Gladiolus Price List

APRIL 1938

This List Supersedes All Previous Lists

Do not use an old list. There are many changes in this one.

Where prices have been raised orders will not be accepted at the old price.

Please read pages 2 and 3 before making out order.

Champlain View Gardens

ELMER GOVE

BURLINGTON, VT.

PLEASE READ CAREFULLY

Do not change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

EXTRAS ON CASH ORDERS. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not Apply to Collections, Special Offers or Wholesale prices or New Introductions. See next page.**

TO MAKE OUT YOUR ORDER put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

On all orders of \$15.00 or more I will put in a bulb of one of the premium bulbs listed on next page, **Palmer Seedling No. 30112 or Palmer Seedling No. 30114.**

On orders of \$30.00 or more I will put in a free bulb of **Sari** listed on next page.

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, except collections, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one.

Packages of bulbets run from twenty-five to fifty or more. We give very good value.

You can have 3 bulbs at the 10 rate; 25 at the 100 rate. But no single items for less than 10 cents.

Please do not send us orders of under \$1.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them.

I GUARANTEE SATISFACTION, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

SPECIAL QUOTATIONS. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another.

REMEMBER in buying bulbs price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

IF YOU WANT TO PAY TRANSPORTATION and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want bulbs sent by mail it is better to let us send them **C.O.D. for the postage**, then we know the postage is correct and I will give you more than enough bulbs to make it up. People who send stamps or cash for the postage seldom send enough. Besides when the customer sends money for us to pay the postage or express it makes us a lot of extra work and disrupts the whole office routine.

ON FAIR SIZED ORDERS, EXPRESS is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

EXTRAS. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulbets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

Please give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale tho I usually put in something new to try anyway.

Premium Bulbs Free

SARI. PALMER SEEDLING No. 30151. Clear rhodamine purple. A very beautiful color. Very early. 5-6 open. Medium size. A good one. A bulb of **Sari** given with an order of **\$30.00 or more.**

30114. PALMER SEEDLING. A very early brilliant red with white line on lip. Large size. 5-6 open. The best early red I know of.

30112. PALMER SEEDLING. A sister seedling of the above. A beautiful bright red opening 6-8 fine well placed blooms at a time. A fine variety

With a **\$15.00 order** I will give a bulb of either one of the above seedlings and this fall the one that has the most good reports on it **will be named.** Perhaps both will be named as they both are certainly worthy of names. **If anyone who receives one of the bulbs suggests a name that is finally given it, I will give that person five bulbs of the variety.**

HELENA. If you prefer a bulb of **Helena** to any of the above varieties as extras I will put it in. I consider **Helena** one of the very finest varieties.

WHEN CORRESPONDING ABOUT A PREVIOUS ORDER, PLEASE GIVE ORDER NUMBER. IT SAVES US A LOT OF TIME.

EARLY ORDERING IS URGED. Some items listed in this list will be sold out before Spring. Every year people postpone their orders until some of the things they want are gone. From inquiries that are coming in it looks as if business this year would be the best ever.

"Have tried out a number of your Palmer varieties. I especially like Beacon, Amberglow and Vagabond Prince, Beacon surely displaces Wurtembergia, Pimpernel and others in the red with light blotch class. "A few lines to thank you for the grand bulbs I have received from you in the past. Am listing a few that did very good for me the past year that I received from you. Amberglow was very fine. Sandra, the premium bulb, was great. When I dug them I got 4 good size bulbs and 107 good size bulblets. Beacon was the finest bloom in my garden. Maytime was a very good pink."

"Received shipment of my recent order of glad bulbs in A-1 shape. Thanks a lot for the fine count and for the Palmer extra bulb. You certainly grow fine bulbs. Our bulbs around these parts are flat crowned. I noticed these of your growing have exceptional high crowns."

"Last year I tried out six of the Palmer varieties; and while all were good I thought Symphony decidedly the best of the lot. Planted on a very light soil; and with an unusually hot and dry season, the spikes were nearly perfect. I can't see what more anyone could ask for in a pink glad."

"Amberglow was fine for me and the petals were seemingly unaffected by the hot sun. Symphony was good and Duna was outstanding. In my opinion this is one of the very best for the home gardener and I see no reason why it shouldn't be an excellent commercial. Picardy, Bagdad and Rapture are so well known that I don't need to mention them."

50 Cent Specials

No. 45

To get good blooms it is not necessary to plant large bulbs. You can produce very acceptable flowers from small bulbs and often medium size ones will give you very nearly as good bloom as the largest bulbs. By planting all sizes of the same variety at the same time you will have bloom from that variety over a long period as the small bulbs do not bloom so early. Many people like to do this so they can have the blooms of their favorite varieties over a long period.

I am offering these 50 cent specials consisting of very good value in various size bulbs in the list below.

If you want some bulbets in place of part of the bulbs just mention it, otherwise I will put in all bulbs in different sizes.

There are not the same number of bulbs in each variety because some are a little higher priced than others but you will get big value in all of them.

Remember each 50 cent special is only one variety. In past years some customers have thought they were going to get an assortment of all the varieties for 50 cents.

Any five lots for \$2.25. Any ten lots for \$4.00 or any 15 for \$5.75. In addition to this I will put in a bulb or two of something good for you to try out.

Creve Coeur

(YOUNG) (Dec) (100) This is a new variety that I missed in my catalog. One that I tried out this past season for the first time and found it a very remarkable variety. It is a smoky burnt orange with a large red blotch tipped with yellow. Very strong healthy grower, good propagator, very tall and straight with seven blooms open. It is extremely showy and attractive. One that will attract you from way across the field. I am sure that you are going to like Creve Coeur and will want more later. I like this variety so well that I have bought half the stock. Prices are as follows:

	No. 1	No. 2	No. 3	No. 4	No. 5	No. 6	Bulblets
Each	.50	.40	.35	.30	.25	.20	.10

Euphorbia Corolata (FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on nearly any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

In the northern states I would suggest Euphorbia be planted early in the spring. In the south or where it does not freeze hard, fall planting would be perfectly all right.

Though Euphorbia is easy to handle, and there should be no reason for it not doing well, I have had some complaints about the roots not growing. I don't know why this is because if they are planted at once and given a good watering they should all grow. I have had no trouble with them myself. But in as much as I have had some complaints I no longer guarantee the roots. I do give good strong healthy roots and if given half a chance they should grow but if they do not grow I shall not be responsible.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment.

100 roots \$6.00 f.o.b. with 50 at the 100 rate.

Pure Vermont Maple Syrup

Griddlecakes or Waffles and Syrup. Um! Um!

If you have never eaten the pure unadulterated Vermont Syrup you don't know what you have missed. The black blended concoctions sold thruout the country as Maple Syrup are not to be compared with the real Vermont Syrup any more than Halley is to be compared with Picardy. Then a lot of Vermont Maple products are not of good quality. I am a connoisseur of good syrup and send out only the best grade such as I would eat myself.

A gallon of syrup or some sugar would make a fine Christmas present. Send me your addresses and Christmas cards and I will take care of your orders for you.

Prices are F.O.B. Burlington. A gallon can be sent as far south as Virginia for 35 cents and to the West Coast for \$1.00. The Express companies make a special rate on Maple products. Parcel Post costs much more. A gallon of syrup weighs 13 lbs. packed for shipment.

1 Gallon \$2.75

½ Gallon \$1.50

1 Quart 90 cents

A case of 12 Pints \$4.50

A case of 12 Half-pints \$2.75

MAPLE SUGAR. 2 oz. cakes 60 cents a lb. 5 lb. pail soft sugar \$2.50.

MAPLE CREAM, a delicious cream that can be spread. 1 lb. tins 65 cents. 5 lb. tins \$2.65

See page 9 of the Catalog for other Maple Products.

A Few Varieties That Are Fast Becoming Popular

VAGABOND PRINCE. This seems destined to become the most popular Palmer variety since Picardy was introduced. Have sold large quantities of it and everyone who sees it is wild about it. When it gets down cheap it will be sold in immense quantities. Now is the time to stock up.

BEACON. This is another one that won a prize at the Iowa Show last year for the best spikes in the show and that after being shipped from Burlington. This is going to be a very popular variety.

AMBERGLOW. For sheer beauty I think this is the finest yellow in existence. Golden Goddess will make a longer and larger spike and for exhibition is probably the best yellow to be had but I don't know of a yellow that is so beautiful as **Amberglow**.

DEBONAIR. Preferred by many to the famous Picardy as a cut flower variety. No. 1 about sold out but still have the other sizes.

DUNA. Stands the heat and unfavorable conditions better than most any other variety.

HECTOR. An early salmon scarlet that is going to be heard from.

JALNA. One of the very finest smokies.

JONQUIL. Deepest clear yellow in existence.

PREMIER HENRY. Not so tall as some but no ruffled pink can touch it for beauty.

RAPTURE. Very fine commercial light salmon. Tremendous propagator and makes large bulbs.

REGENT. The finest growing light red that I have ever seen. Don't think there is any question but that this is the coming commercial and I don't know of anything better for an exhibition red either. Here is what **John Majeski of the Redwood Nurseries, Oregon** says. Mr. Majeski is one of the best growers in the country and considered one of the leaders in the gladiolus industry. He says:

"Regent is the best red I know of. Had several perfect spikes last summer. Sure to replace Bennett as a commercial."

—JOHN T. MAJESKI, Oregon.

Bulblets of Regent are sold out for this season but we have a few nice bulbs grown from bulblets.

SYMPHONY. The growers are stocking up with this light rosy pink with cream blotch. A comer.

Palmer Varieties of Last Year and This Year's Introductions

I don't believe any hybridizer ever introduced a better list of varieties in two years than those we put out in 1937 and I am introducing in 1938.

AMRITA. Introduced last year is one of the most beautiful gladiolus I have ever seen.

BARCAROLE. Though not so large as some is ruffled and in a class of its own as to beauty.

CAMELLIA. A very fine blotched blush white.

RECADO. An exhibition smoky that will open up eight or ten large blooms.

The varieties we are introducing this year are also in a class by themselves.

Just read over the descriptions in the catalog and you will get a very good idea of these. **Aladdin** especially is a real wonder gladiolus and a fine propagator.

To growers only we are selling 10 bulbs of the new \$10.00 introductions for \$60.00. Regular price to the public are \$10.00 each but to the trade are 10 for \$60.00. Can give you any size bulb. This includes the Palmer varieties and **Timbuctoo**, **Lutex** and **Mauvette** that I am introducing for other growers.

"Words fail me to express the real beauty of the flowers I grew from your bulbs last year. Picardy was what I bought but you sent me Pinnacle, Debonair and Edith Robson for trial. They all grew so well for me that I thought it was just a matter of taste which was the better of the four. Each variety has been picked as the best by different people that visited my garden."

—G. B. DICKINSON, Mass.

"I was more than pleased with the collection that I received last year both in quality and count."

—JOHN MAGILL, Mass.

"Enclosed please find picture of a spike of Lady Winsome which I got from you last season. I am 5 ft. 9½ inches tall and this spike was 6 ft. 4½ inches with seven open. Lady Winsome is the tallest of all my varieties. It sure makes a hit with all who have seen it."

—WALTER FRIEDRICH, Wis.

TO GROWERS

Why not grow some glads to sell at a roadside stand or to the florists in your locality? We have good stocks of Debonair, Duna, Edith Robson and a number of others in medium and small sizes. If you are interested in growing and buying in quantity send for my jobbers list. However this is not for the retail trade or anyone buying only a few hundred. Or if you have a large order of wholesale items send your list and possibly I can make you a special price. Or if you want my special closing out list at the end of the season drop me a card.

"Your glads have been the one plot in my garden admired by every one."

—MRS. F. K. BIGGS, N. C.

EARLY VARIETIES

I still have a fair supply of Mibloom, Al Smith, Excellence and Miss Bloomington. The early ones are the ones that pay the commercial grower.

If you want one of the very earliest and largest and a fine all-around flower try **COLOSSUS**.

"Amberglow was gorgeous. I hope to have it in quantity sometime. I was delighted with every bulb I ordered and every extra you sent me."

—MRS. M. W. GRAY, Maine.

MY UNLABELLED COLLECTIONS

If you are not a real dyed-in-the-wool gladiolus fan but just want a beautiful garden of glads I cannot recommend too highly my **No. 1, No. 1A, No. 2 and No. 3 collections**. These are mostly the same varieties that are listed in the catalog but are not labelled.

For those who want a very low priced collection but just as good as the others as far as varieties go I can give you **100 small bulbs for \$1.00**. This is the same as the No. 1 and No. 1A but in small sizes. Most of these will bloom and give a very good account of themselves. You can't do better at a low price than to get this No. 1B collection. This is not listed in the price list but I am offering it here. You will be surprised at the bloom you will get from these bulbs.

"My bulbs arrived in excellent shape and I never saw a more healthy and plump looking bunch of glad bulbs than these. Sure should have some good bloom this summer."

—A. S. KNIGHT, N. Y.

PLEASE GIVE US A LIST OF VARIETIES TO SELECT EXTRAS FROM.

Thus you will get the kinds you want and it will save us a lot of time and you will not get varieties you already have or care nothing about. And here is a tip: you will get more extra bulbs.

DAY LILIES. The new Betscher Hybrids. Absolutely hardy and free from disease and insects of any kind. About the easiest and most fool-proof plant you can raise. As beautiful as a lily. Colors range from light yellow to deep orange and bloom over a period of two months. The price of these lilies has been \$1.00 or more each. I will sell one root each of six different varieties comprising different colors and blooming season for \$3.00. April delivery. Varieties not labelled except as to color and blooming season.

"The bulbs I received from you last year came through with gorgeous flying colors. Sandra seemed to be the finest gladiolus I have ever seen. It was larger and I liked the color better than Picardy. The one bulb produced over two hundred good average size bulblets."

"I liked No. 27271 very much too."

"Beacon ranks at the top of my list of the best."

—H. E. WATERS, Ohio.

PROMPT SERVICE

We take pride in our service and in getting out rush orders immediately. Last year we were nearly swamped with orders during April and some orders didn't get out so quick as we would have liked, but this year we are better organized and if you have any rush orders send them in and we will get them out if possible within twenty-four hours.

"My favorite variety was Duna followed by Wasaga, Bella Donna, Symphony, Debonair, Golden Cup and Pelegrina. Acadia was wonderful surprising me with its height which compared with Pinnacle. Palmer's seedling H6141, Maytime was another Coronation but far surpassed it for beauty, placement and tallness."

—M. C. LABRUM, Utah.

VERMONT MAPLE PRODUCTS

This is the time of year that some of that Vermont Maple Syrup will taste so good on waffles and pancakes. Prices are as listed in my catalog except that **Pride of Vermont Butternut Fudge** has just been raised to \$1.25 a pound f.o.b. here. The boxes contain 28 fancy pieces of fudge. This will remain soft for a long time while the two ounce cakes of sugar sold by the pound will get hard in time. We handle the best grades of syrup. \$2.75 per gallon, 35 cents will pay express as far as the Mississippi river and south to Virginia. Special express rates on Maple products.

DON'T FORGET

WE SELL LABELS, BAGS FOR DISINFECTING, NAPHTHALENE

Please Read This Cover

There is a lot of news and corrections that you should know about before making out your order. Also be sure to use this price list in making out orders and do not use any previous price list as you will find that there are a number of sizes of some varieties discontinued and there are two or three changes in prices.

"The Wasaga that I got from you last year won three firsts in the Cedar Rapids Gladiolus show last year, single spike, three spike and a vase."

Mr. Ed. Krenke, Michigan

"Debonair was also very nice as was Rapture both of which did well for the dry hot weather making nice flowers as well as nice bulbs."

"I think that you are very modest in your descriptions in your catalog as all of the bulbs that I bought from you made blooms much beyond my expectations."

—S. L. STOLBA, Iowa

The photograph on the left is that of Edward H. Krenke of Michigan. Here is what Mr. Krenke writes:

"I was well pleased with the glads I had from you last year. Am enclosing a picture of myself and the cups I won with six blooms of Duna, and they were beautiful."

"In the Flower Show I won a prize on every glad I entered in the show. Nearly all first prizes."

"Beacon was the only one of the special ones you sent extra that was in blossom at the time of the show. And it took a first prize. I won a cup for having the most points for glads. I had blooms that came up to my shoulder and they sure were beautiful."

"If I was to tell you which one was the most beautiful it would be a hard job. They all are lovely."

There is no reason why you cannot also win prizes at your Show or at the Shows in neighboring towns. You will get a great kick out of it.

"Your glads I bought from you last year were great, the best I ever had so you see that's why I am giving you an order again this year."

—FRED MAEDERK, N. Y.

GLADS EASY TO GROW. Some people are under the impression that gladiolus are difficult to grow. This is not the case. I don't know of a flower that is easier to raise. Ordinarily if the bulbs are just stuck in the ground and the weeds kept out and treated like any other garden flower they will give a wonderful account of themselves. In some parts of the country however there has been trouble with thrip, a little insect that is carried over on bulbs in storage and gets on to the plants and dries up the buds so that they do not open properly. But in most parts of the country no trouble is had at all and the thrip can be eliminated entirely by disinfecting the bulbs before planting and spraying if thought necessary. But even without any special care gladiolus will nearly always give wonderful bloom and give you more enjoyment for the money than any other flower you can raise.

ABOUT SPRAYING. If anyone in your neighborhood has had trouble with thrip in previous years by all means disinfect your bulbs before planting and spray them every few days from the time they are a few inches high. For this purpose I consider Rototox the best spray.

"I have been fighting thrip on my roses for years. I have secured better control with ROTOTOX that with a dozen other insecticides. It gave me equally as good results with aphids, a not serious rose pest."

"I pick all buds with any break, spray ROTOTOX 1-200 twice, 24 hours apart. No more thrip until more are blown in. This may be 3 days or as many weeks."

"I have no objection to your quoting me. You have a good product that is very good. I would be glad for others to receive the benefit from it."

—MR. CLAPP, Texas.

HAVE YOU A COPY OF MY CATALOG? If you have mislaid your catalog drop me a card and we will send you another one. You may rely upon the descriptions, ratings, etc. in the catalog as being absolutely true to the best of my knowledge. I write all of these descriptions myself and try to give the facts about each variety as I see them.

New Varieties Not Listed In My Catalog

Since my catalog was published I have taken on a few new varieties which I have not grown myself but have had very good reports on them. I believe that these varieties are all going to make good.

PEGGY LOU. (WILSON) This variety can be briefly described as a darker Picardy. It comes from the same parentage as Picardy and as I understand it is very much like it. Very strong, tall grower with 8-10 very large blooms open at once. Deep, shrimp pink with light peppering of rose in the throat. Stands the weather well. Midseason. Has won at a number of shows. From what I hear this variety is going places. **Price \$3.00 per bulb** and with each bulb two small bulbs are given free. All large bulbs are sold for the season but we have the medium size which will give you wonderfully fine bloom as the variety is such a strong grower. It looks as though this would be a great commercial and exhibition variety.

The following varieties are **Zimmer** varieties being introduced by **Ward's Flower Ranch, Middletown, Indiana.**

BLAZING STAR. Bright showy scarlet with white blotch. Tall, strong grower and good propagator. Opens to the tip in fine shape. Fine either for exhibition or commercial purposes. **\$10.00 each for any size.**

ROSE PREMIER. Said to be a very fine commercial variety of exactly the same shade as the Premier Rose. A fine propagator also. Great things are predicted for this as a cut flower variety.

MISS JUDY. Salmon peach with purple velvet blotch. Said to be a fine commercial. Very attractive color. Fine spike.

FRANCES CARTRIGHT. Deep orange with silken sheen. Very well liked by the florists. Always straight. Opens well to the tip, stands the hottest sun and very early. Fine propagator.

Above three varieties, large \$5.00, medium \$3.00, small \$2.00.

I am helping to introduce these varieties with Mr. Ward. This summer I shall bloom all these varieties myself and shall know more about them but I believe that they are all fine varieties that will be heard from later.

MARGARET BEATON. Here's a variety that was introduced last year and was exceedingly well received at one or two of the flower shows. The stock is still very small so that they were not shown much last year but people that saw it were very enthusiastic over it. Last year I bought half the stock and have just recently, along with Colonial Gardens, bought the remaining stock as Mr. Baerman and I both believe that this is one of the coming varieties.

TOKEN. This variety is going to be one of the most popular commercials in existence. Better get a start now. If you are a grower and interested in putting at least \$25.00 into stock drop me a card asking for further information.

Flash!

Just had a letter from Mr. Both well known grower and hybridizer of Australia. He says: "Picardy has met its Waterloo in **Amrita**. You are to be complimented in putting out such a wonder." **Amrita** is going places. It is one of the most beautiful flowers I have ever seen. You growers had better get busy. It is a fine propagator and will make money for you.

"Please accept my sincere thanks for the splendid bulbs you sent me, also for the large number of extras you included. You certainly were very liberal and I deeply appreciate it."

—E. L. SEARLES, Mass.

"On this year's performance I like best Coronation."

—E. ANNABEL, Australia.

"Just another one writing and thanking you for a wonderful looking bunch of bulbs. Also the many fine extras."

—H. K. TRIOL, Penn.

"Your stock finest I have purchased. Even the state bulb inspectors visiting my little plant-ing cheered me on. They agreed I had a clean planting. Not even a wee sign of disease or thrip. Made extra well on cut flowers."

—MRS. E. GILBERT, Ore.
