Dreer's Quarterly Wholesale Price List

JULY—AUGUST, 1902

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of same. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—(See remarks on page 1.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33⅓%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation. We cordially invite you to visit our Greenhouses and Nurseries at Riverton, N. J., one of the most interesting commercial places in the world. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes and by boat in 45 minutes. Time tables on application. We are continually increasing our facilities to keep pace with the demand; a block of 12 houses, each 150 ft. long is at present in course of construction and will be of interest to those who intend building.

Our Water Lily Garden, which is the most extensive in the world, is usually at its best during July and August and is worth coming a long distance to see.

The now so popular Hardy Perennials are grown in immense quantities, also Cannas, Petunias, etc., etc.

OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is, as usual at this season of the year, very complete in a full line of all popular sizes, and the quality is of the same high standard for which our stock is celebrated. **Whenever possible, we solicit a personal inspection of our stock.** We invite you to visit us at any time (see location of Riverton on opposite page).

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

AZALEA.

AZALEAS

Special Prices for Import Orders

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all re-packed at our own nurseries, so that any plants that may have not carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspection of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

Hardy Azalea Mollis.

For Forcing.

These varieties have for many years been very popular for forcing in Europe, and have in recent years met with considerable favor here in the United States, and when better known are certain to gain in popularity, especially for early forcing.

We are handling the stock of one of the most successful specialists, and can supply in November fine bushy plants, 12 to 15 inches high, finely set with buds, \$4.50 per dozen; \$35.00 per 100.

PYRAMIDAL-SHAPED BAY TREE.

BEGONIA GLOIRE DE LORRAINE.

The Lorraine Begonias

GLOIRE DE LORRAINE,
LIGHT PINK LORRAINE, and
NANA COMPACTA LORRAINE.

These beautiful Begonias are undoubtedly the most valuable Winter Flowering Pot Plants we possess, especially for the Holiday Season, and the demand heretofore has always been far ahead of the supply. We are prepared to deliver on and after July 15th a fine lot of thrifty young plants from 2-inch pots, which can readily be grown into fine specimens in 5 and 6-inch pots for the holidays.

There is absolutely no difficulty in growing this plant between June and February; no special skill is required and no special facilities need be prepared. You will have no difficulty whatever if you secure good thrifty young stock such as we will be prepared to supply after July 15th, and you will find same a paying investment.

We especially call attention to Erecta Compacta and Light Pink Lorraine, both of which are superior to the type, being better growers, better sellers, more showy and holding their flowers better than the original.

\$1.50 per dozen; \$12.00 per 100; \$100.00 per 1000.

New Flowering Begonia, "Coral."

In Begonia "Coral" we have a perfect Gem; a shrubby variety that flowers the year round. In habit of growth and foliage it closely resembles the old Begonia Fuchsioides, which is now rarely seen, but its flowers are of much larger size and of a beautiful coral red color; a real acquisition.

20 cts. each; \$2.00 per dozen.

Double Everblooming Begonias.

(*Begonia Semperflorens* Fl. Pl.)

Valuable additions to the Begonia family, with pretty double flowers. The four varieties here offered are all of strong, vigorous habit, and succeed admirably either bedded out in the full sunlight or as pot plants.

Boule de Neige. Large full double white with yellow stamens.

Gloire de Montet. Opening bright carmine changing to clear pink.

Triumph de Lorraine. Opening bright scarlet changing to carmine.

Victor Prouve. Light pink with deeper centre.

Bougainvillea Glabra Sanderiana.

A fine lot in 4-inch pots of this useful plant. \$2.00 per dozen; \$15.00 per 100.

Fancy-Leaved Caladiums.

A choice collection of 50 varieties. 3-inch pots, \$1.50 per dozen; \$12.00 per 100.

Coleus Thyrsoideus.

(The Flowering Coleus.)

Entirely distinct from the varieties of Coleus heretofore known, all of which were grown for their beautifully colored and variegated foliage. This species, which comes from Central Africa, is not a foliage plant, its leaves being plain green; but it is a really grand flowering plant, and a Winter flowering plant at that, its season of flowering being from the Christmas Holidays until late in March.

The plant is of strong growth, attaining a height of 2 to 2½ feet, and produces dense cylindrical spikes one inch in diameter and from 6 to 12 inches long, of beautiful rich blue flowers, which remind one of a spike of blue Larkspur. Blue flowers at all seasons of the year are not plentiful and always much sought after, especially so during the winter season. We consider this plant a perfect gem and a plant that has a great future as a winter flowering pot plant.

3-inch pots, \$1.25 per dozen; \$10.00 per 100.

4 " " 2.00 " 15.00 "

Camellia Japonica.

A fine lot of bushy, well-branched plants in 12 distinct varieties.

5-inch pots, 15 inches high, \$6.00 per doz.; \$45.00 per 100.
6 " 18 to 24 " 10.00 " 75.00 "

Carex Japonica Variegata.

An exquisitely graceful new Japanese grass with slender green foliage, edged white. 75 cts. per dozen; \$6.00 per 100.

CYCAS REVOLUTA.

Clivia Miniatum.

Fine strong plants, in 6-inch pots, from a select strain of seedlings. 50 cts. each; \$5.00 per dozen.

Crotons.

We offer a selection of 12 choice varieties in 3-inch pots. \$2.00 per dozen; \$15.00 per 100.

Cyanophyllum Magnificum.

One of the grandest hot-house decorative plants in cultivation, broadly ovate leaves from 1 to 2½ feet long and 9 to 12 inches wide, regularly arranged on opposite sides of the plant. The upper surface is a beautiful velvety green, the under side reddish purple, with prominent midrib and veins. The plant luxuriates in a high temperature and humid atmosphere. 75 cts. to \$1.00 each.

Cycas Revoluta. (Sago Palm.)

We will have ready August 1st a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptionally good value at \$1.00, \$2.00, \$3.00, \$5.00 and \$7.50 each. All of these sizes are in very good condition and, we are certain, will give entire satisfaction.

Clerodendron Balfouri.

Strong 3-inch pots, \$1.00 per dozen; \$8.00 per 100.

Dieffenbachias.

Handsome decorative plants, with bold ornamental foliage, useful for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems shining clear ivory-white. 50 cents each.

Bausei. Leaves yellowish green, margined and irregularly blotched with dark green, and profusely spotted with white. 50 cents each.

Bowmanni. Rich deep green leaves, blotched with irregular markings of light green. 50 cents each.

Magnifica. Shining sombre green leaves; thickly variegated with blotches and spots of pure white. 75 cents each.

DRACENA GODSEFFIANA.

Dracenas.

Terminalis, ready August 15th, 2¼-inch pots, \$1.00 per dozen; \$8.00 per 100.

Doucetti. A variegated form of *D. indivisa*. The foliage is deep green, broadly edged with creamy white; beautiful and rare. Strong plants, \$2.00 each.

Lantuginosa. A beautiful bronze-colored form of *D. indivisa*, and considered by many the most desirable of this type. Strong plants, \$2.00 each.

Ficus Elastica. (Rubber Plant.)

4-in. pots, 10 to 12 in. high, \$3.00 per doz.; \$25.00 per 100.

6 “ 18 to 24 “ 9.00 “ 75.00 “

Ficus Falcata.

An improvement on *Ficus Repens*, of the same climbing habit attaching itself to walls, etc., but of a denser, closer growth, with smaller foliage. 15 cts. each; \$1.50 per dozen.

Ficus Repens.

A well known, small-leaved variety, of trailing or creeping habit. 3-inch pots, \$1.25 per dozen; \$10.00 per 100.

DIEFFENBACHIA.

FROND OF ADIANTUM CHARLOTTÆ.

CIBOTIUM SCHIEDEI.

FINE FERNS } }

As usual, our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

CHOICE VARIETIES OF SPECIAL MERIT

New Adiantum Charlottæ.

Our illustration gives a faint idea of the beauty and grace of this new Maidenhair; it is entirely distinct from all other varieties, and even more graceful than *A. gracillimum*, and possessing the advantage of having much stouter, stiffer stems, on account of which it forms more shapely plants, and increases its value for cutting purposes.

2-inch pots, 60 cents per dozen; \$4.00 per 100.

Adiantum Farleyense.

2-inch pots, \$1.00 per dozen; \$8.00 per 100.

3	"	2.00	"	15.00	"
4	"	4.50	"	35.00	"

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2-inch pots, 75 cents per dozen; \$5.00 per 100.

Asplenium Nidus Avis.

The "Bird's Nest Fern." A fine, thrifty lot of strong 3-inch pot plants, 25 cents each; \$2.50 per dozen.

Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns in use for decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it.

5-inch pots, \$1.00 each; \$10.00 per dozen.

7	"	1.50	"	18.00	"
9	"	3.00	"	36.00	"

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance that would lead one to think that it was useless as a house fern, it is nevertheless one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern.

2 1/4	-inch pots,	\$0.75	per dozen;	\$6.00	per 100.
3	"	1.25	"	10.00	"
4	"	2.50	"	20.00	"

Nephrolepis Bostoniensis. (Boston Fern.)

2 1/4 in. pots, \$0.60 per doz.; \$4.00 per 100; \$35.00 per 1000.

5	"	3.00	"	20.00	"
6	"	5.00	"	40.00	"

Platycteriums.

We offer a fine lot of Elk's-Horn and Stag-Horn Ferns, fine plants in 8-inch pans, in the following varieties:

Hillii		\$1.00 to \$1.50 each.
" Majus		1.00 to 1.50 "
Alcicorne		1.00 "

MICROLEPIA HIRTA CRISTATA.

HYDRANGEA HORTENSIS MARIESII.

Genista Fragens.

A nice lot of 4-in. pot plants, \$2.00 per doz.; \$15.00 per 100.

Hydrangea Hortensis Mariesii.

One of the most distinct and effective varieties yet introduced. It is especially remarkable for the large size and distinct color of its sterile flowers, which are fully 3 inches across; of a light pink color tinted with mauve.

A variety that we have every reason to believe will become popular as a forcing plant when better known. We offer a limited lot of 5-in. pots at 50 cts. each; \$5.00 per dozen.

Ixoras.

These are among the showiest of our stove-flowering plants. The foliage is pretty and attractive, while the flowers, borne in large terminal corymbs, shaped somewhat like a Bouvardia, are of most brilliant colors. 5 fine varieties, 35 cts. each.

PALMS

OUR LEADING SPECIALTY

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade; our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., etc., means the height of the plant from the **top of the pot to the top of the plant in its natural position.** We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

Celery Plants-- We grow these in enormous quantities and can supply them from the middle of June till August.

Price.—All varieties of Celery at the uniform price of 30 cts. per 100; \$2.50 per 1000; in lots of 5000 or over at \$2.00 per 1000.

Golden Self-Blanching. An early, beautiful, and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish-green outer leaves.

Winter Queen. This variety was introduced several years ago, and has proved a valuable sort, particularly on account of its excellent winter-keeping qualities. It grows a very thick, solid and heavy stalk and has a large heart. It is a close, compact grower, and when blanched is a creamy white color.

Golden Half-Dwarf. The best of the half-dwarf varieties, stalks large and full; the heart is golden yellow, turning to a light color when blanched. Very solid, rich flavor and good keeper.

Perfection Heartwell. This is one of the very best varieties in cultivation; stalks long and thick, very compact, crisp and of fine flavor.

Dwarf Rose. The red sorts surpass the white in flavor, and possess in their coloring a feature which renders them valuable as a table ornament.

White Plume. We offer a choice strain of this valuable and popular variety. The White Plume is unsurpassed for fall and early winter use, requiring very little earthing up to blanch it. (See cut.)

Dreer's Monarch. A decided acquisition, producing large stalks and magnificent bright golden-yellow heart. The stalks are very solid, brittle and of most delicious flavor, and when properly grown it is entirely free from stringiness. It is very desirable, both for home use and for market, as it is a remarkably good keeper, and when bunched presents a handsome appearance.

Price, any of the above Celery, 30c. per 100; \$2.50 per 1000; in lots of 5000 or over at \$2.00 per 1000.

Cabbage.

Dreer's Selected Late Flat Dutch. Short stem and large, solid, flat heads. Our stock has been carefully selected for several years in order to get a cabbage of this type, and we are confident no better strain is on the market.

Mammoth Rock Red. The largest and most solid of the red varieties; a sure heading sort and tender.

Perfection Drumhead Savoy. Of superior quality; the largest solid-heading Savoy, possessing the rich flavor of the Cauliflower.

Price, any of the above Cabbage, 20c. per 100; \$1.50 per 1000.

Cauliflower.

Dreer's Selected Dwarf Erfurt. One of the earliest in cultivation; small-leaved dwarf, for forcing or open ground, producing very solid, pure white heads of the finest quality.

Early Snowball. An extremely early dwarf variety, producing magnificent white heads of fine quality. Well adapted to hot-bed culture.

Price, either of the above, 60c. per 100; \$5.00 per 1000.

Brussels Sprouts.

Dreer's Select Matchless. A small-leaved variety of this notable vegetable, which, through careful selection, has been brought to perfection; grows freely during the summer, and is fully developed by the early frosts, at which time the stems are thickly set with sprouts the full length. 40c. per 100; \$3.00 per 1000.

WHITE PLUME CELERY.

DREER'S RELIABLE BULBS

On the following pages, 11 to 17, we give a list of the leading bulbs used by florists for forcing; a complete list of all bulbs which we handle will be given in our Wholesale Price List issued September 1st; all of our stocks are coming from the most reliable growers, and under favorable conditions should give satisfactory results. All prices include cost of bulbs, duty, packing and delivery to any freight or express line in Philadelphia.

SINGLE HYACINTHS.

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increasing sales every year. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

LILIUMS

*(Easter in 1903 comes April 12th.)***HARRISII. The Bermuda Easter Lily.**

Our stock of this important variety is grown especially for us by a most reliable grower, from selected stock, and nothing finer in quality can be had. We are advised that the stock looks particularly healthy and strong this season, and as we have instructed our grower not to ship a single bulb before thoroughly matured, we do not anticipate that there will be, this season, any cause for complaint.

LONGIFLORUM MULTIFLORUM.**Japanese Grown.**

Our supply of these are due to arrive early in October, earlier shipments are liable to be immature. To those who grow a houseful there should be no trouble to get them in for Easter even if planted as late as November, but to the florist who only grows a few hundreds it will be safer to depend on Harrisii.

FOR SUMMER SOWING

We call special attention to our choice strains of **Cineraria, Cyclamen, Pansy, Primulas**, etc., which are acknowledged by leading growers to be superior in all respects.

Summer is a good time to make sowings of many of the hardy perennials, and in view of the great popularity which this class of plants are at present enjoying, it will be to your advantage to get up stock of the leaders, including **Aquilegia, Coreopsis, Delphinium, Gaillardia, Platycodon**, etc., etc.

For complete List of Flower Seeds, see previous issue of our Wholesale Catalogue.

VEGETABLE SEEDS FOR SUMMER SOWING.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months, a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to the price for postage; sweet corn, 10 cents per quart additional. We pay postage on all small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each pound if wanted by mail. By express, at catalogue prices.

DREER'S SPECIAL AMERICAN STRAIN OF ROUND SEEDED SAVOY SPINACH.

Dreer's Special American Strains Spinach Seed.

Dreer's Special American Strain of Round Seeded Savoy Spinach. Our strain of Savoy-leaved Spinach is very fine and extremely hardy, having been carefully bred up with this important object in view. It is beautifully curled and crimped, with thick, fleshy leaves which are of a beautiful dark green color. This is the best variety for market purposes, and the best of all sorts for fall sowing. Lb., 20 cts.; peck \$1.50; bus., \$6.00.

Victoria Spinach. This splendid variety is an acquisition to the list of Spinach, its long-standing qualities making it the best variety for sowing in spring. It matures later than the other varieties, but is of remarkably fine texture, of the deepest green, heavily crimped, thick, fleshy leaves, deep red stem; it is now

grown extensively by the truckers of our markets. Lb., 20 cts.; peck, \$1.50; bus., \$6.00.

Long-Standing Round Seeded Spinach. A large, crimped, thick, fleshy Savoy-leaved variety; will stand two weeks longer than the Savoy. Lb., 20 cts.; peck, \$1.50; bus., \$6.00.

Prickly Seeded Spinach. The hardiest variety, having small leaves; is not so productive as the above sorts. Lb., 20 cts.; peck, \$1.50; bus., \$6.00.

New Zealand Spinach. This variety endures heat and drought, and is the best for summer use. It produces a large quantity of leaves throughout the season, and can be cut continuously. Oz., 10 cts.; $\frac{1}{4}$ lb., 25 cts.; lb., 75 cts.
