SELECT CATALOGUE

OF

Roses, Bulbous Flowers, Dahlias,

HERBACEOUS FLOWERING PLANTS, ETC.

ROSES.

IN the formation of the present Catalogue of Roses we have greatly reduced the number of varieties, and have selected only the most desirable of each class, and such as form a combination of all that is most interesting and beautiful in each family. Many of the varieties are so new and rare that they have never before been offered to the public. We still possess a stock of the kinds now omitted, if they should be desired, and at reduced prices. We make it a rule to sell as low or lower than others; and, when the size of our plants is considered, we think we offer still more important advantages.

CHINESE DAILY, OR BENGAL ROSES.

Those not priced are 37½ to 50 cts. each.

NAME.	DESCRIPTION.	EACH.

100 Plants, comprising all classes,	20 00	38
50 Plants, comprising all classes,	12 00	6

Note.—A discount of 10 to 25 per cent. will be made from the Catalogue prices when a dozen or more plants are ordered. Extra large plants of some varieties can be supplied at 75 cts. to \$1 each.

Bulbous and Tuberous Rooted Flowers.

EVERY species and variety of Bulbous Flower roots enumerated in any Catalogue in the Union, can be supplied by us, and always at as low, and in most cases, lower rates than elsewhere. Those who purchase to re-vend, will be dealt with on the most reasonable terms; and where no wholesale prices are named, a deduction of 25 per cent. will be made from the retail prices.

Orders for Bulbous Roots should be forwarded from August to November, inclusive. In open winters they may be planted at any time when the ground is workable, and the bulbs have not grown too much.

Where the prices are by assortment, or by the dozen, the selection of the varieties is to be made by the proprietors; but if applicants will name such as they already possess, those varieties will be omitted in the selection.

DOUBLE HYACINTHS:

Double Dark Blue and Purple.—70 varieties, comprising all the various shades and forms, as enumerated by name in our previous catalogues, and in other publications, at 10 to 20 cents; and others more rare, at 25 to 30 cents each.

Double Porcelain, Agathe, and Grisdelin Blue.—50 varieties, comprising every form and shade enumerated in our previous Catalogues, and in other publications, 12 to 20 cents each, and others more rare, at 25 to 30 cents each.

Double Red and Crimson.—60 varieties, comprising every form and shade enumerated as the preceding, 10 to 20 cents; and others more rare, 25 to 30 cents each.

Double Pale Red and Rosy.—70 varieties, comprising every form and shade, enumerated as the preceding, 12 to 20 cents, and the more rare at 25 to 30 cents each.

Double Pure White.—25 varieties, comprising every size and form, 10 to 20 cents, and the most rare, 25 to 30 cents each.

Double White with a Yellow Eye.—12 varieties as above, and same prices.

Double White, with Red or Pink Eyes.—35 varieties, comprising the various shades and forms, at same prices as above.

Double White with Violet and Purple Eyes.—25 varieties, comprising as above, and at same prices as above.

Yellow and Orange with Various Eyes.—20 varieties of the various shades and forms, at 15 to 30 cents, and others most rare at 50 cents.

Double Hyacinths in assortments, with names, \$1 50 to \$2 50 per dozen; and \$10 to \$20 per hundred. Mixed Hyacinths, \$1 25 per dozen.

SINGLE HYACINTHS.

Blue and Purple.—30 varieties, 12 to 15 cents, and the most rare at 25 cents each.

Rosy and Crimson.—35 varieties, at same prices as the above.

White.—20 varieties, at same prices as the above.

Yellow.—20 varieties, do. do.

Fine assorted varieties, our selection, \$2 per dozen.

HYACINTHS.—Various Species and Varieties.

		EACH DOZEN	
		cts.	\$ cts.

TULIPS.

Early Tulips.—These comprise every shade, on white and yellow grounds, and begin to bloom about two weeks previous to all others. 40 varieties, comprising all that have been enumerated in our previous Catalogues, and in other publications, at 8 to 12 cents, and the most rare, 15 to 18 cents each, and \$1 25 to \$2 per dozen.

Bizarre Tulips.—These are Violet, Purple, Brown, Red, Vermilion, Rose-colored, and all intermediate shades on yellow grounds. 80 varie-

ties, comprising as above, at 16 to 20 cents, and the most rare at 25 to 37 cents each.

Violet Bibloem Tulips.—These comprise Black, Purple, Violet, and Brown, and all intermediate shades on a white ground. 60 varieties comprising as above, and at the same prices.

Rose Bibloems.—These comprise Red, Rosy, Crimson, Vermilion, Cherry, and Scarlet, on a white ground. 65 varieties, comprising as above, and at the same prices.

Primo Baguet and Grand Baguet Rigaut Tulips.—The varieties of this class are rarely met with—they have very tall stems, and large and fine-shaped cups broken with brown and purple shades on a white ground, and are allied to the class of Violet Bibloems. 12 varieties, comprising the most perfect and beautiful, at 37 to 50 cents each.

FINEST DOUBLE TULIPS.—60 varieties, comprising every shade and form, at 8 to 12 cents, and the most rare at 18 cents each, and \$1 to \$2 per dozen.

PARROT TULIPS.—The flowers of these have feathered edges, and in addition to various other colors, some of them combine shades of green, which no other tulips do; from these circumstances, their appearance is unique and interesting. 10 varieties, comprising the various colors, at 8 to 18 cents each, and 75 cents to \$1 50 per dozen.

MIXED TULIPS.

Fine mixed Early, Bizarre, Bibloem, Parrot, and Double Tulips, of all colors, 50 to 75 cts. per dozen, and \$2 to \$4 per hundred.

Fine mixed, of all colors and kinds, \$4 per do.

Good mixed, of all colors, \$2 to \$3 per do.

Articles not enumerated in the preceding part of this Catalogue, which we can supply to any extent.—See Catalogue No. 1.

Fruit trees of every description and of all sizes: Quinces, Filberts, Walnuts, Chestnuts, Papaw, Persimon, Figs, Pomegranates, Olives, Japan Date, European and American Grape Vines, Raspberries, Gooseberries, Currants, Blackberries, Cranberries, and Strawberries.

Ornamental Deciduous Trees and Shrubby, Honeysuckles, and other Climbers.

Evergreen Trees and Shrubs, of all the most beautiful and rare species.

Apple, Pear, Plum, Cherry, Angers' Quince, Mahaleb, Doucin, and Paradise stocks, in any quantity.

A great assortment of Rhododendrons, and Hardy Belgian Azaleas.

Tree Pæony, 60 splendid varieties.

Chinese and other Herbaceous Pæonies; 150 species and varieties.

ROSES.—A most choice collection of 700 varieties, selected from above 2,000 of the finest that have been imported from Europe.

PEARS.—Above 100,000 on both Pear and Quince stocks, 2 to 8 years old, comprising every estimable variety and for sale low in quantity, and will be contracted for deliverable the present fall, or in the ensuing spring.

CHERRIES.—50,000 Standards on Mazzard, and Pyramids or Dwarfs on Mahaleb, for sale low, and will be contracted for as above.

APPLES.—80,000 Standards, and 25,000 of lesser growth on the Doucin stock, for sale at low rates.

PLUMS.—10,000, 2 to 6 years old, the latter extra large and in a bearing state.

N. B. Extra large-sized Fruit Trees, in a bearing state, can be supplied, of all the choicest varieties.

QUINCES, Orange and Portugal, 12,000 extra-sized trees, in a bearing state.

Angers' Quince, 25,000 extra large, 6 years old, very valuable as stools for layering, and for cuttings.

Osiers, finest European and American species, of which scions will be supplied at \$5 per 1,000.

Foreign Grapes, 1 year old, \$25 per 100; and 2 years, \$35 per 100.

Isabella, Catawba, and other native Grapes, at low rates, by 100 or 1,000.

Red and White Antwerp Raspberries, \$50 per 1,000.

An unrivaled collection of Strawberries, comprising 112 splendid varieties, 54 of which were originated by us, and 30 of which are new, and are offered for sale by us for the first time in our Catalogue No. 1 of the present year.

Mahonia aquifolia, \$3 per dozen and \$20 per 100.

Mahonia fascicularis, \$4 per dozen and \$25 per 100.

Rhododendron maximum, \$25 per 100.

Rhododendron ponticum, \$35 per 100.

30,000 Arbor Vitæ, for hedges, at \$6 to \$10 per 100.

50,000 Osage Orange, at \$6 to \$10 per 1,000.

Evergreen Trees, such as Norway and other Spruces, Pines, Junipers, Cedars, Arbor Vitæ, and other species, when wanted of small size by the thousand, will be supplied at very moderate prices.

GREENHOUSE STOCK PLANTS—CHEAP.

As our Greenhouses located near the Railroad will have to be removed, we now offer for sale the entire assortment of large Stock Plants at very moderate prices, for cash or sure notes. They are invaluable to any persons forming new establishments for their pleasure, or for extensive propagation. They comprise the following:—

Large specimen Orange, Lemon, Citron, and Shaddock trees.

A general assortment of large Camellias, Chinese Azcealas, Metrosideros, Ficus, Gardenias, Acacias, Fuchsias, Geraniums, and other Greenhouse Plants.

A very extensive, rare, and valuable assortment of the Cactus, Aloe, and Stapelias, &c.

A large assortment of Greenhouse Bulbs.

SELECTION OF ASSORTMENTS BY US.

Wherever it is stated in the Catalogue, that the assortments are to be made by us, we will omit any species or varieties that the purchaser already possesses, on his appraising us thereof.

CANDID ADVICE TO AMATEURS.

We make it a point to cultivate the largest stock of all the most estimable varieties, and consequently have larger and finer trees of these kinds. If, therefore, those persons who are desirous of adorning with promptitude their gardens and pleasure-grounds, will transmit to us a general list of their wants, and leave the selection in some degree to us, we will send strong, well-grown specimens of the respective kinds, such as will be sure to succeed and realize their expectations.

Superiority of Trees.—The extra large-sized Pears, and other Fruit Trees which we can now supply, are in a bearing state, and are such as can seldom be obtained at any price. The same remark will apply to the fine large Ornamental Trees, and to the rare species of Magnolias and Evergreen Trees, &c.

IMPORTANT REMARKS AS TO PRICES.

There is nothing more deceptive than the prices stated in many Catalogues; and many small and young Nurseries send out small trees and shrubs and weak plants, not to be compared to those we supply to our correspondents from our abundant stock of well-grown Trees and Shrubs. We therefore ask of purchasers to inspect our Trees, or to see such as are sent by us to their neighbors, that they may form a correct idea of their superiority. Such paltry apologies for Trees and Shrubbery as are often sent from some quarters, are a downright imposition on the purchasers; and yet the venders have the assurance to pretend they undersell the Flushing Nurseries.

GENERAL REMARKS.

Persons who may not have our whole set of Catalogues, or those of the latest edition, may, from not seeing some articles enumerated therein, infer that we cannot supply them. We have, therefore, to state, that we obtain all desirable new Fruit and Ornamental Trees, Shrubs, and Plants, with the greatest dispatch, and are always among the first to have them for sale, whether announced in our Catalogues or not.

AGRICULTURAL, GARDEN, AND FLOWER SEEDS.

A Catalogue of these will be sent to applicants; and we will supply venders with every variety, in quantity, at low wholesale rates, where the payments are prompt or sure. We will also supply them, put up in a superior manner in retail parcels, at \$30 to \$40 per 1000 parcels. Lucerne, and White Clover seed in any quantity.

FRUIT AND ORNAMENTAL TREE SEEDS, ETC.

Apple, Pear, Peach, Cherry, Plum, Apricot, Quince, Grape, and other Fruit Seeds, can be supplied in quantities. Also Seeds of Pines, Spruces, and many other Evergreen Trees, and of many Deciduous Trees and Shrubs, and Flowering Plants. Robinia Pseudacacia, or Yellow Locust, and Osage Orange Seeds in quantity. Orders for any of these should be given in advance of the season for saving them.

AMERICAN SEEDS, TREES, AND PLANTS FOR EUROPE.

Collections of Seeds of American Forest Trees and Shrubs, and of rare and beautiful American Plants, will be supplied, suitable to send to Europe and other countries, comprising Oaks, Magnolias, Cypress, Cedars, Pines, Spruces, Arbor Vitæ, Prunus, Laurus, Acacias, Hickories, and other Indigenous Trees and Shrubs, and Plants. Also Sensitive Plant (*Mimosa Pudica*), Cypress Vine (*Ipomæa Quamoclit*), and *Convolvulus* Seeds.

Assortments of American Trees and Shrubs, and of the most beautiful and interesting plants, can be supplied for amateurs, and in large quantities for European nurseries.

CONCLUDING NOTICE. In consequence of the railroad which connects Flushing with the city of New York being laid through our largest Nursery of fifty acres, we will supply Nurseries, and others requiring large numbers of Trees at reduced rates; as that portion of our lands is required for building-lots. We especially suggest to younger Nurseries the importance to them of securing genuine warranted Fruit Trees of our superior varieties, many of which are not obtainable elsewhere.

All Trees, &c., are labeled and packed in a superior manner, in matted bales or boxes, so that it is scarcely possible that any can be injured, and we charge for the packing barely enough to cover the actual cost. We ship the packages, or send them by Railroad, or by Transportation Lines, or by Express Lines, precisely as ordered, and we forward the receipt for the packages with the Invoice; and there is, consequently, the best security for their safe transmission to the purchaser. After being thus delivered, they are entirely at the risk of the purchaser; but the Transportation Lines are responsible for any lost packages, and their value can be recovered from them.

Directions for the Culture of Bulbous Roots, &c.

The most simple species of culture, is all that is required for this class of flowers.

The situation should be dry and airy; the soil a light sandy loam, and if not sufficiently light, add a portion of sand, to make it so, and enrich it by digging in a liberal quantity of old decomposed manure.

The best periods for planting the hardy species of Bulbs, are August to November inclusive, but it may be performed later, in climates where the ground remains open. In planting, it is beneficial to strew fresh or sea sand in the trenches or openings, before and after placing the roots, so that they may be completely surrounded by sand.

Hyacinths, Persian Fritillary, Martagon, and other Lilies, should be planted at a depth of four inches; Crown Imperials and Polyanthus Narcissus, five inches; Tulips, Double and Single Narcissus, Jonquils, Arum, Colchicum, Snowflake, Bulbous Iris, Pæonies and Gladiolus, three inches; Crocus, Small Fritillaries, Snowdrops, Ornithogalums and Dens Canis, two inches; Anemone and Ranunculus, one and a half inches, always measuring from the top of the bulb. The roots can be placed from two to six inches apart, according to their size. When planted it will not be necessary to remove them oftener than every second or third year, and then it is only rendered necessary by their increase, and the necessity of separating them, and of enriching the soil.

Bulbs for Winter blooming, in pots or glasses.

Hyacinths, Polyanthus Narcissus, Roman and other Double Narcissus, Jonquils, Persian Iris, Persian Cyclamen, Crocus, and Double Van Thol Tulips, are the preferable species for this purpose. Those intended for glasses, should be placed in them the middle of November, the glasses being previously so filled with pure water, that the bottom of the bulb will just touch the water: then place them for the first ten days in a dark room to promote the shooting of the roots, after which, expose them to the sun and light, in an airy position, as much as possible. Rain water preferable, and it should be changed as often as it becomes impure: at which periods, the roots should be drawn entirely out, and rinsed in clean water.

Bulbs intended for pots, should be planted therein during the months of October or November, and be left exposed to the open air until the ground commences freezing, when they should be removed to the greenhouse, or to a warm room. They will, of course, require occasional waterings, and plentifully, as the growth advances.
