LOCKPORT, N. Y. :

M. C. RICHARDSON & CO., PRINTERS, 91 MAIN STREET.

1872.

ANNOUNCEMENT.

In presenting our Trade List for the Fall of 1872, we beg to state that our stock in all departments is better than common, and especially of the following articles:

STANDARD PEAR TREES, EXTRA SIZE, FIRST CLASS AND COMMON SIZE, FIRST AND SECOND CLASS ONE YEAR OLD, PEAR SEEDLINGS, ONE YEAR OLD APPLE TREES, CURRANTS ONE AND TWO YEARS OLD, WHITE GRAPE, CHERRY, &c.

Digging—We claim to dig our trees better than is common, using large steel digging spade, made to order. We shall probably commence taking up trees for the fall trade, about the first of October.

Dozen rates will be charged, when less than 50 trees are ordered; 100 rates for less than 500; over 500, 1000 rates. All orders are packed in the best possible manner, for which a charge will be made to cover the cost of material only.

All packages at purchasers' risk after shipment.

All orders should be made on a separate sheet of paper. When shipping directions are not given, we ship according to the best of our knowledge.

Our Terms are Cash, or satisfactory bank note at 60 days.

Our location for growing and shipping trees, is surpassed by none in America; our business has been established since 1839.

In filling orders at these prices, the selections of varieties must be left partly to us.

ONE YEAR OLD TREES.

The particular attention of Nurserymen and others is called to our large stock of one year old Apple, Plum, Standard and Dwarf Pear and Cherry Trees. The Standard Pears and Apples are grafted on the crown or collar of the root, and stock trimmed to eight inches in length; the whole stock used for one graft. The Dwarf Pear, Cherry and Plum Trees are budded in nursery rows. Any number of references given of Nurserymen who have bought and planted this stock from us, and found it very profitable. For Nurserymen who wish to purchase young stock to grow, this is very cheap and good. Three to five hundred per cent. can be made in two years. This stock is of the right size for distant transportation by Express.

All desired information in regard to planting and growing cheerfully given to our customers.

No orders received for less than 100 trees, or 25 of a variety.

THE YEAR OLD JOURNAL

The first year of the journal was a very successful one. It was well received by the public and the press. The editor, Mr. [Name], has been very successful in his work. He has been able to secure the best of writers and has been able to keep the journal up to date. The journal has been a great success and it is hoped that it will continue to be so for many years to come.
