GARDEN OF GLADS

LET'S HAVE A GARDEN OF GLADS THIS YEAR. There is nothing you will get so much pleasure out of. I have been a florist many years and raised a great many different kinds of flowers but for real soul satisfying pleasure there is nothing to equal the gladiolus. This is due partly to the infinite variety of forms, shadings and color and also to the exquisite beauty of many of them. There is positively nothing in the way of garden material that will give you so much pleasure as a garden of glads.

IF YOU ARE NOT enough of a fan to want to keep the varieties separate under name there is nothing better that you can get than my unlabeled collections. There positively is no better collection on the market at the price than my so-called No. 1 COLLECTION. 100 BULBS FOR \$3.00. This contains 45 different varieties including almost every imaginable color. 100 of these will give you a tremendous amount of pleasure. See my price list for the other unlabeled collections.

SELECTION OF VARIETIES

SOME PEOPLE ASK US TO SELECT the varieties for them. We can do this if necessary but I think that with the accurate descriptions that we give in the catalog and the ratings by stars that you can do just as well in selecting your own. There is so much difference in tastes that I really can't select them any better than you can. And then I can't tell just which varieties will do best in your locality. Some do better in one place than in another and the only way that you can definitely decide which varieties you like the best is to select them from the catalog yourself and try them out.

The Four Sister Varieties

{ AMRITA
AMULET
BARCAROLE
JASMINE }

In these varieties the very ultimate in beauty in the gladiolus has been achieved. I know of no other varieties that have the wonderful texture and absolutely clean unflecked color of BARCAROLE and JASMINE especially. Beauty is not only in color but also in the texture too. You have to see them to appreciate them.

Palmer Numbered Seedlings

THESE ARE PRACTICALLY ALL fully as good as most of the named varieties on the market but Mr. Palmer wants to name only three or four of his varieties a year so we are selling the others under number. If you don't try these you are missing something good.

ORDER EARLY

ALREADY, AS YOU WILL SEE by this new price list, some varieties are sold out and certain sizes of others are gone so to be sure to get just what you want get your order in as soon as possible.

Advice to Growers

WHY NOT dump some of the old varieties that you have been growing for years at a loss and get into some of the newer ones in which there is a very good profit. Some growers grow old varieties year after year and have hard work to sell them at all and if they do many times they have to sell for less than cost of production. By putting a few dollars into a small stock of bulblets of some of the best new varieties you can easily work up a stock in which there is a good profit.

Beacon

AS THE PALMER VARIETIES come down in price the demand increases tremendously. This year I am already short of large bulbs in a number of the PALMER varieties and I don't know of anyone who I can buy stock from to fill orders. If you don't know about the new varieties coming out, and you may not as the number of new ones being put out by various growers is bewildering, you positively cannot do better than to stick to the Palmer strain as every one of these Palmer varieties as it gets down in price will sell. The general public is becoming PALMER-STRAIN conscious.

GLADIOLUS

Price List

SPRING - 1939

This List Supersedes All Previous Lists

Do Not Use An Old List.

There are many changes in this one.

**Please read pages 2 and 3 before
making out an order.**

Champlain View Gardens

ELMER GOVE

BURLINGTON, VT.

PLEASE READ CAREFULLY

Do not change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

EXTRAS ON CASH ORDERS. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not Apply to Collections, Special Offers or Wholesale prices or New Introductions. See next page.**

TO MAKE OUT YOUR ORDER put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, except collections, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one.

Packages of bulblets run from twenty-five to fifty or more. We give very good value.

You can have 3 bulbs at the 10 rate; 25 at the 100 rate. But no single items for less than 10 cents.

Please do not send us orders of under \$1.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them. On orders of under \$1. please enclose 10 cents for postage.

I GUARANTEE SATISFACTION, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale orders, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

SPECIAL QUOTATIONS. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another.

REMEMBER in buying bulbs price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want bulbs sent by mail it is better to let us send them **C.O.D. for the postage**, then we know the postage is correct and I will give you more than enough bulbs to make it up. People who send stamps or cash for the postage seldom send enough.

ON FAIR SIZED ORDERS, EXPRESS is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

EXTRAS. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

Please give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale tho I usually put in something new to try anyway.

Premium Bulbs Free

ROSELLE. PALMER SEEDLING No. 32153. A beautiful rose with a soft darker blotch. Opens 8-10 well placed good size blooms at a time. I am sure you will like it. A bulb of **Roselle** given with an order of **\$15.00** worth or more of bulbs from this price list. In my last fall list this was named **Accolade**. Name has been changed.

TITAN. PALMER SEEDLING No. 32194. A huge bright rose salmon with 6-9 blooms open at a time. Grows six feet tall with enormously large, strong foliage. Sometimes the heads crook a little but not bad. This past season had some wonderfully fine spikes of this variety. I am sure you will like it. A bulb of **Titan** given free with **\$30.00** worth of bulbs from this price list.

With a **\$30.00 order of bulbs** will give a free bulb of each of the above.

WHEN CORRESPONDING ABOUT A PREVIOUS ORDER, PLEASE GIVE ORDER NUMBER. IT SAVES US A LOT OF TIME.

F.O.B. ITEMS. When an order contains both F.O.B. items and retail items unless you give instructions to the contrary we ship them all together in one package F.O.B. but put in extra count and enough extras to more than offset the carrying charges on the retail items. If the order is large and you want the two different classes shipped separate we can do that if you ask us to but many orders contain both retail and wholesale items and it is usually simpler to send them all together.

CERTAIN VARIETIES because of their being new introductions of this year or because I am simply listing them for another grower or for some other reason I have marked "no discount." We do not give any discount whatever on introductions of the current year and there are no discounts on Golden Goddess, a patented variety, and a few others. These are marked in the price list.

Discounts apply to gladiolus only and not to other articles listed.

CANADIAN CUSTOMERS have to send to the Destructive Insect & Pest Act Advisory Board at Ottawa for permit to import bulbs.

When remitting if you send check add 2% for U.S. discount.

All bulbs are labelled as to variety except those listed as unlabelled collections.

I hear that a few growers are cutting PRICES on some varieties that I have introduced. Do not be misled by this. No one can give better VALUE than I can.

"The PALMER strain is much superior to other strains in my opinion and I plan on discontinuing many of my varieties. Your gladiolus have only one competitor in my garden and that is the new Pacific Strain Delphinium."

—MILES C. LABRUM, Utah.

"The bulbs which I ordered from you came about a week ago. Thank you ever so much for the extras. You were more than generous."

—MRS. H. A. JONES, N. Y.

"Your most welcome package of bulbs I have received. To say the least I was really overwhelmed. The extras you sent me fairly took my breath away."

—STANLEY A. OHALA, Ill.

"I must get some more Palmer varieties. I planted one bulb of VAGABOND PRINCE, 1 inch bulb, and got one big flower spike and later a smaller flower and 306 bulblets."

—J. N. HURLEBAU, S. Ohio.

"The bulbs I got from you last spring had lovely blooms. None better."

—MRS. PHILIP TAYLOR, N. Y.

"REGENT looks very promising for a commercial red. Something we need as we can no longer grow Bennett satisfactorily."

"The Palmer varieties have been fine for us, always, and we try to give them good advertising. MAYTIME is still a great favorite with us."

—DORIS L. BRANIGIN, Mich.

"The Palmer varieties seem to do better here than any others we have tried. Thanking you for the extras and for the quality of bulbs you supplied."

—M. C. VARNIER, Florida.

"I am particularly partial to the Palmer strains."

—GEO. O. WEIMER, Ohio.

"Last season I received three thousand bulbs from you and can honestly say that I was more than satisfied with them. DEBONAIR is a very good seller here."

—JAS. HIGGINS, N. Y.

"Your shipment of gladiolus bulbs was the finest large quantity or even small quantity we ever received from a grower. Do not think among the thousands of bulbs you could take out a bulb that was not A No. 1."

"HECTOR was remarkably fine. Good spike of real substance. As also was VAGABOND PRINCE, ALAYNE and ROSEX."
—LEWIS ROBAY, Canada.

"The bulbs received last year were wonderful and certainly enjoyed a long growing season out here. You may wonder why I sent to you, almost across the continent, for my bulbs when there are so many growers here. Well, your stock has always proven just that much superior to warrant the extra shipping expense."
—L. R. BROADWELL, Calif.

"The yellow seedlings, JASMINE, ALGONQUIN and TITAN were especially impressive and outstanding."
—WM. J. EHINGER, Mass.

No. 47. 50 Cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually two or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size.

I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price and I have a much larger stock of some kinds than of others but you may be assured that you will get big value. **Leave it to me.**

Remember each 50 cent special is only one variety and not an assortment of several varieties or of all of them. Each special consists of various sizes of just one variety. Select as many as you wish. But remember they are 50 cents for each one.

Any five lots for \$2.25. Any 10 lots for \$4.00 or any 15 for \$5.75. In addition to this if you buy several lots I will put in something good for you to try out

Euphorbia Corolata (FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on most any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

In the northern states I would suggest Euphorbia be planted early in the spring. In the south or where it does not freeze hard, fall planting would be perfectly all right.

Though Euphorbia is easy to handle, and there should be no reason for it not doing well, I have had some complaints about the roots not growing. I don't know why this is because if they are planted at once and given a good watering they should all grow. I have had no trouble with them myself. But in as much as I have had some complaints I no longer guarantee the roots. I do give good strong healthy roots and if given half a chance they should grow but if they do not grow I shall not be responsible.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. **We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment. Can't usually ship roots after April 15th.**

100 roots \$6.00 f.o.b. with 50 at the 100 rate.

ANYONE WHO CAN GROW A RED to take the place of Dr. Bennett, which is becoming unreliable, will make money. The whole world is looking for a bright scarlet with the good qualities of Bennett and some besides. I think that we have two such varieties in REGENT and ALGONQUIN; the latter which is being introduced this year. I don't know of any other reds on the market that are of this bright shade and with all the good qualities of these two varieties. Through a mistake my REGENT stock got mixed two years ago so that my true stock is limited now and I cannot sell at wholesale but if you want 25 to 100 small bulbs of this variety at the retail price I will give you good generous count.

ALGONQUIN IS A DIFFERENT type of scarlet and fully as good or possibly better. The two varieties being so different there is room for both of them.

FIREFLY WHICH WAS INTRODUCED last year is the best early red I know of. And I should be very much surprised if seedling 30112 does not make good also. We are not naming this but I intend to grow it in quantity as I know it will sell. These are all good reds and you make no mistake in stocking up with any of them.

Alladin

OTHER NEW VARIETIES,

aside from the PALMER strain, that are certainly going places are ROSAMOND, SIMCOE, and DAMARIS not to mention the new ones I am introducing this year which you will find described in my catalog. Let me give you a tip on DIANE. This is a very fine variety but for some reason have not sold very many as yet. Any grower who gets in on this this year will be ahead of the crowd and have a better chance to cash in, than he possibly could on some variety that is selling more heavily the first year of introduction. Also don't forget MARGARET BEATON and TIMBUCTOO, 2 real comers.

OF THE VARIETIES THAT ARE bound to sell in enormous quantity in the future I want to mention BEACON. This is going to be one of the best commercial varieties in existence. And also VAGABOND PRINCE. Though the latter is not a so-called commercial color, it is one that practically everyone likes.

A Tip to Florists

THE TROUBLE with most florists is that they buy for resale only the varieties that they can use for funeral work. Anyone wanting flowers for house decoration are limited to these few kinds that the florists stock up with. Why don't you buy other varieties that the general public will like better for house decoration? The public will take dark varieties and odd colors in preference to the pastel shades when they want a bouquet for the house. This will bring you a lot of extra business by having more of these colors that are not strictly so-called florist colors.

SOUTHERN GROWERS

For early planting in the south you should order your bulbs now and have them put in cold storage. Then you can have them shipped to you any time you want them. This is the best procedure where you want to plant in September to November.

ELMER GOVE

BURLINGTON, VERMONT

"I beg to advise you of the safe arrival of the bulbs that I ordered from you. They look better and cleaner than any I have ever had from other sources. Although the carriage on the bulbs must have made a serious inroad into your profit, the value of the extras which you included were far beyond my expectations. I thank you most sincerely for your attention to my order and for your generosity."
