GRASS SEEDS

Golf Clubs wishing the finest grade of grass seeds money can buy need only to send their orders to us for fulfillment, as we carry only such grades of seeds that exemplify the high standards upon which our business is conducted.

All our seeds are triple tested for germination and purity, thus taking away any possibility of guess work. Grass seeds is one of the largest parts of our business.

Our stock of Grasses is always complete and orders are shipped the same day received. Latest market quotations on latest crop seeds sent upon request.

Pamphlets on any of the above giving directions of application, etc. will be furnished upon request.

BEMIS EROSIONET

For New Lawns - Weak Lawns and Stubborn Terraces . . .

Bemis EROSIONET is a strong, economical, open-mesh fabric made of tightly twisted, paper twine. When placed over any seeded surface, its 1/4-inch square mesh forms millions of tiny dams

which catch and hold your seed and sod firmly in place. Thus, damaging "washouts" from heavy rains are effectively checked without cutting off the sunlight.

Erosionet also catches and holds moisture. It helps overcome seed losses and lawn disappointments from poor germination. Erosionet never presents an unsightly appearance, clover and grasses soon rendering it almost invisible. Bemis Erosionet is rot-resisting and can easily be removed when grass becomes 2 1/2" high.

Comes in rolls 48 inches wide. Prices and fuller details on application.

BROOMS

	Doz.	Each
Birch, without Handles	\$3.75	\$.40

Per bundle of 50	\$9.00	Per Doz. 3.00

HOVEY'S NEW SIGNAL POLE

A word about our new flag pole

It is made of Ash with a swivel at the top to hold the flag. This swivel turns with breeze, preventing the flag from winding around the pole.

Standard color, Orange, Black and White, Black and Orange. However, we can supply any color you may desire.

CADDY RAKES

Small Bamboo Rake suitable for carrying in golfer's bag.
Used for "dressing up" traps and bunkers.
\$1.50 per doz. \$15.00 per 100

THE HOVEY RAKE

This is a rake designed principally for the eradication of Clover, Chickweed, Crab Grass, etc., from Putting Greens and its intelligent and continuous use will certainly prove beneficial. There is no better rake extant for Putting Greens. It is twelve inches long and four and one-half inches deep and with five

case hardened teeth to the inch, made from the best Swedish Steel, with two cutting edges to each tooth. It is like the family Bull Dog, it can be gentle or vicious, according to the manner of handling. When handled correctly it will make grass stand up straight where the mower can reach it and for this reason alone, is valuable on all Fescue or Bent Greens. When handled more firmly, it will mow grass and cut out Chickweed, Clover, keep Crab Grass and Pao Annua from going to seed. It cleans itself and should be used before the green is mowed. Price.....Each \$5.00

ROLLERS — GREEN and FAIRWAY

	Each
Putting Green Roller, 4 Section, Wood.....	\$22.50
Putting Green Roller, 4 Section, Cast	30.00
