert, etc. In color it is of the richest scarlet imaginable, shading to a velvety crimson as the flowers mature; in size it is larger than Hermosa, very fragrant, a free, strong grower, quite hardy, and the most profuse bloomer known to us, the mass of color produced being truly phenomenal; the foliage is extremely beautiful, all the younger growth being of a bronzy plum color.

Strong 2-year old plants, 30 cents each; \$3.50 per dozen.

New Hardy Rose. Soleil D'Or.

Probably no rose recently introduced has attracted more attention than Soleil D'Or or Golden Sun, it being the first of an entirely new race of Roses styled Pernetiana. It is a cross between the Persian Yellow and the hybrid perpetual Antoine Ducher. It retains considerable of the character of Persian Yellow, the bark of the wood being reddish, the thorns very fine; the foliage more ample, of a beautiful green and close together; like Persian Yellow this variety is perfectly hardy, with large, full, globular flowers, varying in color from gold and orange to reddish gold, shaded with nasturtium red.

2-year old plants, 30 cents each; \$3.00 per dozen.

New Hardy Climbing Rose. Climbing Clothilde Soupert.

Among the popular bedding Roses, Clothilde Soupert has for a long time taken a front rank and in this new variety we have a counterpart of this popular rose but of a strong, vigorous climbing habit. In color it is a French white similar to its parent but even larger in size. Its strong constitution, being perfectly hardy, free vigorous healthy growth and free blooming qualities, should make this one of our most popular climbers.

2-year old plants, 25 cents each; \$2.50 per dozen.
2 1/4-inch pots, 75 cents per dozen; \$6.00 per 100.

CLOTHILDE SOUPERT

New Climbing Rose. Dorothy Perkins.

A climbing Rose which in strong vigorous growth and general habit very closely approaches the popular Crimson Rambler; its flowers which are borne in clusters of 30 to 40 and sometimes even 50 to 60, are of a beautiful distinct shell pink, full double and of large size for a cluster rose and deliciously scented. A decided acquisition and a rose which should become very popular.

1-year old plants, 25 cents each; \$2.50 per dozen.

2 1/4-inch pot plants, \$1.25 per dozen; \$10.00 per 100.

New American Crimson Rambler. Philadelphia.

This new variety is a cross between the Crimson Rambler and the Hybrid Perpetual Rose, Victor Hugo. It originated with the successful hybridizer, Dr. Van Fleet, who says that he considers it the best and most valuable new rose he has yet produced.

The Philadelphia Crimson Rambler differs from the old variety in being of a deeper, brighter and more intense color and perfectly double to the centre, and while it is not expected to supercede the old favorite Crimson Rambler, it will prove a valuable addition to our list of climbing roses.

2 1/4-inch pot plants, \$1.25 per dozen; \$10.00 per 100.

New Hybrid Tea Rose. For Forcing or Bedding. Franz Deegen.

A seedling from Kaiserin Augusta Victoria. This beautiful Hybrid Tea Rose is a fine grower, having dark leathery foliage and the good habit of throwing up numerous heavy canes, each one crowned by a glorious flower of large size composed of large petals; the outer petals are of about the color of Perle des Jardines, the inner petals a deep shade of orange; it is a constant bloomer opening its buds freely, a strong healthy grower not at all subject to mildew.

Awarded Gold Medal at Kansas City; Silver Medals at Boston, Philadelphia, Chicago and New York.

HARDY ROSE, MAGNA CHARTA

Selected Two-Year-Old ROSES.

The Roses which we here offer are field grown stock either American grown or plants that have been imported from England and Ireland. We handle no Holland grown Roses.

These plants are all potted up during December and January, stored in cold houses so that they break away naturally in spring, making this the best possible stock for selling to the retail customer.

The prices noted are for strong selected plants in 5 and 6-inch pots (according to the growth of the variety) for delivery during April and May, and while we will make shipments earlier if requested we prefer to book orders for these months only.

HARDY PERENNIAL PLANTS.

The development of this branch of our business during the past few years has been kept fully abreast with the increasing demand for these now so popular plants. The retail florist doing a local business must fall in line and not only be in position to supply these plants but must familiarize himself at least with the leading varieties.

We suggest wherever possible the planting of a trial border, no matter how small; this will not only prove an interesting display to customers, but the many useful subjects flowering at various times during the season will furnish at all times sufficient useful material for cutting, especially when other flowers are scarce, to make a border of this kind pay for itself in cut flowers alone.

For full descriptions and illustrations see our retail catalogue for 1903.

Three Handsome Hemerocallis.

(Day Lilies.)

The three varieties here offered are great improvements upon the well-known yellow Day Lilies.

Aurantiaca. An exceedingly free flowering variety, with very large trumpet-shaped, bright, orange-yellow, sweet-scented flowers on 2½ to 3 feet high stems in June and July.

Aurantiaca Major. A Japanese variety of strong, vigorous habit and very free flowering, with large trumpet-shaped, sweet-scented, deep orange flowers, which on well established plants measure five inches across, on stems 2 to 2½ feet high, in July and August; requires slight protection.

Florham. Produces very large, golden-yellow sweet-scented, flowers during June and July, on 3 feet high stems; entirely distinct in color, and remarkably free flowering. This variety is of American origin, it has been under our observation for several seasons; we believe it to be the best Hemerocallis in commerce and secured all available stock.

IRIS KÄMPFERI (JAPANESE IRIS)

Iris Hybrida Pumila.

An entirely new race of Iris, which has been obtained by crossing the early dwarf flowering varieties of Pumila with the best large flowered forms of Iris Germanica. Their period of blooming is a trifle later than the Pumila section, with flowers almost as large and fully as showy and attractive in color as the German Iris. They are, no doubt, the forerunners of what is likely to prove an important addition to our list of early flowering Iris, not only for use in the hardy border, but which should also prove valuable for early forcing.

Cyanea. Rich royal purple, with blackish shadings; a fine flower, on stems 6 to 8 inches high.

Eburna. Pure white, with creamy-white shading; grows 6 to 8 inches high.

Florida. A beautiful lemon-yellow, with deeper shadings, 10 to 12 inches high.

Formosa. Upper petals deep violet-blue, lower petals light violet; a pretty flower; 10 to 12 inches.

15 cents each; \$1.50 per dozen; \$12.00 per 100.

Iris Kämpferi. (Japanese Iris.)

50,000 Home Grown Plants in Stock.

See colored illustration on back cover of our retail Catalogue.

These magnificent Iris are among the most beautiful of our summer flowering plants, and are destined to become more popular every season. They commence blooming about the middle of June, and continue in flower for five or six weeks. Many of these flowers measure from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. We offer 25 distinct varieties, which were selected while in flower from over 75 of the best Japanese introductions.

Fujimine. Ground color of the six large petals, white, densely veined with deep purple, yellow centre.

Ho-o-jo. Rich velvety-purple; six petals.

Hana-aoi. Six very large petals, the nearest approach to an ultramarine blue, golden yellow centre.

Iso-no-nami. Ground color silvery white, delicately veined with violet, golden-rayed centre.

Gekka-no-nami. Comes into bloom fully a week earlier than any other sort; silvery-white; golden centre.

Kagaribi. Ground color white, beautifully traced and marbled with ultramarine blue; golden-yellow centre.

Kigan-no-misao. A late-flowering white, golden centre.

IRIS GERMANICA (GERMAN IRIS)

Iris Kämpferi.—Continued.

Kimino-megumi. Three large, pearly-white petals, delicately veined with ultramarine blue with yellow centre, with light blue standards fringed with white.

Koki-no-iro. (See colored illustration on back of catalogue.) Royal purple with golden centre.

Kumoma-no-sora. Ground color pure silvery-white, suffused in the most delicate manner with soft light sky-blue.

Kosui-no-iro. Six petals, ground color violet, veined with white; yellow-rayed star-shaped centre.

Kyodaisan. Three large rosy lilac petals, with deeper veins and standards, golden bar in centre of each petal.

Kuma-funjin. Silvery-white, with broad border of magenta-lilac; white veins and yellow centre.

Meiran. White, densely marbled and veined with lilac, yellow-rayed centre; three petals.

Mana-dsuru. A late-flowering white, with six large petals and golden-rayed centre.

Oyodo. A fine self-colored violet-purple, shading deeper at the base; golden-yellow bar in centre of each petal.

Shigar-no-ura-nami. Rich violet-purple, veined white, yellow, star-like centre, surrounded by white halo; six petals.

Shishi-ikari. White ground, densely veined and mottled; dark-purple, yellow centre; three petals.

Shippo. Light lilac, densely-veined, purple; yellow centre.

Tsurugi-no-mai. Rich deep purple, shading darker, pure yellow bar in the centre of each of the six petals.

Uji-no-hotaru. Deep purple, shaded with blue; six petals.

Tora-odori. Pure white, traced with violet; three petals.

Waku-hotei. Pure white, veined throughout with purple.

Yomo-no-umi. Finest six-petaled white.

Yoshimo. Six petals, creamy-white, delicately veined with violet; pure yellow centre.

Primula Veris Superba.

(New Giant Hardy Primrose.)

We introduced this Giant English Primrose two years since and we are now more than ever impressed with its value.

In size of flower, it is fully three times as large as any other hardy Primrose, the average size of the flower being over one inch, and we have seen them frequently measuring over 2 inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other Primrose. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants to force, but a plant that will sell on sight when brought into flower during the early spring months, and especially so when grown as an Easter plant.

Strong plants 75 cents per dozen; \$6.00 per 100; \$50.00 per 1000.

Primula Cortusoides Sieboldi.

These are not so well-known as they deserve; they are of free, vigorous growth, and can be flowered in pots in early spring, and responding quickly when placed in a temperature of 50 degrees, forming pretty pot plants in a short time.

Loreley. Beautiful salmon rose, with white eye.

Queen of Whites. Fine large pure white.

(California Tree, or Matilija Poppy.)

While hardy as far north as Philadelphia, this must be planted in a well-drained, sheltered position, preferably in a sandy, peat soil, under which conditions it will grow 5 to 6 feet high and will frequently have from twelve to fifteen expanded flowers on a single shoot at one time. The flowers are white, six inches and over in diameter, and of a peculiarly delicate texture, the petals somewhat transparent, yet enduring in a good state for several days. Their fragrance is delicate, somewhat like that of a magnolia. \$1.00 each.

Although introduced some four years since, this handsome variety of Meadow Beauty is still practically unknown. It is perfectly hardy and should find a place in a damp position in the perennial border, where, under favorable conditions, it will form a plant 3 to 4 feet high, with finely divided, graceful, fern-like foliage and great sprays of feathery, silver white flowers in June and July. 35 cents each; \$3.50 per dozen.

Stokesia Cyanea.

(The Cornflower Aster or Stokes' Aster.)

The colored illustration on the front cover of our retail catalogue for 1903 does not begin to do justice to the beauty of this charming hardy plant, which for the past two summers has been the most universally admired flower in our grounds.

The plant grows from 18 to 24 inches high and produces its Centaurea-like 4 to 5 inch in diameter lavender blue flowers from early in July until late in October, even after frost has destroyed nearly all other out-door flowers. It is of easiest culture, succeeding in any open, sunny position; not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time is invaluable as one of the finest cut flowers. We have no hesitancy in saying that the Stokesia is the one most desirable hardy plant offered in our list. Strong plants, \$1.25 per dozen; \$10.00 per 100; \$90.00 per 1000.

Burbank's Great Shasta Daisy.

Among hardy perennial plants probably none have ever been so highly spoken of in the American Horticultural press as Burbank's Shasta Daisy, which has been produced by crossing our native field Daisy with some of the choicer European varieties with the result of producing a flower which frequently measures over four inches in diameter, and of a beautiful clear glistening white, and continuing in flower continuously from early in Summer until late in Fall. The plant is perfectly hardy and requires no protection, even in the most exposed location.

Tritomas.

(Torch Lilies, Flame Flowers, or Red Hot Pokers.)

The Tritomas, especially the variety Pfizeri, which is illustrated in colors in our retail catalogue, have during the past few years become most important among our list of bedding plants, and, when one considers how few flowering plants we really have that are suitable for massing in large quantities under our severe climatic conditions, outside of Cannas and Geraniums, there is little cause to feel surprised to see such an excellent new subject become at once so popular.

We especially recommend our color-plate subject, Tritoma Pfizeri, for this purpose, as its free-flowering qualities are so well established. It will produce a grand effect under all conditions, whether planted singly in the mixed border, or in masses of a dozen, a hundred, or in thousands. It commences to bloom early in July and continues a mass of flower until cut down by severe frost in the Fall. Visitors to the Pan-American Exposition during the Summer of 1901, will no doubt remember our large display of this showy variety, which from July until the close of the Exhibition attracted more attention than any display in the Horticultural Department.

Pfizeri. (The Everblooming Flame Flower.) The freest flowering variety in cultivation, with spikes frequently from 3 to 4½ feet high and with heads of bloom over 12 inches long, which are of a rich orange scarlet, shading to salmon rose on the edge. 15 cents each; \$1.25 per dozen; \$10.00 per 100.

Coralina. A dwarf variety, rarely exceeding two feet in height, producing freely medium-sized spikes of coral red flowers, shading to yellow.

15 cents each; \$1.25 per dozen; \$10.00 per 100.

Uvaria Grandiflora. Rich crimson, shading to yellow, spikes 3 to 4 feet high, flowers in the Autumn.

15 cents each; \$1.25 per dozen; \$10.00 per 100.

Mac Owani. A perfect little gem, growing two feet high and very free flowering, with rich deep coral red flowers.

in Philadelphia.

Azalea Mollis.

This hardy Azalea is used extensively in all European cities for early forcing, and are great favorites on account of their varied and brilliant coloring.

We offer a fine lot of very bushy plants, 12 to 15 inches high, well covered with buds, at 50 cents each; \$4.50 per dozen; \$35.00 per 100.

DEUTZIAS FOR FORCING.

Deutzia Gracilis Rosea.

Identical with *D. gracilis* in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint, just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter forcing.

Strong two-year-old plants, suitable for 6-inch pots, \$1.00 per dozen; \$8.00 per 100.

Strong one-year-old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Deutzia Lemoinei.

This is now one of the standard varieties for forcing, and when better known will no doubt entirely supersede *D. gracilis* for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type. It surpasses *D. gracilis* in its very large flowers, being nearly three times the size of the latter variety. These are produced in large, cone-shaped heads of 20 to 30 flowers each, and of the purest white.

We offer strong two-year-old plants, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000.

Strong one-year-old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Select Japanese Tree Pæonies.

Twelve select named varieties in strong plants, 50 cents each; \$5.00 per dozen; \$40.00 per 100.

Hydrangea Paniculata Grandiflora.

We offer a grand stock of this most popular of all Hardy Shrubs, extra strong, heavy, bushy plants.

Extra heavy, bushy plants, 24 to 30 inches high, \$1.25 per dozen; \$10.00 per 100.

Extra heavy, bushy plants, 30 to 36 inches high, \$2.00 per dozen; \$15.00 per 100.

Standard or Tree-shaped. An extra fine lot of heavy, well branched plants, \$4.00 per dozen; \$30.00 per 100.

Hardy Rhododendrons for Out-Door Planting.

The varieties we offer are all of the hardiest kinds, such as from experience are known to succeed in our climate.

All the plants are well set with buds, and in first-class condition in every way.

HARDY VINES AND CLIMBERS.

Actinidia Polygama.

Though introduced in 1870 from Japan, this beautiful climber is practically unknown. It is of strong, vigorous growth, with dark-green, shining foliage, and produces white, sweet-scented flowers resembling the Hawthorn; these are followed by bunches of edible berries.

Strong plants, 20 cts. each; \$2.25 per dozen.

Akebia Quinata.

We offer a large stock of this climber; strong plants, \$1.25 per dozen; \$10.00 per 100.

Ampelopsis Veitchii.

Strong 2-year-old plants, \$1.25 per dozen; \$10.00 per 100. Extra selected 2-year-old plants, \$2.00 per doz.; \$15.00 per 100.

New Ampelopsis Veitchii.

Robusta Purpurea.

A new variety which comes to us from Holland most highly recommended on account of its remarkable vigorous growth, being a better grower than *A. Veitchii*, while its foliage, which is larger than in the type, is described as being of a pretty metallic blue-green, turning to a brilliant purplish red in fall. Strong plants, 75 cts. each.

Ampelopsis Virginica.

Strong 2-year field grown, \$1.25 per dozen; \$10.00 per 100.

Apios Tuberosa.

Strong tubers, \$2.00 per 100.

Large-Flowering Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gypsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmanni. The popular dark rich royal purple.

Lilacina Floribunda. Pale blue.

M. Koster. Bright rosy carmine.

Madame Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white; extra fine.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

\$3.50 per dozen; \$25.00 per 100.

Jackman's New Hybrid Clematis.

An entirely new and distinct type, the result of crosses between *Coccinea* and *Star of India*. They combine all the good points of their parents in hardiness, vigorous growth and freedom of bloom, which together with their distinct coloring and novel shape make them valuable additions.

Countess of Onslow. A bright violet-purple with a broad band of scarlet down the centre of each petal. It is of open, bell-shaped form; very useful for decorative purposes, as when cut will keep fresh in water for several days.

Duchess of Albany. A beautiful bright pink, deeper down the centre, softening down to lilac pink round the margin; campanulate in shape; useful for cutting.

Duchess of York. A delicate and pleasing shade of pale pink, with a deeper tinge down the centre of each petal, of campanulate form; useful for cutting.

50 cts. each; set of three varieties, \$1.25.

Clematis Paniculata.

We have an extra large and fine stock of this popular climber, and offer same at much reduced prices.

New Red Clematis.

Ville de Lyon.

Hybridizers have grown thousands of seedlings in their effort to obtain a rich, bright-colored large flowering Clematis. This variety is the best produced thus far, and was first shown at the Paris Exposition, 1900, where it was awarded a gold medal. It is of the Jackmani type, with the same vigorous growth and free blooming habit; flowers bright carmine. Strong 1-year-old plants, \$1.00 each.

Clematis Integrifolia Durandi.

Of semi-climbing habit, growing about 4 feet high, and producing without intermission from early in June until late in fall, showy indigo-blue flowers 3 to 3½ inches across; 75 cts. each.

(Golden Hop Vine.)

A golden-leaved variety of the common Hop Vine, possessing the same strong, climbing habit and hardiness, but with light golden yellow foliage. 10 cts. each; \$1.00 per dozen.

Ipomœa Pandurata.

(Hardy Moon Flower.)

Strong, dormant roots. 50 cts. per dozen; \$4.00 per 100.

Hardy English Ivies.

An extra fine lot of strong, bushy plants in 4-inch pots, 3 feet high, 3 to 5 shoots. \$1.25 per dozen; \$10.00 per 100.

Hardy Jasmines, White and Yellow.

Strong 4-inch, pot-grown, \$1.50 per dozen, \$12.00 per 100.

Lathyrus. (Perennial Pea.)

Latifolius Albus. A desirable plant, growing about 5 feet high, producing pure white flowers the entire summer; excellent for cutting.

Grandiflorus. A deep rose colored variety.

Strong plants, \$2.00 per doz.; \$15.00 per 100.

The Climbing Hydrangea.

(*Schizophragma Hydrangeoides*.)

One of the most desirable and interesting hardy climbers, and though at first slow in growth, it is of vigorous habit after it once becomes established. Its flowers, which are borne in large trusses, are similar to a white Hydrangea, and when in flower, during July and August, makes a handsome display. It clings naturally to any rough surface and requires no support or tying. 4-inch pots, 25 cts. each; \$2.50 per dozen.

Wistaria Sinensis.

(Extra strong, two-year-old plants.)

Blue, \$3.00 per dozen. White, \$3.50 per dozen.
