QUALITY—All Bulbs Bought of us to be A. No. 1

FIRST EARLY SHIPMENT. We import by *Fast Steamer* a part of our Roman Hyacinths, Freesias and Paper Whites needed for *Thanksgiving* and *Christmas Trade*. By doing this, we put these bulbs into your hands *two weeks earlier* than any Dutch or American dealers, whose shipping arrangements compel them to hold back stocks to complete *entire orders*, whether from France or Holland. Order of Vaughan and get *time* deliver es.

INSPECTION. We ship no plants or bulbs in original cases without *inspection*. We invite the most critical inspection on arrival, and customers are not expected to keep or use any that are not as represented herein.

REPLACEMENT. If any of our stocks open up poorly upon arrival, *we replace them* with satisfactory stock within five days, at original prices. Rejected stock from Europe cannot be replaced under six weeks, or must be purchased here at advanced prices after annoying delays.

TERMS

To customers of approved credit, **SIXTY DAYS.** Special 3 per cent discount for cash in 30 days from price list only, not from "Special" quotations and excepting **NET CASH** items.

WE DO NOT WARRANT in any way, expressed or implied, the contents or the description, quality, productiveness, or any other matter of seeds, bulbs or plants sold by us, and will not be in any way responsible for the crop. If the purchaser does not accept these goods on the above terms, no sale is made thereof, and he must return them at once and money will be refunded. Subject to the above conditions and by reason thereof, we make this sale at the moderate prices at which we sell our goods.

FRENCH ROMAN HYACINTHS

FRENCH ROMAN HYACINTHS

DUTCH ROMAN or MINIATURE HYACINTHS

Be sure to use Name "Dutch Romans" in ordering

Our **Dutch Romans** are picked bulbs of even size, and will all give large flowers. We make a specialty of these in named varieties, and our prices on same are low for the grade we furnish. Especially desirable for growing in pans for **Easter Sales**.

Arrangements made in Europe by our Mr. J. C. Vaughan, the past season, places us in excellent position to make deliveries of best stocks and at reasonable prices. Our growers know what we require.

At this writing no one knows the outcome of the crop of French White Romans. We shall as usual meet reliable competition and guarantee measures as graded by best exporters. You have a decided advantage with us, if any of our cases are damaged en route we are in shape to replace them with sound stock from Chicago or New York. You are helpless if your business is placed with a non-resident peddler.

The records of the United States Custom House at New York and Chicago will show that **For Twenty Years** our importations of

HIGH GRADE FRENCH BULBS

have not been exceeded by any American or Dutch firm. They also show that we import the largest grades of bulbs and pay uniformly the highest average prices. This record, together with satisfactory financial dealings with our French growers, enables us to secure picked, healthy stock, true to name and

Graded Up to Sizes Sold. We do not buy undersized cases in order to sell Narcissus according to a certain number of bulbs to the case, neither do we send out 11 to 14 ctm. Romans and invoice them as 12 to 15 ctm. We urge all buyers of French bulbs to **Weigh and Compare Vaughan's Quality**, as it is the only true way to verify values.

Letters such as the following, quite unsolicited by us, are being constantly received, and only re-iterate what we say regarding our endeavors to supply bulbs of the very highest standard only.

INGLESIDE, TEX., Sept. 23, 1913.

Vaughan's Seed Store—"I am sending you a small order for bulbs. I must say the bulbs I got from you last fall were larger than any I ever got from any other house. Every bulb sent up two spikes of bloom, and were the admiration of everyone who saw them. I never had Hyacinth blooms to amount to anything before."

Paper White Grandiflora

When ordering "Paper Whites," don't overlook Vaughan's "Star Brand," and Vaughan's "Precocious"—these are unobtainable elsewhere.

We pay the highest price for true Grandiflora in the country of its growth, and the bulbs are as near those we agree to deliver as the crop and the season produces. We aim to deal with such reliable French importers as will pack straight goods. **Vaughan's Paper Whites** will average one dollar (\$1.00) higher real value per case than those you pick up from the average Dutch peddler, and will reach you earlier in the season.

Get samples, compare sizes, qualities, weights and general appearances as well as prices, then you will know where you are. There is no other or safer way. **VAUGHAN'S SEED STORE** especially invites tests of all its goods by sample, rather than "Hot Air" reference to the goods.

Paper White Grandiflora, Vaughan's "STAR BRAND" (about 1000 bulbs in a case), per 100, \$1.75; per 1000, \$11.00.

Paper White Grandiflora "FANCY" (about 1250 bulbs in case), per 100, \$1.15; per 1000, \$8.50.

Paper White Grandiflora "PRECOCIOUS". This is a special strain of Paper Whites selected by one of our best French growers. We have proved it to flower 10 to 14 days earlier than regular Grandiflora. You will find it of great value for early use.

Select Bulbs, per 100, \$1.25; per 1000, \$9.00.

Mammoth Bulbs, per 100, \$2.00; per 1000, \$12.00.

YELLOW "PAPER WHITE" or Grand Soleil d'Or (French grown), best for forcing; per 100, \$2.00; per 1000, \$16.00.

Dec. 12th, 1913.

Grand Junction, Colo.—"The bulbs we got from you are coming along fine this year, the "Paper Whites" especially,—they have enormous big flowers." **GRAND FLORAL CO.**

We have arranged again this year for a large amount of bulbs, but would advise early ordering by our customers in order to be sure of their supply, especially of larger sizes.

SPIRAEA

(Ready in November)

We are very careful to import good large Spiraea clumps which have large plump eyes, as these are the only kind that will give satisfaction when forced. They force better after a week or 10 days freezing.

GLADSTONE

This variety undoubtedly has become the most popular of all Spiraeas and occupies the first place among the trade varieties. It is early, makes a compact growth, and is very free flowering, making it splendid for pots as well as for cutting. Per doz. \$1.30; per 100, \$8.50. In New York, per doz., \$1.20; per 100, \$8.00.

FLORIBUNDA

New, strong and more developed than the common Astilboides from which it is a sport. Produces large pure white plumes and is unquestionably one of the very best Spiraeas. Per doz., \$1.00; per 100, \$7.00. In New York, per doz., 90c; per 100, \$6.50.

QUEEN ALEXANDRA, PINK

Of a clear pink color that does not fade with age, with dense compact spikes. The plants are more attractive and equally as strong and vigorous as the white varieties. Per doz., \$1.40, per 100, \$9.50. In New York, per doz., \$1.35; per 100, \$9.00.

Creole Lily

We introduced this Lily to the trade for the first time last year and those who have tried it have been very successful. It is a cross between the Lilium Longiflorum and the Lilium Harrissii. It has also proved to be almost free from disease and a very strong grower. When planted in five inch pots it has produced a nice plant with six to eight flowers.

During the 1913 Spring Show in New York it attracted much attention. It has very good shipping qualities.

LILY OF THE VALLEY

Our Valley pips from each grower have a separate series of case numbers, so that if you buy a case from us of a certain series of numbers, which gives you satisfaction, you can depend on all of that series to produce like results. No other firm to our knowledge keeps such a record.

Vaughan's London Market

This brand bought by our agent in Hamburg stands for the best, strong, well-rooted forcing pip obtainable in the "Hamburg-Berlin" district. Full sized pip, with long, healthy, fibrous roots and sound tap root. We buy each year a better grade at a higher cost. We do not sell these on price competition. We sell them on merit, price being a secondary matter. It will pay you to take these.

Per 100, \$1.85; per 1000, \$16.00; per case of 2000, \$31.00; per 5000, \$75.00.

Lily Bulbs and Valley

From Ice Storage

Progressive Florists are rapidly coming to recognize the demand for Lilies for summer use, and each year an increasing number are using their empty benches for this stock to great advantage. We can ship this stock on one day's notice from New York or Chicago. When orders are placed with us for cold storage stock, we set same aside, but cannot be responsible for not being able to produce the bulbs or pips if same have been destroyed by fire or any other cause beyond our control. We accept no responsibility whatever for results in forcing cold storage stock or for damages in transit.

These Prices are for case lots only. Storage charges paid until September 1st, 1914.

All Valley shipments go by express.

A FIELD OF CREOLE LILIES

JAPANESE LILY BULBS

ESPECIALLY GIGANTEUM

Vaughan's Seed Store delivers the best selected lily bulbs that grow, selected, inspected and packed under the supervision of white business men **who intend to do right**, who have a reputation, and strive to maintain it.

The history of the importation of Japanese grown lily bulbs to the American Commercial growers presents as unmerchable a record as does that of the greedy English growers in Bermuda who supplied so called Harrisii of many types badly infected with disease.

Japanese concerns who have been forced through the demands of other dealers, as well as ourselves, to give reasonable values on their deliveries and to sell at reasonable prices, now **seek to monopolize this trade** by advancing capital in the shape of credit to small dealers in various central cities through the country. The greater their success in this direction the less fortunate it will be for the American growers generally.

But there is no danger of any such monopoly. Our arrangements in Japan provide for a selection of sound, well shaped lily bulbs, graded as the Japanese dealers have never been known to grade them. Crescent shaped, malformed and undersized bulbs are taken out and we are ready and anxious on any request to submit samples of Vaughan's picked bulbs for comparison with any grades imported for this market.

In addition, some dealers realizing how easily the black stemmed Giganteum and some other kinds can by just a little **"good intention"** be delivered reasonably true to name and to grading, have boosted their prices 25 to 35 per cent on assurances of better grading though with no guarantee whatever.

It is not necessary to pay any extravagant price for lily bulbs from Japan **under any pretext whatever**. We can deliver you the best that grows at the prices here stated and graded under the supervision of **reliable white men**.

Growers will please keep in mind that Vaughan's Seed Store has forced the wholesale prices of Japanese Lily Bulbs to a reasonable margin of profit as its catalogues for the past four years will show

LILIAM FORMOSUM

Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture, is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly, so if in pots they can be shifted into sections representing varying heights, thus giving the growing plants of different heights proper light and watering.

Ten days in cold storage before planting seems to benefit the crop.

VAUGHAN'S SEASONABLE SUPPLIES FOR FLORISTS

FERTILIZERS

Prices on fertilizers are net cash.

VAUGHAN'S "ROSE-GROWER" BONE MEAL

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. It is made from bone accumulated in large slaughter houses, and should not be compared with Bone Meal made from cattle heads and feet gathered on the western prairies. Our "Rose Grower" Bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. A finely ground bone can also be more evenly distributed through the soil. Analysis—Ammonia, $4\frac{1}{2}$ to $5\frac{1}{2}$ per cent; total Phosphoric Acid, 22 to 25 per cent; total Bone Phosphate, 48 to 54 per cent.

VAUGHAN'S PULVERIZED SHEEP MANURE

Pure, dry, finely ground, put up in 100 lb. sacks. Our supply is of uniform quality, saved under shelter and not bleached. Our customers using it may, therefore, be certain of uniform results. More than half a million sheep come into this market annually, and are kept in great barns until killed or shipped. The manure we supply is not adulterated, nor has it lost its strength in any way.
