Autumn Planting

1941

flowerfield

Presents

Your Guide for 1941 fall Planting

Sixty-seven years of sound traditions and good gardening practice are behind it. We anticipate at least that many more years are ahead of us to continue those things we set out to do back in 1874.

Namely:

- To promote good gardening
- To contribute many more good new things for the pleasure of all.
- To be just in our dealings with the public—never to exaggerate or misinform.
- To provide good value always.

Because of strict adherence to these things through the years we have enjoyed a goodly portion of success. But what is more important to us—and we think to you—is that those who have been dealing with us have had success too, in their garden—and lots of it.

WHY FALL PLANTING?

In the first place it's smart co-operation with nature. She shows a marked preference for the fall planting of many things. Secondly, fall planting gives your garden a decided headstart next spring. Plants become well established and vigorous before the dormant winter season sets in. In short, fall planting is just good common garden sense—that's why we have confined to these pages only those things which are best planted then.

WE GUARANTEE everything purchased from Flowerfield. Furthermore, we agree to replace without additional cost any plant bought from us, planted this fall, which does not live over the winter.

AS IS OUR CUSTOM

Everything ordered from this Catalog is sent postpaid East of the Mississippi.

flowerfield bulb farm

flowerfield, long island, n.y.

Since 1874

American Grown— for *your* Garden

Flowerfield offers these lovely American grown garden subjects for your consideration. They give the best results when planted in the fall. You may want to choose from any special listing, or wish that you had all of these lovely plants in your garden.

TULIPS

Despite the war, the gardens of America need not be without the glory of tulip bloom next spring. Thanks to the ingenuity of American horticulture domestic-grown tulip bulbs of Dutch parentage are available, although in somewhat limited quantities. As bulb specialists for more than 67 years, Flowerfield is particularly happy to offer a wide assortment of high quality tulip bulbs. Pages 4-7

DAFFODILS

In recent years daffodils grown in this country have attained wide popularity—and justly so. They are considered unequalled in variety, form, coloring and profusion of bloom. So this year, more than ever, it's American-grown daffodils. Pages 8-9

IRIS KAEMPFERI

For more than fifty years Flowerfield has sponsored this loveliest of all iris and specialized in the development to its present magnificence. Thousands of gardeners everywhere acclaim its exotic beauty. As the world's largest growers, our collection numbers more than 400 varieties—many of them are our own originations. Increase the beauty of your garden next season with Iris Kaempferi. Pages 12-13

PEONIES

They are among the most popular and satisfactory of garden perennials. Their large double blooms are showy without being coarse. Colors range from white through pink and red to darkest purple. For borders, in combination with other perennials or as garden accents nothing quite takes the place of peonies. Pages 14-15

LILIES

They are truly the "garden aristocrats" of flowerdom. Indeed no other flower adds such rare beauty and charm to a garden setting. Their unusual and exotic coloring—their uncommon grace and loveliness has won them an important place in American gardens. Flowerfield offers only the very finest varieties. They are all "home grown" here at our Long Island farm, which means they are hardier than the imported varieties, that they can be dug and shipped a month earlier than usual for planting in home gardens. Plan now to give your garden the all-summer glory of lilies. Pages 16-17

HARDY HERBACEOUS PLANTS

We offer not only stately delphiniums, colorful phlox and dramatic poppies, but many lovely low-growing perennials for borders, edgings and ground covers. Now is the best time to set out hardy herbaceous plants. Pages 18-21

ROSES

Perhaps no other flower is more universally loved because no other repays you more satisfyingly in exquisite garden loveliness. Our list includes the finest and hardiest of the modern everblooming Hybrid Teas, Floribundas and Climbers. They have been grown with expert care and come to you completely disease free. Select at least several of each now for fall planting so that next spring your garden will radiate the glory of Flowerfield roses. Pages 22-23

GRASS SEED

City of Haarlem

Zwanenburg

Mrs. Potter Palmer

Giant Darwin Tulips

This year, more than ever, it's American grown tulips for American gardens. Their blooms, size of flower, color effect are truly comparable with the Dutch bulbs, and are far superior to the English and Japanese types. Due to lower water content, the bulb itself is more compact and less liable to rot. But they are scarce, and to avoid disappointment it is essential that orders be placed early in the season.

Our giant Darwins are noted for their perfection of flower form, tall graceful growing habits, and wide range of lovely colorings. They are most effective for mass plantings in borders and beds, or in dozen clumps thruout the perennial border. Above all, they are the loveliest of all tulips for cutting.

RED

City of Haarlem. Giant size. Of striking vermillion scarlet brilliance; dark blue base; white halo; black center. 24 inches. 80c for 10; \$7.50 per 100.

King George V. Translucent cherry with scarlet glow on blue end; white base. 26 inches. 85c for 10; \$7.75 per 100.

Farncombe Sanders. An exquisite fiery rosy scarlet; white base blue tinted. 29 inches. 65c for 10; \$6.25 per 100.

King Harold. Dark blood red of glossy sheen; purple black base. 25 inches. 70c for 10; \$6.50 per 100.

WHITE

Albino. Large clear white with ivory colored anthers. Perfect for cutting. Effective alone or as a contrast. 22 inches. 80c for 10; \$7.50 per 100.

Avalanche. A pure white tulip with black anthers. A large full flower of excellent substance. A lovely tall white. 29 inches. 90c for 10; \$8.25 per 100.

Zwanenburg. Extremely large white flowers of purest color; occasional splashes of red and green. 28 inches. 80c for 10; \$7.50 per 100.

BLUE AND LAVENDER SHADES

Bleu Aimable. Violet with distinct steel blue shading; inside dark violet-purple; blue base. 23 inches. 80c for 10; \$7.50 per 100.

Mrs. Potter Palmer. Lovely purplish violet of navy blue cast; large strong bloomer. 80c for 10; \$7.25 per 100.

Dream. Deep purple blue, shaded lilac; bright blue base; excellent for cutting. 27 inches. 80c for 10; \$7.25 per 100.

Reverend Ewbank. Soft lavender; violet toning at the edges to an attractive gray flush; white base. 28 inches. 65c for 10; \$6.25 per 100.

AMERICAN DARWIN COLLECTION

Red—City of Haarlem

White—Zwanenburg

Blue—Mrs. Potter Palmer

25 of each variety—75 robust bulbs—\$5.00

Separately packed and labelled

ROSE PINK

Pride of Haarlem. Immense. Carmine-pink with blue base. Its large blooms are sweet scented on tall straight stems. 30 inches. 65c for 10; \$6.25 per 100.

Clara Butt. Clear salmon rose-pink; tinted white base with blue shadings. A favorite variety. 23 inches. 65c for 10; \$6.25 per 100.

Princess Elizabeth. Soft rose pink shading to old rose; silvery pink edged. A white base with deep rose shading inside. 26 inches. 80c for 10; \$7.25 per 100.

Baronne de la Tonnaye. Bright carmine rose with blush rose edgings. Always a favorite. 26 inches. 70c for 10; \$6.50 per 100.

Madame Krelage. Brilliant rose lilac; petals edged with silvery rose; white base; inside lovely rosy pink. 30 inches. 75c for 10; \$6.75 per 100.

ORANGE

Afterglow. Brilliant violet rose; edged apricot orange; soft yellowish base; rich orange inside. 26 inches. 80c for 10; \$7.50 per 100.

YELLOW

Yellow Giant. The loveliest rich golden yellow. Immense black anthers; exceedingly large blooms of rounded form. 29 inches. 90c for 10; \$8.50 per 100.

Inglescombe Yellow. True canary yellow, of glossy sheen. Large globular form. A cottage tulip often used with Darwins and Breeders. 70c for 10; \$6.25 per 100.

BLACK

La Tulipe Noire. The nearest to a decided black. Its dark soft maroon shade appears black even from a short distance; exceedingly strong grower. 24 inches. 80c for 10; \$7.50 per 100.

Zulu. Interesting blue-black; very distinguished form providing an interesting effect in the garden. 29 inches. 70c for 10; \$6.50 per 100.

A SPECTRUM COLOR COLLECTION

Farncombe Sanders (Bright red).

Clara Butt (Light pink).

Rev. Ewbank (Purple blue).

Inglescombe Yellow (Canary).

La Tulipe Noire (Maroon black).

100 Bulbs (20 of each variety) \$5.95

Separately packed and labelled

Tulips may be planted from September 15th to freezing time. Measurements in descriptions refer to approximate height of bloom.

Cottage Tulips

(May flowering)

Gesneriana Spatulata

Mrs. Moon

Cottage Tulips are so named because of their very general use around English homes and cottages for centuries. They are comparable to the Darwins in beautiful color range but differ in form. Blooms are long and oval-shaped with petals gracefully reflexed. Stems are long but more supple than the Darwins. Unsurpassed for garden use particularly among shrubbery. Fine for cutting. You'll surely want to have some of them to extend the period of tulip bloom in your garden.

Caledonia. Orange scarlet with a dark center. A popular old favorite. 75c for 10; \$6.75 per 100.

Carrara. Crystal white; yellow anthers; the perfectly formed petals shade to pearl tones at the edges. 22 inches. 80c for 10; \$7.25 per 100.

Dido. Striking rose-pink shading salmon yellow to petal edge. Salmon-orange tinted inside. Yellow base enhanced with olive-green halo. 28 inches. 75c for 10; \$6.75 per 100.

Gesneriana Spatulata. A lily flowering tulip of deep scarlet red. A lovely contrast to the other lighter colored cottage tulips. 75c for 10; \$6.75 per 100.

Rosabella

Inglescombe Yellow. True canary yellow of glossy sheen. Large globular form. Most popular yellow. 26 inches. 70c for 10; \$6.25 per 100.

Mrs. Moon. A lily flowering tulip of fine clear yellow; outer petals reflexed; sweet scented. 30 inches. 75c for 10; \$6.75 per 100.

Rosabella. Showy rose-pink; broadly edged white; white base; flesh pink interior; broad petals coming to a point; large bloom. 26 inches. 80c for 10; \$7.50 per 100.

Sirene. Rich rose-pink petals, shading to pale-pink at edges. White base. A popular show type. 70c for 10; \$6.25 per 100.

Carrara

Giant Triumph Tulips

The comparatively recent Triumph Strain is the successful crossing of the Single Earlies with the Giant Darwins. Their bloom comes before Darwin tulips and lasts longer. This interesting cross has produced unusual color and color combinations of particular beauty. Any garden is lovelier because of them.

Aviateur. Glittering carmine-red; white fluffed edge; clear white base. An excellent cut flower. 23 inches. 70c for 10; \$6.50 per 100.

Lord Carnarvon. An exceptionally large Tulip; glorious dark pink contrasted by clear white base. Combines well with all

colors, but excels with Silver Wing. 26 inches. 75c for 10; \$7.00 per 100.

Silver Wing. Lovely white with ivory stamens. Tallest of the Triumph tulips, Silver Wing is the focal point of interest in the Triumph beds. 30 inches. 80c for 10; \$7.25 per 100.

Telescopium. Of great size; reddish plum-violet shading to violet blue. Particularly lovely when combined with Ursa Minor. 24 inches. 80c for 10; \$7.25 per 100.

Ursa Minor. The only real Yellow Triumph. Simply lovely. Indispensable in the Triumph planting 20 inches. 80c for 10; \$7.25 per 100.

Giant Breeder Tulips

Of formal, stately growth similar to the Darwins and bloom at the same time (May). However, their soft smoky shades and blendings set them apart from any other variety in the entire tulip family. Their overlays of rich browns and bronzes, deep violets and dark oranges, buffs and maroons provide an array of lovely undertones unsurpassed. Large showy blooms of extreme grace, many of them decidedly scented. Splendid as a cut flower. Breeders are really a "must" in the spring garden.

Bronze Queen. Globe shaped bloom on buff, tinged apricot. A dramatic accent for your garden, in beds or border. 30 inches. 75c for 10; \$6.75 per 100.

Cardinal Manning. Dark rosy violet; flushed rose-brown; very striking in its effect, both in the garden, or as a cut flower. 34 inches. 90c for 10; \$8.50 per 100.

Dillenburg. Giant-sized of a brilliant salmon-orange, rose shaded; yellow base, black anthers; stiff, erect stems. As a cut flower in a bowl, the effect is startlingly lovely. 32 inches. 80c for 10; \$7.50 per 100.

Prince of Orange. A popular favorite. Bloom is elongated of attractive terra-cotta; flame-orange interior shading to gold. A typical Breeder in its almost metallic hue. 28 inches. 90c for 10; \$8.50 per 100.

Yellow Perfection. Light bronze yellow; golden hue edged. A lovely color contrast to emphasize the deeper-hued Breeders. 26 inches. 80c for 10; \$7.25 per 100.

Bronze
Queen

Cardinal
Manning

Fantasy

Parrot Tulip

The Parrot Tulip is startling in its spectacular form and amazing colorings. In both characteristics they are completely exotic, delightful and exciting. Tremendously effective in patches here and there in the garden.

Fantasy. Brilliant salmon-rose. Almost a geranium red. Sparkling green markings on back of ruffled and fringed petals. Exceedingly large blooms carried on strong erect stems. Lasting blooms therefore perfect for cutting. 20 inches. 90c for 10; \$8.50 per 100.

King Alfred
(Giant Trumpet)

Narcissus or Daffodils

They are practically one and the same. Daffodil is the common name, Narcissus the botanical. The first is given to the giant trumpet types, and the latter to the small or medium trumpet, including the cluster-flowered and Poet's type.

Regardless of type, they are indeed the harbingers of Spring—blooming early, and lasting long into the season. Daffodils multiply rapidly, and pay handsome dividends each year in increased bloom.

Plant them early this Fall. 4 to 8 inches deep.

Giant Trumpet Daffodils

Emperor. Primrose yellow perianth, trumpet golden yellow. A variety of proven merit for forcing, bedding, or massing. Large round bulbs, \$1.25 per dozen; \$7.50 per 100. Double nose bulbs, \$1.50 per dozen; \$10.00 per 100.

King Alfred. The best yellow trumpet daffodil. Its earliness, tall, strong stem and long lasting quality makes King Alfred the best all around trumpet daffodil yet developed. An addition to any garden and a must in any bed of daffodils. Large round bulbs, \$1.50 per dozen; \$10.00 per 100. Double nose bulbs, \$2.25 per dozen; \$13.50 per 100.

Mrs. E. H. Krelage. A magnificent white daffodil resembling King Alfred in form and vigor, but being pure, cream white. Rated as the finest white daffodil. Large, round bulbs, \$2.35 per dozen; \$15.00 per 100. Double nose bulbs, \$2.75 per dozen; \$18.50 per 100.

Mrs. R. O. Backhouse. A slim perianth of cream white with a slim trumpet of shell pink, deeply fringed at edge. A most unusual and lovely flower. \$2.00 per bulb; \$20.00 per dozen.

Olympia. A deep lemon, slightly curled perianth and large, straight trumpet. Large round bulbs, \$1.50 per dozen; \$10.00 per 100. Double nose bulbs, \$2.25 per dozen; \$13.50 per 100.

Spring Glory. A beautiful bicolor daffodil of pure white perianth, and deep golden yellow trumpet. Outstanding. Large round bulbs, \$1.35 per dozen; \$8.50 per 100. Double nose bulbs, \$2.00 per dozen; \$12.50 per 100.

Van Waveren's Giant. Enormous bicolored daffodil. Very pale yellow perianth combines with a deeper yellow trumpet to give a gorgeous effect when grouped in masses. Large, round bulbs, \$2.00 per dozen, \$12.50 per 100. Double nose bulbs, \$2.50 per dozen; \$16.50 per 100.

Medium Trumpet Varieties

Bath's Flame (Barri). A deep yellow cup edged with broad band of orange red set on yellow perianth gives this delicate flower a bright, lovely look in your garden. \$1.75 per dozen; \$11.50 per 100.

Bernadino (Incomparabilis). A creamy white perianth with a fringed apricot yellow cup. Stained orange at the edge. An excellent and sturdy grower. If allowed to remain in ground tends to produce clumps with many flowers in a short time. \$1.25 per dozen; \$7.50 per 100.

Conspicuus (Barri). Light yellow perianth of perfect form, with short yellow cup, edged bright orange scarlet. A proven favorite. \$1.00 per dozen; \$6.50 per 100.

Croesus (Incomparabilis). A light canary yellow perianth of perfect form with broad fluted cup tinted deep orange right into base. Particularly adapted for shady spots and cool weather. \$1.50 per dozen; \$9.50 per 100.

John Evelyn (Incomparabilis). The outstanding new Narcissus of this type. Huge flat perianth, pure white without even a tinge of shading. The cup is short but often has a diameter 2 inches, lemon yellow, and fringed. Its free flowering qualities, vigor, and good propagation make this an outstanding medium trumpet Narcissus. \$2.25 per dozen; \$14.50 per 100.

Queen of the North (Leeds). Broad glistening white perianth and soft primrose yellow cup, prettily fluted. Sturdy growth and stem make this variety excellent for naturalizing. \$1.00 per dozen; \$6.50 per 100.

Small Trumpet Varieties

Actea (Poeticus). A Narcissus of exceptional value. White perianth of broad overlapping petals; flat lemon yellow cup, edged crimson red. This scented Narcissus lends a delicate touch wherever it appears in your garden. \$3.50 per dozen; \$22.50 per 100.

Campanelle Double (Jonquil). Distinctive, delightfully scented flower, each stem carrying from 2 to 5 rich, deep yellow double flowers. Very effective in beds, or for cutting. \$1.25 per dozen; \$7.50 per 100.

Cheerfulness (Poetaz). Lovely cluster Narcissus, having 3 to 4 individual flowers on each stem. It is creamy white, fully double and distinct from any other Narcissus. \$1.50 per dozen; \$10.00 per 100.

Horace (Poeticus). Large, well rounded with pure white overlapping perianth, short yellow cup, edged scarlet. When grown in the shade, often the cup is all red. \$1.00 per dozen; \$6.50 per 100.

Laurens Koster (Poetaz). Creamy white perianth, lemon yellow cup. Excellent variety for indoor forcing. \$1.25 per dozen; \$8.00 per 100.

Twink (Double). One of the finest of the semi-double type, very early, petals alternating soft primrose yellow and orange. Unusual, striking, and most desirable for either garden or cutting. \$2.25 per dozen; \$14.50 per 100.

Von Sion (Double). Pure golden yellow flowers—best grown in semi-shade. Unusual, and very attractive. \$1.35 per dozen; \$8.50 per 100.

DAFFODILS FOR NATURALIZING

Naturalizing is the most effective and profitable way to use Daffodils. Scatter-plant them in irregular waves and drifts about the grounds—wherever they may remain undisturbed. Daffodils are exceedingly prolific. They will multiply without any inducement whatsoever. 85c per dozen; \$5.50 per 100; \$50.00 per 1,000.

MUSCARI (Grape Hyacinths)

The loveliest flower to use in combination with Narcissus. Spikes closely set with small round bells of deep blue resembling an inverted bunch of grapes. Blooming in April and continuing through with the Narcissus. They make a lovely spot of deep blue in your garden. 50c per dozen; \$3.50 per 100.

MERTENSIA VIRGINICA

The best spring flower to use in deep shade—flowers late in April continuing through May—growing from 1' to 2' high—plant bears panicle of flowers in clusters—each fleurette being about 1" long—splendid for border or naturalizing. Choice selected roots, \$2.50 per dozen; \$15.00 per 100.

SCILLA CAMPANULATA

A most effective naturalizing and massing flower, the English Blue Bells has erect flower spikes and open campanulate flowers of purest blue, a lovely spot of color for your early spring garden. Medium size bulbs, 50c per dozen; \$3.50 per 100. Jumbo size bulbs, \$1.00 per dozen; \$7.50 per 100.

LILY OF THE VALLEY

A grand flower for massing near shrubs or along borders. So well liked it hardly needs a description. Clumps, 35c each; 3 for \$1.00; 12 for \$3.50.

Lily of the Valley

Amaryllis

Miscellaneous Bulbs

Here is a group of sometimes-overlooked varieties. Every one of them, however, has a place in your garden—to add delicate color contrast to large beds or masses—to nod gracefully in a shady corner—to add color notes and edgings around shrubs. They are important as the grace notes in an orchestration. All require little or no cultivation and grow readily in most any location.

Bulbs for Indoor Forcing

AMARYLLIS HYBRID

The Amaryllis is the most colorful and most vigorous house plant there is. Growing quickly and easily, the 4 to 6 flowers from each bulb come in white, pink, red, and mottled colors, giving you spring indoors throughout the winter. Large bulbs, 50c each. Jumbo bulbs, 75c each.

NARCISSUS PAPER WHITE GRANDIFLORA

The best known indoor bulb. Usually grows in pebbles and water—produces a stalk with a cluster of flowers often 2' high—of easy culture and a sturdy growth. 50c per dozen.

NARCISSUS SOLEIL d'OR

Golden yellow equivalent of Paper White Grandiflora, not quite as sturdy, but much more colorful. 95c per dozen.

Tall Bearded Iris

Of tall bold form and abundant bloom, the Bearded Iris flower during late May and June. Extremely hardy, they thrive anywhere and multiply rapidly. Their lovely self-colors and exquisite blends accentuated by pleasing foliage will add unmeasurably to the beauty of your garden. These we have listed are mostly the newer, improved varieties, although a few tried and true favorites are included.

All Bearded Iris: 25c Each; 3 for 60c; \$2.00 dozen.

Clara Noyes

Blue Velvet. A really beautiful variety of deep blue-violet with large attractively formed flowers on tall well-branched stems.

Cinnabar. Standards of violet purple. Falls are Cotinga-purple and flaring. Red over-tone. Very tall.

Clara Noyes. An unusual new variety with the blended colors of a Talisman rose. Standards are tan flushed heliotrope. Falls are reddish bronze. Beard and haft are yellow.

Desert Dawn. An unusual rich yellow and lavender blend which makes it one of the most beautiful Iris. Large bloom, sturdy grower.

Ethelwyn Dubuar. A new very large pink variety. Very pleasing in its effect and a very satisfactory growing subject.

Gleam. Very large bloom of luminous pale blue, set off by brilliant orange beard. Tall and handsome.

Indian Chief. One of the newer varieties and exceedingly popular. Falls are of deep blood red blended with a soft bronze. Standards are lighter in tone. Tall, well branched.

King Midas. Bright bronzed toned Iris. Golden buff standards. Falls are iridescent garnet brown. Illuminated by orange beard and golden haft. Medium.

Omaha. A pleasing combination of coppery pink and brownish cinnamon.

Pink Opal. Tallest of the lavender pinks. Large handsome blooms are softly toned.

Selene. A very large pure white of fine substance and form.

Snow White. A clear white with pale green markings giving it a fragile appearance. One of the finest. Tall.

Siberian Iris

Differing from the Tall Bearded and Kaempferi types their dainty flowers are borne on long slim stems with narrow grass-like foliage. Their long keeping blooms make them ideal for cutting. We at the farm like them best, mixed in a border of pink and white peonies. Nothing quite matches that combination. Height about 3½ feet. Each 25c; 3 for 60c.

Bob White. Pure white. Dainty flower, fine for cutting.

Butterfly. Soft medium blue flowers with graceful foliage.

Duchess of York. Deep violet blue, lovely for contrast.

Paillon. Clear blue, lovely for cutting for bouquets.

Peggy Perry. Rich dark blue, handsome with white peonies.

Pigmy. Low growing dark violet for foreground planting.

Mrs. Rowe. Lavender pink, a pretty pastel shade.

Snow Queen. Low growing white, exquisite flowers.

Thelma. Alice blue with white throat, delicate colorings.

White Dove. Pure white, very tall variety. Outstanding.

Pumila Iris

These are the little gems of the Iris family. They rarely grow over 4 inches and bloom profusely during April and May. Excellent for rock gardens and for bordering flower beds.

Cristata. A delightful pale orchid. Growing only to about 3 inches and having creeping tendencies, it is an excellent subject for a shady spot in the rock garden or as a ground cover under trees. Each 30c; 3 for 85c.

Jean Siret. A new yellow which has a long blooming period in the spring and again in the fall. One of the finest miniatures. Each 40c; 3 for \$1.10.

Lieut. Chavagnac. A new everblooming, fragrant, brilliant violet variety with all the good qualities of Jean Siret, including its everblooming qualities. These two go well together. Each 60c; 3 for \$1.10.

Sambo. A dark violet-blue of excellent quality. Excellent for rock gardens. Each 30c; 3 for 85c.

Schneecuppe. A large pure white. An exceedingly showy type. Desirable with contrasting colors. Each 30c; 3 for 85c.

flowerfield IRIS KAEMPFERI

OUR SPECIALTY SINCE 1895

Iris Kaempferi, commonly known as Japanese Iris, is undoubtedly the loveliest of all iris. Huge blooms, usually more than 8 inches across, are produced in an extensive range of rich colorings. Though orchid-like, they are perfectly hardy, require no fuss or bother. Anyone can obtain excellent results with them.

As far back as 1895, we specialized in bringing Iris to their present stage of glorious perfection. Our

collection was started by the eminent hybridist John Lewis Childs. Today, the largest in the world, it numbers more than 400 varieties—many of our own origination. Our introductions such as Betty F. Holmes, Light-in-The-Opal and Elbrus have won us great honor.

Flowering comes late June to Mid-July—a period when borders and beds are “going off” after the wealth of late spring flowering.

Rose Anna*

Betty Jean Childs*

Astarte

Dark blue-purple; double; late; low growing.

Very large flowers often measuring 9 inches. Seemingly shaded almost a hyacinth violet. A stunning variety. 35c each, \$3.50 dozen.

Betty F. Holmes*

White; double; mid-season; tall.

Undoubtedly the best in its color. The graceful styles are snowy white and the throat is a satiny cream white. Most effective with contrasting colors. 40c each, \$4.00 dozen.

Betty Jean Childs*

White; single; veined red; mid-season; tall.

Petals are white-veined red, splashed with orchid tints. It's fine standards are of deep purple, affording a pleasing contrast. 35c each, \$3.50 dozen.

Blue Giant*

Dark blue; semi-double; mid-season; medium height.

Truly a Giant. Blooms are 9 inches across. The finest solid dark blue. Most effective for massing. 35c each, \$3.50 dozen.

Elbrus*

Blue; double; mid-season; medium height.

Exceptionally large ruffled flowers of fine form. The blue is an azure tone unsurpassed by any other. 60c each, \$6.00 dozen.

Ethel J. Marshall*

Light mauve; single; mid-season; tall.

An ash gray beautifully marked with pinkish violet shade. The styles are pale lavender. Outstanding. 35c each, \$3.50 dozen.

Koki-No-Iro

Dark blue; double; mid-season; medium height.

Very large bloom. They are of deep blue almost purple set off by white styles. Perfectly stunning. 40c each, \$4.00 dozen.

Light-In-The-Opal*

Light pink; double; mid-season; medium height.

A truly magnificent large pink of splendid substance and perfect form. It is a sure fire winner. Perfect also for massing and cutting. The outstanding introduction of Flowerfield long the foremost specialist in Iris Kaempferi. 50c each, \$5.00 dozen.

Neptune

Dark reddish purple; single; mid-season; medium height.

Its coloring is identical to that of the Royal toga of the early kings. A fine sturdy grower that will give much satisfaction and pleasure. 30c each, \$3.00 dozen.

Pluton

Light blue; double; mid-season; low to medium height.

It is of deep Tyrian purple flushed with lovely violet-blue. A canary yellow halo does much to set off its lovely coloring. 40c each, \$4.00 dozen.

Red Riding Hood

Medium red; single; mid-season; medium to tall.

A striking amaranth red slightly veined white. A sturdy grower particularly effective for the border or along a small stream. 40c each, \$4.00 dozen.

Reine Helene

Medium blue; single; mid-season; medium height.

A stately solid color blue that combines for massing effectively with such varieties as Blue Giant (dark blue); Red Riding Hood (red) and Yama Yama (white). 35c each, \$3.50 dozen.

Repsime*

Light blue; double; late; medium height.

The white-veined tracery on the light blue petals gives a very pleasing effect. This variety has fine form and is very satisfactory. 30c each, \$3.00 dozen.

Rose Anna*

Red purple; double; late; medium height.

The grayish petals with deep red purple flushing introduces an almost mottled purple effect. It is lovely for border massed with lighter shades. 50c each, \$5.00 dozen.

Royal Robe

Dark blue; double; late; medium height.

A very interesting tone of blue—really dark navy blue. It is a good bloomer and useful for massing effect or for accenting border ends or corners. 40c each, \$4.00 dozen.

Sakura-Gawa

Pale pink; double; mid-season; low to medium height.

An unusual delicate pink reflecting its name which in Japanese means Cherry Stream. Its flowers are of good size. One of the best pinks. 40c each, \$4.00 dozen.

White Giant

White; double; mid-season; medium height.

A clear pure white of great size. Truly a gorgeous flower often called the Mikado of all white Irises. 40c each, \$4.00 dozen.

Elbrus*

flowerfield
Originations

*Items so marked indicate a Flowerfield origination hybridized in our own fields.

Yama Yama*

White; single; mid-season; low growing.

White petals over-layed with a flush of pale lavender blue.

This is the basic white Iris generally used as the central theme for mass Iris planting. Very desirable. 30c each, \$3.00 dozen.

Because of limited space, we are unable to list our entire selection of exquisite, unusual Iris. As specialists for many years, we have acquired an extremely wide range of varieties—only a few of which are described here. We will be happy to send you our full, descriptive list upon request.

SPECIAL COLLECTION

of 12 of each
of the above varieties

48 Plants for \$12.⁵⁰

(Separately packed and named)

Peonies

Peonies ask very little in return for their beauty. Cold, severe winters bother them not at all. Neither are they demanding as to soil conditions, although they revel in deep, rather moist clay loam. For the very best results, roots should be planted not more than two inches deep from September until the ground freezes.

For the connoisseur. As peony specialists of long standing, our range of varieties is much too numerous for this catalog. An all-inclusive list, on request, includes rare and unusual varieties. Listed below are the best all-around peonies for the average garden.

Double Peonies

SELECTED PINK PEONIES

Early

Edulis Superba. A fine deep pink. Has delightful fragrance. 50c each.

Monsieur Jules Elie. Very large, light rose-pink. Fine form and fragrance. 50c each.

Mid-Season

Reine Hortense. A true pink. Its unusual characteristics make it ideal for both show and garden use. 75c each.

Late

Albert Crousse. Very large sea shell pink. Tall growth, decidedly fragrant. 50c each.

Gismonda. Alluring soft pink. One of the largest of all peonies. Unexcelled for beds and borders. 50c each.

Mme. Emilie Galle. An attractive flush rose-pink. Fine grower. Delightfully scented. 40c each.

Mme. Emilie Galle

SELECTED WHITE PEONIES

Early

Festiva Maxima. Purest white. Central petals crimson flecked. Tall and strong. 50c each.

Venus. A translucent white with pinkish blush. Extra large blooms and growth of perfect form. One of the loveliest. 60c each.

Duchesse de Nemours. A fine white with a soft chrome center. Excellent grower. 60c each.

Le Cygne. Very large. A chaste white bloom of the most perfect form yet developed. \$1.50 each.

Duchesse de Nemours

BEGINNERS PEONY COLLECTION

1 Each of the 4 Beautiful Double Peonies
Illustrated for \$1.50

MID-SEASON WHITE PEONIES

Kelway's Glorious. An attractive lacy white. Large blooms. Upright growth. \$1.50 each.

Albatre. Large milk white blooms. Petals edged crimson. Fragrant. 50c each.

Late

Solange. Effective buff-white. Good sized blooms on strong stems. Very desirable. 75c each.

Felix Crousse

SELECTED RED PEONIES

Early

Mme. Gaudichau. A completely different peony of velvety-red sheen. Its dark bloom and bronzed foliage provides a striking contrast. Slow bloom unfoldment. Altogether it is one of the finest. \$1.00 each.

Richard Carvel. A beautiful crimson. Its large blooms, splendid growing habits, definite fragrance establishes it as a popular favorite. \$1.00 each.

Mid-Season

Dr. H. Barnsby. Striking magenta-red. A new variety of excellence. 75c each.

Karl Rosenfield. Of brilliant color. Large flowering and fragrant. Excellent for either show or garden purposes. 60c each.

Longfellow. A fadeless true red of great beauty. One of the most desirable types for all-round use. \$1.00 each.

Late

Felix Crousse. A deep rose-red. Petals incurved. A fine all purpose variety. 60c each.

Reine Hortense

Selected Japanese Peonies

Japanese Peonies are like the single type, characterized by either one or two rows of huge guard petals encircling a tufted center of very narrow ones. Their tremendous size and artistic form makes them ideal for decorative use.

Henry Potin. Deep pink, tinted carmine petals. Gives an interesting contrast with the rich yellow tufted center. \$1.00 each.

Meigetsuki. Pleasing lilac-rose. Excellent form. One of the most desirable. \$1.00 each.

Okinawa. A striking carmine. Its color and fine form make it most satisfactory for garden use. \$1.00 each.

Ruigegano. A real red. One of the most popular of all Japanese peonies. 75c each.

Yoochi-No-Tsuki. A lovely white. Most effective with one of the reds. \$1.50 each.

Yokohama. Brilliant white. Larger than usual bloom. Always a prize winner. \$4.00 each.

Henry Potin

HARDY LILIES for all summer bloom

Flowerfield offers an exceptional group of the finest lily varieties—all of which are grown by us here at the farm. Being home-grown, their hardiness is assured, and then, too, we can dig and ship them sooner than usual thus affording the decided advantage of early fall planting in the home garden.

American-grown hardy lilies are outstanding in the unusual colorings and exotic charm they bring to the garden. Their steady progression of bloom from June to late September is a delight to all. Thanks to the advance of horticultural skill most varieties are in the easy-to-grow class. Like all members of the bulb family, Lilies require perfect drainage. A handful of sharp sand beneath each bulb will care for this. Most prefer a slightly acid soil and are happiest when their roots are shaded by low growing plants.

Flowering time varies, of course, according to location and variety, but on the average they bloom in about this succession:

June: Elegans, Hansonii, Umbellatum, Tenuifolium

July: Canadense, Batemanniae

August and later: Speciosum, Tigrinum, Philippenense Formosanum

June-July: Candidum, Pardalinum, Regale

July-August: Auratum, Henryi

Auratum (The Golden Banded Lily). Largest of the lily family, often growing to six feet with individual blooms measuring ten inches across. Flowers are pure white, thickly studded with maroon specks, and have a golden band stripe running through center of petals. They are intensely fragrant and come in tremendous clusters atop the strong leafy stem. They bloom in July and August. 35c each; 3 for \$1.00; \$3.50 per dozen.

Canadense (Meadow Lily). A beautiful woodland variety, growing over three feet tall. The lovely sprays of nodding flowers are most effective when seen in a naturalizing planting near shrubs or evergreens. We offer two colors: Flavum, a clear yellow with brown specks and Rubrum, a brilliant orange scarlet. 20c each; 3 for 55c; \$2.00 per dozen.

Candidum (Madonna Lily). These pure white stately flowers bloom in June at the same time as Delphinium Belladonna with which it is frequently combined. Stalks carry six to eight flowers and are sweetly fragrant. Excellent for cutting. 35c each; 3 for \$1.00; \$3.50 per dozen.

Elegans. Dwarf erect plants growing about a foot high with large showy flowers. They bloom in June and are most effective when planted in the foreground of the border next to pansies and other low growing plants.

Alice Wilson. Bright lemon yellow.

Atrosanguinum. Deep red.

Orange Hirtellus. Vivid orange.

35c each; 3 for \$1.00; \$3.50 per dozen.

Hansoni. Sweet scented, with waxy golden flowers on plants 3 to 4 feet high. Blooms in early June at the same time as the Madonnas. Likes part shade. 35c each; 3 for \$1.00; \$3.50 per dozen.

Henryi (Yellow Speciosum). A rare and beautiful lily that is very hardy. Flower stalks, 3 to 5 feet high carry five to eight flowers of rich apricot yellow lightly spotted with brown. Bloom in July and August. 35c each; 3 for \$1.00; \$3.50 per dozen.

Pardalinum (Sunset Lily or Giant Leopard Lily). One of the most spectacular American lilies growing up to six feet on strong canes bearing clusters of flowers. The orange red "turks caps" flowers are dotted with brown spots and have back-curving petals. Blooms in July and is happy in either sun or partial shade. 25c each; 3 for 70c; \$2.50 per dozen.

Philippenense Formosanum (Hardy Easter Lily). Grows 1½ to 2 feet tall with large, white, trumpet shaped blooms suffused with rose. Delightfully fragrant. Blooms in late August. 25c each; 3 for 70c; \$2.50 per dozen.

Regale (The Royal Lily). The most popular of the white lilies and very easy to grow. The enormous trumpets are tinged outside with soft rose and suffused with gold within. The plants grow from four to six feet tall. They bloom in late June and early July. 30c each; 3 for 85c; \$3.00 per dozen.

Speciosum Lilies. The finest of the showy lilies. Plants are strong with long handsome leaves, grow 3 to 5 feet high and bear great loose sprays of magnificent delicately scented flowers in August and September. They are easily grown and will thrive in full sun or part shade.

Album. Glistening white blooms with green shadings on each petal; deep yellow anthers. 35c each; 3 for \$1.00; \$3.50 per dozen.

Rubrum. Carmine pink suffused white with vivid carmine red speckles. The petals are curved back and somewhat fluted on the edge. Their form and color are exquisite. Particularly lovely for cutting. 35c each; 3 for \$1.00; \$3.50 per dozen.

Magnificum. White tinted rose and spotted with a beautiful crimson. Has the effect of a rare orchid. 50c each; 3 for \$1.35; \$5.00 per dozen.

Tigrinum Splendens (Improved Tiger Lily). The grandest of the Tigers; black polished stem. Very large pyramids of flowers orange-red spotted with black. 3 to 5 feet high. Blooms in August. 25c each; 3 for 70c; \$2.50 per dozen.

Tigrinum Flore Pleno (Double Tiger Lily). Double bright orange-red flowers of the same form as above. Blooms a little later than Tigrinum Splendens and makes a wonderful effect when planted in masses. 30c each; 3 for 85c; \$3.00 per dozen.

Umbellatum. Large trumpet-like blooms of bright scarlet held erect on stems about one foot tall. Flowers in June and is very effective in the foreground of the border. 25c each; 3 for 70c; \$2.50 per dozen.

Batemanniae. Erect chalice-shaped flowers of rich apricot color produced in July. Grows about 3 to 4 feet and enjoys full sunlight. These lovely lilies are somewhat like Elegans in habit and make a splendid garden subject. 30c each; 3 for 85c; \$3.00 per dozen.

Tenuifolium (Coral Lily). A dwarf graceful lily with fine leaves and clusters of tiny bell-like recurved flowers of brilliant coral-red. Blooms in June. Likes damp soil among rocks with access to sunlight above. 15c each; 3 for 40c; \$1.50 per dozen.

Speciosum Rubrum

Auratum

Tigrinum Splendens

Regale

Hemerocallis—The Day Lily

The modern Day Lily offers a delightful addition to the garden. The new hybrids have been developed to the extent that they produce more flowers to the stem than any plant we know, in colors ranging from the palest yellow to pinkish apricot through to deep orange red. Because the day lily thrives in full sun or part shade,

May—Dr. Regel, Gold Dust

May, June—J. A. Crawford, Lemona

June—Cinnabar, Orange King

they are suited to either border use or when planted as a low hedge close to the house, along the driveway, or spotted in with the low growing foundation planting. And, once planted, they require practically no further care. Their season of bloom can be enjoyed by your own choice of the varieties listed below:

June, July—Thunbergi, The Gem

July—Goldeni, Bay State

July, August—George Yeld, Mrs. W. H. Wyman

Bay State. Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture as excellent. Blooms in July and grows over 3 feet tall. 40c each; 6 for \$2.00.

Cinnabar. Gorgeous blooms with a reddish cast. The tawny flowers are overlaid with coppery red markings and have a dark red throat. Lovely in contrast with the pale yellow varieties. Blooms in Mid-June and grows 3½ feet tall. 50c each; 6 for \$2.50.

Dr. Regel. One of the earliest of the day lilies. Extremely fragrant, its apricot yellow flowers add great beauty to the foreground planting. Height about 18 inches. Blooms late in May-early June. 35c each; 6 for \$1.75.

George Yeld. This lovely variety is a bi-color; a soft warm yellow with light red markings. Very striking when planted as a specimen in the light shade where the foundation planting tapers off. Blooms in late July. Height 3½ feet. 60c each; 6 for \$3.00.

Gold Dust. The harbinger of the day lily family. Blooms in early May with clusters of golden yellow trumpets. Most desirable in the foreground. Height 1½ ft. 30c each; 6 for \$1.50.

J. A. Crawford. A lovely clear warm yellow with slightly fluted petals. The strong stems carry many buds in widely branching flower heads. Wonderful in the border. See photograph of this variety planted next to white peonies. Blooms in late May-early June. Height 2½ to 3 ft. 35c each; 6 for \$1.75.

Mrs. W. H. Wyman. A late variety, Mrs. W. H. Wyman comes into flower after most of the day lilies have stopped blooming, prolonging the season with lovely clusters of pale yellow lilies. 3 feet tall. 35c each; 6 for \$1.75.

The Gem. Tall with apricot lilies of excellent form. The flowers are carried high above the foliage on 4 foot stems. Excellent for cutting. 30c each; 6 for \$1.50.

Varieties for Massing or Naturalizing

6 for \$1.25; 25 for \$4.50; 100 for \$16.50

Goldeni. Deep orange, 4 feet tall. July.

Lemona. Pale yellow; night blooming. 3 feet. May.

Orange King. Orange, 3½ to 4 feet. June.

Thunbergi. Clear yellow, 4 feet. July.

Delphiniums

Flowerfield Delphiniums are unsurpassed for their regal beauty in the border where they supply gorgeous background of fine landscape value. Blooming begins in June and if cut back, very often another set of blossoms will come later on.

Giant Pacific Hybrids. A splendid new variety. Large conical spikes, over 6 feet tall, densely covered with enormous individual florets.

Blue and light blue shades. 60c each; 6 for \$3.25.

Violet and dark blue shades. 65c each; 6 for \$3.50.

Mixed pastel shades. 60c each; 6 for \$3.25.

Tower of Snow. Purest white, imposing spikes of double florets growing 6 feet tall. 75c each; 6 for \$3.75.

Pink Sensation (Plant Patent 324). A true pink perennial delphinium. Hardy, strong grower, prolific. 3½ feet tall, blooms several times during season. \$1.00 each; 6 for \$5.00.

Belladonna (Cliveden Beauty). Produces multiple spikes 3 to 4 feet high in June and again in September. Of graceful form, useful for cutting. 30c each; 6 for \$1.50.

Bellamosa. A dark blue form of the above. 30c each; 6 for \$1.50.

Chinense. This variety differs from the Hybrid or Belladonna types in that they rarely grow over 3 feet. Blooming period is later by 3 or 4 weeks. Intense gentian-blue flowers grow in panicles. 30c each; 6 for \$1.50.

Chinense Album. A pure white form of the above. 30c each; 6 for \$1.50.

Oriental Poppies

For an eye-filling display of rich, brilliant coloring and graceful form, nothing quite equals Oriental Poppies during their period of flowering. They bloom in May and June just after the peonies have given their burst of color, and remain to bloom with the magnificent English Delphiniums. Their startling color effect and the satiny soft quality of the petals are fascinating almost beyond description. An unusual cut flower for arrangement purposes. 3 to 3½ feet tall.

Beauty of Livermore. Intense dark crimson, the finest of its color. 35c each; 6 for \$1.75.

Enchantress. A delicate, soft lilac rose. One of the best in this color, which achieves its highest perfection when plant is grown in light shade. 40c each; 6 for \$2.00.

Mrs. Perry. A soft salmon rose of exquisite shade. This excellent variety is deservedly popular. 35c each; 6 for \$1.75.

Orientele. Brightest crimson-red. Dark markings at petal base. An interesting contrast when opened. 30c each; 6 for \$1.50.

Perry's White. Sparkling, shining white with maroon blotch at each petal base. Strong grower. 40c each; 6 for \$2.00.

Sass' Pink. No doubt one of the finest and largest pink poppies. The immense blooms are of fine crepy texture and lovely light delicate flesh-pink shade. See picture at left. 65c each; 6 for \$3.25.

Aquilegia
Crimson Star

Hardy Herbaceous Plants for Fall Planting

A limited selection of the finest kinds of perennials—all of which are best planted in the autumn. They are of traditional Flowerfield quality. Vigorously rooted, sturdy growers, free flowering. Be certain to put some of them in your garden now for garden dividends next season. Postpaid, as are all our products.

ALYSSUM SAXATILE COMPACTUM

Early spring plant, with golden yellow flowers. Excellent for edging and rock gardens. 12 inches. 30c each; 6 for \$1.50.

AQUILEGIA (COLUMBINE)

Ideal for almost any garden spot, in full sun or partial shade. The foliage is very decorative especially in the autumn when it becomes bronzed.

Crimson Star. Very large flowers with crimson spurs and white petals. A fine new color. 30c each; 6 for \$1.50.

Clematiflora. Flowers resemble a Clematis, pastel shades. 35c each; 6 for \$1.75.

Longissima Hybrids. Bright yellow, copper and bronze shades, with spurs 4-5 inches long. 35c each; 6 for \$1.75.

Mrs. Scott Elliott's Hybrids. Mixed pastel shades with very long spurred flowers. 30c each; 6 for \$1.50.

ASTILBE SPIREA

An excellent shrubby plant with flowers borne in graceful plumes. Extremely hardy. Makes a lovely accent in the border.

Gloria Superba. Cerise pink flowers in July. 2 feet high. 40c each; 6 for \$2.00.

Peach Blossom. Pale blush pink flowers in June. 2½-3 feet high. 30c each; 6 for \$1.50.

Queen Alexandra. Rich pink. June-July. 2½ feet. 30c each; 6 for \$1.50.

CAMPANULA

A long time favorite, there is no spot in the garden where some one of the different forms of Campanula will not be appropriate. Colorful and with an attractive foliage, they are most useful as a garden subject.

Calycanthema (Canterbury Bells). Large cup and saucer shaped flowers, blooming in June on 3 foot plants.

Blue Bell. Charming soft true blue. 30c each; 6 for \$1.50.

White Elf. Pure snow white. 30c each; 6 for \$1.50.

China Pink. Soft pastel pink. 30c each; 6 for \$1.50.

Carpatica. Dwarf compact plants about 8 inches tall. Flower from July till fall. Ideal for edging or rock gardens.

Blue Star. Clear blue. 30c each; 6 for \$1.50.

White Star. Clear white. 35c each; 6 for \$1.75.

Persicifolia. Light cheerful flowers that are more shallow than bell shaped. 3 feet tall. Bloom in June.

Albiflora. Lovely, veined white. 35c each; 6 for \$1.75.

Coerulea. Soft azure blue. 30c each; 6 for \$1.50.

DAPHNE CNEORUM

Delicate, sweet scented rose pink blooms completely cover this shrub-like plant in spring and again in the autumn. 6-8 inches high. 65c each; 6 for \$3.25.

DICENTRA (BLEEDING HEART)

Eximia (Plumey Bleeding Heart). 12-15 inches. An ever-blooming, dwarf variety with finely cut foliage and showy pink flowers throughout the season. Splendid for part shade. 35c each; 6 for \$1.75.

Spectabilis. Graceful plant of shrub-like appearance with many rose colored, heart shaped flowers, pendant from long slender branches. Ideal to use for foundation planting as it does well in sun or shade. Blooms in May and June. 2 to 3 feet tall. 35c each; 6 for \$1.75.

PHLOX

There is no substitute for the Hardy Phlox border during the late summer and early fall. Their clear brilliant colors, profuse bloom and strong growing habits are a delight to all. They are particularly lovely in combination with *Lilium Auratum* and *Speciosum* during July and August. Fall planting in a sunny border is best.

Augusta (Plant Patent 252). The finest American-Beauty red ever introduced. Strong growing plant to about 2½ feet. Rich bronzy green foliage and stem. Color does not discolor or bleach in the sun. A remarkable vivid color variety. 50c each; 6 for \$2.50.

Count Zeppelin. Large white flowers with red eye. Non-fading and very free-flowering. One of the best of the types. 35c each; 6 for \$1.75.

Enchantress. A bright salmon-pink with dark eye. Rich, green, glossy foliage. Strong grower. 30c each; 6 for \$1.50.

Ethel Pritchard. A delightful mauve-blue color. Gives interesting color effects according to the light of the day. Rugged grower. 35c each; 6 for \$1.75.

Leo Schlageter. An unusual shade of red. Its brilliant scarlet blooms seem to be on fire. Fine growing habits. Full rich bloom heads are borne on stems 3 feet high. 35c each; 6 for \$1.75.

Mary Louise. A pure glistening snow-white new variety of great loveliness. The best white with blooms twice as large as any other white. Medium height; sturdy grower. 50c each; 6 for \$2.50.

Miss Lingard. White flowers with faint pink shading in center. Long shiny green foliage. Blooms from June to October. 30c each; 6 for \$1.50.

Salmon Glow. Shell pink with delicate salmon markings. Dwarf in habit. Lovely variety. 35c each; 6 for \$1.75.

PRIMULA

A small, but vital perennial for early spring bloom. Used usually to edge the daffodil or tulip border, it is surprisingly attractive when naturalized.

Cashmeriana. Large flowers of a fine purplish blue shade, excellent in shade or sun spot. 35c each; 6 for \$1.75.

Pulverulenta. 3 feet high. Rich crimson flowers. One of the best reds. 35c each; 6 for \$1.75.

Vulgaris. Old English Primrose with pale yellow flowers. 30c each; 6 for \$1.50.

LUPIN

Colorful and showy plants for the border, growing 3-4 feet high, in May and June. The flowers are borne in great profusion on long stemmed spikes. Their dramatic color effect in the garden is greatly to be desired.

Art Shades of Pink. 30c each; 6 for \$1.50.

Art Shades of Blue. 30c each; 6 for \$1.50.

Art Shades of White. 30c each; 6 for \$1.50.

Russell Strain. These famous new hybrids have become very popular. They come in a variety of deep, rich colors, yellow, red, and bi-color. The florets are very large and stay on the spike throughout the whole period of development. 75c each; 6 for \$3.75.

VERONICA

Their graceful feathery plumes give a varied texture to the design of the garden. A favorite cut flower for use in the Old English arrangements. Does well in shade or full sun.

Blue Spire. An improved strain having dark bushy foliage and deep blue flowers. 2 to 2½ feet high, and flowers all summer. 40c each; 6 for \$2.00.

Royal Blue. A true flag blue, splendid in the border. 1-1½ feet high; blooms in June and July. 30c each; 6 for \$1.50.

Spicata Nana (Dwarf Speedwell). Bright blue flowers, 4-6 inches high. A lovely variety for edging or the rock garden. 30c each; 6 for \$1.50.

VIOLA CORNUTA (Perennial Pansy)

These lovely plants with their bright and shining faces, add color and freshness to the border, starting with the Tulips and carrying on through the summer. They are valuable as an edging or may be used for ground cover under the roses. Pick these flowers freely and prolong the blooming season.

Apricot Queen. Apricot yellow. Lovely combined with La Tulipe Noire. 30c each; 6 for \$1.50.

Arkwright Ruby. Very large ruby colored flowers of velvety texture. 30c each; 6 for \$1.50.

Avalanche. Many large snowy white flowers, blooming continually. 35c each; 6 for \$1.75.

Jersey Gem. One of the best Violas. Deep violet-blue flowers on compact bushy plants. 35c each; 6 for \$1.75.

Maggie Mott. Large lavender flowers with heavy fragrance. 35c each; 6 for \$1.75.

Roses

for fall Planting

Flowerfield lists for your selection the best varieties. Everyone is of the finest quality, full-stemmed, with robust root systems, tested and proved by two years of field growth, true to name, free from disease and carefully packed to reach you in perfect condition.

Doublons

Hybrid Tea Roses

The darlings of the entire rose family. Hybrid teas give us everything—prolific bloom, June 'til frost, exquisite self colorings and blends, stately form of flower and foliage, and a hardiness unmatched by any other type. They will bring constant joy to you and radiant color to your garden. We offer only the choicest and most popular varieties which will provide an abundance of bloom all summer.

Dickson's Red. An Irish rose that is the finest red rose we have seen. A true bright red. Plant Patent 376. \$1.00 each, 6 for \$5.00.

Edith Nellie Perkins. Blooming prolifically, this excellent rose produces long stemmed golden pink flowers accented by darker outside petals. Fine for cutting. 65c each, 6 for \$3.25.

Etoile de Hollande. Brilliant large dark red, double flowers on long stems combine with exceptional fragrance to make this one of the finest roses grown. 65c each, 6 for \$3.25.

Golden Dawn. Straw yellow bud, flushed old rose, develops into large double sunflower-yellow, fragrant flowers. One of the best yellows for the garden. 75c each, 6 for \$3.75.

Killarney Double White. A strong, free flowering plant, the snow white flowers of this lovely rose are almost immune to mildew. 75c each, 6 for \$3.75.

Miss Rowena Thom. Large sized fragrant blooms, and sturdy carriage distinguish this popular variety. Rose pink with a tint of gold running through the petals. 75c each, 6 for \$3.75.

Mme. Jules Bouche. A fine white garden rose—fragrant, large, altogether lovely. 65c each, 6 for \$3.25.

Mrs. E. P. Thom. Slender, pointed yellow buds open into blooms of purest canary yellow. The flower literally covers the plant. 75c each, 6 for \$3.75.

Mrs. P. S. duPont. A deep rich golden yellow which does not fade. Long pointed buds which form medium sized flowers in abundance. 75c each, 6 for \$3.75.

President Herbert Hoover. A large, free blooming rose of canary yellow suffused with a rose pink blush, a lovely and deservedly popular rose. 65c each, 6 for \$3.75.

Radiance. This pink fragrant rose has long been the "standard" in its color class. A fine old favorite. 65c each, 6 for \$3.25.

Red Radiance. Darker than Radiance, this rose retains all of the desirability that its prototype enjoys. 65c each, 6 for \$3.25.

Talisman. One of the most popular of all Roses. A beautiful mixture of golden yellow, orange, and scarlet colorings. Very fragrant. 75c each, 6 for \$3.75.

GIANT EXHIBITION PANSY SEED

Acknowledged the finest and earliest of the hardy annual pansies, these lovely plants will add great colour to your spring garden. Bordering the tulips or daffodils, pansies will enhance any garden setting. One of the important extras.

Packet.....25c

Cultural directions: Sow seed in September for transplanting in the early spring. When the plants show 2 or 3 leaves, separate and place in a sheltered place, or cold frame, and cover with straw or leaves. Next spring plant where desired in the garden—near the tulips, in the border, or in beds by themselves.

Climbing Roses

Perhaps nothing more enhances the garden than the new climbing roses. Properly selected for growing habit and color, and wisely placed for accent value, they supply a very desirable charm and quaintness. Today's hardy climbing roses produce great clusters or large-sized individual blooms of unbelievable beauty and fragrance.

American Beauty. A strong healthy rose of bright crimson which shoots up 10 to 12 feet into the air. Considering its height and number of lovely blooms, it is truly magnificent. 75c each, 6 for \$3.75.

Blaze. A climber that is everblooming as well is the achievement of Blaze. When on fire with bloom, the effect of this lovely rose forces one to stop and admire. Plant Patent 10. \$1.00 each, 6 for \$5.00.

Doubloons. The best all purpose yellow climber, Doubloons is noted for its large golden flower which literally cover the plant for long periods. Dark bronzed foliage accents the picture. Plant Patent 152. \$1.00 each, 6 for \$5.00.

Dr. W. Van Fleet. Pale pink flowers, borne on long sturdy stems, carrying many exquisitely shaped blooms. This variety is good for cutting. 65c each, 6 for \$3.25.

Madame Gregoire Staechelin. The immense pink flowers of this lovely variety often listed as Spanish Beauty, are indeed a stunning sight. Excellent for cutting too. 75c each, 6 for \$3.75.

New Dawn. Universally acknowledged as the best everblooming hardy climbing rose. Light blush pink that fairly bursts with blooms all summer long. Plant Patent 1. \$1.50 each.

Paul's Scarlet Climber. The popularity of this lovely flower is due to its size, brilliant scarlet color, and glory of blooms. A must for a trellis or garden wall. 75c each, 6 for \$3.75.

Silver Moon. This fine white climber is so well appreciated because of the chaste beauty of its pristine blooms. 75c each, 6 for \$3.75.

Floribunda Roses

Floribundas possess the qualifications for rose success even under the most trying conditions. Extremely hardy, they have unexcelled persistence of bloom through the summer. They are at their best when massed in beds or in with the shrubbery.

Betty Prior. Great clusters of blooms somewhat resembling the pink dogwood blossom. A most desirable permanent plant for mass plantings. Plant Patent 377. 75c each, 6 for \$3.75.

Donald Prior. A rich burgundy red bunch of roses. A fine colorful addition to your garden. Plant Patent 340. 75c each, 6 for \$3.75.

World's Fair. The Rose sensation of the great New York World's Fair, named for it, admired by the throngs in "Gardens' on Parade." Large clusters of velvety, blackish scarlet flowers almost hide the luxuriant foliage. Plant Patent 362. \$1.00 each, 6 for \$5.00.

Insure Next Spring's Lawn with fall-sown Seed

Each year, gardeners are coming more and more to realize the importance of planting lawn seed in the Fall. At this season, Nature lends her unstinting assistance, permitting longer germination of seed, which produces the thick, sturdy roots so necessary to luxurious, lasting turf.

Good seed, of course, is the primary requisite of **good** lawns. Flowerfield mixtures are blended only of choice high quality grasses, carefully selected for every lawn situation.

Flowerfield Sunny Lawn Mixture. A blending of high-grade grasses to produce a long-lasting velvety green lawn. We recommend this mixture for full sun or very light shade. 1 lb. 55c; 5 lbs. \$2.50; 10 lbs. \$4.75; 100 lbs. \$45.00.

Flowerfield Clover Lawn Mixture. A special mixture for difficult places. A lawn composed of this mixture will stand heavy wear. Clover will help eliminate crab grass and weeds. 1 lb. 60c; 5 lbs. \$2.75; 10 lbs. \$5.00; 100 lbs. \$47.50.

Flowerfield Shady Lawn Mixture. A mixture of grasses especially adapted to shade locations. These grasses will form a deep velvety green mat. Add lime to sweeten the soil in shady places. 1 lb. 70c; 5 lbs. \$3.25; 10 lbs. \$6.00; 100 lbs. \$57.50.

Pachysandra. For use in deepest shade, and under dense tree growth. Will thrive where grasses will not succeed. Field grown plants, strong clumps; 12 for \$1.50; 100 for \$7.50.
