LOW GROWING CALLA LILIES

YELLOW CALLA

A delightful and unusual summer-flowering bulb for your garden. Plant clumps of them in the foreground of your sunny border, your perennial garden, or in pots for indoor bloom. You will enjoy the beautiful trumpet-shaped flower, and the peculiarly spotted, low-growing green foliage. The new pink calla is a particularly lovely variety, being smaller and more dainty than the other Callas. All grow well in moist soil, and will stand partial shade.

YELLOW CALLA The best known and most widely used Calla Lily. The deep yellow flowers are truly magnificent, and its foliage is spotted much as Alba Maculata. Fine for the garden and indoors. Ea. 50c, doz. \$5.00

PINK CALLA The new improved Pink Calla is larger and lovelier than ever. Plants average 12 inches in height, and give forth several of these most beautiful flowers. The illustration tells the story best. Ea. 85c, doz. \$8.50

WHITE CALLA (Alba Maculata) A note of glistening purity for your garden. The attractive spear-shaped leaves are mottled green and white, attractive even before the 18-inch tall flower blooms in August. Ea. 50c, doz. \$5.00

COLLECTION

\$3.50

MELANOLEUCA

A rare and different Calla, Melanoleuca is of great value for indoor growing. Taller and larger than the Yellow Calla, the flowers are a lovely straw yellow, brilliantly set off by a blue-black throat. The spotted foliage is attractive even when the plant is not in bloom. Excellent as a pot plant which is easily grown in the house Ea. 85c, doz. \$8.50

BULB AND PLANT CATALOG

SPRING 1948

Flowerfield Bulb Farm was established on Long Island in the seed and bulb business in 1874, where it became one of the most reputable distributors and growers of its time. We are justly proud of the part Flowerfield has contributed to American Horticulture, and in the traditions in which it continues to serve.

As growers, we are proud of our stock and are willing to back up that pride by guaranteeing all our products to the limit. Flowerfield grows and sells healthy products only. From our 360-acre farm on Long Island our bulbs, seeds and plants are known the world over for their superior root system, size and vigor.

Note:

Our plants and bulbs, guaranteed to reach you in good condition, are carefully packed in scientifically prepared corrugated boxes. Special preparations are made to protect deliveries to all parts of the world. Plants are freshly dug and packed in sphagnum moss and water-proof paper. Bulbs are kept in ideal storage conditions, are hand sorted and selected true to name for your individual orders.

In order to serve you better, Flowerfield suggests that you order your selections as soon as possible.

Complete cultural directions of items ordered will be included with your order.

Flowerfield's

BULB AND PLANT FOOD

Flowerfield Bulb Farm's Bulb and Plant Foods is a scientific balanced formula to be used on plantings of bulbs, plants, roses, shrubs and lawns. It has all the elements, in proper ratio, necessary for healthy growth and acts as a soil conditioner, putting new life and vigor into the soil.

Flowerfield's Bulb and Plant Food contains 60% organic material and is a 5-10-5 formula that will give immediate and lasting results.

Easily applied by mixing the soil at the rate of approximately 3 pounds per 100 square feet.

PROTEXALL (Spray or Dust)

Protexall is a powerful "all in one" dust or spray which eliminates the necessity of having many varied types of insecticides and fungicides.

Protexall Contains:

D.D.T. for the control of chewing insects such as cabbage worm, leaf roller and many juice drinkers such as leaf hopper, flea beetle and European corn borer. It destroys with amazing effectiveness Japanese beetles and some plant aphids.

ROTENONE for the control of aphids, bean beetles and most other insects against which D.D.T. is ineffective.

SULPHUR a very effective fungicide familiar to all experienced flower growers. Sulphur combined with Fermate, will give protection from most forms of fungi and bacteria.

FERMATE a fungicide harmless to most delicate plants, still giving complete protection from many pests which resist other materials. It is very specific for black spot on roses, leaf spot on roses, leaf spot on chrysanthemums and brown rot on cherries.

Protexall is prepared in two forms: one to be used as a liquid spray and one as a dusting powder. The spray is a powder which mixes very easily in water. Protexall dust comes mixed and ready for instant use.

It is necessary to order the form you prefer and for which you have equipment since the spray material does not make an efficient dust, and the dust is prepared with an inert filler and cannot be used as a spray.

FANCY LEAVED CALADIUMS

Prized for their brightly colored highly variegated leaves, Fancy-Leaved Caladiums are green, pink, red and silver. Some are almost solid colors, others two-toned, veined or mottled with combinations of these and other colors. These fine decorative plants will be an addition to any room or window box.

MIXED COLORS Many unusual types of Caladiums in a most effective mixture.....Three \$1.50, doz. \$5.00

GLOXINIAS

Few house plants grow so quickly and easily, and make such a splendid colorful showing when in full bloom. Their gorgeous velvety flowers last for months, and make a stunning effect between the large, soft, handsome leaves. The bulbs may be planted from late January to late May. If started early they are in full bloom for Mother's Day, and make an excellent gift for her. Place one bulb to a five-inch pot filled with good rich sandy loam. Cover bulb about one inch and place pot in a sunny window. Bulbs can be used over and over for years.

BLANCHE DE MERU A most attractive bicolor Gloxinia, best described by picture below. This is an outstanding variety well known for its vigor and color.....Three 95c, doz. \$3.50

DE MERU

Giant Flowered TUBEROUS-ROOTED BEGONIAS

These colorful exquisite flowers are unlike most bulbs for tuberous-rooted Begonias actually need shade and should be shielded from the sun's rays. When planted in a moist, fairly rich soil, they require little care.

Beginning in July, tuberous-rooted Begonias carry their many huge flowers in a wide range of pastel and bright colors, from pure white to yellow, pink and deep rich crimson. The flowers bloom in clusters of three, one large male flower in the center and two smaller female flowers on either side. These side buds should be removed as soon as they appear; they are single-type flowers of inferior character and inhibit the full development of the central flower. Under ordinary culture these blooms will reach 5 to 6 inches in diameter, although flowers up to 8 inches may be obtained by special care and attention.

CAMELLIA- FLOWERED

The King of Begonias appear to be huge Camellias. These completely double blooms are far larger than the best greenhouse Camellias. The illustration on the facing page more adequately describes the beauty of this unusual variety.

Red, Pink, White, Orange, Yellow.....Each 30c, doz. \$3.00
Mixed Camellia Flowered.....Three for 75c, doz. \$2.50

CRISPA BEGONIAS

This single Begonia has edges so deeply cut and frilled that it looks double. This type is distinguished by flowers of exquisite grace and beauty—more unusual than the other types and particularly desirable for decorative arrangements.

Red, Pink, White, Orange, Yellow.....Each 30c, doz. \$3.00
Mixed Crispa Begonias.....Three for 75c, doz. \$2.50

GIANT SINGLE

Because of the immensity of their huge flat petals and their intense colors, a bed of these presents a dazzling picture. The giant saucer-like flowers are accented by central anthers of pure yellow and are welcome spot of color.

Red, Pink, White, Orange, Yellow.....Each 30c, doz. \$3.00
Mixed Giant Singles.....Three for 75c, doz. \$2.50

CARNATION FLOWERED

(FIMBRIATA PLENA)

The formal Carnation-flowered Begonia is an interestingly different type, having fully double flowers with short, deeply serrated and fringed petals that give the mature flower the appearance of a huge Carnation.

Red, Pink, White, Orange, Yellow.....Each 35c, doz. \$3.50
Mixed Carnation Flowered.....Three for 90c, doz. \$3.00

ROSEBUD BEGONIAS

A double type Begonia with flowers of the most exquisite form resembling perfect rosebuds with beautiful tonal pastel shadings.

Mixed colors only.....Ea. 35c, doz. \$3.50

HANGING BASKET

This is the Pendula flora plena or Lloyd type, a strain of hanging basket Begonia that contains only double-flowered sorts. Often there are hundreds of blossoms to a bulb. They are also excellent for rock garden work.

Mixed colors only.....Ea. 35c, doz. \$3.50

MULTIFLORA BEGONIAS

AUTUMN GLOW

An extremely large Cristata type, the tufts or crests of which are a deep copper, contrasting with rest of flower, which is apricot. The flowers sometimes measure ten inches across the bloom.....3 for \$1.50, doz. \$5.00

MULTIFLORA BEGONIAS

These plants grow to a height of about 12 inches and are carried with double and semi-double flowers of bright colors. Excellent for a long lasting profusion of bloom.

Red, Salmon, Yellow
Ea. 35c, \$3.50 doz.
Mixed Colors.....3 for 90c, doz. \$3.00

SPECIAL COLLECTION

Flowerfield's special collection of fine Tuberous-Rooted Begonias includes a wide assortment of colors, interesting varieties and types.

MIXTURE OF ALL TYPES

12 TUBERS \$2.50

GIANT HYBRID
AMARYLLIS

The Amaryllis Family

Amaryllis are useful subjects for either garden or indoor growing. Few plants can equal the size and beauty of the various Amaryllis. For indoor growing, they are by far the most colorful and easiest to grow. For outdoors, they provide a brilliant color accent.

GIANT HYBRID AMARYLLIS

There are few bulbs that give the amateur gardener more for his time and money than the Amaryllis. This is the finest race of Amaryllis in cultivation, and has excellent form as well as a diversity of colors and markings. Plant them with the neck of the bulb protruding on the top of the soil. Transplant outdoors when weather is warm.

JUMBO BULBS

Fiery Red	Each \$1.25
Vividly Striped	Each 1.25
Pink	Each 1.25
Mixed Colors	Each 75c, Doz. \$7.50

AMARCRINUM

The finest new bulb hybrid to appear in recent years. The Amarcrinum, a cross between Amaryllis Belladonna and Crinum Moorei, has the appearance of a mammoth amaryllis, but its color is an even frosty pink. Great trusses are borne proudly aloft on 4-foot stems. This American creation won the coveted Cory Cup of the Royal Horticultural Society of Great Britain. This amazing flower has an attractive scent, similar to that of the famous Dutch Hyacinth, however, it remains closely nestled within the flower.

Monster Bulbs Each \$3.50, doz. \$35.00

AMARYLLIS FORMOSISSIMA

A fine semi-hardy bulb, producing brilliant scarlet flowers of almost butterfly shape and formation. Easily grown in the house or the low border. They multiply rapidly, forming fine clumps. This fine unusual flower will lend a brilliant splash of color in the hardy border. Blooms in June outdoors.

Large Bulbs Each 50c, doz. \$5.00

AMARYLLIS FORMOSISSIMA

AMARCRINUM

Flowerfield's ISMENE CALATHINA

PERUVIAN DAFFODIL One of the choicest of all garden subjects is the stately and impressive Ismene Calathina. The Ismene carries very large, snowy white, Amaryllis-like flowers that measure 4 to 5 inches across, and are delightfully fragrant. Flowerfield's extra large bulbs send up tall flower stems 2 to 2½ feet tall, each one bearing 3 or 4 magnificent blooms. Plant in well drained soil late in June. Stunning blooms for the home or garden appear in August.

Monster Bulbs..... Each 85c, Doz. \$8.50

OXALIS

Four leaved clover-like plant, often called American Shamrock. Oxalis grows and blooms profusely and forms exceptionally graceful edgings. Also good in pots indoors or in hanging baskets. Semi-hardy, will live through the winter if protected. Blooms from mid-summer until frost.

DEPPEI Pure white, three leaved variety
25 for 65c, 100 for \$2.35

SHAMROCK Coral-colored flowers, four-leaved variety. The stems are about 12 inches long and are suitable for floral arrangements.

25 for 75c, 100 for \$2.50

ISMENE CALATHINA

OXALIS

TUBEROSE

The Tuberose is one of the choicest of flowers. They produce long spikes (two to three feet high) of pure white, wax-like double flowers of great fragrance and beauty. Their fragrance is considered by many to be the finest of all flowers and surely no flower has a purer wax-like appearance.

Bulbs may be planted from April to June, in pots or in the open ground and should be set three inches deep in good rich soil. Do not allow them to be overrun with weeds or other plants if you desire them to bloom early.

DOUBLE PEARL Three 75c, doz. \$2.50

PRIZE WINNERS

Since 1874

John Lewis Childs, founder of Flowerfield, introduced the present Gladiolus, **Gladiolus Childsi**, to this country. Prior to this hybridizing work, the Gladiolus was a small, half wild but graceful plant with little garden value. It was through the efforts of John Lewis Childs that all of the modern advances in Gladiolus culture were made possible.

CHOICE VARIETIES

ABU HASSAN A new introduction of dark violet-blue. Grows tall and straight opening up to 8 florets at once. It was a prize winner in Europe when introduced. Each 35c, doz. \$3.50

BARCAROLLE Undoubtedly one of the most beautiful orange Gladiolus. Florets are finely ruffled, adding to the value of this most excellent flower. Its clear grenadine orange is a new color for Gladiolus.

Three 50c, doz. \$1.75

BURMA A very deep fuschua rose when wide open. Heavily ruffled. A mid-season bloomer. Each 50c, doz. \$5.00

CUBANA A deep dark red. This is one of the darkest Gladiolus. The buds are almost black and the florets open to look as if they were rich velvet. This variety is one of the finest we have imported and we know it will be a winner here. Each 75c, doz. \$7.50

ELIZABETH THE QUEEN Large ruffled lavender-mauve florets with darker lines in the throat. The ruffled florets make this variety one of the loveliest Gladiolus offered for the garden in a long time.

Three 50c, doz. \$1.75

Leading Lady

LEADING LADY This pure white sport of Picardy has been outstanding in every Gladiolus show since 1944. Leading Lady has all the beauty of form and sturdy lasting qualities of Picardy.

Three \$1.00, doz. \$3.50

GLADIOLUS

Gladiolus are relatively easy to grow, requiring little special attention, and so are a "natural" for all gardens.

Flowerfield supplies only the largest sized, highest quality bulbs. On the following pages are listed the best new varieties of Gladiolus.

They prefer a sunny location in well-drained soil. Plant 4 to 6 inches deep. For exhibition blooms, feed when planting, again when the foliage is 6 inches high, and finally as the flower buds appear.

FOR COLLECTORS

HIGH LIFE The color of this lovely new variety is a clear light blue. The florets open wide and are faced to make it a very excellent show variety. The stems are tall and straight. It is exceptional as a garden variety and as a cut flower.....Each \$1.50, doz. \$15.00

LEONA One of the finest new deep magenta-red gladiolus of recent years. The flowers are very smooth, almost velvety in appearance and make a beautiful combination with some of the brighter gladiolus shades.
Three for 50c, doz. \$1.75

MARGARET BEATON One of the best new varieties to appear in recent years. The color is a startling contrast of red and white. It and Leading Lady are the most talked of new Gladiolus of the past few years. Margaret Beaton is particularly lovely for use in flower arrangements where its brightness livens any room.....Three for 60c, doz. \$2.00

SAHARA A new smoky that is perfectly named. The color is that of sand with a tinge of light brown. Grows evenly and opens eight florets easilyThree for 75c, doz. \$2.50

SILVER GULL One of the best of the new introductions. The color is a silver-bluish gray with a creamy blotch. It will be very popular on the show table as the coloring is novel and very lovely. As many as 8 florets open at one time on tall elegant stems.....Each 50c, doz. \$5.00

Red Charm

RED CHARM One of the very best reds and one of the most dependable growers — 8 to 10 florets on a spike of a medium red. Illustrated.....Three for 60c, doz. \$2.00

EXHIBITOR'S COLLECTION

6 Bulbs of each of the varieties pictured on these two pages.

36 Bulbs for \$5.00

12 Bulbs of each of the varieties.

72 Bulbs for \$9.75

ALGONQUIN A brilliant light scarlet Gladiolus distinguished by very large florets, and long formal heads, often having 8 or 9 florets open at once up a flower spike as high as 5 feet.....Three for 50c, doz. \$1.75

GREEN LIGHT The charm of this variety is its peculiar greenish gloss which overlays the milky white of the large well-formed, slightly ruffled florets. Green Light appears really green in the bud stage.

Three for 50c, doz. \$1.75

ALGONQUIN

GATE OF HEAVEN One of the best all-around yellows. The well spaced florets are beautifully formed, finely ruffled, and the largest in this color class. It has a brightness that befits its name.

Dozen \$1.50

PELEGRINA The only pure dark violet-blue variety that has stood the test of time and growing conditions. An early variety, Pelegrina blooms very uniformly, all the spikes coming into bloom within a day of one another. The florets are medium sized, and the deep blue is sometimes marked with purple on the lower florets.....Three for 50c, Dozen \$1.75

GREEN LIGHT

MYRNA The huge glistening white florets of Myrna are gracefully placed on a strong stalk that is tall and erect. There is just a faint suggestion of cream deepening in the throat, where it assumes an almost greenish cast. Myrna is one of the best new Gladiolus and has won many prizes as the finest new white.....3 for 50c, doz. \$1.75

MYRNA

GLADIOLUS

CONNOISSEURS AND EXHIBITORS

For the past few years, more and more people have very successfully used the modern Gladiolus as border subjects, or for gay color accents. Flowerfield's beautiful large flowered varieties are available in most every color and shade imaginable. Their tall graceful stalks are wonderful for mass flower arrangements. The florets are especially nice for table decorations and corsages.

MAX REGER This light lavender-blue with a dark throat marking, ending in small white points gives the appearance of a beautiful blue butterfly. Spikes tall, slightly curved. Late bloomer.
Three for 50c, Dozen \$1.75

REWI FALLU Huge and red, this gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Named for Maori hybridizer, Rewi Fallu is one of the finest dark reds known. Even the very topmost bud opens into a flower of very large size. Dozen \$1.75

GRETA GARBO The buds and the first opened florets of Flowerfield's Greta Garbo are a very light cream-pink, the flower rapidly becomes rosy white after opening to full size. The florets often measure six inches across. Greta Garbo averages more flowers to the spike than any other variety grown. The flower spike is carried well above the ground on tall, very strong stalks.

3 for 65c, doz. \$2.00

GRETA GARBO

PEGGY LOU

[11]

COLLECTOR'S MIXTURE

The very finest Gladiolus garnered from this list and new named varieties of which we have too few to list.

Dozen \$1.50

CORONA Soft bluish-white petals with a lovely pink picotee edge makes Corona one of the loveliest Gladiolus yet hybridized. The growth characteristics of Corona are beyond reproach. 3 for 50c, doz. \$1.75

PEGGY LOU A lovely deep pink glad of almost perfect form and substance. The florets are large and of fine texture, standing up well as a cut flower. Peggy Lou is sturdy with a tall, thick, strong spike to hold its long flower head firmly. 3 for 50c, doz. \$1.75

LLANDAFF

ANDRIES
ORANGE

FAIRY

SNOW SPRITE

RED HEAD

MINIATURE DAHLIAS

Dwarf bushy plants that require no staking, disbudding or fussing, which give you week after week, a constant supply of little Dahlias which, in everything except size, reproduce all the beauty of the giant prize-winning blooms of the big Dahlia shows. The stocky plants, 2 to 4 feet tall, a good size for the mixed flower border.

The greatest advantage of these Miniatures is their easy culture and their "cut-and-come-again" quality. The more you cut them the better they like it. If you haven't yet tried any Miniatures, include a few in your next order, and take our word for it that you will be more than delighted with them, even if you don't care for ordinary Dahlias.

MFD, Miniature Formal Decorative; MID, Miniature Informal Decorative; MSC, Miniature Semi-Cactus; MC, Miniature Cactus

ANDRIES ORANGE MSC A bright orange flower of an exceptionally clear, attractive tone, growing on perfectly straight stems. They make a beautiful display.

Each 65c

BISHOP OF LLANDAFF MP An unusual and very attractive flower of bright scarlet with a deep garnet center. The lacy foliage is a special feature of this variety, being a beautiful reddish bronze color which makes it stand out in any planting. Highly popular

Each 65c

CORINNA MFD Pure bright yellow to brighten your garden or your flower arrangements. Of fine form and substance.

Each 65c

DUBONNET MSC Of fine deep red as its name implies, in the artistic Semi-Cactus form, this is a much sought-after Miniature dahlia

Each 65c

ELIZABETH PAPE MC The best and most artistic pink Miniature Cactus. Its cream heart and nicely whorled pink petals give it a distinction achieved by few.

Each 75c

FAIRY MFD An early and continuous bloomer of soft violet-rose, shading mauve at the tips. Its form is perfect and its keeping qualities are exceptional

Each 50c

LITTLE DIAMOND MC Color is lilac-rose with a faint coloring of sulphur yellow in center

Each 75c

RED HEAD MFD Small fiery scarlet blooms on long stems. The color is a brilliant shade of red not usually seen.

Each 75c

ROSALIE WHITE MFD A most pleasing bi-color that has become very popular. The color of this little gem is white with broad clean-cut bands of deep rose on the

edges of the petals, leaving the tips white. Plants medium tall, sturdy growers, blooms held erect on good stiff stems

Each 75c

SNOWSPRITE MSC Artistic glistening snow-white flowers. One of the best miniatures grown. Blooms are of fine form and held above the foliage in profusion.

Each 75c

SYLVIA MFD Deep carmine blooms that are symmetrically perfect in form. A bright cheery spot of color in the garden.

Each 50c

WHITE FAWN MFD A pure white that is excellent in the garden and as a cut flower. It is a strong grower and blooms very freely

LADY MARY HOPE

POMPON DAHLIAS

Flowers unsurpassed for perfection in form, blooming in a variety of pure and blended colors, making them the little beauties of the Dahlias. Grow them for garden effect, cut them for house decoration. You will find these bushy plants hard to beat. Pompon Dahlias grow thirty inches tall, and are particularly desirable because the more you cut, the more they will bloom.

JOHNNY PEPPIN

EDITH MUELLER A bright soft apricot, suffused peach-red. Much in demand as a cut flower.....Each 35c

HELEN ANITA Lavender pink, with a white center.....Each 50c

JOE FETTE Its pure white bloom is unsurpassed. Its long stems make it a perfect flower for cutting.....Each 35c

JOHNNY PEPPIN A rich dark red. The tight petals in the center of the flower are very dark as the flower opens.....Each 35c

LADY MARY HOPE Miniature One of the nicest bicolor Dahlias we grow. Flowers are perfectly formed and a pleasing

combination of light orange and white. The plants are bushy and compact, growing about two feet.....Each 25c

MARY MUNNS A mallow-purple bloom growing on a long stem, producing flowers of high merit.....Each 40c

ROSA WILMOTH Soft rose-pink flowers of uniform size.Each 40c

SCARLET GEM This is a very brilliant scarlet.....Each 35c

YELLOW GEM Clear canary yellow flowers. The bush is about three feet tall, an excellent cut flower.....Each 30c

Flowerfield Matched Mates

Flowerfield's Matched Mates have been inspired by the beauty inherent in all bulbs. The stately flower spike of the Gladiolus and majestic globular head of the Dahlia create an artistic complement and balance. Flowerfield's Matched Mates are a combination of Dahlias and Gladiolus whose matchings are exactly alike in tone and color.

Matched Mates should be planted together, they will grow together, bloom together and, in flower arrangements, complement each other. The Gladiolus in these perfectly matched beauties should not be planted until mid-June for blooms in September when Dahlias are at their best. 10 Gladiolus to each Dahlia is recommended.

WHITE MATCHED MATES

SNOWSPRITE Unquestionably one of the best miniature Dahlias. Artistically shaped, glistening, snow-white blooms are held boldly on perfect stems.....Each 75c

SNOW PRINCESS Clear white with a light cream throat. Florets are of heavy texture and open many at a time. Tall growing. One of the better recent introductions of white GladiolusTen \$1.25

1 Dahlia, 10 Gladiolus \$1.75

PINK MATCHED MATES

ELIZABETH PAPE The best and most artistic miniature Cactus Dahlia. Its cream heart and nicely whorled pink petals give it an unusual distinction.....Each 75c

PICARDY A four-star pink Glad. One of the best flowers hybridized. The cream throat sets off its lovely pink petals as in its matched mate.....Ten \$1.25

1 Dahlia, 10 Gladiolus \$1.75

YELLOW MATCHED MATES

MARIETTA E. A clear primrose-yellow cactus Dahlia. It is a very popular, profusely growing varietyEach 75c

GATE OF HEAVEN A fine bright yellow Gladiolus with well-spaced, ruffled florets.....Ten \$1.25

1 Dahlia, 10 Gladiolus \$1.75

RED MATCHED MATES

JAMES KIRBY Beautiful crimson-scarlet Dahlia blending to ruby tones at the center. The stems are tall and staight. It makes an excellent cut flowerEach 50c

REWI FALLU Huge and red, this gladiolus is another of the New Zealand varieties so well known for their tremendous size and extraordinary vigor. Rewi Fallu is one of the finest dark reds known. Even the very topmost bud opens into a flower of very large size.....Ten \$1.50

**WATCHUNG
GIANT**

Dahlias are one of the most fascinating flowers for garden growth. They have a variety of size, shape, color and height that has no equal. They may be used in the border, en masse, or as a decorative background depending upon the variety. They are all excellent cut flowers.

ELLA MAY C A deep crimson carmine. The color is dark, but the flower is quite distinctive. The centers are full and the stem excellent.....Each 75c

GRETEL SC The soft deep orange-red flowers on long stems make this one of the most popular flowers for exhibition, cutting and arrangement. Its formation is unusually perfect, the color appealing.....Each \$1.00

HASLEROVA ID Delicate lilac, almost white broad petals flecked with purple. This is a robust grower in a lovely and distinct color.....Each 75c

HILDA FIORETTI ID to SC One of the most beautiful Dahlias we have ever offered. A consistent winner in the shows since its initial triumph. A soft attractive deep rose-pink, blending with deep rose with a faint line of apricot-yellow in the petals. Flowers measure 9 inches and are carried on strong canes. The plant grows perfectly and often produces 10 to 20 perfect blooms that can be cut with 3- to 4-foot stems.....Each \$3.50

HUNTS VELVET WONDER ID Deep rose magenta blending to purple. Large broad petal blooms with full centersEach 75c

JAMES KIRBY ID A flower of beautiful crimson-scarlet blending to ruby tones at the center. The stems are tall and straight and make it an excellent cut flower. Illustration, page 17.....Each 50c

JERSEY'S BEAUTY FD The most popular and best known Giant Dahlia. It is of the Formal Decorative class, unsurpassed for exhibition and garden blooms. A lovely shade of lavender pink, this perfectly formed Dahlia has all the good qualities of growth Each 35c

JERSEY'S DAINTY C A dainty white variety faintly tinged with lavender. Blooms late in the season with flowers 7" across and 3" deep. A prolific bloomer on long stems with vigorous dark foliage. The bush grows to a height of about 5 feet.....Each 75c

JOSEPHINE G ID True rose pink, petals tipped yellow. Each \$1.00

FLOWERFIELD CANNA, THE PRESIDENT

FLOWERFIELD CANNAS

The new low growing Cannas are a real specialty at Flowerfield. Twenty acres have been devoted to their growing and development. These flamboyant beauties now have a more diversified garden use. Formerly grown for their excellent foliage, they are now prized for their wonderful, brilliant flower heads. A pink Canna and pink Geranium border is a delightful novelty. Cannas bloom for a longer period, and make a finer display than any others large flowering plant. Flowerfield's fine Cannas are sturdy enough to hold their own against shrubs, among which they may be interplanted. Excellent too for the annual flower garden where they form a splendid background for Zinnias, Cosmos and others.

Our Cannas Are Beautiful

CITY OF PORTLAND A beautiful new medium high Canna with deep rich silvery pink flowers above green foliage. Excellent garden subject.

Each 25c, 3 for 70c, doz. \$2.50

EUREKA The finest white variety of Canna. Dark green foliage topped with large trusses of cream-white flowers. A fine low-growing variety adapted to bedding use.....Each 30c, 3 for 85c, doz. \$3.00

KING HUMBERT Brilliant orange-scarlet flowers with bright markings has made King Humbert a favorite of long standing. Foliage is coppery bronze. Used against a background of evergreens these striking plants with vivid flowers and colorful foliage are very effective.

Each 20c, 3 for 55c, doz. \$2.00

KING MIDAS A pure rich yellow flower mounted on vivid green foliage. Grows to 4 feet, and forms a lovely contrast in the garden...Each 25c, 3 for 70c, doz. \$2.50

MADAME CROZY An unusual low growing flower of bright scarlet, neatly edged with a 1/4-inch band of bright yellow that is excellent as an unusual type for borders.....Each 35c, 3 for \$1.00, doz. \$3.50

THE AMBASSADOR This beautiful rich Cherry-red flower has deep bronze foliage. An excellent variety of medium height.

Each 30c, 3 for 85c, doz. \$3.00

HUNGARIA The best known rosy-pink, this low growing variety combines beautifully with pink geraniums. Light green foliage...Each 25c, three for 70c, doz. \$2.50

RICHARD WALLACE Canary-yellow flowers of enormous size. Bright green foliage, 3 1/2 feet tall. Splendid background plant especially when planted with yellow Marigolds. This variety is more prolific than the others.

Each 20c, three for 55c, doz. \$2.00

THE PRESIDENT The outstanding Canna. It has immense trusses of brilliant red flowers, produced in great profusion. The foliage is very bright green, contrasting sharply with the beautiful flower heads, making a most impressive display. Medium height...Each 25c three for 70c, doz. \$2.50

LOUIS CAYEUX A fine new Canna that has caused much favorable comment wherever seen. The flower heads are a beautiful shade of rose-pink and surmount soft light green foliage. A very effective plant.....Each 35c, 3 for \$1.00, doz. \$3.50

FLOWERFIELD'S FINE MIXED CANNAS

A Well-Balanced Mixture
Three 55c, Doz. \$1.95

CANNAS ARE NOT FUSSY ABOUT SOIL

Cannas may be planted in almost any kind of soil but prefer a rather heavy soil, where they should be planted 3 to 4 inches deep. They may be allowed to stay in the ground in the autumn as long as they continue to grow and should be left until the tops are touched by the frost. They may then be dug and stored for the winter.

REGAL LILY

Flowerfield's HARDY LILIES

FLOWERFIELD EXHIBITION LILIES

In cultivation from ancient times, the Lily has served not only for herbal and medicinal purposes, but also as nourishing food. As a garden subject today it is unsurpassed. Its glorious flowers and compelling form make it the most popular garden flower everywhere.

REGALE LILIES

Of all Lilies the Regale is perhaps the most satisfactory for garden use here in America. The flowers are white with golden throats and golden anthers. They are luxuriantly fragrant and bloom in June and early July. The Regal Lily is very floriferous, bearing as many as 20 flowers from a single bulb during the season. Each 50c, doz. \$5.00

Mammoth Bulbs: Each \$1.00, doz. \$10.00

SPECIOSUM RUBRUM

The best known and best liked of the recurved type of garden Lilies. The tall, sturdy 4- to 5-foot plants carry well-branched sprays of delicately scented flowers of cream-pink with a light edge and vivid crimson speckles. They flower in August and September.

As Speciosum Lilies are stem-rooting, they must be planted 9 inches or more deep in soil of good drainage. They should be planted near ground-shading plants, as this Lily dearly loves to have its roots shaded.

Each \$1.00, doz. \$10.00

LILIUM SPECIOSUM RUBRUM

PHILIPPINENSE FORMOSANUM

(Hardy Easter Lily)

One of the most satisfactory Lilies and splendid for cut flowers. Blooms true trumpet Easter Lily shape of pure white, the throat suffused with attractive emerald-green. Unique in its extended blooming season, beginning in August and continuing until frost. When thoroughly established will form clumps, sending up 3 to 4 stems, each giving 4 to 5 large blooms. Height 4 feet.....Each 50c, doz. \$5.00

LILIUM PHILIPPINENSE

LILIUM SUPERBUM

SUPERBUM

The Superbum Lily, a native of the eastern coast of the United States is, as its name would imply, one of the very finest of all the Lilies. In late July the tall plants bear from 20 to 30 beautiful recurved flowers of varying hues, some being yellow spotted maroon, some being orange or even deep crimson, spotted black. It succeeds even in swampy land where other Lilies will not grow, and thrives in acid spots or in shade areas. Established plantings form clumps of several stalks which may reach 8 feet in height, proudly bearing the brilliant clusters of gracefully recurved flowers for which it is so justly famous. The Superbum Lily is a base-rooting variety and needs to be planted only 4 inches deep for best results.....Each 50c, doz. \$5.00

CENTIFOLIUM HYBRID LILIES

Similar to their parent, the Regale Lily, these new hybrids even surpass their illustrious forbears for garden beauty. The flowers are immense white trumpets borne on stems 5 to 6 feet in height, and are delightfully fragrant and showy. While all are pure white inside, their external coloring varies from emerald-green through tints of pink, to brownish purple. They are very hardy and have the same general culture as the Regales, blooming from late July until August.

Each 75c, doz. \$7.50

HENRYI

A beautiful, stately Lily growing from four to six feet in height. The strong stems carry six or more nodding flowers of recurving shape, of soft orange with emerald-green hearts (often called the Orange Speciosum). Lilium Henryi should be planted in a partially shaded location, and since it is stem rooting should be planted to a depth of about ten inches. A very dependable, healthy Lily, blooming in August...Each 75c, doz. \$7.50

SOEUR THERESE
(Sister Therese)

EDITOR McFARLAND Perfectly formed fragrant flowers of clear brilliant pink, with strong stems for cutting. One of the longest lasting cut-flowers we have. Plants are healthy and bloom freely. 30 petals.....Each \$1.25, doz. \$12.50

SOEUR THERESE (Sister Therese) Long, pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich Daffodil-yellow and holds its color well. Sweet-brier fragrance. The blooms come freely on splendid cutting stems. You can always recognize this Rose from its habit of forming sturdy 3-foot, upright canes which are topped by a "lighted" candelabra of five or more burning yellow blooms.....Each \$1.25, doz. \$12.50

ETOILE DE HOLLANDE Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Free flowering. Each \$1.25, doz. \$12.50

USDA

Fold-out Placeholder

This fold-out is being digitized, and will be inserted at a future date.

GOLDEN CLIMBER

CLIMBING ROSES

These require no pruning in the spring except the cutting out of very old dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered. Prune severely in July, directly after they have finished blooming.

BLAZE (Plant Patent No. 10) Hardy everblooming climbing Rose which inherits the blazing color of Paul's Scarlet Climber and the everblooming habit of Guss and Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety which will grow to considerable height.....Each \$1.50, doz. \$15.00

DR. W. VAN FLEET Buds of rich flesh-pink open into flowers of just slightly lighter color, on stems 12 to 18 inches long. One of the few free-blooming climbing roses for cutting. Each \$1.25, doz. \$12.50

GOLDEN CLIMBER A vigorous climber, producing masses of handsome golden yellow flowers; has nice foliage and grows well to give an exceptionally fine effect. Each \$1.36, doz. \$13.50

PAUL'S SCARLET We offer this as the most satisfactory red climbing rose today. A heavy vigorous grower with enormous clusters of vivid scarlet flowers.....Each \$1.25, doz. \$12.50

THOR A very hardy brilliant red climber with blooms the color of Crimson Glory. The flowers are very slow in unfolding, and when fully open measure 4 to 5 inches across. They are perfectly formed and just as large as those of a hybrid tea rose. Flowers are produced abundantly on unbending spur branches 12 to 18 inches long. Flowers have about 60 petals, and do not fade when fully open. Rich green abundant foliage grows to a height of 8 to 10 feet.....Each \$2.50, doz. \$25.00

HARDY HYBRID PERPETUAL ROSES

The hardy hybrid perpetual roses are of particular importance in the areas where the winters are especially severe. Their rugged qualities make them exceptionally useful in conjunction with the hybrid teas and other types.

FRAU KARL DRUSCHKI This is the ideal hardy white Rose pure in color, perfect in form, strong grower and remarkably free flowering; superb in every way.

Each \$1.35, doz. \$13.50

PAUL NEYRON Dark pink of enormous size; perhaps the largest of all.

Each \$1.25, doz. \$12.50

ULRICH BRUNNER Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation, does well everywhereEach \$1.25, doz. \$12.50

CLIMBING ROSE, THOR

PATENTED ROSES

PEACE

PEACE (U. S. Plant Patent No. 59) This Rose is almost unbelievable. One marvel of it is the dawnlike range of colors through which it passes, from opening yellow buds, with edges picoteed cerise, to the glorious 5-inch, alabaster blooms, each petal edged with pink that seems to deepen as the flower slowly opens. The shades of color vary, too, from flower to flower and through the changing seasons. Though the bloom is unusually large, long lasting and constantly fresh looking, its effect is always delicate and lovely. The individual petals are large and of great substance, gradually opening, a few at a time, around a high-pointed center, to great, golden hearted very double, fully open flower. The plant is as superior as the bloom, and in the same large-scale way. The flowers are borne singly on heavy stems so strong and straight. It needs no disbudding to produce exhibition blooms which hold their form and freshness longer than other Hybrid Teas.....Each \$2.50, doz. \$25.00

DOUGLAS MacARTHUR (Patented) "The Commander's Rose." This vigorous American Rose requires no coddling, asks no favors. It has grown well and proven its value and worth in all sections of our country. The strong bushes send up numerous shoots which are loaded with an unbelievable number of buds. As a flag unfurls, the long, graceful, Tulip-shaped buds open slowly into glorious flowers of fine proportion. To specify the color in definite terms taken from color charts is impossible. Rose, gold and salmon are all exquisitely blended into a flower of real beauty.....Each \$1.75, doz. \$17.50

HEART'S DESIRE First place winner of the All-America Rose Competition for 1941. A strong grower, owing to its parentage which is the well known never failing Radiance. Buds are ovoid, sometimes long and pointed, are deep red with dark crimson shading. Foliage is rich green and growing habit is luxuriant. Flowers freely produced throughout the entire season are delightfully fragrant. One of the best red Roses.

Each \$2.00, doz. \$20.00

NOCTURNE (Pictured on front cover) One of the five roses to gain the distinction of "All America Rose Selection 1948." Nocturne's color is bright cardinal red with dark, deep intriguing shadings of chrysanthemum crimson. Buds are very long and perfectly shaped, petals are large and of good substance and texture, the flower lasting a long time. Blooms are on long stems and are pleasantly fragrant.

The plant grows vigorously into a big sturdy bush with an abundance of semi-glossy foliage.....Each \$2.25, doz. \$22.50

STERLING (U. S. Plant Patent No. 21) A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling novelty. Winner of the Hubbard medal.

Each \$2.50, doz. \$25.00

STERLING

A PLANTING OF IRIS KAEMPFERI

Flowerfield's *Iris*

This beautiful flower, perfectly hardy and easy to grow, will tolerate spots that are too wet for many plants; yet will thrive permanently in well-drained locations if only supplied with sufficient water. Iris Kaempferi is entirely different from all other Iris and comes into bloom as the early summer flowers fade, continuing to bloom until mid-July. Our own collection of Iris Kaempferi was started here at Flowerfield in 1895, an achievement of which we are very proud. Since then we have hybridized over six hundred named varieties, and introduced to the public many original strains including Light-in-the-Opal, Betty F. Holmes, and Elbrus. A few varieties seen edging a reflecting pool, or a stream, is a landscape of beauty that will linger long in your memory. These huge blooms of velvety texture measure 6 to 8 inches across. The leaves are long, narrow and gracefully formed, and the plants remain decorative even after the blooming period is over. It is no wonder that Iris Kaempferi is called the "Orchid of the Garden." Excellent cutting, it will grow 3 to 4 feet high.

BLUE GIANT This lovely variety is one of the latest Iris. The single petals measure nine inches across and its soft deep blue color makes it as beautiful as it is large. Illustrated. Perfect for mass planting, particularly enchanting when planted with Madonna Lilies.

Each 50, doz. \$5.00

LA FAVORITE An exceptional double flower. The delicate blue-white color of the falls is faintly laced with fine purple veins, creating an effect of pure white at a distance. Its individual color blending is subtle beauty. Illustrated.....

Each 50c, doz. \$5.00

REPSIME Last to bloom is Repsime. The flowers are a beautiful azure-blue and are completely double. A variety of exceptional merit.

Each 75c, doz. \$7.50

AMPHITRITE A double bloom of delicate beauty having bluish violet falls, edged with light lavender. A very conspicuous yellow midrib circled by white band.....

Each 50c, doz. \$5.00

WAKAMUSHA A double flower. Striped red on white.

Each 75c, doz. \$7.50

WM. TELL A neat calico-like white double. Small flowers veined purple with gold markings and violet styles.....

Each 65c, doz. \$6.50

SIBERIAN IRIS

An outstanding Iris type that blooms in early June. Siberian Iris have lovely medium sized flowers, usually 3 to 4 inches across, borne on long, slim stems 3 feet tall. The slender foliage is extremely graceful, and is quite attractive in itself, after the flowers have gone. Siberian Iris "stays put" where you plant it, forming a very dense clump that will send up 25 to 50 lovely flower stalks. Planted among the Peonies, few combinations of flowers can equal the resulting profusion of lovely color. They are at home anywhere the tall Bearded Iris are planted, although the Siberian Iris has a much higher degree of water tolerance and can stand "wet feet" even in winter.

CAESAR A rich Pansy-purple of unusual depth of color. Of medium height, 30 inches.....Each 40c, doz. \$4.00

PAPILLON Luxurious color of self light blue. A scintillating display when planted in clumps. Height 36 inches.
Each 50c, doz. \$5.00

PEGGY PERRY (Illustrated) One of the most beautiful of all Siberian Iris. Dark violet-blue. Height 40 inches
Each 50c, doz. \$5.00

PIGMY A low-growing variety, excellent for use in the foreground. Dark violet-blue. Height 28 inches.....Each 40c, doz. \$4.00

SNOW QUEEN Exquisite snow-white flower produced in great abundance. Foliage light and graceful. Height 38 inches.
Each 50c, doz. \$5.00

PLANTING OF SIBERIAN IRIS

SIBERIAN IRIS, CAESAR

IRIS SPECIES

IRIS OCHROLEUCA Stately plants with flowers quite unlike any other Iris, being completely beardless and of most artistic form. They are hardy anywhere and thrive in rich moist soil, growing to a height of 5 feet.

LORD WOLSELEY Clean cut flowers of rich violet with golden yellow markings on the falls. A fine plant for the damp spot in the border. Excellent for cutting.....Each 60c, doz. \$6.00

IRIS OCHROLEUCA, LORD WOLSELEY

Flowerfield's HEMEROCALLIS

Magnificent Hybrid Daylilies

Daylilies thrive in full sun or partial shade. They are suited to either border use or when planted as a low hedge close to the house, along the driveway, or "spotted in" with low growing foundation plantings. Once established, they require practically no further care, growing in any kind of soil in any section of the country.

Hemerocallis hybrids combine beautifully with such varied subjects as Iris, Peonies, and many other modern garden plants. A full and continuous season of these lovely flowers can be had by utilizing Flowerfield's Calendar of Bloom as shown below.

A CALENDAR OF BLOOM

A full season of bloom can be enjoyed by your own choice of the varieties listed below:

May — Gold Dust.

July — Olif, Patricia.

June, July — Ophir, Thunbergi, The Gem,
Cinnabar, J. R. Mann.

July, August — Hyprion, Kwanso Flore-
Pleno, Cissy Guiseppi.

HYPERION

KWANSO

KWANSO FLORE-PLENO A really different variety, unique for its color and form among all other Daylilies. (Illustrated.) Its large, double golden bronze blooms are full-centered, in marked contrast with the usual growth of other open-trumpet flowers. One of the best for cutting. Kwanso Flore-Pleno blooms in late July and August. Height 36 inches... 3 for \$1.35, doz. \$4.50

HYPERION An exhibition variety and a real beauty. Hyperion is a Class A winner of the Award of Merit of the Royal Horticultural Society of Great Britain. Its beautiful flowers are a fine citron-yellow of large size and long trumpet form, producing numerous blooms on stems 40 inches long. Vigorous in growth, a single plant will soon develop into a strong, floriferous clump. Perfectly hardy. Blooms through July and August with flowers often appearing as late as Labor Day. Height 36 inches.

Each \$1.00, 3 for \$2.75, doz. \$10.00

CINNABAR Gorgeous blooms with a reddish cast. The tawny flowers are overlaid with coppery red markings and have a dark throat. It is truly lovely in contrast with the pale yellow varieties. Blooms in mid-June and grows 3½ feet tall.....3 for \$1.50, doz. \$5.00

GOLD DUST A lovely glowing free-flowering variety, producing clusters of rich, golden yellow trumpets on long, slender stems. This gorgeous bloom is very effective when planted in light shade or wherever foundation plantings taper off. Gold Dust is one of the earliest of the Daylilies to bloom in May. Height 1½ feet.

3 for \$1.35, doz. \$4.50

OLIF Enormous blooms of glistening yellow. The form of the flower is that of a wide-mouthed bell and the texture is excellent. Olif blooms in July and grows over 3 feet tall.....3 for \$1.50, doz. \$5.00

OPHIR Large clusters of golden yellow trumpet-shaped flowers, 25 or more to a stem. Flowers have a golden yellow throat flushed with colorful yellow veins in the center of the petals. Blooms in June. Height 36 inches.....Each 75c, 3 for \$2.00, doz. \$7.50

PATRICIA A new variety and one of the finest clear yellows among all recent Hemerocallis introductions. The huge flowers have a wholesome fragrance, opening 3 inches across, with scapes measuring the same length as the leaves. Blooms in July. (Illustrated.) Height 38 inches.....Each \$1.50, 3 for \$4.00, doz. \$15.00

THE GEM A tall, robust growing plant with shiny orange-yellow flowers. The buds open well in water and have a delightful fragrance. The flowers, though short-lived, multiply in amazing succession on stems 3½ to 4 feet high. Blooms in June and July.

3 for \$1.35, doz. \$4.50

THUNBERGI (Lemon Lily) An original and older type Hemerocallis still widely used, especially for its late flowering habits. This reliable plant always grows 3 to 4 feet high with clouds of pure lemon-yellow flowers. One of the best for massing. Blooms in early July.....3 for \$1.25, doz. \$4.00

FUNKIA

The Plantain Lily

COERULEA Used in shaded locations and for edging. Tall spikes of blue trumpet-like flowers, 2 feet high, in July and August. All Funkias like rich soil, but grow well anywhere.....3 for \$1.25, doz. \$4.00

COERULEA VARIEGATA A beautiful edging plant admired for its colorful foliage as much as for its fine Lily-like blue flowers. The leaves are pure white, heavily marked with bright green.....3 for \$1.25, doz. \$4.00

SUBCORDATA GRANDIFLORA ALBA In August and September this has tall Lily-like stems with pure white trumpet flowers 4 inches or more in length. A fine addition to the garden. Excellent for use in shading roots of Lily bulbs.....3 for \$2.00, doz. \$6.50

CISSY GIUSEPPI

CISSY GIUSEPPI A medium growing plant, reaching about three feet. Blossoms are a dark coppery rose-red, almost ox-blood red, with a yellow bar down the center of each petal. Blooming through late July and early August it is decidedly colorful addition for any garden.....Each 65c, doz. \$6.50

GARDEN COLLECTION OF FINE DAYLILIES

Gold Dust (May)	Thunbergi (June-July)
Kwanso Flore-Pleno (August)	Olif (July)

1 of each, 4 plants \$1.60

3 of each, 12 plants \$4.65

ASTILBE, PEACH BLOSSOM

ASTILBE (Perennial Spirea)

The Astilbe are sturdy, 2- to 3-foot plants with finely cut attractive foliage that remains attractive throughout the summer. Above this foliage bloom great sprays of very delicate lacy flowers. Astilbe are excellent for shade; however, they may be used in full sun if they have an abundance of water at all times. Because of this the Astilbe are most useful in the damp spots in the garden where most other flowers will not grow. Soil should be deep and rich with plenty of leaf mold and manure. Flowerfield's Astilbe are one of the hardiest of plants, standing the most severe winters.

DEUTSCHLAND The finest pure white variety, free flowering and of strong growth. An ideal white plant for your evening garden.....3 for \$1.50, doz. \$5.00

FANAL This brilliant new Spirea combines all the fine attributes of its sister varieties with a new color in Spireas — deep magenta-red. So brilliant that it commands attention. From any angle, Fanal is one of the best new plants.....Each \$1.00, doz. \$10.00

PEACH BLOSSOM Great feathery plumes of pale pink flowers. The picture at left displays its fine beauty....3 for \$1.50, doz. \$5.00

COLLECTION

One Each of the Above, Astilbes
3 Plants \$1.75

AQUILEGIA

AQUILEGIA (Columbine)

Use Aquilegia for sunny locations, or in combination with other perennials, or for partial shade where there are few really bright, abundantly flowering perennials. Soil should be good with a rich humus content. They are best grown in clumps of three or more, and flower in May and June, growing to 3 or 4 feet in height.

COERULEA Famous sky-blue Rocky Mountain Columbine. Spurs of moderate length.....3 for \$1.25, doz. \$4.00

CHRYSANTHA Bright yellow.....3 for \$1.25, doz. \$4.00

CHRYSANTHA ALBA White.....3 for \$1.25, doz. \$4.00

MIXED SCOTT ELLIOTT LONG-SPURRED HYBRIDS A really wonderful strain of the finest long-spurred type, whose colors range through every conceivable shade. These are pastel tones and rich bright colors. The plants are vigorous in growth and bear a wonderful crop of flowers.....3 for \$1.35, doz. \$4.50

CRIMSON STAR One of the finest varieties for the garden. The blooms are huge, with pure white centers set off by crimson edging and long spurs. It is unusually robust in growth, and is very free blooming.

3 for \$1.50, doz. \$5.00

HELLEBORUS

Helleborus Niger, the Christmas Rose, is the plant that blooms in the winter. A low growing plant, 12 to 16 inches high, with broad, leathery, palmlike leaves that remain evergreen. The large single white blossoms appear from December to February. Neither cold nor snow deters the plant from blooming. Extremely hardy. It may be planted in spring or fall. Water well in the hot summer and top dress with leaf mold or well-rotted manure in the fall. Left in a permanent location it will thrive for years.....Each \$1.25, 3 for \$3.50, doz. \$12.50

Light Shade

ANEMONE (Windflower)

One of our finest fall flowers, blooming in September and continuing all through October. They like a well-drained soil, but should have abundant moisture through the hot summer months. An individual plant will grow 2 to 3 feet high and give immense quantities of flowers. Best planted in full sun, though they will grow in light shade.

MARIE MANCHARD A beautiful semi-double white; early flowering. Profuse bloomer.....3 for \$1.50, doz. \$5.00

SEPTEMBER CHARM One of the earliest and best varieties. Beginning in mid-September it carries many flowers of moderate size of delicate silvery pink. Grows 2 feet high. Few flowers have the relaxed grace of this beauty.....3 for \$1.50, doz. \$5.00

QUEEN CHARLOTTE Abundant semi-double flowers, broad and perfectly formed; "La France" pink.....3 for \$1.50, doz. \$5.00

DICENTRA (Bleeding Heart)

One of the most useful plants for the spring garden. Dicentra is noted for its beauty when grown in shady spot, yet is outstanding for combining with such sunlovers as Tulips, Peonies, or the early varieties of Hemerocallis. Flowerfield has long specialized in growing Bleeding Heart, for there are few more satisfactory plants.

EXIMIA (Plumy Bleeding Heart) Beautiful, finely cut foliage covered with racemes of pretty pink flowers throughout the season. Perfectly hardy, at home in full sun or full shade and is very decorative. Height 18 inches.....3 for \$1.75, doz. \$6.00

SPECTABILIS Commonly known, Bleeding Heart, this versatile favorite is equally at home in sun or shade, or even in the greenhouse, where it forces quickly. The plants are large, 2 to 3 feet tall and often spreading 4 to 5 feet. Long, showy racemes of heart-shaped flowers on long branching stems make them one of the most decorative and useful spring-time plantsEach 65c, doz. \$6.50

ANEMONE, SEPTEMBER CHARM

CYPRIPEDIUM

CYPRIPEDIUM (Hardy Orchids)

CYPRIPEDIUM SPECTABILIS (Showy Lady's Slipper) Flower stems run 1 to 3 feet in height with large rose-purple or pure white Orchid blooms. (Illustrated.).....3 for \$2.50, doz. \$8.50

ORCHIS SPECTABILIS Called the Showy Orchid. Stems from 8 inches to a foot in height, with erect spikes carrying from 3 to 8 delightfully fragrant flowers of violet-purple, variegated with lighter purple and white. Truly an outdoor Orchid with all the exotic beauty of the tropics.

3 for \$1.75, doz. \$6.00

DICENTRA EXIMIA

Flowerfield's HARDY PHLOX *The*

FLOWERFIELD'S BASIC COLLECTION OF PHLOX

Clear, distinct colors in Phlox always highlight the border, especially when planted in clumps of three or more of a variety. To encourage liberal planting, we offer a special collection of four fine pictured varieties.

Leo Schlageter Katherine Daily Sketch Mary Louise

12 PLANTS 3 of Each Variety \$4.95

SEPARATELY LABELED

Indispensable Perennial

Hardy Phlox grow readily, require little care, flower in many different colors and are generally useful. Some varieties bloom in late June, while others bloom until fall, with great trusses of red, pink, white, bicolor and bluish lavender. They require a well-drained, deeply spaded soil enriched with well-rotted manure, or even the chemical garden fertilizers. They may be planted in fall or spring in a sunny border. Set the plants 10 inches apart. Do not let plants go to seed, for if they do, the seedlings will crowd out the parents, and unfortunately, most of the seedlings will be an unpleasant carmine.

AUGUSTA A brilliant Cherry-red that is very intense and sparkling. The foliage is rich bronzy green. A fine new Phlox. Sturdy growing, height 2 to 2½ feet. Patented.....3 for \$1.50, doz. \$5.00

B. COMPTE Rich purplish plum or wine color. A tall growing variety with large heads of satiny flowers. An excellent variety for garden background.....3 for \$1.50, doz. \$5.00

CAROLINE VANDENBURG A true lavender-blue with large individual flowers; the best lavender.....3 for \$1.50, doz. \$5.00

CHARLES CURTIS One of the newest and certainly one of the best Phlox. Bright red, it is a spot of intense color for contrast in your garden.....3 for \$1.50, doz. \$5.00

COUNT ZEPPELIN Large heads of pure white, each floret with a sharply defined eye of bright red. There is no fading or suffusing of colors. Free blooming. Considered the best of "Calico Phlox." The most popular variety of this type.
3 for \$1.50, doz. \$5.00

DAILY SKETCH A sturdy variety giving great heads of clear rose-pink, with the center bright rich rose. One of the most reliable varieties, always giving large heads of flowers, and constantly in bloom.....3 for \$1.50, doz. \$5.00

ETHEL PRITCHARD One of the most popular of the blue tones, though it is quite removed from the true blue. It is a French mauve.....3 for \$1.50, doz. \$5.00

EVA FOERSTER The picture very adequately describes this fine sturdy Phlox. The white eye just seems to "set off" the bright carmine.....3 for \$1.50, doz. \$5.00

MARY LOUISE A fine new pure white and the best in late blooming varieties. Sturdy growth with large conical heads of pure white. Unlike some of the older white Phloxes, it blooms throughout the summer.....3 for \$2.00, doz. \$6.50

MISS LINGARD Blooming earlier than other Phloxes, this old variety is one of the best whites. Large panicles of florets, centers of which have just the faintest suggestion of pink. Begins to bloom in June.....3 for \$1.50, doz. \$5.00

PAINTED LADY Not as dark as illustrated, Painted Lady's florets are actually several shades lighter pink although the eye is a splendidly contrasting deep red, hence the name Painted Lady.....3 for \$1.50, doz. \$5.00

ORANGE BEAUTY A vivid orange-red, probably the best of the light red shades. The head is very globular in shape, heavy with tightly packed large florets.....3 for \$1.75, doz. \$6.00

SALMON GLOW Lovely flame-pink, with a suffusion of cameo-orange, softened by lilac and white centers. An unusual effect is a delightful orange-pink.....3 for \$1.50, doz. \$5.00

VON LASSBURG Free flowering tall white blooming in mid-season. The height of this large flowered variety is very acceptable as a background plant.....3 for \$1.50, doz. \$5.00

WIDAR The violet florets have a clear white eye which creates a most unusual effect. Widar is of medium height and good habit.....3 for \$1.50, doz. \$5.00

KATHERINE Without question our strain is the finest blue Phlox to date, making Katherine indeed a welcome addition to our gardens.
3 for \$1.50, doz. \$5.00

LEO SCHLAGETER The best and most brilliant red Phlox. Large scarlet blooms that seem to glow like fire. A fine sturdy grower, seldom bothered by disease or rust. Of splendid free-flowering habit with large trusses on 3-foot stems.
3 for \$1.50, doz. \$5.00

Fragrant Perennials

These lovely new fragrant perennials will bring much added enjoyment of the garden in delighting the sense of smell as well as the eye. Reminiscent of the old-fashioned herb gardens, which are again becoming quite popular, these lovely fragrant flowers have great charm. Excellent as edgings for borders.

ROYAL ROBE This is a glorious variety, a lustrous shade of deepest violet-blue, whose picture speaks for itself. The blossoms are moderately fragrant and open like a Pansy. A few plants will furnish quantities of bloom on stems often 12 inches in length.

3 for \$1.75, doz. \$6.00

VIOLET, WHITE QUEEN

SWEET SCENTED VIOLETS

Clumps of dark green heart-shaped leaves surmounted with sweetly scented Violets. Although they will thrive in the sun, they are invaluable for planting in shaded areas and woodlands. Blooms in early spring and again in late autumn.

PRINCE OF WALES A rich, deep purple, sweetly scented, with large blooms. This best of the purple varieties flowers in May and usually again in the cool weeks of the fall. Height 6 inches. 3 for \$1.35, doz. \$4.50

ROSINA Deliciously fragrant flowers of pink or old rose. Not as large as the blue types, but usually flowers again in the late autumn.

3 for \$1.50, doz. \$5.00

WHITE QUEEN The finest white violet, bearing large flowers high above the dense foliage. This variety is a necessary contrast to the deeper colors; it combines exceptionally well with any of the above. (Illustrated.)

3 for \$1.50, doz. \$5.00

DIANTHUS,
OLD SPICE

VIOLET COLLECTION

3 Each of the Four Varieties as Described
12 Plants \$5.00

from Flowerfield

A charming small garden of fragrant herbs is made up of the perennials listed on these pages. The illustration shows these plants in an informal border that surrounds the center geometric design of clipped Germander and Santolina. In addition are the fragrant annuals (from seed) of Sweet Alyssum, Cornflowers and Larkspur. A garden of spicy sweet fragrance.

A FRAGRANT HERB GARDEN

HARDY CARNATIONS

These new hybrids, as a result of cross breeding, are not only hardy but also perpetual flowering. In bloom throughout the season, providing an invaluable source of cut flowers.

CRIMSON KING Dazzling crimson flowers on stiff stocky stems long enough for cutting. Crimson King is exceptionally hardy. Height 15 inches..... Each 65c, doz. \$6.50

MIXED SHADES Lovely pastels, crimson and dark red flowers. All fine for cutting and border use.
3 for \$1.25, doz. \$4.00

DIANTHUS

OLD SPICE One of the finest of the new perennials to be introduced in recent years. Completely hardy, the compact plants about 12 inches tall, produce as many as 20 perfectly formed flowers on a single plant. The salmon-pink blooms are deliciously fragrant. A splendid border plant. Patented.
3 for \$1.50, doz. \$5.00

LATIFOLIUS, BEATRICE An everblooming cluster Pink with a spicy pungent fragrance that is as at home in the border as in the rock garden. Pure pink flowers are borne in clusters atop strong wiry stems all summer long. Height 1 foot.....3 for \$1.35, doz. \$4.50

LAVENDER

An old-fashioned fragrant shrubby perennial that has been grown for centuries in the herb garden. Flowers may be dried for sachets.

VERA The true Sweet Lavender. Grows about 18 inches high with hoary silvery grey foliage and erect spikes of delightfully fragrant blue flowers. Blooms in July and August.
3 for \$1.35, doz. \$4.50

MINIATURE HEDGES

For neatness and formal design, the Miniature hedge is most desirable in the small garden.

These hardy, almost evergreen plants of shrub-like form may be clipped to form a hedge not more than six inches high. Excellent to use as shown as well as edging the rose beds or paths and walks.

GERMANDER (Teucrium Chamaedrys) Dark green foliage.
3 for \$1.35, doz. \$4.50

SANTOLINA Grey foliage.....3 for \$1.35, doz. \$4.50

DELPHINIUMS

Known and universally admired for their stately, handsome habit and unmatched beauty. Delphiniums are widely used in the border for tall spikes to lend beauty to the garden as a whole, and also for cutting. If the flowers are cut in June, secondary growth will flower in September.

PACIFIC COAST HYBRIDS

Field Grown Plants

In size of flower, range of color, formation of blooms, and cut flower value, these are the finest strain of Delphiniums in existence. Individual florets measure 2 inches or more across, with practically all of them fully double and finely formed. A variety of "bees," some pure white, others in dark tones, add to their undoubted appeal. Colors vary from pale self-blues through light tones, two-tones, pink shades, lavenders, to really deep blue.

Black Knight Deep violet, black "bees"

Blue Jay Dark blue, dark "bees"

Galahad White Series Pure white, white "bees"

Guinevere Series Light lavender-pink, light blues "bees"

King Arthur Deep blue and blue-violet, white "bees"

Summer Skies Series Azure-blue, with white centers

Any of the above varieties.....Each 65c, 3 for \$1.80, doz. \$6.25

ROUND TABLE SERIES Mixture of the above 6 varieties.
3 for \$1.65, doz. \$6.00

EXHIBITION DELPHINIUMS

An unusually sturdy strain adapted to garden use, where a vigorous constitution and long life is desirable. The color range is quite comprehensive, covering all shades of blue, light blue, violet and lavender tones, with tall, heavy spikes of fine form.

Blue and Light Blue Tones.....3 for \$1.50, doz. \$5.00

Violet and Dark Blue Tones.....3 for \$1.50, doz. \$5.00

White3 for \$1.50, doz. \$5.00

BELLADONNA, CLIVEDEN BEAUTY Easily grown in almost any situation, succeeding in warm parts of the country where hybrids "peter" out, Belladonna grows about 3 feet tall, in one pure tone of clear light blue. Invaluable for cutting3 for \$1.35, doz. \$4.50

BELLAMOSA Identical in habit and size to Belladonna, but of a rich dark blue.....3 for \$1.25, doz. \$4.00

HARDY ASTERS

FLOWERFIELD Hardy Asters are invaluable for that late between seasons lull in the garden. Blooming between the last of the summer perennials and the late fall Chrysanthemums, these colorful Daisy-like flowers fill many a void. With varieties that vary in height from one to five feet, they may be used for edgings, center, or background of borders. They grow in any soil and persist for years, really worth-while addition to any garden.

BLUE GOWN A beautiful shade of pale-blue with almost double petals. It is free-flowering and is the finest in its color range.
3 for \$1.50, doz. \$5.00

BEECHWOOD CHALLENGER Free flowering, of medium height, and brilliant crimson-red color. 3 to 4 feet. Undoubtedly today's finest red Aster. One of the most brilliant colors of the hardy Asters.
3 for \$1.50, doz. \$5.00

CLIMAX One of the best and showiest with large spikes of light lavender-blue flowers. This tall variety blooms very freely and by its height is a highlight of the garden. Grows to 5 feet.....3 for \$1.50, doz. \$5.00

MOUNT EVEREST By far the finest and best white. Flowers are large, pure white, with a very small eye. In growth the plants are shapely, with the flowers carried right down to the ground. 3½ feet high.
3 for \$1.35, doz. \$4.50

HARRINGTON'S PINK One of the finest of the fall Asters and the only one that is really a pure pink in color. The plants are shapely in habit, growing about 3½ feet tall. Great sprays of blooms are carried, with individual florets of large size, suitable for cutting
3 for \$1.50, doz. \$5.00

ROYAL BLUE The deepest and best blue; a good strong grower that blooms quite early. The early bloom is a glorious harbinger of the beauty to come in hardy Asters. Medium height, about 3 feet.....3 for \$1.50, doz. \$5.00

VIOLETTA The picture describes this lovely Aster. The bush pictured is about 2 feet high. It is truly in a class by itself. The blooms are so close together that the foliage is not visible in the mounds of color. Violetta fits into any garden, large or small.
3 for \$1.75, doz. \$6.00

ASTER COLLECTION

Mt. Everest Beechwood Challenger Violetta
Harrington's Pink

ALL FOUR, One of Each \$1.75

ASTER, VIOLETTA

ASTER FRIKARTI WONDER OF STAFFA

The most useful of all hardy Asters. Established plants begin to bloom in late June and continue right through until hard frost. They are excellent to combine with hardy Chrysanthemums and are perfect for cutting. The flowers are large, measuring as much as 2½ inches across and are borne continuously and in great numbers all season. The foliage is distinct and attractive, making an excellent background to the flowers. Developed plants about 3 feet high and 2 feet broad. Plant on high, well-drained soil. They do not like low-lying locations or heavy soil.

3 for \$1.75, doz. \$6.00

SELECTED HARDY CHRYSANTHEMUMS

The following large-flowered Hardy "Mums" have been selected from the very best new hybrids, and the most rugged of the old favorites. Their color range is comprehensive, containing bright, warm colors that add glow to the Autumn Garden, light pastels for cutting, and russet and bronze tones without which Fall is not complete.

Chrysanthemums are of easy culture, and if planted this Spring, will give huge clumps of blooms beginning in September and continuing until hard frost. For best results, "Mums" should be planted in a slightly elevated, well drained location. We ship only the finest heavy-rooted pot plants. (These prices include shipping charges.)

TALL DOUBLE FLOWERING CHRYSANTHEMUMS

AVALANCHE Possibly the finest white chrysanthemum for the garden. Large, double, pure white blooms carried on well branched sprays. Height 2½ feet. Flowers late September.....Each 50c, 3 for \$1.45, doz. \$5.00

AUTUMN LIGHTS Pale copper colored duplexed (semi-double) blooms with a bright orange overcast. Healthy and attractive green foliage. Of compact and tidy growth, 1½ feet, blooms in late September.

Each 50c, 3 for \$1.45, doz. \$5.00

CALIPH Deep clear red, double blooms. Plants are tall (3 feet) vigorous and free blooming.

Each 45c, 3 for \$1.30, doz. \$4.50

CYDONIA Deep orange red with a bronzy overcast. Long full sprays of flowers of brilliant color. Height 2½ feet and at its best early in October.

Each 55c, 3 for \$1.00, doz. \$5.50

EMBER Pale copper bronze of delicate hue. Early blooming, medium tall.

Each 45c, 3 for \$1.30, doz. \$4.50

EUGENE A. WANDER A brilliant glistening golden yellow beauty in full bloom by September 20th; one of the earliest of the large flowering "mums" to bloom. Of medium height about two feet, the plant is almost hidden by its branching clusters of perfectly formed double flowers. An excellent variety.....Each 55c, 3 for \$1.60, doz. \$5.50

INDIAN SUMMER Copper red with a golden reverse. These double flowers are produced very freely on the tall well branched plants. A lovely autumn color. Bloom early October.

Each 45c, 3 for \$1.30, doz. \$4.50

KING MIDAS Still one of the best and most satisfactory chrysanthemums. The large perfectly formed double flowers are bright golden yellow. Plants are tall (3½ feet), well branched.

Each 45c, 3 for \$1.30, doz. \$4.50

LAVENDER LADY The huge double blooms are clear lavender that combines beautifully with almost any other variety. Has an extremely long flowering season. Plants are tall (3 feet), hardy, and free flowering.

Each 50c, 3 for \$1.45, doz. \$5.00

MILKY WAY The milky white duplexed blooms are shown in the lower center of the picture. The handsome semi-double blossoms are carried in branching sprays. The plant is very hardy, vigorous, and more frost resistant than any other early white kind. In flower late September. Height 3 feet.

Each 50c, 3 for \$1.45, doz. \$5.00

MRS. PIERRE S. DUPONT III A soft delicate fawn peach color as illustrated. The large, full, perfectly formed flowers are carried on tall branching stems, making a stunning 2½ foot plant. Blooms early October.

Each 50c, 3 for \$1.45, doz. \$5.00

PALE MOON The color of this variety is a pale creamy yellow, and one of the finest of the light colored mums. beautiful for cut flower arrangements. 2½ feet. Blooms early October.

Each 45c, 3 for \$1.30, doz. \$4.50

POLAR ICE The earliest white chrysanthemum. Pure white double flowers on plants 18 inches tall. Very free flowering, blooming until hard frost.

Each 50c, 3 for \$1.45, doz. \$5.00

SYMPHONY An unusual color tone of deep old rose; the incurved petals are reversed with gold. The perfectly-formed double large blooms are carried in sprays on tall graceful plants. Height 2½ feet, blooms early October.

Each 50c, 3 for \$1.45, doz. \$5.00

THE MOOR Deep burgundy red of vibrant color. Splendid for the background of the border, and very free flowering. Bloom early October.

SPoon CHRYSANTHEMUMS

SPoon CHRYSANTHEMUMS

Spoon Chrysanthemums are an unusual novelty that is quite the newest type of "Mum." Flowers are full sized, but the petals are tubular with the tip of each flaring into a distinct spoon shape. Interesting in the garden, and unusual material for flower arrangements. Plants are well branched and very floriferous, height 2 feet. We especially recommend them for gardens that enjoy a long, late fall, allowing full development of these October blooms.

PINK SPOON A lovely novelty. The flowers are a fine pure pink, single in form with very large "spoons" at the end of each petal. Each 50c, 3 for \$1.35, doz. \$5.00

YELLOW SPOON Pure lemon-yellow "stars" are these fully double beauties. This is the best of the spoon Mums for garden display. Each 50c, 3 for \$1.35, doz. \$5.00

WHITE SPOON Fine double flowers, the center a mass of quills. The spoons are small, the tubular petals standing out stiff and straight. The center is cream-yellow, outer petals pure white. A burst of sunshine. Each 50c, 3 for \$1.35, doz. \$5.00

BUtTON CHRYSANTHEMUMS

Clusters of tiny button-like flowers carried on long full sprays on tall upright plants growing up to 3½ feet. Excellent for the border and made to order for boutonnières.

GOBLIN One of the best of the "buttons." An extremely floriferous, well-branched plant of fine bronze-colored miniature flowers. Each 50c, 3 for \$1.35, doz. \$5.00

IRENE Pure white miniature flowers in large clusters. Grows to medium height, 2 feet. Very early blooming. Each 50c, 3 for \$1.35, doz. \$5.00

NUGGETS Tight golden flowers in large clusters. The brightness of this yellow stands out beautifully in the fall garden. Each 50c, 3 for \$1.35, doz. \$5.00

RUBY POMPON A clear dark red is the brilliant color its name implies. Grows only to medium height (2 to 3 feet). Each 50c, 3 for \$1.35, doz. \$5.00

THE CUSHION

First brought into prominence a few years ago, this class of dwarf spreading Mums is today extremely popular. They grow 15 inches high and as much as 2 feet across, forming solid mounds of flowers

ACE CUSHION Best of all Cushion Mums, Ace Cushion's brilliant sun-yellow flowers grow in great profusion. Used as a ribbon border, these golden flowers will give warmth to your fall garden.

Each 50c, 3 for \$1.35, doz. \$5.00

DEAN KAY Semi-double, deep pink, flowers on compact plants. One of the earliest to bloom in September. Illustrated on back cover. Each 50c, 3 for \$1.35, doz. \$5.00

DEAN LADD Double and semi-double flowers of deep bronze shade. Illustrated on back cover.

Each 50c, 3 for \$1.35, doz. \$5.00

LAVENDER LASSIE This is the soft lavender color of Lavender Lady pictured on page 43. The flowers are small and double, and seem to smother the plant. Grows about 20 inches high and spreads to a wide bushy plant.

Each 50c, 3 for \$1.35, doz. \$5.00

CUSHION CHRYSANTHEMUM

MUMS

almost entirely hiding the foliage. A single established plant often has a thousand lovely flowers, beginning in August and continuing until hard frost. Splendid for low borders or edgings.

MAJOR A superior variety of Cushion Mum. The color is a clean clear pink. The plant branches very readily and is very floriferous. One of the best pink Mums ever offered.
Each 50c, 3 for \$1.35, doz. \$5.00

MARJORIE MILLS One of the newest introductions, Marjorie Mills is deep crimson when opening, shaded burnished chestnut in full bloom, later becoming suffused with rose and bronze tints. A cheerful note for your autumn garden.....Each 50c, 3 for \$1.35, doz. \$5.00

MY LADY Double and semi-double flowers of golden yellow. Illustrated on back cover.
Each 50c, 3 for \$1.35, doz. \$5.00

SANTA CLAUS The nearest approach to a real red in the flower-covered Cushion type Chrysanthemum, it is a brilliant border accent to your evergreen plantings in late September or early October.
Each 50c, 3 for \$1.35, doz. \$5.00

CUSHION POMPON, SEPTEMBER GOLD

SEPTEMBER BRONZE The warm bronze tints of autumn are beautifully reflected in the shapeliest little pompon blossoms. Quantities of these beauties simply cover the plant from mid-September on till killing frost. The mass color effect is excellent, there is no jaded appearance at any time.....Each 50c, 3 for \$1.35, doz. \$5.00

SEPTEMBER CLOUD Deep drifts of beautifully rounded blossoms, purest white shading to faint primrose in the center, contrast beautifully with the dark green foliage. The plants are nicely rounded, compact and completely covered with flowers from mid-September until frost.....Each 50c, 3 for \$1.35, doz. \$5.00

SEPTEMBER GOLD Brilliant golden yellow blossoms, trim and neat, twenty-five or more to a spray, completely cover the shapely, well-rounded plants by mid-September and go on until the season's end. Colorful mounds, 18 inches in height — much wider — the first season. Illustrated.....Each 50c, 3 for \$1.35, doz. \$5.00

WHITE CUSHION A white Cushion Mum, flesh colored upon opening, quickly turning to a clear white.
Each 50c, 3 for \$1.35, doz. \$5.00

CHRYSANTHEMUM MAXIMUM

SHASTA DAISIES

Shasta Daisies are extremely popular, and are very widely grown for their abundance of pure white Daisy-like flowers during the summer months. Shasta Daisies require a deep rich soil in a sunny location. They can remain in one spot indefinitely without attention.

ESTHER REED The finest double Shasta Daisy, ideally suited for cut flowers is now widely grown by florists for that purpose. The flowers are pure white, fully double, with a heavy, slightly tufted center, 18 inches high.

Three \$2.00, doz. \$6.50

CHRYSANTHEMUM LEUCANTHEMUM, WHITE SWAN A somewhat smaller-flowered form of the popular Shasta Daisy. White Swan blooms in May and has earned the name of Memorial Day Double Daisy. Lovely, double white flowers in great profusion with as many as twenty to thirty flowers on a plant. Height 2½ feet.

Three \$1.50, doz. \$5.00

EDGEBROOK DAISY A very large flowering single, that is very similar in appearance to the white Daisy, however, much larger in size. It is one of the best of the single-flowered types of Chrysanthemum Maximum.

Three \$1.50, doz. \$5.00

MOUNT SHASTA

MARCONI

MARCONI New form of the Shasta Daisy. Golden centers, surrounded by raylike tubular petals, giving the entire flower a graceful, frilled effect. Flowers measure 3½ inches across, with stems 2 feet tall.....Three \$2.00, doz. \$6.50

MOUNT SHASTA The pure white fully double flowers have a high crested center and average four inches across or more. A double row of overlapping guard petals enhance the beauty of this fine double Daisy. The flowers come singly on stiff 24-inch stems from spring until frost. Especially fine for cutting. Mount Shasta in our opinion is a top notch plant, a healthy vigorous grower.

Each 65c, 3 for \$1.75, doz. \$6.50

The New ENGLISH CHRYSANTHEMUMS

The New English Chrysanthemums are a new development in Chrysanthemum culture that are deserving of trial, and are a challenge to the gardener's skill. The blooms are so large and striking that they can be grown to equal the size of the greenhouse grown Chrysanthemums. Soil requirements and locations are similar to the regular garden mums but the New English mums require a longer growing season than is present in many Northern gardens. With extra care in disbudding, they will develop into the most beautiful and spectacular of outdoor grown flowers. The plants grown here are 30 to 36 inches tall. Special cultural instructions will be enclosed with each order.

ALABASTER A very early white of large size and good substance. Slightly incurved and will grow five inches across if disbudded. Every mum collection should have this one. Blooms Sept.-Oct. Illustrated.....Each 65c, 3 for \$1.80

ALBRETON BEAUTY Pale copper with gold reverse. This large deep ball shaped flower has graceful incurved petals. One of the earliest to bloom. Plants medium tall.....Each 60c, 3 for \$1.65

BALCOMBE GOLD A bright old gold, not a yellow, more tawny. A color hard to describe. Petals are incurved and the flowers are really large if disbudded. October blooms.....Each 60c, 3 for \$1.65

COPPELIA A bright glistening copper red with gold reverse. The well rounded double blooms have tightly incurved center petals with gracefully formed outer petals. Flowers are really large if disbudded Very striking. Illustrated.....Three 60c, 3 for \$1.65

CORAL QUEEN A bright coral whose petals are dull gold on the under side. Good in sprays and can also be disbudded for extra large flowers. Blooms early.....Each 65c, 3 for \$1.80

FORWARD An exhibition variety that blooms 6 inches across with stiff petals incurved at the tips. A silvery peach pink; a real beauty. Height 2½-3 feet. Blooms in early October.....Each 75c, 3 for \$2.00

FREDA A beautiful bright mauve pink with a pale cream reverse. Very lovely for cutting. Can be disbudded but is equally good grown in sprays. Makes a great wealth of flowers, and very resistant to frost. One of the loveliest varieties that we have ever grown. Blooms Sept.-Oct.....Each 60c, 3 for \$1.65

GOLD STANDARD This is a true early disbudding variety. The color is as deep as it is possible to get in yellow. Does not fade in the sun or rain. The blooms with broad florets may be grown up to 7 inches across. Recommended to early exhibitors. Sept-Oct. blooming.....Each 60c, 3 for \$1.65

LEDA A large heliotrope pink. Flowers are 6 inches across when disbudded, also good grown in sprays. Beautifully rolled petals. Stems are extra strong. October bloom. Illustrated. Each 65c, 3 for \$1.80
