PLANT BULBS NOW FOR SPRING FLOWERS

Lilium Candidum or Madonna Lily

Native of France, this marvelous free-blooming pure white Lily is a great favorite for border planting. Nothing is more effective than its immaculate snowy white against the deep green of June shrubbery. For best results they should be planted immediately upon arrival from France, usually the beginning of September, but will bloom satisfactorily, even if planted in November. True French northern-grown stock.

Large bulbs, 35 cts. each; \$3.50 per doz. \$25 per 100.
Jumbo bulbs, 50 cts. each; \$5 per doz.; \$37.50 per 100.
