Irises

Bearded or Fleur-de-Lis

These Irises form a most delightful group of flowers, as they are about the first of the perennials to bloom, and the colors range to all shades of the rainbow, blooming in May and June.

Prices quoted are per dozen, per 100 and per 1,000 in the order given

E. Mixed—Mixed shades of orange. 1.00 7.00 60.00

Hansoni—Attains height of three to five feet. Reflexed blossoms two inches across, petals bright orange-yellow, faintly spotted brown, eight to twelve in a cluster, flowering in June or early July.

\$6.00 per dozen; \$50.00 per hundred.

Delivery after September 1st

Henryi—Similar to the Speciosums in form. The beautiful orange-yellow flowers with a green band are very effective. Hardy and easy to grow; blooming in August and September.

Medium size, doz. \$5.00; hundred, \$35.00

Selected size, doz., \$6.00; hundred, \$40.00

Delivery after October 1st

LILIUMS—Continued

REGALE

"A Real Beauty"

The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpet. The fragrance is fascinating, similar to the Jasimine. A splendid hardy Lily for the garden, flowering about July 1st. Well-grown bulbs often produce five to eight blooms.

4-5-inch bulbs, doz.,	\$6.00;	hundred,	\$40.00
5-7-inch bulbs, doz.,	\$7.00;	hundred,	\$50.00
Superbum—Three to six feet high, flowers from five to forty, nodding brilliant orange-red.			
Blooms in July	\$1.50	9.00	80.00
Tigrinum—Fl. pl. (Double-Tiger)—Orange red, spotted black			
	1.50	10.00	90.00
Tigrinum Splendens—Single form; same colors.			
	1.50	9.00	80.00
Tigrinum—Mixed, double and single.			
	1.00	8.00	70.00
Wallacei—Orange yellow, spotted black. Erect.			
	1.00	7.00	-----

Speciosum Lilies

Magnificum—A beautiful pure pink variety, exceeding in beauty the famed Melpomene.			
	2.00	15.00	-----
Melpomene—Words cannot describe the beauty of this variety. Frosted white, spotted, clouded and bordered with pinkish crimson. Petals deeply recurved and widely ordered.			
	2.00	15.00	-----
Praecox or Album—Large, perfect and beautiful. Frosted white, with a tinge of buff at the top of petals. The blush-like fringe in each petal adds to the beauty			
	2.50	18.00	-----
Rubrum—Deep rose, freely spotted crimson and mottled white; perfectly exquisite.			
	2.00	15.00	-----

A Word to Dealers

We specialize in home grown Speciosum Lilies which we can deliver after October 1st. Bulbs are sound and satisfactory in every way. Sizes vary but all will bloom. 6-10 in. cir. This early delivery enables you to supply your customers before the ground freezes.

Peonies

Our list of Peonies is not very extensive, but we have endeavored to select the better medium-priced varieties that will cover a good range of colors to offer to our customers. Divisions of 2 to 3 eyes.

Prices quoted are per dozen and per 100 in the order given

1 to 2 inches dia.	.90	6.00	50.00
2 to 3 inches dia.	1.00	7.50	65.00

LYCORIS SQUAMIGERA, OR AMARYLLIS HALLI

DESCRIPTION—Lycoris Squamigera produces in early spring attractive green foliage which grows until July when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later, as if by magic, the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers three to four inches across and from eight to twelve in number, of a delicate lilac-pink shaded with clear blue.

CULTURE—As the bulb is perfectly hardy without any protection it can be planted either in the fall or spring, but we consider fall the best time as the bulbs will have a chance to get established before flowering time. Cover the crown about four inches. Very useful for the border or among shrubbery.

Doz., \$7.00; hundred, \$50.00.

CALLA ELLIOTTIANA

The Glorious Flowering Plant for Easter. Color Golden Yellow. So cheerful and refreshing. Foliage "Spotted" White.

"PLANT SELLS ITSELF"

A florist's window decoration of YELLOW CALLAS always creates a sensation.

CULTURE

Open Garden—Keep bulbs over in a dry, warm cellar. They should be planted as soon as the ground can be worked, and all danger of frost is past. Water only when ground is dry.

Under Glass.—Plant any time between November and April. Will come into bloom in twelve to fifteen weeks. Plant bulbs in five or six-inch pots in loose soil, and keep under benches in a temperature of about fifty degrees for two weeks. Give very little water until the pot is well-filled with roots. After which they will come quickly when put on the benches and given sixty to sixty-five degrees, which can be increased after the bud is formed. A little liquid fertilizer is helpful. Water when dry, but do not water as much as the White Calla.

Divide your stock into several plantings for continuous trade.
