**Special Notice**  Bulbs for fall planting, listed in this Nursery Catalog, can be supplied up to January 1st, although October and November plantings are best. Hastings' Grass seeds are sold the year round. Seed and Bulb orders are shipped separate from Nursery orders.

Nursery plants are shipped after growth is dormant in the fall until about March 15th. We ship as soon after receiving order as weather, digging and packing will permit unless you specify an approximate shipping date on your order. Nursery stock may be planted through the fall and winter; but the earlier the better. Order as soon as you can.

We are Members American Association of Nurserymen: All quotations, prices, contracts and grading are based on Horticultural Standards adopted by this Association. You can depend faithfully on Hastings' Nursery Stocks, Seeds and Bulbs. **GET "EVERYTHING THAT GROWS" FROM HASTINGS'. IT PAY**

**KEEP A COPY OF YOUR ORDER FOR REFERENCE.**
This Nursery Annual is planned to help you with your "Home Beautiful." We could grow hundreds of plants that do fairly well in many various kinds of soil, but important is the need for selecting plants that grow under the conditions of your particular garden. It is necessary to select those kinds that give satisfaction, kinds that will fit into your plans for your "Home Beautiful." We always try to answer your questions about "Everythings", so why not ask us what to plant for particular conditions or results, getting up a planting list or helping you with your plans is part of our service. Where extensive plans or registrations are made, we may have to charge for work but when the plans are ordered from us we can refund even this charge.

Our policy in all nursery sales is to deal direct with the customer. Where items are ordered by landscape gardeners or architects for a customer, we expect the customer to be thoroughly familiar with the sale. We have no agents. We deal direct, so save you the agents' commission and stand D. We want C. O. D. orders because of delays and high collection charges which are unsatisfactory to the customer and expensive to us if uncalled for and returned at our expense.

All transportation charges are to be paid by the purchaser, except where a Postpaid price is stated in this catalog. Our responsibility ceases upon delivery to the forwarding companies. Claims for losses or damages must be made upon the forwarding companies. We will, however, start a tracer for delayed shipments, if notified, and use every means to secure prompt delivery or recovery in cases of loss due to the forwarding companies. We want you to notify us of loss or damage as soon as possible so we may help you collect for same from the express or railway companies.

Shipping Methods Shipping directions should be carefully written on your order sheets; by mail, express or freight. When no directions are given, we shall ship according to our best judgment. Usually we advise express shipments to get the plants in you best condition. Heavier shipments come slower but cheaper by freight, as a rule. Where we make a Postpaid price, we ship by mail or express, at our discretion, and prepay the postage or express charges.

We mail you a post card when your express or freight shipment is made so you may get it from the forwarding companies as soon as it arrives.

Time of Shipment Unless otherwise instructed, orders received during the shipping season will be sent as soon after order is received as possible. Orders booked in advance will be shipped as soon as possible after the shipping season opens.

Shrubs, Roses, Trees and other plants grown in the open field are ready for shipment as soon as growth is checked in the fall. A good rule is to ship them as they stop growing, until growth starts in the spring, about March 15. Balled plants may be shipped at any time, though the colder season is best. Tender or wagoned plants should be shipped as soon as possible after winter hardening, as stated in our regular spring catalog, which is ready for mailing about Jan. 1, each year.

Substitution Our desire is to furnish stock exactly as ordered. Unless we are instructed to substitute, we shall omit any item if we are sold out or for any reason is unable to supply and purchaser will be refunded for shortage.

About Warranty H. G. Hastings Co. give no warranty, express or implied, as to description, quality, productiveness or any other matter, of seeds, plants, or bulbs they send out, and will not be in any way responsible for the crop. If purchaser does not accept the goods on these terms, they are at once to be returned, and any money that may have been paid for them will be refunded. No responsible seedsmen or plantmen gives any warranty.

Growing plants and crops are dependent for success or failure on no single factor. Besides seeds, bulbs or plants as sold that it is impossible for us to give any warranty or guarantee. We have no control over the stock after it leaves our house, as to methods of planting, fertilizing and cultivating, all important factors in the success of any planting. If we should make any kind of a guarantee we would be held responsible for any failure, regardless of cause.

Claims We propose to furnish you with nursery stock according to your order, true to name, well rooted, well grown, properly packed and delivered to the forwarding company in good order as shipped. If for any reason your stock be found by you or any other parties in the markets to which it should be delivered to be unsatisfactory, we will refund the price, or replace the stock, as the case may be. If for any reason the stock does not come up to the standards as stated above, and as shipped, agree to return the stock to us, and we will refund the money paid for such stock.

Our Claims Department does not make any estimates of loss or damages. If our stock is found unsatisfactory, we will replace it at our own expense. In case of any claims we will be glad to mail samples of the stock that we shipped or have information about the same if desired.

Special Prices On large quantity lots, for com-mercial plantings, complete landscaping for parks, subdivisions, estates or other large plantings we shall be glads to make estimates or special prices on request. On smaller or mixed orders, the prices stated in this catalog will govern.

REMEMBER—NO ORDER TOO LARGE OR TOO SMALL TO SEND TO HASTINGS. IT PAYS TO PLANT RIGHT.

Grass Seeds for Lawn and Field

Kentucky Blue Grass Excellent lawn grass; ideal for golf fairways and putting greens; makes the sweetest and best pasture grass. Maximum growth in spring and early summer; more effective the second year than first. Deep vivid green, leaf blades very narrow and plants are slightly creeping. Ideal growth is 12 inches if left uncut. We make a specialty of finely cut Blue Grass Seed for extensive lawn work throughout the South, where pure vital seed, free from weeds, is essential. Sow 5 pounds per 1,000 sq. ft. in lawns; 40 pounds per acre for pasture. Lb. 15c, Lb. 5.50. Write for quantity prices. Not Prepaid—10 Lb. lots, about 40c per Lb. 100 Lbs. or over, about 35c per Lb.

Italian Rye Grass AMERICAN GROWN. This does exceptionally well in our climate. It is a medium height grass and is thoroughly satisfactory. Makes excellent winter grass following Bermuda in the South and makes heavy hay crops on rich land. An annual grass with tall, broad, flat leaves; plants grow in tufts if left uncut and in spring lawns with its quick growth. Sow it in Bermuda sod, each fall, for a velvety green lawn the year round. Sow 5 Lbs. per 1,000 sq. ft. for lawn; 50 Lbs. per acre for pasture. Lb. 15c, Lb. 5.50. Write for quantity prices. Not Prepaid—10 Lb. lots, about 14c per Lb. 100 Lbs. or over, about 13c per Lb. Write for prices.

Italian Rye Grass IMPORTED SEED. Just as satisfactory as American grown seed. Lb. 35c, 5 Lbs. $1.50. Not Prepaid—10 Lb. lots, about 17c per Lb. 100 Lbs. or over, about 15c per Lb. Write for prices.

English or Perennial Rye Grass Similar to Italian Rye Grass, but Rye Grass acts as an annual in the South. Rapid grower, fine winter and spring lawn grass with its quick growth; smooth, narrow, flat, shining leaves, ideally reaching 3 feet in summer. Excellent for extensive lawns, exceptionally valuable for fall and early spring planting. Also very valuable for hay and pasture. Sow 5 Lbs. per 1,000 sq. ft. for lawn; 50 Lbs. per acre for pasture. Lb. 15c, Lb. 5.50. Write for quantity prices. Not Prepaid—10 Lb. lots, about 18c per Lb. 100 Lbs. or over, about 16c per Lb. Write for prices.

Crested Dog’s Tail Adapted to hard, dry lawn soils. Grows 3 feet tall in summer; useful for lawns when ground is cold. 1/4 Lb. 25c, Lb. 5.50. Write for quantity prices.

Bermuda Grass Seed should be sown between March and June. Sow 1/2 Lb. per 1,000 sq. ft. of ground when ground is cold. 1/4 Lb. 25c, Lb. 5.50. Write for prices. Not Prepaid—10 Lb. lots, or about 60c per Lb.

Johnson Grass Planted in early fall or spring, 50 Lbs. per acre will give permanent summer pasture and hay crop for about 25c per Lb. Not Prepaid—10 Lb. or over, about 15c per Lb. Write for prices.

Red Top or Herd’s Grass Valuable for lawns and narrow, becoming very narrow with lawn cultivation. Plants slightly creeping and ideally growing 2 feet high in early fall. Grows on all soils but best on low, stiff, moist land. Holds well in clay soils; does not need mowing; stands wet weather and overflows for even 2 or 3 weeks. Chief value is for winter pastures. Sow about 15 Lbs. per acre. Lb. 40c. Not Prepaid—10 Lb. lots, about 23c per Lb. Write for prices.

Creeping Bent Grass Adapted to all soils especially moist lands. Makes velvety, thick, beautiful, soft lawns and golf greens. Maximum growth is 12 inches in early fall if left uncut. Stands shade fairly well. We hand selected and used in our Shady Lawn Mixture. Lb. $1.25, 5 Lbs. $5.00. Write for quantity prices.

Rough Stalked Meadow Grass Very coarse, tough, hardy perennial. Good for all soils, even sandy and under trees. Grows 6 feet tall in early summer; leaves narrow and flat; not creeping. Lb. 75c, 5 Lbs. $3.50. Write for quantity prices.

Orchard Grass Widely used for hay and pasture and it even thrives under trees. Grows on all soils, reaching ideally 4 feet in late spring with its bluish green plants with flat leaf bases. Bears closest grazing. Sow 45 Lbs. per acre. Lb. 40c. Write for quantity prices. Not Prepaid—10 Lb. lots, about 25c per Lb.

Timothy The most important hay and pasture grass for the northern part of the South and farther North. It is a coarse, hardy, coarse stand of seeds; grows 3 feet in summer on rich land. Sow 30 Lbs. per acre. Lb. 35c. Write for quantity prices. Not Prepaid—10 Lb. lots, about 15c per Lb. 100 Lbs. or over, about 10c per Lb.

Tall Meadow Oat Grass Grows 4 feet tall in early summer; furnishes two cuttings annually and is very hardy, stands heat and cold and can be grown on all soils. Vigorous plant with very broad leaves resembling a slender, small oat plant. Sow 33 Lbs. per acre. Lb. 40c. Write for quantity prices. Not Prepaid—10 Lb. lots, about 20c per Lb. 100 Lbs. or over, about 18c per Lb.

Meadow Fescue or English Blue Grass Grows 3 feet tall in summer with very broad, flat leaves; giving an abundance of hay and pasture grass. Sow 25 Lbs. per acre. Lb. 40c. Write for quantity prices. Not Prepaid—10 Lb. lots, about 23c per Lb.

Carpet Grass Grows 3 feet tall in early spring farther North. It is a coarse, hardy, coarse stand of seeds; grows 3 feet in summer on rich land. Sow 30 Lbs. per acre. Lb. 35c. Write for quantity prices. Not Prepaid—10 Lb. lots, about 15c per Lb. 100 Lbs. or over, about 35c per Lb. Write for prices.

PULVERIZED SHEEP MANURE

Best for Lawns, Vegetables, Flowers, Trees, Fruits and Shrubbery

The real secret in making a beautiful, velvety green lawn or park-way, provided you have good, heavy, plump, vigorous seeds; the real secret in making vegetable and flowering plants grow to perfection from good seeds, lies in preparing a rich, mellow soil. We use many tons of Sheep Manure on the Hastings’ Plantation, especially for our extensive trial grounds and for summer flowering bulbs. We use it on our own lawns each year and sell many carloads in Atlanta, in every month of the year, for lawns and gardens.

Cheap, Easy to Use—Gets Results

This concentrated, weedless manure is made up of sheep manure, finely cut and ultra luxuriantly. It is not a combination of chemical stimulants but a real soil building plant food—safe and dependable. When thoroughly digested, it stimulates plant growth but supplies humus to the soil for retention of moisture and air circulation, is slow acting to give plants food over the whole season of growth and it puts new life in worn out soils.

Wizard Brand Sheep Manure is economical to use in your flower pots, porch boxes, flower beds, lawn and garden, around fruit and shade trees and for shrubbery and other plantings. One 100-Lb. bag is equal in plant food value to a whole wagon load of barnyard manure. The cost of 10 Lbs. of manure, hauling it, composting it or just spreading it will very likely be far more than the cost of a bag of Wizard Brand. Being dry and pulverized, Wizard Brand is convenient and easy to use, not objectionable to handle and it makes your lawn and garden grow and bloom with new life. It makes a good garden soil. For excellent results use 100 pounds. one bag, to 1,000 square feet (50 by 50 feet) of lawn or flower yard. Use 1,000 pounds or more per acre. Have the finest garden and the most beautiful plantings in your neighborhood this year and have a velvety green lawn with Sheep Manure.

Prices of Wizard Brand Sheep Manure

Fertilizers are not allowed to be mailed.

NOT PREPAID—Lb. 15c, Bag 50c, 100 Lb. Bag $1.50, 100 Lbs., or over, about $2.50 per 100 Lb. Bag. Prices subject to change. Write for our best quantity prices when ready to buy. Sheep Manure is shipped by express or freight.
Notice the Evergreen lawn on the inside rear cover page. You too, can have a beautiful lawn with Evergreen Lawn Grass. Hundreds of the finest and the most humble homes in Atlanta and throughout the South have beautiful lawns the year around and so can you make your home "The Home Beautiful" with a velvety green lawn. Without a green lawn no home is really attractive. This is our own mixture proved by years of lawn making to be the best for the South. You cannot buy it elsewhere. It makes a quick show on well prepared soil soon becomes a beautiful velvety lawn. It stands summer heat and drought without serious injury, coming out again when the rains begin. If watered thoroughly once or twice a week during hot dry weather of course it will stay green all the time, as it does fine without attention during the fall, winter and spring. Follow our "Culture" directions closely and failure will hardly be possible.

**PRICES**—Pounds, 55c. 5 Pounds, $2.50. Not Prepaid—10 Lbs., 40c per Lb., 100 Lbs., 35c per Lb. Prices subject to change.

**Complete Lawn Units** For your convenience and guidance so you may be certain you have the right quantity of seed and fertilizers—all that’s necessary for a fine lawn—we supply complete units for 1,000 sq. ft. of lawn (50x20 ft.) in any of our Grass Mixtures desired—5 Lbs. Grass Seed, 100 Lbs. Pulverized Sheep Manure, 5 Lbs. Nitrophoska, as listed below. F. O. B., Atlanta. Evergreen Lawn Grass Unit—$6.55. Sunny South Lawn Grass Unit—$8.90. Shady Lawn Grass Unit—$6.50.

**Lawn Culture** Sow Hastings’ Lawn Grass Mixtures this fall and winter, earlier the better, for new lawns or reseeding old lawns. Spade or plow the soil 12 inches deep, remove all rocks, roots and litter. Apply a mixture of 100 pounds of Pulverized Sheep Manure and 5 pounds of Nitrophoska to each 1,000 square feet, plant 50x20 ft. (Wizard Sheep Manure is subject to much heat to destroy weed seeds, disease and all plant life so is best. Sheep Manure is the most concentrated of live-stock manures and is also excellent humus material to retain moisture and available plant food. Nitrophoska is the most concentrated fertilizer there is, analyzing 30-15-15, quickly available plant foods. Besides its own great plant food value it acts directly on the manure so 2 to 3 times the plant food value is obtained from the manure as would be available without Nitrophoska.) Apply this Sheep Manure and Nitrophoska by spading or plowing. Rake thoroughly, mixing fertilizer with soil and working the soil down smooth, fine and level. Sow seed carefully so not to skip spots.

5 Lbs. of seed will plant 1,000 sq. ft. (50x20 ft.). Plant a plenty of seed or you won’t have a thick velvety lawn. Grass seed must not be covered with soil. After sowing seed, roll the soil surface with a lawn or tennis court roller or firm the surface in some other convenient way. This firming is all that is necessary. Grass seed needs only to be pressed into a firm seed bed. (Total needed per 1,000 sq. ft. of lawn—3 Lbs. Grass Seed Mixture, 100 Lbs. Pulverized Sheep Manure and 5 Lbs. Nitrophoska.)

**FERTILIZERS**—On Page 4 you will find description and prices on Sheep Manure. On Page 11 you will find other valuable fertilizers and plant foods listed.

**Hastings’ Evergreen Lawn Grass,** properly planted during the fall months and winter will make your house into “The Home Beautiful.” Lawn Grasses are a great specialty with us and special mixtures for golf courses, polo grounds, lawn tennis courts, parks, subdivisions and pastures are our most interesting problems. Our success is due to the highest grade seeds and experience.

**Hastings’ Sunny South** For the lower half of the South we recommend this special mixture. In the fall and winter months particularly, for a velvety green lawn all through the winter and spring until the hot sun of midsummer kills it down, unless regularly watered. These grasses are largely fast growing and make a quicker grow than any other mixture. They are all good lawn varieties and will give satisfaction. This mixture also good for very sunny locations farther North but “Evergreen” is finer and better. In planting, follow Lawn Culture directions above. When you make a lawn, plant it properly. Lawns are easily made if done right. Remember, for a quick show and a heavy green lawn this is the best mixture you can plant. Hastings’ Sunny South Mixture.

**PRICES**—Lb., 50c. 5 Lbs., $2.25. Not Prepaid—10 Lbs., 35c per Lb. 100 Lbs., 30c per Lb. Prices subject to change.

**Grass Prices** Grasses can be bought for almost any price, and you cannot expect a good lawn if you buy "off-grades."
Bulbs For “The Home Beautiful”

Our earliest and by far most beautiful early spring flowers come from fall planted bulbs. For years and years Holland and France have been noted for their bulbs and over the whole world a great many growers. The great specialist growers are noted all over the world and the best of these great specialists grow bulbs for us to supply to you with the most delightful Tulips, Hyacinths, Crocus, etc., that are to be found anywhere.

The writer, W. R. Hastings, has taken special interest in bulb growing, carefully inspecting great growing fields and bulb storing houses in Holland, France and all over America. He has been to the Hastings' Plantation, thousands of bulbs are grown in trials, where we can see just what varieties do best year after year in the South. Our bulb business is growing perhaps faster than any other line of our seed trade and we are doing everything possible to give you the very best tried varieties that have found to do best in the South.

Some of our customers think it strange that we pay several dollars or many dollars apiece for some new bulb introductions. It is not strange after we grow them and see that some are beautiful and brilliant new varieties and worth supplying to our customers. As quickly as we can grow or have our special growers grow them we list them for sale. We particularly want to call your attention to our prices. Other reliable houses generally charge 25 to 50 per cent higher prices for these highest quality, largest sized bulbs. This means something to you, too.

Hastings’ Mammoth Crocus

First of all Spring Blooms The Crocus is the first flower to bloom in the spring. Farther north it is often seen while the snow still covers the ground. In the South it is perfectly hardy and may be left in the ground to bloom for years. Most every other thing is white, snow and all cold weather, but the undaunted Crocus comes right out with its beautiful appearance and lets us know that spring is on its way.

Crocuses may be planted for bed effects with other bulbs and will bloom and be out of the way before the other bulbs make their appearance. They may be grown also in and around boxes but their natural and most beautiful effect is from planting them all through your lawn. They grow very low and will not hurt the lawn, which can be mowed or cut close except during the two or three weeks the crocuses are in bloom. So early in the season there is little lawn growth anyway so the appearance of the lawn is not bothered if left uncut while these delightful harbingers of spring are in a profusion of bloom.

It is best to plant the clumps of bulbs near your drive, lawn or flower bed. The fragrance is so strong and delightful rich colorings at a time when no other flower is in bloom outdoors.

A charming effect is made by planting them in clumps or singly anywhere and everywhere in your lawn. They are most effective, of course, when planted in large numbers, say about 500 in a bed or a part of your lawn.

HASTINGS’ NEW GIANT FREESIAS

The sweetest flower that grows. These small bulbs give very delicate and beautiful blooms, their fragrance being especially delightful. In your home window these exquisite new Freesias will flower in six weeks after growth starts. The glittering flowers are borne on long stems and are very valuable for cutting. Plant a few every couple of weeks from August to October for a continuation of blooms. The foliage is short, narrow and slender and it is well to use light stakes in the pots for support. Our new colored varieties are simply exquisite. They are the finest varieties in existence and are grown for us by the greatest Freesia specialist known. He is the originator of the exquisite colored Freesias, Mr. Alois Frey, the foremost grower and adherent of the two most famous varieties, Purity, the pure white, and, of course, still the most popular variety in cultivation.

2200 REFRACTA ALBA—Purity White. Standard and most popular Freesia greatest interest and attention than muses and necessary for the earliest and finest bloomers. 2½ to 3½ inch bulbs are worth only $1.00 per 1,000 and are not very satisfactory, to show you the difference. 6 for $3.00, 12 for $5.50, 100 for $35.00, 1,000 for $40.00.

2205 AMETHYST—Amethyst Blue. Beautiful new blue with light center. Strong sturdy growth. 3 for $2.50, 12 for $7.50, 100 for $35.00, 1,000 for $40.00.

2210 CALIFORNIA—Golden Yellow. Large flower, long stems, extra fine growth. 3 for $2.50, 12 for $7.50, 100 for $35.00, 1,000 for $40.00.

2215 CARMENCITA—Orange Salmon. Buff shading on lower petals; beautiful coloring, long stems. 3 for $2.50, 12 for $7.50, 100 for $35.00, 1,000 for $40.00.

2225 ILENA—Lavender. Rosy tint, white throat, orange blotch on lower petals. Large, attractive flowers. 3 for $2.50, 12 for $7.50, 100 for $35.00, 1,000 for $40.00.

HASTINGS’ LILY OF THE VALLEY

2695 The finest Lily of the Valley “Pips” in the world are sold by Hastings. They are not grown in America. Holland-grown Pips are cheap, inferior, and do not bloom like the Berlin-Wittenberg type imported direct. These Pips are the best of all for all forcing purposes and will do fine for you for pot or box growing this coming winter in the house. We are anxious for you to compare our Pips and their splendid blooms with any you can obtain anywhere. Remember, our Berlin-Wittenberg type Pips are “Top-Size” only. They produce strong spikes of 12 to 20 extra large, pure white bells each and are delightfully fragrant. The finest Pips, very easy for anybody to grow and about the quickest bulb we know to bloom. 12 weeks.

PRICES—Top Size Crowns or Pips—6 for $1.75, 12 for $3.50, 25 for $7.50, 100 for $6.00, 1,000 for $50.00. (Finest Florists’ Quality, Properly Cured, Ready to Bloom.)
HARDY LILIES

Everyone loves the exquisite and chaste outdoor grown Lilies with their majestic beauty. They are called the Glory of the Garden. They are easy to grow and most of them may be left for years undisturbed. Lilies may be had in bloom from May until September in the garden. Surely you will want at least a few and perhaps some Easter Lilies (Lilium Harrisii) for indoor blooming. Please read carefully when bulbs of the different varieties arrive in America and when they should be planted.

The most popular of all Lilies, the first to flower in May and is exquisite in hardy border plantings. Snowy white in color, grows 4 to 5 feet tall, with 15 to 20 blooms. Fragrant, thrives in sun or shade, though prefers sun, and lasts for years. Grand old garden flower.

Set bulb slightly on its side, cover 2 or 3 inches and a little

sand beneath the bulb is fine. A tuft of leaves appears in the fall, which may be covered with leaves or straw for winter protection from hard freezes. Largest Size, Monster Bulbs—6c each. 3 for $1.00, 12 for $3.50, 100 for $25.00.

LILIAM AURATUM "Golden-rayed Lily"

Bulbs arrive from Japan in late November and may be planted from December to April.

One of the finest and most popular hardy garden Lilies. Flowers are pure white, thickly studded with crimson spots and along the middle of each petal runs a clear golden band, truly a gorgeous creation. Grows 3 to 5 feet high and enormous flowers are 6 to 12 inches across with delightful fragrance. Plant bulbs about 6 inches deep with a little sand under bulbs for drainage. They do best in perennial borders or where lower part of plants are sheltered from hot sun. Bloom from June through the summer and make a gorgeous display when 6 to 12 are planted together. Monster Bulbs—50c each. 3 for $1.35. 12 for $5.00. 100 for $10.00.

LILIAM REGALE "Regal Lily" Originally from China. Bulbs now grown in America and received in October. Plant from October to April.

Generally considered the most beautiful of all Lilies. Rather new and rare as yet but easily grown and in great demand all over America. Flowers are white suffused with pink and with an exquisite shade of canary-yellow towards the center. The fragrance is fascinating and you will be delighted with its charming beauty. Well grown plants often produce 5 to 8 large blooms on 3 to 4 foot plants in June.

LILIAM SPECIOSUM MAGNIFICUM "Oriental Orchids"

Bulbs arrive from Japan in late November. Planted from December to April.

Extremely beautiful Lily of frosted white and spotted, clouded and bordered with deep pinkish crimson. Belongs with Auratum and truly named "The Magnificent." Grows 3 to 4 feet high with reflexed petals and massive blooms. Larger flowers, stouter stems and better than Rubrum, Roseum or Melpomene of the Speciosus group. Blooms in August and does well planted with Auratum, an equal favorite. Monster Bulbs—50c each. 3 for $1.35, 12 for $5.00. 100 for $10.00.

LILIAM SPECIOSUM ALBUM

Delicate colored Oriental Orchid Lily with reflexed petals or glistening crystal white, feathered green with green anthers. Otherwise similar to Magnificum and Auratum with which it belongs. Bulbs arrive in late November. Plant December to April. Blooms in August. Monster Bulbs—60c each. 3 for $1.35, 12 for $5.00, 100 for $10.00.

LILIAM TIGRINUM "Tiger Lily"

The well-known giant single Tiger Lily that does so well in almost any location. Large flowers of orange-red with black spots. It grows 4 to 5 feet tall with large pyramids of very attractive flowers about July and every home should have some of these. 50c each. 3 for 79c, 12 for $2.50. 100 for $20.00.

Lilium Tigrinum, Double

Same as Lilium Tigrinum except that flowers are double instead of single. Very satisfactory and popular. 30c each. 3 for $3.00, 12 for $10.00.

TENDER LILIES INDOORS

For indoor culture, because the famous Easter or Formosum type Lilies are not hardy outdoors, we offer the famous Bermuda Lily, Lilium Harrisii. The hardy kinds listed above may be grown in pots indoors also but their chief use is in the open. The enormous demand at Easter time for the pure white Easter Lily has caused hundreds of thousands to be grown in greenhouses for the florist trade. These sell ordinarily at 50 cents per bloom or bud, a plant with 4 or 5 blooms and buds costing $2.00 or $2.50.

LILIAM HARRISII "Bermuda Easter Lily"

Bulbs are grown in Bermuda, reaching us about August. Plant before Nov. outdoors in lower South or in pots indoors for the large trumpet-shaped, pure white, delightfully fragrant spring blooms. This is the dwarf or low growing true Bermuda Easter Lily, in greatest demand and most suitable for pot culture. We have the finest bulbs which make the largest and most flowers—the florists' delight. See the picture on the right of this chaste and beautiful Easter Lily. Mammoth Bulbs—50c each. 3 for $1.35, 12 for $5.00, 100 for $10.00.
Hastings' Giant Trumpet Daffodils

HASTINGS' GROWN DAFFODILS

On the Hastings' Plantation near Atlanta these beautiful Daffodils are grown for you. After inspecting practically all Daffodil bulb crops of consequence in America we say you can get no better bulbs. Bulb growers from Holland and England have also verified this, one of the largest growers in the world saying, "Those are the finest I've seen in America, as fine as any grown anywhere." We ask you to order your bulbs as early as possible. Earliest planting gives best results, but we want our regular customers supplied before the loads of orders come from all over the United States for bulbs that cannot be obtained from other seedsmen or dealers.

We just wish you could see these Giants growing on the Hastings' Plantation. We are growing hundreds of thousands and working with about 200 different varieties. They do fine in pots and boxes in the house during the winter and outdoors for the early spring beds, borders and lawn or naturalized plots. They make beautiful cut flowers. They bloom and increase every year.

CULTURE

Cover the bulb one and a half times its own depth, planting bulbs 5 to 6 inches apart, depending on the size. For greenhouse, pot bed or house culture treat as Hyacinths, except 3 or more bulbs of one variety are planted in each pot.

2533 KING ALFRED—Extra Giant Trumpet. The king of Daffodils. Its size, vigorous growth and deep richness of color make it the Finest Giant Golden Yellow Daffodil. Flowers fully 4 inches across and large trumpet 2 inches across. Second early flowering; height 20 inches. Price each: 2 for 75c, 12 for $2.00, 100 for $20.00, 1,000 for $155.00.

2588 OLYMPIA—Extra Giant Trumpet. See picture above. Out in the field even, the flower grows 3 inches across. Trumpet lips are beautifully fluted, 31/2 inches across. For specimens it is a gorgeous monster. There is nothing superior. Perianth light chrome-yellow; trumpet deep chrome-yellow. Early; height 15 inches. Price each: 2 for 35c, 3 for 75c, 12 for $1.50, 100 for $15.00.

2594 VAN WAVEREN GIANT—Bicolor Extra Giant Trumpet. The biggest Daffodil in the world. See picture above. Perianth soft primrose-yellow with a bright yellow trumpet. Similar to Olympia but slightly larger and later. Height 15 inches. Price each: 3 for $1.40, 12 for $5.00, 100 for $35.00.

2510 EMPEROR—Giant Trumpet. Most popular Daffodil in cultivation; pure yellow primrose of large size with wide, overlapping perianth. Midseason flowering and 18 inches in height. Excellent for naturalizing outdoors. Price each: 2 for 25c, 12 for $1.25, 100 for $9.50, 1,000 for $90.00.

2520 EMPRESS—Bicolor Giant Trumpet. Strong, robust grower with large flowers. Trumpet is rich chrome-yellow and perianth is full and white. See illustration above. Very showy. Midseason flowering; 18 inches high. Price each: 2 for 25c, 12 for $1.25, 100 for $9.50, 1,000 for $90.00.

2533 TRESSERVE—Extra Giant Trumpet. Exceptionally large, longstemmed, vigorous growing, absolutely beautiful and in perfect taste. 5 inch flowers, broad, serrated trumpet mouth. New and a sensation. Canary yellow trumpet, primrose perianth; 18 inches in height. Price each: 3 for $1.75, 12 for $6.00, 100 for $50.00.

2530 GOLDEN SPUR—Giant Trumpet. Perianth and trumpet deep rich yellow; foliage broad and striking. Unusually strong grower and unsurpassed for garden, pots or forcing. First early; extremely free flowering; perfumed; 18 inches. Price each: 2 for 25c, 12 for $1.25, 100 for $9.00, 1,000 for $80.00.

2548 NELLY—White Wide Trumpet. Very pale primrose, turning pure white, both trumpet and perianth. Early, strong grower, and beautiful medium size flowers; 15 inches. A very beautiful white Daffodil, demanding your attention. Price each: 3 for 35c, 12 for $1.00, 100 for $7.50, 1,000 for $65.00.

2545 MRS. THOMPSON—White Long Trumpet. Opens pale primrose, turning pure white, both trumpet and perianth. Second early, distinctive medium sized flower on fine 15 inch stems. Grow some White Daffodils. Price each: 2 for 25c, 12 for $1.25, 100 for $9.00, 1,000 for $80.00.

2580 SIR WATKINS—Extra Giant Incomparabilis. Called the Giant Welsh Chalice Flower. The king of all half-trumpet Narcissi. Sulphur-yellow perianth with deep yellow cup, extra large flower 5 inches across. Midseason; 18 inches. Price each: 3 for 35c, 12 for $1.00, 100 for $7.50, 1,000 for $75.00.

2535 WILL SCARLET—Giant Incomparabilis, Something different. Fiery orange-red, heavily crimped cup mouth, deepest sulphur at base. Perianth is ivory white; flowers over 3 inches wide and beautiful chalice flowered; 12 inches. Latest Daffodil to bloom. Price each: 3 for 50c, 12 for $3.00, 100 for $25.00.
DAFFODILS—NARCISSI

2592 THALIA-Triandrus Hybrid, The Orchid Narcissus. The only one of its kind in the world, the most beautiful and exquisite in creation. Hastings' American introduction. We have grown every flowering sized bulb for sale in America on Hastings' Plantation. Pure paper white, large, semi-trumpet, chalice flowered, looks like a Butterfly Orchid—and produces 3 to 5 blooms per stem. $2.00 each, 3 for $5.50, 6 for $10.00, 12 for $19.50. 100 for $150.00. 1,000 for $1,100.00.

2565 WHITE LADY—Leedsil. Finest of its type. Broad, round, overlapping white perianth, pale canary cup, Eucharis shaped. Strongest, largest and richest flowering. 18 inches. 3 for 35c. 12 for $1.00. 100 for $7.50. 1,000 for $65.00.

2505 ASPASIA—Poetas. Exceptional, very large, very long stemmed; 3 to 5 striking pure white flowers with yellow cups to each stem. Midaeason; 24 inches. Grand. 3 for 35c. 12 for $1.00. 100 for $7.50. 1,000 for $70.00.

2535 LAURENS KOSTER—Poetas. This variety is especially recommended. Holland is crazy about it. Pure white perianth with yellow cups, edged bright orange. Delightfully perfumed; tall, strong stems. Midaeason; 24 inches. 2 for 25c. 12 for $1.25. 100 for $9.50. 1,000 for $90.00.

2570 POETICUS ORNATUS—The Poet's Narcissus. Instead of a trumpet or crown, this has a small, wide-mouthed eye or cup. Very hardy; used in large numbers for outdoor use, naturalizing, and indoors as pot plants and pans. Pure white flowers, saffron-yellow cup margined scarlet. Magnificent cut flowers, free-flowing and popular all over the world. Late; 15 inches. 3 for 35c. 12 for 90c. 100 for $6.50. 1,000 for $60.00.

2590 ORANGE PHOENIX—Finest Double, "Bacon and Eggs." From our many trials we have selected this exquisite variety as easily the best and most beautiful of all doubles for the South. Beautiful double white flowers with rich orange nectary. Splendid for pots, cutting and indoor display. Midseason; 17 inches. 3 for 35c. 12 for $1.00. 100 for $7.50. 1,000 for $70.00.

**Daffodil Collection**

**"A"** One bulb each of 16 of the finest varieties grown today, as listed on Page 8 and above on 9, except Thalia. These would cost you $3.17 if bought separately and a good deal more if bought elsewhere.

All these are hardy outdoor varieties that last for years, and also do fine indoors. Individually wrapped and named—Only $2.50.

**Daffodil Collection "B"** Three bulbs each of these 16 exquisite varieties, individually wrapped and named, giving you a good start of a very wonderful collection. Only $7.00.

**PAPER WHITE NARCISSUS**

2600 See picture to left, growing fine in water. The famous Polyanthus or Paper White Grandiflora Narcissus. The easiest grown and most popular of all bulbs. Good for open ground planting in the lower South, winter pot culture in the house and delightfully grown in water as shown in the picture. Our bulbs are of the largest size, grown in the lower South, where they are better adapted than any other place. American sun yellow. For indoor use, beautiful every couple weeks for blooms from December to Easter in the house. Daffodils are fine but nothing can take the place of our large, many flowered Paper White Narcissus—the most popular of all bulbs.

100 for $6.00. 1,000 for $50.00.

2602 GRAND SOLIEL D'OR The yellow flowered polyanthus or many flowered Narcissus, is grown like our famous "Paper Whites" in the South and is especially adapted to growing in pots and boxes in the house for early winter blooms. It is the popular large bunch flowering variety with clear, bright yellow perianth and bright orange cups or eyes. Excellent variety and delightfully fragrant. 25 each. 3 for 35c. 6 for $1.10. 12 for $2.50. 50 for $7.50. 100 for $14.00. 1,000 for $125.00.

2604 CHINESE SACRED LILY This Flower of the Gods, "Shui Sin Far," Water Fairy or Joss Flower as it is called by celestials, is a variety of Narcissus that blooms profusely clusters flowers of silvery white with cups or short trumets of golden yellow.

These largest sized round bulbs are of great vitality and luxuriant growth, producing spikes of flowers within six to eight weeks after planting. They do well in pots of earth but are best if grown in shallow bowls of water with enough pebbles to keep them from falling over when in bloom. A dozen bulbs, started at intervals will give a succession of blooming lilies throughout the winter. 20c each. 3 for 35c. 6 for 85c. 12 for $1.50. 100 for $10.00. 1,000 for $90.00.

**HASTINGS' BULB FIBRE**

Bulb Fibre, such as sold all over the country at from 20 to 50 cents per pound, is groundated Peat Moss. It is fine for potting bulbs indoors, with or without mixing with soil, as well as providing humus for mulching outdoor plantings. Keep this Peat Moss on hand. F. O. B.—10 Lbs. or over, 5c per Lb. Bale, 100-200 Lbs., $5.50.

**Hastings' Bulbs** We make a great specialty of bulb growing on the Hastings' Plantation. We try out a thousand different bulb varieties each year to get the best ones in all the world for you. We also grow hundreds of thousands of bulbs each year and our bulbs from Europe and Japan are the finest and largest of those kinds that come to America. It pays you to get "Everything that Grows" from Hastings'.
Culture
Hyacinths do best in a rich, light loam but do well in any good soil. For bedding and other outdoor planting, set bedding bulbs 6 to 8 inches apart each way and 10 inches apart for the selected exhibition varieties. Cover each bulb about one and a half times its own depth.

For pot culture with the exhibition varieties the most beautiful spikes are made with only one bulb to each 5-inch pot or three or four in a larger pan. It is essential for blooming indoors that the growth be started in the dark. A frequent mistake is made by bringing the bulbs into the light too soon, resulting in a failure to bloom or weak spikes.

Potted bulbs may be entrenched or heeled in the garden and covered with six inches of ashes or gravel for moisture and to prevent frost damage. A bed of ashes should be beneath the pots too, to keep out worms. They may also be kept dark and well watered in a cold-frame or cool cellar. Keep them dark for 12 weeks and then keep them in low temperature (about 50 degrees) for 2 weeks until top growth is well developed. Then you may force them as rapidly as you want. You will have strong, compact spikes by keeping close to the glass or window and giving plenty of air. This extra care is worth while.

For growing in bowls of water, start in a cool, dark place for 12 weeks and then force like potted bulbs.

SELECT EXHIBITION HYACINTHS

These are the finest selected Hyacinths in existence and the largest sized bulbs grown. They produce huge spikes of brilliant, fragrant, exquisite blooms. With them you know you have the best in all the world. Compare our prices with all others.

2395 CITY OF HAARLEM—Yellow. Real exhibition variety; considered the finest yellow Hyacinth. Pure soft yellow, large truss, well filled with bells. Medium maturity, a splendid sort for all purposes and a prize winner. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2390 CORREGGIO—White. Beautiful purest white. A magnificent large flower truss filled with large bells of excellent substance. One of the finest exhibition varieties. Second early. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2400 GARIBALDI—Red. Glowing deep crimson-red with a large spike. An early variety of great merit and the best red for early forcing in pots or bowls of water and a fine outdoor grower. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2410 GERTRUDE—Dark Pink. Dark rosy pink; large compact truss of bloom; strong spike and early bloomer. The most popular pot and bedding Hyacinth because of its color and compact bloom; the florist’s favorite. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2415 GIGANTEA—Blush Pink. The many small bells form one of the biggest heads and it is one of the finest of all for forcing or pot culture. Try it. It’s a beauty. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2420 KING OF THE BLUES—Dark Blue. Perhaps the largest Hyacinth in existence. Splendid, well finished flower truss of a most brilliant shade of bright indigo-blue; excellent for late forcing and bedding. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2315 LADY DERBY—Rose Pink. Very fine large, heavy spike, excellent for pot culture as well as outdoors, with strong stem that holds the truss well and bright pure rose pink. Considered the finest rose pink Hyacinth. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2430 LA GRANDESSE—Pure White. Stands as yet unrivalled as the queen of white Hyacinths. The intense whiteness of the large, fleshy bells and size and shape of truss are unequalled. Perfect form; see picture on left. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2360 QUEEN OF THE BLUES—Light Porcelain-Blue. Unusually bright pure azure blue bells of medium size form a big compact truss on a strong stem. Unrivalled for pot culture. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2440 QUEEN OF THE PINKS—Pink. New novelty, one of the best of the Blues, just as brilliant in color as its parent; very bright rose pink, clear toned; large spike, large bells. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2445 ROI DES BELGES—Bright Scarlet Red. Most popular of the deep reds. Upright, well filled large compact truss. Exceptional bedder as well as for indoor culture. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

2450 YELLOW HAMMER—Creamy Yellow. The most popular yellow; early; splendid forcer. Medium sized bells forming a very compact, ball-shaped, very beautiful truss. 25c each. 3 for 70c. 12 for $2.75. 100 for $20.00.

EXHIBITION HYACINTH COLLECTION "A"—To introduce these wonderful bulbs we offer one each of the 12 varieties above for $2.50. 3 Exhibition "A" Collections for $7.00.

EXHIBITION HYACINTH COLLECTION "B"—One bulb each of the 6 different colors, our selection of varieties, $1.35.
BEDDING HYACINTH BULBS

The following named varieties are, with the Exhibition varieties on the preceding page, the finest varieties in existence. The only material difference is in the size of the bulbs and the slight difference in color. Order the largest bulbs on Page 10 if you can afford it, but you will find the following the finest bedding size bulbs that you can buy. They are especially adapted for bedding and outdoor culture but do well in pots and bowls of water. Plant these by the hundred.

2260 ARENTINE ARENSDEN—White. Pure snow white; spike well filled and perfect round shape. Broad, wide open petals. Early, bright and pretty. 20c each. 3 for 50c. 12 for $1.90. 100 for $15.50.

2265 BUFF BEAUTY—Buff Orange. Very large truss of a soft buff or orange yellow. Very satisfactory and a fine yellow Hyacinth. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2270 GENERAL DE WET—Light Rose. A sport from Grand Maitre; very fine variety with a very broad spike of beautiful light rose flowers. Fine as its parent. 20c each. 3 for 50c. 12 for $1.90. 100 for $15.50.

2275 KING OF THE YELLOWS—Yellow. Handsome compact spike of a rich deep yellow. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2310 LA VICTOIRE—Red. There is no brighter bedder. Bells are close together, forming a long, beavy, splendidly finished spike. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2320 L'INNOENCE—White. The leading white for forcing and bedding; early; pure white. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2325 MARCONI—Deep Rose. Very bright in color, large compact truss, a splendid pot Hyacinth, blooming later than others. Fine form and a very worthy and popular leader. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2330 MENELIK—Dark Blue. Undoubtedly the best very dark blue Hyacinth; almost black, a glistering bluish black. Spike is large and well formed. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2340 MORENO—Pink. One of the earliest pinks and most popular in Europe. Very beavy truss, almost too large. Extra fine for forcing. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2350 QUEEN OF THE WHITES—Pure White. New and meritorious; broad, large truss, fine pure white bells, a gem for late forcing and for bedding. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

2365 ROBERT STEIGER—Red. A very choice new introduction for us. We don't know of anyone else in America with this fine brilliant red. 20c each. 3 for 50c. 12 for $1.90. 100 for $13.50.

Bedding Hyacinth Collection

One each of the above 12 first bedding size Hyacinths—just as fine varieties as the Exhibition Hyacinths, but not quite as large bulbs. These are 15 to 16 centimeter bulbs, while the Exhibitions are top size, 19 centimeters and up in diameter. These are excellent for outdoor use and are good for growing in pots and bowls and vases of water. They are sure to give you fine results.

12 Bulbs—12 Varieties—Individually Wrapped and Named—$1.75 postpaid.

Mixed Hyacinths

Our own mixture of leading varieties, grown separately, so we know they are all fine bloomers and the finest bedding size Hyacinths. 6, all different, 90c. 12, all different, $1.75, 50 for $6.50. 100 for $12.00.

HASTINGS' BULB FERTILIZERS

NITROPHOSKA—The most concentrated of all fertilizers; clean, odorless and a little goes a long ways. Cheap in actual value because very concentrated, containing 30% available phosphoric acid, 15% nitrogen and 15% potash. An ideal complete plant food for pot plants as well as for flowers and other outdoor plantings. Doubles the plant food value of manure when mixed with it. Pound, 50c, postpaid. Not Prepaid—5 Lbs., $1.25, 10 Lbs., $2.00, 25 Lbs., $4.00, 100 Lbs., $12.00.

Floranic (Urea.)—The most concentrated form of nitrogen; also entirely organic so as no bad effect on your soil as does nitrate of soda. Its use is for top-dressings just before blooming time of bulbs, at intervals through the spring and summer on lawns to make grass vigorous and green and to give a luxuriant quick growth and send-off to other plants and crops of late bloomers. Each bag contains as much nitrogen as 2,000 Lbs. of a ton, of good quality stable manure; almost 3 times as much as nitrate of soda and sulphate of ammonia. And, it is water-soluble, almost immediately available and being organic, it has a lasting good effect. It is white, clean, odorless and stainless. Pound, 65c, postpaid. Not Prepaid—5 Lbs., $1.50, 10 Lbs., $2.50, 25 Lbs., $5.00.

PULVERIZED SHEEP MANURE—Described in detail on Page 4. Not Prepaid—25 Lb. bag, $1.00. 100 Lb. bag, $5.00. 500 Lbs. or over, about $2.50 per 100 Lb. bag.

HYACINTH'S GARDEN FERTILIZER—Very high grade commercial fertilizer containing 12% phosphoric acid, 4% nitrogen and 4% potash. Recommended for lawns, gardens, plants and bulbs. Economical and effective. Not Prepaid—$2.75 per 100 Lb. bag.
HARDY GARDEN IRIS

FLAG LILY OR FLEUR-DE-LIS—BEARDED IRIS GERMANICA

These beautiful and popular flowers, the national flower of France, find many places around the home to make attractive. They are so easy to grow in most any soil without particular attention, that they will be popular. They grow and multiply rapidly; make splendid foliage for borders, clumps and naturalizing effects and the massive blooms of exquisite rich colorations rival the most costly orchids in beauty.

The Bearded Iris is credited with being the most satisfactory of all hardy perennials. The root-clumps or rhizomes may be left without attention for several or many years or may be divided every three or four years to more rapidly increase your planting and a better one. 30 inches. Our very finest for large garden planting. May be planted 8 to 12 in. deep except in very light soils. A few inches of gravel or fine sand should be placed on top of the clumps to prevent the roots from drying occasionally. If the ground is heavy by the addition of a small quantity of sand, ashes, or compost to the soil. A little lime in acid soils is beneficial. Plant the Iris where they are in full sun at all times. The roots cannot be grown in the shade or a dark place. In early fall, cut the old leaves off close to the ground and give the plants a good hard frost to help them harden off for the winter. The Iris should be planted in deep, rich loamy soil. They do not like a light straw or sandy soil. If they are planted for cutting, select a sunny place and cut them several inches above the ground. The Iris are hardy annuals, cut and dried for winter."
SPANISH-DUTCH IRIS

THREE BULBOUS IRIS FOLLOW TULIPS IN BLOOM—Spanish, Dutch and Filifolia Iris are almost identical. Dutch Iris are the first to bloom, immediately following the Giant Tulips. They have larger flowers than the Spanish and grow about 2 feet high. The Filifolia Iris, Imperator, blooms a few days later, is taller and a little larger in flower. Spanish Iris are similar to the others but a little smaller in flower, not quite so tall and bloom about 10 to 14 days after the Dutch. Planting some of each gives continuous bloom for several weeks.

These exquisite spring flowering, American grown, Iris bulbs are not to be compared with the bulbs that used to come from Europe before they were quarantined. Our trials on the Hastings' Plantation showed that about half of the imported bulbs rotted, generally showing disease at planting time. Our bulbs now are larger in size, heavier and firmer than any imported stock we have ever had and without any sign of rot. All bulbs should grow readily and bloom freely.

The exquisite flowers are borne on straight, stiff stems; colors are strikingly rich and clear. They make unsurpassed cut-flowers, all florists want them, and they are beautiful for garden display. The contrasting bi-colors and the rich, clear, real blue flowers that are so greatly in demand, make the bulbous Iris very popular. They attract immediate admiration wherever planted.

Plant in rows or beds, about 3 inches deep and 3 to 6 inches apart, in any fair garden soil from September 15 until Christmas—the earlier the better.

ALBERT CUYP—Yellow and White. Blue white standards, white throats, gold eyes, yellow lips. Dutch Iris and one of the most striking. 3 for 35c. 6 for 60c. 12 for $1.00. 100 for $7.00.

CAJANUS—Yellow. Exquisite and rare yellow bulbous Iris. In great demand and worthy of a place in any garden. Spanish Iris. 3 for 25c. 6 for 45c. 12 for 75c. 100 for $5.50.

DAVID TENIERS—Light Blue. Lighter towards tips, golden yellow eye, creamy suffusion of lips. Dutch. often classed as a Filifolia. 3 for 25c. 6 for 60c. 12 for $1.00. 100 for $7.00.

HART NIBBRIG—Rich Blue. Deep violet-blue standards, light blue throats, gold eyes. Dutch Iris, often classed as a Filifolia. 3 for 35c. 6 for 60c. 12 for $1.00. 100 for $7.00.

IMPERATOR—Violet and Blue. Filifolia type. Tallest, largest, richest color of all. In very popular demand; nothing finer in Iris. 4 for 35c. 6 for 60c. 12 for $1.00. 100 for $7.00.

BLANCHE FLEUR—Tinted White. Extremely popular white Spanish Iris, tinged light blue. A beauty as shown in the picture on the right. 3 for 35c. 6 for 45c. 12 for 75c. 100 for $5.00.

Hastings' Bulbs are Top Size. They are the Finest Offered in America!

GOOD PEONIES

Hastings' Gorgeous Flowering Herbaceous Peonies are hardy anywhere, doing fine in the northern part of the South and anywhere further north. We do not advise planting in middle or lower South. From our Hastings' Plantation trials we have selected the best for sun resistance and profuse flowering. You will find them the most satisfactory of the finer varieties. Peonies do well in any well drained, fair but very garden soil. They appreciate cultivation if roots are not disturbed, fertilizing if fertilizer or well-rotted manure is well mixed with the soil and don't come in direct contact with the roots, and watering. Give them as much freedom from trees and large shrubs as you can. Don't plant too deep. Set the roots upright in the holes, cover topmost eyes with two inches of soil. Set roots 3 to 4 feet apart.

Peonies planted by October 15th may have a few flowers next spring but finest flowers come from the third year on. Better flowers usually develop indoors than outside. Cut after the bud softens, place in water indoors to open most perfect blooms. To increase size of flowers, pinch off side buds on stems, leaving only the top bud to develop.

Peonies may be planted from late September to Christmas provided ground is not frozen. We ship from time roots can be dug in September until Christmas.

Peonies are beautiful flowers, the rich green foliage makes attractive shrubs throughout the growing season, they last for years and are very popular.

PRICES—Hastings' Peony Collection, one each of the six varieties below, only $3.75. Separate varieties, 75c each; $1.50 per dozen; any 3 for $2.50. Order now. Roots sent postpaid from Sept. to Jan. 1st.

ANDRE LAURIES—Rose Red. Dense, globe form of largest size. Center mottled white. Late, excellent Peony.

FELIX CROUSSE—Ruby Red. Self color, richest color in Peonies, large globular flowers. Best red; late.

MADAME DE VERNEVILLE—White. Very full; 4 red flakes on central petals. Free flowering; superb early.

MODELE DE PERFECTION—Pink. Enormous, compact, prolific. Handsome Peony we have grown though not very heavy growth.
HASTINGS’ TULIPS

Hastings’ Tulip Bulbs are the finest that come from Holland. From our trial grounds study and from observations of large plantings we have selected varieties for their exquisite beauty and general satisfaction. Anyone can do well with them. Tulips even more than ever are the most popular fall-planted bulbs. Their gorgeous lawn displays in borders and beds cannot be equalled by any other flower. The rich, bright colors and lovely shades of bloom on strong, gigantic stems, many over 2 feet long, capture us all.

You will notice that prices on Tulips are the lowest we have ever sold them for. We don’t believe you can find a lower price in America. Also, we send them to you prepaid in the United States. There are two reasons for this. We greatly enlarged our Holland contracts for absolutely the finest top-size bulbs—the largest that each variety produces. Our growers, easily selling their smaller bulbs elsewhere this year, were able to let us have their top-size bulbs cheaper than ever before. Take full advantage of the lowest prices ever made on Tulips.

Culture: Plant bulbs 5 inches deep and 5 or 6 inches apart each way outdoors. A half inch of sand beneath the bulbs gives good drainage for wet weather. For house culture or “forcing,” plant as soon as you receive the bulbs from us. Keep cool (55 to 60 degrees is best), because the slower growth makes larger flowers and longer stems.

Finest Tulips. Plant Tulips by the hundreds this fall. Take advantage of our Collection Offers but also get a plenty of the individual varieties.

SINGLE-EARLY FLOWERING TULIPS

Early Flowering Tulips, single and double, are 2 to 3 weeks earlier than other types, but not as tall. They are fine for low beds, pots, boxes and low borders; indoors or outdoors.

THE ARISTOCRATIC BREEDER TULIPS

Real Giant Tulips, similar to Darwins except come in more blended colors, especially the rich bronze shades that add distinction to the garden. Based with Darwin and Cottage Tulips in border clumps, they give variety, soften the harsh colors and blend the whole. These aristocrats of the Tulip family, with their immense blooms on strong, stiff stems, frequently exceeding 30 inches, have become the most sought after of all the Tulips. They may also be flowered in deep pots in early March by gentle forcing with moderate temperature in the full light.

2801 ADELINA PATTI—Violet, 24 in. Very rich purple or wine cast, exquisite deep color. Pointed petals; excellent growth and substance. 25c, 3 for 50c, 6 for $1.00, $1.50 doz. $11.00 per 100.

2806 COLONEL ASTER—Light Purple, 28 in. Large, stately, globular flower with blue caste inside. Slightly flushed; very high rating. 2 for 25c, 6 for 60c, 12 for $1.15, 100 for $7.50.

2807 DOM PEDRO—Coffee Brown, 24 in. Edge of golden brown; inside rich mahogany, olive base. Large fragrant flower; magnificent. Forces. 2 for 30c, 6 for 82c. $1.50 doz. $9.50 per 100.

2817 PRINCE OF ORANGE—Apricot, 21 in. Called Sunset. Large, showy terrcotta, edged orange yellow, suffused gold inside. Very fine. 2 for 30c, 6 for 75c. $1.25 doz. $8.50 per 100.

2818 PRINCE OF WALES—Bronze, 26 in. Rich, brown maroon, golden hues at tips inside. Large flower, heavy growth. 25c each, 3 for 50c, 6 for $2.00, $1.75 doz. $11.00 per 100.

2821 SABRINA—Brown Mahogany, 23 in. Large, rich brown mahogany or brown maroon; excellent growth and substance. 3 for 25c, 6 for 50c, 75c. $5.00 per 100.

2822 ST. JAMES—Wine, 22 in. Dark lilac edged bronze brown to golden brown. Large, globular flower. 1927 show winner. 3 for 35c, 6 for 40c. 75c doz. $5.00 per 100.
GIANT DARWIN TULIPS

Darwins are the perfect cup-shaped Tulips with strong stems, tall stems and bright colors through shades of pink to red and purple. They are white, yellow, red, and blue. Darwins, therefore we refer to Cottages Tulips on next page, usually distinguished by their pointed petals, to give you full range of colors. Darwin, Breeder and Cottages Tulips, Rembrandt, Bybloom and Parrot Tulips all bloom about the same time and are effective planted out together. Exceptional, together though the length of stem varies with varieties. Approximate length of stems are given for comparison, which may be considered in selecting varieties for beds and borders.

2826 BARTIGON—Brilliant Red, 25 in. Very showy, fine, sharply flower on strong stem with white base. Excellent for forcing, beds, cut flowers. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2831 CENTENAIRE—Deep Rose, 28 in. An exquisite rose-pink with large blue center and flushed claret. One of the finest large, perfect flowers on perfect stems. Excellent for forcing, beds, cut flowers. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2832 CLARA BUTT—Apple Blossom Pink, 22 in. Clear pink, flushed salmon rose, with blue center and white halo. Medium sized flower of Darwin and probably planted more than any other variety for outdoor use and forcing indoors. Medium late. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2838 EUROP—Dazzling Scarlet, 24 in. Richest fiery vermilion-scarlet, shaded rose; clear white center or base. Medium sized flower, a good forer and splendid with its fiery color for beds. Medium early. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2852 MADAME KRELAG—Bright Rose Pink, 28 in. Bright blue-rose, with pale silvery borders. Large flowers and very popular Tulip for both forcing and bedding. Highly recommended. Medium early. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2866 PRINCESS ELIZABETH—Rose, 28 in. Exceptional and beautiful, large, rounded cup-shaped flower. Very uniform; in great demand by florists and one of the finest for all purposes. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000.

2877 THE SULTAN—Maroon, 24 in. Fine dark color, almost black. Very glossy flowers on straight slender stems. Needed for a wide range of colors and its distinguished appearance. Excellent for growth, color, and size. 6 for 30c. 50c doz. $3.00 per 100. $25.00 per 1,000. 1,000 bulbs, $20.00.

TULIPS—THE CHEAPEST FLOWER DISPLAYS

You can have a greater color display for your money this year than ever before. Tulips, the best top-size bulbs of the finest varieties in all the world, are the cheapest this year that they have ever been. You will notice that our prices are actually cheaper than most houses offer on a so-called “Top Size” Tulips. These “wholesale prices” are good as long as our supply lasts this fall. Take advantage of them and plant a plenty. Order early while stocks are full on all varieties.

Farncombe Sanders—King Harold—Mellicette—Giant Darwin Tulips
GIANT BREEDER TULIP COLLECTION

The aristocratic Breeder Tulips in their beautiful blends of richest colorings have rapidly come into great popularity. This class as a whole is even larger than the Giant Darwins. They add distinction to the Darwins and Cottage Tulips, are borne on long stems and bloom at the same time, so are planted with them, especially in borders and clumps, where all Tulips are shown at their best.

2803 BRONZE QUEEN—Buff-Bronze, 28 inches. Soft buff, inside tinged golden bronze, yellow base. General appearance is purplish fawn, a large, strong flower of fine form on stout stem. Fine outdoors and a superb flower indoors. See picture. 3 for 29c. 6 for 35c. 60c doz. $3.75 per 100. $32.50 per 1,000.

2805 CARDINAL MANNING—Wine Red, 28 inches. A beautiful shade of rosy violet, flushed rosy bronze. Large egg-shaped flower on a full stem and highly recommended. This is one of the most popular varieties and well deserves its demand. 3 for 25c. 6 for 40c. 75c doz. $5.00 per 100. $43.50 per 1,000.

2812 KLOPSTOCK—Silvery Deep Lavender, 28 inches. With dark heliotrope stripe; margined purplish lilac, large yellowish base and intense blue halo. Large long shaped flower of a very beautiful color. A very handsome Tulip outdoors and also excellent for cutting. 3 for 25c. 6 for 45c. 65c doz. $6.25 per 100. $56.00 per 1,000.

2814 LOUIS XIV—Dark Purple, 28 inches. A very fine large flower of deep purple. Being a Breeder, it's a good one to have in the garden. 3 for 25c. 6 for 40c. 75c doz. $5.00 per 100. $43.50 per 1,000.

2816 MEDEA—Crushed Strawberry, 21 inches. An enormous flower, one of the largest in cultivation; salmon carmine in color, shaded with heliotrope and with a yellow center. This purple-magenta coloring and huge square flower give a majestic appearance. 3 for 25c. 6 for 40c. 75c doz. $5.00 per 100. $43.50 per 1,000.

2823 YELLOW PERFECTION—Old Gold, 27 inches. Fine cupped flower of very rich yellow gold colorings. Excellent for beds, borders and cut flowers. One of the most pleasing and outstanding of all Tulips. Straight, strong stems, heavy growth, early bloomer. 3 for 25c. 6 for 45c. 65c doz. $6.75 per 100. $57.50 per 1,000.

50c Breeder Tulip Collection

Breeder Tulips are the aristocrats of the Tulip family. No garden collection is complete without Breeders and they are usually larger than Darwins in flower. You surely want them. We make this a real bargain offer. One Bulb each of the above 6 exceptional Breeder Tulips for only 50c. Six 50c Breeder Tulip Collections for $2.50.

Hastings' Spring Catalog for 1929—Ready January 1st

The finest of all fall planting bulbs are listed in this catalog, along with the shrubs, evergreens and perennial flowers that are best suited for planting this fall and winter. Hastings' General Spring Catalog of Seeds, Plants and Bulbs, describes and illustrates many other plants for spring planting; also Gladiolus, Cannas, Dahlias, Astilbes, Tuberose, Fancy Leaf and Elephant Ear Caladium bulls. Just as Hastings' Seeds are the "Standard of the South," so also is this great 136-page catalog the "South's Planting Guide." The Hastings Service is the year-round service for the best of "Everything That Grows."

COTTAGE TULIP COLLECTION

Cottage and Cottage-Hybrid Tulips, like the Darwins and Breeders are so-called "Mayflowering" although they generally bloom in April in the South. The Hybrids are results from crossing the Cottage with Darwins for size and a wider range of colors. There are no yellow Darwin Tulips so we look to the Cottage class for yellows, primrose, gold and splendid white sorts and the Hybrids for blend and intermediate colors. These beautiful Tulips are extensively used for bedding and in borders with the Darwins and Breeders. In this Collection we have tried to include the finest varieties and also most popular. Page 13 lists the other most outstanding varieties, regardless of price.

2777 CALEDONIA—Orange scarlet, 22 inches. Waxy shading outside and richest yellow inside, with gold and olive center. Strong, erect, slender stems and looks like a Darwin with rounded petal tips but with Cottage grace. 6 for 30c. 55c doz. $3.50 per 100. $30.00 per 1,000.

2783 INGLESCOMBE PINK—Apricot Pink, 22 inches. Opens apricot, shaded rose. Of course opening changes to a beautiful deep lavender-pink or rose color. One of the finest Cottage Tulips; long, large flowers and fine stems. 6 for 30c. 55c doz. $3.50 per 100. $30.00 per 1,000.

2782 INGLESCOMBE YELLOW—Canary Yellow, 22 inches. Glossy color and large, long globular flower of perfect form on a strong stem. Good forcer and fine outdoors. It is called Yellow Darwin because of shape without pointed petals. Most popular Cottage Tulip. Six doz. 6 for 30c. 55c doz. $3.50 per 100. $30.00 per 1,000.

2784 JOHN RUSKIN—Apricot, 20 inches. Extra large, extra large, extra large! with deep yellow center and apricot petals. This is one of the greatest varieties of all; immense flowers of the richest orange-apricot. 3 for 29c. 6 for 35c. 60c doz. $1.00 per 100. $9.00 per 1,000.

2785 LA MERVEILLE—Salmon Red, 26 inches. Extra large; very striking; very long pointed petals of richest display color. Strong, slender stems; excellent for all purposes. Scarlet suffused salmon suffused, giant lily flowering Cottage Tulip. Extra fine. 6 for 30c. 55c doz. $3.50 per 100. $30.00 per 1,000.

2788 PARISIAN YELLOW—Golden Yellow. A clear golden yellow with the characteristic perfect form of the Cottage Tulip. Has a charming grace and rich, clear yellow that is so sought after in Tulips. Good for forcing or for bedding. 3 for 29c. 6 for 35c. 55c doz. $3.50 per 100. $30.00 per 1,000.

2789 THREE MAIDENS BLUSH—White Bordered Rose, 24 inches. See picture. A delightful cottage Tulip. White margined deep rose, the color suffusing the whole flower on aging; re-curving petals. One of the most popular for the border and cutting. Beautiful in beds. 6 for 30c. 55c doz. $3.50 per 100. $30.00 per 1,000.

Remember! Every Tulip Bulb from Hastings is "Top-Size," the largest, selected, finest that each of these varieties produces. They Bloom Best! "Get everything that grows" from Hastings.
HASTINGS' NURSERY ROSES

On the Hastings' Plantation near Atlanta we are growing over a hundred and fifty thousand Everblooming and Climbing Roses. Many of these Roses are grown on their own roots outdoors, are strong plants, two years old, and have been blooming profusely all summer long. They are of the finest outdoor or garden varieties that do well in the South.

We recommend these strong plants for all sections of the United States where Roses can be grown except in Florida and along the Gulf Coast. Budded Roses (page 21) do best in Florida and along the coast. This fall, as soon as growth is checked by frost, we shall start digging these plants and shipping them.

Send in your order as soon as possible. We will ship plants to you as soon as it is safe to dig them. Plant them in their permanent places as soon as you receive them from us so they may become well established before coldest weather sets in. Remember! Order now. Shipment generally starts by November 1st.

WHEN TO PLANT—Fall is the time to plant Roses. We can supply these fine plants until leaf growth starts in the spring, about March 15th, but better success is had with fall or winter planting in the South and fall planting farther North. We sell many more Roses in the spring than in the fall because people generally think of planting everything at spring seed planting time. We supply this demand with about 300,000 tender, greenhouse grown Rose plants and even some hardy, outdoor plants, but we had rather not sell any Roses after March 15th. Fall planting is by far more satisfactory.

HOW TO PLANT—Upon receipt of plants, open the bundle and water thoroughly in a pail or tub of water for a few hours. Don't expose to sun or wind. After removing from the water, trim off broken or damaged roots and prune plants to about 18 inches. We do this pruning for you before shipment. Soil should be well prepared before plants arrive. A good garden soil is fine and should be spaded or plowed 18 inches deep and Sheep Manure (see Page 4) or well rotted stable manure thoroughly mixed with the soil. Plant in late afternoon on a calm day or on a cloudy or rainy day if possible. Set plants of Bush Roses 15 to 24 inches apart except Hybrid Perpetuals; Paul Neyron, Frau Karl Druschki and Gen. Jaqueminet, which need about 3 feet of space. Climbers need about 6 feet of space between plants.

In planting, dig a hole large enough to spread the roots without crowding and deep enough to cover a little deeper than plants were in the nursery. Budded or Grafted Roses must be planted so the scar or swelling left by bud or graft is beneath the surface. In filling with soil, shake plant lightly, so soil gets all around the roots, then fill hole completely and firm soil so plant is set solid. Soak well with water. Further pruning back may be done before new leaf growth starts in spring.

CULTIVATION—With Roses, the soil cannot be too tight around the roots or too loose at the surface. Cultivate frequently, about 2 inches deep, without disturbing the roots. This protects roots from sun, gives them air and conserves soil moisture. When watering, soak the ground as deep as the roots penetrate, about 18 inches, and don't water again until surface is quite dry. Don't sprinkle.

Cutting Roses—To get full value in the cut flowers, Roses are cut when the bud is half opened, using sharp pruning shears, scissors or knife. Take as long a stem as possible without hurting the bush or removing young buds which will later develop. Cut in early morning or in cool of the evening, plunging stems deeply in water for at least one hour in a cool, dark place.

All Tea (T) and Hybrid Tea (HT) Roses on Pages 18, 19 and 21 are so-called Everblooming Roses. Hybrid Perpetuals (HP) are often classed with them though blooming is moreseasonal.

HARDY OWN-ROOT PINK ROSES

CECILE BRUNNER—SWEETHEART ROSE—Polyantha. Light Pink. The famous Sweetheart or Mignon Rose of utmost grace and delicacy. Perfectly formed miniature buds and Flowers of exquisite light pink with yellow eyes. 
Foliage is waxy and healthy. 60c. 3 for $1.75. 10 for $5.65.

HELEN GOOD—T. Coral Pink. Called the Yellow Cochet. Shows a little yellow at base of petals, but outdoors it is hardly different from the regular Pink Maman Cochet. Even greenhouse grown most reliable and popular pink Rose in America. One third of all our Roses sold are Radiance, Red Radiance and Mrs. Charles Bell—the 3 Radiance Roses. 60c. 3 for $1.75. 10 for $5.65.

MME. CAROLINE TESTOUT—HT. Satiny Rose. One of the best known and liked of all Roses. Portland Oregon was made famous with this variety. Large, globular flowers; enormous petals and fairly fragrant. Strong plant and a persistent bloomer and very dependable Rose. 60c. 3 for $1.75. 10 for $5.65.

MRS. CHARLES BELL—HT. Shell Pink. Lovely buds and blooms of fine globular form with soft salmon shadings and sweetly perfumed. Plant especially strong and bushy with good foliage seldom attacked by disease. A Radiance Rose and softer, finely colored than Radiance. 60c. 3 for $1.75. 10 for $5.65.

PAUL NEYRON—HT. Lilac Rose. Immense blooms, very double and very fragrant. Quite vigorous, strong, almost smooth canes with leathery foliage. Very free and constant bloomer for an HP. The largest Rose of all when well-grown, often 6 inches across. 60c. 3 for $1.75. 10 for $5.65.

PINK MAMAN COCHET—T. Coral Pink. Famous and dependable Rose. Very large, full, coral pink flushed light carmine and creamy buff at center. Magnificent, fragrant, long-pointed, large buds. A profuse bloomer, very strong plant and disease resistant. No other Rose South. 60c. 3 for $1.75. 10 for $5.65.

RADIANCE—HT. Rosy Pink. Greatest Rose of today. Vigorous, upright, bushy plants, bearing a continuous supply of large, beautiful rose pink flowers on long, strong stems. Easiest growing, most reliable and popular pink Rose in America. One third of all our Roses sold are Radiance, Red Radiance and Mrs. Charles Bell—the 3 Radiance Roses. 60c. 3 for $1.75. 10 for $5.65.
BARGAIN ROSE COLLECTIONS

The 3 Radiance Roses—$1.65. These are the world's best for only $1.65. (Order rose for yourself and friends.)

The 3 Perpetual Roses—$1.75. The famous Paul de Rotschild, the standard of perfection in red and white, are the best of all. All Hybrid Perpetual Roses are for $1.75 each. For $5.65, 10 each, $18.

The 4 Baby Ramblers—$1.95. These are bush roses with enormous clusters of exquisite flowers. Extremely popular and used in great quantities, individually, and in masses, beds, borders and hedges. The 4 Baby Ramblers are for $1.95.

Etoile de Lyon—Yellow
Mlle. Franziska Kruger

TIP TOP—BABY DOLL—Polyantha. Yellow, white, pink, rose. Very different and distinctive from all others, a delightful cluster of well shaped buds and reflexed flowers of a rich blend of yellow and pink to deep rose tips, a three toned coloring. 60c. for $1.75. 10 for $5.65.

Rosa Hugonis—Species, Single Yellow, Shrub. From China. Light yellow, 2 inch flowers borne profusely along slender branches; striking display very early in season. Erect, branching, reaching 6 to 8 feet; small foliage. Dependably hardy, a first class yellow flowering shrub for hedges, clumps, backgrounds and screens. Coming into great and insistent demand for its great usefulness, its persistent growth and foliage and its array of beautiful and graceful flowers. Now that our price is so low they will be ordered in large quantities. 75c. for $2.15. 10 for $5.65.

Hardy Own-Root Red Roses

ETOILE DE FRANCE—HT. Crimson. Decidedly dependable Rose with long, pointed buds; very fragrant. Flowers large, with full rounded centers of bright crimson and long lasting. Strong, free blooming plant, bushy, good foliage, few thorns. The standard crimson garden rose. 60c. for $1.75. 10 for $5.65.

Eugene E. Marlitt

MISS EDITH CAVELL—Polyantha. Pale red. Delightful small cluster Rose, semi-double flowers a brilliant scarlet-red, shaded darker, produced in large, compact heads by sturdy, well branched plants. Very bright and one of the very best and highest recommended Baby Ramblers. 60c. for $1.75. 10 for $5.65.

PAPA GONTIER—T. Bright Crimson. A very constant bloomer, vigorous grower and with disease resistant foliage. Deservedly popular in the South and a favorite garden Rose. 60c. for $1.75. 10 for $5.65.

Red Radiance—HT. Deep Rose Red. Even better than Radiance in habit, bearing big globular flowers on long stems all summer long and until frost. Foliage vigorous and healthy. Of the greatest garden value. We sell more Red Radiance than any other. That's how good it is. 60c. for $1.75. 10 for $5.65. 25 for $12.90. 100 for $49.50.
CLIMBING ROSES
HARDY BEAUTIFUL BLOOMERS

These are hardy, large, strong, 2-year old, own-root, outdoor, Nursery Grown Roses. By growing thousands of the finest varieties, which are the strongest growers and do best for everybody, and not growing so many varieties that are not in popular demand, we believe we can afford to sell climbing Roses at half-price, 50 cents each, delivered to your address. (60c for the newer ones.) Every Southern home should have these gorgeous flowering climbers. A few plants in bloom make a greater display than a garden full of bush Roses. Train them on the house, garage, barn, fences, trellises, posts. You cannot have too many of the Queen of Flowers. Little pruning is needed except to cut out dead or very old wood. Set plants about 6 feet apart. They are very easy to grow.

Climbing American Beauty HW. Brilliant Carmine. 3 to 4 inch fragrant flowers of fine form produced in great abundance. Early and very beautiful, especially in a cool season. Color fades in hot sun. Vigorous plant when established. In large demand, 50c. 3 for $1.40. 10 for $4.50. 25 for $10.00.

Mary Lovett HW. Waxy White. Called the white Dr. Van Fleet and highly recommended. Large, handsome flowers of pure, waxy white, sweetly scented, broad petalled and of open form. Flowers are borne singly and in sprays upon a strong growing plant well furnished with heavy glossy foliage. 60c. 3 for $1.75. 10 for $5.65. 25 for $12.90.

Mary Wallace HW. Vivid Pink. New, large, very bright pink illuminated with shining gold. Moderately fragrant, double and with superb foliage. Vigorous plant, 10 to 15 feet high, early, perfect flowers, a vivid pink not found before in climbers. Introduced 1924, by Van Fleet. 60c. 3 for $1.75. 10 for $5.65. 25 for $12.90.

Paul's Scarlet Climber HW. Red. Intense scarlet flowers of fine shape; brightest and purest red climber. Midseason, excellent pillar Rose, blooms in clusters and lasts several weeks. Easily the best red climber and doesn't blue or black; holds its color. 50c. 3 for $1.40. 10 for $4.50. 25 for $10.00.

Silver Moon HW. White. Long, single, gigantic flowers borne in small sprays. Extra vigor, growing 15 to 20 feet in one season; perfect foliage. Midseason, beautiful Rose of purest color, largest size and attractive shape. Ranked second by the American Rose Society. 50c. 3 for $1.40. 10 for $4.50. 25 for $10.00.

The 4 Climbing Roses—$1.75 Nothing takes the place of our wonderful Climbing Roses around Southern Homes on trellises, fences and porches. The beautiful Climbing American Beauty, Paul's Scarlet Climber, Silver Moon and Dr. Van Fleet—rose, scarlet-red, white and pink in colors—the finest quartet of climbing Roses you can find. Order several of these genuine bargain collections, postpaid at just $1.75.

The demand for Hardy Perennial Plants has increased so rapidly during the past few years that it is really difficult to grow enough. These splendid flowers are used by the hundreds in many gardens and we ask you to write for special quantity prices. Prices given here are for plants sent to you postpaid. We are here to serve you best in the best of "Everything That Grows."

**Anchusa ITALICA-DROPMORE.** The "Alkanets" are unsurpassed for mass effect of brilliant blue. Dropmore is by far the richest, darkest blue and best. It covers itself with flowers about an inch wide all summer, is rank in growth, reaches about 5 feet and with broad foliage is extremely effective. We recommend it very highly as one of the finest blue plants for the garden.

Plants, 25c each. 3 for 70c. $12 for $2.50. 100 for $17.50.

**Aquilégia COLUMBINE.** Distinct, clear-cut, airy foliage and delightful arrangement of flowers in shades of yellow, mauve, rose, shell-pink, lavender, pale blue and purple. Hastings' Long Spurred Hybrids are the famous Mrs. Scott Elliott's strain, the best in the world. Grow in most any well drained soil and prefer sunshine. Bloom in spring and early summer. Mixed Colors—25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Arabis ROCK CRESS.** Alpina. Spreads rapidly, low growing and clusters of pure white flowers, borne in abundance, are fragrant and literally cover the ground. Needs very little moisture and with full sunshine, is splendid for edging, ground cover and rock work. Cut-flowers last a long time. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Campanula CANTERBURY BELLS.** Of easy culture in any good garden soil. They grow 2 to 3 feet high and bloom in May and June. The picture shows the bell or cup type. Biennials.

**CUP AND SAUCER.** Canterbury Bell—Callianthemum. Like the picture except that each bell is set in a saucer shaped calyx. Most popular kind. Rose, white and blue, mixed. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Peach Bells.** Persicifolia. Grows to 2 feet high and has white and blue flowers, not quite so bell shaped as the above and without the saucer. Mixed—25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Candytuft IBERIS.** Sempervirens. This hardy white Candytuft completely hides its dark green foliage with masses of flowers in April and May. It is dwarf, 8 to 12 inches, and very desirable for edging rockeries, covering bare spots in the border and cemetery work. Give good soil, sun and water for finest display. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Coreopsis.**—Hardy Calliopsis. Flowers are rich, golden yellow, borne in great profusion on long slender stems nearly all summer; make fine cut-flowers and are very popular. Very easily grown in any good sunny garden soil, making large clumps quickly in borders 3 feet high. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Daisies.** Both the Bellis or Double English Daisy and the Shasta Daisy are vigorous growers and of great value in the garden. They thrive in ordinary garden soil, like moisture but with good drainage and have many uses.

**Bellis PERENNIS.** Double English Daisy. Grows about 6 inches high; of dwarf, compact growth. Producing daisies, perfectly double flowers in white, rose and light crimson. Flowering time is April, May and June. Give a moist, loamy soil, partial shade with good drainage. 25c. 3 for 55c. 12 for $2.00. 100 for $13.50.

**Shasta Daisy.** Chrysanthemum maximum. Vigorous grower, 2½ feet tall, producing very large, long stemmed, snow white daisies that last wonderfully as cut-flowers. They make superb border plants, prefer a sunny location and any well drained soil is home to them. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

Hastings' Candytuft or Iberis—25c
Delphiniums Perennial Larkspur. Considered the most beautiful hardy plants in cultivation because of their aristocratic stateliness, variety of beauty in size, shapes and infinite shades of blue. They prefer cool weather but some beautiful ones are being grown in the upper South as well as farther north. They like a deep, rich, friable loam but most any soil with humus and moisture will give good results. Tall sorts should be staked. They grow 4 to 8 feet tall. Cut back after first blooming, work in bone-meal, water well and get a second and third crop of blooms in a season.

**BELLADONNA.** The exquisite light skyblue variety, so popular everywhere; gets better each year. Freest and most continuous bloomer of all. Cut off stems after flowers fade for continuous blooming. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**BELLAMOSA.** Sport from Belladonna and just as fine and continuous a bloomer. Richest dark blue color. 25c. 3 for 70c. 12 for $2.50.

**WREXHAM HYBRIDS.** The finest strain of Delphinium Hybrids in existence. Tall growing, perfect spikes of colors from palest blue to deepest indigo and royal purple with intermediate shades of mauve, pink and lavender blendings. Some are biene and single and double in form. 25c. 3 for $1.00. 12 for $5.00.

**Dianthus** Sweet William and Hardy Garden Pinks. Great favorites, doing fine in any soil type with sunny exposure. Very easily grown and valuable for rockeries, beds, edges, borders and any hot, dry spot. Give them good drainage, bedding up is fine. Biennials.

**CLOVE PINKS.** Hardy Garden Pinks—Dianthus plumarius. Pink, purplish and white, very fragrant. Flowers with fringed petals; double and single forms on long stems. Gray-green, grasslike foliage; low growing and bloom in April and May. Mixed—15c. 3 for 40c. 12 for $1.50. 100 for $10.00.

**SWEET WILLIAM.** Dianthus barbatus. Fine for borders and beds with large clusters or heads of fragrant flowers in shades of pink, scarlet, dark crimson, white and white with dark eyes. Too well known to need further description. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Digitalis** **FOXGLOVE.** Stately and picturesque beauty, called Thimble Flower, and though a biennial is classed with perennials because it reseeds itself. White, yellow, rose and purple flowers, many fragrant, and with fringed petals. Exquisite, strong, upright flower stalks are very showy. Blooms in May and June, 3 to 5 feet high. Give rich, light loamy soil and partial shade in borders or among shrubs, or on top of gravel. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Gaillardia** **BLANKET FLOWER.** Grandiflora. Thrives even in poor, dry soil; prefers lots of sun, good drainage, air and space. Heat and drought doesn’t affect the profuse blooming. Easily grown, 2 feet high and extra large daisy-like flowers with reddish-brown centers and petals of yellow, orange or crimson with well marked discs. Excellent for cutting, borders and beds. Blooms from May to killing frost. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Helianthus** **HARDY SUNFLOWER.** Plant in masses with plenty of space against backgrounds of shrubbery or naturalized in wild gardens or woodlands with sun. They produce a grand broad color effect in late summer. Are profuse bloomers and produce an unlimited supply of flowers for decoration. They grow 3 to 5 feet high and are of rich yellow colorings. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Heliopsis** **HARDY ZINNIA.** Pictheriana. Also called Orange Sunflower. Similar in habit to Helianthus but begins flowering in early July, about 3 feet high and very valuable for cutting. Beautiful deep orange-yellow, daisy shaped flowers with pyramidal centers of darker shade. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**HOLLYHOCKS** Althea rosea. Old fashioned favorite that still holds a place in heart and garden that can be filled by no other plant. Tall, stately stalks are covered with the large, showy crepe-petalled blooms in a wonderful range of color. The great popular sorts are listed below. Growing 6 to 8 feet tall, they make excellent screens, backgrounds and tall borders. Blooming time is mid-summer. They thrive best in a sunny location and good garden soil enriched with plenty of well-rotted manure, sheep manure being fine. Water well during droughts. It is one of the most picturesque and beautiful plants in the world. These fully double, massive spikes, come year after year to give grand displays of color and after well established need very little attention.

**BRIGHT ROSE HOLLYHOCK.**

**MAROON HOLLYHOCK.**

**NEWPORT PINK HOLLYHOCK.**

**SALMON HOLLYHOCK.**

**SCARLET HOLLYHOCK.**

**YELLOW HOLLYHOCK.**

**PRICES—** Each Color—25c. 3 for 70c. 12 for $2.50. 100 for $17.50.
Lathyrus  *Lathifolius*—Everlasting Sweet Pea. Strong, vigorous, perennial vines, growing 8 to 10 feet high, fine for covering fences, banks and unsightly places. Foliage is similar but heavier than annual Sweet Peas. Flowers of pink, white and red are borne in clusters continuously. They are of easiest possible culture, do well in ordinary soil and last for years without attention. Even hedges are made without any support with hardy Sweet Peas. They are very useful and greatly admired abroad as well as at home. 100 for $17.50.

**Platycodon**  Chinese Bell Flower—Balloon Flower. Growing about 2 feet high, erect-branching, this splendid border plant produces attractive balloon shaped buds that open into showy bell-shaped flowers, almost flat when fully open. Quantities of blooms come from May to October and cut-they should be fairly long. with little light being best, and in sun or partial shade. Colors are blue and white with bluish veins.

**BLUE PLATYCODON**—Grandiflora.  **WHITE PLATYCODON**—Grandiflora alba.

| Prices Each | 25c | 3 for 70c | 12 for $2.50 | 100 for $17.50 |

**Poppy**  Oriental. Pappus orientale. Herbaceous plants with very large, showy flowers in shades of red and orange, pink and white. Growing 3 to 3½ feet tall, they are splendid for the perennial border, beds for the perennial border, beds. They are tall and stately, always attracting attention and admiration towards their huge rich colored blooms, whether as single plants or in groups masses of clumps. Rich garden soil, well drained and inclined to be porous, is desirable though they do well under most soil conditions. Mixed—25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Pyrethrum**  Painted Daisy—Persian Daisy. Worthy of a place in any garden, easily grown and invaluable for use as cut flowers on fine, long stems in early summer and early fall. Colors are white through pink to red. Foliage is fine and fern-like. seed is densely covered, spreading, are 2 to 3 feet high. Fine for borders and beds in sun or partial shade. Give a rich, light loam and top dress with well-rotted manure each spring. Cut plants back after first blooming for a second crop. Mixed—25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Rudbeckia**  Golden Glow—Coneflower. Showy plants of very easy cultivation and especially valuable throughout the South in sunny locations and most any type of soil. Blooming comes after most others are through and so fill a worthy place in our gardens.

**GOLDEN GLOW**. One of our handsomest flowers. Perfectly double, dahlia-like flowers on tall stalks and well branched plants, are glowing yellow in color. Excellent background and border plant, 8 to 10 feet high, the decorative 3 inch flowers are on long stems and last a very long time in water. Blooming time is July through September. Plants may be cut back to give a nice second crop in the fall. Thrives luxuriantly in any good garden soil and 12 for $2.50. 100 for $17.50.

**GIANT PURPLE CONEFLOWER.**  Rudbeckia purpurea. Showy plant with coarse, thick leaves and reddish-purple single flowers, centers of which are very prominent and petals hanging or drooping. Thrives in barren spots where others fail but appreciates rich soil in full sun. Blooms July until frost and grows 3 to 4 feet high. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Salvia**  Azur-a-Blue Salvia. Mountain Sage. Produces spikes of beautiful blue flowers in August and September on 2 to 4 feet high, depending on soil conditions. It is a native Rocky Mountain plant, does well on most any good, well-drained soil and is in good demand for our blue flower gardens as well as the hardy border, where it seems at home. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Tritoma**  Red Hot Poker. Flame Flower, Torch Lily—Tritoma Pfitzeri. Needing very rich, deep, well-drained soil in full sun and severe climates, roots may be dug and held over winter in sand in a basement. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Valeriana**  Garden Heliotrope. Valeriana officinalis. Easily the finest Valerian or Hardy Garden Heliotrope, grows 3 to 4 feet high and produces large heads of rose tinted white flowers, stilly borne on upright stems, during May and June. These beautiful and stately flowers are really delicious, strong heliotrope odor, it is a favorite not only in all old-fashioned gardens but wherever known. It succeeds in most any good garden soil that is properly drained. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.

**Veronica**  Speedwell. Longiflora sub-sessilis. This species is considered the best of all the Veronicas and it is extremely useful as well as beautiful for borders, beds and rockeries. It grows 2 to 3 feet tall, compact and bushy, and bears its stately terminal spikes of exquisite blue flowers in great abundance from July until late fall. It increases in strength and beauty each year, is perfectly hardy and gives a rich, well-drained, moist soil in a sunny location it will thrive in an amazing manner. It will even do well in any ordinary garden soil. The picture of the left shows the corner of a bed in a very rich estate. It was used freely in wonderful perennial borders. It lightly a heavy planting and yet is heavy and strengthens a light planting. It is worthy of its great popularity. 25c. 3 for 70c. 12 for $2.50. 100 for $17.50.
The lists of shrubs on this page are not complete for the headings, but denote the types and varieties most generally grown and used for certain special requirements of the average small lot. We have given approximate distances apart to set the plants in hopes that this will be very useful to you in making up your plan or layout and let you know how many of the different plants you will need to cover or fill a desired space. We are glad to offer suggestions and help you in every way. Write us of your problems.

### HOW TO PLANT EVERGREENS

1. Dig hole a foot larger and deeper than ball of earth. Provide good loamy top soil to fill around ball.
2. Set tree in hole. Trifle lower than it stood in nursery.
3. Fill hole with soil, pack firmly and leave top of ground covered with loose earth or better mulch with strawy well rotted manure.

Note: Evergreens not balled are planted the same as trees and shrubs. See diagram on Page 44. Take care never to leave roots exposed a single moment.

This illustration tells the story completely. Follow it closely and you will plant right. Leave burlap on ball, simply cutting off top where it is rolled back.

### CONIFERS

The Coniferous Evergreens have not been included in the above lists, except Pfitzer Juniper as a ground cover. Conifers make wonderful Foundation plantings, borders and yard or lawn specimens. Roughly, the Chamaecyparis or Retinospora group likes moist, partly shaded situations. Hemlock and Cryptomeria also like shady positions. The Junipers, Cedars and Spruce like sunny, open places and Arborvitae do well in partial shade or sun. Conifers come in all shapes and heights.

### GRANULATED PEAT MOSS

For mulch around plants, to mix with soil for humus, for "Bulb Fiber" to use in pots or bowls indoors and for other uses. F. O. B. -20 Lbs., 5c per Lb. $3.50 per 180 to 300 Lb. bale.
Simple and Easy Plans For Beautifying Your Home

Plan No. 1 Illustrated with picture and plan just above, this is a very effective Foundation planting with the attractive Virginia Creeper Vine on the porch columns. It can be easily adapted to houses somewhat similarly situated. 1—11 Pee Gee Hydrangeas, $4.40. 2—6 Abelas, $8.50. 3—2 Upright Forsythias, $1.00. 4—1 Norway Maple Tree, $1.50. 5—6 Virginia Creeper, $3.00. Plant No. 1—F. O. B. $12.45.

Plan No. 2—No. 1, without tree and vines, Postpaid $8.35.

Plan No. 3 Shown in picture and plan just above, this is a more valuable and tasteful foundation planting. You can be very proud of this and in a few years it will be a beautiful sight. Some of these plants will have to be Balled and Burlapped and necessarily packed in wooden crates for express shipment. We would generally charge for this crating exactly what it costs us but as a special offer and inducement to order this Plan No. 3, we shall make no crating or packing charges at all. 1—4 Glossy Privets, Balled and Burlapped, $8.00. 2—6 Abelas, Balled and Burlapped, $5.40. 3—3 Spireas, Bridal Wreath, $3.50. 4—4 Pee Gee Hydrangeas, $2.60. This splendid foundation planting, without the trees, which may not be adapted to your home situation; all packed, crated and delivered to the express depot. Plan No. 3—F. O. B. $14.90.

Plan No. 4 Notice the picture and plan on the left, showing this attractive layout, a substantial combination foundation planting of Ornamental and Flowering Shrubs and Evergreens. We shall not include the Elm Tree in this offer because you may not have space for it after it grows to full size or you may prefer several Elms or other shade trees for your lawn. You can order them separate from this plan. An added attraction to this plan is the clump of Red Spirea and entrance markers of Barberry. You can shift these plants around to suit your home foundations and entrances and as a special offer, as in Plan No. 2, we shall absorb all packing and crating charges. 1—16 Red Spireas, $6.40. 2—3 Glossy Privets, Ligustrum lucidum, Balled and Burlapped, $4.50. 3—4 Abelas, Balled and Burlapped, $4.00. 4—4 Bridal Wreath Spireas, $2.00. 5—2 Japanese Barberry Plants, $1.00. Plan No. 4—F. O. B. $17.50.

PRACTICAL LANDSCAPE DESIGNS

Pictures on this page are shown to give you an idea of how easy it is to make a plan, fill in with good plants and have a very attractive home. Small houses may be made just as home-like and attractive as larger places and it is not so expensive as one would think.

Draw your own plan, showing your house situation, walk, steps, driveway and width and depth of lawn. Locate any trees or shrubs already growing and from that plan it should be easy for you to mark locations where you desire additional plants, or borders for Tulips or other bulbs or flowers. Draw your plan to scale so it will be accurate. Let ¼ inch on the plan represent 1 foot on the ground, as an example. Then it will be easy to tell just how many plants will be required to fill the spaces.

From the classified lists of plants on the next page you can then select the most desirable ones to suit your particular needs. Our landscape department will be glad to assist you and advise you about the different plants at any time. If you want to leave it to us, we shall gladly fill in a rough layout for your place and advise what plants to use, prices on the individual plants or an estimate or bid on the complete planting. No charge is made for this.

Large plants are quicker to fill desired spaces than smaller ones. Many of the most valuable kinds are slow growers. If you can afford it, order larger sized plants. Otherwise it will take a little longer to get finished results.
ORNAMENTAL SHRUBS

CHINESE RAISIN TREE—Zizyphus jujuba. Jujube Tree. Chinese Date. Famed Old World member of the Buckthorn family. Exceptional smooth-leaved, glabrous, shrub or small tree, reaching over 30 feet. The spiny, gracefully slender branches and branchlets so finely divided as to appear as leaf clusters is quite novel. The interesting fruits are rather small, shining, fleshy and rich dark red in color. Fine for specimen and tall border plantings. Postpaid—3 to 4 ft., $1.25; 5 for $3.50; 10 for $10.00.

ABELIA GLOSSY ABELIA—Abelia grandiflora. 6 feet. More fully described under Broad Leat Evergreens, Page 33. Excellent for shade or sun, all soils; blooms all summer long, flowers white with pink tinge, glossy green foliage. Indispensable for foundation, specimen, mass and hedge plantings. Postpaid—1½ to 2 ft., $3.50; 5 for $3.35; 10 for $6.00. Larger Plants, Balled and Burlapped, are listed on Page 33.

ALTHEAS Hibiscus syriacus. Rose of Sharon. Tall, rather slender shrubs for city or congested conditions; also for hedges, screens, tall borders. Beautiful large blooms, at times almost covering the plant and a continuous bloomer all summer long. Blooms come in grand colors and in both single and double form. Plant the most beautiful of all the flowering shrubs and makes a delightful color display, individual flowers looking something like Hollyhocks. Very popular and entirely worthy.

ARDENS—Beautiful double blue-violet.
DUCHESS DE BRABANT—Exquisite double bright red.
JEANNE D'ARC—The best double pure white.
COMPT DE HAINAUT—Very fine double flesh-pink.
TOTUS ALBUS—The popular single pure white.

Postpaid Prices—2 to 3 ft., 50c each; 5 for $2.50; 10 for $4.00. 3 to 4 ft., 75c each; 5 for $3.35; 10 for $6.00.

BARBERRY NEW RED LEAVED BARBERRY—Berberis thunbergi atropurpurea. Only about once in a lifetime does a really worth-while, out-standing novelty in hardy shrubs come out. Gives us for the first time a practical, easily grown, medium height shrub with distinctly red foliage. It effects all types of landscaping for color contrasts in foliage. Similar to the green leaved Japanese Barberry below except in color. Fine for single specimens, clumps about the lawn, foundation plantings and hedges with its rich, lustrous, Bronze red. Unlike other colored shrubs which fade with the sun, this new Barberry becomes more brilliant and gorgeous with the summer sun until autumn changes its foliage to vivid orange, scarlet and red shades. As foliage drops, its brilliant scarlet berries carry the color and remain the entire winter. Plant with full exposure to the sun or foliage won't be a rich red. F. O. B.—Large 4-year plants, $1.50 each; 10 for $12.50. P. O. B.—Fine 4-year plants, $2.00 each; 10 for $17.50.

JAPANESE BARBERRY—Berberis thunbergi. More generally planted or more practical for all purposes where beautiful foliage effect is desired than any other shrub. Dwarf bushy habit, stands formal pruning; numerous small leaves densely cover the thorny twigs. Makes a compact, impassable, hardy hedge, important as a filler and edging for shrubbery groups and fine for porch foundation screens. Autumn paints the foliage scarlet or bronze and fills the branches with scarlet berries. F. O. B.—1½ to 2 ft., 50c. 10 for $1.00. 100 for $35.00. F. O. B.—2 to 3 ft., 75c. 100 for $50.00. 10 for $6.00.

BUTTERFLY BUSH—Buddleia magnifica. Summer Blooming Lilae. Extremely popular and fast growing flowering shrub, covered with large spikes of lilac-like blooms on long, graceful stems. Called the Everblooming Butterfly Bush because its fragrance or color attracts butterflies in large numbers and it blooms from June until frost. Its long tapering clusters of hundreds of blossoms on each head are often ten inches long and as beautiful as cut-flowers as well as in the shrubbery border. While hardy, cut back after leaves fall for a better and bushier plant the next year. Every home should have at least a few of these. Very easily grown. See picture on left and on rear cover. Postpaid—2 to 3 ft., 50c; 5 for $2.25; 10 for $4.00. 3 to 4 ft., 75c; 5 for $3.35; 10 for $6.00.

CHASTE TREE BLUE VITEX—Vitex agnus castus. Large decorative shrub or small tree with strong aromatic odor. The exquisite blue flowers are on terminal spikes, resembling Butterfly Bush flower spikes except smaller and a much richer and deeper color. The leaves are deeply cut to star shape; blooming time is midsummer. Ultimate height 12 to 15 ft. Postpaid—2 to 3 ft., 50c; 5 for $2.25; 10 for $4.00. 3 to 4 ft., 75c; 5 for $3.35; 10 for $6.00.
CRAPE MYRTLE Lagerstroemia indica. Favorite flowering shrub of the South, hardy and heavy bloomer. Sometimes called the Southern Lilac, it is exceptional in the beauty of its summer flowers, creating a gorgeous display of red, purple, pink and white. For specimen plants on the lawn it is unsurpassed and for street planting it is wonderful. By pruning back it can be kept any size and shape desired; ultimate height is 10 to 15 feet. Crape myrtle is difficult to transplant. Frequently plants will remain dormant most or all of the first summer after planting. Some however may never start growth and die. We cannot control this and so cannot be held responsible. Prune severely on planting, water and cultivate carefully. Pack good soil, with no green manure, firmly about roots without mutilating them. Certainly worth the hazard in starting them. Order by color.

**Postpaid—2 to 3 ft., 75c; 10 for $6.00. 3 to 4 ft., $1.50; 10 for $8.00.**

**PINK CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**WHITE CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**PURPLE CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**WATERMELON RED—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**SPECIAL OFFER—One, 2 to 3 ft. plant, each of the 4 kinds, postpaid, $2.50.**

DEUTZIASCRAPE MYRTLE Lagerstroemia indica. Favorite flowering shrub of the South, hardy and heavy bloomer. Sometimes called the Southern Lilac, it is exceptional in the beauty of its summer flowers, creating a gorgeous display of red, purple, pink and white. For specimen plants on the lawn it is unsurpassed and for street planting it is wonderful. By pruning back it can be kept any size and shape desired; ultimate height is 10 to 15 feet. Crape myrtle is difficult to transplant. Frequently plants will remain dormant most or all of the first summer after planting. Some however may never start growth and die. We cannot control this and so cannot be held responsible. Prune severely on planting, water and cultivate carefully. Pack good soil, with no green manure, firmly about roots without mutilating them. Certainly worth the hazard in starting them. Order by color.

**Postpaid—2 to 3 ft., 75c; 10 for $6.00. 3 to 4 ft., $1.50; 10 for $8.00.**

**PINK CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**WHITE CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**PURPLE CRAPE MYRTLE—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**WATERMELON RED—Postpaid—2 to 3 ft., 75c; 10 for $6.00.**

**SPECIAL OFFER—One, 2 to 3 ft. plant, each of the 4 kinds, postpaid, $2.50.**

DEUTZIAS These flowering shrubs vary in height and habit but bloom alike in dainty bell or tassel-shaped flowers which are borne thickly in wraiths along their branches in early spring and early summer. Becoming very popular as they are better known and invaluable for shrub plantings. Plant in full sunlight, give good drainage and you will get full foliage and an abundance of attractive blooms.

**LEMOINE DEUTZIA—Grows 3 to 5 feet high. Medium large flowers of pure white, borne in cone-shaped heads on erect stems in early spring. Larger plants and flowers than Slender Deutzia. Postpaid—2 to 3 ft., 50c each; 5 for $2.25; 10 for $4.00.**

**PRIDE OF ROCHESTER—See picture. Grows 6 to 9 feet high. Beautiful, large, double, free-flowering pinkish white. Very hardy, doing well in any soil type and one of the best. Blooms in June. Postpaid—2 to 3 ft., 50c; 5 for $2.25; 10 for $4.00. 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.**

**SLENDER DEUTZIA—D. gracilis. See picture. Grows 2 to 3 feet high. Dwarf growing, dense, bushy plant with wreaths of pure white flowers on drooping branches in April. Also valuable for winter blooming in pots. Postpaid—Strong plants, 50c; 5 for $2.25; 10 for $4.00.**

**DOGWOOD** Well known, valuable shrubs, really trees, for specimen plants, massing, naturalizing in woods and for street planting. Shovy heads of flowers followed by ornamental fruits. Brilliant red leaves in autumn. Of easy culture but rather difficult to transplant. Take extra care in setting out and you will be well repaid with a glorious array of bloom in May. Druid Hills, in Atlanta, is noted well over the country because of its street plantings and homes with Dogwood. The soil is probably most adaptable snow-storm, interspersed with Red Flowering Dogwood.

**WHITE FLOWERING—Cornus florida. Small growing tree, simply covered in early spring with a mass or sheet of large, white flowers or bracts. Flowering takes place before the leaves come out. Native to this section and does well. F. O. B.—3 to 4 ft., $1.00; 10 for $8.00. 4 to 5 ft., $1.50; 10 for $15.50.**

**RED FLOWERING—Cornus florida rubra. Small growing tree, similar to White Dogwood in growth and bloom except for color, which is a pink or red. These are grafted plants on native white stocks, in exceptional demand all over the country. They do best in the South and are treated the same as the Whites. F. O. B.—2 to 3 ft., $8.00 each. 3 to 4 ft., $14.75 each.**

**FORSYTHIA** Golden Bell. One of the very best shrubs for this territory. It thrives in heat and drought and partial shade. Flowers are pure golden yellow, bell shaped and striking in their profuse bloom in February and March, when flowers are scarce and when we need color most. 8 to 10 feet.

**FORTUNE FORSYTHIA—Forsythia fortunei. The most upright in growth, a vigorous grower and prolific bloomer. Very desirable, especially in back rows of groups. Golden yellow blossoms cover the arching branches before the leaves appear, a grand color effect. F. O. B.—2 to 3 ft., 75c; 5 for $2.50; 10 for $4.00. 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.**

**GREENSTEM FORSYTHIA—Forsythia viridissima. See picture. Stems and foliage bright green. Hardy South but needs protection during winter North. Our best Southern variety; twisted golden yellow flowers borne in great profusion during February and March. More graceful and not so erect as Fortune. Height 6 to 8 feet. Postpaid—2 to 3 ft., 50c; 5 for $2.25; 10 for $4.00. 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.**

**GOLDFLOWER** Hypericum moserianum. Golden St. Johnswort. 2 to 3 feet. Very beautiful dwarf shrub; compact habit, beautiful foliage. Flowers are clear waxy yellow, resemble single roses, borne in great profusion all summer. Fine for massing or planting in front of a shrubbery border. Blooms on new wood so cut back, especially if tops are winter killed. Postpaid—18 to 24 in., 50c; 5 for $2.25; 10 for $4.00. 2 to 3 1/2 ft., 75c; 5 for $3.25; 10 for $6.00.
BUSH HONEYSUCKLES

Lonicer. The upright or bush Honeysuckles have bright, pretty flowers followed by showy berries that last through the fall. They are especially desirable for rocky screens or hedges, high foundations, or as the nucleus of tall growing shrubs. Mr. Hastings uses them very effectively for tall, bushy foundation plantings on the north side of his house, where they get little sun. They do well in most soils and situations.

WINTER HONEYSUCKLE—Lonicer fragrantissima. Fragrant Bush. Excellent large, bushy shrub and without doubt one of the very best plants for landscape purposes grown today. It grows 6 to 10 feet high with large spread and during January and February, when flowers are mysteriously scarce, it is covered with intensely fragrant, creamy white blooms to delight the whole neighborhood. Strong growing, rounded shrub with handsome, glossy foliage which remains on the plant all winter in the South, making it an evergreen. Well suited to partial shade, adverse soils and even in cities where tender plants fail. It is especially desirable for hedges and foundation plantings.

Postpaid—2 to 3 ft., 50c; 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.

JAPANESE BUSH HONEYSUCKLE—Lonicer morrowii. Morrow Honeysuckle. Growing 4 to 6 feet tall, with very dark green foliage, its long spreading branches are covered with pure white flowers which turn to various shades of yellow. Flowers in early spring are followed by coral-red fruits or berries from June to August. Quick-growing, compact shrubs, thriving in dry or moist soil, shade or sun, city or country.

Postpaid—2 to 3 ft., 50c; 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.

HYDRANGEAS

Better known than perhaps any other shrubs because they are about the most showy plants in cultivation. They transplant easily, have no diseases and bloom through the summer when flowers are scarce. They may be planted with Cannas, Elephant Ears and other strong growing bedding plants or in beds or masses, hedges and foundations by themselves. For the tender, colored French Hydrangeas, see our general spring catalog.

HILLS OF SNOW—Hydrangea arborescens grandiflora. Summer Snowball. Grows 3 to 4 feet high, large rich green leaves, huge white heads of flowers that are much larger than Viburnum. It blooms most of the summer and makes a gorgeous display. Some claim it is the greatest shrub in existence. It is excellent for single specimens, beds, borders, hedges, foundation plantings or in the shrubbery in general, as it makes fine large cut flowers and is a wonderful all-round plant. Prefers a moist, fertile soil with full or partial sun but will grow in shade. Postpaid—strong plants, 50c; 5 for $2.25; 10 for $4.00. Extra Strong, 25c; 5 for $3.25; 10 for $6.00.

PEEGEE HYDRANGEA—Hydrangea paniculata grandiflora. Hardy Hydrangea. Exceptionally popular and very showy. Grows 4 to 5 feet high and the huge cone-shaped panicles of bloom on the gently curved or arching stems over the large rich green leaves make it an outstanding favorite. The immense heads, often as large as this page, are white and pink, sometimes pure white from midsummer until fall. A great permanent addition to any lawn as single plants and in masses or borders by themselves or with other plants. For finest results plant in moist, fertile, well-drained soil with at least some sun, prune back to within a few inches of the ground before spring growth starts and give a liberal application of manure each year. Postpaid—Strong plants, 50c; 5 for $2.25; 10 for $4.00. Extra strong, 75c; 5 for $3.25; 10 for $6.00.

WINTER JASMINEN Jasminum nudiflorum. January Jasmine. A low, spreading, graceful spreading evergreen shrub, partly in the South and as far as Maryland. Grows 2 to 3 feet high, and is very effective in landscape plantings because of its semi-trailing slender green branches, with its small compound leaves, forming a mass of growth. It blooms profusely in January and February, and bears bright rich yellow flowers. Indispensable for mass plantings and winter colorful blooms; suitable for slopes and banks. Postpaid—18 to 24 in., 50c; 5 for $2.25; 10 for $4.00. 2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

ITALIAN JASMINEN Jasanum humile. The graceful, rambling shrub with small, compound, glossy dark green leaves, growing 2 to 3 ft. tall. Nearly evergreen in the South, perfectly hardy, with arching bright yellow branches and clusters of bright yellow tubular flowers in summer. Likes moist, loamy soils and sunshine. Postpaid—18 to 24 in., 50c; 5 for $2.25; 10 for $4.00. 2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

KERRIA Kerria japonica flora plena. Double Globe Flower. Very attractive and graceful, growing 6 to 8 ft. tall, for use in foundations, screens and borders. It has gracefully arching branches with bright green bark and small pointed leaves. It's great beauty is in flowering nearly all summer, a profusion of bright, rich yellow globe-shaped flowers resembling small double yellow roses. Postpaid—18 to 24 in., 50c; 5 for $2.25; 10 for $4.00. 2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

LILACS

Syringa. Lilacs are old favorites that practically everybody knows. They grow about 8 feet tall, are nicely shaped and give us a wealth of beautiful bloom in long cone-shaped heads or spikes about April.

PURPLE LILAC—Syringa vulgaris. The common purple variety, the old-fashioned, familiar Lilac of everybody's gardens. Hardest and easiest grower; usually more vigorous than the white. Prices same as White Lilac below.

WHITE LILAC—Syringa vulgaris alba. This is the old-fashioned white Lilac that everybody knows. Delightfully fragrant and with the Purple Lilac should be in all gardens. Postpaid—18 to 24 in., 50c; 5 for $2.25; 10 for $4.00. 2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

Lilac or Syringa Bush—50c

Peegee Hydrangea—Makes Gorgeous Display—Plant a Plenty—50c

Japanese Bush Honeysuckle Blooms—50c

Hydrangea—Hills of Snow—50c

H. G. Hastings Co., Atlanta, Georgia
MOCK ORANGE
Philadelphus coronarius. Garland Syringa or Sweet Mock Orange. Grows about 5 feet high, producing beautiful, clear waxy white flowers with exquisite orange-blossom fragrance in April and May. Valuable for cut-flowers, and pruning by cutting flowers often keeps the bush confined to lower growth. It is specially good for most all uses; the large oval, dark green leaves making it a beautiful plant for foundation work, back grounds, screens and for grouping. Much in demand. Postpaid—$2.25; 10 for $5.00. 3 to 4 ft., 50c; 5 for $3.25; 10 for $6.00.

PEARL BUSH
Exochorda grandiflora. Grows to 10 feet high with the richest waxy white flowers completely covering the shrub in early spring. A most effective large growing shrub with small, light green leaves. Pearl Bush should be extensively planted for its beautiful mass effect. It is one of the most pleasing of the early spring blooms, simply a mass of bloom. Postpaid—$2.25; 10 for $5.00. 3 to 4 ft., 50c; 5 for $3.25; 10 for $6.00.

FLOWERING PEACH
Amygdalus persica. Red Double-Flowering Peach. This large shrub or really a small tree is simply a gorgeous sight when in bloom or bearing fruit, before any foliage appears, there is a great profusion of red, double flowers like rambler roses on every twig and branch. It is beautiful and decorative, suited to most soils and situations, grows from 10 to 20 feet high and is easily grown. For finest results it may be heavily pruned each year after it has finished blooming. This keeps it in a bushy form and gives an even greater abundance of flowers. Postpaid—$3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00. 1 ft., 50c; 5 for $3.25; 10 for $6.00.

FLOWERING ALMOND
Grows 4 to 5 feet high. Low, broad shrub, completely covered in bloom or colors like small roses, borne along the stems. When in bloom, before leaves appear in spring, dominates the landscape. Postpaid—18 to 24 in., 50c; 5 for $3.25; 10 for $6.00. 2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

FLOWERING QUINCE
Cydonia japonica. Japanese Quince. See picture. A great favorite with brilliant scarlet flowers and beautiful as a cut-flower as well as for garden effect. Really a fine, slow growing shrub, making an impassable and beautiful flowering hedge or border. No doubt one of the most attractive spring blooming shrubs, flowering in great flame colored masses just as the leaves of dark, glossy green are coming out. Ultimate height, 4 to 8 feet. Suited to most soils and situations. Postpaid—$2 to 4 ft., 50c; 10 for $4.00. 2 to 3 ft., 75c; 10 for $6.00.

SNOWBERRY
Symphoricarpos racemosus. Eastern Snowberry. Very attractive shrub, growing 4 to 5 feet high, bearing small rose-pink flowers in June and July, followed by large, clustered, milk white fruits or berries, which remain far into the winter. The combination of pink flowers and waxy white fruits or berries are coral-red, almost a purple and that the smaller berries cluster in thick ropes along the weighed-down stems. The foliage is small, close-set and dark. The uniform spread of its branches compares well with the Privets in mass effect. The ornamental berries come in pink, red, white and green shades as in others, extremely hardy and easy to establish where other things fail. Stands cold, heat and drought mightily well. Grows 4 to 6 feet tall. Postpaid—$1.50 to 2 ft., 10c; 2 to 3 ft., 50c; 10 for $4.00.

CORALBERRY
Thunbergii. A shrub when planted, do well in most soils and situations, are very effective in borders, masses and Yarn Bowl in specimen plants. They are probably the most popular deciduous shrubs that we grow.

SPIREAS
ANTHONY WATERER
Spiraea bumalda. Crimson Spirea. Compact, low growing shrub, 2 to 3 feet high. Dense foliage of deep green with variegated leaves of pink tint, very often seen on young or new outgrowth. Flowers are borne in wide flat rose-crimson clusters on nice erect stems, continuously through the summer. Valuable for edging in front of other shrubbery or as a border or hedge. Postpaid—12 to 18 in., 50c; 5 for $3.25; 10 for $6.00.

SNOW GARLAND
Spiraea thunbergii. The extra early flowering Spirea, the pride of the Southland. Spreading growth with slender arching branches, a perfect mass of miniature white flowers before the delicate green foliage appears in March blooming. Grows 2 to 4 feet high, indispensible for foundation plantings and edging purposes. Postpaid—12 to 18 in., 50c; 5 for $3.25; 10 for $6.00.

BRIDAL WREATH
Spiraea vanhouttei. Weeping Bridal Wreath or Bridal Bower. This is the most cover show better than words the mass of minute white flowers on spreading, pendulum branches often drooping to the ground. In full bloom in the spring it never fails to attract attention. The foliage is an attractive dark green, retained late in the fall. This Spirea can be used in any situation for hedging, groupings, mass effect and for specimen plants. When in doubt what to use, plant Bridal Wreath. There is nothing superior in the whole catalog. Grows 4 to 6 feet high and spreads as much as 20 feet across. Postpaid—2 to 3 ft., 50c; 5 for $3.25; 10 for $6.00. 3 to 4 ft., 75c; 5 for $3.25; 10 for $6.00.

DOUBLE BRIDAL WREATH
— Spiraea prunifolia. Just like the Bridal Wreath above except the flowers are fully double in form. Extremely popular and the true Bridal Wreath. Postpaid—2 to 3 ft., 50c; 5 for $3.25; 10 for $6.00.

GRANULATED PEAT MOSS
Recommended as a mulch and for mixing with soil to provide humus—equal to or better than woods earth—for most all shrubs, especially those of the rose family and Roses. Keep a bale on hand at all times. 100 lbs. at 180 to 200 lbs. Bale, $5.50. 20 lbs. lots, 5c per lb.
SWEET SHRUB Calycanthus floridus. Common Sweetsrub. Most everyone knows the sweetshrub of the woods. It is a handsome native shrub, thriving in shady locations. The dark green aromatic foliage and oddly shaped, rich chocolate colored, extremely fragrant flowers make this a very desirable plant. It blooms in early April and blooms last several weeks. Ultimate height is 4 to 5 feet. Postpaid—18 to 24 in., 60c; 5 for $3.75; 10 for $5.00.

VIBURNUM-SNOWBALL These are the hardy, tree-like shrubs with large, globular, snowball-like, handsome, showy white flowers. The many small blooms are sterile and are produced in numerous, compact balls. It’s an old favorite and one of the best flowering shrubs. As specimen plants the Snowball has few rivals and for grouping or massing it is gorgeous.

COMMON SNOWBALL—Viburnum opulus sterile. Very free growing shrub; simply covered in early spring with perfect balls of snowy-white flowers. It is of easiest culture and does well; reaches 10 to 12 feet in height, a beautiful sight. Postpaid—2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

JAPANESE SNOWBALL—Viburnum tomentosum plicatum. Growing 6 to 8 feet high, this is one of the most satisfactory shrubs grown. Its pure white blossoms of perfect ball form with a background of dark plaited leaves make it wonderful as an individual specimen or in groups. Blooms in the spring and dominates the lawn. Postpaid—2 to 3 ft., 75c; 5 for $3.25; 10 for $6.00.

WEIGELAS See picture on rear cover. The Weigelas or Diervillas are beautiful April and May flowering shrubs. Very desirable for borders, grouping and specimen plants; do well in sun or partial shade. Flowers are either large and trumpet shaped, clustered thickly along the branches to almost hide the foliage. Satisfactory shrubs for lawn planting in the South. Flowers are borne on new wood, so after blooming prune off wood which bore flowers to increase flowering the next year.

WEIGELA CANDIDA—White. Grows 5 to 6 feet, most vigorous variety and thrives in light soil. Flowers are snow-white, profuse in May, are large and quite showy. Postpaid—Strong plants, 50c; 10 for $1.00. Extra strong, 75c; 10 for $1.25.

WEIGELA EVA RATHKE—Red. 3½ to 4 feet, decidedly spreading; crimson flowers with white throats, especially showy in light soils, very fine in partial shade. Beautiful. Postpaid—Strong plants, 75c; 10 for $1.00; 10 for $8.00. Extra strong, 75c; 10 for $1.00.

WEIGELA ROSEA—Rose Pink. 4 to 6 feet, best of all and one of the choicest of all shrubs. Very vigorous, deep pink and flowers in great abundance along great arching canes in May with scattered bloom all summer. Postpaid—Strong plants, 50c; 10 for $1.00. Extra strong, 75c; 10 for $1.25.

10 MOST POPULAR ORNAMENTAL SHRUBS-$3.45

ALTHEA—The popular pink flowering Rose of Sharon, with showiest summer blooms. Described on page 27. 50c.

BARBERRY—Japanese shrub for sun or shade. Excellent for many purposes. Described on page 27. 50c.

BEAUTYBERRY—Beautiful purple berries. See page 27. 50c.

BUTTERFLY BUSH—Quick-growing shrub with exquisite lilac-like flowers all summer. Described on page 27. 50c.

DEUTZIA—Pride of Rochester. See page 28. 50c.

FLOWERING QUINCE—Brilliant red flowers. Page 30. 50c.

HYDRANGEA—Peigea variety with its massive conical heads, a wonderful shrub. Described on page 29. 50c.

MOK ORANGE—The delightfully fragrant Garland Syringa, universally popular. Described on page 30. 50c.

SPIREA—The Snowball. Extra with feathery foliage and arches of bloom. Described on page 30. 50c.

THIS GENUINE BARGAIN—You will surely take full advantage of this extra special offer—10 of the most popular and satisfactory Ornamental and Flowering Shrubs in cultivation for only 3½ cents each, $3.45 worth for $3.15. Each plant, as named in the left column is strong, hardy, outdoor nursery grown, separately wrapped and labeled and ready for setting out in your yard. This is not the tail-end of a nursery crop to be dumped or sold to some bargain sale store. These are good, healthy, two-year-old plants, full of life, ready to grow and beautify your home.

When we make up a collection for a special offer, we choose the separate kinds which we believe will please and satisfy you most; be the easiest to grow and give you the greatest return for display possible for the money. In ordering this splendid collection you get these wonderful flowering shrubs that will grow more beautiful each year in your yard and at a worthy saving.

Order several of these at such a price, only $3.45. Postpaid.
Examples of the artistic and graceful effects of climbing plants are noticed everywhere. From most any tall building in Atlanta it is easy to point out Hastings' main building because of two plants of Boston Ivy that simply cover one side of this warehouse. You know how much more attractive a home may be made by the use of vines.

**CLEMATIS** These beautiful hardy climbers are most valuable for training around and over pillars, porches, fences, rock-work, pergolas and arches or gateways. The flowers are a beautiful attraction.

**JACKMAN CLEMATIS**—Clematis jackmanii. Succeeding only in partial shade, this huge purple flowered variety is simply beautiful. Very large four-petaled flowers come in mid-summer, laid daily against the rich foliage. The most popular large flowering Chinese Clematis. Postpaid—75c each.

**SWEET AUTUMN CLEMATIS**—Clematis paniculata. About the most beautiful hardy vine. Makes a strong, luxuriant growth with delicate foliage. Blooms profusely in late summer and early fall for the vines in immense sheets of small white, sweet-scented flowers, followed by feathery seed clusters. Give support or grow on banks. Postpaid—50c; 5 for $2.25; 10 for $4.00.

**HONEYSUCKLE HALL'S JAPAN**—Lonicera halliana. No one in the South needs an introduction to the climbing Honeysuckle. It is perfectly at home here, evergreen in habit, of twining nature and used extensively for fences, trellis and porch decoration and shade. It's a rampant climber with dark green foliage and intensely fragrant trumpet-shaped flowers of white, later deepening to cream and yellow, shades. Postpaid—50c; 5 for $2.25; 10 for $4.00.

**SCARLET HONEYSUCKLE**—Lonicera sempervirens. Trumpet Honeysuckle. An attractive vine with blue-green foliage and showy coral-red or scarlet trumpet-shaped flowers. Not so rampant a grower as the Japan or the Hall's Japan but vigorous and luxuriant. Flowers followed by scarlet berries. Postpaid—50c; 5 for $2.25; 10 for $4.00.

**BOSTON IVY** Ampelopsis veitchi. Probably the greatest of all clinging vines. It covers immense surfaces in a short time after well started and will cling tightly to most anything. A rampant climber. Free-growing, graceful climber with broad, usually three-lobed leaves. Foliage is a deep, glossy green in summer, turning through gorgeous colors of red, scarlet and yellow in the fall. Especially desirable for use on old or stone walls to break their coldness and monotony, to cover rock-work, banks or graves, and to cover the ground under trees where it is hard to keep grass, usually allowing the vines to climb the trees. This is also a hardy Japanese Ivy, Ampelopsis japonica. Postpaid—50c; 5 for $2.25; 10 for $4.00.

**VIRGINIA CREEPER** Ampelopsis quinqufolia. American Ivy. Belonging to the same family as the Boston or Japanese Ivy, this American Ivy has about the same habit of growth except it is not quite so dense in foliage. It has five lobes to the glossy green leaves, giving it a more airy and open appearance through the summer and many prefer it on this account. In autumn its brilliance of changing color is very beautiful. It will grow most anywhere and in any fair soil and do well, tightly clinging to its support. A great value in lawns, as in se or vines, as it may be trained close to walls, buildings, etc., providing growth and beauty in places inaccessible to shrubs. Postpaid—50c; 5 for $2.25; 10 for $4.00. (See picture of this on front cover.)

**ENGLISH IVY** Hedera helix. The well known evergreen Ivy of the South. It is by far the best evergreen vine for covering brick, concrete and stone walls. It grows equally well in sun or shade, in many situations a better carpet or ground cover than grass, especially in dense shade. Freely used in window boxes and for formal beds instead of temporary flowers. Rapid growing with large, glossy, dark green leaves, very easy to grow in practically any soil and low priced to use in quantity. Postpaid—50c; 5 for $1.65; 10 for $3.00; 25 for $13.75.

**WISTERIA** Purple Wisteria. Wisteria sinensis. As shown by the picture, a rapid growing climbing plant with great drooping racemes of blue-purple colored, pea-shaped flowers. One of the best and hardiest ornamental vines and well adapted to training on porches and arbors. For best success, a deep, rich soil should be provided and when well established, a greater profusion of blooms may be secured by severe pruning, cutting back the lateral shoots to short spurs. While we have seedlings of Wisteria growing in our nursery, and can supply it at 50 cents per extra large plant, postpaid, we do not recommend it. Instead, we advise Grafted Wisteria as priced below. Many cuttings are made that Wisteria doesn't bloom and a plant may grow twenty years without blooming if a seedling. However, by grafting a scion from a fine blooming plant on a strong seedling stock we obtain sure-blooming plants. It will pay you to get these fine grafted plants of this most beautiful flowering Chinese Wisteria. Postpaid—75c each; 5 for $3.75; 10 for $6.00.
Hastings' "Special 8" Broad Leaf Evergreens—$11.75

1—English Laurel, 2 to 2½ ft., $2.50. 2—Pyracantha or Firethorn, 18 to 24 in., $1.50. 3—Aucuba or Gold Dust Plant, 15 to 18 in., $2.00. 4—Nandina, 15 to 18 in., $1.50. 5—Japanese Privet, 2 to 2½ ft., $1.00. 6—Glossy Privet, 18 to 24 in., $1.50. 7—Carolina Cherry Laurel, 2½ to 3 ft., $3.00. 8—Glossy Abella (picture below), 2 to 3 ft., $1.00.

These most popular of all Broad Leaf Evergreens—Balled and Burlapped, $14.00 worth, for Only $12.50. Beautiful your home!

ABELIA GLOSSY ABELIA—Abelia grandiflora. Just about the most valuable plant for Southern plantings. It's a flowering shrub and also an evergreen in the South, growing 5 or 6 feet high unless kept trimmed. A continuous bloomer of pinkish-white bell or tubular shaped flowers from spring until frost on gracefully arching branches. Leaves are rather small, lance shaped, glossy rich green, turning a purplish bronze with metallic sheen in winter. Excellent for specimens, hedges, groupings or mass planting, around foundations and we cut the flowering branches for house decorations. An all-round wonderful shrub and evergreen that fits into practically all plantings. In fact we use it in almost all our landscape plans. It is so easily grown and thoroughly satisfactory, it is the most valuable plant in our nursery and we grow and sell more of it than any other shrub or evergreen.

Mailing size plants, without balls of earth, are listed on Page 27. Balled and Burlapped—2 to 3 ft., $1.00; 5 for $4.50; 10 for $8.00. Extra Heavy Branched Plants—2 to 3 ft., $1.50; 5 for $7.00; 10 for $12.00.

Extra Heavy Branched Specimen Plants—3 to 4 ft., $2.50; 5 for $11.50; 10 for $20.00.

AUCUBA GOLDDUST AUCUBA—Aucuba japonica variegata. One of the very best and broadest leaved evergreens for growing in shade or partial shade. Grows 3 to 4 feet high with large dark green leaves with strikingly attractive yellow spots and flakes, hence its name. It prefers moist, shady locations, although it may be planted in full sun location when near other shrubs which furnish some shade. Very desirable for foundation plantings with its rich colored foliage and often hanging red berries that are carried through the winter. Also makes fine porch plants in pots, boxes and urns.

Balled and Burlapped—15 to 18 in., $2.00 each. Extra strong, $2.50.
INDIAN AZALEAS

Our Azalea grower has worked up one of the finest as well as one of the largest Azalea collections in America. Cuttings are made from specimens originally selected from well over the world. Surely there are many varieties and when in bloom, the mass of flowers almost hiding the plants, makes a sight not easily forgotten.

Each year at Azalea time, hundreds and thousands of people visit famous Southern Azalea gardens, some traveling long distances just for a sight of these magnificent flower displays. Azaleas make such a gorgeous sight and azaleas are not full of them. They are at home in the lower South, along the Atlantic and Gulf Coasts and all over Florida especially.

All these are fine two-year-old plants and should do exceptionally well, especially in the South, where these flowers are not grown. Prune them in the low sun to allow for more light, if desired. Some sun, especially morning sun, is preferable. It pays to plant Azaleas in woods or near a light moss. They grow for several years and will give you a fine display of gorgeous bloom.

PINK AZALEA INDICA—Richest Pink. 
SHELL PINK—Light or Blush Pink. 
ROSY RED—American Beauty Color. 
ORANGE RED—Fiery Cerise, Very Brilliant. 
LAVENDER—Early, quick grower and Very Showy. 
WHITE—Pure White, sometimes shows Slight Blush. 

Postpaid Prices—Each, $1.25. 5 for $5.50. 10 for $10.00. 25 for $22.50. 50 for $42.50. 100 for $80.00.

HARDY AZALEAS

These Japanese Azaleas, hardy as far north as Chicago and Philadelphia, are pruned, and grow much more compact and just a few fine plantings will do well. They are the ones recommended and do well in the most situations with the proper soil, which is a good leaf mold or a mixture of good soil and moss. Every foundation or border planting needs the life that these gorgeous, brilliant colored, hardy Azaleas give freely.

AZALEA AMOENA—Rosy Purple. Strong, bushy, compact growth; small leaves turning bronze in fall and winter. Flowers are the richest bright rosy purple you ever saw and borne in great masses to blanket the whole plant when in bloom.

Azalea and Burred—10 to 12 in. spread, $1.50; 5 for $7.50; 10 for $15.00.

AZALEA HINODEGIRI—Blazing Red. Even more compact than Azalea; extremely effective for massing. Blooms in early spring, from 8 to 12 feet tall and a month or more, and stay 3 ft. tall, very bushy and the richest color imaginable in its exquisite masses of carmine red flowers enveloping the whole plant. Balled and Burred—10 to 12 in. spread, $1.50; 5 for $7.50; 10 for $15.00.

EUONYMUS EVERGREEN BURNINGBUSH

EUONYMUS JAPONICUS—Evergreen Burningbush. A decidedly useful shrub of wide application in gardens and in park making. For grouping, borders, hedges and as single specimens it is in a class by itself, and will take a place in any garden scheme that may be devised. It does well in all soils and grows to a considerable height. It is especially useful for rock gardens and for porch plants, in urns, tubs and boxes with its winter berries of orange and scarlet.

Balled and Burred—6 to 8 in., $1.25. 2 to 2½ ft., $2.00 each.

COLUMNAR BURNINGBUSH—Euonymus japonicus columnaris. This variety is quite similar to the plain japonicus but with smaller leaves and more densely leafed, making it a more compact plant. It grows in a compact column form, used for all purposes as stated above, stands trimming well and shows up fine for specimen plants, borders and foregrounds. Foliage is dark, glossy green.

Balled and Burred—15 to 24 in., $1.25. 2 to 2½ ft., $2.00 each.

SIEBOLD BURNINGBUSH—Euonymus japonicus var. sieboldii. Many of the pot plants sold under this name have leaves of the Azaleas family. Compact, graceful shrub, bearing a score of orange to scarlet red berries, from which bright red seeds are suspended in late fall and early winter, resembling Holly berries. Practically evergreen and has a habit of spreading of clumps. Indispensible for borders along lawns or patios; otherwise remaining compact. Free of insects or disease.

Balled and Burred—15 to 24 in., $1.25. 2 to 2½ ft., $2.00.

SILVEREDGE BURNINGBUSH—Euonymus japonicus albo-marginatus. A truly attractive habit of almost month’s growth form but with leaves beautifully margined with silvery white. This makes a very pleasing contrast when planted with green leaved plants, giving life and diversity to the whole planting. It always attracts attention and might well be used for variety as well as for its own distinctiveness.

Balled and Burred—15 to 24 in., $1.25. 2 to 2½ ft., $2.00.
GARDENIA CAPE JASMINE—Gardenia florida. A truly Southern evergreen shrub of medium growth with large waxy and shiny green foliage and the most beautiful large waxy-white blossoms of exceedingly delightful fragrance. It flowers almost continuously from May until autumn and while it is not hardy north of middle Tennessee out of doors, South with some winter protection and the most suitable soil, it should have it. A single bloom will perfume a whole room and even outside its sweetness permeates the whole yard. As shown by the picture it is very beautiful, combining the advantages of a continuously flowering shrub and a beautiful broad-leaved evergreen. It seems impossible to supply the demand.

Balled and Burlapped—12 to 18 in., $1.50, 18 to 24 in., $2.50.

HOLLY AMERICAN HOLLY—Ilex opaca. Everyone certainly knows the native Holly with its large, glossy, prickly leaves and beautiful red berries. It is not half appreciated as the same can be shivered into compact specimens as Boxwood or if left to develop naturally will make a bush or small tree that is wonderful at all times of the year. Some plants never produce berries but all are beautiful forms if given a chance and are an acquisition to any lawn. Our nursery grown plants are comparatively easy to transplant provided all leaves are clipped off at planting time. Typical of Christmas time, the American Holly might well be planted at every home.

Balled and Burlapped—18 to 24 in., $1.50, 2 to 2 1/2 ft., $2.50.

LAURELS CAROLINA CHERRY-LAUREL—Laurocerasus caroliniana. Hardy evergreen by Tree shape, much admired and used for Bay Trees, which can no longer be imported. Vigorous, compact, and of symmetrical pyramidal form but may be sheared to any desired shape. Trimming to a long stem with a globular head it looks like a Bay Tree, especially desirable for formal effects in tubs or urns or in the garden. Naturally useful as specimen plants, in groups, masses, borders or screens. Prefers full sun and good drainage.

Balled and Burlapped—2 to 2 1/2 ft., $2.00, 2 1/2 to 3 ft., $2.50, 3 to 4 ft., $3.00 each.

ENGLISH LAUREL—Laurocerasus officinalis. Attains over 10 feet in height, as shown in picture, but may be kept down by trimming. Valuable, vigorous, spreading shrub with beautiful, broad, shining, rich green foliage. Inconspicuous white blooms rarely occur. Very useful for foundation plantings, forming a dense evergreen background and desirable for massing for doors. It is over most of the South with some winter protection and all homes should have it. Our nursery grown plants are comparatively easy to transplant provided all leaves are clipped off at planting time. Typical of Christmas time, the American Holly might well be planted at every home.

Balled and Burlapped—2 to 2 1/2 ft., $2.00, 2 1/2 to 3 ft., $2.50, 3 to 4 ft., $3.00 each.

LIGUSTRUM PRIVETS AMUR PRIVET-SOUTH—Ligustrum amurense. Amo River Privet. This is the evergreen variety. (Amur Privet-North is not evergreen.) Used more extensively for hedges in the South than all others though for such may not be in good taste. Rather small and lightly grows 15 feet or more with fragrant, white, feathery flowers in spring, followed by large drooping panicles of blue black berries carried the rest of the year. Stands heavy shearing and may be grown in any desired shape on matched pairs of globes, pyramids or Bay Tree standards in size or height desired. Prices for Hedge Plants on Page 35.

GLOSSY PRIVET—Ligustrum lucidum. The dwarf, large leaved Japanese Privet. It is recommended not only as the best Privet but the best evergreen shrub for this section. Leaves are thick and dark shining green, making a compact, dense growth. Large heads of fragrant white flowers are produced in spring and followed by blue black berries which are retained throughout the winter. Hardy south of the Ohio River; fine for mass, border and group plantings, indispersed. Bright green, glossy foliage of beautiful appearance. Naturally compact hedge in the South, grows in sun or partial shade and essential in all good landscaping. Has our highest recommendation. Balled and Burlapped—1/2 to 2 ft., $1.50, 2 to 2 1/2 ft., $2.50, 2 1/2 to 3 ft., extra heavy with heads, $3.50 each.

NURSERY ITEMS—Trees, shrubs and vines, increase in value every year and increase the value of your home. Is this true of other things purchased for your home and grounds?
Lonicera Privet-Leaved Honeysuckle—Lonicera nitida. A beautiful and coming shrub, ultimately growing about 6 feet high, evergreen or almost evergreen. It is upright in habit of growth, leaves 1/4 to 1/3 inch long, rounded at their base and a glossy rich green. Flowers are whitish, funnel-formed and fragrant in the spring, but the chief value of this handsome Nitida is that it bears a profusion of white or pale yellow berries which soon turn violet and are similar to small grapes. It prefers well drained soil and partial shade, which is usually obtained by planting among other shrubs. Grows about 4 feet high. Balled and Burlapped—15 to 18 in., $1.50. 18 to 24 in., $2.00 each.

Mahonia Leatherleaf Hollygrape—Mahonia bealei. So different from any other plant, it should be found in every planting of choice shrubs. As seen in the picture below it has large compound leaves of 7 to 15 Holly-like, spiny-toothed leaflets of bright shiny green; tough and leathery in texture. The flowers are yellow, golden in color, and are followed by clusters of berries that areRound each year and are similar to small grapes. It prefers well drained soil and partial shade, which is usually obtained by planting among other shrubs. Grows about 4 feet high. Balled and Burlapped—15 to 18 in., $1.50. 18 to 24 in., $2.00 each.

Nandina Nandina domestic. Beautiful leafy shrub of medium height, 3 to 4 feet, and of a neat and airy habit. It is allied closely to the Pyracantha and has attractive panicles of elongated leaves in perfect taste. Has the appearance of a dwarf evergreen bamboo. Foliage is lighter green than other evergreens; leaves pink tipped in summer and rich bronze red in winter. Flaming scarlet berries through the winter with the darker red leaves making this outstanding. Coming into great demand, hardly a local order going out without it. Balled and Burlapped—15 to 18 in., $1.50. 18 to 24 in., $2.50. 2 to 2 1/2 ft., extra heavy, $4.00.

Rhododendrons Considered the most magnificent of all evergreens and certainly the large masses of brilliantly colored flowers are unequalled in grandeur. North Carolina Mountains are noted all over the world for their wonderful Rhododendrons. We all want them but they are very particular about being moved, their soil and location. They are selected for use in the mountains, the roots pruned the year before moving, only fine heavy clumps being moved. They are fed, allowed rich soil and Supervised during growth, and humus and free from lime, moist soil with good drainage and a good leaf mulch. Soil acidity may be had by adding lime to the soil. The soil condition may be obtained by mixing good type soil or preferably woods earth with Granulated Peat Moss to a depth of 6 to 12 inches. After planting in this prepared bed it is well to cover the surface with a layer of leaves or Peat Moss for a mulch. Keep moist, especially in hot weather, but do not cultivate because the roots are near the surface. See picture of Picture of a Plant.

Carolina Rhododendron—Rhododendron carolinianum. Easiest kind to grow in the upper South; blooms early summer and sometimes again in the fall. Both plant and leaves are small and the exquisite flowers vary from lile-pink to a deep rich pink. Balled and Burlapped—2 to 3 ft., $2.50.

Rose Bay Rhododendron—R. maximum, Great Laurel. Large shrub or small tree with bright-white flowers. Balled and Burlapped—2 to 3 ft., $2.50.

Pyracantha Laland Firethorn—Pyracantha coccinea laland. Everlasting Thorn. Evergreen Thorn. Firethorn is a handsome evergreen shrub, closely allied to Cotoneaster except that it has thorny branches. The leaves are small and narrow, oval-oblong; corymb of small white flowers are not so striking but the numerous bright blood-orange fruits or berries all along the branches, as in the picture, are perfectly hardy, thrive in any soil and prefers sunny locations. Exceptional for mass centers, entrance to driveways and covering walls.

PLANTS RECOMMENDED FOR HEDGES

Abelia Abelia grandiflora. Description on page 33. Probably the best informal hedge for the South. A thing of beauty itself, blooming most of the time, well filled out and an attraction to any home. May be kept pruned or left natural after established. Set plants 2 to 3 ft. apart in trench. F. O. B.—18 to 24 in., bare roots, $3.50 per 100.

Boxwood Common Box—Buxus sempervirens. Popular evergreen shrub; used for hedges, formal borders, compact growth, trim beautifully and fine in natural growth. Grows at any height. Aristocratic and in perfect taste. Set plants 12 to 24 in. apart. F. O. B.—6 to 8 in., $3.00 per 100. F. O. B.—6 to 8 in., $2.50 per 100.

Dwarf Box—Buxus sempervirens. Description on page 34. Extensively used for edging and low hedges. Grows 4 feet, but may be held to 6 inches. Perfect taste, exquisite, aristocratically low hedge. Set plants 12 to 24 inches apart. F. O. B.—6 to 8 in., $3.00 per 100. F. O. B.—6 to 8 in., roots, $3.50 per 100.

Barberry Berberis thunbergii. Description page 27. Valuable hedge for informal effect. Always in good taste, dense, bushy growth, a relief from straight board fences because thorny. Small glossy green leaves, then yellow flowers, red leaves in fall, red berries in winter. Set 6 to 9 ft. apart. F. O. B.—12 to 18 in., roots, $2.50 per 100.

Privets AMUR RIVER—Ligustrum amurense. Description page 33. Amur Privet-South, used extensively throughout the South for formal hedges and specimens. Can be trimmed and shaped in any shape. Dense, heavy growth, practically evergreen in South and East. Larger leaves than Amur and taller and denser hedges in winter. Set plants 10 to 12 inches apart. F. O. B.—18 to 24 in., $5.00 per 100. 2 to 3 ft., $7.50 per 100. Write for prices on other sizes.

California Privet—Ligustrum ovalifolium. Upright growth, popular in North and East. Larger leaves than Amur and taller hedges. Works well in winter. Set plants 12 to 24 inches apart. F. O. B.—18 to 24 in., $6.00 per 100. 2 to 3 ft., $10.00 per 100.

Japanese Privet—Ligustrum japonicum. Description on page 33. Very large leaved evergreen for tall hedges and backgrounds; rather rapid grower, vigorous and hardy. If left untrimmed it has spreading branches, is a good screen and makes a striking wall mass or cliff. The effect is informal. Set plants 12 to 24 inches apart. F. O. B.—18 to 24 in., $3.50 per 100. 2 to 3 ft., $6.50 per 100.

Prices 25 or more plants of the same size and variety will be sold at the 100 price. Write for special prices on lots of 250 or more.
EVERGREEN CONIFERS

Pictured above are some of our most popular evergreen conifers. 1—Norway Spruce. 2—Oriental Pyramidal Arborvitae. 3—American Globe Arborvitae. 4—Berkman's Golden Arborvitae. All are described and priced on these next few pages. They are permanent investments in your home, growing more valuable every year.

CEDARS DEODAR CEDAR—Cedrus deodara, Indian Cedar. Pictured as No. 8 above, this is considered the handsomest of all tall growing conifers. Attains over 30 feet in height; lower branches gracefully sweep the ground; foliage is feathery and of the popular blue-green color; tree shape is pyramidal, growing more stately with age. Succeeds admirably in this climate and is to the South what Koster Blue Spruce is to the North. Magnificent. Balled and Burlapped—2 to 2½ ft., $3.00, 2½ to 3 ft., $4.00, 3 to 4 ft., $5.00, 4 to 5 ft., $7.50. 5 to 6 ft., $15.00. (See picture No. 8, above and on Page 3.)

CEDAR OF LEBANON—Cedrus libani. One of the most beautiful evergreen trees for lawn decoration. Reaches a height of over 30 feet with a trunk 5 feet or more around. This is the famous old Cedar so often mentioned in Sacred History. It is very picturesque and a massive type of the true Cedar with dark green foliage. A wonderful tree and more than worthy of a place in any yard. Balled and Burlapped—2 to 3 ft., $3.50 each. 3 to 4 ft., $5.00 each.

CRYPTOMERIA JAPANESE CEDAR—Cryptomeria japonica. Splendid evergreen tree growing 60 to 100 feet high, coming originally from northern Japan. Of rapid growth and of elongated pyramidal form. The plume-like upward spreading branches make it a very handsome specimen. It is an asset to any yard with sufficient space and is fine planted in pairs, on opposite sides of the lawn or house. Needs a deep, rich soil with moisture to develop its beauty. Balled and Burlapped—2 to 2½ ft., $3.00, 2½ to 3 ft., $4.00, 3 to 4 ft., $5.00, 4 to 5 ft., $7.50. 5 to 6 ft., $15.00.

CYPRESS ITALIAN CYPRESS—Cupressus sempervirens. Very tall, slender columnar tree, excellent for formal effect when planted in straight lines, as corner markings or on opposite sides of driveways or doorways in matched pairs. Of compact, shaft-like form, sometimes reaching 50 feet. Foliage is dark green with a slight silvery cast, a very effective evergreen tree with its straight branches fitting close against the stem. Especially good for limited area plantings. Balled and Burlapped—2 to 2½ ft., $2.50. 2½ to 3 ft., $3.50.
The Chamaecyparis family includes the Retinospora and Cypress groups, which are similar. The plants are of dense habit, densely foliaged with feathery appearance, quite similar to a finely cut fern frond. It prefers a dry, well drained situation and makes a handsome specimen with its crowded, pendulous, fern-like and feathery branches from its short and spreading branches. Makes an ideal lawn specimen. Balled and Burlapped—2 to 2½ ft., $2.00. 2½ to 3 ft., $4.00. 3 to 4 ft., $5.00.

Plume Retinospora
Chamaecyparis pisifera plumosa aurea. Rapid growing, very bright tree with foliage arranged in billowy plumes of a rich golden color. It grows about 20 feet high, of pyramidal form and somewhat drooping branches. The finely cut foliage with golden coloring makes it outstanding in appearance and it is especially valuable in contrast to the dark green of most of the other evergreens in foundation and group plantings. Balled and Burlapped—18 to 24 in., $2.00. 2 to 2½ ft., $3.00. 2½ to 3 ft., $4.50. 3 to 4 ft., $6.00.

Veitch's Moss Retinospora
Chamaecyparis pisifera squarrosa veitchii. See group picture, No. 9 on opposite page. This is the most attractive conifer of them all, the writer, W. R. Hastings, thinks, except for Deodar Cedar. The soft, very pleasing to touch, moss-like, dense, fluffy, very finely divided foliage of steel or silvery blue-green coloring is delightful. Extra fine for urns, boxes, tubs when kept sheared and blends well, yet gives variation to other greens in plantings. Balled and Burlapped—18 to 24 in., $2.00. 2 to 2½ ft., $3.00. 2½ to 3 ft., $4.50. 3 to 4 ft., $6.00.

HEMLOCK
Tsuga canadensis. Grows 30 to 40 feet. Broad pyramidal, graceful spreading branches. May be trimmed to any size or shape. Shining dark green foliage. Grows in any soil or situation. Balled and Burlapped—18 to 24 in., $2.00. 2 to 2½ ft., $4.00. 2½ to 3 ft., $5.00.

SPRUCE
NORWAY SPRUCE
Picea excelsa. This conifer is the most attractive white Spruce doesn't do as well here as North but is interesting for foundation plantings with other evergreens. Retains its rich green in winter. The terminal Spruce branches are attractive. Balled and Burlapped—18 to 24 in., $2.50. 2 to 2½ ft., $3.50. 2½ to 3 ft., $4.50.

Landscape Your Home
Landscape Plans should be made in advance of planting time. Then, fill in the plan as you can afford to purchase the plants or have time and facilities to do the planting. Most of us have already done some planting, however, and so must take it in consideration in further planting. Work for a finished picture, change location of previous plantings if necessary—don't patch up your lawn.
JUNIPERS—FOR ALL PURPOSES

The low-growing Junipers are in a class by themselves as evergreens of high quality, brilliant coloring and wide range of form and manner of growth. Silver-green, blue-green and golden types, low, spreading shapes, upright cones and pyramidal shapes offer a great variety from which to choose. They fill positions that other plants either cannot or for which others lack quality. Long lived, hardy and easy of growth. Of great value in planting the home.

Chinese Juniper  
*Juniperus chinesis. Round Fruited Juniper*. Of variable habit with closely set, upright branches. One of the most ornamental Junipers for the lawn or garden. Pyramidal outline with foliage of a pleasing grayish green color on fresh growth, maturing to real dark green. Adaptable to extremes of temperature and very desirable to associate with other plants. Resembles the native Red Cedar, but only grows about 6 ft. tall, a better color in winter and does not tend to lose its lower branches. Balled and Burlapped—18 to 24 in., $2.50. 2 to 2½ ft., $3.00. 2½ to 3 ft., $4.00. 3 to 4 ft., $5.00.

Creeping Juniper  
*Juniperus horizontalis*. Sometimes wrongly called Prostrate Juniper. Handsome, very serviceable ground-covering type of closely radiating habit. The foliage is thread-like and distended, yet the plant is dense and prostrate. Foliage is a healthy light green in color and thickly formed along the horizontal branches that trail over the ground. Fine for rockeries, growing on banks and for low-maintenance lawns. Easily grown in its own soil and thrives in most all soils and situations. Balled and Burlapped—18 to 24 in. spread, $2.50. 2 to 2½ ft., $4.00.

English Juniper  
*Juniperus communis. Common Juniper*. Grows 15 to 20 ft. tall, a little variable but we select for a densely compact columnar or spiral shape, which lends itself admirably to formal uses as a specimen, for use in pairs, for foundation plantings and in groups. Its feathery look, foliage is a beautiful silvery blue color. Not so slender as the Irish, does not flare or become unsightly with age. Succeeds in most soils and situations. See picture. Balled and Burlapped—2 to 2½ ft., $2.50. 2½ to 3 ft., $3.00. 3 to 4 ft., $4.00.

Irish Juniper  
*Juniperus communis hibernica*. Grows 15 to 20 ft. tall, distinct and beautiful, immediately attracting attention. Slender, erect, dense columnar growth and with very rich sage green foliage. Leaves are small and contract with ends of twigs held upright. This Juniper is very valuable for formal effects, for use in situations, mass plantings, corner or entrance markers and as specimens on small places. Hardly a landscape order goes out without it. Balled and Burlapped—2 to 2½ ft., $3.00. 2½ to 3 ft., $5.00. 3 to 4 ft., $6.50.

Pfitzer Juniper  
*Juniperus chinensis pfitzeriana*. Very handsome, rather new and the most popular of all spreading types. The spiral branches are glossy and whip-like, densely furnished with very dark green foliage and the new growth thickly studded the expanse like silver beads. This Juniper is beautiful in its downy thives is one of the most popular plantings in the market. Balled and Burlapped—18 to 24 in. spread, $2.50. 2 to 2½ ft., $3.00. 2½ to 3 ft., $5.00. 3 to 4 ft., $6.50.

Swedish Juniper  
*Juniperus communis suecica*. Tall, columnar form with larger leaves than the Irish and the tips of branches held out, as shown in the picture. The glaucous green color is lighter and more blue than Irish Juniper, in fact more beautiful. Splendid for formal effects; slender, over 15 ft. tall ultimately and easily grown in most soils and situations. Valuable in grouping for specimens and in pairs, for marking driveway entrances, porch entrances, etc. Odd, distinct and attracts attention. Balled and Burlapped—18 to 24 in., $1.75. 2 to 2½ ft., $2.00. 2½ to 3 ft., $2.50. 3 to 4 ft., $4.00.

Virginia or Red Cedar  
*Juniperus virginiana*. Known all over the South as our native Cedar although it belongs to the Juniper family. It grows compact and symmetrical, with light rich green foliage and eventually grows 40 to 50 feet high. The lanes or avenues leading to many of our famous old Southern homesteads are of Red Cedars and there is a great majesty about them that would be difficult to obtain with any other conifer. It is still worthy and in very popular demand. Balled and Burlapped—2 to 3 ft., $2.50. 3 to 4 ft., $3.50. Write for prices on larger specimen plants.

Virginia Blue Cedar  
*Juniperus virginiana glauca*. A rare and striking variety of our common Virginia Cedar with the most intense blue foliage. Compact, uniform and symmetrical growth; columnar form, retaining its branches close to the ground. Grows over 25 feet high and succeeds in most any soil and situation. Balled and Burlapped—2½ to 3 ft., $5.00. 3 to 4 ft., $7.50.

WRITE FOR QUANTITY PRICES ON ALL EVERGREENS.
The Thuja or Arborvitae are well-known useful shrubs for specimens or groups, hedges, urns and foundations. The American, occidentalis, type is of open growth with short, horizontal, flat pressed branches. Foliage has a pleasant fragrance and green and gold colorings. The Oriental or Chinese, orientalis, type is of more compact growth with flattened branches held horizontally; the foliage retains its light green color throughout the winter and is very attractive. Generally used as specimens in urns, boxes, tubs and for front row plantings. Balled and Burlapped—2 to 2½ ft., $2.50. 2½ to 3 ft., $3.50. 3 to 4 ft., $4.50.

**American Arborvitae** Thuja occidentalis. One of the most popular. Of varying heights from 15 ft., inclined to be conical shaped, fairly compact; foliage light green. May be trimmed, even closely sheared when sufficiently developed. Valuable indoors for decorations and as specimens outdoors. The native Arborvitae, Thuja occidentalis, is popular. Balled and Burlapped—2 to 2½ ft., $2.50. 2½ to 3 ft., $3.50. 3 to 4 ft., $4.50.

**Globe Arborvitae** Thuja occidentalis globosa. Compact and globe shaped, usually grows 3 to 4 feet high with equal width. The foliage retains its light green color throughout the winter and is very attractive. Generally used as specimens in urns, boxes, tubs and for front row plantings. Balled and Burlapped—12 to 15 in., $1.50. 15 to 18 in., $2.00. 18 to 24 in., $3.00. (Picture, Page 3 and No. 3, Page 27.)

**Tom Thumb Arborvitae** Thuja occidentalis 'ellwangeriana.' Growing 3 to 4 feet, low, broad, symmetrical, globular when young, gradually becoming broad pyramidal. Branches are slender and fine Juniper-like foliage is soft and pleasing in texture. Light green; semi-formal. For urns, boxes and general planting. Balled and Burlapped—12 to 15 in., $1.50. 15 to 18 in., $2.00. 18 to 24 in., $3.00.

**Oriental Arborvitae** Thuja orientalis. Chinese Arborvitae. Comparatively low, broadly pyramidical or bushy; branches stand edge-wise to trunk; foliage bright green, held well in winter. Rapid grower for mass effect, specimen or for hedge. Shears well, which makes it compact. Frequently wrongly called White Cedar. Easy to grow and stands the heat. Balled and Burlapped—18 to 24 in., $1.25. 2 to 2½ ft., $1.75. 2½ to 3 ft., $2.25. 3 to 4 ft., $3.00. 4 to 5 ft., $4.00.

**Oriental Pyramidal Arborvitae** Thuja orientalis pyramidalis. Very attractive spike-like shape, spreading very little at base and holding shape without shearing. Foliage vivid green throughout the year. Useful for formal effects in urns and tubs and for general planting. Admiredly adapted to the shrub belt. Balled and Burlapped—18 to 24 in., $3.00. 3 to 4 ft., $4.00.

**Golden Arborvitae** Thuja orientalis aurea nana, Berckman's Golden. Most desirable of all the formal dwarf conifers and extremely popular for urns, tubs, boxes and for general plantings. Dwarf and very compact, rounded cone shape and foliage is of a very bright, light green, deepening to bright golden green. Outstanding. Balled and Burlapped—12 to 15 in., $1.50. 15 to 18 in., $2.00. 18 to 24 in., $3.00. 2 to 2½ ft., $3.50.

**Goldspire Arborvitae** Thuja orientalis aurea conspicua. Grows 15 to 20 feet; compact, erect, symmetrical, pointed tree, retaining its branches near the ground. Foliage is deep, golden yellow and one of the most beautiful and artistic arborvitae for upright, as well as for groups. Easily grown in most soils and situations. Balled and Burlapped—2 to 2½ ft., $3.00. 2½ to 3 ft., $4.00. 3 to 4 ft., $5.00.

**Rosedale Hybrid Arborvitae** Thuja orientalis Rosedale Hybrid. Feathery, soft, steel-blue foliage, deepening to purple in winter. Slender when young, filling out to broad pyramidal shape. The most feathery and finest textured and especially resistant to heat. Recommended for lower South. Very popular. Balled and Burlapped—12 to 15 in., $1.50. 15 to 18 in., $2.00. 18 to 24 in., $3.00. 2 to 2½ ft., $3.50.
SHADE AND ORNAMENTAL TREES

Elm Ulmus americana. The American Elm is a native too well known to describe. Of rapid growth, with long spreading, pendant branches forming giant arches over lawn, road or street. Tough wood, fine foliage; permanent shade tree; entirely satisfactory. F. O. B.—8 to 10 ft., $1.50 each.

Magnolia Magnolia grandiflora. Southern lawn tree of great beauty, thriving best in moist, porous soils and likes fertility. Not good in limestone soils or very far north. Leaves large, thick, waxy, dark green. Flowers very large, attractive, highly perfumed and pure white, followed by scarlet seed in cones. Very ornamental and beautiful tree for the South. F. O. B.—2 to 3 ft., $1.25. 3 to 4 ft., $2.00.

Maples NORWAY MAPLE. Acer platanoides. The European Hard Maple for specimens or shade on lawns, to plant along streets under wires or for shade sidewalks, for parks, cemeteries and avenues, for arching over drives or roadways. Resembles the Sugar Maple but—larger, darker foliage, round and spreading in growth. Very highly recommended. F. O. B.—6 to 8 ft., $1.50. 8 to 10 ft., $2.50.

SILVER MAPLE. Acer saccharum. Water Maple. In great demand for its quick growth, good foliage and ease to transplant. Blooms very early in spring, large deeply toothed light green leaves with silvery sheen beneath, appearing promptly and remaining until late fall. Very highly recommended fast growing shade tree and used extensively with slower growing trees as Elms and Oaks. F. O. B.—8 to 10 ft., $1.50. 10 to 12 ft., $2.00.

Sugar Maple. Acer saccharum. One of the finest shade trees. Rather slow growth, but long lived; sharply, well rounded head of dense foliage and straight, smooth trunk. unsurpassed as a permanent shade tree. Maple sugar and syrup are made from this tree in the North. The beautiful dark leaves of the Sugar Maple are held late into the fall, when all drop quickly, a lawn tree advantage. F. O. B.—5 to 6 ft., $1.25. 6 to 8 ft., $1.50.

Oak WATER OAK. Quercus nigra. Stately and massive tree with rounded form and willowy leaves, often reaching 80 feet tall. Rapid grower for an Oak and a beautifully formed lawn or street shade tree. Often confused with Willow and Laurel Oaks. The most beautiful shade tree the writer has seen is a Water Oak near Mr. H. G. Hastings' house. F. O. B.—6 to 8 ft., $1.50. (We can supply other varieties of Oak Trees if desired. Please write us for prices on sizes and varieties wanted.)

Poplar LOMBARDY POPLAR. Populus nigra italica. Popular, easily transplanted, most rapid growing, tall, slender tree, reaching 50 feet with less than a 10-foot spread. Formal looking and valuable for small lawns, narrow streets or roads, between buildings to quickly screen unsightly views, protect from fires or winds, for backgrounds of buildings and to set off other plantings, or to offset straight or bare lines. F. O. B.—6 to 8 ft., $2.50; 8 to 10 ft., $3.00.

Redbud JUDAS TREE. Ceris canadensis. Really belongs with the Flowering Shrubs. Small, 20 foot, native tree or large shrub with an abundance of carmine-pink or reddish flowers borne close along the branches or stems in early spring before the large, heart-shaped leaves appear. This is a native to our section, often found in the woods and an attractive sight as it comes into bloom. It is fine in natural settings and used quite the same as Dogwood. F. O. B.—1 to 5 ft., $1.00. 5 to 6 ft., $1.50.

Umbrella TEXAS UMBRELLA TREE. Melia azedarach umbraculiformis. A variety of the China Berry tree, with very dense, spreading, umbrella shaped head. Very formal but pleasing and symmetrical in its rounded outline and its attractive compound foliage. It is used for beautiful specimens and in straight lines as a hedge. We know of no more uniformly symmetrical low growing trees for lawn planting. F. O. B.—4 to 5 ft., $1.00.

Willow WEEPING WILLOW. Salix babylonica. The Weeping Willows are exceptionally valuable trees for their drooping, arching branches and we consider this the best variety of all. This very graceful sort, as shown in the picture, does well in moist or dry conditions and gives a finish to the lawn unobtainable with any other tree. It reaches 40 to 60 feet in height and the elongated, lance-shaped leaves are dark green on top with a smooth, silky sheen underneath, giving a grayish cast and a different color of green for the lawn. F. O. B.—9 to 6 ft., $1.00. 6 to 8 ft., $1.25.
Of Fruit Trees. Our "Bargain Collections" have always been extremely popular because we include in them the very best and most useful varieties and give such really worthwhile price reductions that any one at all interested in the type of items offered cannot help but take full advantage of them.

Having over half a million good customers with lawns, gardens and orchards to plant, we naturally are able to make the best prices possible for the highest grade of planting stock.

We were obliged to plan well ahead in order to make this Home Orchard Special Offer. Growing these plants in great numbers and handling and selling them at a minimum expense allows us to make this the biggest value for $3.45 in Nursery Stock of which we know.

Home Orchards should be planted at every farm home in the South and most town or city lots afford space for a small number of trees that will furnish good fruit and an abundance of it in a few years. 100 x 100 feet, or its equivalent, is ample space for this Home Orchard Collection, without crowding even when all trees have reached their maximum size.

$3.45—HOME GARDEN COLLECTION

Belle of Georgia. Large, main crop, medium late. Elberta. Most popular of all. Late, Freestone.

3 Apples, 4 Peaches, 1 Cherry or 1 Fig, 1 Pear and —$3.45

1 Plum — 10 Fruit Trees — 10 Varieties—Postpaid.

PEAR—Bartlett. Large, fine eating, prolific Pear.

PLUM—Burbank. Large, dark red, sweet Japanese Plum.

CHERRY—Black Tartarian. Delicious, early, sweet Cherry.

Alternate for Orders South of Atlanta Latitude—

FIG—Brown Turkey. Hardly, prolific, home favorite.

We have been asked to make up a list of fruit trees for Home Orchards, where price could easily be afforded and yet a very complete assortment is obtained, so many times that we decided to make up a list. There is no question of the prices of our recommended assortment should forever correct the wrong impression that a good selection of fruit trees is too expensive. Here it is, in convenient Orchardized growing, 2 to 2 foot stocks, for less than the cost of a box of fairly good cigars or a couple pairs of fairly good silk stockings.

Notice this splendid collection carefully. Read the descriptions of these best of varieties on the next few pages unless you absolutely must have a chart. No longer will be flowed in this collection because plants have been grown well in advance and all collections must be handled the same, except that orders from the lower South on mail and orders from the upper South and farther North will get a Black Tartarian Cherry unless you advise us otherwise. (Figs are not hardy North.)

Order at least one of these Home Orchard Collections and two or more if you have enough space. You can hardly afford to overlook such a really worthwhile bargain in good fruit trees.

FRUIT TREE PLANTING DIRECTIONS

There is a constantly increasing demand for high-quality fruit of all kinds. Some kinds are better adapted to certain localities for commercial crops but most all of the popular fruits can be and are grown successfully through the South.

The Home Orchard in the South is rapidly coming to the front and is being given due consideration in the Live at home and board at the same price, or do it now, and the same result. Now that spraying is so easy, the Home Orchard produces just as fine fruit as can be bought and has it fresh—generally of better flavor and higher sugar content. Growing your own fruit makes a meal of wholesome and delicious foods you can get.

The illustration on the left tells the planting story completely for all kinds of trees and shrubs. Follow it closely and you cannot go wrong.

Poor location, poor soil, poor planting, failure to prune properly, poor cultivation and poor or no spraying against disease and insects about covers the causes of failure again.

SITUATION—Locate your orchard on high ground with good soil and air drainage to escape late frosts that are injurious in low land or in air pockets. Plant in good soil. It pays. Crop rotation and added fertility are good investments if you want vigorous, good crops, feed them occasionally with fertilizer, legume crops turned under, or both.

It is also important to cultivate a tree as it is cotton or roses.

PRUNING—Young Apples, Pears, Plums and Cherries are pruned alike. Cut away branches to about 6 inch stubs and don't have more than five per tree to become main branches. They should be distributed spiral around the tree. Leaving branches opposite each other forms a bad crotch that may later split the trunk. Peach trees are more severely pruned. The time to prune is when the tree is dormant. Summer pruning may be practiced on peaches but with moderation.

CULTIVATION—Keep fruit trees growing. A vigorous tree is less likely to be injured by spring frosts. All plants need a dormant season for rest but they are to sleep too early in the fall they will likely wake up and start growth too early in spring and frosts will damage. Keep leaves on fruit trees as long as you can through cultivation. Intercropping a young orchard with vegetables or small fruits utilizes the ground and cultivates the trees. Don't let the grass or weeds grow near young trees. They need all the food they can get.

SPRAYING—Spray thoroughly or not at all. The part you miss is where the Insects stay. Plant enemies are of two kinds; insects and fungus diseases. Biting insects are controlled with stomach poisons. Sucking insects are controlled with contact poisons. Fungus is controlled with fungicides. Write your State College of Agriculture for an Orchard Spraying Calendar to keep on hand to go by. Write us for any further information desired. We are at your service.

SIZES OF TREES—For large commercial orchards, a smaller sized tree may be used than the "First Grade" or "First Size" trees listed on the next few pages. Home gardeners of course take longer to bear fruit but an orchard is usually prepared for this by having new trees by each year or so. We are glad to quote special prices on large quantities of trees in so-called "Orchard Sizes" at any time.

For the Home Orchard it is preferable to plant the "First Grade" trees, which come into bearing more quickly, give entire satisfaction and take the minimum of care and attention. It will pay you to obtain your fruit trees from the most reliable source possible. You can then, and only then, have some idea of what you will get when trees begin to produce.

Follow Closely and You Will Plant Right
HASTINGS’ APPLES

The main fruit of every orchard, except in the lower South, should be Apples. They are the most valuable and dependable fruit. Over half the Apples should be in late varieties for winter use. Plant on well-drained soils, prune as directed on page 40, cultivate and spray. Plant trees 25 to 40 feet apart, depending on richness of soil. Peaches, Plums or small fruits may be planted between trees and cut in about 12 years.

DELICIOUS—Late fall. Large, uniform size, round and long, tapering with a ribbed nose. Color striped light and dark red with sunny side crimson. Flesh fine grained, tender, firm; highly flavored juice, mild but not sweet, fragrant aroma. Its wonderful flavor, appearance and ability to stand shipment makes it worthy. Tree hardy, vigorous, very productive and widely adapted. F. O. B.—4 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

EARLY HARVEST—Early. Medium sized, rounded, sour, yellow Apple without stripes. Smooth skin, few faint dots, bright straw color when fully ripe. Flesh white, tender, juicy, crisp and rather acid; good quality and small core. Popular for table and cooking. Tree productive, bears when rather young and rather long lived. F. O. B.—4 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

GRIMES GOLDEN—Early winter. Medium sized, round, yellow, sour Apple. Skin is clear deep yellow with few russet dots when ripe; not striped. Flesh is yellowish white, crisp and moderately juicy with a mild sub-acid flavor. It is considered a regular, dependable and uniform bearer. Tree extremely hardy, vigorous and productive. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

RED JUNE—Early. Also called Carolina Red June. One of the best old favorites for June-July ripening. Medium size, conical shape, deep red skin, white flesh, very juicy and of sub-acid flavor. Bears over a long period, a heavy, crooping variety of dependability. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

ROMA BEAUTY—Late fall. Large size, yellow and bright red in color; of medium good quality, a fair grower and a very good producer. It is an excellent market variety, ripening in October, and a splendid keeper. It is largely grown for commercial orchards and is a profitable variety all through the South and Southwest. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

STAYMAN WINESAP—Winter. A strictly high quality Apple for the South and perhaps the most extensively grown. The heaviest bearer and with more good qualities than any other variety. Good size, roundish fruits. Thick, tough skin of yellowish green changing a lively deep red, splashed dark crimson. Flesh yellowish white, firm, crisp, juicy with rich, pleasing sub-acid flavor. Good, long keeper that always tastes good. Excellent. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

WINESAP—Winter. Medium size, dark red Apple of good quality that keeps well through the winter and retains its good flavor and taste. The parent of Stayman Winesap and almost identical with it. Flesh firm, crisp, rich, sub-acid. An old reliable which stands the test of years under all conditions. Still a leading commercial and eating variety. F. O. B.—4 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

YATES—Winter. Small yellow with dark red stripes; almost crimson. Not strictly a commercial sort but has proven one of the best. An excellent home orchard variety and one of the best eating Apples. Firm, crisp, juicy and highly flavored; popular. F. O. B.—4 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

YELLOW HORSE—Late summer. Large size, greenish yellow skinned, firm, hard, crisp variety with acid flavor. It is well-known and popular all over the country for cooking and for drying. Many prefer it to eating and for apple-sauce, baking, fried apples. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

YELLOW TRANSPARENT—Early. Good size, uniform, round, sour June Apple. Skin thin, tender, smooth, waxy, pale greenish yellow turning pale yellow. Flesh fine grained, white, tender, juicy and slightly sub-acid. Tree unusually hardy, strong, upright grower. F. O. B.—1 to 6 ft., 50c. 10 for $4.50. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

Siberian Crab Apple—Late. Most all homes want some Crab Apples for jelly-making and preserves and this is the most popular and dependable variety. Tree is very ornamental with its fruit hanging on the branches well into the winter. Bright red on light yellow skin; roundish shape. Flesh firm, crisp and acid; just right for cider, jelly and preserves. F. O. B.—1 to 6 ft., 50c. 10 for $4.50.
FIGS BROWN TURKEY. Medium to large, broadly pear-shaped, short and thick stem, few ribs, coppery brown color. Flesh white to slightly amber, shading pink about the seeds; flesh firm and excellent quality after 10 days to 2 weeks; prolific and vigorous. F. O. B.—3 to 4 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 50e. 10 for $4.00.

CELESTE—Small to medium, pear-shaped, ribbed; purplish-violet-brown with bloom towards neck; dark red blush at stem. Flesh whitish, shading rose at center, firm, juicy, sweet and excellent quality. Hardiest variety; prolific, vigorous. F. O. B.—3 to 4 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 50e. 10 for $4.00.

PEARS BARTLETT. Large, pyramidal shape; clear yellow with faint blush on exposed cheek, more or less doted russet. Flesh fine grained, slightly granular at center, buttery and rich, very juicy, excellent flavor, good quality. General favorite, widely adapted, prolific. F. O. B.—4 to 6 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 25e. 5 for $1.00.

KEIFFER—Large to very large, roundish oval, rich golden yellow, red blush on sunny side, attractive. Flesh whitish, juicy, firm and very good. Remarkable keeper; improves on ripening indoors. Rich wine flavor is refreshing. F. O. B.—4 to 6 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 25e. 5 for $1.00.

LE CONTE—Large to very large, pyriform, smooth skin, pale yellow color and good quality. Flesh white, firm and juicy, well known. July maturity. F. O. B.—4 to 6 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 25e. 5 for $1.00.

PINEAPPLE—Practically blight-proof; the most valuable Pear for the lower South. Strong, vigorous grower and remarkably productive. Large, handsome; yellow, orange-colored. Flesh coarse, crisp juicy; fine for cooking or canning. Blight resistant. F. O. B.—1 to 6 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 25e. 5 for $1.00.

SECKEL—Sugar Pear. Small, rich yellowish brown with deep brownish red cheek. Flesh very fine grained, sweet, very juicy, melting. Our richest and highest flavored Pear. Extremely prolific; brings fancy prices. September maturity. F. O. B.—4 to 6 ft., 75e. 10 for $6.50. Postpaid—2 to 3 ft., 25e. 5 for $1.00.

PLUMS ABUNDANCE. Japanese; pinkish-red, changing darker red, mottled, with this bloom. Flesh yellow, very juicy, tender and melting, sweet, pleasantly aromatic. Medium size, roundish to sharp-pointed. Popular, early, known over America. Large, prolific tree. F. O. B.—1 to 5 ft., 75e. 10 for $6.50.

BURBANK—Japanese; dark red on yellow ground, mottled, thick bloom. Flesh deep yellow, juicy, tender, firm, sweet, and of best quality. Handsomely colored, keeps and ships well, ripens week after Abundance. Thin fruit for perfection. Tree large, vigorous, very productive. Valuable Plum. F. O. B.—1 to 5 ft., 75e. 10 for $6.50.

RED JUNE—Japanese; garnet red, mottled, thin bloom on fruit. Flesh light yellow, rather mealy, sweet, ripens week earlier than Abundance. Large, roundish-ovate, good shipper. Tree large, hardy, vigorous, spreading, productive, healthy. Closely follows Burbank in popularity. Early. F. O. B.—1 to 5 ft., 75e. 10 for $6.50.

SHROPSHIRE DAMSON—Purplish-black, thick bloom, dots numerous. Flesh golden yellow, juicy, firm but tender. Small, roundish fruit. Well-known English Plum, widely grown. Should be in all home orchards. Late variety of pleasant flavor and general popularity. F. O. B.—1 to 5 ft., 75e. 10 for $6.50.

PERSIMMONS HYAKUME. Japanese; large to very large, roundish oblong, somewhat flat at ends, about 2½ x 1½ inches. Very large, purple. Flesh waxy bloom. Flesh clear. Tree strong, vigorous, good bearer. Loses its astringency as it begins to ripen. Excellent variety. F. O. B.—3 to 4 ft., 75e. 10 for $6.50.

TANE-NASH—Japanese; large to extra large, beautiful, conical, smooth, about 3½ by 3¾ inches. Light yellow changing bright red. Flesh yellow and seedless, quality supreme. Most desirable market variety, uniform size, quality and shape. Vigorous and productive; best light-fleshed variety. F. O. B.—3 to 4 ft., 75e. 10 for $6.50.

CHERRIES Universally popular but don't grow satisfactorily in the lower South. These are the best varieties.

BLACK TARTARIAN—Sweet Cherry; early, delicious to eat and to can. Fruit very large with small pit, heart-shaped, very dark, almost black. Handsome purplish-red flesh, meaty, juicy and rich. Tree a regular bearer, extra large and long lived. Widely adapted. F. O. B.—3 to 5 ft., 75e. 10 for $6.00.

EARLY RICHMOND—Earliest Sour Cherry, very profitable and delicious to eat. Fruit round, cherry-red, skin thin, tough and easily separated from pulp. Flesh pale yellow, pinkish juice, tender and melting, small free stone. Extra heavy bearer over long season. Widely adapted. F. O. B.—3 to 5 ft., 75c. 10 for $6.00.

LARGE MONTMORENCY—The leading Sour Cherry; mid-season. Unexcelled for pies and the most profitable to grow for sale or canning. Good size fruit, good flavor, bright red color; hangs well to tree. Abundant and regular producer. Widely adapted. F. O. B.—3 to 5 ft., 75c. 10 for $6.00.

Celeste Fig—Hardiest and Dependable. 75c.
GEORGIA PEACHES

The name alone makes one’s mouth water. Varieties below are recommended most highly in the South and some of them are the best wherever Peaches can be grown. Our scions for grafting are taken from bearing trees of record. You can depend on them. Plant trees carefully in sunny locations, 15 to 25 feet apart each way, prune and spray systematically and success is yours. North and northeastern exposure with good air drainage is best situation.

ORCHARD SIZE PRICES—F. O. B.—2 to 3 ft., $15.00 per 100, on all varieties. Write for large quantity prices on orchard sizes.

BELLE OF GEORGIA—Midseason. Freestone, large size, beautiful Peach with deep crimson cheek. White firm flesh is delicately marbled, tinted with red at the pit and of excellent flavor. Large, open-headed, fast growing, hardy tree and prolific bearer. Excellent shipper and extremely popular everywhere for its beauty. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

CARMAN—Early. Freestone, trim shaped, brilliant red Peach, splashed darker red on a creamy white ground. Flesh is white, red at the pit, juicy, tender, sweet, mild and pleasant flavored. Tree is large, vigorous and very productive. Does well in most all soils and heat and cold. One of the most useful for home or shipping. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

CHINESE CLING—Midseason. Clingstone, fine, large sized variety with white skin and red cheek. It is of the very best quality, exceedingly juicy and of the finest flavor—one of the old reliables and extremely popular for home orchards only. F. O. B.—4 to 5 ft., 50c. 10 for $1.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

EARLY ELBERTA—Medium Early. Freestone, very large, yellow fleshed, firm and juicy fruit. Without a trace of bitterness sometimes found in Elberta. Fine quality, same color and keeps longer than Elberta. Great Peach for home gardens and perhaps the most profitable of all for marketing. F. O. B.—4 to 5 ft., 50c. 10 for $4.00. 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

ELBERTA—Late. Freestone; the standard by which all others are judged. Very large orange-yellow, overspread with red. Flesh tender, sweet, of excellent quality and a fine shipper. Tree is large, vigorous, is hardy, very productive and starts bearing quite young. Every orchard should have it. Most popular of all. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

HILEY—EARLY BELLE. Early. Also called Hiley Belle. Freestone, large size, white skin with bright red cheek. Flesh is white, of extra good flavor and a fine shipper. Tree is a heavy bearer. It has proven one of the best early shipping varieties and one of the most profitable from the first to the middle of July here. F. O. B.—4 to 5 ft., 50c. 10 for $1.00, 100 for $4.00.

INDIAN CLING—BLOOD CLING. Late. Clingstone variety with medium to large size fruits of dark colored skin, mottled blood-purple. Flesh is streaked dark red, firm, juicy and fine. This is the popular apple colored Big Apple variety. It is called Cling, around which are gathered so many tender memories of our youth. It ripens about August first. Fine for home orchards. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

J. H. HALE—HALE. Late. Freestone; a newer variety that has quickly proven its worth. Also called the “Million Dollar Peach.” Extra large size, larger, better flavored than Elberta and ripens several days later. Creamy yellow, overspread with rich red; flesh is yellow, red pit, juicy, fine grained, sweet and of excellent flavor. Tree vigorous and productive. Unquestionably fine for all uses. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

MAYFLOWER—Earliest of All. Freestone Peach of medium size and entirely covered with a very red color. The best early variety, ripening here in late May and early June. It is of fair quality and a good shipper. Tree is vigorous and blooms quite late, so seldom gets caught by killing frost to cause a crop failure. Its chief value is its earliness and sureness of crop. F. O. B.—4 to 5 ft., 50c. 10 for $4.00, 100 for $30.00. Postpaid—2 to 3 ft., 25c. 5 for $1.00.

Hale or J. H. Hale Peach—The Huge Sized New Variety of Fine Quality for Home and Orchard. 50c. 10 for $4.00.

Elberta Peach—Standard of All. 50c.
PECANS  Plant Pecans for shade trees, home grown nuts and for profit. Very long lived, beautiful tree and gets more valuable and more productive of the finest of all nuts each year. Plant carefully; wet roots thoroughly as soon as received and plant quickly, not allowing roots to become exposed. Set trees 10 to 60 feet apart each way, depending on soil fertility, with fruit trees between. Cultivate and fertilize for rapid growth the first few years. It will pay handsomely in high quality nuts when bearing begins.

Frotscher Pecan  Large, oblong nuts, 1\% to 1\% inches in length; bright yellowish brown in color and slight purplish black markings. Shell is very thin and easily cracked. Kernel is large, easily removed and of good quality. Tree is vigorous, of spreading habit with scaly bark. This variety bears heavy crops and can always be depended upon. Fine budded trees. F. O. B. 3 to 4 ft., 90c; 10 for $7.50. 4 to 5 ft., $1.15; 10 for $10.00. 5 to 6 ft., $1.50; 10 for $12.50. Write for quantity prices.

Schley Pecan  Nuts medium to large, 1\% to 1\% inches long; oblong, somewhat flattened and light reddish brown in color. Thin shell, separating easily from the kernel, which is full, plump, bright in color, nutty and rich in flavor with the very best quality. We can supply other varieties at these prices but this is the most popular and satisfactory Pecan grown. Plant a plenty. Fine budded trees. F. O. B.—3 to 4 ft., 90c; 10 for $7.50. 4 to 5 ft., $1.15; 10 for $10.00. 5 to 6 ft., $1.50; 10 for $12.50. Write for quantity prices.

Stuart Pecan  Nuts large to very large, 1\% to 2 inches long; oblong; brownish shell, strongly marked with dark color. Shell is medium thin and of very good cracking quality. Kernel is full, plump and bright in color. It is a heavy bearer and is giving great satisfaction in many parts of the country because it is widely planted. Fine budded trees. F. O. B.—3 to 4 ft., 90c; 10 for $7.50. 4 to 5 ft., $1.15; 10 for $10.00. 5 to 6 ft., $1.50; 10 for $12.50. Write for quantity prices.

Success Pecan  Well named; large size, oblong, tapering to the apex. Color is reddish brown with purplish marklings. Shell is thin, partitions are thin and cracking quality good. Kernel is large, full, plump, yellow in color. Flavor is sweet and quality very good. The tree is a strong grower and a regular and heavy bearer. It is really a fine variety. F. O. B.—3 to 4 ft., 90c; 10 for $7.50. 4 to 5 ft., $1.15; 10 for $10.00. 5 to 6 ft., $1.50; 10 for $12.50. Write for quantity prices.

QUANTITY PRICES. We shall gladly quote on larger sizes (the larger the tree, the sooner it bears). Also, write for prices for commercial orchards or larger home plantings.
BLACKBERRIES—DEWBERRIES—RASPBERRIES

For the home garden, berries will perhaps return more actual value than anything else you can plant. It is difficult to get nice, fresh, plump berries on the market, even in the cities. You know how hard it is to find good, sweet Raspberries that are ripe and still not mashed. Dewberries are more difficult to find and delicious cultivated Blackberries just naturally stay at home. Grow your own for the finest breakfast, lunch or dinner and supper dishes that can be served. Make jelly with them and can them. They are far superior to the wild berries; larger, juicier and more plump in the berry, and you can really be proud to say they are out of your own garden.

BLACKBERRIES

For the home garden, these small fruits are invaluable and if given reasonable care, pay handsomely on the investment. Most easily grown in most all situations. Culture same as Dewberries.

EARLY HARVEST—Fine variety for home and also for market. It ripens at least 2 weeks ahead of other Blackberries and at the same time makes large size and excellent quality berries. Notice the picture, then order some of these for early use or the best early market prices. F. O. B.—10 plants, 70c. 100 plants, $6.00.

ELDORADO—Exceptionally late variety with jet-black berries of good quality and flavor. It produces strong, vigorous canes and is an abundant bearer. Its heavy bearing qualities give it great demand and is fine to plant with Early Harvest for a prolonged bearing season of the best berries. Plant a plenty of Blackberries. These are fine. F. O. B.—10 plants, 70c. 100 plants, $6.00.

DEWBERRIES

Extremely profitable berries which can be grown very easily. Cultivated Dewberries, like Blackberries, grow to large size and are of much finer flavor than the wild variety. Ripening before Blackberries, the fruit is very welcome at home and commands high market prices. There is color alike for Blackberries. Plant in rows 6 feet apart, plants 3 feet apart in the row. Cultivate often while making growth and after harvesting cut to the ground all old canes that have borne their fruit. Pinch out the tips of new canes when 2 feet high (Blackberries, 3 feet) to make them branch, increasing the next year's crop.

AUSTIN—Large, black Dewberry of good quality and flavor. It is a prolific bearer and a very desirable standard variety, popular for a good many years. It is especially fine for pies and has made a great reputation on that score, early and a good producer. F. O. B.—10 plants, $1.00. 100 plants, $7.50. Write for quantity prices.

LUCRETIA—We consider this the best of all the Dewberries. It has an unusually large size along with the very finest flavor. The plants are very prolific bearers and especially strong growers. The soft and very sweet berries are produced early, a valuable variety for home use and local market. F. O. B.—10 plants, $1.00. 100 plants, $7.50.

RASPBERRIES

While not a commercial fruit crop in this particular section, Raspberries are certainly worth their care. Plant some along the garden fence at least. The varieties below are the best for the South and will bear fruit here. Culture—Plant in rows 5 to 6 feet apart and 3 feet apart in the row. Give them rich soil, fertilize well and give good cultivation throughout the growing season. Fruit is borne on preceding year's new growth so all old canes should be removed after fruiting. This allows full growing strength to the new canes and makes finer berries borne more abundantly.

ST. REGIS—Sometimes called Everbearing Raspberry. It produces a good crop in the spring and a second crop in the fall. Berries are bright crimson in color, large and plump and with a very pronounced Raspberry flavor. It is a prolific bearer, satisfactory grower and certainly worth any care you will take to grow it. Produces shyly through the summer and most valuable because of its long season productivity and prolific qualities. F. O. B.—10 plants, 75c. 100 plants, $8.50.

CUTHBERT—This rather late maturing Raspberry is thoroughly satisfactory in some Southern sections where the other varieties are failures. It is a rich red or crimson in color of berries, of large size, very juicy and yet firm. Its quality is very good and the Cuthbert is an upright strong grower. It is perfectly hardy and the best all-round variety for the South. Plant some of these this fall. F. O. B.—10 plants, 75c. 100 plants, $8.50.

KANSAS—The most desirable of all the black Raspberries for planting in the South. The plant is a strong grower, the fruit is large, round, firm and of very handsome appearance. Being the firmest fruited variety it stands handling, marketing and even shipping. It is a splendid black variety. See picture. F. O. B.—10 plants, 75c. 100 plants, $8.50.

VAN FLEET—This splendid new red Raspberry for the South comes very highly recommended. Plants are extremely scarce because it is a new variety and because of its great and increasing demand. It is considered by far the best red variety for the South. It is a strong, vigorous grower and a prolific bearer of delicious, sub-acid, medium sized fruits. It is especially desirable for the home garden, while probably too tender and juicy for shipping. Its color is dull red. F. O. B.—10 plants, $1.50. 100 plants, $10.00.

"Everything that Grows" The Hastings' Service is a very complete service. Mr. H. G. Hastings first started in the Nursery business back in the eighties. From this grew the seed business, with bulbs and other plants, until today over half a million families in America and twenty-seven foreign countries depend on Hastings for the best of "Everything That Grows." This growth means dependable service, which is more than satisfaction to you in every planting need.
GRAPES—FOR ALL PURPOSES

The planting of Grapes is growing by leaps and bounds throughout the entire South. They are now grown in increasing quantities for the market but the thousands of vines being planted in home gardens attests to the ease of growing and producing these delicious small fruits by everybody. Last year we sold more Grape plants than any other item in our whole list of nursery plants except Roses.

Our "Southern Home Grape Collection," pictured and described on the back cover page, is so valuable for its cost that nearly every general order from our Nursery Annual calls for it. You will surely want it. You will also be interested in the larger and older plants of these varieties and no Southern home is quite complete without Southern Vineyards covered with Scuppernongs and Muscadines. After all, they are the finest eating Grapes of them all.

AGAWAM. Red or maroon. Bushes loose; berries large with thick, fleshy skin; flesh pulpy, meaty, juicy; rich, aromatic flavor. Makes a fine table Grape, ripening with Concord, and a good, prolific bearer. Very popular rich, dark red. Postpaid—20c each. 5 for 85c, 10 for $1.50. 100 for $10.00.

CONCORD. Best known Grape in existence. Large berry and bunch, black-blue thin skin; flesh sweet and tender and of good quality. Strong grower and prolific bearer. We consider it one of the very best varieties for home or market. Postpaid—20c each. 5 for 85c, 10 for $1.50. 100 for $10.00.

MOORE'S DIAMOND. Greenish white Concord seedling, with its good qualities and without yellow spots as on many white Grapes. Berries large, sweet and of fine quality. A heavy, productive bearer, ripens early and one of the best on the list. Postpaid—30c each. 5 for 85c, 10 for $1.50. 100 for $10.00.

MOORE'S EARLY. Early to ripen, medium to large berries and bunches. Color of skin is black with a heavy blue bloom. A high quality Grape, very early and very hardy; a fine grower and needed at every home. Postpaid—20c each. 5 for 85c, 10 for $1.50. 100 for $10.00.

NIAGARA. The best white Grape grown and one of the best of all varieties. Large berries and large bunches; greenish-yellow skin, sweet, pulpy flesh and an all round good Grape. Vigorous and satisfactory grower, no collection being complete without it. Postpaid—20c each. 5 for 85c, 10 for $1.50. 100 for $10.00.

James Muscadine

Vitus rotundifolia James. Large, purplish black grapes, borne in clusters of 10 to 12 berries, often as large as a pigeon egg. Vine is very strong, a healthy grower, free from disease. It ripens after the Scuppernong and its delicious sweetness linger with you. Truly a wonderful native Southern Grape. Postpaid—$1.00. 10 for $5.00. 30c each.

Thomas Muscadine

Vitus rotundifolia Thomas. The popular favorite for making Grape Juice. Medium sized, very juicy berries in small size clusters. This is a very prolific bearer, free from disease, quite hardy and famous for its Muscadine Punch. Postpaid—Strong plants, 50c. 5 for $2.25. 10 for $4.00.

White Scuppernong

Vitus rotundifolia Scuppernong. Well known favorite for covering arbors, fences and trellises. Vigorous, rapid growing, healthy vine, abundantly producing large, bronzy colored berries of delicious taste. Flesh is sweet, pulpy and vinous. Very famous variety. Postpaid—Strong plants, 50c. 5 for $2.25. 10 for $4.00.

Remember—No order too large or too small to send to HASTINGS'
**Special Notice**  Bulbs for fall planting, listed in this Nursery Catalog, can be supplied up to January 1st, although October and November plantings are best. Hastings' Grass seeds are sold the year round. Seed and Bulb orders are shipped separate from Nursery orders.

Nursery plants are shipped after growth is dormant in the fall until about March 15th. We ship as soon after receiving order as weather, digging and packing will permit unless you specify an approximate shipping date on your order. Nursery stock may be planted through the fall and winter, but the earlier the better. Order as soon as you can.

We are Members American Association of Nurserymen: All quotations, prices, contracts and grading are based on **Horticultural Standards** adopted by this Association. You can depend faithfully on Hastings' Nursery Stocks, Seeds and Bulbs. **GET "EVERYTHING THAT GROWS" FROM HASTINGS'. IT PAYS!**

**KEEP A COPY OF YOUR ORDER FOR REFERENCE.**

HASTINGS’ EVERGREEN LAWN GRASS SEED

Make your “Home Beautiful” this fall with a real “Hastings Evergreen” lawn. The most beautiful lawns over all the South are Hastings’ Evergreen lawns. This velvety green lawn mixture contains grasses that grow successfully in the South. The finest lawns are made from fall planting. Our own special adapted mixture for sale only at Hastings’ in Atlanta. See page 5.

LB. 55 cts., 5 lbs. (ENOUGH FOR 1,000 SQUARE FEET) $2.50
Hastings’ Southern Home Grape Collection—50c

Nothing in this whole catalog will give greater satisfaction than this splendid set of Hardy Grapes. Every home, if only on a city lot can find space to plant them. One each of these four grapes—strong, well rooted, year-old vines, sure to do well in the South.

**Concord** Best known Grape in existence. Large berry and bunch, blue-black thin skin; flesh sweet and tender and of good quality. Strong grower and prolific bearer. We consider it one of the very best varieties for home or for the market.

Postpaid—20¢ each; 5 for 85¢; 10 for $1.50; 100 for $10.00.

**Agawam** Recommended as a very satisfactory large, dark red Grape of very fine rich flavor. Bunches loose; flesh of berries is pulpy, meaty, juicy and with thick, fleshy skin. Ripens with Concord and goes well with it. Hardy and a standard, good large home grape.

Postpaid—20¢ each; 5 for 85¢; 10 for $1.50; 100 for $10.00.

**Niagara** The best white Grape grown and one of the best of all varieties. Large berries and large bunches; greenish-yellow skin, sweet, pulpy flesh and an all round good Grape. Vigorous and satisfactory grower, no collection being complete without it.

Postpaid—20¢ each; 5 for 85¢; 10 for $1.50; 100 for $10.00.

**Moore’s Early** Early to ripen, medium to large berries; red-flowering Anthony Waterer and large bunches. Color of skin is black with a heavy blue bloom. A high quality Grape, very early and very hardy; a fine grower and producer and needed at every home.

Postpaid—20¢ each; 5 for 85¢; 10 for $1.50; 100 for $10.00.

Note! The above Grape Collection is a genuine bargain. Other varieties, Scuppernongs and Muscadines, are on Page 43.

**$1.00 Grape Collection** For our most exceptional Grape offer and the greatest bargain we have ever made we shall include 2 plants each of the 4 varieties above and also 2 of Moore’s Diamond, the great white seedling of Concord, for only $1.00. 10 Grape Vines, 5 splendid varieties, for a real Home Grape Planting. Postpaid for $1.00. Order several of these!

**“Big Four” Shrub Collection**

$1.45 Our Collection offers are real bargains and contain plants and varieties that are the very best, give the best satisfaction, are entirely worth-while. These four great shrubs are of the most popular kinds grown today, fine, strong, 2-year old shrubs—giving you the beautiful lavender flowered Buddelia or Butterfly Bush, the red flowering Anthony Waterer Spirea, the gorgeous mass of white in Bridal Wreath or Van Houtte Spirea and the most popular of all Weigelas, the beautiful rosy-pink Rosea variety.

Each one of these beautiful Ornamental Shrubs is used extensively in landscape plans, for the simplest and the most costly of homes. We are obliged to grow them in great quantities to offer them at such a bargain price and we hope you will take full advantage of this offer.

**“BIG 4” SHRUB COLLECTION—POSTPAID—ONLY $1.45**
