ISMENE CALATHINA

Flowerfield's ISMENE CALATHINA

Ismene Calathina is one of the choicest of all garden bulbs. It is known by many names, Peruvian Daffodil, the Spider Lily and Basket Flower. By any of its names it is equally lovely. The flowers are large, umbellate, and snowy white, measuring four to five inches across. Glossy green markings deep in the throat of the flower make a charming contrast. There is a delightful fragrance from these flowers which on still warm evenings scents the whole garden. Plant in well-drained soil in June when the ground is well warmed for flowers in late July or August.

Flowerfield's large bulbs produce two to five blooms on stems two to two and one-half feet tall.

Monster bulbs, Each 85c, Doz. \$8.50

HELLEBORUS

HELLEBORUS

Helleborus Niger, the Christmas Rose, is the plant that blooms in the winter. A low growing plant, 12 to 16 inches high, with broad, leathery, palmlike leaves that remain evergreen. The large single white blossoms appear from December to February. Neither cold nor snow deters the plant from blooming. Extremely hardy. It may be planted in spring or fall. Water well in the hot summer and top dress with leaf mold or well-rotted manure in the fall. Left in a permanent location it will thrive for years.

Each \$1.25, Three \$3.50, Doz. \$12.50

TUBEROSE

Tuberose are among the choicest of flowers. They produce long spikes (two to three feet high) of pure white, waxlike flowers of great fragrance and beauty. Bulbs may be planted from April to June, in pots or in the open ground and should be set three inches deep in good rich soil. Do not allow them to be overrun with weeds or other plants if you desire them to bloom early.

SPRING 1947

Flowerfield Bulb Farm was established on Long Island in the seed and bulb business in 1874, where it became one of the most reputable distributors and growers of its time. We are justly proud of the part Flowerfield has contributed to American Horticulture, and in the traditions in which it continues to serve.

As growers, we are proud of our stock and are willing to back up that pride by guaranteeing all our products to the limit. Flowerfield grows and sells healthy products only. From our 360-acre farm on Long Island our bulbs, seeds and plants are known the world over for their superior root system, size and vigor.

Giant Flowered **TUBEROUS-ROOTED BEGONIAS**

These colorful, exquisite flowers are unlike most bulbs for tuberous rooted Begonias actually need shade and should be shielded from the sun's rays. When planted in a moist, fairly rich soil, they require little care.

Beginning in July, tuberous rooted Begonias carry their many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, pink and deep rich crimson. The flowers bloom in clusters of three, one large male flower in the center and two smaller female flowers on either side. These side buds should be removed as soon as they appear; they are single-type flowers of inferior character and inhibit the full development of the central flower. Under ordinary culture these blooms will reach 5 to 6 inches in diameter, although flowers up to 8 inches may be obtained by special care and attention.

CAMELLIA- FLOWERED

The King of Begonias appear to be huge Camellias. These completely double blooms are far larger than the best greenhouse Camellias. The illustration on the facing page more adequately describes the beauty of this unusual variety.

PICOTEE CAMELLIA

This has the same shape as the Camellia-flowered, but is beautifully colored in two-toned combinations. The edges of the petals definitely contrast with the interior.

Mixed Colors only, Three \$1.15, Doz. \$4.00

CRISTATA BEGONIAS

A single type that is only slightly frilled, but which bears a Coxcomb-like tuft or crest on each petal. A very novel form of the Begonia that is interesting if used in floating flower arrangements.

Mixed Colors only, Three \$1.25, Doz. \$4.00

ROSEBUD BEGONIAS

A double type of Begonia with flowers of the most exquisite form resembling perfect rosebuds with beautiful tonal pastel shadings.

Mixed Colors only, Three \$1.25, Doz. \$4.00

HANGING BASKET BEGONIAS

This is the Pendula flora plena or Lloyd type, a strain of hanging basket Begonia that contains only double-flowered sorts. Often there are hundreds of blossoms to a bulb. They are also excellent for rock garden work.

Mixed Colors only, Three \$1.35, Doz. \$4.50

Named Varieties

Autumn Glow An extremely large Cristata type, the tufts or crests of which are a deep copper, contrasting with rest of flower, which is apricot. The flowers sometimes measure ten inches across the bloom.

PRIZE WINNERS

Since 1874

The Gladiolus of the present are vastly different from the Gladiolus of not many years ago. John Lewis Childs, founder of Flowerfield, was the leader in early improvements in Gladiolus culture. We are proud to continue to supply largest sized, highest quality bulbs of the best varieties for garden and indoor decoration.

CHOICE VARIETIES

Abu Hassan A new introduction of dark violet-blue. Grows tall and straight opening up to 8 florets at once. It was a prize winner in Europe when introduced.

Each 50c, Doz. \$5.00

Algonquin A brilliant light scarlet Gladiolus distinguished by very large florets, and long formal heads, often having 8 or 9 florets open at once up a flower spike as high as 5 feet.

Three 50c, Doz. \$1.75

Barcarolle Undoubtedly one of the most beautiful orange Gladiolus. Florets are finely ruffled, adding to the value of this most excellent flower. Its clear grenadine orange is a new color for Gladiolus.

Three 50c, Doz. \$1.75

Cubana A deep dark red. This is one of the darkest Gladiolus. The buds are almost black and the florets open to look as if they were rich velvet. This variety is one of the finest we have imported and we know it will be a winner here.

Each 75c, Doz. \$7.50

Elizabeth the Queen Large ruffled lavender-mauve florets with darker lines in the throat. The ruffled florets make this variety one of the loveliest Gladiolus offered for the garden in a long time.

Three \$1.00, Doz. \$3.50

Gelber Herald (Yellow Herald) The color of this new amber-yellow is very pleasing. The wide open florets have a carmine blotch in the throat and are well placed and spaced. Introduced by the originator of Gate of Heaven, it is a real improvement in the yellow Gladiolus.

Each 40c, Doz. \$4.00

Greta Garbo

The buds and the first opened florets of Flowerfield's Greta Garbo are a very light cream-pink, the flower rapidly becomes rosy white after opening to full size. The florets often measure 6 inches across. Greta Garbo averages more florets to the spike than any other variety grown. The flower spike is carried well above the ground on tall, very strong stalks.

Three 75c, Doz. \$2.50

GLADIOLUS

Gladiolus are relatively easy to grow, requiring little special attention, and so are a "natural" for all gardens. Because of the excellence of the Gladiolus as a cut flower it is easy to transfer the beauty of the garden into the house.

They prefer a sunny location in well-drained soil. Plant 4 to 6 inches deep. For exhibition blooms, feed when planting, again when the foliage is 6 inches high, and finally as the flower buds appear.

FOR COLLECTORS

High Life The color of this lovely new variety is a clear light blue. The florets open wide and are faced to make it a very excellent show variety. The stems are tall and straight. It is exceptional as a garden variety and as a cut flower. Each \$2.00, Doz. \$20.00

Irak An outstanding "smoky." Large spikes of rose-grey, of silvery tone, hued and mottled with lavender and flame. The unusual coloring is particularly striking in arrangements. Three 50c, Doz. \$1.75

Leading Lady This pure white sport of Picardy has been outstanding in every Gladiolus show since 1944, and was a consistent winner in the 1946 shows. Leading Lady has all the beauty of form and sturdy lasting qualities of Picardy. Three \$1.25, Doz. \$4.00

Red Ensign Bright scarlet with a white throat. This particular combination of colors is equally pleasing to decorate the garden or the house. Three 50c, Doz. \$1.75

Silver Gull One of the best of the new introductions. The color is a silver-bluish gray with a creamy blotch. It will be very popular on the show table as the coloring is novel and very lovely. As many as 8 florets open at one time on tall elegant stems. Each 60c, Doz. \$6.00

Margaret Beaton

Margaret Beaton is one of the best new varieties to appear in recent years. The color is a startling contrast of red and white. It and Leading Lady are the most talked of new Gladiolus of the past few years. Margaret Beaton is particularly lovely for use in flower arrangements where its brightness livens any room.

Of recently proven merit, these distinctive Gladiolus are the consistent prize winners of their color class, at the Exhibitors' tables in the Flower Shows.

These large flowered varieties are particularly suitable for the borders, especially when planted in groups or colonies of a single color. Their tall and graceful spikes of clear true color will draw immediate attention and provide focal points of beauty when they are in bloom.

Corona Soft blush-white petals with a lovely pink picotee edge makes Corona one of the loveliest Gladiolus yet hybridized. The growth characteristics of Corona are beyond reproach.

Three 50c, Doz. \$1.75

Blue Beauty An excellent variety of light blue with the edges of the floret petals lined in violet-blue. The florets are very large. A really dependable exhibition variety. Doz. \$1.50

Green Light The charm of this variety is its peculiar greenish gloss which overlays the creamy yellow of the large well-formed, slightly ruffled florets. Green Light appears really green in the bud stage.

GLADIOLUS

CONNOISSEURS AND EXHIBITORS

As a cut flower, the Gladiolus is unsurpassed. The varieties listed here and on the following pages are offered in such a wide choice of color that one could "decorate" either by matching existing color schemes or by heightening them with charming contrasts. For table arrangements or for corsages merely cut with shorter stems.

American Commander In the medium red class, American Commander is one of the newest and best introductions, and has taken the eye of the commercial growers for its fine color and excellent growing characteristics.

Three 50c. Doz. \$1.75

Myrna The huge glistening white florets of Myrna are gracefully placed on a strong stalk that is tall and erect. There is just a faint suggestion of cream, an almost greenish cast, deepening in the throat. Myrna is one of the best new Gladiolus and has won many prizes as the finest new white.

Three 50c. Doz. \$1.75

COLLECTOR'S MIXTURE

The very finest Gladiolus garnered from this list and new named varieties of which we have too few to list.

DOZEN \$1.75

Peggy Lou A lovely deep pink Gladiolus of almost perfect form and substance. The florets are large and of fine texture, standing up well as a cut flower. Peggy Lou is sturdy with a tall, thick, strong spike to hold its long flower head firmly. Doz. \$1.50

Flowerfield's

EACH ONE IS THE FINEST

BEACON

Bagdad An outstanding Gladiolus in the "smoky" class. The huge florets flare wide open almost crowding each other on the stiff, tall stem. The color is of deep soft rose, overlaid with mauve. The picture below merely gives the color tone but not the form of this lovely Gladiolus. A sturdy grower, excellent for cutting. Doz. \$1.25

Beacon A new variety that is a scion of the healthy Picardy strain. Beacon has many of the same growing traits as Picardy. The spikes are very tall and carry many large florets open at a time. Beacon is a clear red, of striking color, with a cream blotch. Illustrated. Doz. \$1.50

***Chamouny** A light Fuchsia-rose edged with a white line around its petals. The medium sized floret is very striking yet dainty. Chamouny is an unusual variety for garden and floral arrangements. Three 75c, Doz. \$2.50

Gate of Heaven One of the best all-around yellows. The well-spaced florets are beautifully formed, finely ruffled, and the largest in this color class. It has a brightness that befits its name. Doz. \$1.50

***Pelegrina** The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety. Pelegrina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized, and the deep blue is sometimes marked with purple on the lower florets. Doz. \$1.50

Regent A brilliant light red Gladiolus, excellent in form, unvarying in its fine performance. Regent has the so-desired quality of being all one shade. Excellent habit, and all florets open well, even on spikes out in tight bud. Doz. \$1.75

GATE OF HEAVEN

REGENT

REWI FALLU

"GARDEN CHAMPIONS"

MEDIUM PRICED GLADIOLUS IN ITS COLOR RANGE

Rewi Fallu Huge and red, this Gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds known. Even the very topmost bud opens into a flower of very large size. Doz. \$1.50

Rosa Van Lima Tall straight spikes of a light rosy pink with a touch of darker shading in the throat. Large wide flowers, opening seven to eight at a time. Doz. \$1.50

Silentium White with throat blotch of carmine. An exceptional cut flower. Florets perfectly placed on tall spikes. Early bloomer.

Three 50c, Doz. \$1.75

***Surfside** This splendid Gladiolus continues to enjoy great popularity. Beautiful ruffled white with a fine line of lavender in the throat. An easily grown variety. Doz. \$1.25

***Takina** The largest Gladiolus listed. It has been exhibited with florets measuring $8\frac{3}{4}$ inches across, 9 open at a time and grown to a height of over 6 feet. Takina is a beautiful lilac-purple.

Three 50c, Doz. \$1.75

***Vagabond Prince** One of the most striking Gladiolus for cut flower arrangements that has yet been hybridized. Vagabond Prince has a deep mahogany color, livened by a garnet shield in the throat and across the petals. Strong, sturdy and straight, carrying many florets open at a time. Doz. \$1.50

ROSA VAN LIMA

Flowerfield's THREE MOST POPULAR GLADIOLUS

Picardy, Wanda and Maid of Orleans are the three most popular Gladiolus at Flowerfield. And deservedly so, because they are really top-notch performers in the garden, long lasting when cut, and the bulbs store easily and well over winter. Judging from our orders, these are the ones that most people want, especially for cut flower purposes.

300 Bulbs (100 of Each) \$28.50

EACH VARIETY SEPARATELY PACKED AND LABELED

Picardy The most popular of all Gladiolus, a lovely pink that is exhibited everywhere, in Flower Show after Flower Show, and in every florist's window. Flowerfield's huge healthy bulbs produce the finest Gladiolus for your garden. This is a superb variety whose spike is always straight, erect and carries many florets open at a time.

Doz. \$1.50, 50 for \$5.50, 100 for \$10.00

Wanda Found in a field of Picardy, Wanda is a sport of that sturdiest of all Gladiolus. Its lovely cream-yellow makes it one of the most useful and beautiful in the garden or the cut flower bowl. Wanda is doubly welcome since it is the first satisfactory large-flowered yellow Gladiolus and one of the finest ever introduced.

Doz. \$1.50, 50 for \$5.50, 100 for \$10.00

Maid of Orleans This is a fine all-around white. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. This variety is long lasting when cut, ideal for arrangements.

Doz. \$1.50, 50 for \$5.50, 100 for \$10.00

Flowerfield Matched Mates

Flowerfield's Matched Mates have been inspired by the beauty inherent in all bulbs. The stately flower spike of the Gladiolus and majestic globular head of the Dahlia create an artistic complement and balance. Flowerfield's Matched Mates are a combination of Dahlias and Gladiolus whose matchings are exactly alike in tone and color.

Matched Mates should be planted together, they will grow together, bloom together and, in flower arrangements, complement each other. The Gladiolus in these perfectly matched beauties should not be planted until mid-June for blooms in September when Dahlias are at their best. 10 Gladiolus to each Dahlia is recommended.

WHITE MATCHED MATES

Snowsprite Unquestionably one of the best miniature Dahlias. Artistically shaped, glistening snow-white blooms are held boldly on perfect stems. Each 75c

HILDA FIORETTI (Informal Decorative)

Flowerfield's

Dahlias are one of the most fascinating flowers for garden growth. They have a variety of size, shape, color and height that has no equal. They may be used in the border, en masse, or as a decorative background depending upon the variety. They are all excellent as cut flowers.

Beauty Supreme FD Often called Blue Jersey. It is similar to Jersey's Beauty in growing habits and as a cut flower is a darker shade of orchid-pink.

Each 40c, Doz. \$4.00

Hilda Fioretti ID to SC One of the most beautiful Dahlias we have ever offered. A consistent winner in the shows since its initial triumph. A soft attractive deep rose-pink, blending with

deep rose with a faint line of apricot-yellow in the petals. Flowers measure 9 inches and are carried on strong canes. The plant grows perfectly and often produces 10 to 20 perfect blooms that can be cut with 3- to 4-foot stems. Each \$5.00

Jersey's Beauty FD The most popular and best known Giant Dahlia. It is of the Formal Decorative class, unsurpassed for exhibition and garden blooms. A lovely shade of lavender-pink, this perfectly formed Dahlia has all the good qualities of growth. Each 35c, Doz. \$3.50

El Toreador FD This variety is known as a commercial red. It is a brilliant red that blooms continuously. An excellent cut flower. Each 40c, Doz. \$4.00

Lynn Fontanne SC to ID The picture above is a very accurate representation of this most beautiful Dahlia. The blooms are large, and are carried well on strong stiff stems. Only pot plants are available, no tubers. Each \$2.50

Miss Belgium SC One of the most artistic and beautiful of all Dahlias, Miss Belgium is delicate coral on the reverse of the orange petals, and these petals are so twisted and curled in fine cactus form, that the coral peeks out all through the flower, as well as forming a central eye of delicate coral-pink. Each \$1.00

MINIATURE DAHLIAS

Dwarf bushy plants that require no staking, disbudding or fussing, which give you week after week, a constant supply of little Dahlias which, in everything except size, reproduce all the beauty of the giant prize-winning blooms of the big Dahlia shows. The stocky plants, 2 to 4 feet tall, a good size for the mixed flower border.

The greatest advantage of these Miniatures is their easy culture and their "cut-and-come-again" quality. The more you cut them the better they like it. If you haven't yet tried any Miniatures, include a few in your next order, and take our word for it that you will be more than delighted with them, even if you don't care for ordinary Dahlias.

MFD, Miniature Formal Decorative; **MID**, Miniature Informal Decorative; **MSC**, Miniature Semi-Cactus; **MC**, Miniature Cactus; **MP**, Miniature Peony Flowered.

Our Cannas Are Beautiful

The new low growing Cannas are a real specialty at Flowerfield. Twenty acres have been devoted to their growing and development. These flamboyant beauties now have a more diversified garden use. Formerly grown for their excellent foliage, they are now prized for their wonderful, brilliant flower heads. A pink Canna and pink Geranium border is a delightful novelty. Cannas bloom for a longer period, and make a finer display than any other large flowering plant. Flowerfield's fine Cannas are sturdy enough to hold their own against shrubs, among which they may be interplanted. Excellent too for the annual flower garden where they form a splendid background for Zinnias, Cosmos and others.

NEW *Low Growing* CANNAS

NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil, where they should be planted 3 to 4 inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They may then be dug and stored for the winter. Our Canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

GLORIOSA *The Climbing Lily*

This exotic looking flower is often called the Climbing Lily. It grows five to six feet up a trellis or other support, and produces many gorgeous lily-like flowers. The blooms open a bright yellow and red, and slowly change to deep scarlet. Gloriosa Lilies do well in sheltered spots outdoors, flowering in August. Indoors, it flourishes in the greenhouse and produces beautiful cut flowers for arrangements or corsages.

FANCY LEAVED CALADIUMS

Fancy leaved Caladiums are prized for their brightly colored variegated leaves. These attractive plants are grown in pots for indoor decorations. In the summer, they may be placed out-of-doors in a semi-shaded position on the edge of the border or tucked in the foundation planting. Some are almost solid in color, others two-toned, veined or mottled with combinations of colors. All are lovely.

GLOXINIA, BLANCHE DE MERU

GLOXINIAS

Few house plants grow so quickly and easily, and make such a splendid colorful showing when in full bloom. Their gorgeous velvety flowers last for months, and make a stunning effect between the large, soft, handsome leaves. If started early they are in full bloom for Mother's Day, and make an excellent gift for her. Place one bulb to a 5-inch pot filled with good rich sandy loam. Cover bulb about one inch and place pot in a sunny window. Bulbs can be used over and over for years.

AMARYLLIS

Amaryllis are useful subjects for either garden or indoor growing. Few plants can equal the size and beauty of the various Amaryllis. For indoor growing, they are by far the most colorful and easiest to grow. For outdoors, they provide a brilliant color accent.

GIANT HYBRID AMARYLLIS

Few bulbs give the gardener more for his time and money than the Amaryllis. The hybrids are the finest race of Amaryllis in cultivation. Their diversity of color and markings in a graceful trumpet flower is an excellent addition to any garden. Several large blooms to the stalk.

CALLA LILIES

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your sunny border, your perennial garden, or in pots for indoor bloom. You will enjoy the beautiful trumpet-shaped flowers, and the peculiarly spotted, low-growing foliage. The new pink Calla is a particularly lovely variety, being smaller and more dainty than the other Callas. All grow well in moist soil, and will stand partial shade.

White Calla (Alba Maculata.) A note of glistening purity for your garden. The attractive spear-green leaves are mottled green and white, attractive even before the 18-inch tall flower blooms in August.

Each 50c, Doz. \$5.00

Yellow Calla The best known and most widely used Calla Lily. The deep yellow flowers are truly magnificent, and its foliage spotted much as Alba Maculata. Fine for the garden and indoors.

Each 50c, Doz. \$5.00

Pink Calla The new improved Pink Calla is larger and lovelier than ever. Plants average 12 inches in height, and give forth several of these most beautiful flowers. The illustration tells the story best.

Each 85c, Doz. \$8.50

Melanoleuca A rare and different Calla, Melanoleuca is of great value for indoor growing. Taller and larger than the Yellow Calla, the flowers are a lovely straw-yellow, brilliantly set off by a blue-black throat. The spotted foliage is attractive even when the plant is not in bloom. Excellent as a pot plant which is easily grown in the house.

REGAL LILY

Flowerfield's **HARDY LILIES**

REGAL LILY

Of all the Hardy Lilies the Regal is perhaps the most satisfactory. It is showy in the garden and yet easily grown. The tall stalks, 4 to 5 feet high, are topped by trumpet-like flowers that are pure white inside and tinged with rose outside. The Regal Lily is very floriferous, a single established bulb bearing as many as 20 flowers during the blooming season in July. A stem rooting Lily, the bulbs should be planted deep, allowing $3\frac{1}{2}$ times the size to cover the bulb. Each 50c, Doz. \$5.00

LILIUM SPECIOSUM

The best known and best liked of the recurved type of garden Lilies. The tall, sturdy 4- to 5-foot plants carry well-branched sprays of delicately scented flowers of cream-pink with a light edge and vivid crimson speckles. They flower in August and September.

As Speciosum Lilies are stem-rooting, they must be planted 9 inches or more deep in soil of good drainage. They should be planted near ground-shading plants, as this Lily dearly loves to have its roots shaded. Each \$1.00, Doz. \$10.00

LILIUM HENRYI

A beautiful and stately Lily growing from 4 to 6 feet in height. The strong stems carry six or more nodding flowers of recurving shape (similar to the Speciosums) and are of a soft orange color with emerald-green hearts. Lilium Henryi should be planted where it is somewhat shaded (just inside of the shrubby border would be ideal). As this variety is stem-rooting, it should be planted to a depth of 10 to 12 inches. Dependable and healthy, it will be enjoyed for many, many years. Lilium Henryi blooms in August. Each 75c, Doz. \$7.50

LILIUM SPECIOSUM MAGNIFICUM

Fragrant Perennials

These lovely new fragrant perennials will bring much added enjoyment of the garden in delighting the sense of smell as well as the eye. Reminiscent of the old-fashioned herb gardens, which are again becoming quite popular, these lovely fragrant flowers have great charm. Excellent as edgings for borders, besides, of course, in the herb garden itself. All are hardy and can be enjoyed for many years.

SWEET SCENTED VIOLETS

Clumps of dark green heart-shaped leaves surmounted with sweetly scented Violets. Although they will thrive in the sun, they are invaluable for planting in shaded areas and woodlands. Blooms in early spring and again in late autumn.

Prince of Wales A rich, deep purple, sweetly scented, with large blooms. This best of the purple varieties flowers in May and usually again in the cool weeks of the fall. Height 6 inches. Three \$1.35, Doz. \$4.50

Rosina Deliciously fragrant flowers of pink or old rose. Not as large as the blue types, but usually flowers again in late autumn. Three \$1.50, Doz. \$5.00

Royal Robe This is a glorious variety, a lustrous shade of deepest violet-blue, whose picture speaks for itself. The blossoms are moderately fragrant and open like a Pansy. A trial in your own garden will bear out all your fondest hopes. A few plants will furnish quantities of bloom on stems often 12 inches in length. *See illustration on front cover.* Three \$1.75, Doz. \$6.00

White Queen The finest white violet, bearing large flowers high above the dense foliage. This variety is a necessary contrast to the deeper colors; it combines exceptionally well with any of the above. *Illustrated.* Three \$1.50, Doz. \$5.00

ABOUT HARDY PERENNIALS

Perennials are plants or bulbs that withstand freezing temperatures. The tops die down and the roots lie dormant during the winter. With advent of spring, they commence their new growth and come into flower according to their blooming periods. Year after year they will repeat this, without the bother of constant replanting.

Hardy Perennials are the plants that form the framework or basic structure upon which to build a garden. Around them can be arranged innumerable variations of the newest in flower fashions and the annual bulbs and seeds. Year after year these arrangements can be made through one's own urge to experiment and explore. But the basic structure must be there to fully enjoy the rewards of a well-established garden.

EXHIBITION DELPHINIUMS

An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Flowerfield's DELPHINIUMS

Known and universally admired for their stately, handsome habit and unmatched beauty, Delphiniums are widely used in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the flowers are cut in June, secondary growth will flower in September.

They grow especially well in coastal regions where cool summers prevail. Plant in rich soil provided with a generous quantity of manure. Full sunlight is essential.

PACIFIC COAST HYBRIDS

In size of flower, range of color, formation of blooms, and cut flower value, these are the finest strain of Delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double and finely

formed. A variety of "bees", some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues through light tones, two-tones, pink shades, lavenders, to really deep blue.

LA FAVORITE

This beautiful flower, perfectly hardy and easy to grow, will tolerate spots that are too wet for many plants; yet will thrive permanently in well-drained locations if only supplied with sufficient water. Iris Kaempferi is entirely different from all other Iris and comes into bloom as the early summer flowers fade, continuing to bloom until mid-July.

Our own collection of Iris Kaempferi was started here at Flowerfield in 1895, an achievement of which we are very proud. Since then we have hybridized over six hundred named varieties, and introduced to the public many original strains including Light-in-the-Opal, Betty F. Holmes, and Elbrus. A few varieties seen edging a reflecting pool, or a stream, is a landscape of beauty that will linger long in your memory. These huge blooms of velvety texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that Iris Kaempferi is called the "Orchid of the Garden." Excellent for cutting, it will grow 3 to 4 feet high.

Orchids of the Garden

Betty F. Holmes The most luxurious of all the white Iris. Very tall, it blooms abundantly and enhances the beauty of any other Iris near which it is grown. Its double set of large petals have a texture of rich velvet which sparkles in the sunshine. Pure white with no other coloring.

Dimooneathe This stunning looking Flowerfield creation is one of our prize-winning originals. A lovely double of soft pale blue, it is tall growing, 3 to 4 feet high, often yielding blooms measuring 8 inches or more across. Dimooneathe is a prize to be desired. It is new, different, and considered by many to be one of the most enchanting blues to ever grace a garden.
\$1.50 Each, Doz. \$15.00

BASIC COLLECTION OF PHLOX

Clear, distinct colors in Phlox always highlight the border, especially when planted in clumps of three or more of a variety. To encourage liberal planting, we offer a special collection of four fine pictured varieties.

SEPARATELY LABELED

Indispensable Perennial

Hardy Phlox grow readily, require little care, flower in many different colors and are generally useful. Some varieties bloom in late June, while others bloom until fall, with great trusses of red, pink, white, bicolor and bluish lavender. They require a well-drained, deeply spaded soil enriched with well-rotted manure, or even the chemical garden fertilizers. They may be planted in fall or spring in a sunny border. Set the plants 10 inches apart. Do not let plants go to seed, for if they do, the seedlings will crowd out the parents, and unfortunately, most of the seedlings will be an unpleasant carmine.

Augusta A brilliant Cherry-red that is very intense and sparkling. The foliage is rich bronzy green. A fine new Phlox. Sturdy growing, height 2 to 2½ feet. Patented.

Three \$1.50, Doz. \$5.00

B. Compte Rich purplish Plum or wine color. A tall growing variety with large heads of satiny flowers. An excellent variety for garden background.

Three \$1.50, Doz. \$5.00

Caroline Vandenburg A true lavender-blue with large individual flowers; the best lavender.

Three \$1.50, Doz. \$5.00

Charles Curtis One of the newest and certainly one of the best Phlox. Bright red, it is a spot of intense color for contrast in your garden.

Three \$1.50, Doz. \$5.00

Count Zeppelin Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free blooming. Considered the best of "Calico Phlox." The most popular variety of this type.

Three \$1.50, Doz. \$5.00

Daily Sketch A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.

Three \$1.50, Doz. \$5.00

Ethel Pritchard One of the most popular of the blue tones, though it is quite removed from the true blue. It is a French mauve.

Three \$1.50, Doz. \$5.00

Eva Foerster The picture very adequately describes this fine sturdy Phlox. The white eye just seems to "set off" the bright carmine.

Three \$1.50, Doz. \$5.00

Mary Louise A fine new pure white and the best in late blooming varieties. Sturdy growth with large conical heads of pure white. Unlike some of the older white Phloxes, it blooms throughout the summer.

Three \$2.00, Doz. \$6.50

Miss Lingard Blooming earlier than other Phloxes, this old variety is one of the best whites. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.

Plants for Light Shade

AQUILEGIA

Use Aquilegia for sunny locations, or in combination with other perennials, or for partial shade where there are few really bright, abundantly flowering perennials. Soil should be good with a rich humus content. They are best grown in clumps of three or more, and flower in May and June, growing to 3 to 4 feet in height.

Coerulea Famous sky-blue Rocky Mountain Columbine. Spurs of moderate length. Three \$1.25, Doz. \$4.00

Chrysantha Bright golden yellow. Three \$1.25, Doz. \$4.00

Chrysantha Alba White Three \$1.25, Doz. \$4.00

Mixed Scott Elliott Long-Spurred Hybrids A really wonderful strain of the finest long-spurred type, whose colors range through every conceivable shade. These are pastel tones and rich bright colors. The plants are vigorous in growth, and bear a wonderful crop of flowers.

Three \$1.35, Doz. \$4.50

Crimson Star One of the finest varieties for the garden. The blooms are huge, with pure white centers set off by crimson edging and long spurs. It is unusually robust in growth, and is very free blooming. Three \$1.50, Doz. \$5.00

AQUILEGIA

DICENTRA

Bleeding Heart

One of the most useful plants for the spring and summer garden. Dicentra is noted for its beauty when grown in a shady spot, yet is outstanding for combining with such sun-lovers as Peonies, or the early varieties of Hemerocallis. Flowerfield has long specialized in growing the Dicentra, for there are few more satisfactory garden plants.

Eximia (Plumy Bleeding Heart). Beautiful finely cut dark green foliage on these foot and one-half bushes are simply covered with racemes of pretty pink flowers throughout the season. It is perfectly hardy, at home in full sun or shade and is, at all times, very decorative. Three \$1.75, Doz. \$6.00

Sweetheart A new rare variety of Bleeding Heart. The beautiful fernlike dark green foliage is finely cut similar to that of the Dicentra Eximia. Plants grow to a height of 12 inches and bear racemes of pure white perfectly heart-shaped flowers. In bloom all summer, a charming companion plant for Dicentra Eximia. Each \$1.25

PACHYSANDRA

Terminalis A low growing plant that is an excellent ground cover, even in dense shady locations. Pachysandra is used successfully under evergreen plantings, under shrubs, even under pine trees, and for planting on slopes in either sun or shade. The plant grows six to eight inches high and makes mats of rich glossy green foliage. Its leaves stay green all year and make it a charming plant for borders in any garden.

DICENTRA EXIMIA

Plants for Full Sun

GYPSOPHILA

Baby's Breath

Light open sprays of pure white or light pink flowers. An ideal filler for bouquets; it is also cut and dried for use in the winter. The bushiness of the plants makes it useful in garden borders. Prefers full sunlight and a light well-drained soil. Plants should be placed 2 feet apart.

Bristol Fairy A favorite of the home gardener and the florist because of its pure white, fully double flowers. It branches easily and blooms from July throughout the summer. Each 50c, Doz. \$5.00

Pacifica This variety grows as vigorously as Bristol Fairy but bears flowers of delicate pink. It lends a delightful pastel shade for bouquet use. Each 50c, Doz. \$5.00

LIATRIS

Pycnostachya The purple Kansas Gayfeather or Blazing Star with long Delphinium-like spikes 4 to 5 feet high. Covered with star-like flowers clustered tightly along the strong spikes. When cut for arrangements, it is lovely either by itself or used with stunning effect in combination with Gladiolus. Blooms in August.

Each 50c, \$2.75 for 6, \$5.00 per Doz.

GAILLARDIA

Gay and bright, in bloom from June to November, the Gaillardias will provide an endless source of cut flowers throughout the summer and fall. They will withstand droughts, flowering through the driest of seasons.

Improved Hybrids Bright yellow, pale copper and deep red tones in these mixed hybrids. Three \$1.35, Doz. \$4.50

Flowerfield's **HEMEROCALLIS**

Magnificent Hybrid Daylilies

New magnificent Hybrid Daylilies have been developed which produce more flowers to the stem than any other widely used plant. Their colors range from the palest yellow to pinkish apricot through to deep orange-red. Daylilies thrive in full sun or part shade. They are suited for border use, as a low hedge or spotted in with low growing foundation planting. Hemerocallis require practically no care, growing in any kind of soil in any section of the country. Completely hardy, in either full sun or partial shade. Hemerocallis combine beautifully with such varied subjects as Iris, Peonies and many other plants. These fine Hemerocallis are highly recommended.

HYPERION

Gold Dust A lovely glistening free-flowering variety, producing clusters of rich, golden yellow trumpets on long, slender stems. This gorgeous bloom is very effective when planted in light shade or wherever foundation plantings taper off. Gold Dust is one of the earliest of the Daylilies to bloom in May. Height 1½ feet. Three \$1.35, Doz. \$4.50

J. R. Mann Delicate frosted buff and yellow flowers on 3½-foot stems. Prefers partial shade, but will do excellently in full sun. Blooms in June and July. Three \$1.35, Doz. \$4.50

Kwanso Flore-Pleno A really different variety, unique among Daylilies. Its large, double golden bronze blooms are full-centered, in marked contrast with the usual growth of other open-trumpet flowers. Blooms in late July and August. Height 36 inches. Three \$1.35, Doz. \$4.50

Olif Lovely large flowers in pure glistening yellow throughout. Most luxuriant along the borders of ponds, in driveways, or when grown in partial shade. Blooms in July. Height 38 inches. Three \$1.50, Doz. \$5.00

Orange King A colorful free-flowering variety. Adapted to naturalized plantings. Lovely clear orange flowers. Among the first of the Daylilies to bloom in early May. Height 42 inches. Three \$1.35, Doz. \$4.50

Patricia A new variety and one of the finest clear yellows among all recent Hemerocallis introductions. The huge flowers have a wholesome fragrance, opening 3 inches across, with scapes measuring the same length as the leaves. Blooms in July. Height 38 inches. Each \$1.50, Doz. \$15.00

The Gem A tall, robust growing plant with shiny orange-yellow flowers. The buds open well in water and have a delightful fragrance. The flowers, though short-lived, multiply in amazing succession on stems 3½ to 4 feet high. Excellent in the border. Blooms in June and July. Three \$1.35, Doz. \$4.50

Thunbergi (Lemon Lily) An original and older type Hemerocallis still widely used, especially for its late flowering habits. This reliable plant grows 3 to 4 feet high with clouds of pure lemon-yellow flowers. One of the best for massing. Blooms early July. Three \$1.25, Doz. \$4.00

HYPERION

An exhibition variety and a real beauty. Hyperion is a Class A winner of the Award of Merit of the Royal Horticultural Society of Great Britain. Blooms through July and August, with flowers often appearing as late as Labor Day. Height 36 inches.

July: Olif, Patricia.

July, August: Hyperion, Kwanso Flore-Pleno.

Ophir Large clusters of golden yellow trumpet-shaped flowers, 25 or more to a stem. Flowers have a golden yellow throat flushed with colorful yellow veins in the center of the petals. Blooms in June. Height 36 inches. Illustrated.

Each 75c, Doz. \$7.50

FUNKIA

The Plantain Lily

Coerulea Used in shaded locations and for edging. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow well anywhere.

Three \$1.25, Doz. \$4.00

Coerulea Variegata A beautiful edging plant admired for its colorful foliage as much as for its fine Lily-like blue flowers. The leaves are pure white, heavily marked with bright green.

Three \$1.25, Doz. \$4.00

Subcordata Grandiflora Alba In August and September this has tall, Lily-like stems with pure white trumpet flowers 4 inches or more in length. A fine addition to the garden. Excellent for use in shading roots of Lily bulbs.

Three \$2.00, Doz. \$6.50

ASTILBE, PEACH BLOSSOM

ASTILBE

Perennial Spirea

The Astilbe are sturdy, 2- to 3-foot plants with finely cut attractive foliage that remains attractive throughout the summer. Above this foliage bloom great sprays of very delicate lacy flowers. Astilbe are excellent for shade; however, they may be used in full sun if they have an abundance of water at all times. Because of this the Astilbe are most useful in the damp spots in the garden where most other flowers will not grow. Soil should be deep and rich with plenty of leaf mold and manure. Flowerfield's Astilbe are one of the hardiest of plants, standing the most severe winters.

Deutschland The finest pure white variety, free flowering and of strong growth. An ideal white plant for your evening garden.

Three \$1.50, Doz. \$5.00

Fanal This brilliant new Spirea combines all the fine attributes of its sister varieties with a new color in Spireas—deep magenta-red. It is so brilliant that it commands attention from any angle. Astilbe Fanal is one of the best new plants.

BEECHWOOD CHALLENGER

Red Rover The compact, free blooming bright red buds of Red Rover become rosy red with golden centers as the blooms develop. Plants 3 to 4 feet high bloom from September to frost. One of the most popular Asters that is grown.

Three \$1.75, Doz. \$6.00

Royal Blue The deepest and best blue; a good strong grower that blooms quite early. The early bloom is a glorious harbinger of the beauty to come in hardy Asters. Medium height, about 3 feet.

Three \$1.50, Doz. \$5.00

FRIKARTI, WONDER OF STAFFA

The most useful of all hardy Asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy Chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2½ inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants grow about 3 feet high and 2 feet broad. Plant on high, well-drained soil. They do not like low-lying locations or heavy soil.

SPOON CHRYSANTHEMUMS

Spoon Chrysanthemums are an unusual novelty that is quite the newest type of "Mum." Flowers are full sized, but the petals are tubular with the tip of each flaring into a distinct spoon shape. Spoon Mums are particularly adapted for startling effects, whether in the garden or in cut flower arrangements. The long spiky petals seem almost to burst from the center. Plants are well-branched and very floriferous. We especially recommend them for gardens that enjoy a long, late fall, allowing full development of these October blooms.

White Spoon Fine double flowers, the center a mass of quills. The spoons are small, the tubular petals standing out stiff and straight. The center is cream-yellow, outer petals pure white. A burst of sunshine.

Each 50c, Doz. \$5.00

Yellow Spoon Pure lemon-yellow "stars" are these fully double beauties. This is the best of the spoon Mums for garden display since they are of solid hue.

Each 50c, Doz. \$5.00

Pink Spoon A lovely novelty. The flowers are a fine pure pink, single in form with very large "spoons" at the end of each petal.

SELECTED HARDY CHRYSANTHEMUMS

TALL GROWING HARDY MUMS

These large-flowered Hardy "Mums" have been selected from the very best new hybrids, and the most rugged of the old favorites. Their color range is comprehensive, containing bright, warm colors that add glow to the autumn garden, light pastels for cutting, and russet and bronze tones without which fall is not complete.

Chrysanthemums are of easy culture, and if planted this spring, will give huge clumps of blooms beginning in September and continuing until hard frost. For best results, "Mums" should be planted in a slightly elevated well-drained location. We ship only the finest heavily-rooted pot plants. (These prices include shipping charges.)

Agnes Selkirk Clark Shown in picture at right, this is a fine autumn shade reminding one of Halloween, Thanksgiving and all the good things of the fall. Each 40c, Doz. \$4.00

Avalanche Possibly the finest white Chrysanthemum for the garden. Very large, double, pure white blossoms are carried on well-branched sprays. It flowers in late September, so is valuable where frosts are early. Each 50c, Doz. \$5.00

Caliph A fine velvety dark red that is outstanding in its color group. (Pictured.) Each 45c, Doz. \$4.50

Daphne A fine Daphne-pink. Blooms very profusely and is the soft pink that suits any garden. (Pictured.) Each 40c, Doz. \$4.00

Ember The color of Ember is copper-bronze, as shown in the picture at right. The plants are well covered with these glowing blooms. Each 45c, Doz. \$4.50

Eugene Wander A fine big yellow that in many ways is the equal of King Midas, but a deeper yellow. The flowers are finely formed, but very large, sometimes quite weighing down the stalks. Its earlier blooming period makes this a very important variety in the garden. Each 55c, Doz. \$5.50

Indian Summer A fine tawny orange illustrated at lower left of picture. A tall variety, may be used to advantage back of the lower growing Cushion Mums. Each 40c, Doz. \$4.00

King Midas There are very few Chrysanthemums that can compare with King Midas. The illustration in the upper right does not do this particular flower full justice, for it is one of the largest and brightest of the yellows. It lasts longer than almost any other Mum we know, and it is ideal for cutting, being tall and well-branched, and quite covered with bloom. Finally, it is of the desirable hardy Korean type. Each 50c. Doz. \$5.00

Lavender Lady The best known of the new Chrysanthemums, Lavender Lady is particularly prized for use in arrangements where the soft lavender tone combines beautifully with almost any other garden subject. Lavender Lady has the advantage of an extremely long flowering season. Illustrated. Each 50c. Doz. \$5.00

Mrs. Pierre S. Dupont III A soft, delicate peach. This fine new Mum has a luminous sheen to its flower that quite sets it apart from others. The large, full, perfectly formed flowers are carried on tall branching stems, making a stunning 2½-foot plant. Each 50c. Doz. \$5.00

Pale Moon Illustrated in the upper left of the picture. Pale Moon is one of the finest and brightest very light cream-colored Mums. Excellent for arrangements or the garden. Each 50c. Doz. \$5.00

September Dawn A clear rose-pink, flowering early. Grows about 2½ feet. Very double and a delightful shade for indoor decoration. Each 60c. Doz. \$6.00

Symphony An unusual deep rose shown in the lower right of the picture. A well-liked variety. Each 50c. Doz. \$5.00

The Moor Probably the best red Chrysanthemum we have. The Moor, an even more brilliant red than shown in the picture at the left, is one of the very best of the dark colored Korean Chrysanthemums. Each 50c. Doz. \$5.00

BUTTON CHRYSANTHEMUMS

These little fellows with their definite, pure colors, provide just the right piquant note for contrast with the larger varieties. Good for cutting and "made to order" for boutonnieres.

Elfin Shown in the lower center part of the picture, Elfin is one of the best of the "buttons." Being extremely floriferous, the well-branched plant is simply covered with these fine bronze-colored miniature flowers. Each 50c. Doz. \$5.00

Nuggets Tight golden flowers that cover the plant. The brightness of this yellow stands out beautifully in the fall garden. Each 50c. Doz. \$5.00

Ruby Pompon The best red Chrysanthemum in any class, big or little. Ruby Pompon is the brilliant color its name implies, and has by far the most flowers of the red Mums. Grows only to medium height (2 to 3 feet). Each 50c. Doz. \$5.00

COMPACT MUMS FOR EDGING

September Cloud Deep drifts of beautifully rounded blossoms, purest white shading to faint primrose in the center, contrast beautifully with the dark green foliage. The plants are nicely rounded, compact and completely covered with flowers from mid-September until frost. Three \$1.50, Doz. \$5.00

September Gold Brilliant golden yellow blossoms, trim and neat, twenty-five or more to a spray, completely cover the shapely, well-rounded plants by mid-September and go on until the season's end. Colorful mounds, 18 inches in height. Three \$1.50, Doz. \$5.00

Flowerfield's SHASTA DAISIES

Shasta Daisies are extremely popular, and are very widely grown for their abundance of pure white Daisy-like flowers during the summer months. Shasta Daisies require a deep rich soil in a sunny location. They can remain in one spot indefinitely without attention.

MARCONI

Alaska Alaska is a very large flowering single, that is very similar in appearance to the white Daisy, however, much larger in size. It is one of the best of the single-flowered types of Chrysanthemum Maximum.

Three \$1.35; Doz. \$4.50

Chrysanthemum Leucanthemum, White Swan. A somewhat smaller-flowered form of the popular Shasta Daisy. White Swan blooms in May and has earned the name of Memorial Day Double Daisy. Lovely, double white flowers in great profusion with as many as twenty to thirty flowers on a plant. Height 2½ feet. Three \$1.50, Doz. \$5.00

ESTHER REED

CUSHION CHRYSANTHEMUMS

First brought into prominence a few years ago, this class of dwarf spreading Mums is today extremely popular. They grow 10 to 15 inches high and as much as 2 feet across, forming solid mounds of flowers almost entirely hiding the foliage. A single established plant often has a thousand lovely flowers, beginning in August and continuing until hard frost. Splendid for edging or low borders.
