Price List

FALL 1938

This List Supersedes All Previous Lists

Do not use an old list. There are many changes in this one.

Please read pages 2 and 3 before making out order.

Champlain View Gardens

⁽¹⁾
ELMER GOVE

BURLINGTON, VT.

PLEASE READ CAREFULLY

Do not change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

EXTRAS ON CASH ORDERS. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not Apply to Collections, Special Offers or Wholesale prices or New Introductions. See next page.**

TO MAKE OUT YOUR ORDER put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

On orders of \$30.00 or more I will put in a free bulb of listed below.

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, except collections, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one.

Packages of bulblets run from twenty-five to fifty or more. We give very good value.

You can have 3 bulbs at the 10 rate; 25 at the 100 rate. But no single items for less than 10 cents.

Please do not send us orders of under \$1.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them.

I GUARANTEE SATISFACTION, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

SPECIAL QUOTATIONS. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another.

REMEMBER in buying bulbs price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want bulbs sent by mail it is better to let us send them **C.O.D. for the postage**, then we know the postage is correct and I will give you more than enough bulbs to make it up. People who send stamps or cash for the postage seldom send enough.

ON FAIR SIZED ORDERS, EXPRESS is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

EXTRAS. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

Please give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale tho I usually put in something new to try anyway.

Premium Bulbs Free

ACCOLADE. PALMER SEEDLING No. 32153. A beautiful rose with a soft darker blotch. Opens 8-10 well placed good size blooms at a time. I am sure you will like it. A bulb of **Accolade** given with an order of **\$15.00** worth or more of bulbs from this price list.

TITAN. PALMER SEEDLING No. 32194. A huge bright rose salmon with 6-9 blooms open at a time. Grows six feet tall with enormously large, strong foliage. Sometimes the heads crook a little but not bad. This past season had some wonderfully fine spikes of this variety. I am sure you will like it. A bulb of **Titan** given free with **\$30.00** worth of bulbs from this price list.

With a **\$30.00 order of bulbs** will give a free bulb of each of the above.

WHEN CORRESPONDING ABOUT A PREVIOUS ORDER, PLEASE GIVE ORDER NUMBER. IT SAVES US A LOT OF TIME.

ORDER EARLY. By ordering early and paying cash you can make use of the coupons on the back page and save a good bit of money in that way. Also you will be sure to get what you want. Always there are some items in this fall list that are sold out before my catalog comes out in January. So to make sure that you get just the kinds that you want to grow next year order as early as possible. Have had many fine reports on bulbs that we sent out last year and from the inquiries coming in it looks as if there would be a big demand this year.

New Varieties for 1939

This year I am offering several new very fine varieties that are going places. Every one of them is outstanding. They are as fine a lot of seedlings as were ever put out by any introducer in any one year.

One innovation we are making this year is dropping the price of the bulbs of the main introductions to \$6.00 each and selling bulblets also. I find that not many people are paying \$10.00 for bulbs no matter how good a variety may be. But with a lower price and the opportunity to get bulblets the first year we are hoping that more people will take advantage of this innovation and will get in on the new varieties at the start

The Palmer Introductions

ALGONQUIN. The finest red I have seen. A decided improvement on Regent, as good as that variety is. A bright red with 7-9 large blooms open at a time on a tall straight stem.

BUCCANEER. This is a color sport of Pirate. Nice clear rose color with a darker blotch. Has all the beauty of form of Pirate and is identical with that variety except it has this fine rose pink color.

JASMINE. The most beautiful variety I have seen in yellow. The color is something like the inside of a lemon. To me it does not seem like a yellow but I suppose would be put in that class. Beautifully ruffled and a solid clear shade. One of the most beautiful varieties I have ever seen. This is the only variety ever given a first class certificate by the Canadian Gladiolus Society.

SNOW WHITE. An immense pure snow white beautifully ruffled. By far the most beautiful white I have ever known. Not a commercial but for the home garden a "must have."

For premium bulbs we have a soft rose pink opening eight or nine at a time and a huge very strong growing dark salmon with enormous flowers.

The premium bulb, seedling 30114, that was used last year has been named **FIREFLY**.

We have had so many good reports on red seedling 27271 and also on the orange seedling BC25084 and requests to have these named that we have decided to name the red one **BOLIVAR** and the orange one **SOLITA**.

Of varieties from other hybridizers we have an extremely early rose pink from Miss Beatrice L. Palmer. I think this is the earliest variety I have. It certainly bloomed ahead of anything else this past year and is a very nice color. It is not named yet.

DIANE from Walter L. Krueger of Wisconsin. This is a very beautiful salmon orange with clear cream throat. Looks very much like one of Palmer's varieties. It was fine in my own garden this past season and I understand from others who have seen it growing at home that it is one of the very best.

One of the most sensational varieties since Picardy was introduced is one that I am putting out for Mr. C. C. Marshall of Canada. This is also not named yet but it sure is going to make a reputation for Mr. Marshall. It is a rose color shading lighter toward the throat especially in the upper throat. Very heavily ruffled and huge in size. It makes Picardy, grown under the same conditions, look rather ordinary.

"I am happy to advise you that the several hundred bulbs of gladiolus you sent me this spring proved satisfactory in every way and the 1200 glads I now have are making a magnificent show and they are admired by everyone in the community."

—Rudolph Glatly, N. C.

"The bulbs ordered from you in the spring have done exceptionally well."

"My gladiolus have almost finished blooming except Duna and Debonair which were planted late. Every one were magnificent this year. I wish I had a thousand of each variety. Even Pinacle was perfect. Symphony is the most beautiful pink I have ever seen."

—Mrs. C. A. Broadway, N. C.

"Hector is opening up with tall straight spike, 18-20 buds, 6-8 showing color and I consider this a fine flower. This is a color that will make a fine commercial."

—F. R. Cates, N. C.

"20112 and 30114 are fine reds. I am interested in 30114."

"I saw a spike of Beacon for the first time last summer and can well understand the success it had last summer at the Iowa show. I admired it greatly."

—W. H. Wheeler, Calif.

"The bulbs arrived in fine shape and I am very grateful indeed for the quality, generous count and Palmer extras. It's a joy to plant such clean bulbs and my friends after seeing the gorgeous specimens I had to offer to florists and trade wanted to know from whom I bought bulbs."

—Mrs. Paul Lisso, Louisiana

"Debonair and Wasaga are blooming now. I think they are grand."

—T. A. Wynn, South Carolina

Special Collections and Sets

No. 1. UNLABELED COLLECTION. 100 assorted large bulbs (1¼ inch up) in at least 40 varieties in about every shade in gladiolus. I have sold this collection for years and have thousands of very well pleased customers. I positively guarantee there is not a better collection sold by any grower in the country for anywhere near the price. I get many repeat orders every year from well pleased customers. 100 for \$3.00; 50 for \$1.75; 25 for \$1.00 all prepaid. With each 100 bulbs of this collection I will put in FREE 1 large SANDRA bulb worth \$1.50. This is a very unusual and beautiful variety. Also 1 large THE MOGUL bulb.

No. 1a. SAME COLLECTION IN MEDIUM SIZE BULBS. 100 bulbs for \$2.00; 50 for \$1.25. With 100 bulbs will give 1 medium SANDRA and 1 medium THE MOGUL.

No. 2. UNLABELED COLLECTION. 100 assorted as above containing 45 varieties and including many of the newer and higher priced ones. A wonderful collection at a moderate price. 100 for \$5.00; 25 and 50 at the same rate.

No. 3. UNLABELED COLLECTION DE LUXE. 50 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. Nothing better to be had in an unlabeled collection. 100 for \$10.00; 25 and 50 at the same rate.

NONE OF THE ABOVE COLLECTIONS ARE LABELED AS TO VARIETIES. Don't ask us to give you the names of the varieties in the collections as we positively do not do it at these prices. If you want them labeled buy them under name. I guarantee the collections to be the best you can buy for the price.

No. 4. BETTER TIMES COLLECTION. Large bulbs \$3.00. All Labeled. A very fine collection for a beginner or anyone else. Splendid varieties in many types and colors ranging from white thru many shades of pink, red, orange, yellow, salmon, smoke, blue and lavender. You can't get started in good named varieties in a less expensive way than in getting this collection or one of the next five.

No. 47. 50 Cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually two or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size.

I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price and I have a much larger stock of some kinds than of others but you may be assured that you will get big value. **Leave it to me.**

Remember each 50 cent special is only one variety and not an assortment of several varieties or of all of them. Each special consists of various sizes of just one variety. Select as many as you wish. But remember they are 50 cents for each one.

Any **five** lots for **\$2.25**. Any **10** lots for **\$4.00** or any **15** for **\$5.75**. In addition to this if you buy **five** lots I will put in something good for you to try out.

Notes on the Past Season

The **Palmer Strain** is still going strong. In fact the varieties put out the past year or two are as fine as were ever introduced. First I want to mention **Aladdin**. This is the most sensational variety that has been put on the market since I introduced **Picardy** eight years ago. Until you have seen **Aladdin** you can't realize what a wonderful flower it is. **Amrita**, **Amulet**, **Barcarole** and **Jasmine**, which I am introducing this year, four sister seedlings, are the very ultimate of beauty. Can't imagine anything finer. **Amberglow**, **Sahara**, **Vagabond Prince**, **Beacon** are wonderfully fine varieties that are getting down in price now to where the average amateur can buy them. These are all crackerjacks. **Jalna** is another one that is down in price and is becoming one of the most popular smokies on the market. For early commercials **Maytime** and **Token** are going over big. **Premier Henry** though not so tall as we would like is one of the very finest and is being used very successfully by Mr. Palmer in his hybridizing. It is the parent of some of his best seedlings. Have had fine reports on **Carillon**. It is one of the best pinks. In purple, **King Lear** is by far the largest and most beautiful I have ever seen. **Damaris**, a clear burgundy red or purple, and **Simcoe**, a light purple are also very fine. These will make better commercials than **King Lear** though they are not so large and of an entirely different type. **Margaret Beaton** is proving one of the most beautiful and finest whites with blotch. Though **Rewi Fallu** has not received good reports from everywhere, possibly because the people were expecting too much from it, it is still a magnificent variety for the home garden. It is not a commercial but one that everyone who likes dark reds should grow. Another one that has been magnificent in our garden this year is **Timbuctoo**. I rate this a four star variety. It is a magnificent thing for the home garden and though it is not a commercial shade of red the florists should use it when it gets cheaper. We made some very beautiful funeral sprays of it this year and people called for it by name. I am sorry but **Lutex** is not quite so good as it was the year previous. It seems to have too strong a tendency to crook. **Shirley Temple** is another that crooks under some conditions but when bloomed late in the season or in cool weather is very fine and is one of my favorites at any time even with its tendency to crook. **Alayne** though not large is a very beautiful color and fine for floral work. The premium bulb, **30114**, that I gave out last year has been named **Firefly**. Have had some wonderfully fine reports on this. For an early red of the brightest shade it has everything else beaten. In white **Maid of Orleans** is the best all purpose white though **Star of Bethlehem** is larger and will make a larger spike. **Mary Elizabeth** is beautifully ruffled and is the best late white. **Regent** is the best bright red I have seen for an all-purpose scarlet but unfortunately my stock got mixed this past year so am not listing it at wholesale.

"Lady Winsome and Beacon, the two and Vagabond Prince were absolutely wonderful."

—A. J. SCHMALER, Mich.

Napthalene Flakes

If you have been troubled with thrip on your glads this past season or even if you haven't it is well to treat the bulbs this winter with naphthalene flakes. The bulbs should be thoroughly cured and dried out, cleaned up and then kept in a fairly warm place, that is sixty degrees or above for about a month. Scatter on naphthalene flakes at the rate of about one ounce to 100 bulbs. Cover the boxes with paper or something else to confine the fumes, then after about a month shake the naphthalene off thoroughly and store the bulbs in a cool place. This will insure your bulbs being clean of thrip or eggs.

I can furnish the naphthalene flakes for **50 cents for a package of nearly two pounds**. I do not sell less than a full package but whatever you do not use this year can be saved over for next season. Keep in a closed container.

Pure Vermont Maple Syrup

Griddlecakes or Waffles and Syrup. Um! Um!

If you have never eaten the pure unadulterated Vermont Syrup you don't know what you have missed. The black blended concoctions sold thruout the country as Maple Syrup are not to be compared with the real Vermont Syrup any more than Halley is to be compared with Picardy. Then a lot of Vermont Maple products are not of good quality. I am a connoisseur of good syrup and send out only the best grade such as I would eat myself.

A gallon of syrup or some sugar would make a fine Christmas present. Send me your addresses and Christmas cards and I will take care of your orders for you.

Prices are F.O.B. Burlington. A gallon can be sent as far south as Virginia for 35 cents and to the West Coast for \$1.00. The Express companies make a special rate on Maple products. Parcel Post costs much more. A gallon of syrup weighs 13 lbs. packed for shipment.

1 Gallon \$2.50
A case of 12 Pints \$4.50

1/2 Gallon \$1.50

1 Quart 90 cents
A case of 12 Half-pints \$2.50

MAPLE SUGAR. 2 oz. cakes 60 cents a lb. 5 lb. pail soft sugar \$2.25.

ALSO Maple Sugar and Butternut Fudge in small fancy pieces at **\$1.25** per pound. **These Make Fine Christmas Presents.** As the pound packages weigh more than a pound packed for shipment, find the postal zone you are in from Burlington and send the proper amount of postage on 2 pounds for each package. On 2 pounds or over in one package I will pay postage.

"I received your bulbs in very good time and wanted to write and tell you how pleased I was with the big count you sent me. I feel that you used me extra well and I sure have many pleasant surprises to look forward to when they bloom."
—Mrs. L. I. Ropes, Mass.

"The ones I got from you in the spring are beautiful."
—Mrs. C. D. Pennington, Va.

"30114, Firefly, sure will be a winner in the red class."
—Calmer Worley, Ky.

"I have been growing glads for six years for the pleasure of seeing them bloom and I find your bulbs superior to any others. I bought seed of you last year. Some of them will bloom this summer."
—MRS. R. S. REYNOLDS, Tenn.

"Enclosed please find 24 cents in stamps to pay for the postage on the glads. We received them in fine condition and thanks for the generous count and extras which you sent us."
—W. K. GWIN, Penna.

"Also must say Rototox has been a wonderful help and so easy to handle. Have recommended it to friends in San Francisco and here."
—MISS GRACE LEMAR, Calif.

"I might say that I ordered your Better Time Collection last year and was much pleased with the results."
—REV. O. H. LOCKETT, N. Y.

Euphorbia Corolata

(FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on most any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

In the northern states I would suggest Euphorbia be planted early in the spring. In the south or where it does not freeze hard, fall planting would be perfectly all right.

Though Euphorbia is easy to handle, and there should be no reason for it not doing well, I have had some complaints about the roots not growing. I don't know why this is because if they are planted at once and given a good watering they should all grow. I have had no trouble with them myself. But in as much as I have had some complaints I no longer guarantee the roots. I do give good strong healthy roots and if given half a chance they should grow but if they do not grow I shall not be responsible.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. **We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment.**

100 roots \$6.00 f.o.b. with 50 at the 100 rate.

HOW TO CARE FOR BULBS IN THE FALL

Dig them a month or more after they are through blooming. If the foliage stays green and healthy it will do no harm to leave them till hard freezing weather. When you dig them cut the tops off immediately and place the bulbs in shallow trays in a cool airy place. 2-5 weeks after digging they should be dried and cured enough to take off the old bulbs and bulblets.

After thoroughly drying them it is well to do something to kill any possible thrip that might be on the bulbs. Many people scatter naphthalene flakes over them. If you have only a few hundred bulbs I can send you a package of nearly two pounds for 50 cents prepaid. This will take care of up to two or three thousand bulbs. When you use this keep them in a fairly warm place, scatter on the naphthalene, about 1 oz. to 100 bulbs, and cover them with a paper or cloth to confine the fumes. After about a month shake off the naphthalene, which can be saved for another year, and then store the bulbs away in a cool place for the winter.

Many people now are using **Rototox** in which they soak the bulbs for a day or two. This will kill all thrip and eggs. This is also said to check disease. It is not poisonous to people and so is safer to use than bichloride, and it does not require a glass, earthen or wooden container to dip them in. For further information about this write **Rototox**, 813 Yale St., East Williston, N. Y.

Some people where they haven't too many bulbs soak them in Bichloride of Mercury in the fall after the bulbs are thoroughly cured. I think this will help to control any disease germs that may be on the bulbs and would kill any thrip besides.

We do not hear near so much about thrip now as we did a few years ago. Most people are either using naphthalene or soaking their bulbs and spraying them and are having fine results.

THRIP. If you are a beginner and don't know what thrip is I will say that it is a very small black insect that sucks the juices from the buds so that they don't open properly. This has caused a lot of trouble around the country but by using well known precautionary measures as above, it can be easily avoided and good glads can be grown.

Christmas Presents

To the garden fan you cannot give a more suitable or acceptable Christmas remembrance than a box of bulbs. One of my collections would be suitable for anyone, or if your friend is already a gladiolus fan and you don't know what varieties he would like send us the money and we will send him, or her, a receipted invoice for the amount you send and the recipient can select his or her own choice. You can send your Christmas card or we will enclose one. This is a present any garden enthusiast would appreciate.

"Token is a fine one. All you say, plus number."

—R. B. MAIL, Ala.

"I must say your bulbs are very satisfactory and we wish that you could supply us with all we need of the different varieties. We will try to order earlier next year."

—FRED MISCH, Penna.

"The bulbs we ordered from you this spring have already bloomed. The Beacon was certainly a grand performer having two splendid stalks with perfect blooms from one bulb. Vagabond Prince was all you claimed for it and more."

—MRS. H. H. STRAHAN, Miss.

"This spring we purchased a small order of glads of you and the blooms were the very best we have ever seen and that seems to be the consensus of opinion here about."

—WILLIAM MCKAY GORDON, Brewer, Maine.

"I just wanted to let you know I took first and second on Vagabond Prince at the Flower show and first on Bit O'Heaven, bulbs I got from you, medium bulbs No. 2."

—MRS. GRACE L. RING, Virginia Minn.

"I can't wait until the season is over to tell you how much joy and pleasure my glads are giving me. And my friends and neighbors too. They are marvelous! A neighbor, to whom I took a big bouquet today, showed them to her brother who has resided in California for many years, whose comment was, 'California hasn't anything on those.' Many of my blooms are 6 inches and 7 inches across. I have a stalk of Beacon with the first bloom nearly 7 inches across. It is a gorgeous thing. Thank you for such fine bulbs. They are much the best I have ever bought."

—MARIAN E. HAGUE, Gorham, Maine.

"After picking a couple of dozen of the most wonderful gladiolus I have ever grown I felt that I must write you and tell you how well the bulbs have grown that I purchased from you."

—FREDERICK H. PAULSON, R. I.

"The bulbs I got this year are very good and have some wonderful blooms."

—NORRIS B. KOONTZ, Pa.

"I'm taking this opportunity to thank you for the fine glad bulbs you sent me in the spring. They resulted in the most gorgeous blooms I've ever had or seen. They're simply marvelous and I've just got to have more next spring."

—MRS. L. C. BILLINGS, Mass.

"Vagabond Prince instead of a four star should have the whole sky."

"Give me Palmer strain and you cannot go wrong."

"Rosex is very good."

"I think that seedling you sent me, 30112, is wonderful and it should be called Fire Chief because it is out in front when it comes to reds."

—GARNET STANCOMBE, Pa.

"This is my second order of this No. 1 collection. I sent for the same two years ago. They were simply lovely, the finest I saw that season."

—MRS. THEO. SLADE, Ky.
