JOANNA
HILL

Joanna Hill

Superb new, strong growing, everblooming Hybrid Tea Bush Rose. Large, long, handsome buds, opening into a deep, extremely double bloom of a beautiful shade of deep yellow flushed with a coppery orange at base of petals.

Wonderfully strong, upright grower, quickly making a magnificent bush, clean and healthy. Blooms produced in wonderful abundance throughout the growing season. Foliage heavy, clean and free from disease. Very hardy.

Mme. Gregoire Staechelin

A new type of climbing rose from Spain. Cross between the popular variety Frau Karl Druschki and Chateau de Clos Vougeot, and it seems to have inherited the good qualities of both. Long pointed buds of crimson at first, then as blooms expand show splashes of carmine with pear pink inside. Hardy.

2 fine two year old **\$1.00**
field grown roses

PRICE: Heavy 2 year old dormant, field grown plants, 65c each, 2 for \$1.00, postpaid. Potted 2 and 3 year old plants 65c each, 2 for \$1.00, postpaid. First size pot plants 25c each, 5 for \$1.00, postpaid.

Dingee Roses — From 1850 to 1934

AN ANCIENT ROSE INDUSTRY ON A BARGAIN BASIS

CHARLES DINGEE
Founder of

The Dingee & Conard Company

Eighty-four years ago when Charles Dingee established the Harmony Grove Nursery here in West Grove, Pa., he had the vision which is given to few of us. He knew the love that everyone of us have for roses. From the day he established Harmony Grove Nursery here, soon after which Mr. Dingee founded this present company, that was virtually the beginning of the rose growing industry in America. Here on this identical location the first own-root roses were grown and are still being grown for the mail order business. From then till now this business has remained under the ownership of the same family. We have held fast to the ideals of the founder (this writer has served for 46 years), and have sold tens of millions of rose plants largely to those who appreciate them most—to modest home owners in every nook and corner of America.

We have done our part to the utmost, to make the rose what it is today, the most popular, the cheapest in price and the most satisfying flowering plant for home owners. For the beginners in rose culture. Dingee Roses are the best!

This world is on a bargain basis. The prices in this book certify overwhelmingly to this fact. We still "do our part" by giving our friends the benefit of the lowest possible prices for the highest grade of goods. Our prices are lower than we ever thought they could go. They are made to suit the times. We make it possible for your dollar to go twice as far as compared to a few years back. Nothing is so cheerful, nothing so beautiful, as a blooming rose. Other flowering plants help too. We believe by making prices low you can't lay this book aside without sending us an order. Perhaps in this way we are "doing our part" better than ever before. Your order large or small, we want it, we need it, and we hope to have it. Quality, honest service and our reputation for fair dealing is your guarantee of perfect satisfaction.

In these days of good roads we ask you to visit us any time. Come and see these famous roses. We are on Route 1, between Baltimore and Philadelphia. Pay us a visit. You are most cordially invited and will be thrice welcomed. The trip will make a pleasant outing.

THE DINGEE & CONARD COMPANY, WEST GROVE, PA.

Established 1850

The Oldest Rose Growers in America

Mrs. Charles Dingee, *President.*

P. J. Lynch, *Treasurer.*

J. D. Headly, *Sec. & Gen. Mgr.*

We Prepay All Shipping Charges — Please Read

TERMS

Our terms are cash with order. You can open an account or we will ship Parcel Post or Express, C. O. D. Kindly give bank reference. Money may be sent at our risk by Post Office Order, Express Money Order, Bank Draft, Personal Check. Money in Registered Letter. Stamps accepted for less than \$1.00.

OUR GUARANTEE

We Guarantee Safe Arrival of all Goods in U. S. A. proper. Goods must be satisfactory to you, and if they are not it is your privilege to have them replaced, free of charge, or your money refunded upon request, provided you advise us of either wish within 10 days after shipment reaches you. This is a plain, understandable guarantee for your protection and we invite you to take advantage of it if necessary.

Any complaint of whatever character, must be made within 10 days after receipt of shipment. Otherwise, if the goods are delivered in satisfactory condition, our responsibility ceases.

All mistakes cheerfully corrected. If a certain variety runs short, we reserve the right to substitute another of same color and equal, if not better, value unless instructed to the contrary. We strive to have all plants true to name but we do not guarantee it.

INSTRUCTIONS FOR ORDERING

Please Observe Carefully—When ordering, please use the order sheet in back of this book. Simply fill up the blanks, giving the number and name of the varieties wanted, with size and price; we will understand.

Order Early—Many of our customers order early, and the plants are set aside; the earlier you order the better. We will book for delivery whenever you direct or at the time we consider proper to plant such stock ordered if so directed.

Canadian Customers—Canadian laws permit sending Roses or Shrubs into Canada at any time, but a permit must be secured from the Secretary of the Destructive Insect and Pest Advisory Board, Department of Agriculture, Ottawa. Owing to the rate of postage on Canadian orders we must request an additional 20 per cent to cover postage.

Foreign Orders—Twenty-five per cent must be added to total cost of orders going outside the United States proper to pay extra cost of packing and postage. To most foreign countries we ship by parcel post with postage always prepaid.

CAUTION—We have no connection with any other firm in West Grove or elsewhere. We are the original rose-growing firm, established here 84 years ago, still doing business at the same location—the pioneer rose growers of America.

The title of our catalog for 60 years has been, "OUR NEW GUIDE TO ROSE CULTURE." We are compelled to sound a warning that this title has been copied in part by others, especially the word "GUIDE." The reason is obvious and our friends will not be confused. This is the original "NEW GUIDE TO ROSE CULTURE" and has been issued annually under that title for more than 60 years. Our friends will kindly note this fact to avoid confusion. We assume that they will want, as always, these famous "Dingee Roses."

These are beautiful plants, strong, sturdy fibrous roots; low prices. Satisfaction guaranteed; shipping charges paid. Order liberally and early. These "De Luxe Dingee" Super Rose Plants are in limited supply. Order early, please. It's important. We Pay Postage.

SUPERB GARDEN ROSE DAVID O. DODD

DAVID O. DODD

A Glorious New Bush Rose—Illustrated on Front Cover. A new crimson bush rose destined to supersede all other crimsons because it has superior merit that cannot be denied. A magnificent rich crimson, flushed scarlet, with superbly formed buds, carried erect and opening into immense beautifully shaped flowers. Very free flowering; growth bushy and upright; hardy. A splendid crimson rose with no faults. Price: heavy dormant field-grown plants, 75c each, 2 for \$1.25 postpaid.

MISS ROWENA THOM—Large buds open to full blooms of perfect form and enormous size, often measuring over 5 inches in diameter. Color deep rose-pink, yellow base to the petals which lights up the whole flower. Of vigorous growth, splendid foliage, blooms very freely. Delicious fragrance.

MRS. G. A. VanROSSEM—Astonishing vivid color of a glowing orange or apricot overlaying golden yellow retaining a marvelous combination of golden salmon and light orange upon opening, reverse of petals generally bronze. An outstanding new rose of the highly colored varieties. We believe it makes a wonderful bedding and cutting variety. 75c each postpaid.

CHARLES P. KILHAM—One of the most popular roses on account of its pleasing color. Coral-red and orange. The long pointed buds open to fully double, finely formed blooms of coral red with an orange base. The plant is of average height, strong, sturdy, healthy bush producing flowers very freely and so thoroughly dependable that it is one of the best Garden roses today. Splendid for cutting.

Complete Cultural Instructions With Every Order.

Prices except where noted: 55c Each; Any 2 for \$1.00; Any 12 for \$5.00—Postpaid.

NEW FANCY COLORED ROSE "GAIETY"

AMELIA GUDE

A most charming rose, with dainty buds, and blooms of exquisite form. The colors of yellow-rose, deepening towards the center to peach yellow, are exceedingly soft, and very pleasingly blended. A strong growing variety, with fine healthy foliage and very liberal in its production of blooms from one season's end to the other.

ETOILE DE FRANCE—Great favorite. Strong, upright bush, blooming constantly, producing large, massive, deep, full cup-formed flowers of clear red or velvety crimson.

LADY ASHTOWN—Satiny buds and blooms of deep shining pink with yellow glow at base of petals. High center, very double and quite fragrant. Still a great rose.

DUCHESS OF WELLINGTON—The blooms are very large, full and perfectly formed, with high-pointed center. Very sweetly perfumed. The color, which is very novel, is a dainty, clear rose-madder.

DAME EDITH HELEN—The color is a brilliant yet soft clear pink. Full blooms delightfully sweet scented. Strong vigorous grower; shapely buds, long, pointed, opening full and double and almost a perfect flower. Most distinct and really magnificent.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year.
All Roses above except where noted: 55c Each; 2 for \$1.00 by Parcel Post Prepaid.

GAIETY

One of the great fancy colored roses that seems to meet the approval of all rose enthusiasts. Exceptionally fine, healthy grower producing a big plant in a short time. Marvelous foliage shining as if varnished, free from black spot or mildew. Produces quantities of large, round camillea-like flowers of an extraordinary combination of pink, red, golden yellow, Indian red and brown. Colors vary with the season; seems to increase in beauty every day. Some claim it is the best of all their roses. We think it a great fancy-colored rose. 75c each.

BETTY UPRICHARD—Copper-red buds opening to semi-double flowers of above average size, brilliant orange. Carmine on outer surface of petals shown light salmon on reflexes. Spicy fragrance. Strong grower, persistent bloomer.

ETOILE DE HOLLAND—Flower bright, dark red, of medium size, fairly full; deliciously perfumed. Growth vigorous, upright.

E. G. HILL—Immense perfect blooms of crimson scarlet retaining its color well. Handsome pointed buds on erect stems, making it fine for cutting. Produces an abundance of blooms throughout the entire season. Foliage large and free from mildew and disease. Blooms very fragrant.

Perfectly hardy and a splendid outdoor variety.

EDEL—We consider this the best pure white rose for outdoors. Strong grower, magnificent full, double blooms. Upright grower, free flowering. Sweetly fragrant.

DAME EDITH HELEN

SPECIAL LOW PRICES

On Extra Heavy Two-Year-Old
Dormant "De Luxe" Field-Grown Roses

REV. F. PAGE-ROBERTS

Copper-red buds of good length of exquisite color and form, opening to rich Indian yellow inside with the outside petals strongly marked apricot and carmine. Rich tea fragrance. A glorified Duchess of Wellington but with more petals and deeper, richer color and better shape. Plants are of a strong growth, branching habit with healthy disease and insect resistant foliage. Each season its popularity increases and deservedly so.

MRS. HENRY MORSE—Two contrasting tones of pink with an underlying yellow glow, double high centered. Plant tall and branching.

IMPERIAL POTENTATE—Shining rose pink, shaded lighter on reverse of petals. Vigorous grower of free flowering habit.

PAX LABOR—Orange gold bud opening into a very double pale yellow bloom, deepening toward the center. Vigorous erect grower and free bloomer. One of the best of the color.

SOUV. DE GEORGES PERNET—Brick-red buds, opening to an orange-pink bloom of immense size, very double. An unusually beautiful rose. Stocky, free blooming. Fragrant.

THE GENERAL—A high priced leader among red roses because of its beauty of color, form and delightful fragrance. Bush dwarf but very vigorous and free blooming, being almost continuously a solid mass of blooms of blood red.

GRUSS AN TEPLITZ—Fiery crimson, shaded dark velvety sheen. Flowers large and handsome, produced in continuous profusion. Very vigorous, tall pillar-like grower.

VILLE DE PARIS—Round buds of clear yellow and big globular blooms of the same shade, untouched by any other color. One of the outstanding yellow roses. In form very much like the popular "Radiance."

CHAS. K. DOUGLAS—Splendid garden rose with great depth of petals and clear unfading color. Exceptionally good growth and there is an increasing demand for it. Fine pointed buds opening to large loosely formed flower of striking crimson-scarlet. Good foliage.

FRANCIS SCOTT KEY—It is by far the most popular red rose, for its glowing colors, its remarkable size, its fullness, its perfection of form make it a greatly prized variety. The color is a rich, glowing scarlet, with darker shadings, becoming darker as the flower ages.

MARIE DOT—Deep apricot darkened with orange.

MRS. E. P. THOM—Slender yellow buds and well shaped blooms of bright yellow.

REV. F. PAGE-ROBERTS

MME. BUTTERFLY—Buds a lovely shade of Indian ochre, yellow at base; opening flowers perfect in form brilliant in color and of delicious fragrance.

DIRECTOR RUBIO—Bud and flower very large semi-double and informally shaped, showy light red, and moderately fragrant. Foliage disease and insect resistant. Vigorous and bushy grower.

SYRACUSE—Tight crimson buds with large, full double bloom with deep crimson wavy petals. Free bloomer and a vigorous grower.

MARGARET MCGREDY—Large, ovoid buds of solid orange-vermilion opening into double cupped blooms. Foliage light green resistant to black spot and mildew. Free blooming and a vigorous grower. Hardy everywhere.

PAUL'S SCARLET CLIMBER—Startling, vivid scarlet colors have won for this Rose well deserved recognition as the most attractive climber ever introduced. It is a vigorous grower, produces a mass of bloom, and with its bright colors which are retained without fading for a long period, it makes the most brilliant display imaginable. Heavy disease resistant foliage; great freedom of bloom. Paul's Scarlet Climber, the winner of innumerable medals for excellence, is a Rose that no one should be without.

Dormant "De Luxe" Field-Grown Roses

OUR GREAT NEW ROSE "GARDEN GEM"

TALISMAN

Sensational world famous new bush rose, with very large, double blooms produced in constant profusion. Indescribable colors—brilliant orange yellow with coppery and vivid red shades, blended into a combination seen in no other rose; fragrance exquisite, buds long and pointed, splendid for cutting, very hardy, free-blooming. One of the most sensational fancy colors now known. Especially fine in early summer and late fall.

DOUV. DE CLAUDIUS PERNET—In this rose we have the clear shining yellow color not yet seen in any rose, being entirely free from orange yellow found in such varieties as Sunburst and Mrs. Aaron Ward. The foliage is free and vigorous, leaves being bright shining green looking as if they had been varnished. Growth strong and sturdy. Free flowering.

MRS. P. S. DuPONT—The bud is long-pointed, rich reddish gold, almost orange in the depths of the petals, holding its color well after opening. Disease resistance foliage and compact bushy habit. Continuous bloomer. 75c each.

Hardy Everblooming Varieties for Early Planting and Quick Blooming this year.
All Roses above 55c Each; 2 for \$1.00 by Parcel Post Prepaid.

GARDEN GEM

This great new bush rose we introduced after extensive trials, as the best, healthiest and most beautiful satiny-pink garden variety now known. For sale only by us. A marvelously strong, healthy grower under the most adverse conditions, thriving even in extreme heat—just a grand grower. We know of no rose that compares with it in absolute healthy growth and freedom of bloom. A magnificent bloomer, continuously bearing its beautiful, immense, deep, double satiny-pink

flowers of lovely form on strong erect stems, making it one of the greatest of all roses for garden cultivation and for cutting. Hardy everywhere. 65c each.

RADIANCE—This is by far selected as one of the 12 best garden roses in existence, because of its vigorous, heavy growth, and great abundance of bloom. Easy to grow, requiring little attention, it is well adapted for amateurs everywhere. Color solid rose pink, with lighter tints and reflections. Long, heavy stems, large, beautiful buds which open slowly into globular, double flowers.

RED RADIANCE—Similar to Radiance, equally satisfactory. Large, globular, cupped blooms, of strong, clear red, with no trace of any other color. Vigorous grower, sending forth heavy canes, with healthy foliage. Very free blooming. Cannot be surpassed.

MRS. AARON WARD—The color, ranges from coppery-orange in the opening bud, changing to a golden-orange, and when the flower is fully open it is a lovely shade of pinkish fawn. Most vigorous in growth, every shoot producing a flower and clothed with dark, glossy green foliage, maroon on under side.

BRIARCLIFF—One of the grandest roses it has been our privilege to grow. Bud beautifully formed, long and solid, opening into one of the finest blooms of enormous size. Very double, a brilliant rose pink. Splendid grower, free from diseases such as black spot and mildew. Flowers produced in a great abundance the entire season, on long, stiff stems, making it ideal for cutting.

KOOTENAY—The buds are long and pointed, and of exquisite form, opening to large rounded flowers full and double. Color creamy white, with shadings of flesh colors towards the center. Foliage heavy, unaffected by disease and little troubled with insects.

Cultural Instruction for Dingee Roses

Plan Your Rose Garden

Preparation

If the location where you wish to plant them is moderately drained or water does not stand for days, or dig a small hole 12 inches deep and fill with water, if the water disappears in a short time the situation is all right, and you can simply spade the soil up to a depth of about 10 inches mixing it with ordinary well rotted manure of any kind, returning it to the hole or bed and plant roses as directed below. If, however, the soil is heavy clay and water does not disappear when you fill the hole, beds may be made as follows:

Dig the bed about 20 inches deep. A good plan is to put the top spadeful of soil on one side of the bed and the bottom spadeful on the other. For the bottom of the bed put in drainage material if necessary. Replace the top soil to the bottom of the bed and the lower soil to the top of the bed. While replacing mix in one-third well rotted cow manure. If you can not possibly get cow manure, bone meal at the rate of 2 lbs. to the square yard is good. Use other manure or fertilizers carefully as they are apt to burn the roots. Manure and fertilizers must be well mixed in the soil. Work the soil fine and tramp it down very firmly. Have the surface of the bed an inch above the surrounding soil.

Fertilizing

Roses appreciate plenty of good food.

This is a question we are frequently requested to answer. Cow manure is generally preferred, and can be used in fresh condition. Horse manure when new is very heating and should not be used while in this condition, except as a winter mulch. Hog, sheep and chicken manure are also very helpful. The last two, however, should be used sparingly. Ground bone is beneficial, but should be secured as fine as possible, and it should be used sparingly. The best method is sprinkling a portion over the bed until the ground is entirely covered, then with the use of a fork it can be dug into the soil and thoroughly mixed. Air slaked lime is also beneficial, about a cupful to a plant scattered on the surface in early spring and mid-summer. A mulching of cow stable manure is very beneficial during the growing season. It helps to retain the moisture during the dry season, as well as a food for the roots.

It is of utmost importance that sufficient time and care be given to the planning of a rose garden before ordering the plants. This is true for both formal and informal gardens, and even though it is possible to have only one small bed the selection of varieties to fill that bed must be done with the aim of having roses that will be best adapted for the purpose in view. If the object is to have a rose garden, or if it is merely to beautify the lawn, the main end is to have a harmonious and pleasing effect from the planting as a whole. This end cannot be attained by indiscriminate planting, but by painstaking planning before any plants are set into the ground.

The very best soil for roses is a rich clay loam but any good garden soil will grow good roses if fertilized, drained and cultivated.

They may be planted from a foot to 18 in. apart each way or in beds narrow enough so that one can cut the blooms without being entangled in the briars. If, however, too much food or fertilizer is given roses, the roots will not grow so well nor be so strong as if a moderate amount of fertilizer is used.

Planting

As soon as the plants are received it is best to immediately plant, yet if it is impossible to do this the plant should be placed in a cellar or moderately warm place and protected from the sun. Set them upright to admit the free circulation of air. When you receive them they will be wrapped in Sphagnum Moss, which should be removed before planting, as it is used only for protection. Water freely from time to time. The roots should be covered with soil or burlap and never allowed to become dry. Soaking the roots in lukewarm water or thin mud for an hour or two before planting to restore their vitality is beneficial. Do not set the plants too shallow. They should be planted deeper than they were growing in the pots before shipping. This can easily be determined by an examination of the plant. If you receive them with the soil on the roots in which they have been growing, do not remove this soil. Give them as near a natural position as possible. Use plenty of water after planting and shade for a few days, if the sun is hot, with newspaper or similar material, and if the season is a dry one an occasional watering will be beneficial. The best time to plant Roses such as we send out, being pot-grown, own root stock, is in early spring. This refers entirely to pot-grown plants and not dormant plants. By dormant plants we mean field-grown; that is, lifted from the field and have not made any growth whatever. Such plants as these should be set out earlier than pot-grown plants.

Cultivation

Cultivate top soil about 2 inches deep every week or after every hard rain. Do not cultivate when wet. This may be discontinued after the blooms come when a good mulching of Peat Moss, cow manure, tobacco stems, buckwheat hulls, are left around the bushes the balance of the season. In dry weather water thoroughly at least once a week, and in the morning.

Cultural Instruction for Dingee Roses

Winter Protection

The protection needed varies according to the climate and varieties of roses. After a few hard frosts have stopped the growth throw up a mound of earth about a foot high around the plant. In cold sections after the ground has frozen put straw or other coarse litter in between the mounds built up around each plant. The tops of the bushes sticking out above mounds may be covered with evergreen boughs. Do not remove this covering until spring has come to stay and remove gradually.

A Rose Hedge made of Climbing Roses

Pruning

As soon as the winter covering is removed, first cut away all weak stems and leave three or four of the strongest. Prune these down to at least six inches high with the Hybrid Teas. Hybrid Perpetuals or the June Roses do not need as close pruning. Bushes that are 2 to 4 feet in height should be cut back about 1-2 or 2-3 of their growth. The Polyantha and Baby Ramblers need just the tips cut. Climbing Roses should be pruned after blooming, cutting out all shoots and allow the new ones to develop and to train. Keep all weak lower side stems cut away throughout the season. When several buds appear on one stem the smaller buds may be pinched off to make one fine large rose.

Selection of Roses Important

One of the most difficult problems that presents itself to the amateur about to start a rose garden, is the very first that he has to solve, the selection of the best varieties of roses for the purpose for which he intends them. The success he will have with his roses depends very largely on intelligent selection of adaptable varieties. The matter of selection is one that should be left to the purchaser. Many of our customers grow 100 or more different kinds and they find exquisite beauty in each. At the modest price asked for them any one can enjoy many sorts.

Hybrid Teas

The most popular type of rose in this country today is the Hybrid Tea. Hardy in almost all sections of this country and Canada. Buds handsome and usually long pointed, opening into magnificent blooms, varying from semi-double to full double. Produced usually on long stiff stems and singly. Fragrance usually predominates, more in some than others. Foliage heavy and seems to resist mildew and black spot. Blooms almost as freely as the Teas.

Dwarf Baby Ramblers

These are a type of Polyantha Rose but more dwarf in habit, 12 to 18 inches. Hardy and suitable on beds or borders along walks, etc. Small blooms in immense clusters. Always blooming. Those offered in catalog are the standard sorts, all good.

Climbing or Rambling Roses

The Climbers are not so susceptible to mildew and disease as the Ramblers, therefore much to be preferred. Some of the Hardy Climbers resemble the Ramblers so closely that any one wanting them will find a great improvement in such Climbers as Excelsa, Tausendschon and Aunt Harriet.

Climbing Roses should all have some support such as a pergola or arch. A wire fence, where convenient, may be utilized with splendid effect. They also make a good hedge.

For pillars, roses like Paul's Scarlet, Birdie Blye, Dr. Huey, Mary Lovett, Climbing American Beauty are good. They may also be used as individual specimens by pruning to a shape and size desired.

Insects and Diseases

For insects and diseases of all kinds we recommend

TRI-GEN Combined Spray Treatment

Fungicide—Insecticide—Plant Stimulant

*Complete Protection against Plant
Insects and Diseases*

In the past, Mildew and Black Spot have been most difficult to combat. However, these diseases are now easily controlled with the Tri-ogen Spray Treatment, which gives COMPLETE protection against all diseases and insect pests. It is easily applied and also acts as a plant stimulant—producing vigor in growth with resultant luxurious blooms, heretofore considered impossible. The Tri-ogen Spray Treatment applied weekly, from early season until late frost, makes it possible for the amateur to achieve the success, in many cases, comparable to the professional grower.

TRI-GEN was officially adopted for the exclusive protection of the Garden of 6000 Roses, at the CENTURY OF PROGRESS, Chicago World's Fair.

THE NEWER VARIETIES OF AMERICAN ROSES

The Roses listed under the heading of "New Roses" comprise what we consider the best, latest and the most beautiful productions of famous Rosarians. We spare no effort or expense to secure such as we consider worthy after a very careful watching of the habits, characteristics and disease resistance qualities of each new variety. There are so many new varieties offered to the rose loving public each year that are not suitable at all for outdoor culture, that we hesitate to recommend only those we know will not be a disappointment. Many have been discouraged with such that have been so highly recommended because they do not prove suitable for our climate or they soon become diseased and die. Oftentimes the bloom is a disappointment because it does not compare with the description both in color and formation.

These new varieties are supplied in the usual Dingee quality on their own roots, free from disease—all potted plants.

GAIETY

A really great New Rose. A Hill product of the same breeding as *Talisman* with all its characteristic color effects. After thorough tests in the open ground we believe this fancy colored new Rose surpasses anything of the kind now in cultivation. We believe it to be a better Rose in every way than *Talisman*, *President Hoover*, and similar fancy colored Roses. That doesn't mean that these varieties are inferior, but rather that this variety is very unusual in every way. It has everything, fine health, strong and beautiful foliage, immense flowers, twice as double as the ordinary fancy Rose with twice as many petals, usually more than forty, borne profusely on long stiff stems like a cut flower. Makes a big plant in a short time. The flowers are full, deep and double, but when fully open make a large round camellia-like bloom. The color is extraordinary and cannot be described or illustrated, a combination of pink, red, golden yellow, indian red, lavender and tan, varying in the combinations with the growing season until in the fall it is really indescribable in its beauty. Our friends who have it share with us the belief that it is the best of all the fancy colored Roses.

Price of Roses on this page, first size plants, 30c each, 4 for \$1.00; 2-year-old plants, 75c each 2 for \$1.25; Extra heavy Star size, \$1.00 each, all in potted plants and postpaid.

**Superb
New Hardy
American
Bush Rose
E. G. Hill
Darkest
Crimson**

E. G. HILL

Introduced by the great American Rosarian E. G. Hill as a cut flower variety, but growers discovered it to be one of the finest outdoor Roses in existence today. Strong upright grower, vigorous and healthy. Buds ideal, long and pointed on good stout stems opening into a full double bloom of crimson scarlet retaining its color until the petals fall. Blooms continuously from early season until late fall. Hard anywhere. The striking color makes it one of the most attractive garden varieties.

All Dingee Potted Roses can be planted any time the ground is not frozen.

Great New Everblooming Rose

David O. Dodd

Illustrated On Front Cover

A recent American introduction by one of the leading Rosarians that has proven to be one of the best outdoor varieties and we have gotten many enthusiastic reports confirming our opinion concerning its good qualities. Large well formed buds of immense size opening into dazzling crimson double blooms that retain its color without fading and produced on long stems. Bush covered with these blooms the entire season thus making an attractive showing. Plant of vigorous growth and hardy anywhere. Free of insects or disease of any kind.

Price, potted plants:
First size plants, 30c each,
4 for \$1.00; 2 year old
plants, 75c each, 2 for
\$1.25, postpaid.

The Great David O. Dodd Rose

The Dingee & Conard Co.,

Last year I ordered about 38 Roses from you and they have all done very well. If I had allowed them, all would have bloomed, but I pinched back the buds from the smaller plants. The Baby Doll roses were especially prolific, especially in the fall, when they gave us a wealth of blooms. This year I expect to enjoy many lovely blooms.

Sincerely yours,

Helen Jovanovick, Denver, Colorado

The Dingee & Conard Co.,

I have quite a number of your Roses and so far have not lost one, in fact I intend to replace some poor ones I bought locally with Dingee Roses.

George B. Koors, St. Louis, Missouri

The Dingee & Conard Co.,

Having had such amazingly good success with other first size plants I have ordered from you I am enclosing an order for one more.

Yours very truly,

C. C. Welker, Akron, Ohio

Dingee & Conard Co.,

Thank you for the Roses replacing the five ordered in the spring which did not grow. The seven of the twelve that did grow were a joy all summer and I anticipate an equal pleasure from these just planted for next summer. I have about 50 Dingee roses in my garden all of which have given excellent satisfaction.

Sincerely yours,

Mrs. L. B. Yale, North East, Pa.

The Dingee & Conard Co., (50 years a customer.)

It has been over fifty years since I began dealing with your company and I must say I have always received perfect satisfaction, and our business relations have been most cordial. I am still enjoying good health and take a great interest in raising flowers, besides I have found it quite remunerative. All my roses are "Dingee" stock as well as the most of my shrubbery.

J. T. A. Stroup, Baltimore, Maryland

The Dingee & Conard Co.,

Two years ago I purchased several two and three year old Rose bushes. The Charles Dingee was one of them. This year I had wonderful blooms on them, especially Charles Dingee had beautiful colored blooms. It is a wonderful rose and a fine bloomer. It has several fine blooms on bush at this writing.

Yours truly,

Joe Kunkel, Newark, New Jersey

The Dingee & Conard Co.,

I planted some of your one year old own root Roses this spring and some plants were only about eight inches high and had Roses on. Just now they are wonderful healthy looking plants. I am surely pleased with them.

Yours truly,

Mrs. J. Quarty, West Hempstead, New York

The Dingee & Conard Co.,

There are Rose bushes at my girlhood home that were purchased of you at least 40 years ago still blooming.

Mrs. Hugh C. Young, Sunapee, N. Y.

The Dingee & Conard Co.,

The best Roses I ever grew were those purchased from you in 1900 and 1901.

Warren L. Clark, Merrick, New York

The Dingee & Conard Co.,

We ordered your Trial Offer of first size Own Root Roses this spring and I am so pleased with them that I want to write and tell you about them. Seven of the plants have bloomed and they are lovely. The Baby Doll is exquisite and the others are such beautiful large fine Roses for such little plants.

Sincerely yours,

Mrs. Leon Smith, Haganan, New York

NEW EVERBLOOMING ROSES

Continued

***Garden Gem**

This great new bush rose introduced and for sale only by us is a remarkable rose—it has no disease of any kind. Absolutely free from Black Spot and kindred diseases that are so annoying and which are found so abundantly in nearly all the roses of recent origin. It has wonderfully clean, heavy foliage. Its parentage is the finest of any rose in cultivation—a hybridization of “Mrs.

E. T. Stotesbury”—a great American rose and “America,” another great American (Hill) production. It is a marvelously strong, healthy grower under the most adverse conditions,

thriving even in extreme heat—just a grand grower. As already stated there is no rose we know of to compare with it in the absolute healthy growth that characterizes it at all times. Of course it is but natural that it should be a magnificent bloomer, continuously bearing its beautiful, satiny pink flowers of lovely form on strong erect stems, making it one of the greatest of all roses, new or old, for garden cultivation and for cutting.

We urge you to plant at least a few bushes of this extraordinary variety in your garden. You will order more.

Our Great New Rose “Garden Gem”

Talisman—A very much advertised and sensational rose. There do not seem to be two descriptions that fit it in all phases. Some speak very highly of it while others condemn it. It has one great redeeming feature and that is its disease resistant quality. We have found it a wonderful grower and bloomer. Buds are handsome of a mixture of orange yellow and red, a striking combination. Superb in early spring and in the late fall.

Miss C. E. Van Rossem—Velvety dark red, well formed buds, open flowers almost the same shade, reinforced with scarlet and black; fragrant. Strong bushy plant, free flowering. A good bedding rose on account of producing flowers under any condition.

La Champagne—Semi-double peach colored blooms, slightly shaded darker. Better than Madam Butterfly.

Price of Roses on this page, first size plants, 65c each, 4 for \$1.00; two-year-old potted plants, 25 each, any 2 for \$1.25. Larger specimen or star size, \$1.00 each, postpaid.

EVERBLOOMING HARDY GARDEN BUSH ROSES—NEW LOW PRICES

Rose Hill

CRIMSON BEAUTY

At first we were at a loss to find a name that would be descriptive of this magnificent, new, crimson beauty, but the proper name soon suggested itself because this new, hardy everblooming garden bush rose is the result of this parentage—the great (American) “Hoosier Beauty” crossed with “Crimson Champion” and there you have the name “Crimson Beauty.”

This splendid new variety has wealth in abundance, grows clean, strong and sturdy, has no weaknesses and blooms in marvelous profusion, bearing its magnificent crimson flowers, which have much of the form of “Gruss an Teplitz,” throughout the growing season, so that the bush is literally covered early and late with its gorgeous velvety crimson flowers. Roses of this type are in the greatest demand because of their health, beauty and permanence. One of the most vigorous growing Hybrid Tea roses we have known.

The Hybrid Teas, as a class, are the most satisfactory of roses. They produce the most beautiful blooms, of all forms and colors—and continuously from early spring until heavy frost. Like the Hybrid Perpetuals, they are vigorous growers; hardy, but not exceptionally so. Therefore they are well adapted for growing in our temperate climates, but in zones of extreme winters need some protection. Their foliage is heavy and disease resisting, but, as with all roses, must be protected from the ravages of insects.

Our collection of Hybrid Teas is extensive and complete. But the varieties offered on the following pages have been selected with an understanding of the needs of the amateur grower, and are varieties that have shown themselves to be well adapted for growing.

Rose Hill

Sport of Columbia but superior in every way. Darker than Columbia, larger blooms, better foliage and grower. The buds and blooms are perfect in color and formation, being long pointed and solid, opening into a perfect bloom of immense size. Splendid grower, free from disease, producing an abundance of flowers the entire season. Color a pure rose pink of charming brilliance which does not lighten.

Price of Potted Roses on this page. First size plants, 25c each, 5 for \$1.00; 2-year-old potted plants, 55c each, 2 for \$1.00, postpaid. Star size or Specimen plants, 75c by Parcel Post or Express Collect.

Our New Rose “Crimson Beauty”

Any Two—2 year \$ 1.00
old Bushes Post Paid

All Roses on pages 10 to 23 are strong pot-grown plants that may be planted in the open ground any time during the year after heavy frosts are past. Especially good for planting in most of the country in April, May, June, July, August, September. Grown in large pots, they are on their own roots and give magnificent results.

EVERBLOOMING ROSES

Continued

***Briareliff**

The best sport of Columbia yet produced, and one of the grandest roses that it has been our privilege to grow, and we have grown a large number of the roses that have been produced by all countries. Bud beautifully formed, long, solid but not too pointed, opening into one of the finest blooms that could be imagined. Very double and a brilliant rose pink.

British Queen—The flower resembles Frau Karl Druschki, but with Tea Rose form and refinement. Buds sometimes show a slight flush, which disappears as flower expands.

Mad. Abel Chatenay—This splendid Rose is one of the very best of its color—rosy-carmine with darker shade.

Briareliff—A Most Superb New Rose

Etoile de Holland

Flower bright, dark red, of medium size, fairly full; deliciously perfumed. Growth vigorous, upright. A cross between General MacArthur and Hadley. A rose of great future.

John Cook—A seedling of LaFrance is noted for its profusion of blooms throughout the entire season. The flowers are similar to LaFrance in color, but it is a great improvement of that variety in its quick growth.

Kaiserin Augusta Victoria—Large buds of creamy white; the open flower delicate pure white, with a drop of lemon at the center, very large, fragrant.

Ophelia—Salmon flesh, shaded with rose in perfect tints. Buds of unusual attractiveness, opening full and double. Plants of strong habit, and produces its flowers in great profusion. Very hardy.

***Jonkheer J. L. Mock**—The buds are immense and of very fine form, borne on long, stiff stems. Color a clear imperial pink, reflexed petals of a lighter shade. Strong, tall grower, at its best in heat, when the heavy petals open to perfection.

Etoile de Holland

Price: All Potted Roses on this page, first size one-year plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 55c each, any 2 for \$1.00 by Parcel Post Prepaid.

Varieties marked * can be furnished in Star size or Specimen plants at 75c each by Parcel Post.

Red Radiance

Very similar to Radiance and equally satisfactory. Large, globular, cupped blooms, of strong, clear red, with no trace of any other color. An exceptionally vigorous grower, sending forth heavy canes, with healthy foliage. Very liberal in producing blooms, it cannot be surpassed as a red garden rose. Extremely hardy. One of the dependable roses as it is always in bloom no matter what the conditions are.

Crusader—Rich velvety crimson of bright hue and of massive form, this rose is one of the very finest of the reds. The flowers are very large, full, extremely double, with petals of splendid substance. Plant is of moderate growth, with exceptionally fine disease resistant foliage. Its long stems and its lasting qualities make it a splendid cutting variety.

Sunburst—A magnificent giant yellow forcing Rose, also well adapted for outdoor growing, being a vigorous and healthy Rose. Reddish-bronze foliage. The color is superb orange copper or golden orange, with a deep orange center.

Red Radiance

EVERBLOOMING ROSES—Continued

Radiance

The Standard Garden Rose of America. This is by far the best pink garden rose in existence, because of its vigorous, heavy growth, and its great abundance of bloom. Extremely easy to grow, requiring little attention, it is exceptionally well adapted for the amateur's garden. The color is almost a solid rose-pink, but with lighter tints and reflections. Long, heavy stems, bearing large and beautiful buds which open slowly into globular, somewhat loosely formed, fairly double flowers. This is one of the hardiest of roses, and will survive very severe winters.

Mad. Caroline Testout—In color, it is of a satiny rose, deepening to clear red in the center. One of the most dependable roses.

***Premier**—The blooms are immense, often measuring 5 and 6 inches across the open flower; buds long, full and pointed. Color rich, deep, rose-pink, without shadings.

***Etoile de France**—The strong, upright bushes have beautiful bronze-green foliage, which is not subject to insect attacks. The bushes are blooming constantly, producing large, massive, deep, full cup-formed flowers of clear red or velvety crimson.

Pink Radiance

Price Potted: First size, one-year plants, 25c each, for all Roses on this page; 5 for \$1.00, postpaid; two-year-old plants, 55c each, any 2 for \$1.00 by Parcel Post. Varieties marked * can be furnished in Star size or Specimen plants at 75c each by Parcel Post.

EVERBLOOMING ROSES—*Continued*

***Kootenay**

The buds are long and pointed, and of exquisite form, opening to large rounded flowers full and double. Color creamy white, with shadings of flesh colors towards the center. Foliage heavy, unaffected by disease and little troubled with insects.

***Templar**—Bud medium size, globular; flower medium size, double globular, very lasting. Clear bright red, exceedingly double fine strong stems.

Hadley—In color it is a deep velvety-crimson, retaining its brilliancy at all seasons of the year.

Lord Charlemont—Flowers clear crimson, deepening to carmine crimson with almost black shadings, perfectly shaped, long pointed buds, large and full sweetly scented flowers.

***Wellesley**—A most magnificent garden Rose of a beautiful shade of pink, vigorous, healthy growers; remarkably free-flowering.

***Gen. Arnold Janssen**—Color a deep glowing carmine. Free bloomer. Buds long and pointed on long, stiff stems.

An Unusual Rose "Kootenay"

Mrs. Aaron Ward

Most exquisite buds of golden buff or fawn, opening to full, double, well formed flowers, of pinkish fawn. The plant does not grow large, but is dwarf and spreading, covered with heavy foliage that is immune from disease and insect pests. This is an excellent rose for the garden, for it requires little attention, blooms profusely, and is most useful for cutting and for the buttonhole.

***Perle Von Godesberg**—This magnificent Rose was originally sent out as a Yellow Kaiserin Augusta Victoria, it having all the beauty of form and substance of that great garden Rose. The color is a rich canary-yellow with shadings of saffron.

General MacArthur—Of strong, vigorous, healthy growth, branching freely, it produces its wonderful blooms profusely from May until October, of full scarlet crimson.

The Dainty Buds of Mrs. Aaron Ward

Rhea Reid

EVERBLOOMING ROSES—*Continued*

***Silver Columbia**

This rose is a sport of the famous Columbia. The color is a clear shade of deep silver pink, lighter than that of its parent. The color deepens toward the center. The flowers are larger than Columbia, inclined to be flat, but magnificently formed on long, strong stems, which makes it an excellent rose for cutting.

Salmon Spray—Salmon pink with carmine reverse. Flowers of medium size and borne in clusters. Continuous and profuse bloomer. Good for cutting.

Grace N. Crowell—Color a brilliant rose with petals heavily veined with vinous crimson while the base of the petals is shaded primrose yellow. Handsome buds opening into an immense perfect bloom on long stiff stems.

Mme. Butterfly—All the color tones of Ophelia are intensified, making it a harmony of bright pink, apricot and gold. The tight buds are a lovely shade of Indian oak, yellow at the base; the opening flowers are perfect in form and texture, clear and brilliant in color and of delicious fragrance.

Prices of all Roses on this page: First size plants, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 55c each, any 2 for \$1.00 by Parcel Post Prepaid.

Varieties marked * can be furnished in Star size or Specimen plants at 75c each by Parcel Post Prepaid.

***Rhea Reid**

As an all round garden rose this has no superior, for it is famed for its strong constitution and its ability to withstand the ravages of disease and insects. Color a vivid scarlet crimson. Flowers are marvels of beauty, large, bold, and of splendid substance. Strong, sturdy, vigorous grower.

Madame Segond Weber—One of the most beautiful Roses, of ideal form. The long, pointed buds are pink or salmon-flesh and when fully expanded are immense in size, full and double; as the flowers opens it deepens until it fairly glows with its warm, deep pink. Highly fragrant. Very hardy and constantly in bloom.

President Taft—A most remarkable pink Rose, with a shining intense deep pink color of a very distinctive shade. Splendid grower in every respect.

Comtesse de Cassagne—Flowers of varying color; rich coppery-pink shaded clear rose; sometimes comes pure yellow; very large, form very fine.

Lady Alice Stanley—Massive buds and blooms, fully double and very sweet outside petals coral-rose, inside pale flesh pink. One of the dependable roses for any purpose.

Hoosier Beauty—The rich colors of this marvelous rose have never been equaled—dusky, crimson scarlet, with dark shadings and of a depth found in no other rose. Heavy petals of a velvet-like texture add to the richness of the colors.

Mad. Jules Grolez—The color is a distinct and charming shade of cherry-red. The fine form and attractive shape of the flowers makes them excellent for cutting.

American Legion—The color is a pleasing shade of cerise, which is retained until the petals fall. Well formed buds, produced on long stems, make it a fine rose for cutting. Heavy, disease resistnat foliage, little troubled with insects. Strong grower, and free bloomer.

EVERBLOOMING
 ROSES—*Continued*

***Amelia Gude**

A most charming rose, with dainty buds, and blooms of exquisite form. The colors of yellow-rose, deepening towards the center to peach yellow, are exceedingly soft, and very pleasingly blended. A strong growing variety, with fine healthy foliage and very liberal in its production of blooms from one season's end to the other.

Lovely Yellow Rose, Amelia Gude

Lovely Killarney Roses

***Double Pink Killarney (The Famous Irish Rose)**

—The bush is strong and upright, with beautiful, deep bronzy green foliage, and the Rose is entirely free-blooming, bearing immense long pointed buds and massive flowers on big, heavy shoots. The color is deep, brilliant and sparkling shell-pink. The flowers are of delightful fragrance.

Yellow Killarney (Mme. Jenny Gillemot)—A brilliant saffron-yellow Rose, opening canary with dark golden shades. Buds long and pointed, beautiful in form and color, the flowers large, with immense petals.

***Double White Killarney**—This offspring of the Pink Killarney is one of the most exquisite white Roses grown. The long, full buds are handsome in shape and full-open flower most refined and beautiful in form and texture.

Price Potted: First size, one-year plants, 25c each, for all Roses on this page; 5 for \$1.00 postpaid; two-year-old plants, 55c each, 2 for \$1.00 by Parcel Post Prepaid. Varieties marked * can be furnished in Star size or Specimen plants at 75c each.

**Francis Scott
 Key**

This American production, named in honor of the author of our national anthem is a credit to its name. It is by far the most popular red rose, for its glowing colors, its remarkable size, its fullness, its perfection of form make it a greatly prized variety. The color is a

rich, glowing scarlet, with darker shadings, becoming darker as the flower ages. It is a continuous bloomer, producing its immense blooms on stout stems in great profusion. The growth is excellent and the foliage heavy, little troubled with disease. Very hardy. Reports from almost all sections of the country show excellent results with this remarkable rose.

Mrs. Charles Bell—Lovely shell-pink buds and blooms of fine globular form with shadings of soft salmon, sweetly perfumed. Strong bushy plant bearing good foliage seldom attacked by disease.

F. R. Patzer—A Rose of striking and pleasing appearance, owing to the delicate blending of color, which is a creamy-buff, with the reverse of petals a delicate warm pink, and as they expand the color becomes a light orange pink.

Mrs. Henry Morse—Two contrasting tones of pink with an underlying yellow glow, double high centered. Plant tall and branching.

Lady Ashtown—One of the good old standard Roses that remains good. Satiny buds and blooms of deep shining pink with a yellow glow at base of petals. High center and very double.

***Gruss an Teplitz**—For intense and dazzling color there is no other rose to compare with this—fiery crimson, shaded with a dark velvety sheen. The flowers are large and handsome, produced in continuous profusion throughout the season.

Holt Hewitt—Bud is well shaped on erect stems opening into a large fine flower of perfect form. Dark velvety crimson flushed scarlet, sweetly scented.

Rose Dawn—Bud pointed, good size, medium full. Color a soft rose flesh with yellow base. Good foliage of a light green and free from insects or disease.

EVERBLOOMING ROSES—Continued

One of the World's Greatest Roses. "Charles Dingee"

* "Charles Dingee"

The Most Wonderful Bush Rose in the World
 See the Colored Photographic Illustration on Inside Back Cover)

To honor the name of Charles Dingee, we have produced a Rose better than any other variety in cultivation. We say, without fear of contradiction, that the "Charles Dingee Rose" is far-and-away the best garden Rose for general planting in the world.

It is always blooming, whether it is growing for us or growing for you. The flowers are beautiful beyond description, immense in size, deep, double and grandly formed. It is hardy everywhere.

The "Charles Dingee Rose" is the result of cross-breeding between **Hermosa**, that grand old hardy pink variety, and **White Maman Cochet**, perhaps the greatest of all white garden Roses—a superb parentage, which insures its offspring every point of excellence. With the hardy, vigorous constitution of a Hybrid Perpetual, growing to perfection in almost any soil or situation, it has the most magnificent foliage, absolutely free from disease, that we have ever seen on any Rose.

We have had it growing and blooming in all its glory in a temperature very little above freezing. Growing to a height of 2 to 3 feet, Charles Dingee blooms continuously, producing immense, deep, double, grandly formed flowers on long, stiff, erect stems; both in bud and bloom their beauty is nothing short of superb, practically impossible to describe because of the delicate blending of colors—rose tints in the centers of the flower, gradually shading off into pale blush creamy white, a color effect both entirely new and distinct, exquisitely beautiful. Price of Charles Dingee: 25c for first size plants; 2-year-old plants 65c each, 2 for \$1.25. Large Specimen Plants, 75c each postpaid.

Freiherr Von Marshall—It has wonderfully beautiful foliage and produces large, full, beautifully shaped flowers, which are borne in profusion all through the season. The color is bright red.

The Bride—There is no other white Rose more satisfactory than the Bride.

Bridesmaid—This variety is valuable for cutting and does finely in the open ground; a sport from the old and popular pink Tea Catherine Mermet.

Catherine Mermet—A very free bloomer, producing clear, shining pink flowers, the center being shaded fawn and amber.

Lady Hillingdon—Apricot yellow shaded to orange on the outer edge of the petals, becoming deeper and more intense toward the center of the bloom. The color does not fade after the bloom is cut, but invariably becomes darker.

Etoile de Lyon—Blooms freely, beautifully formed, rich golden yellow.

Lady Plymouth—A Rose similar to Souv. de Pierre Notting, which means a handsome bud, full, double bloom of large size. Deep ivory cream, faintly flushed.

Blumenschmidt—Citron-yellow flowers, each petal of which is edged with dainty rose.

Queen's Scarlet—A constant and profuse bloomer; color, velvety scarlet.

Safrano—The color is a bright apricot-yellow, passing to orange and fawn, sometimes tinted rose.

Mad. Francisca Kruger—The flowers large, deeply shaded coppery yellow in color.

Catherine Mermet

Price Potted: First size, one-year plants, 25c each, for all Roses on this page, 5 for \$1.00; two-year-old plants, 55c each, 2 for \$1.00. Varieties marked * can be furnished in Star or Specimen plants at 75c each.

All Roses on pages 10 to 23 are strong pot-grown plants that may be planted in the open ground any time during the year after heavy frosts are past. Especially good for planting in most of the country in April, May, June, July, August, September. Grown in large pots, they are on their own roots and give magnificent results.

EVERBLOOMING ROSES—*Continued*

***Alexander Hill Gray**

After a thorough trial both indoors under glass and in the open ground, we are pleased to offer this lovely yellow Rose to our customers as one of the very best of its class and color. The color, which is a deep lemon-yellow, deepening as the flower expands, does not fade in the open ground, as is usual with such. Buds and blooms of perfect formation and of great substance, and produced in the greatest abundance throughout the entire season. Strong grower and hardy everywhere. This Rose was awarded Gold Medal by the National Rose Society.

Ivory—A sport of Golden Gate. Color pure white without a particle of any other color. Good grower.

Burbank—Large crimson flowers; very fragrant and produced in marvelous profusion the entire season. Strong, upright grower.

Bon Silene—The color is deep rose changing to pale light rose.

Golden Gate—Color rich creamy white, shaded with golden yellow and clear rose.

Papa Gontier—Color rich cherry-red, passing to clear, glowing crimson.

Wm. R. Smith—Especially suited for outdoor planting and cutting purposes. The soft blending of the salmon-pinks, rose-pinks, and the magnificent flesh tints resemble the blush of a maiden's cheek.

Alexander Hill Gray

Mrs. B. R. Cant—Deep rose, with silvery rose center.

Souv. de Pierre Notting—Color apricot-yellow, tinged with golden and mixed with orange-yellow, edge of petal shaded carmine-rose.

“Sturdy as Oak” Rugosas

Sir Thomas Lipton—The best pure white Rugosa Rose. Strong and vigorous, grows 4 feet high. Flowers double.

Conrad Ferdinand Meyer—Strong grower; perfectly hardy; flowers large; well filled, fragrant. Silver rose.

New Century—Bright, rosy pink, with red center, with petals widely bordered with creamy white.

F. J. Grootendorst—This is a new type of Rose which might properly be called a Rugosa Baby Rambler, it being a cross between Rugosa and the crimson Baby Rambler. Imagine a shrub-like Rugosa Rose covered with trusses of crimson Baby Rambler Roses and you will have a fair conception of this new hybrid variety. 2 year dormant plants only.

F. J. Grootendorst

Price: First size, one-year plants, 25c each, for all Potted Roses on this page, 5 for \$1.00; two-year-old plants, 55c each, 2 for \$1.00. Varieties marked * can be furnished in Star or Specimen plants at 75c each.

Any Two—2 year \$ 1.00
old Bushes Post Paid

For a little more than former price for a single 2 year old Rose you may now get two big husky 2 year old plants for only \$1.00.

Baby Rambler Roses

A conspicuous group is composed of the **Baby Ramblers**, so called because of the resemblance, in dwarf (12 to 18 inches), to the Ramblers, with blooms produced in large, many flowered clusters. Absolutely hardy.

Anny Muller—Color a shiny and brilliant pink, produced in the greatest profusion in large clusters.

Double White Baby Rambler—Great masses of double, pure white flowers, covering the plant as with a mantle.

Baby Tausendschon—Flowers firm, white delicately flushed pink, changing to deep rose-carmine.

Geo. Elger—It produces great quantities of lovely little buds of golden-yellow, opening into miniature symmetrical Roses. Bush is so loaded with blooms they resemble a huge bouquet.

Mrs. Wm. Cuthbush—Flowers of pale pink borne in huge trusses throughout the entire summer.

Orleans—Brilliant geranium red flowers, suffused rose, with a rosy-white center.

Clothilde Soupert—A strong, dwarf grower and a truly wonderful bloomer, producing clusters after clusters of the finest formed flowers. Full and double, and deliciously sweet. Color effect is beautiful, ivory-white, shading toward the center to silvery-rose.

Price of all Baby Rambler and Polyantha Potted Roses offered on this page, 20c each for strong pot plants; 6 for \$1.00 postpaid; two-year-old plants, 55c each, 2 for \$1.00 by Parcel Post Prepaid.

The Dingee & Conard Co.

I am writing in regard to the Real Charles Dingee Rose. The most wonderful Rose I have ever seen. I have several different kinds but none to come up to the Dingee.

There was a man, a Rose Grower, here from Georgia and he called it William R. Smith. He sent me a sample of the William R. Smith and it wasn't the same Rose, nothing to compare to the real Charles Dingee. It is the best Rose I ever saw.

Yours very truly,

H. M. Lovelace, St. Petersburg, Florida.

Baby Doll or Tip Top

The flowers are miniature in size but magnificent in form and produced by the hundreds. Exquisite for cutting or bouquets and bedding purposes. Makes a magnificent show in the open ground, always blooming from early spring until late fall. The tips of the petals are vivid scarlet, then mellowing down through shades of pink into saffron, lavender and gold, finally into deep old gold, a combination extraordinary and pleasing. Foliage slender and produced in abundance, dark lustre green.

Mlle. Cecile Brunner—Rosy pink on rich creamy white ground; a great bloomer; very satisfactory for bedding.

Perle d'Or—Coppery gold, changing to fawn and salmon; flatrayed form, very double; elegantly perfumed.

Gruss an Aachen—Yellowish rose colored with salmon pink and red shadings. Blooms larger than the average Polyantha.

Lafayette—Very attractive large, bright crimson-scarlet, in sprays of 40 or more flowers each.

The Exquisite
"Baby Doll"

A Bed of Baby Rambler Roses—Own Root Plants

Any Two—2 year \$ **1.00**
 old Bushes **Post Paid**

All Roses on pages 10 to 23 are strong pot-grown plants that may be planted in the open ground any time during the year after heavy frosts are past. Especially good for planting in most of the country in April, May, June, July, August, September. Grown in large pots, they are on their own roots and give magnificent results.

Climbing American Beauty

Climbing American Beauty

The colors of carmine and crimson are those of the bush rose American Beauty. Exceptionally fine buds, opening into very large flowers of splendid form, borne on long stems, and available for cutting. Vigorous, healthy, leathery foliage, retained usually throughout the season. The blooming season is unusually long for a climbing Rose.

Aunt Harriet—In full bloom, it is amazingly fine with its masses of dazzling scarlet-crimson Roses loading every branch.

Mary Wallace—Blooming with great freedom in spring and bearing a considerable number of fine buds in summer and fall. Flowers very large, usually exceeding 4 inches across; well formed semi-double, of a bright clear rose-pink with salmon base to the petals.

Christine Wright—Thick leathery dark green foliage, practically immune from insects or disease. Blooms are produced singly and in large clusters, each bloom perfect in form and from 3 to 4 inches in diameter. Color an exquisite shade of bright wild-rose pink.

Dorothy Perkins—A brilliant pink rambler Rose, flowers in large clusters, prettily crinkled petals. Hardy and satisfactory.

Dr. Robert Huey—Buds and flowers medium size, semi-double to single in clusters of 3 or 4. Dark crimson of great brilliancy. Stamens and anthers, yellow.

Dingee Hardy Climbing Roses

Hardy Climbing Roses have become an absolute necessity for beautifying the home, for training over porches, verandas, trellises, and pergolas and for training of low supports to make the most beautiful flowering hedges. They can also be grown as individual specimen plants, when properly trained, for they can be kept trimmed to any shape.

In recent years great advance has been made in the development of this class of roses. Today there are climbers that have blooms rivalling the Hybrid Teas, and even harder than roses of the latter class. However, some of the varieties are not as hardy as others, and require some protection in the far north.

Due to the fact that these roses are hardy, and of extremely vigorous growth, sending forth canes more than ten feet long in a single year, they will survive many winters if the proper kind of plants are used. Plant own-root stock—the Dingee kind—for once planted they last. The growth is strong and heavy, and no wild shoots can come up.

Birdie Blye—One of the Everblooming hardy climbers. Always in bloom. Perfectly hardy. Good strong grower. Foliage bright glossy green and free from insects or disease. Blooms full and double over three inches in diameter. Color a bright carmine, changing to bright rose.

Thousand Beauties—Large flowers with ruffled petals, borne in enormous trusses, from 10 to 15 in a cluster. Colors vary through shades of yellow, cream and rose pink.

Dr. W. Van Fleet—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkably delicate shade of flesh-pink on the outer surface, deepening to rosy flesh in the center. Flowers full, double, of delicate perfume; buds pointed.

Mary Lovett—A cross between a Seedling, Wichuriana and Kaiserin Augusta Victoria and termed a "White Dr. Van Fleet." This rose is strongly recommended. Loses foliage early.

Chaplin's Pink Climber—A cross between Paul's Scarlet and American Pillar. Makes a glorious color effect for several weeks. Substantial, broad trusses of wide flowers of a brilliant shade of clean, pure pink.

American Pillar—The flowers are produced in profusion, fairly covering the bush, color bright pink. In the fall, the red berries are highly ornamental.

Aviateur Bleriot—Saffron-yellow, center golden-yellow; full and double, flowering in clusters.

Price of Potted Climbing Roses on this page, first size plants, 20c each; any 6 for \$1.00; two-year-old plants, 55c each, 2 for \$1.00 by Parcel Post Prepaid.

Any Two—2 year \$ **1**.00
old Bushes Post Paid

For a little more than former price for a single 2 year old Rose you may now get two big husky 2 year old plants for only \$1.00.

HARDY CLIMBING ROSES—Continued

Paul's Scarlet Climber—Still continues to be the most popular scarlet climbing Rose. As this is written, November 1st, on our grounds it is still in bloom outdoors after ice has formed pretty generally which means that it blooms very frequently, as in this case, early and late. We do not guarantee this but we record it as a fact that it is now in bloom. It probably is the most attractive climbing Rose of the pillar type ever introduced. The blooms come in massive profusion, retain their color a long time without fading and the color is a most vivid scarlet. The individual flowers are large. It makes the most brilliant display of any Rose of this type, new or old, now known. It will hold its popularity indefinitely because of its great merit. Perfectly hardy everywhere.

Alberic Barbier—A thrifty yellow; flowers are bright and full, very fragrant.

Bess Lovett—Resembles Climbing American Beauty in shape of bloom, but is very much brighter in color and much more fragrant. Flowers are clear bright red of good size, and of double, full, cupped form, lasting a long time.

Silver Moon—Single flowers, extra large, freely produced on long, strong stems; excellent for cutting. Color brilliant silvery-white with a mass of golden yellow stamens in center.

Veilchen Blau or Violet Blue—The Blue Rose is one of the most rampant growers we have ever seen, covering a large porch in a single season. The flowers are borne in loose clusters and are a delightful shade of blue—something entirely different from any other Rose.

Rosarie (Pink Tausendschon)—This is a bright pink form of Thousand Beauties.

Jacotte—Color deep coppery yellow, tinted coppery red, borne several together on long stems. Very fragrant.

Mrs. Robert Peary—Blooms throughout the season and the flowers are magnificent beyond description. The buds are long and pointed, finely modeled.

Excelsa—A remarkable grower, free from insects and producing a great quantity of blooms of crimson maroon with the tips of the petals scarlet.

Violette—Rather large flowers of deep reddish violet borne in large trusses.

Price of all Roses on this page, strong potted plants, 20c each; 6 for \$1.00; two-year-old plants, 55c each, 3 for \$1.35 by Parcel Post Prepaid.

The Dingee & Conard Co.,

I have a Climbing American Beauty which I bought of you several years ago. You should have seen it last summer. It was a beautiful sight. We counted 85 roses in bloom at one time. It is the wonder of the country for miles around.

Mrs. H. Lyon, Garden Prairie, Illinois

The Dingee & Conard Co.,

I have Roses in my garden that came from your place in 1910. They are still very fine.

Mrs. Lewis Morgan, Irondale, Ala.

Paul's Scarlet Climber

Keystone

Dingee Rose. There are many yellow Roses new and old coming and going continuously. This great Rose of ours, however, goes on indefinitely, coming into popularity year after year. Perfectly hardy evreywhere. Strong vigorous climber. Very distinct foliage. Healthy. May be classed as a hardy ever-blooming Rose because it blooms off and on during the growing season, at least it does with us in the open ground and always has. The color is a deep lemon yellow. Flowers very double, beautiful bud, sometimes coming singly then again in clusters. A wonderful satisfactory hardy free blooming yellow climbing Rose is this.

Marechal Niel—The wonderful garden Rose of the Southland. Deep golden yellow. In the North, should have very careful protection during winter.

Climbing White Maman Cochet—Exquisite white flowers perfect specimens of the White Maman Cochet Rose.

Climbing Pink Maman Cochet—A pure Maman Cochet Rose of the Climbing habit. Sufficiently hardy to withsatnd northern winters with protection.

We Specialize in Chrysanthemums

A Typical Dingee Chrysanthemum

Hardy Pompon Chrysanthemums

These are entirely hardy and produce hundreds of perfectly double miniature flowers, making a gorgeous show. Last until late in the autumn. We offer the choicest varieties only. **Price all Pompon Mums, plants, 15c each; 2 for 25c; \$1.25 per dozen, postpaid.**

Sunshine—Anemone type. Bright yellow.

Climax Collection

8 Hardy Pompon "Mums" 75c Postpaid
 Strong pot plants. All will bloom the first year, and make a great showing in late fall.
 Varieties from above list, our selection.

The reason we do is that there is no flower to compare to the 'Mum especially in the autumn when this lovely garden flower is at its best. In almost any ordinary garden soil they grow in a single season to immense size. A dozen plants will produce hundreds of exquisite blooms, in beautiful colors and of perfect form. For cutting they are unequalled, lasting as they do so long. They are practically hardy everywhere. Our list is the best in existence and please note the low prices. Plant them generously—a dozen at least. No special care required, but if you request we will send free "HOW TO GROW THEM."

Price all Mums on this page, strong, healthy pot plants, 15c each; 2 for 25c; \$1.25 per dozen, postpaid.

Silver Sheen—Early. Pure white incurve.
Sun Glow—Early incurve. Bright yellow.
Unaka—Early. Large pink.
Pink Chieftain—Midseason. Light pink.
Harvard—Late medium size red.
Lustre—Early. Lavender pink.
Golden Wedding—Early yellow.
Friendly Rival—Midseason. Bright yellow. Incurve.
Nellie Ross—Late. Light yellow.
Yellow Turner—Late. Large yellow.
Gladys Pearson—Bronze. Late. Fine form.
Mistletoe—White. Late.
Rose Chochard—Early pink incurve.

Lovely Pompon Chrysanthemums

Dingee Cannas are Famous—\$1.25 per doz.

DORMANT ROOTS

\$1.25 pr dozen; 2 for 25c; 6 at doz. rates.

Years ago we introduced the first large flowered Canna—"Flamingo." Since then our Cannas have become famous everywhere. With their banana-like, tropical foliage and gorgeous flowers they are simply indispensable. Their brilliant, bizarre colors are found in no other summer blooming plants. In clumps, beds, edgings they make a sensational show all summer long and up until cut down by frost. They used to sell as high as \$3.00 to \$4.00 per dozen. Now the best varieties in the world are yours as low as \$1.25 per dozen—so plant a dozen at least. Our list is the best.

Take the roots up in the fall and store them in a warm, dry place.

Apricot—4 feet. The color is a buff-yellow base overspread with salmon-pink.

Nokomis—5 feet. Large, vivid crimson flowers with a rich silky sheen on the petals. Rich bronze foliage.

King Humbert—5 feet. Immense dark bronze foliage with great heads of orange-scarlet flowers.

King Midas—5 feet. Very large flowers of glittering gamboge-yellow.

Mrs. Alfred F. Conard—4 feet. Color, a beautiful shade of salmon-pink. Flowers of immense size.

Panama—The orange-red petals are bordered with a broad edge of golden yellow.

President—Produces immense heads of glowing crimson flowers 7 inches across the open bloom, on strong erect stalks well above the foliage; 4 feet in height.

Eureka—The best white.

Yellow King Humbert—4 feet. A sport from the bronze foliage variety of the same name, but with blooms of yellow dotted with red, and green foliage.

Mrs. Pierce S. DuPont—3 to 4 feet. Single flowers very large and form immense heads. Petals firm and bloom opens perfectly and does not wilt in the hot sun. Color a vivid watermelon-pink and very attractive. Started Potted Plants, 25c each, 5 for \$1.00, postpaid.

Bargains in Dingee Cannas

We have a particularly fine collection of these imposing foliage plants, including novelties and standard varieties which we have found worthy of distribution. Cannas are not hardy and should not be planted until danger of frost is past. Take the roots up in the fall and store them in a warm dry place.

Canna Bed No. 16—For Bed 4 Feet Across—1 red for center; 6 yellow for circle or 7 one color, or we can reverse the order and send 1 yellow for center and 6 red for circle. **7 for 65c.**

Canna Bed No. 17—For Bed 7 Feet Across—1 scarlet with red foliage for center; 6 yellow for first circle; 12 red for second circle or 19 one color, **postpaid, \$2.00.**

Canna Bed No. 18—For Bed 10 Feet Across—1 red foliage for center; 6 yellow for first circle; 12 pink for second circle; 18 scarlet for third circle, or 37 all one color if desired. **Ppd. \$3.50.**

Hardy Climbing Vines

Clematis Paniculata—The flowers are pure white and are borne in great panicles or clusters of bloom, fairly covering the plants, so that it is a mass or sheet of fleecy white with an exquisite fragrance. It begins to bloom late in August the first year. **Strong plants in pots, 20c each. Strong two-year-old field-grown plants, 50c each. All postpaid.**

Boston Ivy (Ampelopsis Veitchi)—25c each; 5 for \$1.00; three-year-old plants, 3 feet in length, 75c each, postpaid.

It covers buildings and walls with a perfect mat of dark green leathery foliage, which changes to brilliant crimson as fall approaches. Clings to either tree or wood without support.

English Ivy—A splendid evergreen climber, with dark glossy green leaves; clings firmly to stone, brick or wood walls without trellis or support; very desirable. 15c each; 8 for \$1.00.

Gentlemen:

I would like to know the present price of the two year old Charles Dingee Rose. A relative of mine has grown this rose in her garden for years and I've never seen any rose to compare with its beauty. Mrs. A. Louis Bleeker, Memphis, Tenn.

Price above Cannas, assorted, strong, dormant roots, except where noted, 2 for 25c; \$1.25 per dozen, postpaid.

Dingee Magnificent Carnations

We offer strong plants, and whether planted in the open ground or in pots, they quickly make large specimens, blooming profusely during the summer. For winter blooming pinch the plants back from time to time during the summer. Bring indoors in early fall. Grown in pots they will bloom abundantly during the winter giving you flowers the equal of those sold at \$2 and \$3 per dozen in florists' shops.

Price strong pot plants: 15c each; any 2 for 25c; any 4 for 50c; \$1.25 per dozen, postpaid.

Aviator—Best standard crimson.

Harvester—Superb pure white.

Pink Enchantress—Large, deep pink.

Radium—Beautiful red, fine large bloom.

Golden Glow—Fine bright yellow.

Cheerful—Deep pink, large flowers.

Arctic—Fine white, large flowering.

Ivory—Beautiful creamy white.

Choice Geraniums

CHOICE DOUBLE

Alphonse Ricard—Semi-double; orange red.

Jules Vasseur—Bright scarlet, white center.

Jean Viaud—Soft pink, white blotches.

Berthe de Priscilla—Dwarf habit. Fine bedder.

Bright silver rose-pink.

John Doyle—Rich scarlet. Very effective.

Mme. Recamier—Pure white. Strong grower. One of the best whites.

Mme. Buchner—Snow white; vigorous.

S. A. Nutt—Rich, dark crimson, superb.

Beaute Poitevine—Bright salmon pink.

SINGLE GERANIUMS

La Favorite—Snowy-white; fine.

Granville—Deep rose-pink with white blotches on upper petals.

Jacquerie—Deep carmine red.

Feuer—Brilliant crimson-red. Dwarf.

FANCY AND SWEET-SCENTED GERANIUMS

Mad. Salleroi—Green, dotted white.

Rose-Scented—Delightful scent.

Lemon-Scented—Deliciously scented.

Price of Geraniums: Strong plants from 3 inch pots, single or double varieties, 15c ea.; 2 for 25c; \$1.50 per doz., ppd.

Geraniums

Dingee Carnation

Summer Flowering Gladioli

Among the most popular summer-flowering bulbs, and of high decorative value, either in the garden or as a cut flower. All bulbs sent out by us are first class, sure to bloom. They should be planted in a sunny position about May 1.

Price: named Gladioli below: any 2 for 15c; 6 for 35c; 60c per dozen, all postpaid.

America—The most beautiful variety in cultivation. Soft flesh-pink, slightly tinged with lavender.

Chicago White—Pure white; lavender stripes.

Mrs. Frank Pendleton—A lovely salmon pink.

Baron Hulot—Rich, royal violet-blue.

Crimson Glow—Bright crimson-scarlet.

Halley—Salmon-pink, immense.

Wilbrink—Color delicate pink.

Herada—Mauve, deeper markings in the throat.

Souvenir—Superb golden yellow.

Mrs. Frances King—Light scarlet or flame color.

Le Marechal Foch—Soft flesh-pink.

Golden Measure—Yellow.

SPECIAL OFFER. For 65c we will send one each of the above 12 varieties, postpaid. All choice sorts.

Mixed Gladioli—35c per doz.; \$2.25 per 100, postpaid.

Dingee Calla Lilies

Lily of the Nile—Grand white flowers. Strong plants. 20c each, postpaid.

New Yellow Calla—A grand novelty. Large fragrant yellow flowers. 25c each, postpaid.

Everblooming Calla Godfrey (Dwarf)—In bloom all the time. Fine. 20c each, postpaid.

Spotted Calla—Leaves dark, rich green, dotted with white. Ornamental even when not in flower. Beautiful white flowers with deep black throat. 20c each, postpaid.

SPECIAL OFFER—One each of the 4 Callas offered above sent postpaid for 75c.

Lovely Potted Ferns—Never So Cheap

Beautiful Verona or Lace-Type Fern

Jacksonii—Extremely strong grower. Resembling

Sword Fern, quickly forming large, upright plant.
Maidenhair Fern (*Adiantum cuneatum*)—The best known table Fern, with dainty, lacy fronds, unlike any other.

Verona—The fronds are very fine and fluffy. Known as **Lace** or **Baby Breath Fern**. Dwarf or compact growth.

Scholzeli (**The Crested Fern**)—The fronds, like **Scottii**, stand erect, and with a graceful arch form a plant of ideal shape, and they never break down, giving the plant ragged appearance and allowing a free circulation of air through the foliage, prevent the center of even the largest specimens from becoming defective or yellow.

Choicest Hardy Perennials

Astilbes or Herbaceous Spirea

These hardy Perennial herbs give such a striking effect to any hardy border or if planted as individual specimens in yard or garden.

America—Deep pink.

Gladstone—Immense trusses of snow white flowers.

Rubens—Rosy red. Handsome feathered spikes.

Price, strong pot plants, 40c each, postpaid; 3 for \$1.00.

Hardy Azalea Hinodegiri

Among the most gorgeous of all hardy shrubs, bearing large flowers of fine shape. The beautiful color makes an attractive showing when in bloom in early spring. The bush is just one mass of flowers. Evergreen and entirely hardy. Dwarf grower, making a bush in time of from 12 to 24 inches high and about the same in diameter. Flowers bright scarlet. **Strong potted plants from 8 to 12 inches, 50c each, postpaid.**

Yucca Filamentosa (**Spanish Bayonet**)—A low-growing evergreen plant with narrow leaves. The flowering stalk is from 2 to 4 feet high and rises from the center. Creamy white, bell-shaped flowers. **20c.**

Funkia (**Day Lily**) **Subcordata Grandiflora**—**White Day Lily**. Handsome spikes of large, waxy-like blossoms, with an odor like that of orange blossoms. **20c each, prepaid.**

Very likely you have admired a friend's house ferns? Why not have some of your own? Nothing so cheap, growing more beautiful from year to year. They last a life time. We marvel why they are not in every home. Not one fern but in every room. Fair, good, loose soil, partial sun-shine, living room temperature and loving care is all that is required.

Plant at least 2 or 3 of the first size in a pot or crock, 4 to 5 inches across, or one large plant, then move into larger containers when necessary.

Brighten your home with these lovely ferns, now cheap in price. In a year or two no amount of money could buy them from you. Order several while the price is down.

Price of all Ferns in extra strong pot plants, 2 for 25c; 15c each; large plants from 4 and 5 inch pots, 60c each, postpaid.

Teddy, Jr.—New dwarf Fern. Fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Produces nearly four times as many fronds as any other Fern introduced. Compact, thrives under any condition.

Roosevelt—Resembles the **Boston Fern**, but produces many more fronds, thus making a handsomer and bushier plant; in fact, it today is more popular with the florists than the **Boston**; it will make a larger plant in a shorter time. The fronds are beautifully undulated, giving it a very pretty rising effect.

Boston Fern—This fern differs from the ordinary **Sword Fern** in having much longer fronds. This drooping habit adapts this variety for growing as a single specimen for a table or pedestal.

Dwarf Boston—Same as **Boston** variety but a dwarf compact plant.

Rudbeckia (**Golden Glow**)—Grows 6 to 8 feet high, branching freely and bearing by the hundreds on long graceful stems exquisite double flowers of golden yellow. **20c each, postpaid.**

German Iris

The memory of the "Blue Flag" of the old-time gardens is one ever sweet to those whose lives were lived in such surroundings, and while the "modern" Irises if we may use the term, will remind one of the old days, they too, like everything else of these days have yielded to the influence of improvement, and there has been evolved a race of flowers absolutely bewildering in glory of their form and color.

Canary Bird (**Flavescens**)—Lovely pale yellow.

Darius—Yellow and lilac.

Honorabilis—Deep yellow; mahogany falls.

Florentina Alba (**Silver King**)—Early white.

Ingeborg (**Interregna**)—Immense white; early.

Mrs. H. Darwin—White, violet, rather dwarf.

Lohengrin—Deep violet mauve, almost pink.

Queen of May (**Rosy Morn**)—Lovely rose lilac.

Madame Thibault—White, bordered rose lilac, companion to **Mad. Chereau**; edge more pinkish.

Cherion—Standard lilac-mauve; falls mauve.

Price Iris: strong field grown roots, 15c each; 3 for \$1.00. Mixed varieties, 10c each; \$1.00 per doz., all postpaid.

DINGEE GORGEOUS PEONIES

Dingee Hardy Peonies

Once Peonies are planted they last for a lifetime. They stand the severest winters without the slightest protection. Especially fine for single specimens and cemetery planting. Prices include postage.

President Taft—Rose type; midseason.

A delicate Hydrangea-pink.

Sarah Bernhardt—Apple blossom pink, each petal tipped.

Lord Kitchener—Brilliant scarlet. Great producer, making a grand display. Double early.

Livingstone—Very full, compact, pale lilac rose with silvery tips, center petals flecked carmine.

Mad. Jules Dessert—Color pure white overlaid with a sheen of delicate blush.

Primevere—Guards creamy white splashed scarlet; center light sulphur-yellow.

Claire Du Bois—Rose type, late mid-season, large and double, silvery pink.

Dr. H. Barnsby—Large, full, globular blooms. Soft Solferino red shaded crimson, pronounced bluish reflex.

Grover Cleveland—Dark crimson. Strong vigorous grower. Late.

Karl Rosenfield—Brilliant dark crimson.

Suzette—Bengal rose shaded carmine purple with silvery reflex.

Alsace Lorraine—Color rich creamy white, center delicately tinted brownish yellow.

Elie Chevalier—Color Tyrian rose, center flecked with crimson.

James Kelway—Rose white changing to a milk white, tinted yellow at base of petals.

Monsieur Jules Elie—Color an ideal glossy lilac-pink shading to deeper rose at the base.

Baroness Schroeder—Baby pink fading to the purest white.

Tourangille—Color pearly white overlaid with delicate salmon and with shades of La France rose.

Peony Grover Cleveland

Festiva Maxima—White center, flaked red.

Festiva Alba—Cream-white, red spots. Double.

Francois Ortegat—Deep crimson. Double.

Humei—Cherry pink. Highly cinnamon scented.

Humei Carnea—Clear flesh tinged rose.

Insignis—Carmine rose. Very fragrant.

Jeanne d'Arc—Pure white. Early, double.

L'Eclatante—Double. Crimson red.

Louis Van Houtte—Velvety red. Double, late.

Lady Bramwell—Pink and rose. Double.

Louis Parmentier—Double. Bright red.

Modeste Guerin—Deep rose. Double, midseason.

Marechal Valiant—Double. Mauve pink.

Nobilissima—Dark violet red.

Rosea Elegans—Soft rose. Double.

Mixed varieties, 50c each; \$4.50 per doz., postpaid.

Japanese Single Peonies

Claire—Dark red with a thick cluster of yellow stamens in the center of the flower.

Eva—Bright crimson with a thick cluster of yellow stamens.

Jacqueline—Glittering pure white with yellow stamens in the center.

Nymphe—Flesh color pink with yellow stamens.

L'Etincelante—Brilliant carmine with silvery margin.

Mikado—Crimson with gold center.

Clarisse—Light pink, changes to pure white.

Price of above New Peonies, 75c each; 2 for \$1.25, postpaid.

Standard Peonies

Price, strong roots, 50c each; 2 for 75c.

Postpaid.

Caroline Allen—Double. Rose and Salmon.

Candidissima—Double. Creamy white.

Canary—Double. White primrose center, late.

Charlemagne—Lilac, blush center. Double.

Duchesse de Nemours—Sulphur-white.

Duke of Wellington—Sulphur-white. Double.

Edulis Superba—Double. Brilliant pink.

Faust—Delicate light pink; double, late.

Felix Crousse—Brilliant red. Double.

Dingee Hardy Perennial Phlox

Diversified and brilliant colors, profuse and continuous bloom and adaptability to almost any situation or soil, place Hardy Phlox in the front rank of desirable flowering plants. Being perfectly hardy, once planted they improve and multiply in vigor and beauty each successive year.

Price: Strong field plants, ready to plant any time, 25c each; any 5 for \$1.00; \$2.50 per doz., postpaid, of one or more varieties.

Beacon—Brilliant cherry red. 36 inches high.

Elizabeth Campbell—Light salmon pink.

Mrs. Jenkins—Pure white. Late flowering.

Rheinlander—Color beautiful salmon pink.

R. P. Struthers—Cherry red, shaded salmon.

Gen. Van Heutz—Salmon red, white eye.

Grideur—Deep rose.

Sunset—Dark rosy pink.

W. C. Eagan—Delicate lilac pink, rosy center.

Eclairer—Purplish crimson light center.

Mrs. Chas. Door—Beautiful shade of lavender.

Isabey—Salmon pink.

Mixed varieties, 2 for 25c; 9 for \$1.00 postpaid.

The Most Widely Planted of All Hardy Plants

Everblooming Hydrangea

This new Everblooming Hydrangea is as its name implies, constantly in bloom from early in June until frost, and is one of the most important additions in the way of hardy shrubs ever introduced. All summer long it bears great clusters of white flowers, much like the tender Hydrangea in size and form; it will grow to perfection in partial shade, making it most valuable for massing under trees or growing on north side of house. Hardy everywhere. Plant at least a half dozen plants. The effect is lovely.

Price of Everblooming Hydrangea, strong 1 year, field grown plants, 3 for 50c; 6 for \$1.00; \$1.50 per dozen; single plants 20c each. Strong 2-year-old field-grown single plants 50c each; 3 for \$1.00; 6 for \$1.50. Immense 3-year-old field-grown plants, 3 for \$2.00; 6 for \$3.50. All Prepaid by Parcel Post.

Evergreen Boxwood

Dwarf evergreen boxwood for edging walks, flower beds, etc. May be kept trimmed to any shape or height desired and always green. We offer the two varieties. The old English Box, *Sempervirens Suffruticosa* and the Buxus *Sempervirens* or the more robust growing boxwood. We offer strong specimen plants 12 to 18 inches field grown 50c each, \$5.00 per doz., postpaid.

Philadelphus or Mock Orange

Bouquet Blanc—Dwarf growth with long slender branches densely covered from base to top with sweet-scented double flowers of creamy-white. In fact the flowers are borne in such great profusion as to totally obscure the plant.

New Philadelphus ("Virginal")—One of the most beautiful, new ever-blooming varieties. It also makes wonderful individual specimen plants on the lawn. A vigorous tall grower with very large double-crested flowers with round petals.

Weigela

Floribunda—6 to 8 feet. Erect grower. Beautiful red flowers.

Rosea—Large deep rose.

Eva Rathke—Reddish purple.

Amabilis—4 to 6 ft. Deep rose colored flowers.

Mad. Lemoine—4 to 6 ft. White flowers with delicate blush.

Hydrangea Paniculata Grandiflora

They are extensively used for yard, lawn and hedge planting and for screens. Attains a height of 5 to 7 feet; hardy in all localities; blooms the first and every season in July and August. The flowers are massive, cone-shaped often measuring 10 inches in length, and have a pleasing variation of color, changing from original pure white to pink, and finally to beautiful, rich, coppery-red.

Hydrangea Paniculata Grandiflora

Everblooming Hydrangea

D. & C. Special Rose Fertilizer

We have had so many inquiries asking for a good fertilizer for Roses that after many years of experimenting found one that we highly recommend for indoors and out. Not only for Roses, but for all kinds of plants, but especially for Roses. We have added to this, material which will keep your plants free from insects of all kinds, both in the soil and on the plants. This is put up in a very convenient form so that it can be used without any inconvenience or disagreeableness. 12 oz. package, 30c; 2½ lbs., 75c, by parcel post prepaid; 100 lbs. by express collect, \$10.00.

Double Japan Snowball

Viburnum Plicatum—Blooms in early June, when the whole bush is loaded down with great compact balls of pure white, double flowers. They are borne in such profusion that the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high.

Sweet-Scented Shrub

Calycanthus Floridus, Carolina Allspice—3 to 6 ft. Flowers dark reddish brown and very fragrant and borne freely.

Spirea-Meadow Sweet

Billardi—Spikes of rose-colored flowers; blooms profusely.

Prunifolia (Bridal Wreath)—Double pure white flowers.

Van Houtte—The bushes form fine, compact clumps. The pure white flowers are borne in great masses.

Perpetual Blooming Crimson Spirea, Anthony Waterer—It makes a low compact bush, 15 to 18 inches high. Large umbels of deep crimson flowers.

Price of all hardy shrubs on this page, except where otherwise noted: one-year, field plants, 20c each; 6 for \$1.00, postpaid; two-year-old size, 50c each; 3 for \$1.25, postpaid; three-year old size, 75c each; 3 for \$2.00, by freight or express not prepaid.

Dingee's Hardy Shrubs

Offered on this page are absolutely hardy, and once planted, last indefinitely, increasing in size and beauty every year.

For cold climates where hardy plants are needed they stand without an equal. Planted in clumps, masses or used for hedges, screens, or for filling unsightly corners, they make a glorious show. They supply that certain something which is lacking in every yard where hardy shrubbery is not planted.

SPECIAL BARGAIN OFFERS

10 FAMOUS DINGEE ROSES \$1.⁵⁰

Postpaid with Safe Arrival Guaranteed in U.S.A.

Every year we receive many letters asking us to name a collection of Roses—the best kind for general home culture. In our vast collection the ten varieties named below are, in our opinion, among the best garden Roses for all sections of the country. Hardiness, vigorous growth, freedom of bloom, color and beauty of flower make them the best collection for amateur planting. They will bloom with the utmost freedom this year, except the Climbing Roses. No two alike. In this collection we include our wonderful Rose, Charles Dingee and Paul's Scarlet Climber, these two alone fully worth the price of the complete set. All labeled and sent postpaid. Safe arrival guaranteed to any point in the U. S. A. Order as the

"Dingee Collection"

Charles Dingee—Without question the greatest Rose ever grown. See its glorious beauty of form and color elsewhere.

Pink Maman Cochet—It bears masses of full deep formed flowers singly on long substantial stems. The color is a clear shade of rich pink, changing to silvery rose; of exquisite fragrance.

White Maman Cochet—A magnificent snow-white Rose with a faint tinge of pale blush. Best white.

Paul's Scarlet Climber—A splendid cardinal red climbing Rose of thrifty habit, beautiful foliage.

Mad. Francisca Kruger—A constant bloomer, especially suited to bedding. The flowers are deeply shaded coppery yellow.

Madame Abel Chatenay—Brilliant rosy carmine with shadings of deeper color. Particularly hardy.

Souvenir de Pierre Notting—Handsome apricot-yellow Rose, tinged with orange and the edge of petals shaded carmine-rose.

Laurent Carle—Rich velvety carmine.

Kootenay—Color a creamy white, with a shading of flesh colors toward the center.

Climbing Pink Maman Cochet—Hardy Ever-blooming Climbing Rose. Blooms same style and color as the old favorite Pink Maman Cochet.

Special Offer

This entire collection of 10 magnificent Dingee Roses in strong one-year-old plants or first size, for \$1.50 postpaid; two-year-old plants by Parcel Post with some soil on their roots, for \$5.00.

Our Great Rose "Charles Dingee"

Seven Garden Set \$1.00

7 Hardy Everblooming Roses, Postpaid
Briarcliff—Magnificent, large, full and double silvery pink flowers. Fragrant as the American Beauty.

Marie Guillot—A queen among white Roses. Large, full, finely formed flowers.

Red Radiance—Rich crimson; buds and flowers large, full and double.

Marie Van Houtte—Large, full, double flowers, canary-yellow, shaded creamy white.

Mad. Abel Chatenay—Immense, full, double flowers; rosy carmine, shading darker.

White Maman Cochet—The premier white garden Rose. Absolutely none better.

Alex. Hill Gray—Large, finely formed flowers of canary-yellow color.

SPECIAL OFFER—One each, strong plants, 7 garden Roses described above, sent postpaid, for \$1.; the seven in two-year-old plants, for \$3.50, by parcel post prepaid with some soil on roots. Please order as "Garden" Set.

"A TRIAL OFFER"

Eight Superb, Hardy, Free Blooming Varieties, Postpaid, for One Dollar

8 Rose Plants at 12½c Each

You will not be disappointed in these Roses, take our word for it. Some will bloom this year throughout the season and will continue each succeeding year to bloom more profusely and be a source of joy forever. We will include in this collection such magnificent Roses as the exquisite dwarf Rose, Baby Doll, also our great, free-blooming Rose, "Charles Dingee," illustrated in natural colors elsewhere.

Our great stock of Roses, the largest in America, contains many very fine varieties which our catalog does not describe in detail, every way the equal, if not superior, to the popular favorites. We want you to know these Roses as we do, hence we make this remarkable offer. If you will send us \$1.00 we will forward eight of them, all different kinds, no two alike, properly labeled, postpaid and safe arrival guaranteed in U. S. A.

Special Bargain Offers

A Typical Dingee Chrysanthemum

SPECIAL OFFER—One each of the eight beautiful "Mums" described above, postpaid, for 75c. Please order as "Popular Set."

Popular Set of Chrysanthemums

8 Large Flowering Varieties 75c
Strong Pot Plants, Postpaid.

Hardy. They Bloom the First Year.

Robert Halliday—One of the best deep yellow varieties. Fine incurved form, with perfect stem and foliage up to the bloom. Tremendous size.

Rose Chochard—A beautiful shade of deep pink; flowers of immense size and excellent form. Blooms early. Flowers develop without fading. Best pink.

Bronze Unaka—Early. Golden bronze.

White Chieftian—Incurved. Early. A pure white variety of special merit.

Pink Chieftan—Beautiful incurved, full and round. Lovely pink.

Silver Sheen—Pure white, incurved.

Golden Glory—Golden-yellow, ball shaped. Petals beautifully overlapping.

Harvard—Darkest crimson scarlet. The only deep scarlet. Fine form and very large.

5 POPULAR COCHET ROSES—95c

If you want five of the finest Roses listed in this book, which will produce hundreds of superb flowers throughout the growing season, producing the kind of flowers one never tires of, order this Cochet set. No matter where you live, they will give you perfect satisfaction. The Cochet Roses are perfectly hardy in every part of the country, even where the winters are most severe, with slight protection. In the more temperate sections and in the South they thrive vigorously and bloom most lavishly all summer long, growing into great, strong, lusty bushes, which increase in beauty each year.

***Pink Maman Cochet** (Illustrated in color on inside back cover)—The Queen of all Pink Garden Roses. The buds are large, full and firm, elegantly pointed, showing depth and richness as they expand. The superb flowers open perfectly double, are extra large and of splendid substance.

***Red Maman Cochet** (Helen Gould)—A Rose that will grow and give satisfaction in almost any soil or situation. It produces flowers in amazing profusion, on long, strong shoots. The flowers are very full, perfectly double; buds long and pointed. Color, warm, rosy crimson.

***Crimson Maman Cochet** (Etoile de France)—The color is a new and clear shade of red or velvety crimson, brightening in the center; of exquisite fragrance.

***White Maman Cochet**—A most magnificent snow-white Rose, with sometimes a faint tinge of pale blush.

***Yellow Maman Cochet**—One of the best hardy, everblooming yellow Roses. It is ideal for open ground culture—a typical Cochet Rose, with gracefully molded buds, flowers, magnificent when open, on stiff, strong stems.

Prices: Cochet Roses, strong one-year-old plants, 25c each; 5 for \$1.00, postpaid; two-year-old plants, 55c each; 2 for \$1.00; star size, 75c each, by Parcel Post Prepaid.

STIM-U-PLANT TABLETS

An excellent fertilizer for any purpose is Stim-U-Plant Tablets, an odorless, highly concentrated plant food, in tablet form, with guaranteed chemical analysis of 11 per cent nitrogen, 12 per cent phosphoric acid, 15 per cent potash.

Prices, postpaid: Small size, 30c; 100 tablets, 80c; 1,000 tablets, \$3.75.

SPECIAL OFFER

One each of Pink, White, Red, Yellow and Crimson Cochet, strong plants, postpaid, 95c; two-year-old plants, one of each, 5 in all, \$2.50 by Parcel Post Prepaid with soil on roots. Still larger size or specimen plants for \$3.50 of the 5 Cochets by Parcel Post Prepaid.

Gentlemen:—

I bought some Roses from you about 8 years ago and they bloom just wonderful. People just stop and look at them. They are the climbing kind.

Mrs. George Muenchow, Milwaukee, Wisconsin

I have the finest bed of Roses in bloom that people have ever seen. All were gotten from you from time to time. Small sizes on their own roots. Have 82 in all and they sure are proving to be wonders.

Yours truly,
John W. Vander Salm, Kalamazoo, Mich.

THE DINGEE & CONARD CO., WEST GROVE, PA.

Incorporated 1871

CHARLES DINGEE

Garden Gem

This great new bush rose introduced and for sale only by us is a remarkable rose—it has no disease of any kind. Wonderfully clean, heavy foliage.

Satiny pink flowers of lovely form on strong erect stems, making it one of the greatest of all roses, new or old, for garden cultivation and for cutting.

PINK COCHET

Pink Cochet

The Queen of all Pink Garden Roses. The buds are large, full and firm elegantly pointed, showing depth and richness as they expand. The superb flowers open perfectly double, are extra large and of splendid substance. Hardy in every section of the country; clear, rich pink, changing to silvery rose.
