FALL SEED PRICES

1. **SEED OATS.** Disease and weather the past season made truly good ones scarce, but we have "combed the woods" and have the **BEST**—all double-tested and 98/90% or better. Also we have selected **RYE** and **WHEAT** you can put confidence in. For a little extra, we can treat these grains with Ceresan 100 Liquid which colors the seed red. Treating doesn't cost, it pays—in combating disease and giving up to 30% better stands and 5 to 10 bu. extra grain per acre.
2. Many seed are cheaper this fall—**VETCH, CRIMSON, LADINO, ORCHARD, RYE GRASS**, etc. See inside.
3. Do you need more **Baler** and **Binder Twine**? We have two leading brands—priced right. Also what about **VIT-A-WAY** for livestock, **NITRAGIN** Inoculation, various agricultural chemicals, etc.?
