FALL TRADE LIST

BULLETIN NO. 2

OCTOBER 15, 1929

*Please send us your list of wants—
on some items in quantity we can
quote lower than the printed prices*

Shenandoah Nurseries

PHONES 406-407

SHENANDOAH, IOWA

TERMS AND CONDITIONS OF SALE

All sales and contracts are made subject to crop losses, or thru other causes over which we have no control.

PRICES—Named in this list cancel all previous lists and quotations and are subject to change without notice. All prices are net and not subject to any discount unless previously agreed upon.

We are strictly wholesalers and do not invite retail trade.

We will gladly quote special prices on items wanted in larger quantities than listed.

TERMS—We offer the usual terms to those of established credit, or whose responsibility is known to us. Cash, security or satisfactory reference, is required from unknown parties. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

SHIPPING—We request customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions, we use our best judgment, but without assuming responsibility. All shipments travel at risk and expense of purchaser. We have the Wabash, Burlington, Keokuk & Western Railroads, which enable us to give excellent shipping service.

PACKING—All cost of packing is additional to prices quoted. Bales will be charged for at actual cost of material and labor used; boxes at rates noted below:

CLAIMS—FOR ANY CAUSE MUST BE MADE PROMPTLY UPON RECEIPT OF GOODS. WE WILL NOT ENTERTAIN CLAIMS AFTER GOODS HAVE BEEN ONCE ACCEPTED, OR WHEN REPORT IS NOT MADE WITHIN TEN DAYS AFTER ARRIVAL OF STOCK.

INSPECTION AND FUMIGATION—Certificate of inspection is furnished with each shipment, and stock will be fumigated when required.

GUARANTEE—WE GIVE NO WARRANTY, EXPRESSED OR IMPLIED, AS TO LIFE, DESCRIPTION, QUALITY, PRODUCTIVENESS, OR ANY OTHER MATTER OF ANY NURSERY STOCK, SEEDS OR PLANTS THAT WE SELL. IT IS MUTUALLY AGREED THAT OUR TOTAL LIABILITY FOR ANY ERRORS, SHOULD STOCK PROVE UNTRUE TO NAME AS LABELLED, SHALL BE LIMITED, UPON SATISFACTORY PROOF, TO OUR REPLACING FREE OR REFUNDING PURCHASE PRICE.

LOCATION—We are located fifty miles southeast of Omaha, Nebraska; and will gladly take visitors thru our nursery at any time.

Yours respectfully,

THE SHENANDOAH NURSERIES

A. F. Lake, Pres.

R. S. Lake, Sec'y-Treas.

FRUIT TREE STOCKS—AMERICAN GROWN
APPLE SEEDLINGS

We have been in the Apple Seedling business for nearly sixty years, and the extensive trade we have is sufficient proof that our stock and our grades are satisfactory.

There will be a short crop of Apple Seedlings this season, and we advise early orders as everything indicates that there will not be enough to go around. They will not be dug this Fall until they are thoroughly matured, as this is very essential for the best results.

Our Seedlings are largely grown in the rich black soil of the Kaw Valley, in Kansas. They will be given the best of care, handled right, and will be graded properly, which is worth something to the customer. We believe that they will compare favorably with any Seedlings grown in this country.

We can often give our customers the advantage of carload rates to various points over the country, which is quite a saving in freight charges.

APPLE SEEDLINGS (Colorado Grown)

Due to the fact that French Apple Seedlings cannot be shipped into this country after 1930, we have been carrying on an experimental plant in Colorado. We are very much pleased with the Seedlings we have grown out there, and believe we have found a place where we can grow Seedlings equally as good as the French. We are anxious for Nurserymen to try some of these Seedlings, if only for experimental purposes, as we feel they will give satisfactory results.

FRUIT TREE STOCKS—FRENCH GROWN

We wish to call attention to the fact that these goods are sold net at Shenandoah. We take all risk of transportation and pay all charges from France to this place. This is a very important point for customers to remember.

The loss that occurs from these long shipments does not affect our customers as we open the boxes and grade out the damaged seedlings, and guarantee our stocks to be in good condition when delivered to the forwarding agent at Shenandoah. We are prepared, however, to quote prices on application, F.O.B. cars Angers, France, and customers paying duties and charges to destination, also taking all risks, or, we will quote prices out of customs at New York, and ship direct from there.

A government inspector is stationed here at Shenandoah most of the winter, and he inspects all imported stocks.

Arid Climate Grown Apple Seedling

We call special attention to our Colorado grown Apple seedlings which have given splendid satisfaction wherever used. Growing conditions in Colorado are very favorable for producing fruit tree stocks of all kinds and when the quarantine goes on we expect to have a supply of superior "Arid Climate" Apple, Cherry and Pear seedlings ready for the trade.

A Fine Assortment

Please look over our list carefully and you will note that we carry a very extensive variety list. The season has been favorable for growth and grades, therefore, will be good.

Service

This word has been very much misused by business firms but we will do our level best to fill your orders promptly.

Organization

We have a good one with two Lakes in active management of the business as a whole and each department in direct charge of a middle aged man with wide experience assisted by interested young men who, as you know, are necessary in every firm to keep things moving and up-to-date.

A Prediction

We would not be surprised at all if the demand for nursery stock becomes much more active later in the season than now. A great many concerns are finding that they do not have as large a surplus as they expected earlier and many items are scarce now.
