PEDIGREED ELBERTA, PER 1000, \$3.00

Three years ago we began cutting Elberta buds from an old tree in the orchard of the Hale Georgia Orchard Co., at Ft. Valley, which was only one generation removed from the original stock. We have preserved these trees and can supply limited quantities of buds cut from them at \$3.00 per thousand. The following letters from Mr. John H. Baird, Superintendent of this orchard, are self-explanatory. We have heard various complaints of the Elberta "running out" after continued cutting from nursery trees, and believe many of our friends would like to renew their stock from this source.

Ft. Valley, Ga., May 27, 1914.

Chase Nursery Co.,
Chase, Alabama.

Dear Sirs:—

You will be pleased to learn that the old landmark Elberta tree from which your Mr. R. C. Chase cut buds two years ago, has again distinguished itself with a heavy crop of perfect peaches this season. You will be especially pleased to know that this tree is only one generation removed from the original stock, and has produced eighteen crops in the past twenty years. This is the only tree left on the Hale farm of the original planting, and today is in vigorous health and looks good for ten or more years. This tree produces the true type of the original Elberta, and we would like to insist that on all future orders of this variety you furnish us trees from this source.

Yours truly,
(Signed) JOHN H. BAIRD, Supt.

Ft. Valley, Ga., June 15, 1915.

Chase Nursery Co.,
Chase, Alabama.

Gentlemen:—

The Elberta buds I sent you last week are from the old landmark Elberta that you have cut from the past two seasons; tree is bearing its nineteenth crop and is as strong and vigorous as any on the Hale Ranch. I would ask that any orders I send you for either myself or the Hale Orchard Co., be filled with stock from this source.

Yours truly,
(Signed) J. H. BAIRD, Supt.

BUDDING KNIVES

These three, each the best of its kind, fill the bill.

BUDDING—Westenholm I-X-L Ivory Tip ($\frac{3}{4}$ size)—The best budding knife we know of, and strong enough for an all-purpose knife. 75 cents each, \$8.25 per dozen postpaid; \$8.00 per dozen by freight or express.

BUDDING—Chase's Special Ivory Tip—A mighty good budding knife; next to the Westenholm it is the best ivory-tipped knife we can find; in appearance almost exactly like Westenholm; 60c each, \$6.50 per doz. postpaid; \$6.00 per doz. by freight or express.

BUDDING—Stationary Budder (Blade does not fold)—Note shape, size and "hang" of blade, made for budding, but not as convenient for the pocket as the others, 25c each, \$2.50 per doz. postpaid; \$2.25 per dozen by freight or express.

GRAFTING—C. A. G. Grafter ($\frac{3}{4}$ Size)—Cocoa handle; pocket edition, 25c each, \$3.00 per dozen postpaid; \$2.75 per dozen by freight or express. This is a mighty good all-purpose, all-the-year-'round pocket knife.

PRUNING KNIVES

PRUNING—Chase's Flat Handle Pruner—The strongest pruning knife made, handle composed of two halves hardwood riveted through the blade, which extends full length, see cut above. Full length $7\frac{1}{4}$ inches. If you can break the handle on this knife we will replace it without cost. The metal is high-class. Price, 35c each, \$3.50 per dozen postpaid; \$3.20 per dozen by freight or express.

PRUNING—C. A. G. Pruner—Stationary handle; full length 8 ins., length of blade $3\frac{3}{8}$ ins. Handle, hardwood; blade entered deep and fastened by tang through full length of handle, making a strong knife. 30c each, \$3.20 per doz. postpaid; \$2.85 per dozen by freight or express.

BUDDERS' WHETSTONE (Carborundum)

A pocket-size stone that should be in every budder's pocket. Puts an edge on right now. All our men delighted with it and we pass it along to you just as a good nurseryman friend did to us. Price, postpaid, 15c.

RAFFIA

Low-priced, poor quality Raffia is expensive always. We try to get the best quality, long, white, flat strands. Our supply has just arrived in good shape; can ship on shortnotice.

Price per pound in lots under 10 pounds	13½c
Price per pound in lots of 10 to 50 pounds	12½c
