THE
SHENANDOAH
NURSERIES

D. S. LAKE, Proprietor

1871-
Semi-Annual
Wholesale Trade List
Fall 1912

FOR NURSEYMEN ONLY

SHENANDOAH, IOWA

PLEASE READ CAREFULLY

This business was established in 1870 and is still under the same management.

Have a plant of over six hundred acres, and all up-to-date equipment necessary for the proper and rapid handling of Nursery Stock.

Location—Are located in Southwestern Iowa—fifty miles south-east of Omaha, Nebr., and seventy miles north-west of St. Joseph, Mo.

Packing Season—The Fall packing begins about Oct. 1st and we can make shipment from storage all winter with the exception of evergreens and some heavy shade trees.

Rail Road Facilities—We have the C. B. & Q., Wabash, and Keokuk & Western Railroads and have low freight rates with direct lines to Chicago, Denver, Kansas City, Minneapolis, Omaha, St. Louis, St. Joseph and other Central points.

Express Companies—The Adams and Wells-Fargo give good service.

CONDITIONS OF SALE

Shipping—If no directions are given, we will forward to the best of our judgment but in no case will we assume responsibility after consignment to purchaser.

Payment—Cash or security before shipment of goods, except with established firms, when if unknown to us, reference will be required before goods are forwarded. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

Prices—Are limited to Fall 1912 and supersede all previous lists and are subject to change without notice.

Caution—We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hail storms or other causes over which we have no control.

Grades—We grade carefully; in some cases by caliper; in others by height. When graded by both caliper and height, the caliper must govern.

Claims—For deduction, will receive consideration only when made within six days after receipt of goods.

Packing—Prices contained herein are net; cost of boxing and baling will be added.

Certificate of Inspection—Will be furnished with each shipment.

Our Guarantee of Genuineness—While we exercise proper diligence to have our trees, etc., true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees, etc., that prove untrue.

Most of the above named varieties of one year apple will be left standing in the field so shipment can only be made at such times as we can dig them.

Varieties marked with a (*) will be booked only in such proportion in assortment as our stock will permit. If supplied alone \$20 00 per 1000 additional.

FRUIT TREE STOCKS,—American Grown

Apple Seedlings—We will have our usual supply of apple seedlings for this winter's trade. They have made a good growth and are apparently in a very healthy condition. They have held their foliage well and there is no indication of insect pests or diseases whatsoever.

We usually scatter our blocks, selecting new land, and always avoiding old tree or seedling ground.

We always put off the taking up of same until they are fully matured. This insures seedlings of good strong vitality.

Shipments can be made from either Topeka, Kansas or Shenandoah, Iowa. We have frost proof buildings at each place with side track facilities. This is quite an advantage in handling Winter shipments.

We will undoubtedly have car-load lots to the following distributing points the Winter of 1912 and 1913: Huntsville, Ala., Winchester, Tenn., West Chester, Penna., Baltimore, Md., Richmond, Va., Dansville, N. Y., Geneva, N. Y., Rochester, N. Y., Vincennes, Ind., Monroe, Mich., Portland, Ore., Hood River, Ore., Fresno, Calif., Salt Lake City, Utah, Payette, Idaho, San Jose, Calif. and Vancouver, B. C.

Shipping in this way, gives quick transportation and a saving of about one half in freight. We load in through refrigerator cars in which we can get heaters if weather is severe. This insures safe arrival.

We make the following grades and prices:

Apple Seedlings, No. 1, 3-16 inch and all up straight.....	} Prices on Application	Per 1000
" " No. 1, 3-16 inch and all up branched.....		
" " No. 2, 2-16 to 3-16 inch straight or branched.....		
" " No. 3, under 2-16 inch.....		
The number three are suitable for light grafting or lining out to bud		
Pear Seedlings, Japan, No. 1, 3-16 inch and up.....		8 00
" " Kieffer, No. 1, 3-16 inch and up.....		7 00
Plum Seedlings, Native, No. 1, 3-16 inch up.....		15 00
" " No. 2, 2-16 to 3-16 inch.....		12 00

FRUIT TREE STOCKS—French Grown

Fruit Tree Stocks of all kinds are scarce and higher in price. They will however, run strong in grade. The season in France has been very favorable, and after looking over our blocks there, we feel safe in assuring our customers that the quality of all French Grown Seedlings will be of the very best this year.

We have all French goods shipped direct to Shenandoah, where we inspect and re-grade them if necessary. This is a great advantage to our customers.

Apple Seedlings, extra heavy, 7-12 mm* straight or branched.....	} Prices on Application	
" " " 5-7 mm " ".....		
" " 3-5 mm straight or branched.....		
" Doucine (Eng. Paradise) 6-10 mm.....

" " " 3-5 mm.....		

*mm means Millimeter. 25 millimeters to the inch

Boxing will be charged at cost.

ROOT GRAFTS

For over forty years during the winter months, we have been putting up root grafts for the trade and for our own planting. In this work only experienced and skilled workmen are used. We are prepared to make root grafts of any style or length wanted, and make the price accordingly. We use orchard scions extensively, and strong, healthy seedlings grown by ourselves from the very hardiest and best seed that can be procured.

Our grafts are wrapped with a waxed thread specially prepared for this purpose, and are tied one hundred in a bunch, properly labeled and packed in a frost-proof cellar to callous. Each order is grafted by itself and packed separately until shipped. They are repacked and inspected several times during the winter so they are in the best of condition at shipping time.

It is very important that orders be placed early. We can then give them closer attention and supply a larger list of varieties than later in the season. Our grafting season begins about the first of January, and continues throughout the winter.

Grafts should be planted out early in the spring in well prepared ground. In our own plantings we set them about eight inches apart in the row, making the rows three feet, six inches wide. It is very essential that the earth be well pressed around them.

As our grafts are put up in bunches of one hundred, do not order a less amount of any one variety. We will be glad to mail samples upon request.

If ordered alone, varieties marked with a (*) in list of varieties, the price will be one dollar per thousand higher than quoted in this list.

Apple and Crab Piece Root Grafts

5000 and up	5 50 per 1000
1000 to 5000	6 00 per 1000

The above prices are for a general assortment of leading varieties.

Piece root grafts are made by using about six inches of scion and three and one half inches of root. They are tongued together and securely wrapped at the union making the entire graft about eight and one-half inches long. This style of graft we use mostly in our own plantings.

Apple and Crab Whole Root Grafts on Branched Seedlings

5000 and up	8 00 per 1000
1000 to 5000	9 00 per 1000

This style of graft is made by using about six inches of scion and a well-branched seedling. The entire seedling is used, making the union at the collar and wrapping with waxed thread which holds it firmly until calloused. Many prefer to plant this kind of graft claiming that they get a larger growth owing to the well-formed root system.

Apple and Crab Whole Root Grafts on Straight Seedlings

5000 and up	9 00 per 1000
1000 to 5000	10 00 per 1000

This class of grafts is made in the same manner as those on branched roots, using the same length scion but a straight seedling instead of a branched.

Pear Grafts, Piece Root	10 00 per 1000
" " Whole Root	12 00 per 1000

Write for Special Prices on Large Lots. For List of Varieties See Opposite Page. All Grafts Boxed Free.

SCIONS

Can supply some varieties of both apple and pear scions. Send in your list for prices.

EVERGREENS—Transplanted

We call attention to a complete stock of hardy Western Grown Evergreens. All orders are dug same day as shipped and great care is used to keep the roots from exposure. If Evergreens are balled, we will make an extra charge for same.

NURSERYMEN'S SUPPLIES

Box Straps—Made out of thin sheet steel and cut into strips which average about twelve inches long and one inch wide. It is very strong, tough and pliable and holds the heaviest box. A nail can be driven through it readily without previous punching.

Per lb05

Burlap—7 ounce to the yard, 40 inches wide, per yard07

Carpet Warp—For tying buds, comes in skeins in 5 lb. packages, per lb 25

Collating Books—To collate Orders. Ruled with printed headlines showing principal varieties, per book05

Per book, postpaid07

Delivery Cash Books—Have ruled spaces for name of customer, amount of order, amount collected, etc. Holds 133 accounts, per book05

Per book, postpaid07

Dibbles or Planting Steels—Used for setting out grafts, etc. each\$1 00

Grafting Thread—Unwaxed, per ball10

Waxed, per ball12½

One ball of waxed thread will wind about 4,000 grafts. If ordered by mail add 2c per ball to the unwaxed and 7c per ball to the waxed to pay postage.

Knives, Budding—Wostenholm's I. X. L. Ivory tip. Best on market, each75
postpaid80

Knives, Grafting—The best all around reasonable priced grafting knives that we know of. Have used them in our grafting room, and have sold them to the trade for years, and they give excellent satisfaction. American make, square point each40

Each, postpaid45

English make, a better knife, square point, each50

Each, postpaid55

Knives, Pruning—Wostenholm's I. X. L. None better, each75
Each, postpaid80

Knives, Pruning—Keen Kutter. Not as heavy as the Wostenholm. Fine for light pruning, each50

Each, postpaid55

Labels—We carry constantly on hand a large stock of labels, which are put up in neat packages of 1000 each, ready for use. They are of superior quality, and will please.

Notched, Iron wired, 3½ inch plain, per 1,00080

Notched, Copper wired, 3½ inch plain, per 1,000\$1 00

Notched and pierced, Iron wired, 3½ inch plain, per 1,00090

Mule Skin Mittens—Made out of mule skin. Very durable and wear like buckskin. Just the thing to handle trees, roses, etc. There are two sheaths, one for the forefinger and one for the other three fingers, per pair35

Per dozen pair\$3 00

Needles—For sewing burlap, 6 inch curved, best, per dozen65

Order Books—Containing 25 order sheets, also duplicates which are of different color. Our name does not appear on these blanks, each25

Per dozen\$2 40

Paper—To line boxes and protect contents from wind, frost, etc., comes in rolls weighing 60 to 65 lbs., 33 inches wide, extra good quality, per lb03

Pruning Shears—California pattern, 9 inches, plain nut, steel blades, blued flat steel, coil spring, each75

Raffia—Fresh stock, "Red Star Brand" per lb15

Sewing Twine—For burlapping, in skeins, per lb25

Sisal—2-ply, for tying large bales, per lb10

Spades—Ames make, the best heavy nursery spade, strapped full length, each \$1 75

Spades—Keen Kutter, not as heavy as the Ames, strapped full length, each\$1 75

Tarred Lath Yarn—Used for tying trees in bunches. We use this twine especially on trees that are going into storage over winter, as it does not rot like wool twine. We have it in balls of five lbs. each, per lb10

Tube Rope 6 ply, for tying trees, put up in five lb. balls, per lb10

Wool Twine—4 ply, for tying trees in bunches, put up in balls of about one lb each, per lb10
