Gandy Strawberries

KLONDYKE

Perfect flowering; early. Berries uniform, shapely, dark red, very juicy, handsome, sell quickly. Plants make a remarkable growth, are tall, compact, stalks strong, leaves light green; make abundant runners and an unusual number of crowns. Yields are wonderful. Blossoms are perfect, but do not fully fertilize themselves, and need other sorts near. If you could see the loads of Klondyke that are brought to Berlin and other points, during the berry season, you would realize that this is an extremely popular and profitable sort. 12 plants, 20 cts., 25 plants, 30 cts., 50 plants, 40 cts., 100 plants, 60 cts., 250 plants, \$1, 500 plants, \$1.60, 1,000 plants, \$3, 5,000 plants, \$13.75.

GANDY

Perfect flowering. The latest of all Strawberries we grow. Yields tremendous crops of a quality that leaves nothing to be desired in flavor, texture, color and keeping qualities. Berries bright red, with somewhat smooth surface. Foliage broad and dark green. Berries are borne on long, upright stems, well above the surrounding soil. As a late market sort and long-distance shipper, it is the best kind we have grown. Plant is perfect bloomer, but should be set near other bisexuals. The heaviest crops and most perfect fruit will grow on rich bottom-land. 12 plants, 20 cts., 25 plants, 30 cts., 50 plants, 40 cts., 100 plants, 60 cts., 250 plants, \$1, 500 plants \$1.60, 1,000 plants, \$3, 5,000 plants, \$13.75.
