Lilium Philippensis

This rare and beautiful Lily is a native of one of the high mountain ranges of the Philippine Islands, and a few years ago a large lot were collected by an American and sent to relatives in Ohio. The bulbs thrived remarkably well, and last year we acquired the entire stock. Hence, we can offer superb home-grown bulbs at a low price. Great improvement on *Lilium Harrisii*, the flowers being much larger and a great deal longer, a gracefully tapering trumped-shaped, snowy white in color and of delicate fragrance. Fine flowering bulbs, \$18.00 per 100. \$150.00 per 1000.

Lilium Tenuifolium

The lovely Coral Lily of Siberia. A great beauty. The brightest of all Lilies. Grows 20 inches high, with finely cut foliage, slender stems and beautiful shaped flowers of a brilliant coral-red. One ought to grow them by the dozen, they are so fine for cutting, and make such grand clumps for the lawn. Blooms very early. Having grown an enormous stock of this exquisite Lily we are prepared to offer it at the exceedingly low price of 60c. per dozen ; \$5.00 per 100 ; \$40.00 per 1000 ; \$350. per 10,000.

Iris Kaempferi. (*Japanese.*)

During the past few years no plant or flower has come into more prominence and favor than the gorgeous Japanese Iris.

We offer home-grown roots which will give results much quicker than imported ones.

Our list of named kinds is so large we do not attempt to give it here but we will be pleased to quote you a list on receipt of your inquiry.

PRICE

Named.....	\$6.00 per 100.	\$50.00 per 1000.
Mixed.....	\$3.50 " 100.	\$30.00 " 1000.
Seedlings.....	\$3.00 " 100.	\$25.00 " 1000

Iris, Germanica.

Another popular flower, very early and exceedingly handsome when planted in the border.

Named sorts	\$3.00 per 100.	\$25.00 per 1000.
Mixed sorts	\$2.00 per 100.	\$15.00 per 1000.

Paeonies.

Fragrans.....	\$ 7.00 per 100.
Officinalis Scarlet	\$ 6.00 per 100.
Double White.....	\$12.00 per 100.
Mixed.....	\$ 6.00 per 100.

Eucharis Amazonica.

If there is a purer, sweeter, or more exquisitely beautiful flower than this we never have had the good fortune to see it. It is a bulbous plant, throwing up tall spikes on which are borne several very large, star-shaped flowers of the purest waxy whiteness and unexcelled fragrance. For chaste beauty it has no peer.

Dormant bulbs can be supplied until September or October when they should be planted in pots or boxes for winter blooming. \$9.00 per 100; \$80.00 per 1000.

GLADIOLUS "AMERICA"

COLOR: Beautiful flesh pink with tinge of lavender.

When we first offered this glorious Gladiolus last year we made strong claims for it as we were convinced in our own mind, that for color, size of spike and general usefulness it was the peer of the Gladiolus family.

Now we are pleased to say our claims have been sustained by another year's test and judging by our sales it has the greatest future of any variety now on the market.

Future as a "Forcer" is Assured.

(TESTIMONIAL)

FLORAL PARK, N. Y., May 25, 1906.

Mr. John Lewis Childs.

DEAR SIR:—Last winter I planted some bulbs of Gladiolus "America" in a bench along side of some Shakespeares for the purpose of testing their value as a forcing variety, and I am pleased to say that they not only came as early as Shakespeares but their color was beyond description, equalling any orchid I have ever seen. It certainly has a great future as a forcing Gladiolus.

Yours truly,

Charles H. Allen.

Words of highest praise have been evoked wherever the flowers have been exhibited.

REMEMBER

This variety was considered exquisite enough for decorating the Yacht "Mayflower" when the Peace Envoys were received by Pres. Roosevelt.

JOHN LEWIS CHILDS, Floral Park, N. Y.
