ONION SEED.

The past season has proven a very unfavorable one so far as harvesting large crops of seed is concerned, hence we have no doubt, owing to the scarcity and advance in price, many unscrupulous dealers will put on the market more or less of old seed at a low price. In fact, we have noticed in some catalogues buyers are advised to "sow seed more thickly" this season. We apprehend this means a mixture of old with new seed. Of all such dealers we advise our readers to beware. The seed we grow and offer is fully as heavy and of as strong vitality as in any other season.

Good Onion Seed is a great desideratum with all growers, therefore our price for choice first-class home grown heavy seed is not high.

VICK'S

Wholesale Price List

—OF—

SEEDS,

BULBS, PLANTS,

—AND—

FLORISTS' SUPPLIES.

FOR DEALERS ONLY.

JAMES VICK'S SONS, SEEDSMEN,

ROCHESTER, N. Y.

TO OUR PATRONS.

ROCHESTER, N. Y., January, 1893.

These quotations are for the Trade only, and are subject to advance without notice. The seeds quoted are to be relied on as fresh and strictly pure, and of the finest quality, largely grown on our own seed-farms, or under our own inspection. It has been our aim to supply the public with seeds of a superior strain, such as will produce the finest vegetables and most perfect flowers.

In making our prices for the current year, we have endeavored to put them as low as possible, consistent with the cost of producing seeds, etc., of the first quality. We do not, however, attempt to compete in price with parties who have no reputation to lose, and who often furnish seeds of questionable reliability.

SHIPPING.

Purchasers will please send explicit shipping instructions with each order; where no such instructions are given, we shall exercise our best judgment in the matter; but when goods have been so delivered, in first class condition, addressed as ordered, we disclaim all responsibility for any accident, damage or delay that may occur on the route. We pay no freight or express charges unless by special agreement. When goods are desired sent by mail, postage must be added at the rate of ten cents per pound.

Bags, boxes and barrels will be charged at cost. No charge for cartage or packing.

TERMS.

Orders amounting to Ten Dollars, or less, must be accompanied by the cash. To regular customers, orders exceeding that amount for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due December 1st. A discount of one per cent. per month will be allowed when payment is made previous to these dates. *Grass Seed, Clover Seed, Potatoes, and Onion Sets invariably net cash.* Satisfactory reference required from all new or unknown correspondents desiring credit. We decline to send C. O. D. unless a partial remittance is made as guarantee of good faith. *We send out no seeds on commission.*

Prices of Flower and Vegetable Seeds.

FIVE CENT PAPERS—Per 100, \$2.00; per 1000, \$18.00.

TEN CENT PAPERS—Per 100, \$4.00; per 1000, \$35.00.

FIFTEEN CENT PAPERS—Per 100, \$6.00; per 1000, \$50.00.

TWENTY CENT PAPERS—Per 100, \$8.00; per 1000, \$70.00.

TWENTY-FIVE CENT PAPERS—Per 100, 10.00; per 1000, \$80.00.

Not less than 100 papers at the 100 rate, nor than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where a less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

Ounce papers of Vegetable Seeds 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, quart, peck and bushel, are priced net in the body of this catalogue—pints at quart rates, four quarts at peck rates, and twenty pounds at hundred pound rates.

Boxes of Flower and Vegetable Seeds.

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for. The boxes are neat, showy and convenient for retailing from.

THE BOX OF VEGETABLE SEEDS contains 250 five cent papers; retail value \$12.50, price to dealers \$5.00, *delivered on board cars or to express company.*

THE BOX OF FLOWER SEEDS contains \$5.00 worth of retail papers; price to dealers \$2.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

HANDSOME LARGE SHOW CARDS, lithographed in colors, furnished with first order.

For the assistance of those selling our seeds, we will furnish our Abridged Catalogue free, and VICK'S FLORAL GUIDE, when desired, at \$3.00 per hundred; our retail price for same is ten cents each, which is much less than cost.

Choice Plants for Florists.

The plants named are offered at the rates quoted, provided that not less than six of each class or variety are taken.

While we wish to allow our customers to select the varieties of Geraniums, Roses, &c., still we reserve the right to substitute, in case our stock will not warrant the sending of kinds chosen.

Many of our customers select new and high priced plants from our FLORAL GUIDE, and expect us to furnish them at the same price we offer their respective class here. This we cannot do; but will allow a discount of 50 per cent. on all new or high priced plants, and 33 1/3 per cent. on bulbs not offered in the following list.

No charge made for packing. Purchasers to pay their own Express charges.

Especially adapted to the use of Nurserymen and Florists, for the wrapping and packing of plants for shipment. It is superior to the waxed and oiled papers hitherto used in every desirable

particular. We note the following points, viz.: It is stronger. It is absolutely waterproof. It has more perfect surface, no flaws, air-holes, weak spots, or rotten places. It is cheaper, as one thickness of this paper is sufficient where three of the others are required. It can be written on legibly with pen or pencil. It is much pleasanter to handle. It is more attractive in appearance. Four sizes; viz.: 9x12, 12x18, 18x24, 24x36. Price, per pound, 25 cents. 50 pounds or more @ 20 cents.

SULPHO-TOBACCO SOAP.

Wherever tried, this Soap has given the greatest satisfaction; in fact, there is no insect that will not succumb to its power. It is, therefore, unnecessary to enumerate them, or to mention the flowers, shrubbery, berry bushes, vegetables, etc., on which it may be used with great advantage. One or two thorough applications will generally rid the plants of the pest for the entire season.

A • Valuable • Fertilizer

FOR FARM, GARDEN AND FRUIT CROPS.

NITRATE OF SODA.

This valuable fertilizing material is rapidly becoming known and its merits recognized by gardeners and farmers. Nitrogen is one of the most important elements of manures and the most expensive of all. In the form of *Nitrate of Soda*, Nitrogen can be procured cheaper than in any other way. It is a *valuable manure* for nearly all growing crops. The nitrogen in the Nitrate of Soda is quickly appropriated by the roots of plants and pushes them into active, vigorous growth. On garden vegetables and strawberries the effect of this manure is soon shown. *Nitrate of Soda has been used with profit* on grass and all grain crops; and on Potatoes, Beets, Cabbage, Cauliflower, Carrots, Celery, Asparagus, Swede Turnips, Tomatoes, Onions and Parsnips, Currants and Peaches.

With the present high price of labor the true economy is to *raise the largest crop possible* on a given space of land, and in order to do this the best and most appropriate fertilizer must be used. Gardeners and farmers must learn to apply the particular kind of fertilizers their crops need, and in the right proportion to produce the best results. Those who have been using some of the many brands of commercial fertilizers that go under the name of phosphates, will find great benefit from the use of *Nitrate of Soda*, as the probability is that their soils are rich, both in potash and phosphoric acid, and only nitrogen is needed to give the best immediate results. The same is true in most cases where stable manure has long been in use. *Nitrate of Soda* can be used on *all garden crops* at the rate *100 to 300 lbs. per acre*. *Nitrate of Soda on lawns* at the rate of *1 to 2 lbs. to the square rod*, sown broadcast in the spring will add greatly to the *luxuriance of the grass* and keep it green all summer.

Prices, 10 lbs., 50 cents; 25 lbs., \$1.00; 50 lbs., \$1.50; 300 lbs., \$8.50.

At these prices we deliver at R. R. or Express office in Rochester.

VICK'S

Velvet Lawn and Plant Fertilizer.

This is bone reduced to the finest powder or flour with the addition of other chemical substances, forming a combination as a fertilizer of the highest value. It can be recommended for florists' use or for all who raise pot plants, to mix with the soil, ensuring a strong and healthy growth. As the proportion of available phosphoric acid in the bone meal is very large it makes it one of the most valuable fertilizers for lawns. For lawns use a barrel to one-half an acre. This fertilizer is odorless.

Prices, delivered at freight or express office, 10 lbs., 40 cents; 25 lbs., 88 cents; 100 lbs., \$2.75; bbl., \$6.00.

For Market Gardeners' use we have a little coarser grade, called Cyclone Bone Meal, which has given very satisfactory results. Price \$2.00 per hundred pounds; \$40.00 per ton.
