TERMS OF SALE.

NON-WARRANTY.—We give no warranty, express or implied, as to description quality, productiveness or any other matter of any Seeds, Bulbs or Plants we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

TERMS.—Sixty days net cash to Seed Houses of approved credit, except on cash items named below, or on special quotations. Seed Houses buying their general supply from us will be given June 1st, terms. Bills to Houses not regularly in the catalogue seed trade are due the first of every month following date of purchase. Grass, Farm, Bird and Clover Seeds, Onion Sets, Potatoes, Fertilizers, Bone Mills, Raphia, Reeds and Beads are always Net Cash.

Route of Shipment when selected by the purchaser will be strictly followed by us where possible. In all cases where the route is left to our judgment we will select the best we know, but entirely at the risk of the buyer, we assuming no responsibility for delays in transportation.

CASH DISCOUNT.—We allow a discount of 1 per cent. per month for cash with order, and also on bills paid within 10 days of date of invoice, [excepting items mentioned before.]

The prices in this catalogue are subject to advance, without notice and cancel all former quotations.

Quantity Prices on Flower Seeds.—We furnish not less than $\frac{1}{4}$ pounds at the pound rate, and $\frac{1}{4}$ ounces at the ounce rate, where not less than 60c. per ounce, except where a special price is quoted. We do not sell less than one ounce of any sort listed at 15c. per ounce or less.

Trade Discount from Retail Catalogue.—Orders taken from our Retail Catalogue will be charged at the following rate of discount from our retail prices.

Seeds in packets: 33 $\frac{1}{3}$ per cent. discount on orders under \$2.00, 50 per cent. discount (except novelties, on which we allow 30 per cent.)

(When ordering in lots of 500 packets and over, 60 per cent.)

Seeds by the ounce, 33 $\frac{1}{3}$ per cent. discount.

Seeds by the quart or pint, 33 $\frac{1}{3}$ per cent. discount.

Plants at 20 per cent. off price for single plants.

"Special Offers" and "Collections" are Net.

On all stock mailed postage will be charged to purchaser, including registry fee (or prepaid express) if package exceeds \$2.00 in value.

Electrotypes of most of our illustrations in retail catalogue can be furnished at 15 cents per square inch.

Trade List of Seeds.

Our stocks are the very best and will satisfy the most critical retail and market gardener's trade. We do not handle two grades, one for our own retail business and another cheaper line for the jobbing trade.

Our prices are figured on close margins, and the same grade of stock cannot be supplied at less price. When certain items seem out of line, please write us stating quantity desired and if we cannot meet competition rates, we can certainly give the best reasons why our stocks are worth the money asked.

CELERY.

Celery being grown in large acreages requires as careful selection as Cauliflowers. All the wild plants and those with hollow stalks and not true to type must be rigidly eliminated. Our seed has been grown and selected on these lines, and there is none better to our knowledge.

VAUGHAN'S

Trade List of Flower Seeds.

"THE BEST FLOWER SEEDS IN AMERICA."

Our list contains *all the best novelties* that we know to be worthy of cultivation and that are improvements on the older kinds, or entirely new varieties, as well as *all the standard sorts*. The quality of our seeds is the very best, and our prices are reasonable.

Quantities of ¼ lb. and over are charged at the pound rates (¼ lbs. at the oz. rate), ½ ozs. at the oz. rate, but only when the price per ounce is 60c. or more, and is not otherwise quoted.

We do not sell half ounces where the price per ounce is 15c. or under.

NEW EVER-BLOOMING ASTER, "IDEAL"

This new Aster produces, perhaps, more salable cut flowers to a plant than any other kind. The plants grow from 16 to 18 inches high and are in bloom from the beginning of August to the end of September almost uninterruptedly. In shape the flowers resemble the Victoria type, except that the petals are looser so as to give the flowers a very graceful appearance.

HOHENZOLLERN ASTER.

The finest type of the Giant Comet, or Ostrich Feather type of Asters. Much larger than the Giant Comet, the petals longer and more curled and twisted, and produced in greater abundance. Borne on long stem, which makes them cut flowers par excellence.

Vaughan's Excelsior Mixture of Tall Asters.

This is a mixture of the most beautiful, striking and distinct colors of all the tall growing Asters, selected from the cream of the **Truffaut's, Victoria, Crown, Giant, Comet, Hohenzollern, Ostrich Plume, Carlson, Branching** and other desirable sorts, and includes many kinds specially purchased for this mixture; also the kinds listed in the Novelties. This is the finest mixture of Tall Asters in existence and the most critical lover of this flower will be astonished at the wide range of colors and varieties given in this truly Excelsior strain. Per oz., \$1.50; lb., \$14.00. Agrilus.

Vaughan's Excelsior Mixture of Dwarf Asters. Many of our customers may find it difficult to choose among the strains of Dwarf Asters, and where not desired for an even bed or border we recommend the planting of our **Excelsior Mixture**. It is comprised of the most distinct and desirable colors of the different classes of Dwarf Asters and many others not listed above, specially selected for this mixture, and we guarantee it to give satisfaction. VAUGHAN'S SPECIAL MIXTURES.

While the regular mixtures offered in this list are as good as can be bought, in fact they are vastly better than ordinarily offered and supplied, our trials and years of experience have taught us that they are hardly ever as well proportioned as the better class buyers are expecting and willing to buy.

These special mixtures are put up by ourselves from separate colors, varieties and special strains, according to most carefully calculated formulas, and are bound to satisfy the most critical buyer.

“VAUGHAN'S SPECIAL MIXTURE.”—Navy.

Dwarf Nasturtiums are most admirably adapted to beds and borders. “Vaughan's Special Mixture” of Dwarf Nasturtiums will give a larger variety of colors in even proportions than any other Nasturtium mixture, for it is put up by ourselves from named sorts, which have the richest and most varied combination of colors ever produced, showing odd colors hitherto unknown among flowers.

Per ¼ lb., 20c.; 1b., 65c.; 10 lbs., \$6.00.

PANSIES**VAUGHAN'S "UP TO DATE" INTERNATIONAL.—Pallia.***The World's Best Pansies.*

Vaughan's International is, we firmly believe, the best Pansy mixture in existence, because it is composed of the cream of 10 Pansy Specialists' collections. It contains besides the fancy selections of these growers all the separate colors and strains in cultivation, carefully prepared by ourselves, so we know just what it should produce.

This is one of the specialties which has established the reputation of Vaughan's Seeds, and our customers can readily see why it is our most earnest endeavor to make **Vaughan's International Pansy Mixture better than ever.**

THE HOWARD STAR PETUNIA.

Their ground color is a dark, crimson maroon, with a rich velvety texture. Showing through the ground color are violet veinings. From the center starts the points of a five-rayed star, which broadens half-way up, narrowing to a point at the margin of the flower. The plants are free growers, branching freely and attaining an average height of 18 inches by 24 inches in diameter. They are remarkably prolific bloomers, single plants often having 50 fully expanded flowers at a time.

Per $\frac{1}{4}$ oz., 25c.; oz., \$1.00; 1b., \$12.00.

SWEET PEAS IN MIXTURE.

VAUGHAN'S "PRIZE" MIXTURE.—Stumpf. This mixture contains the cream of the new and standard sorts, including such as Dorothy Eckford, King Edward VII, Mrs. Geo. Higginson, Jr., Flora Norton, Countess Spencer, Majestic, Sue Earl, Gorgeous, in fact all the best new Sweet Peas in existence. It is made up entirely of separate named sorts, carefully proportioned as to its composition and we can safely say “*There is no better mixture in existence*,” no matter at what price or under what name it may be offered. *Per lb., 45c.; 10 lbs., \$4.00; 100 lbs., \$35.00.*

VAUGHAN'S FLORISTS' MIXTURE.—Stumpsinn. This is a mixture made by ourselves, of principally light colored varieties, suitable for florists' cut-flower trade. It is a very carefully proportioned mixture and gives satisfaction. *Per lb., 25c.; per 100 lbs., \$22.50.*

ECKFORD MIXTURE.—Stunde. This mixture contains over thirty varieties, including some of the novelties of 1904, and other choice sorts. *Per lb., 18c.; 10 lbs., \$1.50; per 100 lbs., \$13.50.*

ALL COLORS MIXED.—Sturm. Also a very good mixture contains over twenty varieties. *Per lb., 15c.; 10 lbs., \$1.25; per 100 lbs., \$11.50.*

WILD CUCUMBER.

Echinocystis Lobata.

This is the quickest growing Climber in our list. It will grow thirty feet in one season. It is thickly dotted with pretty white fragrant flowers, followed by an abundance of ornamental and prickly seed pods. For trellis or pillar no annual vine is more chaste, and it will quickly cover an old tree or an unsightly building.

VAUGHAN'S CHICAGO

PARKS LAWN SEED.

It is the best lawn seed in the market. It is prepared with the greatest care and contains best seeds only. It is a good seller over the counter, on account of its reputation and the attractive packages in which we furnish it.

NEW GLADIOLUS

"PRINCEPS."

THIS magnificent variety, grown and developed by Dr. Van Fleet, of whom we purchased his entire stock, and introduced by us in 1903, is the *largest and most effective and graceful of all Gladioli*. It grows $3\frac{1}{2}$ to 4 feet high under ordinary garden conditions. The color is *rich crimson with intense shadings in the throat, and broad white blotches across the lower petals*. The flowers range from 5 to 6 inches in diameter, and can be grown to nearly 8 inches under stimulating culture. The petals are very wide and much rounded, forming an almost circular flower. *Princeps* is a most striking variety, and the rate of increase is such that in time it can be produced in large quantities for hedging purposes as well as for cutting and exhibition.

NEW GLADIOLUS, MRS. FRANCIS KING.

While exhibited in our store the past summer cut blooms of this variety excited great comment and admiration both for size of flower and beauty. The color of the flower is a light scarlet of a very pleasing shade which attracts attention at once. The flowers are very large, usually measuring from $3\frac{1}{2}$ to 4 inches in diameter and are borne on long stems with from four to six flowers open at one time.

The petals being of good substance makes it an ideal shipper and as a cut-flower it equals any variety we know for the length of time a stem will last after being cut. The growth is very vigorous and the foliage which is plentiful and of deep green color makes a splendid setting for the beautiful flower.

Per 100, \$12.00; per 1000, \$100.00.

GLADIOLUS AMERICA.

COLOR.—A beautiful soft flesh pink, very light and much like "Enchantress" Carnation, except slightly tinged with lavender, which gives it the delicate coloring of the most beautiful *Lælias*. Words fail to do justice in describing this grand and glorious color; it must be seen to be appreciated.

SIZE.—Growth is very strong and healthy, producing a beautiful dark green foliage, and a strong, erect spike of the largest flowers, well set to show to the best advantage.

PURPOSES.—For florists' use its colors makes it everything to be desired; delicate, attractive and absolutely new, no other color in Gladiolus like it or one-half so beautiful. It has created a sensation in the cut-flower markets, selling for more than five times the price of other varieties.

FOR BEDDING its exceptionally rich dark-green foliage and erect spikes of extra large and beautiful flowers make it most desirable for planting in beds in parks, private estates, etc.

Per 100, \$15.00; per 1000, \$100.00.

PRAIRIE STATE INCUBATORS AND BROODERS.

The Prairie State is the safest and most reliable Incubator a merchant can sell; every machine is guaranteed by the manufacturer and no risk whatever is assumed by the purchaser.

The Prairie State, because of its system of regulation and ventilation, is the most easily operated and the most certain in results of all incubators. It has done more to make poultry-raising profitable than all other machines combined. It is a machine upon which you can depend. It is the machine you want.

They have the best regulator ever placed in an incubator—the only thermostat which takes the temperature from both the upper and lower sides of the egg tray, thus controlling the heat in all parts of the egg chamber.
