For years a constantly increasing number of customers has learned the many advantages of ordering fall bulbs early from this list, but never before have the wisdom and real necessity of early ordering been more apparent than this season. Not only will you save money and inconvenience by ordering now, but if you want to make sure of having bulbs at all this fall, especially Hyacinths, you must order now.

Every report from Holland indicates a demand greater than the supply in spite of higher prices of some items. Few bulbs will be imported this year that are not definitely ordered in advance. So this list is more important than usual to wise bulb buyers.

We can save you money too. Your bulbs in most cases will cost less than if you were to send your order direct to Holland. Our prices include packing, cases, all foreign and ocean freight, harbor transfer, duty and many other charges that Holland salesman never mention.

Thousands of satisfied customers have found the quality of our stock unsurpassed. Our bulbs come only from reliable growers who know their sales to us depend on furnishing superior quality. One concern has supplied us bulbs for over half a century.

As our later prices are sure to be higher, you have everything to gain and nothing to lose by placing your order at once so that it can be forwarded to our growers in ample time for shipment in due season. To customers of approved credit terms are 2% 10 days, net 60 days from date of invoice. Satisfactory references required from all unknown correspondents or advance payment of 25% of amount of order.

Order plenty of Narcissus. You know, according to the edict of the Federal Horticultural Board, this is our last chance to import this class of bulbs.

Note also the attractive prices for summer planting on some of the leading strains of florist varieties of flower seeds in which we specialize.

SPECIAL LOW BULB PRICES ON EARLY ORDERS

To secure the benefit of these Low Prices, orders should be sent to us at once.
