The Howard-Hickory

HICKORY, NORTH CAROLINA

Price List for Spring 1949

FEBRUARY 10, 1949

Fruit Trees excepted, we plant for you at these prices

This list cancels all previous lists

This list cancels all previous lists and is subject to change without notice. Refer to our Silver Anniversary catalog for descriptions and illustrations.

Sizes indicated are based on estimated growth, and advance season orders are accepted subject to revision in size as may be necessary, without change in price. Other varieties can often be furnished, and we are glad to try to secure for you anything we do not have.

TERMS: Cash With Order or on Delivery. Prices on ornamentals include the plants, delivery, and planting when you have us do the planting. We cannot undertake to plant fruit trees. Prices are net f. o. b. shipping point. When stock is shipped, our responsibility ceases with delivery to common carrier in good condition.

GUARANTEE

(See Back Page)

These prices do not apply to plants especially selected at the Nursery.

2-2½' means the plant is from 2 to 2½ feet tall, except where sizes are indicated in spread, of proper breadth for the variety.

Broadleaf Evergreens

ABELIA EDWARD GOUCHER. This is a new variety of an old favorite shrub, and one which we think will almost displace *Abelia grandiflora* in time. The flowers of Edward Goucher are a beautiful shade of deep pink, the foliage is somewhat lighter in color and smaller in size than *Grandiflora*, and the plant does not grow as rapidly as *Grandiflora*. Otherwise the characteristics are very similar.
