SPRING PLANTING 1945

AMARYLLIS FORMOSISSIMA

The Amaryllis Family

For indoor or outdoor bloom, few plants can equal the size and beauty of the various Amaryllis. For indoor growing, they are by far the most colorful and easiest to grow. For outdoor growing, they provide an accent note of surpassing brilliance.

Amaryllis formosissima

Often referred to as the Jacobean lily, this fine semi-hardy bulb produces brilliant scarlet flowers of almost butterfly shape and formation. Easily grown in the house or the low border, they multiply rapidly, forming fine clumps that lend a brilliant splash of color in the hardy border. A fine, unusual flower, too seldom seen. Our strain is the new Superba strain, much larger and finer than the species.

Large bulbs: Each 50c, Doz. \$5.00

flowerfield GIANT HYBRID AMARYLLIS

There are few bulbs that give the amateur gardener more for his time and money than the Amaryllis. This is the finest race of Amaryllis in cultivation, and has excellent form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding from the top of the soil. Whether indoors or outdoors, shade the freshly planted bulbs for some weeks until the roots are well established. This will assure larger flowers on taller stems.

LYCORIS - The Mystery Lily

Sometimes referred to as the hardy amaryllis, this Lycoris (squamigera) is one of the most unusual and most beautiful of flowers. The attractive green foliage appears early in the spring and flourishes until July, when it matures and disappears. Suddenly in early August the flower stems appear, grow rapidly to a height of 2 or 3 feet and burst into a lovely cluster of opalescent pink blossoms. Excellent for full sun, the hardy amaryllis grows even taller in partial shade. They are perfectly hardy and soon multiply to a large clump.

LYCORIS

Ismene Calathina

One of the stateliest and most impressive flowers that grow is the ismene calathina or Peruvian daffodil as it is sometimes called. It is really one of the choicest of all garden subjects. The ismene carries very large (4 to 5 inches across), snowy white, amaryllis-like flowers that are delightfully fragrant. Our extra large bulbs will send up tall flower stems 2 to 2½ feet tall, each one bearing 3 or 4 of its magnificent blooms. Altogether one of the loveliest and most unusual flowers that we offer. Plant them in well-drained soil in late June. Your floral reward will arrive in August, stunning far home or garden decoration.

ISMENE CALATHINA

Amarcrinum

The finest new bulb hybrid to appear in recent years. The amarcrinum, a cross between amaryllis Belladonna and crinum Moorei, has the appearance of a mammoth amaryllis, but its color is an even frosty pink. Great trusses are borne proudly aloft on 4-foot stems—indeed, so worthy is this American creation that it won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. Not the least attractive of this amazing flower's attributes is its scent, exactly like that of the famous Dutch hyacinth. Unlike the hyacinth's odor, that of the amarcrinum does not spread out, but remains nestled within the flower, awaiting your pleasure.

AMARCRINUM

flowerfield Giant flowered Tuberous-

The answer to a gardener's prayer, these exquisite flowers are easy to grow, require little care and above all, thrive in the shade. What other plant can offer such a combination of manifest advantages?

There exists in certain gardeners' minds the erroneous notion that begonias are difficult subjects, yet far from being difficult, they are exceedingly easy to grow. They actually like the shade, preferring to be shielded from the direct glare of the sun's rays. They like fairly rich soil, a reasonable amount of moisture, and good air circulation. But once planted in some such favored location, they require practically no care.

Beginning in July, tuberous-rooted begonias carry their many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, pink and deep rich crimson. The lovely flowers bloom in clusters of three, one large male flower in the center and two smaller female flowers on either side. Remove these side buds as soon as they appear; they are single type flowers of inferior character and inhibit the full development of the central flower. This disbudding will make an amazing difference in the size and beauty of the flower. Under ordinary culture these blooms will reach 5 and 6 inches in diameter, although flowers up to 8 inches may be obtained by special care and attention.

CAMELLIA-FLOWERED BEGONIAS

The King of begonias, gorgeous flowers that appear to be huge camellias. These blooms are completely double, exceedingly lovely and are far larger than the best greenhouse camellias. Words can not adequately describe their unsurpassed beauty.

Red Camellia-Flowered Begonias	Three \$1.15, Doz. \$4.00
Pink Camellia-Flowered Begonias	Three \$1.15, Doz. \$4.00
White Camellia-Flowered Begonias	Three \$1.50, Doz. \$5.00
Rose Camellia-Flowered Begonias	Three \$1.15, Doz. \$4.00
Yellow Camellia-Flowered Begonias	Three \$1.35, Doz. \$4.50
Mixed Camellia-Flowered Begonias	Three \$1.15, Doz. \$4.00

PICOTEE CAMELLIA-FLOWERED BEGONIAS

The same shape as the camellia-flowered begonia, but beautifully colored in two-toned combinations of extreme beauty, with the edge of the petals definitely contrasting with the interior. An unusual and beautiful flower.

Mixed Colors only	Three \$1.50, Doz. \$5.00
-------------------	---------------------------

MARMORATA CAMELLIA-FLOWERED BEGONIAS

Similar in shape and size to the camellia-flowered type, but mottled red and white for a most unusual effect. A stunning flower to wear as a corsage.

Three \$1.50, Doz. \$5.00

ROSEBUD BEGONIAS

A double begonia with flowers of the most exquisite form, resembling perfect rosebuds with beautiful tonal pastel shadings. It is exceptionally sturdy, excellent for growing as specimen plants in large tubs.

Pink Rosebud Begonias	Three \$1.50, Doz. \$5.00
Flame Rosebud Begonias	Three \$1.50, Doz. \$5.00
Rose Rosebud Begonias	Three \$1.50, Doz. \$5.00

Named Varieties

Autumn Glow	Three \$1.50, Doz. \$5.00
-------------	---------------------------

An extremely large Cristata type, the tufts or crests of which are a deep copper, contrasting with rest of flower, which is apricot. The flowers sometimes measure ten inches across. The foliage is very attractive and much more luxuriant than any other tuberous rooted begonia.

Stars and Stripes	Three \$1.50, Doz. \$5.00
-------------------	---------------------------

A Camellia type double of dark red, striped and specked with white. The flowers are not large, but this plant is very vigorous and single bulbs often produce over a hundred blooms. One of the finest of the Le Papillon types.

CARNATION-FLOWERED BEGONIAS

Fimbriata Plena. The formal carnation-flowered begonia is an interestingly different type, having fully double flowers with short, deeply serrated and fringed petals that give the mature flower the appearance of a huge carnation. It is one of those varieties you will think a "must" once you have seen a fully developed flower.

Red Carnation-Flowered Begonias	Three \$1.15, Doz. \$4.00
Pink Carnation-Flowered Begonias	Three \$1.15, Doz. \$4.00
Rose Carnation-Flowered Begonias	Three \$1.15, Doz. \$4.00
White Carnation-Flowered Begonias	Three \$1.35, Doz. \$4.50
Yellow Carnation-Flowered Begonias	Three \$1.35, Doz. \$4.50
Mixed Carnation-Flowered Begonias	Three \$1.15, Doz. \$4.00

CRISPA BEGONIAS

A single begonia with edges so deeply cut and frilled that it almost looks double. This type is distinguished by flowers of exquisite grace and beauty—more unusual than the other types and particularly desirable for exhibition use. Try them in a decorative arrangement. You and your guests will be delightfully surprised.

Red Crispa Begonias	Three \$1.35, Doz. \$4.50
Pink Crispa Begonias	Three \$1.15, Doz. \$4.00
Rose Crispa Begonias	Three \$1.15, Doz. \$4.00

Yellow Crispa Begonias	Three \$1.35, Doz. \$4.50
Mixed Crispa Begonias	Three \$1.15, Doz. \$4.00

CRISTATA BEGONIAS

A single type that is only slightly frilled, but which bears a coxcomb-like tuft or crest on each petal. A very novel form of the begonia, quite worthy of inclusion in this listing. Available in mixed colors only.

Mixed Colors only	Three \$1.50, Doz. \$5.00
-------------------	---------------------------

SINGLE BEGONIAS

Because of the immensity of their huge flat petals and their intense colors, a bed of these presents a dazzling picture. The giant saucer-like flowers are accented by central anthers of pure bright yellow.

Red Single Begonias	Three \$1.35, Doz. \$4.50
Pink Single Begonias	Three \$1.15, Doz. \$4.00
Rose Single Begonias	Three \$1.15, Doz. \$4.00
White Single Begonias	Three \$1.15, Doz. \$4.00
Yellow Single Begonias	Three \$1.35, Doz. \$4.50
Mixed Single Begonias	Three \$1.15, Doz. \$4.00

HANGING BASKET BEGONIAS

This is the Pendula flora plena or Lloydii type, an unsurpassed strain of hanging basket begonias that contains only double-flowered sorts. Often there are hundreds of blossoms to a bulb. They are also excellent for rock garden work.

Mixed Colors Only	Three \$1.50, Doz. \$5.00

Regale Lilies

Well known as the Regal or Royal Lily, there is no Lily that distills a more beautiful or more penetrating perfume. A single stalk of this lovely flower will pervade the entire room if allowed to stay there but a few hours. The tall stalks, 4 to 5 feet high, are topped by beautiful trumpet-like flowers that are pure white inside and tinged with rose outside, increasing the splendor of their garden effect. Of all the Lilies, the Regale is perhaps the most satisfactory for garden use here in America. It grows sturdily, prolifically, and beautifully. The Regale Lily is very floriferous, a single established bulb bearing as many as 20 flowers during the season. Like all the other stem-rooting Lilies, Regale should be planted deep, allowing at least 3½ times the diameter to cover the bulb. Also in common with other Lilies, it demands drainage, yet must have moisture, too.

A handful of sharp sand or gravel underneath the bulb will satisfy this small requirement. And the results will indeed reward you for the trouble taken.

7-8 inches, Each 50c, Doz. \$5.00

9-11 inches, Each 85c, Doz. \$8.50

Centifolium Hybrid Lilies

Similar to their parent, the Regale lily, these new hybrids even surpass their lustrous forebear. The flowers are immense white trumpets borne on stems rising 5 to 6 feet in height, delightfully fragrant and superbly showy. While all are white inside, the external coloring varies from emerald green through tints of pink to brownish purple, each and every one worth growing. Their flowering period is late July and August, after the Regales have passed. They are hardy and of the same general culture as the Regales.

Each 75c, Doz. \$7.50

REGALE
LILY

Auratum Lilies

The regular species Auratum lilies are sold out until Fall, 1945.

AURATUM HYBRIDS

Each of these Auratum seedlings is finer by far than the species, many having brilliant red markings, some being almost purest white. These bulbs have been especially set aside from the regular Auratums because they are so much better than the type. Each one is an absolutely distinct individual of great beauty.

Each \$5.00

Sunset Lilies

(Pardalimum Giganteum)

This brilliant lily is of easiest culture, in fact, it's "fool-proof." It is vigorous, dependable, very hardy and multiplies readily, doing equally well in full sun or shade. Sunset lilies reach a height of five to six feet. Each stout stem is topped with a dozen or more beautiful flowers in July, combining magnificently with the Regales. The petals are somewhat recurving and a brilliant sunset-red, while the base of the bloom is yellow, beautifully marked with amber-brown dots.

Extra-large bulbs, Each 75c, Doz. \$7.50

SUNSET LILY

DOUBLE PEARL TUBEROSE

Tuberose

Grandmother's favorite flower, the tuberose, is best known for its extreme fragrance. The flowers are waxy white, and bloom beautifully on spikes 2 to 3 feet high. They may be planted indoors in pots or directly placed into the garden in May and should be covered with an inch of soil.

Double Pearl Three 75c, Doz. \$2.50

Single Mexican Three 50c, Doz. \$1.75

Fancy-Leaved Caladiums

Beautiful plants prized for their brightly colored highly variegated leaves. Green, pink, red and silver predominate. Some are almost solid colors, others two-toned, veined or mottled with combinations of these and other colors. These fine decorative plants will be an addition to any room or window box.

Mixed Colors Three \$1.25, Doz. \$4.50
Many unusual types of caladiums, in a most effective mixture.

FANCY-LEAVED CALADIUMS

Anemones

Arrestingly colored flowers, resembling large poppies but being excellent for cutting as well as strikingly beautiful.

OXALIS, SHAMROCK

GLORIOSA LILY

Gloriosa Lily

This exotic oriental-looking flower, often called the Climbing Lily, grows five to six feet up a trellis or other support and produces many of its gorgeous lily-like flowers. The blooms open a bright yellow and red, and slowly change to a deep scarlet. Gloriosa does well in sheltered spots outdoors, and flowers during the summer months. Indoors, it flourishes in the greenhouse and produces beautiful cut flowers for arrangements or corsages.

Strong tubers

Each 95c, Doz. \$9.50

OXALIS - lovely as edgings

This four-leaved, clover-like plant, often called the American shamrock, has delicate pink or white flowers that add to its beauty. Oxalis grows and blooms profusely and forms exceptionally graceful edgings for walks and flower borders. It also may be grown in pots indoors or in hanging baskets.

Martiana

The three-leaved white-flowered variety.

Doz. 65c

Shamrock

Four-leaved foliage, rose-colored flowers.

Doz. 75c

Calla Lilies

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your sunny border, your perennial garden, or in pots for indoor bloom. You will enjoy the beautiful trumpet-shaped flower, and the peculiarly spotted, low-growing green foliage. The new pink calla is a particularly lovely variety, being very small and dainty. All grow well in moist soil, and will stand partial shade.

CALLA ELLIOTTIANA

White Calla Each 50c, Doz. \$5.00
(Alba Maculata.) A note of glistering purity for your garden. The attractive spear-shaped leaves are mottled green and white, attractive even before the 18-inch tall flower blooms in late August. The white calla is truly one of the loveliest garden bulbs.

Yellow Calla Each 50c, Doz. \$5.00
The best known and most widely used calla lily, and deservedly so, for the deep golden yellow flowers are truly magnificent. The foliage is spotted much as Alba Maculata. They are a fine decoration for the garden and also thrive indoors.

Pink Calla Each 85c, Doz. \$8.50
The new improved pink calla, large and lovelier than ever. The plants average 12 inches in height, and give forth several of these most beautiful flowers. The illustration really tells the story best.

PINK CALLA LILY

Gloxinias

There are few house plants that grow so quickly and easily, and make such a splendid colorful showing when in full bloom. Their gorgeous velvety flowers last for months, and make a stunning effect between the large, soft, handsome leaves. The bulbs may be planted from late January to late May. If started early they are in full bloom for Mother's Day, and make an excellent gift for her. Place one bulb to a five-inch pot filled with good rich sandy loam. Cover bulb about one inch and place pot in a sunny window. Water sparingly until growth appears, then increase so that the soil is always moist but not wet. The bulbs can be used over and over for many years.

Blanche de Meru Each 50c, Doz. \$5.00
A most attractive bicolor Gloxinia, best described by picture at right. This is an outstanding variety well known for its vigor and delightful color.

Emperor Frederick Each 50c, Doz. \$5.00
Pure bright scarlet, beautifully edged with a band of white. A very effective contrast.

Emperor Wilhelm Each 50c, Doz. \$5.00
The base color is deep violet, the border is white. The plant is remarkably similar in habit to Emperor Frederick.

Mont Blanc Each 50c, Doz. \$5.00
Snow-white, soft and fleecy looking as new fallen snow—a fine house plant.

Prince Albert Each 50c, Doz. \$5.00
Deep dark violet, in a color very similar to that of gladiolus, Pelegrina. Lovely for a bright spot in your house.

Mixed Colors Three \$1.25, Doz. \$4.50
A fine mixture of the above and other fine gloxinias, sure to please.

GLOXINIA, BLANCHE DE MERU

THE NEW CANNAS — flamboyant beauties

A PARTICULAR SPECIALTY AT FLOWERFIELD

EUREKA

Today the newer cannas, lower growing and bearing brilliant flowers, are being used more and more by smart gardeners. A pink canna and pink geranium border is at once a novelty and a delight for your garden. Long prized as a foliage plant, cannas are now being grown more for their excellently colored flowers. They bloom for a longer period, and make a finer display than any other large flowering plant we know. Another great advantage of the canna is its sturdiness. They are strong enough to hold their own with shrubs and are often interplanted in shrub borders or groupings with beautiful effect.

NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil where they should be planted three to four inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the taps are touched by the frost. They then may be dug and stored for the winter.

Our canna list is complete. From it you may choose the height, color of bloom and color of foliage which you desire.

City of Portland Each 25c, Doz. \$2.50
One of the new pink cannas with green foliage. Of medium height, City of Portland with its deep rich silvery pink flowers is an excellent plant for garden use.

Eureka Each 35c, Doz. \$3.50
The finest white variety of canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adopted to bedding use.

Halli Each 25c, Doz. \$2.50
This variety is one of the lowest growing of cannas, seldom exceeding 3 feet. The flower head is a delicate shade of pink on top of the bright green foliage.

Hungaria Each 25c, Doz. \$2.50
Probably the best known of the rosy pink shade in cannas. This is a low-growing variety and combines beautifully with pink geraniums.

King Humbert

Each 20c, Doz. \$2.00

One of the standards of performance by which other Cannas are judged, King Humbert has brilliant orange-scarlet flowers with bright markings. The foliage is a shimmering coppery bronze shade. Very effective against a background of evergreens. An orchid-flowering type.

King Midas

Each 25c, Doz. \$2.50

A pure rich yellow flower mounted on vivid green foliage. Grows to 4 feet, and forms a lovely contrast in the garden.

Louis Cayeux

Each 35c, Doz. \$3.50

A fine new Canna that has caused much favorable comment wherever seen. The flower heads are a beautiful shade of rose-pink, and surmount soft light green foliage. A very effective plant.

Madame Crozy

Each 35c, Doz. \$3.50

A most unusual Canna, quite low growing, and with a flower of bright scarlet, neatly edged with a 1/4-inch band of bright yellow. Not a good variety for mass effects, but excellent as an unusual type for border.

Richard Wallace

Each 25c, Doz. \$2.50

Canary-yellow flowers on bright green foliage 3 1/2 feet tall. This variety is even more prolific than others.

The Ambassador

Each 30c, Doz. \$3.00

A beautiful rich cherry-red flower combined with deep bronze foliage. This is an excellent variety of medium height.

The President

Each 30c, Doz. \$3.00

The outstanding Canna. It has immense trusses of fiery red flowers, produced in great profusion. The foliage is very bright green, contrasting sharply with the brilliant flower heads, making a most impressive display; of medium height.

Wintzer's Colossal

Each 20c, Doz. \$2.00

One of the archid-flowering Cannas. Four feet in height with vivid scarlet flowers over dark green foliage.

Wyoming

Each 20c, Doz. \$2.00

The tallest Canna, Wyoming has orange-colored blooms, and purple-bronze foliage. Orchid-flowering type.

Yellow King Humbert

Each 20c, Doz. \$2.00

The companion to Red King Humbert, an identical match except in color. The flowers are yellow, spotted red, and the foliage is dark green. Orchid-flowering.

Mixed Cannas

Three 55c, Doz. \$1.95

A fine mixture, well balanced for color.

Dahlias

In the
JOHN LEWIS CHILDS
Tradition

Dahlias are one of the most fascinating flowers you can grow in your garden. For variety of size, shape, color, and height they have no equal. They may be used in the border, or en masse, or as a decorative background, depending on the variety.

For garden use, the new single and miniature Dahlias are especially well adapted, their compact bushes making them excellent garden subjects. All—pompons, singles, miniatures, giants—make equally fine cut flowers.

We at Flowerfield have selected the most outstanding varieties of each type according to color and size. Choose from them in the following carefully prepared list. Plant them with the knowledge that our care in growing and storing assures you of the finest results.

Single Dahlias

Glorious as Cut Flowers and the Plants are Sturdy but Graceful Garden Subjects

Charmingly simple, exquisitely colored, single Dahlias are one of the finest of garden plants. They require no staking and may be used with fine effect in the mixed border. Long lasting, unsurpassed as a cut flower, beautiful in the garden.

Chancellor

Each 50c

The unusual color combination of this flower is one that you should not miss. A brownish red 5-inch flower with a blood-red halo and dark center, it grows on strong stems. It makes a fine lasting cut flower. Height 3 feet.

Mia Karsten

Each 75c

A lovely deep Tyrian pink suffused purple-garnet at the center. The flowers are unvarying in their splendor for your garden.

Pequot Yellow

Each 50c

A 5-inch broad-petaled flower of clear yellow, graceful on a strong wiry stem. Unsurpassed for exhibition. Its pure color makes it a "must" in your garden. Height 3 feet.

Snow White

Each 75c

A pure white bloom with serrated petals 5 inches across. Its delicate beauty makes Snow White worthy of its name. It grows robustly and as a cut flower has wonderful keeping qualities. Height 4 feet. Pot plants only, no tubers available. (The result will be good, we guarantee.)

Miniature Peony Dahlias

An unusual type of Miniature Dahlia, similar to the singles, but having two or more rows of petals surrounding the open center. The picture of Bishop of Llandaff, on the opposite page, best describes the type. They are exceptionally useful and decorative in the garden, and are of course, lovely as a cut flower.

Bishop of Llandaff

Each 75c

An unusual and very attractive flower of bright scarlet with a deep garnet center. The lacy foliage is a special feature of this variety, being a beautiful reddish bronze color which makes it stand out in any planting. Highly popular.

Kay

Each 45c

Of the same form as Bishop of Llandaff, but with pure white petals well set off by a pure yellow center. A fine bushy plant.

Pink Lassie

Each \$1.50

A charming flower for arrangement, one which has taken first rank in many gardens. A beautiful soft rose-pink, with cream and lighter shadings toward the center. The flowers are carried gracefully on long, slender stems, wonderful for all purposes.

SINGLE DAHLIA,
SNOW WHITE

Miniature Dahlias

For the home garden, the smaller size of the Miniatures is a distinct advantage. The flowers, which average about four inches in diameter, are ideal for cutting and for arrangements, for which purpose they have become extremely popular. But the greatest advantage of these Miniatures is their easy culture and their "cut-and-come-again" quality. The more you cut 'em the better they like it!

Andries Orange MSC Each 75c

A bright orange flower of an exceptionally clear, attractive tone, growing on perfectly straight stems. They make a beautiful display.

Baby Beauty MFD Each 75c

Aptly named, this is the miniature of unsurpassed Jersey's Beauty. It is violet-rose shaded to a rose-pink. Its form is perfect.

Corinna MFD Each 50c

Pure bright yellow to brighten your garden or your flower arrangements. Of fine form and substance.

Dubonnet MSC Each 50c

Of fine deep red as its name implies, in the artistic Semi-Cactus form, this is a much sought-after Miniature dahlia.

Elizabeth Pape MC Each 75c

The best and most artistic pink Miniature Cactus. Its cream heart and nicely whorled pink petals give it a distinction achieved by few.

Red Head MFD Each 75c

Small fiery scarlet blooms on long stems. The color is a brilliant shade of red not usually seen.

Rosalie White MFD Each 75c

A most pleasing bicolor that has become very popular. The color of this little gem is white with broad clean-cut bands of deep rose on the edges of the petals, leaving the tips white. Plants medium tall, sturdy growers, blooms held erect on good stiff stems.

Snowsprite MSC Each 75c

Artistic glistening snow-white flowers. One of the best miniatures grown. Blooms are of fine form and held above the foliage in profusion.

True rose-pink blooms deepening to mallow-pink with center petals lighter. A good bloomer and an excellent keeper.

Lois Walcher FD Each \$1.25
Not quite so red as the picture shows, more on the purple tone, brilliantly contrasted with pure white. Lois Walcher is a consistent prize-winner and one of the very best dahlias of all time. For garden use or cut flower arrangement, few can equal, none surpass this new beauty.

Lynn Fontanne Each \$5.00
The picture above is a very accurate representation of this most beautiful dahlia. The blooms are large, and are carried well on strong, stiff stems. Only pot plants are available, no tubers.

Miss Belgium SC Each 65c
One of the most artistic and beautiful of all dahlias, Miss Belgium, as the picture shows, is delicate coral on the reverse of the orange petals, and these petals are so twisted and curled in fine cactus form, that the coral peeks out all through the flower, as well as forming a central eye of delicate coral-pink.

FLOWERFIELD GLADIOLUS

UNUSUAL and DISTINCTIVE VARIETIES
for CONNOISSEURS and EXHIBITORS

Flowerfield has an unusual interest in presenting modern gladiolus. Our founder, John Lewis Childs, was the introducer to this country of the gladiolus in the present state, the gladiolus Childsi. Prior to his work in hybridizing, the gladiolus was a small, half-wild plant of graceful effect but little garden value. Through John Lewis Childs all of the modern advances in gladiolus culture were made possible.

For the past few years, more and more people have been coming to realize the very unusual success which may be obtained through proper use of the modern gladiolus in your border. Present day American hybridizers have produced many beautiful large-flowered varieties, in a range of color truly comparable to the rainbow.

Gladiolus have an advantage for the American gardener in that they are extremely easy to grow, and, where good stock is used, are subject to very few diseases. They are one of those "easy gardening" plants. They prefer a sunny location, and well-drained soil. Planting should be from 4 to 6 inches deep. Our bulbs are absolutely guaranteed free from thrip and other infestations. Listed on these pages are the best of the new varieties; on the following pages, the finest standard varieties.

GARDENIA

Chamouny Three 75c, Doz. \$2.50

For those who like the unusual in flowers, no one could recommend a better subject than Chamouny, a light fuchsia-red, edged with a white line around the border of the petals. Bearing a medium-sized floret, Chamouny is very striking yet dainty. It is an outstanding variety for the garden, or for unusual arrangements in the home.

Gardenia Three 50c, Doz. \$1.75

A new cream-white that is compellingly beautiful. It is probably best described by its picture above. We can only add that its stature and vigor leave nothing to be wished for. Outstandingly fine.

Greta Garbo Three 95c, Doz. \$3.50

The buds and the first opened florets are a very light cream-pink, the flower rapidly becoming rasy white after the florets open to their full size, often six inches across. Greta Garbo averages probably more florets to the spike than any other variety grown, and this flower spike is carried well above the ground on a tall, very strong stalk.

GRETA GARBO

CHAMOUNY

Algonquin Three 50c, Doz. \$1.75
A brilliant light scarlet gladiolus distinguished by very large florets and exceedingly long formal heads, often having 8 or 9 florets open at once, staggered closely up a flower head that reaches 30 inches long, topping a spike with a height of as much as 5 feet. It is one of the finest new bright reds.

Barcarolle Three 50c, Doz. \$1.75
This is undoubtedly one of the most beautiful orange gladiolus ever hybridized. The florets are finely ruffled, adding to the value of this most excellent flower. The color is a clear grenadine orange, and falls in a color class that has so long been lacking proper representation in the gladiolus family.

Bingo Three 50c, Doz. \$1.75
One of the largest of glads, attracting attention wherever seen. The huge florets are delicate pink in tone, lightly flecked deep pink and well accented by a rose and cream throat. Although a bicolor, its general effect is that of a huge pink flower. The growth habits are excellent and Bingo will be a worthy addition to your garden.

Green Light Three 50c, Doz. \$1.75
The especial charm of this variety arises from its peculiar greenish gloss, which overlays the milky white of the large, well-formed, slightly ruffled florets. This is particularly pronounced in the bud stage, when the flower appears really green, a very unusual occurrence in Nature.

Leading Lady Each \$1.00, Doz. \$10.00
Exhibited first in 1944, this pure white sport of Picardy was outstanding in every gladiolus show entered. All the beauty of form, all the sturdy qualities, all the lasting qualities of Picardy, but a fine white in color. A "must" for exhibitors.

Leona Three 50c, Doz. \$1.75
One of the finest new deep magenta-red gladiolus of recent years. The flowers are of very smooth appearance and make a beautiful combination with some of the brighter gladiolus shades, either in the garden or as cut flowers.

Takina Three 50c, Doz. \$1.75
This is the largest gladiolus listed. It has been exhibited with florets measuring $8\frac{3}{4}$ inches across, 9 open at a time and grown to a height of over 6 feet. The color is a beautiful lilac-purple which seems to emphasize the huge size of Takina.

Collector's Mixture

An unrivaled assortment of the very finest gladiolus, garnered from the above list and from new named varieties of which we have too few to list. We guarantee the utmost satisfaction with this mixture, whether for garden show, table decoration, or general garden beauty.

Dozen \$1.75

MARGARET BEATON

REGENT

CORONA

Corona Three 75c, Doz. \$2.50
Soft blush-white petals with a lovely pink picotee edge—one of the loveliest gladiolus yet hybridized. The growth characteristics of Corona are beyond reproach. Excellent as a cut flower, even when cut in bud.

Margaret Beaton Three 55c, Doz. \$2.00
One of the best new varieties that has appeared on the market in recent years. The color, as illustrated, is a startling contrast of red and white, and it and Leading Lady the most talked of new gladiolus of the past few years. Particularly lovely for use in indoor bouquets, where its brightness livens any room.

Regent Three 50c, Doz. \$1.75
A brilliant light red gladiolus, excellent in form, unvarying in its fine performance. Regent has the so-desired quality of being all one shade. The throat and the edge are alike in coloring. Excellent habit, and all florets open well, even on spikes cut in tight bud.

GENERAL LIST OF

Flowerfield bulbs are guaranteed to be the best obtainable and with them you can get the best of results. Listed below are the tried and true varieties—your old friends whom you know and trust. These are the sorts which make up the backbone of any large gladiolus display.

Grow them for outdoor display—they will be as fine as ever. Grow them for cutting—they will brighten your home and rejoice your heart. Grow them for the joy of watching a flower slowly develop its beauty.

Don't forget to feed them at least once when planting; for finest blooms again when up six inches; and once finally as the flower bud emerges. Flowers fed like this will justify your fondest hopes and your rivals' worst fears.

American Commander Doz. \$1.75
In the medium red class, American Commander is one of the newest and best introductions and has taken the eye of the commercial growers for its fine color and excellent growing characteristics. Illustration on page 22.

King Lear Doz. \$1.50
A very tall variety, King Lear has the beautiful fuchsia coloring, ruffled florets. The gracefully curved stem and lovely flowers of King Lear make it a most decorative variety for the garden.

Bleeding Heart Doz. \$1.25
A small-flowered variety that is most striking because of its soft pink and white florets contrasted by deep crimson throats. A very lovely cut flower, or a graceful addition in a border.

Loyalty Doz. \$1.25
A yellow that is so deep it almost becomes an orange. This gladiolus carries very large florets for the yellow class, and is one of the newer varieties. Tall, upright.

Blue Beauty Doz. \$1.50
The color of this outstanding gladiolus is light blue, with the edges of the petals lined in violet-blue tones. Large sized florets of fine form. This is an excellent exhibition variety, and has taken many prizes.

Blue Danube Doz. \$1.50
A lovely pure amethyst-blue with a dark blotch. The closest to a blue variety yet developed, very little of the mauve shade in it.

Charles Dickens Doz. \$1.25
A rich solid magenta colored gladiolus, most attractive for garden or cut flower use. Especially striking when used in combination with a bright yellow, such as Miss Bloomington, where the sharply contrasting colors make a beautiful picture. Exceedingly popular as a cut flower.

Dr. F. E. Bennett Doz. \$1.25
Probably the best of all around bright red, Dr. Bennett is pure scarlet-red, growing strong and sturdy in your garden. Although there are many newer reds none are as bright or as well formed as this variety, which has stood the test of time. Many florets are open and there are more buds to the stem than any other red.

Commander Koehl Doz. \$1.25
A fine dark scarlet-red without any marking or blotches, a sturdy consistent grower, which has made a great name for itself.

Duna Doz. \$1.50
A soft buff-pink which fades to cream at the petals' edge. The backs of the petals are a different color, being a darker pink which seems to set off the flower's lightness. Five to six large flowers are open at once on a straight spike of medium height.

Gate of Heaven Doz. \$1.50
Possibly the best all-around yellow. It has well-spaced florets, beautifully ruffled, which are the largest of its color class. Its brightness makes it worthy of its name.

Irak Doz. \$1.50
A large spike of silvery rose, hued and mottled with lavender and flame. An outstanding smoky variety that will create much comment, whether in the garden or in floral arrangements.

Isola Bella Doz. \$1.50
This is a fine new introduction but a hard one to describe. It is really an orchid-pink with a soft lilac hue. The petals are slightly ruffled, but even at the bud stage show this lovely color, very much like that loveliest of Iris Kaempferi, Light-in-the-Opal.

STANDARD GLADIOLUS VARIETIES

Mary Elizabeth

Doz. \$1.25

Very attractively ruffled. Mary Elizabeth is the best late white for cut flowers, for bowls, or arrangements. Pure white on the outer edges of the petals, Mary Elizabeth is enlivened by a creamy throat. The flower is dominated, however, by the heavy ruffling of the petals, most attractive in form.

Mammoth White

Doz. \$1.50

Mammoth as its name, this huge snow-white gladiolus is ideal for those who like huge blooms. A sturdy, tall variety that is equally at home in the garden or as a cut flower. This is one of the few whites that has no creamy throat—it is pure snow-white.

Miss Bloomington

Doz. \$1.50

A fine canary-yellow with many florets open, arranged ideally along a good spike. A most decorative type of gladiolus, particularly attractive when used to set off darker spots in the border or to contrast with the deeper-toned gladiolus. A fine variety for cutting, one to lend brightness and cheer to your arrangement.

Miss New Zealand

Doz. \$1.50

The original New Zealand type gladiolus with typical huge florets and heavy stalks, Miss New Zealand is a soft coral-ruby with a deep ruby shield in the throat. The florets are immense, of triangular, informal shape with many open at a time, and sometimes are delightfully mottled with darker rose-colored spots. It is one of the best.

Pelegrina

Doz. \$1.50

The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety, Pelegrina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized and the deep blue is sometimes marked with a purplish blotch on the lower florets, making it appear almost black in color. Illustrated on page 18.

Red Lory

Doz. \$1.25

That much sought after rose-red color, almost the color of sunlight seen through a glass of burgundy wine. Red Lory is most popular, either for a vivid contrast in your garden or a beautiful effect in a bouquet.

Red Phipps

Doz. \$1.25

A striking red flower with vivid green foliage, suggesting the red and green of a Christmas wreath. A very brilliant effect for the garden, and equally good for cut flowers. The flower spike is long, with many open florets at one time.

Rima

Doz. \$1.50

A large, but withal dainty, pearly pink, Rima is for those gardeners who like pastel shades, and will undoubtedly become one of the most popular gladiolus that we list. Tall and stately with many florets opening at a time, Rima is an excellent exhibition or garden variety.

Rosa Van Lima

Doz. \$1.50

A tall growing spike with florets of a pleasing light rose with some darker lines in the white throat. Opens many well-placed florets to make an excellent showing in the garden.

Shirley Temple

Doz. \$1.50

A huge cream and white variety. When grown in the full sunlight, this gladiolus will make stalks that curve fantastically, but if planted in an area where it does not get too much sun, it will become one of the finest exhibition varieties of gladiolus.

Surfside

Doz. \$1.50

The well known new white which has taken many prizes in the New England shows. Surfside has beautifully ruffled white blooms with a slight pencil line in the throat. The large number of florets open at once distinguish this variety.

Miniature Gladiolus

Flowerfield presents a fine class of gladiolus, the Miniatures, little beauties that have a gentle grace and charm all their own. These little hybrids are unexcelled for use in cut-flower arrangements. The flower stalks are slender, gracefully curved, seldom reaching a height of more than 4 feet. The florets are well spaced along the flower head, and are of the "hooded" type, shyly hiding their lovely throats. Their colorings are most unusual and most beautiful.

Orange Butterfly

Three 40c, Doz. \$1.25

A pure orange-colored primulinus gladiolus that is noted for its shape. The two upper petals extend so far on either side as to give the appearance of butterfly wings.

The Orchid

Three 50c, Doz. \$1.75

Possibly the most beautiful of all the miniature-flowered gladiolus. The Orchid is a white flower lightly traced and suffused with light orchid-pink. The florets are delicately ruffled, adding to the beauty of this extremely delicate looking flower. A really beautiful thing.

Tweedledum

Three 75c, Doz. \$2.50

A bicolored primulinus gladiolus of extreme beauty. The florets are beautiful warm ruby-red turning to deep yellow at the throat. The two outside lower petals are yellow with an edge of ruby, giving a very remarkable pansy-like look to this extremely pretty flower.

White Butterfly

Three 45c, Doz. \$1.50

Similar in form and shape to Orange Butterfly and having, like that variety, the appearance of a delicate butterfly. The color, of course, is white, being a pure pristine white of great value for cut flower arrangements.

Mixed Miniatures

Doz. \$1.50

An outstanding mixture of these fascinating little beauties. The above and many other named varieties are carefully blended into a superb assortment of the finest caliber.

BEACON

EACH ONE IS THE FINEST MEDIUM-PRICED

AVE MARIA

Doz. \$1.50

The lovely soft blue florets have a deep red-purple throat and a most graceful form. The color and substance are such that this is one of the best of the light blue varieties of gladiolus. It is an ideal cut flower and equally good in the garden.

BAGDAD

Doz. \$1.25

One of the most outstanding gladiolus in the "smoky" class. The perfectly huge flowers flare wide open, almost crowding each other on the stiff tall stem. The color is difficult to describe, but is well shown by the picture below. A strong sturdy grower, Bagdad has one of the strongest stalks of all gladiolus. It is ideal as a cut flower, or in the garden, where it grows sturdily without staking.

BEACON

Doz. \$1.50

A new variety that is a scion of the healthy Picardy strain. Beacon has many of the same growing traits as Picardy, which is perhaps as good a recommendation as can be made of any gladiolus, the spikes being very tall and carrying many large florets open at a time. Beacon is a most sturdy gladiolus with a striking color scheme, as illustrated.

MAID OF ORLEANS

Doz. \$1.50

This is a fine all-around white, particularly adapted to cut flower purposes. A soft cream shade in the center tends to turn pure white on the outer edges of the petals. The florets are well shaped and particularly well arranged on the long flower head. This variety is long lasting when cut, making it ideal for arrangements.

MINUET

Doz. \$1.35

The standard orchid-pink gladiolus so well known as a cut flower at your local florist. As many as 8 florets are open at once, almost crowding each other on the long, stiff, straight spikes. An ideal cut flower, lasting a long time after cutting.

MYRNA

Doz. \$2.00

In spite of their huge size, the florets of this most beautiful flower are gracefully placed on a strong stalk that is tall and erect, glistening white with just a faint suggestion of cream deepening in the throat, where it assumes an almost greenish cast. Myrna is one of the best new gladiolus and has won many prizes on the exhibition tables as the finest new white.

WANDA

PICARDY

REWI FALLU

"Garden Champions" GLADIOLUS

VARIETY IN ITS COLOR RANGE

PEGGY LOU

Doz. \$1.50

A lovely deep pink glad of almost perfect form and substance. The florets are large and of fine texture, standing up well as a cut flower. Above all, Peggy Lou is sturdy, with a tall, thick, strong spike to hold its long flower head firmly.

PICARDY

Doz. \$1.50

Unless and until some of the newer gladiolus are as popular and as worthy, Picardy is and will be the gladiolus. Almost too well known to describe, Picardy is a lovely pink flower shown below and is to be seen wherever gladiolus are exhibited, be it at the Flower Show or at the Flower Shop. Grown from our huge and healthy bulbs we know that you can have the finest gladiolus in your garden when you grow Picardy. A superb variety whose spike is always straight, erect, and carries many florets open at a time.

REWI FALLU

Doz. \$1.75

Huge and red, this gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for its Maori hybridizer, Rewi Fallu is one of the finest dark reds known, an ideal variety for garden or cut flower use. Even the very topmost bud opens into a flower of very large size. There is nothing finer in the darker red class.

ROCKET

Doz. \$1.50

A most vivid scarlet of fine proportions. The large florets are perfectly placed on its excellent spike. It is probably the best scarlet of all, certainly the best in its price class. Not the least of its many advantages is that from 7 to 8 florets open at once, giving a wonderful splash of color in the garden.

VAGABOND PRINCE

Doz. \$1.50

One of the most striking gladiolus for cut flower arrangements that has yet been hybridized. Vagabond Prince is a deep mahogany-colored flower, livened by a garnet shield in the throat, and across the lower petals. The substance is similar to that of Picardy, having the stiffness of that most worth-while variety. The spikes are strong, sturdy, and straight, carrying many florets open at a time. Vagabond Prince is an ideal color for indoor cut flowers for it blends into surroundings where no other color will serve.

WANDA

Doz. \$1.50

Wanda was found in a field of Picardy—a sport of that sturdiest of all gladiolus. Its color, a lovely cream-yellow, is one of the most useful and beautiful in the garden or the cut flower bowl. Wanda is doubly welcome, since there have been, until Wanda, no satisfactory large-flowered yellow gladiolus. We honestly believe that Wanda is one of the finest gladiolus ever introduced.

Flowerfield Matched-Mates

Inspired by the beauty inherent in all bulbs, Flowerfield offers you a new thought in garden combinations—our **Matched-Mates**, gladiolus and dahlias. Planted at the same time, they will bloom together, Matched-Mates because these gladiolus and dahlias are exactly alike in tone and color. The contrast between the stately flower spike of the gladiolus and the majestic globular head of the dahlia creates an artistic complementary balance unsurpassed in the garden or for arrangements in the home.

Certain of the combinations of gladiolus and dahlias are so beautifully and perfectly matched that we list them as group offers to simplify your purchase. The gladiolus in these cases should not be planted before mid-June so that they will bloom when the dahlias are at their best in September. For best results we recommend 10 gladiolus to each dahlia.

WHITE MATCHED-MATES

MINIATURE DAHLIA, Snowsprite Each 75c
Artistically shaped flowers of glistening snow-white, on perfect stems. It is unquestionably one of the best miniatures grown. Blooms are of fine consistent form and are held boldly above the foliage in marked profusion.

GLADIOLUS, Polar Ice Ten \$1.25
So white that it is almost a blue-white, like the snow on top of a high mountain, or like the polar ice for which it is named. The florets are extra-large and very well arranged.

RED MATCHED MATES

DAHLIA, James Kirby Each 50c
A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight, and make it an excellent cut flower.

GLADIOLUS, American Commander Ten \$1.40
A fine dark scarlet-red without any morking or blotches, a sturdy consistent grower, which has made a great name for itself.

1 Dahlia, 10 Gladiolus for \$1.65

PINK MATCHED-MATES

DAHLIA, Elizabeth Pape Each 75c
The best and most artistic miniature cactus dahlia, growing on strong bushy plants. Its cream heart and nicely whorled pink petals give it a distinction achieved by few.

GLADIOLUS, Picardy Ten \$1.25
One of the finest pink gladiolus and one of the most popular flowers ever hybridized. The cream throat sets off the lovely pink petals, and matches the cream heart of dahlia Elizabeth Pape. Illustrated on page 20.

Perennials

PERMANENT FRAMEWORK OF THE GARDEN

Hardy plants create for you, color for the home landscape, essential effects and high lights for borders and flower beds. Around them can be arranged all the innumerable variations that make gardening a delight. Each year new arrangements may follow the trend of times, the newest of flower fashions, and one's own urge to experiment and explore. When the two are skillfully blended, then you have a garden.

TROUBLE FREE—LAVISH OF BLOOM

No constant replanting is necessary. Set each sturdy perennial in its own citadel, and it will defy all the hazards of Nature. Then, year after year, they will clothe your garden with a many-hued coat of color. Some of them will be stately and dignified, others shy and retiring, and many more will smile and smile, just to gladden your heart. Choose them for their best use and they will reward you tenfold.

AQUILEGIA - Columbine

Excellent for sunny locations, or in combinations with other perennials, and for partial shade, where one has few really bright, abundantly flowering perennials. Soil should be good and with a rich humus content. Best grown in clumps of three or more. Flowers in May and June, growing 3 to 4 feet in height. Order before April 10th for spring delivery.

Chrysantha Three \$1.25, Doz. \$4.00
Bright golden yellow. Has an unusually long flowering period, two months or more.

Chrysantha alba Three \$1.25, Doz. \$4.00
Pure white form of the above.

Coerulea Three \$1.25, Doz. \$4.00
Famous Rocky Mountain columbine, of intense dark blue. Spurs are of moderate length.

Crimson Star Three \$1.50, Doz. \$5.00
One of the finest varieties for the garden. The blooms are huge, with pure white centers set off by crimson edging and long spurs. Unusually robust in growth, and very free blooming.

Scott Elliott Long-Spurred Hybrids Three \$1.35, Doz. \$4.50

A really wonderful strain of the finest long-spurred type. The colors range through every conceivable shade. There are pastel tones, and rich, bright colors. Plants are vigorous in growth and bear a wonderful crop of flowers.

HARDY CHRYSANTHEMUMS

In offering chrysanthemums, we have selected the best new hybrids, and the most rugged and sturdy of the older varieties. The color range is comprehensive, including bright, warm colors that add glow to the autumn garden, light pastel shades for cutting, and russet and bronze tones, without which fall is not complete.

All are of easy culture, and if planted this spring, will give you huge clumps of bloom beginning in September and continuing until hard frost. For best results, plant your mums in a slightly elevated, well-drained spot. We ship heavy-rooted pot plants—they give the finest results.

LARGE-FLOWERED HARDY MUMS

Agnes Selkirk Clark

Each 40c, Doz. \$4.00

Shown in picture at right, this is a fine autumn shade reminding one of Halloween, Thanksgiving and all the good things of the fall.

Avalanche

Each 75c, Doz. \$7.50

Possibly the finest white chrysanthemum for the garden. Very large, double, pure white blossoms are carried on well-branched sprays. It flowers in late September, so will be particularly valuable where early frosts are frequent.

Burgundy

Each 50c, Doz. \$5.00

The color of Burgundy wine, this beautiful double flower is one of the very best of the new mums. The stems are well branched, giving a fine profusion of flowers for picking.

Caliph

Each 45c, Doz. \$4.50

A fine dark red. Best described by its picture at right.

Daphne

Each 40c, Doz. \$4.00

A fine daphne-pink. Illustrated at the right.

Early Wonder

Each 50c, Doz. \$5.00

One of the most floriferous of all the early mums; extremely heavy clusters of fine white flowers virtually covering the plant. A little extra potash will help this fellow carry his heavy load of blooms!

Ember

Each 45c, Doz. \$4.50

The color of Ember is best described in the picture at the right. The plants are well covered with these glowing blooms. Korean.

Eugene Wander

Each 55c, Doz. \$5.50

A fine big yellow that in many ways is the equal of King Midas, but a deeper yellow. The flowers are finely formed, but very large, sometimes quite weighing down the stalks.

Indian Summer

Each 40c, Doz. \$4.00

A fine tawny orange illustrated at right. A tall variety, may be used to advantage back of the lower growing cushion mums.

Jean Cumming

Each 75c, Doz. \$7.50

Without question, the standard white variety. Pure white, just a touch of cream in the center lights the fully double petals. Pictured at right, it is a necessary complement to the darker shades.

King Midas

Each 50c, Doz. \$5.00

There are very few chrysanthemums that can compare with King Midas. The illustration at right does not do this particular flower full justice, for it is one of the largest and brightest of the yellows. It lasts longer than almost any other mum we know, and it is ideal for cutting, being tall and well-branched, and quite covered with bloom. Finally, it is of the desirable hardy Korean type.

Lavender Lady

Each 50c, Doz. \$5.00

The best known of the new chrysanthemums, Lavender Lady is particularly prized for use in arrangements where the soft lavender tone shown in the picture at right combines beautifully with almost any other garden subject. Lavender Lady, like King Midas, has the advantage of an extremely long flowering season.

Mrs. Pierre S. Dupont III

Each 50c, Doz. \$5.00

A soft, delicate peach. This fine new mum has a luminous sheen to its flower that quite sets it apart from others. The large, full, perfectly formed flowers are carried on tall branching stems, making a stunning 2½-ft. plant.

EARLY FLOWERS

We offer here an outstanding color of bloom that is a "must have" in of bloom from early September on. Besides being the show spot of your flowers for your table decorations.

EACH KIND

\$4.95

Mme. Chiang Kai-Shek

Each \$1.00, Doz. \$10.00

A magnificent plant, in full flower in late September. The flowers are exceptionally well formed, fully double, composed of stiff petals able to withstand hard weather. The color is brilliant orange-yellow, a standout autumn shade for your September garden. Patented.

Northland Christina

Each 75c, Doz. \$7.50

Ordinarily, visitors to the farm prefer the double mums. Yet the single Northland Christina took top honors of all an mums here at Flowerfield. Small wonder really, for it is truly beautiful. The petals of this 4-inch flower are a glowing fuchsia in beautiful contrast to the sunny center. Added to its beauty are such attributes as extreme hardiness and an unmatched habit of growth.

Pale Moon

Each 55c, Doz. \$5.50

As the picture at left shows, one of the finest and brightest very light cream-colored mums. Excellent for arrangements or the garden.

Peach Blow

Each 50c, Doz. \$5.00

A single mum of much merit, in a peachy tone that looks well in any garden. When in bloom the 4-ft. plant is virtually covered with blooms, all the way down to the ground.

Red Velvet

Each 50c, Doz. \$5.00

Shapely, fully double flowers of velvety crimson. The foliage is particularly dark, attractive in itself long before flowering. A fine new addition to the red class.

Sequoia

Each 40c, Doz. \$4.00

A dusty yellow double variety much the same color as fall-turned maple leaves; beautiful to combine in the home with such autumn material.

Symphony

Each 50c, Doz. \$5.00

An unusual bicolored mum best described by its picture at left. A well-liked variety of mum.

The Moor

Each 50c, Doz. \$5.00

Probably the best red double chrysanthemum we have. The Moor, an even more brilliant red than shown in the picture at left, is one of the very best of the dark colored chrysanthemums. Korean.

BUTTON CHRYSANTHEMUMS

These little fellows with their definite, pure colors, provide just the right piquant note for contrast with the larger varieties. Fine, shapely plants in the garden, good for cutting and "made to order" for boutonnieres.

Early Bronze

Each 40c, Doz. \$4.00

Pure golden bronze flowers of medium size, double and gracefully rounded. Desirable because of its early flowering and because the plants are simply covered with these fine pompon flowers.

Elfin

Each 50c, Doz. \$5.00

Shown in the picture at left, Elfin is one of the best of the pompons. Being extremely floriferous, the well-branched plant is simply covered with these fine miniature flowers.

Judith Anderson

Each 50c, Doz. \$5.00

Glistening yellow pompon flowers, about 1 to 1½ inches across, just made to order for boutonnieres. A wealth of bloom for six weeks or more. The foliage is dark green, contrasting with the bright flowers, which are clustered in tight masses atop the sturdy plants.

Ruby Pompon

Each 50c, Doz. \$5.00

The best red chrysanthemum in any class, big or little. Ruby Pompon is the brilliant color its name implies, and has by far the most flowers of the red mums. Grows only to medium height (2 to 3 ft.), and is a "must" if you want red.

SPOON CHRYSANTHEMUMS

An unusual novelty and quite the newest type of mum. Flowers are full sized but the petals are tubular and the tip of each flares into a distinct spoon shape. Spoon mums are particularly adapted for startling effects, whether in the garden or in cut flower arrangements. The long, spiky petals seem almost to burst from the center of these distinctive flowers. The plants are well branched and very floriferous. Especially recommended for gardens that enjoy a long, late fall, allowing full development of these October flowers.

White Spoon

Each 50c, Doz. \$5.00

Fine double flowers, the center a mass of quills. The spoons are small, the tubular petals standing out stiff and straight. The center is cream-yellow, the outer petals pure white.

Yellow Spoon

Each 50c, Doz. \$5.00

Pure lemon-yellow "stars" are these fully double beauties. This is the best of the spoon mums for garden display since they are of solid hue.

Pink Spoon

Each 65c, Doz. \$6.50

A lovely novelty. The flowers are a fine pure pink, single in form with very large "spoons" at the end of each petal.

SHASTA DAISY, ESTHER REED

Shasta Daisies

Extremely popular and widely grown for their abundant production of pure white daisy-like flowers during the summer months. Require a deep, rich soil and sunny location. They can remain in one spot indefinitely without attention.

Alaska Three \$1.25, Doz. \$4.00
Handsome, large, single flowers in June and July. One of the best of the single-flowered types of chrysanthemum maximum.

Marconi Three \$1.50, Doz. \$5.00
New form of the Shasta daisy. Golden centers, surrounded by raylike, tubular petals, giving the entire flower a graceful, frilled effect. Flowers measure 3½ inches across, with stems 2 feet tall.

Esther Reed Three \$2.00, Doz. \$6.50
The finest double Shasta daisy, and probably one of the best perennials, ideally suited for cut flowers. Now widely grown by florists for that purpose. Flowers are pure white, fully double, with a heavy, slightly tufted center. Grows to a height of 18 inches.

SHASTA DAISY, MARCONI

COMPACT MUMS for edging

Beauty in the October garden is considered the realm of the large chrysanthemums. Their gorgeous colors, striking flowers and majestic poise establishes them as the kings. But if they are the kings, then the crown princes are the compact growing mums for edging listed below. Half cushion, half pompon, they retain the better characteristics of each; the fullness of form of the cushion, the perfection of bloom of the pompons. Try them, not as single plants, but as a row of all one color to border your evergreens or edge your flowering beds. Their mass effect is wonderful, and by careful picking, plenty can be carried inside for house decoration without in the least disturbing the display of garden bloom.

Autumn Lights

Three \$1.50, Doz. \$5.00

A glowing coppery bronze so suggestive of autumn. Rather low growing (18 to 24 inches), and well covered with blooms, excellent for border use. Most permanent of all bronzes, and need not be disturbed for several years.

Cydonia

Three \$1.35, Doz. \$4.50

An excellent mum, sturdy and masculine looking. The color is an eye-catching terra cotta. Try this as a border plant. It is low growing, well branched, and makes a wonderful display.

Lavender Lassie

Three \$1.50, Doz. \$5.00

Perhaps the utmost praise for this beauty is to say it is a miniature Lavender Lady. The color is exactly that same lovely lavender-pink, but the flower is pompon in form, and the plant low and spreading like the cushion types. It is a fine addition to any mum garden and a "must" for yours.

September Bronze

Three \$1.50, Doz. \$5.00

The warm bronze tints of autumn are beautifully reflected in the shapeliest little pompon blossoms. Quantities of these beauties simply cover the plant from mid-September on till killing frost. The mass color effect is excellent, for the plant is uniformly attractive all through—there is no jaded appearance at any time. The most colorful early mum yet.

September Cloud

Three \$1.50, Doz. \$5.00

Deep drifts of beautifully rounded blossoms, purest white shading to faint primrose in the center, contrast beautifully with the dark green foliage. The plants are nicely rounded, compact and completely covered with flowers from mid-September until frost. The best white pompon.

September Gold

Three \$1.50, Doz. \$5.00

Brilliant golden yellow blossoms, trim and neat, twenty-five or more to a spray, completely cover the shapely, well-rounded plants by mid-September and go on and on until the season's end. Colorful mounds, 18 inches in height—much wider—the first season. Immensely prolific and somewhat earlier in succeeding years. A real advance.

SEPTEMBER BRONZE

SEPTEMBER CLOUD

SEPTEMBER GOLD

CUSHION CHRYSANTHEMUMS

First brought into prominence a few years ago, this class of dwarf spreading mums is today extremely popular. The plants grow only to a height of 12 to 15 inches but spread as much as 2 feet across, forming solid mounds so completely covered with flowers that the foliage is entirely hidden, usually having a thousand flowers on a single established plant. These plants begin to bloom in August and continue until hard frost. They are unexcelled for edging or low borders.

Ace Cushion

Each 50c, Doz. \$5.00

Best of all Cushion mums. Brilliant sun-yellow flowers in greatest profusion. The picture below is definitely not exaggerated. Used as a ribbon border, they will excite gasps of admiration from your friends.

Amelia Cushion

Each 50c, Doz. \$5.00

The original Cushion mum, still one of the best. Lovely pink blooms form a mound of rich color. Hardy and very early.

Golden Cushion

Each 50c, Doz. \$5.00

Golden yellow, tipped bronze blossoms.

King Cushion

Each 50c, Doz. \$5.00

Varying shades of tawny bronze and copper, completely autumn-like. A row of these is magnificent.

Queen Cushion

Each 50c, Doz. \$5.00

The white Cushion, flesh colored upon opening, quickly turning to a clear white. A bright spot in any garden.

Dean Kay

Each 50c, Doz. \$5.00

One of the very hardiest of all mums, Dean Kay has successfully survived Minnesota winters and is ideal for our colder states. The flowers are deep pink, almost lavender, and are almost double. Not as good as the true Cushion mums, but useful in extremely cold climates.

Marjorie Mills

Each 50c, Doz. \$5.00

Deep crimson when opening, shaded burnished chestnut in full bloom and later becoming suffused with rose and bronze tints. A new introduction, closest to a red Cushion so far.

Santa Claus

Each 50c, Doz. \$5.00

This fine Cushion mum, illustrated on our back cover, is one of the most popular plants we offer. The nearest approach to a real red in the flower-covered Cushion type chrysanthemum, it is truly stunning bordering your evergreen plantings in late September.

ANEMONE - Windflower

One of our finest fall flowers, blooming in September and continuing all through October. They like a well-drained soil, but should have abundant moisture through the hot summer months. An individual plant will grow 2 to 3 feet high and give immense quantities of flowers. Best planted in full sun, though they will grow in light shade.

Marie Manchard

Three \$1.75, Doz. \$6.00

A beautiful semi-double white; early flowering. Profuse bloomer.

September Charm

Three \$1.75, Doz. \$6.00

One of the earliest and best varieties. Beginning in mid-September it carries many flowers of moderate size of delicate silvery pink, darker on the reverse. Grows 2 feet high. Few flowers have the relaxed grace of this beauty.

DORONICUM CAUCASICUM

The single, open flowers are of pure yellow, invaluable for cutting, and particularly desirable because of their early spring flowering habit. The foliage is large and heart-shaped. It does well in heavy, moist soils, and is perfectly at home whether in shade and among trees, or in bright sunlight. Excellent with tulips.

DICENTRA SPECTABILIS

GIANT SHIRLEY DIGITALIS

This is the biennial form of Foxglove and strikingly beautiful. Their beauty is further enhanced by spots and markings on the lower part of the pendulous bell-shaped flowers. They grow 4 feet or more tall, with flower spikes measuring as much as 3 feet, with the widest variety of color, including chocolate, rose, white, shell-pink, attractively marked.

Three \$1.35, Doz. \$4.50

Ordinarily

We are glad to handle your orders, however small, but this year, due to limited man power, we must ask that you order in not less than the minimum quantities listed.

Also

Perennial plants and cacti (pages 23 to 48) will not survive return and re-shipment; therefore, please enclose full remittance. C.O.D.'s will be gladly accepted for bulbs and tubers, as they are completely dormant at time of shipment.

DICENTRA - Bleeding Heart

One of the most useful plants for the spring garden, dicentra is noted for its beauty when grown in a shady spot, yet is outstanding for combining with such sun-lovers as peonies, or the early varieties of hemerocallis. For sheer grace, few plants can equal either of these beauties. Flowerfield has long specialized in growing and selling bleeding heart, for we know of few more satisfactory garden plants. One of the best features of the dicentras is their attractive, finely-cut foliage, decorative in the garden even when the plants are not in bloom.

Both spectabilis and eximia types do best in the partially shaded border, even in the woodland garden. Yet they thrive in the full sun, also.

Eximia (Plummy Bleeding Heart)

Three \$1.50, Doz. \$5.00

Compact, foot and one-half bushes with beautiful finely-cut dark green foliage, simply covered with showy racemes of pretty pink flowers throughout the season. It is one of those plants for which no one can say too much. It is at home in full sun or full shade. It is perfectly hardy; and it is at all times decorative.

Spectabilis

Each 65c, Doz. \$6.50

The commonly known bleeding heart. Long a favorite, this versatile plant is equally at home in sun or shade, or even in the greenhouse, where it forces quickly and easily. The plants are large, 2 to 3 feet tall and often spreading 4 or 5 feet. They bloom with the peonies, combining with them beautifully. The long, showy racemes of heart-shaped flowers and the ever-attached foliage make this one of the most decorative, most useful plants of all springtime.

DICENTRA EXIMIA

CLIMAX

BEECHWOOD
CHALLENGER

HARRINGTON'S
PINK

Hardy Asters

Invaluable fall flowers, blooming between the last of the summer perennials and the late fall chrysanthemums. Since different varieties range in height from 1 to 5 feet, they may be used at the edge, center, or background of borders. They grow in any kind of soil, and persist without attention for years.

Beechwood Challenger Three \$1.50, Doz. \$5.00
Free-flowering, of medium height, and brilliant crimson-red color. 3 to 4 feet. Undoubtedly today's finest red aster.

Climax Three \$1.50, Doz. \$5.00
One of the best and showiest, with large spikes of light lavender-blue flowers. Grows to 5 feet.

Harrington's Pink Three \$1.50, Doz. \$5.00
One of the finest of the fall asters, and the only one that is really a pure pink in color. The plants are shapely in habit, growing about 3½ feet tall. Great sprays of blooms are carried, with individual florets of large size, suitable for cutting.

Mt. Everest Three \$1.35, Doz. \$4.50
By far the finest and best white. Flowers are large, pure white, with a very small eye. In growth the plants are shapely, with the flowers carried right down to the ground. Height, 3 to 4 feet.

Royal Blue Three \$1.50, Doz. \$5.00
The deepest and best blue; a good strong grower that blooms quite early. Medium height (about 3 feet).

ROYAL BLUE

VIOLETTA

Frikarti, Wonder of Staffa Three \$1.75, Doz. \$6.00
The most useful of all hardy asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2½ inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants grow about 3 feet high and about 2 feet broad. Plant on high, well-drained soil. They do not like low-lying locations or heavy soil.

Violetta Three \$1.75, Doz. \$6.00
The picture describes this lovely aster. If this is what you want in an aster, Violetta will supply your needs. The bush pictured is about 2 feet high. It is truly in a class by itself.

Hemerocallis Magnificent Hybrid Daylilies

The modern daylily offers a delightful addition to the garden. The older forms are well-known and wide-spread, both in gardens, and in the wild, where some types have escaped and formed great beds. All of them have beautiful, large, lily-like, trumpet flowers. The new hybrids have been developed to the extent that they produce more flowers to the stem than any other common plant, in colors ranging from the palest yellow to pinkish apricot through to deep orange-red.

Because the daylily thrives in full sun or part shade, they are suited to either border use or when planted as a low hedge close to the house, along the driveway, or spotted in with the low growing foundation planting. Once planted, they require practically no further care, growing in any kind of soil in any section of the country. They are completely hardy, and are suited either to full sun or partial shade. *Hemerocallis* combine beautifully with such varied subjects as iris, peonies and many other plants by simply selecting varieties of appropriate blooming season.

CINNABAR Three \$1.50, Doz. \$5.00
Gorgeous blooms with a reddish east. The tawny flowers are overlaid with coppery red markings and a have a dark red throat. It is truly lovely in contrast with the pale yellow varieties. Blooms in mid-June and grows 3 1/2 feet tall.

GEORGE YELD Three \$1.50, Doz. \$5.00
A lovely bicolor, soft warm yellow with light red markings. Very striking planted as a specimen in light shade where the foundation plantings taper off. Blooms in late July. Height 3 1/2 feet.

GOLD DUST Three 95c, Doz. \$3.25
The harbinger of the daylily family, Gold Dust blooms in early May with clusters of golden yellow trumpets. Most desirable in the foreground. Height 1 1/2 feet.

HYPERION Each \$1.00, Doz. \$11.00
Acknowledged to be the finest *hemerocallis* that is now obtainable at a moderate price. The flowers are fine citron-yellow, of large size, and long trumpet form, produced in great numbers on strong stems about 40 inches tall. Vigorous in growth, a single plant will soon make a strong clump. Hyperion is persistent in bloom through July and August, with a few flowers often appearing as late as Labor Day. Illustrated.

J. A. CRAWFORD Three \$1.35, Doz. \$4.50
A lovely clear warm yellow with slightly fluted petals. The strong stems carry many buds in widely branched flower heads. A wonderful variety for the border. It looks especially well in light shade. Blooms in late May and early June. Height 2 1/2 to 3 feet.

KWANSO FLORE-PLENO Three \$1.35, Doz. \$4.50
This really different variety is unique among daylilies. Its double petalage makes up full-centered blooms of rich golden bronze, in marked contrast with the usual open trumpet flowers one expects in daylilies. Blooms in July and August, 3 feet high.

OLIF Three \$1.35, Doz. \$4.50
Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture is excellent. Olif blooms in July and grows over 3 feet tall.

OPHIR Each 75c, Doz. \$7.50
Large clusters of deep yellow trumpet-shaped flowers, 25 or more to a stem. An American introduction which has had the distinction of receiving an Award of Merit from the Royal Horticultural Society of England. Only because we have a large stock of this variety are we able to offer it at such an inexpensive price.

KWANSO

ORANGE KING

Three \$1.35, Doz. \$4.50

July and August. A free blooming variety adapted to naturalized plantings where its abundance of bloom and strong growing habit enable it to establish readily. Clear orange flowers. 3½ to 4 feet tall.

THE GEM

Three \$1.25, Doz. \$4.00

July and August. Tall, with apricot lilies of excellent form. The flowers are carried high above the foliage on 4-foot stems. Excellent for cutting.

THUNBERGI (Lemon Lily)

Three \$1.25, Doz. \$4.00

One of the older types of hemerocallis still widely used in spite of the fact that the flowers are smaller in size than the newer Hybrids. Grows 4 to 5 feet tall, blooming in July, with clouds of pure pale yellow flowers. Excellent for massing.

PINK HEMEROCALLIS, CLARION

For many years hybridists have been striving to vary the colors of the sturdy Day Lily. With so much to offer in vigor, beauty of form, length of blooming period, resistance to disease and insects, and general usefulness, the Hemerocallis has lacked only color variation to become the most popular of all summer-blooming perennials. Now, Flowerfield is proud to introduce Clarion, first of a new race of colored Hemerocallis. Clarion is a lovely dusky pink, soft in tone and lovely to combine with pastel shades in your garden. Of fine form and sturdy growth, this new hybrid is the long-awaited answer to the need for soft tones in Hemerocallis.

RED HEMEROCALLIS, TOREADOR

Companion to Clarion above, this darker, bolder flower is ideal for light spaces where its dusky beauty may be displayed with the maximum of contrast. Try it, for instance, in the foreground of a mass of yellow Thunbergi. The lovely plants are of medium height (2½ to 3 feet) and are sturdy, strong and hardy. An unexcelled new hybrid introduction by Flowerfield.

MOONLIGHT WAVES

IRIS

Kaempferi

Totally different from other iris, the Kaempferi has an ethereal beauty that enthralls even the casual on-looker, impressing their image on the mind's eye so strongly that one can hardly bear to wait until they unveil their glory again next year. They are perfectly hardy and prefer spots that are too wet for many flowers, yet thrive in well-drained locations if only supplied with water. These ethereally beautiful iris come into bloom as the early spring flowers fade in June, continuing until mid-July.

TEN OUTSTANDING VARIETIES

BETTY JEAN CHILDS

Each 50c, Doz. \$5.00

The light falls are delicately veined with orchid, and tiny mulberry standards rise from the golden throat. One of the daintiest appearing of the Iris Kaempferi despite its height and the large size of the flower.

BLUE GIANT

Each 50c, Doz. \$5.00

Blue Giant is one of the largest Iris. The single petals measure nine inches across and its soft blue color makes it as beautiful as it is large. Perfect for mass planting, a particularly enchanting harmony of color is obtained when planted with Madonna Lilies. Pictured.

CARLTON CHILDS

Each 50c, Doz. \$5.00

A lovely soft pink-petalled single iris of fine stature and excellent habit, whose beauty is enhanced by dark veins of burgundy-wine in each petal. A "different" color to set off the rest of your iris garden.

CITY OF DREAMS

Each 50c, Doz. \$5.00

A late blooming variety, usually not in full bloom till July 10th, and doubly valuable therefore. The lovely large blooms are of richest royal blue, with a velvety texture that adds great luster. Being all one color, and that a striking one, this fine iris is one of the best for massing.

Dimooneathe

1 each \$2.50

3 each \$6.95

DIMOONEATHE Each \$1.50, Doz. \$15.00

A stunning new Flowerfield origination for 1945. The very large flower, often measuring eight inches or more across, is a lovely soft powder-blue as the picture shows. This is a tall variety of iris, three to four feet tall in usual garden conditions, and up to six feet tall in rich moist spots. Not very clearly shown in the picture are the extra petaloids, which seem to form a crest on top of the flower. New, different, and decidedly worth-while, Dimooneathe is by all criteria the finest light blue.

LA FAVORITE Each 50c, Doz. \$5.00

An exceptional double flower. The delicate blue-white color of the falls is faintly laced with fine purple veins, creating an effect of pure white at a distance. Its individual color blending is subtle beauty.

MELPOMENE Each 75c, Doz. \$7.50

Soft blue double flowers of extra large size and fine substance. This is a late bloomer, like City of Dreams, and is of medium height, with the blooms well above the foliage.

MOONLIGHT WAVES Each 65c, Doz. \$6.50

A large, early blooming white iris. Its double set of petals hang in luxurious folds from stately stems and form a perfect background for the coloring of your garden. It is best described by its picture at left.

MOUNTAIN GLACIER Each 65c, Doz. \$6.50

As its name implies, this large white iris subtly tinted with delicate shades of blue suggests the beauty of mountain ice fields. A profuse bloomer that will be the glory of your garden. A single iris, the form of Mountain Glacier is almost exactly like that of Blue Giant with which it combines magnificently. Pictured at right.

REPSIME Each 75c, Doz. \$7.50

Last to be listed and last to bloom is Repsime, but it certainly is far from least. The flowers are a beautiful azure-blue and are completely double. A variety of exceptional merit.

(Based on picture above.)

All 6 for \$2.75

VIOLA CORNUTA - Tufted Pansies

Hardy pansy-like perennials, extremely easy to grow. They flower just after the pansies and continue during the entire season. Provide them with good, rich, moist soil for finest bloom. No orders for spring delivery accepted after April 1st.

Apricot

Three \$1.25, Doz. \$4.00

A really rich orange-apricot shade, deepening to terra cotta at the center. The best in its color, particularly attractive when grouped next to some of its companions listed below.

Arkwright Ruby

Three \$1.35, Doz. \$4.50

Very large, ruby-colored flowers that bloom throughout the summer. A most beautiful and unusual color, seldom found in violas or other plants. Try it next to golden yellow—the contrast is lovely.

Golden Yellow

Three \$1.25, Doz. \$4.00

A very free flowering variety, produces rich golden yellow flowers all summer. Best in its color class.

White Perfection

Three \$1.25, Doz. \$4.00

Pure white blooms are borne in great profusion all through the summer. The best white and a necessary foil to the darker shades.

Mixed

Three \$1.25, Doz. \$4.00

A splendid assortment containing, in addition to the above colors, many others of varied shades and markings.

GAILLARDIA

One of the most reliable perennials; now, with the introduction of newer sorts, one of the best for cutting. Persists with little or no attention, surviving severe droughts that kill out other plants. Gay and bright, blooming from June to November. Give them full sunlight, and a light, well-drained soil.

Mr. Sherbrook

Three \$1.50, Doz. \$5.00

High rounded golden yellow centers, surrounded by broad petals of the same attractive color. Stems rise right from the base of the plant, and are straight and stiff. Cut constantly, and right down to the crown to encourage production of flowers.

Improved Hybrids

Three \$1.25, Doz. \$4.00

Here red, yellow, and innumerable and indescribable combinations of the two colors run riot, each flower possessing a character all its own.

GYPSOPHILA - Baby's Breath

Clouds of tiny pure white or light pink flowers, carried in light, open sprays. Ideal for fillers in bouquets, as well as cut and dried for winter use. A fine border plant. Give full sunlight and a light, well-drained soil. Set repens 8 inches apart, larger growing varieties 2 feet.

Bristol Fairy

Three \$2.00, Doz. \$6.95

Grown by home gardeners and florists because of its pure white, fully double florets. Blooms in July and continues throughout the summer. A wonderfully productive plant much prized for its heavy panicles of glistening white.

Pacifica

Three \$1.50, Doz. \$5.00

Clear pink flowers, freely produced, add greatly to the use of Baby's Breath. Gives an attractive pastel color for bouquets.

GEUM - Perennial Rose

Full double flowers, of distinctive cut flower quality, with stems of wiry nature. Geums form compact clumps with pretty pinnate foliage. Sunny locations and abundant moisture at all times are essential.

Fire Opal

Three \$1.50, Doz. \$5.00

Dazzling rich scarlet flowers with orange sheen from May until really cold weather in the fall. Huge flowers running 3 inches or more across on stems 2 feet tall. It should be in every garden.

Princess Juliana

Three \$1.50, Doz. \$5.00

Orange-yellow flowers often 3 to 3½ inches across on 2-foot stems from May until October. Forms sturdy clumps of foliage, qualifying as one of the best varieties for the garden.

GEUMS,
FIRE OPAL and
PRINCESS JULIANA

Delphiniums

Widely known and universally admired for their stately, handsome habit and unmatched beauty. Grown in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the first flowers are cut in June, secondary growth is secured with another crop of flowers in September.

In cooler parts of the country they do splendidly, growing especially well in coastal regions where cool summers prevail. Rich soil should be provided, with a generous quantity of manure. Full sunlight is essential.

Pacific Coast Hybrids

In size of flower, range of color, formation of blooms, and cut flower value, these are the finest strain of delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double, and finely formed. A variety of "eyes," some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues, through light tones, two-toned, pink shades, lavenders, to really deep blue.

Belladonna, Cliveden Beauty

Three \$1.35, Doz. \$4.50

Not to be confused with or used in place of the hybrid strains offered above. This sort is easily grown in almost any situation, succeeding in warm parts of the country where hybrids peter out. They grow about 3 feet in height, in one pure tone of clear light blue. Invaluable for cutting, and used extensively for that purpose. 3 feet. A fine improvement over Belladonna—larger, taller, more floriferous and of a brighter color.

Bellamosa

Three \$1.25, Doz. \$4.00

Identical in habit and size to Belladonna, but of a rich dark blue.

FLOWERFIELD EXHIBITION STRAIN DELPHINIUMS

An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Three \$1.50; Doz. \$5.00

FLOWERFIELD EXHIBITION STRAIN DELPHINIUMS

RUSSELL LUPINES

Far surpasses the older polyphyllus type, both in size, vigor and variety of color. Untold shades of self-colors and innumerable bicolors of the most striking combinations, never before seen in lupines. Spikes are large and robust, growing 3 to 5 feet tall. Especially recommended for the eastern part of the country, where these lovely perennials reach their fullest beauty.

Mixed Colors

Three \$1.50, Doz. \$5.00

HIBISCUS - Giant Mallow

Great robust growing perennials, that are almost shrublike in their vigor and reliability. Will do well in almost any location if given full sun. The flowers are huge, measuring 8 inches across, coming in attractive shades of red, white and pink. 5 feet.

Red Three \$1.50, Doz. \$5.00
Brilliant reds, outstanding in the garden.

Pink Three \$1.50, Doz. \$5.00
Light flesh-pinks, pure pinks and some deep pinks. The pink flowers tend to be largest of all hibiscus.

White Three \$1.50, Doz. \$5.00
Pure white, and many with attractive bright eyes.

Mixed Three \$1.35, Doz. \$4.50
All colors it is possible to find in hibiscus, including many with bright eyes and bicolored blooms.

HIBISCUS—GIANT MALLOW

flowerfield HARDY PHLOX

—The NECESSARY Perennial

Few other plants will grow so readily, require so little care, flower in so many different colors, for so long a time, and be so generally useful. Phlox bloom in late June and continue until fall, with great trusses of red, pink, white, bicolor and bluish lavender. Plant them in well-drained, deeply spaded soil, and enrich with Flowerfield Bulb Food, well-rotted manure, or even the chemical garden fertilizers. Planting may be done in fall or spring in a sunny border. Set the plants 10 inches apart; lift and divide every 3 or 4 years or they will become crowded, resulting in poor, small flowers. Never let plants go to seed, for if they do, the seedlings will crowd out the parents, and unfortunately, most of the seedlings will be an unpleasing carmine. Never water overhead, always keeping the blooms and foliage dry, letting the hose run slowly on the ground. This method of watering discourages mildew.

Atlanta Three \$1.50, Doz. \$5.00
The flower heads of this fine patented variety are immense, carried on 2½-ft. stems. The color is a pure white beautifully shaded at the center by a blue eye. A fine vigorous phlox. Patented.

Augusta Three \$1.50, Doz. \$5.00
A brilliant cherry-red, very intense and sparkling. The foliage is rich bronzy green. Another of the fine new patented phlox, one that, in its color class, bids fair to replace all others. Patented.

Caroline Vandenburg Three \$1.50, Doz. \$5.00
This phlox is the most attractive of the lavender shades; it is a true lavender-blue without the magenta shades peculiar to this section. Large, individual flowers.

Charles Curtis Three \$1.50, Doz. \$5.00
One of the newest and certainly one of the best phlox. Bright red as the picture shows, it is a spot of intense color for contrast in your garden.

Count Zeppelin Three \$1.45, Doz. \$4.75
Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free blooming. Considered the best of "calico" phlox.

Daily Sketch Three \$1.45, Doz. \$4.75
A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.

Ethel Pritchard Three \$1.45, Doz. \$4.75
One of the most popular of the so-called blue tones, though it is quite removed from the true blue. Exact color is a French mauve, that varies in shading with weather conditions.

Eva Foerster Three \$1.45, Doz. \$4.75
The picture very adequately describes this fine sturdy phlox. The white eye just seems to "set off" the bright carmine. Well-known, and well liked.

Katherine Three \$1.50, Doz. \$5.00
Without question our strain is the finest blue phlox to date, thus making Katherine indeed welcome to our gardens. The picture describes it better than any words can.

Leo Schlageter Three \$1.50, Doz. \$5.00
The best and most brilliant red phlox. Large scarlet blooms that seem to glow like fire. A fine sturdy grower, seldom bothered by disease or rust. Of splendid free-flowering habit, with large trusses on 3-foot stems.

Lillian Three \$1.50, Doz. \$5.00
Delicate cameo-pink, with faint blue eye, not found in any other variety. Lends itself to color schemes where no other variety will do. Throughout the summer the color is always the same, never taking on magenta tones.

Mary Louise Three \$1.50, Doz. \$5.00
A fine new pure white and the best in late-blooming kinds. Sturdy growth with large, conical heads of pure white. Unlike some of the older white phloxes, it blooms throughout the summer.

Miss Lingard Three \$1.35, Doz. \$4.50
Comes into bloom quite a bit earlier than other phloxes. Probably the oldest variety in our list but still one of the best whites. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.

Painted Lady Three \$1.45, Doz. \$4.75
Painted Lady is not as dark as she is painted—the picture is far too deep a pink. The actual color should be several shades lighter pink for the florets, although the eye is a splendidly contrasting deep red, whence the name, Painted Lady. An excellent, sturdy variety.

Orange Beauty Three \$1.75, Doz. \$6.00
A vivid orange-red, probably the best of the light red shades. The head is very globular in shape, heavy with tightly packed large florets.

Salmon Glow Three \$1.50, Doz. \$5.00
Lovely flame-pink, with a suffusion of cameo-orange, softened by lilac and white centers. An unusual color in phlox, the effect being delightful orange-pink.

Widar Three \$1.50, Doz. \$5.00
The violet florets have a clear white eye which create a most unusual effect. Of medium height and good habit.

FUNKIA GRANDIFLORA ALBA

The Plantain Lily - Funkia

Coerulea

Used in shaded locations and for edging. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow well anywhere.

Coerulea Variegata

A beautiful edging plant admired for its colorful foliage as much as for its fine lily-like blue flowers. The leaves are pure white, heavily marked with bright green.

Subcordata Grandiflora Alba

In August and September this has tall, lily-like stems with pure white trumpet flowers four inches or more in length. A fine addition to the garden. Excellent for use in shading the roots of Lily bulbs.

Mertensia - Virginia Blue Bells

Originally a woodland plant, but by reason of early and profuse flowering habit, just the thing for the garden. They grow in any kind of soil, very definitely prefer moisture and shade or semi-shade. They may be grown in more open positions, if one will water heavily during the summer. No orders for spring delivery accepted after April 1st.

Virginia

Three \$1.15, Doz. \$3.75

Large clusters of clear blue bells tinged with delicate pink, combining beautifully with the early spring bulbs or with Primulas. The latter is a particularly happy combination, for both are plants loving shade and moisture.

MERTENSIA

HARDY PRIMROSES - - Sturdy Beauties for Your Spring Garden

Probably the most colorful of our early spring flowering plants, succeeding best in dampness and shade. While the name primrose seems to suggest a delicate nature, the reverse is quite the case. They are perfectly hardy in the coldest climates, and live year after year, forming large clumps that divide easily. Ideal for naturalizing in shady woodland areas. Flower in May, about 8

inches tall and combine beautifully with the spring flowering bulbs such as Tulips and Narcissus of the Poeticus type. They are particularly attractive with Mertensia Virginia (shown above). No orders for spring delivery accepted after April 1st.

Auricula Alpina, Hybrids

Distinct because of its smooth foliage, with many two-taned flowers. Colors tend to pinks and deep shades not found in the more common Cowslip. Ideal for rock gardens, as it will succeed where it is dry.

Three \$1.45, Doz. \$4.50

Cashmeriana

Large heads of pleasing purple. Flowers are not flat like other Primulas, but are made up of small florets in tight globular heads.

Three \$1.50, Doz. \$5.00

Japonica

Abounds in rich colors from crimson to rose to almost white. Excellent for contrasting with true yellow Primroses. Needs moisture.

Three \$1.50, Doz. \$5.00

Veris Hybrids

Resembles the old-fashioned Cowslip, but in addition to yellow, contains a wide range of buff, orange, salmon and other rich tones.

Three \$1.45, Doz. \$4.50

Vulgaris

True old English Primrose with large, pale yellow flowers. The one most people know, and of widespread popularity.

Three \$1.35, Doz. \$4.25

FLOWERFIELD'S GIANTS

A magnificent strain of these lovely flowers in a splendid and comprehensive range of colors—pinks, yellows, lavenders and scarlets. Florets are wide open and large, with petals of velvety texture. Prettily crinkled foliage of a rich appealing green.

Three \$2.00, Doz. \$6.50

Shady Places

Hardy Orchids

These hardy cousins of the greenhouse orchids, though not so large, are fully their equal in grace and beauty. Their charm is greatly enhanced when planted in the shade, where surrounding greenery provides a cool, restful background for the colorful flowers. They like abundant moisture at all times.

Cypripedium acaule

Three \$1.75, Doz. \$6.00

Called the Red Lady's Slipper, though the color is really rosy purple, veined darker. The leaves are somewhat oval in shape, and often lie flat or close to the ground. Like all cypripediums, they delight in cold climates and hard winters. They bloom in May and June.

Cypripedium pubescens

Three \$1.75, Doz. \$6.00

(Yellow Lady's Slipper.) Large flowers of attractive pale yellow, borne on long stems atop whorls of somewhat twisted and narrow foliage, marked with veins.

Cypripedium spectabile

Three \$2.50, Doz. \$8.50

(Showy Lady's Slipper.) Flower stems run 1 to 2 feet in height with large rose-purple or pure white orchid blooms.

Orchis spectabilis

Three \$1.75, Doz. \$6.00

Called the Showy Orchid. Stems from 8 inches to a foot in height, with erect spikes carrying from 3 to 8 delightfully fragrant flowers of violet-purple, variegated with lighter purple and white. Truly an outdoor orchid with all the exotic beauty of its more tender brethren.

VIOLA,
ROYAL ROBE

Sweet-Scented Violets

Clumps of dark green, heart-shaped leaves, surmounted with sweetly scented violets. They grow in almost any soil, and in either sun or shade. Invaluable plants for shady place plantings and for the naturalized woodland. No orders for spring delivery accepted after April 1st.

Prince of Wales

Three \$1.35, Doz. \$4.50

A rich, deep purple, sweetly scented with large blooms. This best of the purple varieties flowers in May and usually again in the cool weeks of the fall. Height 6 inches.

Rosina

Three \$1.50, Doz. \$5.00

Deliciously fragrant flowers of pink or old rose. Not as large as the blue types, but usually flowers again for a long time in late autumn.

Royal Robe

Three \$1.75, Doz. \$6.00

This is a glorious variety, of a lustrous shade of deepest violet-blue, whose picture speaks for itself. The blossoms are moderately fragrant and open out flat like a pansy. A trial in your own garden will bear out all your fondest hopes. A few plants will furnish quantities of bloom on stems often 12 inches in length.

White Queen

Three \$1.50, Doz. \$5.00

The finest white violet, bearing large flowers high above the dense foliage. This variety is a necessary contrast to the deeper colors; it combines exceptionally well with any of the above.

The Finest of the BRAND NEW ROSES

Perhaps no other flower is as universally known and loved as the rose, for no other flower repays you more satisfyingly in exquisite garden loveliness. Our lists include the finest and hardiest of the modern everblooming hybrid teas, the floribundas opulent with bloom, and the best of the decorative climbing roses. They have been grown with expert care—come to you as mature plants, sturdy, completely disease free, ready to grace your garden with their bursts of pure beauty.

ANZAC

Each \$1.50, Doz. \$15.00

Buds heavy with furled petals open slowly, exposing the center group of still tightly clustered petals, the whole resembling a huge camellia in shape. The color is coral, washed gold; as the flower ages, those tones lighten and brighten toward clear yellow. A fine new rose.

CALIFORNIA

Each \$1.50, Doz. \$15.00

(Patented.) An All-America Rose Selection. The color is a glorious shade of yellow, made up of ruddy orange-toned saffron-yellow, with the exterior of the broad petals overlaid with saturn-rose—a dual tone effect of indescribable richness and beauty. Buds long and pointed, flowers of enormous size, reaching a diameter of five to six inches. Growth vigorous, with healthy, glossy green foliage. An outstandingly fine introduction from the state whase name it bears.

DOUGLAS MacARTHUR

Each \$1.50, Doz. \$15.00

A grand new rose, very vigorous, hardy and free-blooming. The strong bushes send up numerous shoots clothed with dark green, healthy foliage. As a flag unfurls, the long, graceful, tulip-shaped buds open slowly into glorious flowers of fine proportion. The color is a lovely soft pink on the salmon side. Outstanding in the garden.

HEART'S DESIRE

Each \$1.50, Doz. \$15.00

(Patented.) In this new Gold Medal variety you will find one of the most perfect red roses ever hybridized. If you have been looking for a fine bright crimson rose, this will be **your** Heart's Desire. This lovely rose was the All-America Rose Selection for 1941. It is one of the best roses offered today.

MME. CHIANG KAI-SHEK

For Early Birds!

We have a few each of the following superb new roses. They will not be in stock long, so order them early or not at all.

Apricot Queen	Each \$1.50
Charlotte Armstrong	Each \$1.50
Mary Margaret McBride	Each \$1.50
Pearl Harbor	Each \$1.50
Shangri-La	Each \$1.50

THE DOCTOR

MME. CHIANG KAI-SHEK

Each \$1.50, Doz. \$15.00

This was selected by judges as the finest rose for 1944. This exquisite beauty carries the perfect form, the delightful fragrance, and the sheer beauty that you would naturally expect from a rose so honored. The buds are long, spiral, opening very slowly. The growth is vigorous, and like all roses, it is a heavy feeder, rewarding you many times for a little extra nutrient. You will want the Mme. Chiang Kai-shek rose.

PINK DIAMOND

Each \$1.50, Doz. \$15.00

(Patented.) The finest new pink hybrid tea rose in recent years. The large, bright pink buds produced by this variety open a soft apple-blossom-pink, the center petals being darker and the outer almost bluish, giving intensity of color that is most attractive. The well-formed, very double blooms frequently measure 5 to 6 inches in diameter, and appear in the greatest profusion. The plants are sturdy, upright growing, decidedly resistant to disease. So good that Pink Diamond isn't merely "worth while"—it is a "must" in your garden of roses.

THE DOCTOR

Each \$1.50, Doz. \$15.00

This magnificent Howard & Smith rose is internationally recognized as one of the outstanding new roses. We regard this rose as one of the best, a variety which will be greatly sought after when better known. The buds are long and pointed, expand to a simply enormous bloom in their fully developed state. The color is an exquisite silvery pink, uniform in color both in bud and open flower, with a fragrance so intense that it can be detected many yards away. Feed this rose well and you will double the effect!

WILL ROGERS

Each \$1.25, Doz. \$12.50

(Patented.) The color is black, velvety crimson-maroon and is held till the last petal falls. Its fragrance is so intense that a few will scent a room with "Attar of Roses" fragrance. Strong and vigorous grower with dark green foliage retained throughout the season. The blooms are quite double with a beautifully ruffled petal arrangement in the open flower. Marvelously free in blooming qualities, bearing lavish quantities of flowers from April to the advent of following winter frosts. This rose, cut in early morning and placed in water, will keep in fine condition for five or six days and during this period dispel its most delightful fragrance.

HEART'S
DESIRE

Large-flowering Cluster Roses

These new polyantha roses are our choice for mass planting. Though the flowers are produced in the greatest abundance, the individual blooms also are of fine large size and excellent for cutting. They are one of the finest developments for the garden. They are uniform in height, 24 to 30 inches, and may be combined beautifully.

Cheerio Each \$1.25, Doz. \$12.50
Superb in every respect—a rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the superabundance of the brilliant double flowers borne in massive yet gracefully arranged flower clusters. The flower petals are clear mallow-pink shading to Tyrian rose at the base with the reverse a luminous rose-madder.

Pink Jewel Each \$1.00, Doz. \$10.00
A truly beautiful specimen rose plant, in a stunning shade of shimmering silvery pink. Few garden effects are as lovely as a hedge of this bloom-covered marvel. In June these plants are so blanketed with the lovely large double blooms that the foliage is almost completely hidden. Furthermore, they will continue to bloom all season long.

Red Velvet Each \$1.00, Doz. \$10.00
A spectacular red bedding rose covered with great masses of urn-shaped buds opening to well-rounded blooms with gracefully waved petal edges. The velvety finish of the flowers adds to the beauty and richness of the color. Best described by its picture. Vigorous and free blooming.

Sunmist Each \$1.25, Doz. \$12.50
Graceful, pointed buds opening into large, fluffy, well-rounded flowers of a clear light sulphur-yellow shading to mellow canary-yellow toward the base of the petals. Forms imposing large flower clusters. An outstanding bedding rose that gives a glorious effect, particularly if massed in beds or borders.

TREE ROSE,
POINSETTIA

MAJESTIC TREE OR

When properly grown no specimen garden plant is as beautiful or has as much appeal as a rose tree. It may be planted in the center of rose beds for special effects, or along driveways, in the formal garden, or even set as specimens in lawns. In any location they are most striking, blooming all summer long, from June until frost. Our plants are especially sturdy with heavy straight stems about 3½ feet in height.

The canes (trees) of our standard roses are budded on multiflora japonica stock producing tree roses which carry much better root system than any other tree roses we have ever seen.

NOTE.—All Tree Roses are shipped express collect.

K. A. Victoria Tree Rose Each \$5.75
A fine pure white of extreme beauty, undoubtedly the best white tree rose, noted for its numerous and perfectly formed long pointed buds and high centered flowers. A healthy sturdy plant.

Mme. Jos. Perraud Tree Rose Each \$5.50
For the favored garden where a yellow tree rose is desired, nothing can excel this fine variety. High aloft, this beautiful yellow rose blooms all the time, never being without some bloom from June until hard frost. Plants are bushy and well formed with glossy foliage.

Pink Dawn Tree Rose Each \$5.50
The combination of the tree rose form with one of the best of modern pink roses is one of the finest for your garden. The flowers are fine deep rose-pink, opening to a lighter pink. The blooms are quite fragrant, fully double and are held upright on long tall stems.

Poinsettia Tree Rose Each \$6.00
Truly a spot of fire in your garden, for the contrast between its bright green foliage and the brilliant poinsettia-scorlet flowers is exactly like that of the Christmas plant for which it is so aptly named. Other roses are as red but none have this intense brilliance of color.

Radiance Tree Rose Each \$5.50
This is one of the most satisfactory and heavy-blooming tree roses that has ever been grafted, unusually robust in growth, and of sturdy structure. The flowers are two-toned pink, light silvery rose inside and deeper outside, large, globular in shape, fragrant and beautiful.

Talisman Tree Rose Each \$5.50
Tree roses are used for accent points in the garden and none make so startling and beautiful an effect as the Talisman tree rose. The beautiful bushy plants carried three feet or more in the air on a strong sturdy tree, are covered with beautiful Talisman roses.

CLIMBING ROSE, NEW DAWN

flowerfield CLIMBING ROSES

These require no pruning in the spring except the cutting out of very old dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered. Prune severely in July, directly after they have finished blooming.

Dr. W. Van Fleet

Each \$1.00, Doz. \$10.00
Buds of rich flesh-pink open into flowers of just slightly lighter color, on stems that run 12 to 18 inches long. One of the few free-blooming climbing roses that may well be used for cutting

Mme. Gregoire Staechelín

Each \$1.00, Doz. \$10.00
While not quite a pure pink, Mme. Gregoire Staechelín is one of the finest varieties in that general color. Carmine buds open into large flowers of iridescent pearl-pink, splashed with carmine. A well-established plant in full bloom is a sight to behold.

New Dawn

Each \$1.50, Doz. \$15.00
(Patented.) Probably the finest climber ever hybridized, New Dawn is so good that it was the first plant ever to be registered with the United States Patent Office, as a plant patent. New Dawn is extremely floriferous, being covered with large flesh-pink double blooms in June and continuing to bloom through to the late fall.

Paul's Scarlet

Each \$1.00, Doz. \$10.00
We offer this as the most satisfactory red climbing rose today. A heavy, vigorous grower with enormous clusters of vivid scarlet flowers that never fade.

NEW HORVATH CLIMBERS

Doublons

Each \$1.50, Doz. \$15.00
(Patented.) A vigorous, pure yellow climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with great clusters of large golden blooms. Two crops of the double flowers are borne, six weeks apart, if the first spring blooms are not cut. We consider this far and away the best yellow climber.

Thor

Each \$2.50, Doz. \$25.00
A brilliant red climber with blooms the color of Crimson Glory. The flowers are very slow in unfolding, and when fully open measure 4 to 5 inches across. Although large, they are perfectly formed and just as large as those of a hybrid tea. Flowers are produced abundantly on unbending spur branches 12 to 18 inches long, holding the flowers in perfect position. Flowers have about 60 petals, and do not fade when fully open. Rich green abundant foliage that grows to a height of 8 to 10 feet. Very hardy. Indeed one of the best scarlet climbers to be introduced.

Etoile de Hollande Tree Rose

Each \$6.50

Here, in tree form, is one of the most popular of all red roses. Etoile de Hollande is noted for the smooth beauty of its blooms, brilliant crimson, yet with a velvety finish suggestive of a rare jewel. Fragrance is especially important in tree roses, for one need not bend to catch the beautiful rose scent. Etoile de Hollande is noted for its exquisite fragrance. In the half-open state this rose is probably the finest red rose of all.

Golden Dawn Tree Rose

Each \$5.50

Aptly described by its name, Golden Dawn bears rosy streaks on the tight bud, but opens like the sun after it surmounts the horizon; a gleaming, brilliant yellow. A compact grower, and a very floriferous type, particularly in September.

Los Angeles Tree Rose

Each \$5.50

A very large vigorous bush surmounts this rose tree, so allow it plenty of room, and give it some extra support. The bush is well covered with glorious flame-pink blooms of excellent form. A fine rose, especially well adapted for states south of New York.

Picture Tree Rose

Each \$5.75

Picture is one of the finest of pink roses. The plant is strong and vigorous, and produces one continuous burst of bloom after another, all through the season. The color is not the cool color of so many pinks, but has the warm salmon tones underlying it, to make the flower glow.

"Our Selection" Collection

Where several tree roses are to be planted, it is often unimportant just what varieties they are. To customers with this sort of problem and to help balance our stocks, we make the following special offer. Each collection will contain three distinctly different, carefully labeled varieties selected by us from the above list.

3 Tree Roses Named varieties, our selection **\$13.50**

NOTE.—All tree roses are shipped express collect.

CLIMBING ROSE, PAUL'S SCARLET

HYBRID TEA ROSES

The varieties we offer are all strong, 2-year, field-grown plants. They have been tried and found to be best in vigor, color, form and fragrance. They flower prolifically from June to frost and will give you many years of great satisfaction.

E. G. Hill Each \$1.00, Doz. \$10.00
Beautiful long buds of perfect form and fully double, high-centered flowers of dazzling scarlet, shading to a deeper red as they develop. Of strong, vigorous, free-flowering habit and among the best of all.

Etoile de Hollande Each \$1.00, Doz. \$10.00
Brilliant crimson flowers with velvety finish and especially fine fragrance. In the half-open state it is probably the finest red rose in the world. An exceptionally vigorous grower with unusually strong foliage.

Glowing Sunset Each \$1.25, Doz. \$12.50
(Patented.) An unusual shaped rose of very pleasing personality. The long bud opens slowly to fully doubled flowers, the inner petals of which are lengthened and twisted, giving an appearance very similar to a cactus dahlia. The plants are very sturdy. The color of the blooms is an exquisite blending of orange-yellow and rose-pink.

GLOWING
SUNSET

Mme. Jules Bouche Each \$1.25, Doz. \$12.50
Perfectly formed, long pointed buds and high-centered flowers of pure white with a slight pink tint in the center when the flowers first open. Moderately fragrant. Healthy plants, always in bloom. Considered by many to be the finest white rose.

Mrs. E. P. Thom Each \$1.00, Doz. \$10.00
Slender yellow buds and large, well-shaped blooms of bright canary-yellow, deepest in center. This variety is the freest bloomer of all the yellows. It is still unexcelled for garden display.

Mrs. Pierre S. DuPont Each \$1.00, Doz. \$10.00
A yellow rose which blooms all the time and supplies good flowers. Nicely formed buds and double flowers of rich red-gold, almost orange in the depths. Plants are bushy, with attractive glossy foliage.

Picture Each \$1.00, Doz. \$10.00
One of the finest pink roses on the list. The plant is extra strong and vigorous, with blooms all season long. Every bud is perfectly formed and there are plenty of petals so that the flowers are substantial and long-lasting. The color is underlaid with warm salmon to make the color glow.

Poinsettia Each \$1.00, Doz. \$10.00
Never was a rose more splendidly named. The contrast between its bright green foliage and brilliant poinsettia-scarlet flowers is exactly like that of the Christmas plant for which it is named. Other roses are as red but none have the intense brilliance and color of Poinsettia. Buds are long and pointed, making excellent cut flowers.

President Herbert Hoover Each \$1.00, Doz. \$10.00
A sturdy garden rose we cannot recommend too highly. Upright grower, reaching a height of 3 feet or more with long straight stems. Flowers are a charming combination of cerise-pink, flame-scarlet and yellow. Very fragrant and free flowering.

President Macia Each \$1.25, Doz. \$12.50
Imagine the longest rosebuds you ever saw, of a lovely pearly pink, marked with heavy veins of darker pink, each of the perfect buds on a splendid stem for cutting. This is President Macia. These lovely buds open to great billowy blooms nearly 5 inches across with the face of the petals a shade lighter than the reverse.

Roslyn Each \$1.00, Doz. \$10.00
Buds of chrome-yellow opening into flowers of rich daffodil-yellow that hold their color exceptionally well. Roslyn blooms exceedingly freely with fine flowers on long, strong stems.

Texas Centennial Each \$1.00, Doz. \$10.00
(Patented.) A sport of President Herbert Hoover, having the same wonderful qualities. The color is blood-red, toning to cerise-red in the center. Very unusual and very effective as a cut flower in a bowl indoors.

Flowerfield's Bulb Food

Bulbs and plants are alike in demanding three conditions: water, food and cultivation. Water is the most important factor in plant life; but don't water lightly and frequently, give your garden a thorough soaking at longer intervals. Then conserve the subsoil moisture by cultivation around the plants. This cultivation should also keep down weeds which spoil the effect and rob the plant of some of its available water and food.

Feed your plants. Unless your garden is unusually rich, you will get far more satisfactory results by supplying extra nutrient. Flowerfield offers for this purpose, a special bulb and plant food which we manufacture ourselves. Mixed with your garden or potting soil, it will produce the finest results possible. We recommend the peck size at \$1.00 (by express collect); also supply it by the quart at 25c, postpaid.

Fruits for Home Gardens

STRAWBERRIES

Few fruits are as popular as the delicious strawberry, and indeed, few give as much for a minimum of effort. Whether for eating at once, preserving, canning, freezing, you just must have some of the delicious new types of strawberries. Plant them this spring for a light crop this year and a real "harvest" next. We offer pot plants only. They are more satisfactory in that they establish and bear earlier.

Catskill Three 75c, Doz. \$2.50
A most reliable midseason variety, producing heavy crops, year in and year out, of large berries. The flesh is firm, the quality excellent and the size large.

Dorsett Three 85c, Doz. \$2.95
This variety, an origination of the U. S. Department of Agriculture, is now recognized as one of the finest of all early sorts. The rich, bright red berries are large, firm and shapely, and also, they are of a delicious "wild strawberry" flavor.

Fairfax Three 75c, Doz. \$2.50
The ideal garden variety, having berries of rich medium red color, of quality and flavor unsurpassed. Bears over a long time. Even berries left on the plants, that turn darker in color, are sweet and tempting. Early.

Starbright Three 85c, Doz. \$2.95
Another splendid variety originated by the U. S. Department of Agriculture. We regard this as being one of the finest varieties ever introduced. It produces large, glossy, bright red berries of superb flavor and uniform size over a long bearing season.

Mastodon Three \$1.00, Doz. \$3.50
We regard this as being the most desirable of the thoroughly tested everbearing varieties. It combines heavy yielding qualities, large size and reliability of crop with a flavor which is unsurpassed by any everbearing variety with which we are familiar. Not only is the fruit large and remarkably attractive, carrying a deep red color, but the plants are extra rugged and sturdy.

RASPBERRIES

Latham, THE Red Raspberry Three \$1.00, Doz. \$3.50
Most popular and most widely grown of all raspberries, Latham is a thrifty growing plant and a very heavy yielder of large, bright red, attractive berries of firm texture and high quality. These berries are delicious whether served immediately, or canned or frozen. They will thrive under a large range of conditions. Fruits in midseason.

Cumberland, THE Black Raspberry Three \$1.00, Doz. \$3.50

The best, most dependable blackcap, delicious whether eaten fresh, frozen, preserved, made into jam or pies. The berries are round, plump, extremely juicy and notably free from "seediness." These bushes need no extra support and are non-suckering.

MASTODON
EVERBEARING
STRAWBERRIES

LATHAM RED RASPBERRIES

HYBRID BLUEBERRIES

The Hybrid Blueberry bush produces juicy, delicious berries 2 or 3 times as large as regular blueberries. The bushes themselves are grandiose, reaching 8 or 10 feet in height, when full grown, bearing ornamental pinkish white, bell-shaped blossoms through the spring. The long narrow foliage turns to coppery red in the fall.

Planting at least 2 bushes should be practiced so that cross-pollenization may take place. Plant in a loose, friable loam with adequate moisture supply. The plant prefers an acid location and in spots where sweet ground prevails, we recommend addition of a handful of ammonia sulphate around the plants each spring.
