OF INTEREST AND IMPORTANCE TO YOU . . .

NEW CROPS—It behooves us all to watch for and try new crops. We have three relatively new ones—**SORGHUM ALMUM**, which is tall-growing and makes big tonnage, even under drouth conditions; **HYBRID PEARL MILLET**, which is leafier, recovers faster, and out-produces Cattail; and **GREENLEAF SUDAN**—best producing variety at Auburn.

PLEASE CONSIDER such other seasonal items as Cert. Hybrid Sorghum No. 610 & No. 620, Grain Sorghums, Cattail & Starr Millet, Cert. Sorgo (Honey or Texas Seeded Ribbon, Sart, Tracy), Sudan, Alyce, Soybeans, Cowpeas, Crotalaria, Chufas, Cotton Seed, Baler Twine, etc.

TELEPHONE NUMBERS CHANGED—Our exchange is Camden, Ala. Camden's new dial system was cut in on April 20. Our new number for general office use is MURRAY 2-4466. MURRAY 2-4265 is answered only by R. E. Lambert, Jr. If you want him, call this private number station-to-station and save!

THE STOCKMAN'S HANDBOOK By Dr. M. E. Ensminger

This new livestock handbook should be a "must" on everyone's bookshelf interested in the business. Its 585 large, easy-to-read pages also contain hundreds of drawings and charts to make it the most complete volume of its kind that we have found.

It has complete coverage of breeds and breeding, feeding and diseases (both prevention and treatment), forage crops, marketing, fitting and showing, and many other timely and valuable subjects. We rate it "tops".

In order for you to be convinced of its value order a copy today! Look it over for 10 days and if not completely satisfied, return it and we will refund the purchase price. To be a successful stockman, we must be well informed. This book will supply the needed information to help get the job done. Send for your copy today.
