PLEASE TAKE NOTICE

When ordering less than 10 lbs. of an item please add 5c per lb. to the 10 lb rate. To arrive at the per bushel price (where seed are quoted in BAG LOTS by the bu.), add 25c to the highest price quoted. The 25c pays for the extra bag, extra handling, etc.

JAN. 10, 1949

LISTEN TO WJJJ, MONTGOMERY

We are sponsoring a daily newscast, Mondays through Fridays, from 12:00 to 12:15 by Cedric Foster over WJJJ, Montgomery, 1170 on your dial. Mr. Foster speaks over the Mutual Broadcasting System and is one of the country's leading commentators. You are invited to listen to him for the news. WJJJ is the strongest radio station in Ala. and Miss. We hope you like our program.

D. & P. L. 15 (DELTAPINE 15) FOUNDATION COTTON SEED

We are distributors for Ala. and Fla. for the breeders, the Delta and Pine Land Co., of this outstanding variety of cotton which averages 11/32-inch to 1 1/4-inch staple and 39% to 44% lint. All seed are produced by the breeders on their property in Miss. They are delinted, Ceresan-treated, and sacked in branded, cotton bags, which are metal-sealed. These seed are yet not plentiful enough for everybody to have all they want, in spite of the fact that the breeders have increased production. Therefore, if your order is of much size, it may be necessary to prorate you on it and we reserve this right. Prices f.o.b. Darlington, Ala., are as follows:

In 100-lb cotton bags	Per cwt.	Per Ton
	13.00	250.00

(Since there are not enough Foundation D. & P. L. 15 for large users to have all they want, we strongly urge that you consider First-Year Certified seed for a part of your requirements. See below for prices and particulars.)

FIRST-YEAR D. & P. L. 15 FROM BREEDERS

MISS. CERTIFIED BLUE TAG, GRADE "A"

	Per cwt.	Per Ton
In 100-lb Cotton Bags	10.85	207.50
In 100-lb Burlap Bags	10.75	205.00

(These bags are printed in red and blue. Many prefer cotton bags. You may deduct \$5.00 per ton in 5-ton lots f.o.b. here whether in cotton or burlap. Ask for special delivered prices if interested in 20-ton cars. These are the best certified seed that money can buy. Order now and be sure of plenty of good seed. 1949 will be the last year of high-parity protection on cotton. Some authorities are suggesting that farmers "shoot the works" and plant heavily this year. Your 1949 acreage will be important in determining your base if cotton quotas are put in force.)

CHEMICALLY DELINTED

D. & P. L. 15 COTTON SEED ("SAVESEED" BRAND)

	Per Pound	10-99 lb	100 lb	500 lb
In 50-lb Cotton Bags	.20	.19	.18 3/4	

(These are First-Year Blue Tag seed and entitled to certification in Miss. They are chemically delinted by one of the best firms in the business. They are Ceresan-treated, machine-graded and sacked in 50-lb cotton bags, printed in two colors. SEED-SAVER seed are planted 6 to 10 pounds per acre. Chemically delinted seed are fast growing in popularity. Ask for folder for further information.)

WE WANT TO BUY

Lespedeza Sericea, Common, Kobe, Carpet Grass, Crotalaria, Sesbania, etc. Submit prices, samples, tests and particulars.

MILLET, RAPE, RYE, ETC.

Cattail Millet	.15 1/2	.14 1/2	.14 1/4

KUDZU CROWNS

First Class. Large Field Crowns. Prompt shipments F. O. B. Alabama Shipping Points.
500 _____ for \$8.50 3,000 _____ @ \$14.50 M
1,000 _____ @ 15.00 M 5,000 _____ @ 14.25 M
Shipping weight per 1,000 crowns about 60 to 80 lbs. 500 or more crowns are required per acre, depending upon width of rows. Ask about our "information sheet". Account perishable nature of crowns, they should go by express. It is best to set them out in the dormant season—Jan., Feb. and March.

OUR SEED LABORATORY

Is in charge of a graduate of Miss. State College. This laboratory is invaluable to us and our customers in checking the quality of the seed we buy and sell. We are one of the few firms in the South with a private lab. We are prepared to do a limited amount of testing for farmers and seedsmen at the usual commercial rates.

MINERAL COMPOUND

We consider Corn King to be as good as any mineral compound on the market and far better than most brands. "Minerals for stock are as vital as fertilizers for soil." Ask for folder and analysis tag.

	Per Cwt.	100 lb.	500 lb.	2000 lb.
Delivered prices by rail freight are		\$7.60	\$7.10	\$6.85

FUNK'S "G" HYBRID CORN FOR THE SOUTH

We are Associate Growers and Distributors for Alabama for Funk Bros. Seed Co., pioneer hybrid seed corn breeders of the country.

Our hybrid corn is graded according to size and shape to obtain uniform plantings. Round grains will give as good results as flat and they cost less per bushel. You can plant rounds with your present planter if you have the correct plates. A plate thick enough for beans is usually ideal for rounds. Both rounds and flats are graded into small, medium, regular and large grains. We will try to ship your preference if you let us know. The larger grains make the best appearance but the smaller grains are cheaper to use because a bushel will plant more acres, and they give just as good results. A bushel of our hybrid corn usually will plant 7 to 12 acres—depending on the size of grains, distance between stalks, etc. Our 1949 illustrated descriptive Funk's Hybrid Corn folder will be ready soon.

(Ala. grown. Arasan-treated	Rounds	Flats
Funk's G-714 Hybrid, per bu.	\$9.60	\$11.60
Funk's G-717 Hybrid, per bu.	9.60	11.60
Funk's G-737 Hybrid, per bu.	9.60	11.60

(We pay the freight on 5-bu. lots and up of Funk's G-Hybrid in Ala., Ga., Fla. and the Carolinas. No other seed on this list are delivered at prices quoted. Our Funk's Hybrids are sacked in 1-bu., cotton, branded bags.)
