CHRYSLER IMPERIAL

All America Winner for 1953

Chrysler Imperial

PAT. 1167

AMERICA'S FIRST TRULY RED ROSE

The CHRYSLER IMPERIAL ROSE is unmatched by any other red rose. Its vivid, rich tones of crimson are enhanced by darker overtones of glowing ox-blood red, and the gem-like lustre of garnet in the folds *retains* its sparkling beauty.

Long, tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 and 50 wide petals. These are borne on sturdy, medium long stems. The opening of each rose is a thrilling spectacle of changing, iridescent shades of red.

The flowers are very sweetly scented with true rose fragrance.

In growth, Chrysler Imperial Rose is compact and Symmetrical. Its abundant, dark green, semi-glossy, disease resistant foliage gives the bush the appearance of a handsome garden shrub.

**Warmest, Richest, Most Radiant Yellow Ever
Captured in a Rose**

Sun Valley

PAT. 1135

SUN VALLEY

At last—in "SUN VALLEY"—Germain's presents the warmest, richest most vibrant yellow ever captured in a rose.

Its true guinea yellow holds their magnificent brilliant tone in open blooms for *days*—even in bright hot sunshine—*without a trace of fading!*

The full, beautifully shaped buds open to large, strong and lasting blooms on long straight stems. The foliage is disease resistant and its vigorous, shining dark green tone forms a perfect foil for the golden flowers borne in season-long profusion.

Rose growers, from coast to coast, inconclusive trials, have found "Sun Valley" the purest, non-fading yellow rose—and one that holds its pure color better—than any yellow rose they have seen.

For masses of dazzling sunshine in your garden all season—and long lasting brilliant yellow bouquets—"Sun Valley" should be a "must" on your rose list.

(Pat. 1200)

MOST UNUSUAL HIGHLY COLORED ROSE EVER OFFERED!

And finally, in all of its 50 to 55 petaled glory, Easter Parade emerges a gorgeous light crimson rose with delicate yellow tonings, beautifully complemented by its shiny, vigorous dark green foliage.
