Florists and Dealers will find herein very attractive prices on all kinds of bulbs. In fact, on many varieties the prices are the lowest we have ever offered. This reduction will mean a big saving to those who place their orders now. Moreover you will make yourself doubly sure of securing any variety you want. Our list contains the most popular varieties, but we can give you equally low prices on hundreds of others.

Thousands of satisfied customers have found the quality of our stock unsurpassed. Our bulbs come only from reliable growers who know their sales to us depend on furnishing superior quality. One large old established concern has regularly supplied us with Holland bulbs for over half a century. We can sell on a lower margin than some others because our overhead expense is comparatively light and because our bulbs come in solid carload shipments; in fact, your bulbs if ordered from us will cost less in most cases than if you were to send your orders to Holland. Remember, these prices include packing, cases, all foreign and ocean freight, harbor transfer, duty and many other charges that Holland salesmen never mention.

As our prices in our August Wholesale Catalogue are sure to be higher, you have everything to gain and nothing to lose by placing your order at once so that it can be forwarded to our growers in ample time for shipment in due season. To customers of approved credit, terms are 2% 10 days, net 60 days from date of invoice. Satisfactory references required from all unknown correspondents or advance payment of 25% of amount of order.

We are in better position to quote prices on Narcissus this year than last. If you are in the market for large quantities, give us a list and let us quote you special prices. It will be necessary, however, to give this matter immediate attention because there is a very short supply of Narcissus of good quality.

Once more we urge that you send us your orders immediately and avoid the probability of higher prices later on. Better attend to this matter today. Save money and avoid disappointment.

We also include in this list new prices of some of the leading kinds of flower seeds for summer sowing. Your orders for these and other varieties as well as all kinds of vegetable seeds will receive our prompt and careful attention. Our stocks of Lettuce, Spinach, Turnip and other summer planting kinds are complete and of unsurpassed quality.

For the sake of making delivery as early as possible this fall, each order of two thousand bulbs or more will be packed separately in Holland, so that it may be routed to destination immediately on its arrival here without delay or repacking.

Owing to the unusually backward season, we have postponed mailing this price list as long as possible. We must, however, let our growers know in a short time what our requirements will be. Prompt action therefore will be necessary to secure the benefit of our low prices. Please do not delay. Make out your list of bulbs required and mail it as soon as possible.

SPECIAL LOW BULB PRICES ON EARLY ORDERS

To secure the benefit of these Low Prices, orders should be sent to us at once

This list contains not only the most popular and satisfactory kinds, but also newer varieties which are in some respects superior to the older and better known kinds. It contains, however, only a small part of the excellent varieties our growers offer. We can furnish nearly all varieties of Hyacinths at prices above. If other varieties of Tulips and other bulbs are wanted, they may be ordered with the assurance that if our prices which we will mail at once are not satisfactory, such items may be cancelled.

Packed 250 Bulbs to the bag.

NARCISSUS

Our American grown Narcissus are giving such perfect satisfaction that our sales are rapidly increasing. Our customers know with what care and how conservatively we took up the sale of American Narcissus. Fortunately, our stocks are produced by men, whose long experience in bulb growing in Holland, together with their successful experiments for several years in this country, give best assurance of well grown, mature, correctly cured bulbs. For that reason, we are confident that our source of supply is second to none in America and that the stocks we offer are unsurpassed for quality and satisfactory results.

This year we are dropping some of the old inferior kinds and adding several new and better varieties. As conditions vary widely in different sections, we advise each purchaser to spread his order over several varieties to learn what best succeeds under his care and best suits his local conditions.

If you are interested in varieties not listed, write for prices, mentioning quantity desired.

NARCISSUS

Paper White Grandiflorus

Paper Whites are indispensable to the high class progressive florist. Just as rapidly as this flower becomes acclimated and florists learn to adjust their cultural methods to meet the new requirements of this flower better and better results will be obtained. Some florists already secure apparently as successful results as with the best French stock. Experience proves that American Paper Whites can be grown successfully under glass and also give a high percentage of bloom when grown in pebbles and water. There will certainly be an increasing demand for this beautiful flower. You will undoubtedly need a good supply for your better trade this fall. Take our advice and order at once.

Per 100, \$6.25; 500 bulbs, \$28.50; case of 1000 bulbs, \$55.00.

Lilium Candidum

The well-known Annunciation or Madonna Lily has so many uses in the florists trade it is speedily growing in popularity. Excellent for outdoor growing.

20 CM and up \$12.00 per 100.

How many Harrisii, Formosum and Multiflorum Lilies can you use if our prices are right? Let's talk it over. Why not send us an estimate of your requirements today.
