LINING OUT STOCK

WHOLESALE PRICE LIST

SPRING 1932

THE JAPANESE NURSERY COMPANY

GENOA, TEXAS

PLEASE READ CAREFULLY

TERMS:

To customers whose accounts have been handled satisfactorily in the past, we extend the usual sixty days credit. New customers will please arrange in advance of shipping date for credit, or send cash in advance. If C. O. D. shipment is desired, please send a deposit of at least one-third the amount of the order.

GUARANTEE:

We guarantee our stock to be true to name and healthy, but in case it should prove to be otherwise, our liability shall be limited to replacement of defective material with healthy plants or stock that is true and of the same size originally paid for. At our option we may refund the purchase price, which shall be our maximum liability.

Claims arising from any cause must be made promptly on receipt of goods.

PACKING AND TRANSPORTATION:

If any particular method of packing and shipment is desired it should be clearly specified in your order. Our experience in these matters makes it usually satisfactory to leave them to our judgment. We give careful consideration to packing and routing all shipments where these particulars are left to our choice, but do not assume responsibility for failures or errors of any common carrier.

QUANTITIES:

We have large numbers of those items marked (†) and offer a special discount of 10% on each item that is ordered in quantity of 500 or more of a kind. This discount does not apply to items not so marked.

LINING OUT STOCK

CONIFERS

* All items thus marked are field-grown stock.

Prices given are per hundred unless otherwise specified.

4- 6 in. x	8.00
6- 8 in. x	10.00
8-10 in. xx	12.00
12-18 in. pot grown.....	15.00

SAVIN JUNIPER

(*Juniperus sabina*)

3-6 in. r.c.	\$ 5.00
4-7 in. x	7.00

TAMARIX SAVIN JUNIPER

(*Juniperus sabina tamariscifolia*)

3-5 in. r.c.....	\$ 5.00
------------------	---------

†SHORE JUNIPER

(*Juniperus conferta*)

A horizontal juniper of recent introduction. It is adapted to a wide range of conditions by seaside and in interior sections. Grows rapidly and is very beautiful.

4-6 in. r.c.	\$ 4.00
5-8 in., 2½" pot.....	6.00

†SPINY GREEK JUNIPER

(*Juniperus excelsa stricta*)

4- 6 in. x	\$ 5.00
10-12 in., 4" pot.....	10.00

GOLDEN VARIEGATED CHINESE JUNIPER

(*Juniperus chinensis aureo-variegata*)

This is the same juniper that we have sold in the past as *Juniperus chinensis albo-variegata*, but according to recent findings, we have now adopted the name given above. The variegations are of bright gold in contrast to the pale, almost white that marks the *albo-variegata* variety.

3- 6 in. r.c.	\$ 6.00
4- 6 in. x	8.00
6- 8 in. x	12.00
8-10 in. xx	15.00

†WAUKEGAN JUNIPER

(*Juniperus horizontalis douglasii*)

3-5 in. r.c.	\$ 5.00
6- 8 in. x	10.00

JUNIPERUS CHINENSIS MASCULA

4-6 in. r.c.	\$ 6.00
6-8 in. grafted	10.00

†JUNIPERUS CHINENSIS NANA COMPACTA (No. 102)

A new dwarf juniper of upright habit, but only about 4 feet in ultimate height. Foliage is constantly dark green.

5-6 in. x	\$10.00
6-8 in. x	12.00

JUNIPERUS CHINENSIS NANA DEPRESSA (No. 103)

A new vase-shaped juniper. Foliage is light green and does not burn in summer.

3-6 in. r.c.	\$ 7.00
4-6 in. x	9.00

JUNIPERUS CHINENSIS PROCUMBENS

This one and the *Juniperus japonica procumbens* are alike in form, but the texture of the foliage is distinctly different. This one has more scalelike leaves, while the other has only needle-like leaves.

6-8 in. x	\$10.00
-----------------	---------

JUNIPERUS CHINENSIS PROCUMBENS AUREO-VARIEGATA

Same form and texture as the above, but its foliage is variegated with bright golden markings like the upright *Juniperus chinensis aureo-variegata*.

5-8 in.	\$12.00
--------------	---------

†JUNIPERUS CHINENSIS NANA VIRIDIFOLIA

This is a new juniper of our own introduction. It has the same form and texture as the *Juniperus chinensis aureo-variegata*, from which it is a sport, but it has no variegations of foliage. Its color is constantly green of a pleasing shade. We honestly believe it is destined to rank as one of the very best evergreens.

4- 6 in. r.c.	\$ 8.00
5- 7 in. x	12.00
7-10 in. x	16.00

†JUNIPERUS COMMUNIS AUREA PYRAMIDALIS

A very slender form of golden English Juniper.

3-5 in. r.c.	\$ 6.00
-------------------	---------

JUNIPERUS COMMUNIS DEPRESSA

(*Juniperus canadensis*)

3- 5 in. r.c.	\$ 4.00
8-10 in. x	8.00

JUNIPERUS HORIZONTALIS GLAUCA

Of the same type as the Waukegan Juniper, but has no bronze hue in winter.

† 3- 6 in. r.c.	\$ 4.00
12-18 in. xx	10.00

JUNIPERUS JAPONICA PROCUMBENS

Many horticulturists regard this as the best of the prostrate junipers. It is a really good one, all right.

3-6 in. r.c.	\$ 5.00
-------------------	---------

†JUNIPERUS CHINENSIS FASTIGIATA

A fast growing, narrow evergreen that should take the place of Italian Cypress where that subject is not hardy. Its foliage is green and does not burn.

6-8 in. grafted	\$20.00
-----------------------	---------

PODOCARPUS MACROPHYLLA

PODOCARPUS MAKI

(*Chinensis*)

PODOCARPUS MICROPHYLLA

These three varieties of Japanese Yew are quite similar. The first has the largest leaves of the group, while the last has the smallest.

6- 8 in. x	\$ 5.00
8-12 in. x	8.00

†RETINOSPORA LEPTOCLADA

(*Andely Retinospora*)

4- 6 in. x	\$ 3.00
6- 8 in. x	5.00
8-10 in. xx	7.00

RETINOSPORA PLUMOSA AUREA

(Golden Japan Cypress)

12-15 in. xx	\$10.00
--------------------	---------

TAXUS CUSPIDATA DRUPACEA

12-15 in.	\$15.00
----------------	---------

5-8 in. from pot.....	7.00
†EVERBLOOMING CAPE JASMINE	
(Gardenia florida)	
This variety has largely displaced the older Gardenia grandiflora in commercial plantings because it comes into flower earlier in the season and blooms longer.	
6- 8 in.	\$ 3.50
8-10 in.	5.00
CAPE JASMINE	
(Gardenia grandiflora)	
12-15 in.	\$ 4.00
DWARF CAPE JASMINE	
(Gardenia stricta nana)	
A very dwarf form of Cape Jasmine, with small box-like leaves and flowers that are miniature counterpart of the well known type of Cape Jasmine.	
3-5 in.	\$ 4.00
6-8 in.	6.00
WINTER BLOOMING CAPE JASMINE	
(Gardenia veitchi)	
4-6 in., 2½" pot.....	\$ 6.00

†JASMINUM FLORIDUM

Slender, drooping branches with glossy dark green leaves and a profusion of yellow flowers. Constantly in bloom throughout spring, summer and fall.

6-8 in.	\$ 3.00
12-15 in.	5.00

CHINESE PRIMROSE JASMINE

(*Jasminum primulinum*)

6-8 in. layer.....	\$ 3.00
--------------------	---------

JASMINUM REVOLUTUM

(*Jasminum humile*)

3-4 in.	\$ 3.00
12-15 in.	5.00

CHERRY LAUREL

(*Laurocerasus carolinianum*)

Also known as **WILD PEACH** (*Prunus carolinianum*)

6-8 in. seedling.....	\$ 3.50
8-10 in. seedling.....	4.50

ENGLISH CHERRY LAUREL

(*Laurocerasus officinalis* or *Prunus laurocerasus*)

The leaves of this tree are much larger than those of the Southern Cherry Laurel listed above.

3-5 in., 2½" pot.....	\$ 6.00
-----------------------	---------

LAURUS NOBILIS

(Sweet Bay, European)

This is the bay that is used so much in Europe—not the sort that is native in the United States.

3-5 in. r.c.	\$ 5.00
6-10 in. x	7.00

†LAVENDER

(*Lavandula vera*)

3-6 in.	\$ 3.00
6-8 in.	4.00

†LEUCOPHYLLUM TEXANUM COMPACTUM

This is a variety of the native Senisa of Southwest Texas and Mexico. We have developed this and the following variety in our nursery. It has light silvery leaves and is very compact in branch and foliage.

3-6 in. from pot.....	\$ 8.00
-----------------------	---------

LEUCOPHYLLUM TEXANUM FLORIBUNDUM

Not so compact as the above and the leaves are not so bright, but this variety is a most constant and prolific bloomer. The lavender colored flowers are especially abundant after each rain in spring, summer and fall.

3-6 in. from pot.....	\$ 8.00
-----------------------	---------

3 yr. tuber.....		8.00
ANTIGONON LEPTOPUS ALBA		
Same as the well known Coral Vine except the flowers are white. A rare novelty.		
4 in. pot, per ten.....		\$ 4.50
BIGNONIA SPECIOSA		
Evergreen, purplish flowers.		
6-10 in. layer.....		\$ 4.00
BIGNONIA UNGUIS-CATI		
Evergreen, orange red flowers.		
2½ in. pot.....		\$ 5.00

†BOUGAINVILLEA CRIMSON LAKE

One of the most brilliant flowering plants. Its rich crimson flowers never fail to be admired.

4 in. pot.....\$25.00

†BOUGAINVILLEA GLABRA SANDERIANA

Its bright magenta purple flowers are not so striking as the above species, but it is very beautiful, especially where delicate shades are preferred.

3 in. pot.....\$15.00

DEVIL'S IVY

2½ in. pot.....\$ 5.00

CAROLINA JASMINE

(Gelsemium sempervirens)

Evergreen; very fragrant-yellow flowers in early spring.

7-10 in. layer.....\$ 3.00

†CONFEDERATE JASMINE

(Trachelospermum jasminoides)

Evergreen, sweetly fragrant white star-shaped flowers throughout summer.

8-12 in. x\$ 7.00

8-12 in. from pot..... 7.00

†TRACHELOSPERMUM JASMINOIDES MICROPHYLLA

Similar to the above, but leaves are much smaller. Makes a fine ground cover.

8-12 in. layers.....\$ 3.00

FORMOSA WISTERIA

(Milletia japonica)

Almost evergreen, flowers reddish purple from late spring to fall. You will like this and find it a steady seller.

4- 6 in., 2½" pot.....\$ 8.00

12-15 in.12.00
