CHAMPLAIN VIEW GARDENS

ELMER E. GOVE

BURLINGTON, VERMONT

PLEASE READ CAREFULLY

Do not change collections or special sets. The collections are made up as they are for definite reasons and we cannot change them. Any of these collections or specials are very good value.

Do not split quantities as listed. Where a variety is listed at 2 for 15 cents or 4 for 15 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than ten cents and very little at that price. **No single item accepted for less than ten cents.**

To make out your order put everything down on the order blank just as listed in the price list. Add it up then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

Extras on Cash Orders. On cash orders of \$2.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%; \$25.00 to \$50.00 select 20% and above \$50.00 select 25%. **These Discounts do not apply to Collections, Special Offers or Wholesale Prices.**

Also on all orders of \$15.00 or more I will put in a bulb of **Mywag**. (See below.)

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above Extras are Only for Cash Before Shipment.**

On cash orders of \$10.00 or more, except collections, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it.

Packages of bulblets run from twenty-five to fifty or more. We give very good value.

You can have 3 bulbs at the 10 rate; 25 at the 100 rate. But no single item for less than 10 cents.

I Guarantee Satisfaction and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers, are prepaid anywhere in the United States and Canada and all countries in the Postal Union.

Special Quotations. Do not ask for special quotations unless you have a large order. We will not consider quoting any special prices on small orders. I publish this price list to give people the prices and do not consider it honest to give one person a lower price than another. **However on a very large order we may be able to make lower prices on certain items especially to Growers, Dealers or Jobbers.**

Remember in buying bulbs price is not everything. In fact sometimes price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

If you want to pay transportation and get extra count on your order just mention it and I will send your order collect and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want bulbs sent by mail it is better to have them go C.O.D. then we know the postage is correct and I will give you more than enough bulbs to make it up.

On Fair Sized Orders, Express is safest and best especially in the winter time. I advise express if you are situated so as to get free delivery by the express company.

Extras. It is the practice of most growers to give extras on orders. I always put in some myself. So it would help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

A NEW PALMER VARIETY FREE MYWAG

(Abbreviation for "My What A Glad")

Mywag is a light to vivid light salmon shading to white throat with a large very brilliant scarlet blotch. Immense six inch round florets and a good strong grower. This has drawn a lot of attention at some of the shows the past two or three years. Everyone who has seen it in my garden has enthused at its beauty and showiness. They always spot it among other varieties and exclaim, "**My, What a Glad.**" Hence its name. I have never seen but one person who did not like it. One man did not like blotched varieties at all so did not enthuse over **Mywag**. It opens only four or five at a time but that is enough for such immense blooms.

MYWAG NOT FOR SALE

The only way to secure a bulb of this is to send in a retail order with at least \$15 cash. No bulblets will be sold or given away to anyone. And only one bulb to a customer. The stock is limited and probably will not last thru the season. So to be sure of getting a bulb of **Mywag** send in your orders early. I consider the value of **Mywag** to be \$10 and next season I shall not list it at less than \$4 each.

Choice Bulbs and Bulblets at Prepaid Prices

In selecting from this list you may have 3 bulbs at the 10 rate. Also 25 of one kind and size for twice the price of 10. 25 bulblets at 100 rate.

If you want to pay express or parcel post just mention it and I will send them C.O.D. for carrying charges and will put in enough extra bulbs to much more than make it up.

Special Collections and Sets

I WILL DUPLICATE THE SPECIAL OFFERS OF ANY OTHER RELIABLE GROWER IF I HAVE THE STOCK

NO. 1. UNLABELED COLLECTION. 100 assorted large bulbs (1 inch up) in at least 40 varieties in about every shade found in gladiolus. I have sold this collection for years and have thousands of very well pleased customers. A woman was in my office recently who said this collection had been the joy of her life this summer. **I positively guarantee there is not a better collection sold by any grower in the country for anywhere near the price.** I get many repeat orders every year from well pleased customers. 100 for \$3.00; 50 for \$1.75; 25 for \$1.00 all prepaid.

NO. 1a. Same collection in Medium size bulbs. 100 bulbs for \$2.00. 50 for \$1.25.

NO. 2. UNLABELED COLLECTION. 100 assorted as above containing 45 varieties or more including many of the newer and higher priced ones. A wonderful collection at a moderate price. 100 for \$5.00; 25 and 50 at the same rate.

NO. 3. UNLABELED COLLECTION DE LUXE. 50 or more varieties many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. Nothing better to be had in an unlabeled collection. 100 for \$10.00; 25 and 50 at the same rate.

None of the above collections are labeled as to varieties. Don't ask us to give you the names of the varieties in the collections as we positively do not do it at these prices. If you want them labeled buy them under name. I guarantee the collections to be the best you can buy for the price.

No. 4 RECOVERY COLLECTION. \$3.00 Large Bulbs. Not a money maker for me, too good value, but it gives you a very fine assortment of colors and types. Ruffled and plain petalled and running the whole gamut of color from dark blue thru various shades of pink, red, orange, salmon, smoke and lavender to light pink and white. You can't get a start in first class named varieties in a better way than to get this collection.

3 SMILING MAESTRO
2 STAR OF BETHLEHEM

50 CENT SPECIALS

If you like a variety why be content with planting only a bulb or two of it and enjoy it and have it bloom only a short time? Why not buy a number of bulbs of various sizes and plant them all at once and have them bloom over a long period? This is the way to get the most enjoyment out of your glads. Don't think that you have to have all large bulbs to get good bloom. You will be surprised with the fine flowers you can get from the medium and small size bulbs. By planting them all at one time you have less work and bother than you would by planting one size at different times. Just plant them and your troubles are over. They should bloom over a period of five or six weeks at least.

Last year I had specials similar to this and stated the number of bulbs of each size that were in each lot but I always put in some extra ones. This year I am going to ask you to leave it to me to fix up the number and size of bulbs in each lot. Those who have bought of me before know they will get their moneys worth and then some. And I want to say to those who have not done business with me that I guarantee you will be satisfied. Just plant them and after they bloom if you are not entirely satisfied write me about it and I will adjust the matter. But I am sure that you will be extremely well pleased.

You can have an assortment of sizes in any one of these varieties for \$.50. You will get good value for 50 cents but you really should have two assortments of each kind to have a lot of bloom. Remember that the 50 cents is not to be divided among several varieties. It is just 50 cents for any one variety. But you can have as many varieties as you want. Any five lots for \$2.25 or any ten lots for \$4.00 or any fifteen for \$5.75. In addition to this I always put in something good for you to try out.

DUTCH BULBS

If interested in Dutch bulbs, tulips, hyacinths and narcissus send for price list. We have a fine list of spring blooming bulbs and prepay express or P. P. east of the Mississippi River.

Euphorbia Corollata

(FLOWERING SPURGE)

This is a hardy perennial somewhat similar to double Baby's Breath but blossoms later. Blooms through August and September. Just the thing to go with glads or any other kind of flower. Will grow on most any kind of soil, even on dry sand, but good garden soil will make it very much better.

This is a plant that should be grown in every garden and commercial growers should plant it by the hundred. Absolutely hardy and I am sure you will like it.

It can be set in the fall but in the northern tier of states should be planted during October and protected somewhat the first season.

Prices are 4 roots for 60 cents or one dozen for \$1.25 prepaid. **We do not sell less than four as they cannot be shipped with the gladiolus bulbs. We have to make a separate shipment.**

100 roots \$6.00 f o.b. with 50 at the 100 rate.

Testimonials

"Words cannot express my delight and the pleasure every one derived from my gladiolus. They were by far the finest I have ever had."

—MRS. A. L. WILLETTS, N. Y.

"Lindesta is a very beautiful glad. You call it a very pretty thing. That is just modesty on your part. Lindesta is the most beautiful glad I have ever seen—and I have seen a lot of them. It is much more beautiful than Picardy, at least it was for me. It opened seven at once for me, and the coloring is wonderful. I wonder if the glad raisers who rave about this kind, and enthuse over that kind, have ever seen Lindesta."

—DR. W. E. GRANT, Penn.

"You will perhaps recall that I purchased one of the Palmer Seedling collections from you this spring and I just want to let you know that they are the finest bunch of stock I have ever seen. I should say they were all very worthy of a place in the Glad sun, and certainly would gladden the heart of any fan."

—B. C. COLLINS, Michigan.

"The new Palmer varieties have been fine without exception again this year. Cherokee is one of the most striking and beautiful of the blotched varieties. Reverie is well named. It is a real marvel of refinement and delicacy of coloring. Several of the best of the new yellows were grown this year but Jonquil exceeds the others considerably in depth of color without the evidence of orange tones."

—GRANT E. MITSCH, Ore.

"Picardy, Mother Machree, Marmora, Mam-moth White, Albatross and Debonair are all wonderful. All had spikes 50 inches tall. But oh, Boy, you should have seen Hercules with a four foot spike and eight large blooms all open at one time. I have grown good glads before but nothing like these. All the extra bulbs you gave me to try have all been wonderful. I can't say too much in praise of these fine varieties. The best of all is I have had no thrip and have not had to spray."

—F. H. BECK, Maine.

"Several bulbs that you so kindly sent as extras are just gorgeous, especially Wurtembergia. I have three spikes in bloom now over six feet tall."

"All I can say is that I am more than satisfied with the bulbs and the way you have treated me, and I wish to get another lot of bulbs for next season."

"I have no thrip and the foliage is just massive, bright dark green on my entire field."

—GEO. W. OWENS, N. Y.

"As you probably have noticed this section of the country experienced this summer unprecedented heat and blazing burning sun—my Picardy plants stood it the best of all my glads and gave me the best spikes."

—E. C. BRUNNER, Ncbr.

"You may expect a good order from me this fall. The few I got from you last year were free from thrip."

—C. R. POWERS, Ohio.

"Of the different Palmer varieties which we tried this year our favorites have been perhaps as follows, Picardy, Debonair, Coronation, Rapture."

—WM. McD. STONE, Ohio.

"I have certainly fallen for glads, since my No. 1 collection that I received from you has started to give bloom."

—M. STEWART PRICE, Pa.

"All the bulbs you sent me are doing fine. They are sure full of pep and are the finest looking plants in the field."

—L. E. JOYNER, Pa.

"May I take this opportunity to tell you the bulbs I received from you this spring are the finest I ever received from anywhere. There was not a trace of disease on a single bulb. Every one of them have a healthy growth from the start in spite of the fact that we have had very hot weather this summer. I think Picardy is the most beautiful glad we have ever seen."

—JOS. HOMER, Ohio.

"Glads doing fine. Picardy is beautiful and the big Rosex handsome."

—W. W. BROWN, N. H.

"The bulbs which I purchased from you this spring have proven exceptional bargains. My Picardy has been the wonder of the neighborhood. Pirate has created a sensation. In fact hardly know how to make a selection from them and pick the most desirable one."

—THOMAS HERITAGE, Conn.

"My Rosex had thirteen florets out before the bottom one began to wither. It grew very straight and stiff and was a wonderful pink."

—MRS. EDGAR BURNSIDE, N. Y.

"The bulbs received from you this spring did remarkably well and I was pleased. Had great success again on the show bench."

—REG. AMBROSE, Canada.

"Am having fine blooms from your bulbs. No thrips."

—DR. A. D. PRESTON, Pa.

"One stalk of Bagdad had blooms seven inches across which considering the dry summer and that all the feeding I gave was one application of sheep dressing at planting time was doing pretty well on its own which only goes to show that your bulbs have the vitality and pep to go places."

—CARVILLE L. DOUGLAS, Maine.

ABOUT THRIP

According to the reports I have received this year from my customers around the country thrip doesn't seem to have been so prevalent as in previous years. Many of my customers have written me that their glads were the best they ever had. Some disinfected their bulbs, some didn't and some didn't spray or do anything to combat this pest.

However I would strongly advise everyone to disinfect their bulbs before planting and if possible to spray from the time the plants are small till they are ready to bud. Spray them every few days if possible. I think the Paris Green, or Arsenate of Lead, molasses and water formula is as good as any though some have told me they did good work with Evergreen.

If your soil is light so that the water drains away easily I believe that spraying the tops with water a couple of times a day will keep the thrip off.

Most people who have thrip on their plants think that they came on the bulbs. This is not always true and if the bulbs are disinfected before planting you know absolutely that they are clean at that time. Thrip can easily be carried by the wind from one garden to another. I think this is the way that many gardens become infected. You should try to get your neighbors to disinfect all their bulbs so that there will not be any thrip in the neighborhood.

If you want to make sure that your bulbs are free of thrip before storing away for the winter I advise putting naphthalene flakes on them. After your bulbs are thoroughly dried and cured either clean the roots off or at any rate keep them in a rather warm place, sixty degrees or more, for about three weeks with the naphthalene flakes scattered on them. Then shake the flakes off and store the bulbs away in a cool place till spring. Then I advise disinfecting the bulbs before planting also. **Do not leave Naphthalene Flakes on all winter** as sometimes if left on too long or if the bags or containers are sealed up tight damage is done. Just scatter a handful on to a small tray. There is no set rule for the amount to be used. Just scatter it on and put a paper or something over the tray to confine the fumes.

If you want to use the naphthalene flakes I can send you enough for one to two thousand bulbs for 50 cents prepaid.

If you had thrip on your glads do not throw away the bulbs as the bulbs are not harmed in any way and it is very easy to clean the bulbs of any possible infection.
