DREER'S DECEMBER "SPECIAL"

Wholesale Price List.

....1898....

Seed Department.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

Plant Department.—Our stock of decorative plants is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

Low Express Rates on Plants, Bulbs and Seeds.—We are shipping by express lines to all parts of the country, goods packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

Prices.—The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable Seeds in packets, Flower Seeds, Bulbs and Plants, $33\frac{1}{3}\%$; Small Tools and Insecticides, 10% ; Lawn Mowers, 5% .

Terms of Business. ~~10~~Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

~~10~~Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

~~10~~Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

Change of Terms.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice. ~~10~~No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. ~~10~~In filling out your order, always give **Shipping Directions**, and write **Name** and **Address Distinctly**.

Non-Warranty.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S RELIABLE FLOWER SEEDS.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

Special Offer of Decorative Plants.

Special Notice.—Our measurement of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Palms. Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florists' trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

3 " " 2.00 " 15.00 "

3 " " 2.00 " 15.00 "

NEPHROLEPIS CORDATA COMPACTA.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, \$1.00 per doz.; \$ 8.00 per 100.
3 " " 1.50 " 12.00 "

Cibotium Schiedei.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, and though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators in all the Eastern cities, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a grace and delicate appearance that is found in no other plant, the illustration giving but a faint idea of its beauty. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 7 inch pots, \$2.50 each; 8 inch pots, \$3.50 each; 9 inch pots, \$4.00 each; 10 inch pots, \$5.00 each.

FERNS.

MICROLEPIA HIRTA CRISTATA.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2 1/4 inch pots, 75 cents per doz.; \$ 6.00 per 100.
3 " " \$1.25 " 10.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2 1/4 inch pots, \$1.25 per doz.; \$ 8.00 per 100.
3 " " 2.00 " 15.00 "

Nephrolepis Exaltata Bostoniensis.

We offer a good lot of young 2 1/4 inch pot plants, \$6.00 per 100.

General Collection of Fine Ferns.

Our immense stock of Ferns is in particularly fine condition at present. The varieties offered are only those which experience has shown to be adapted for decorative purposes.
