Viburnum Lantana.....	1 00	
“ Opulus, Snow Ball.....	1 00	8 00
Weigelia, 10 best varieties.....	1 25	10 00

HEDGE PLANTS.

Cape Jasmin, grown in 3-inch pots.....	6 00	
Ligustrum Amurense, Amoor River Privet, best evergreen hedge.....	2 50	20 00
Limonium Trifoliatum, 1 year, best defensive hedge plant.....	3 00	25 00
Spiræa Thunbergii, 2 to 3 years.....	8 00	

NOTE.—We cannot too highly recommend the **Ligustrum Amurense** as perhaps the most desirable of all broad-leaved Evergreen Plants for ornamental hedges. It is of vigorous growth, does not change to an unsightly greenish black hue during winter, as is the case with the *California Privet* (*L. Ovalifolium*), but retains a bright green color throughout the year. Our hedges of this plant are noted for their perfect shape and appearance.

The **Limonium Trifoliatum** is the coming plant for defensive as well as ornamental hedges. It is hardy as far north as New York.

CLIMBERS.

	Per 10	Per 100
Ampelopsis Japonica, pot grown.....	\$ 1 00	\$ 8 00
Akebia Quinana, evergreen, pot-grown and open ground.....	1 25	10 00

Panerotium Carribeum, Spider Lily.....	1 50	

Greenhouse Department.

During the past summer we have built two Palm Houses, each 140x20 feet, and rebuilt several large Plant Houses; all are constructed upon the latest improved plans. These, in addition to our former extensive Plant Houses, gives us every possible advantage for growing an immense stock. We devote all our space to **plant growing solely, and do not handle cut flowers.** Florists will find the quality of our stock of highest standard, and consisting of such classes of plants as are best suited to the Southern climate.

Conditions of Sale.—The plants named are offered at the rates quoted, provided that not less than 5 are taken at 10, and 50 at 100 rates, and the aggregate amount of the order is not less than five dollars. Cash with order, or C. O. D. by express.

N. B.—Unless noted, plants are from 2½ and 3-inch pots.
