ADVERTISEMENT.

In presenting this Catalogue to our customers, THOMPSON & HEDGES would respectfully represent that it has been their aim to enumerate those only possessing true merits of beauty and attractiveness.

Many of the novelties offered in this Catalogue were received from Mr. WILLIAM THOMPSON, of Ipswich, England, and E. G. HENDERSON & SON, Florists to the Queen of England, London, and the celebrated Seedsmen and Nurserymen, of Paris, Messrs. VILMONIA & CO.

Some of the articles enumerated, we received direct from California, Oregon, and South America; sparing no pains or expense to consolidate a great variety of the novel, beautiful, and attractive.

NOTICE.

Our facilities for shipping by Express, from Nebraska City, are good; and packages will not be delayed when going to any part of the United States, or Canada, giving the NUMBER of the same.

All plants will be carefully packed and shipped, and a receipt received for the same. After this all articles at the risk of the purchaser.

All orders should be legibly written out in full.

When any one variety is exhausted, we claim the right to substitute another, as near the one ordered as possible.
