WHOLESALE PRICE LIST

OF

GRAPE VINES,
Small Fruits, &c.,

Autumn 1871 and Spring 1872.

T. S. HUBBARD & CO.,

Prospect Hill Vineyards,

FREDONIA, N. Y.

Our stock the present season is the best we have grown for the past three years. We warrant our vines true to name, and of the quality represented.

For Grape Vines and Wood and Small Fruits we make no charge for box, packing or delivery. On Fruit Trees and other stock the usual charge for box and packing material. All responsibility for delays, accidents, etc., after delivery to forwarders, must rest with the purchaser.

TERMS—CASH. If to be shipped, collect on delivery, one-fourth the amount of bill to be remitted with the order, or satisfactory references given by unknown correspondents. When shipped in this way, return charges on the money will, in all cases, be added to bill. Note at bank for 30 or 60 days will be accepted from dealers who furnish us satisfactory bank references.

GRAPE VINES SENT BY MAIL PREPAID.

And warranted to reach purchasers; in good order, on receipt of the PRICE
PER SINGLE AND DOZEN.

Description of Varieties of Grapes.

ARNOLD'S HYBRIDS.—New. Said to be very promising.

ALLEN'S HYBRID.—Early, white, tender, best quality.

ADIRONDAC.—Very early, black, sweet and delicious. Tardy grower.

CONCORD.—Early, black, strong grower, perfectly healthy and hardy. Large cluster and berry. Thin skin; sometimes cracks. *Reliable everywhere.*

CROTON.—New. White, early, healthy and promising.

CLINTON.—Berry small, black. Hardy, strong grower, good bearer. Rather acid. Better for wine than for table. Late in season becomes sweet and good.

CATAWBA.—Late, red, hardy, vigorous grower, but subject to rot. Best quality for both table and wine.

CREVELING.—Early, black, sweet and good. Vigorous grower, but loose cluster.

CYNTHIANA.—Late, black. Berry small, sweet, juicy. Best for red wine. Highly esteemed at South and Southwest.

DELAWARE.—Early, red, sweet. Berry small and bunch compact. Moderate grower. Requires rich soil. Hardy, and best quality for table and wine. Succeeds quite universally. Should be in every garden.

DIANA.—Red, sweet, musky flavor. Bunch medium and compact. Ripens with Isabella. Good keeper. Excellent for table or wine. Strong grower, and requires thin, lean soil.

EUMELAN.—Very early, black, healthy, hardy. Requires rich soil and good care. New. Best quality for table or wine.

HARTFORD.—Very early, black, healthy, hardy. Good grower and productive. Large bunch and berry. Quality about the same as Concord. Valuable for early market.

HERBEMONT.—Black, late. Too tender for the North. At the South is esteemed valuable for wine.

IONA.—Red. Ripens with Isabella, though sometimes earlier. Large, fine cluster. Thin, almost transparent skin. Flavor rich, sprightly. Generally healthy and hardy in the grape regions East. West, is said not to do as well. Requires rich soil and generous culture. Very productive, and inclined to over-bear. Very best quality for both table and wine.

IVES.—Black, early, productive, vigorous grower. Very hardy and healthy. Excellent for wine, and as good for table as Concord or Hartford. Reliable everywhere.

ISABELLA.—Black. Ripens at mid-season. Vigorous grower, and productive. Good for table or wine. Foliage not always perfect. General

ISRAELLA.—Very early, black. Very compact. Sweet and good. Subject to leaf blight.

MARTHA.—White Concord. Very early. Perfectly healthy and hardy. Resembles Concord in habits, appearance and quality. Sweet, juicy and good. Table and white wine. Valuable.

MAXATAWNEY.—White, late, vigorous grower, sweet, hardy. Table and wine.

NORTON'S VIRGINIA.—Black, late, productive, hardy, healthy. Berry small, sweet, vinous. Rank grower. Highly esteemed South and West for wine and table.

MILES.—Very early, hardy, good. Black.

PERKINS.—Light color, early. Very healthy, vigorous and hardy. Quality superior, yet sells well for early market.

REBECCA.—White, early. Moderate grower and shy bearer. Quality excellent.

SALEM.—Red, early, hardy, sweet, sprightly. Vigorous grower and good keeper. Large bunch and berry. First quality for table or wine.

TELEGRAPH.—Black, very early, healthy and good.

UNION VILLAGE (Ontario).—Black. Ripens with Isabella. Monstrous berry and bunch. Rather tender. Should be covered in winter. Quality good.

SENASQUE.—New. Black, early, healthy, best quality, promising.

WALTER.—Red, very early. Good bearer, and very best quality for table or wine.

ROGER'S HYBRIDS.—All vigorous growers, hardy, productive.

No. 1 GOETHE.—White, late, moderately healthy. Flesh tender, juicy, sweet, with musky aroma. Highly esteemed South and West for table and wine.

No. 3 MASSASOIT.—Large, very early, red, sweet and good.

No. 4 WILDER.—Generally regarded as the best of Roger's Hybrids. Black, early, good. Large, showy cluster and berry. Good quality and good keeper. Healthy and valuable.

No. 9 LINDLEY.—Red, early, healthy, tender, sweet, delicious. Valuable for table and wine. Should be more extensively noticed than heretofore.

No. 15 AGAWAM.—Red, early, rich, sweet, good. Large bunch and berry. Thick skin and good keeper. Very rank grower, requiring only moderately fertile soil. On rich soil sometimes mildews and rots. One of the best.

No. 16 MERRIMAC.—Closely resembles Wilder. Black, early. Large cluster and berry. Valuable.

No. 33.—Black, early. Large, compact bunch and berry. Good.

No. 43, BARRY.—Black, early. Large berry, sweet, good.

VARIETIES ADAPTED PRINCIPALLY TO SOUTHERN LOCALITIES—*Cynthiana*, *Rulander*, *N. Carolina*, *Alvey*, *Cunningham*, *Louisiana*, *Herbemont*, *Goethe*, *Norton's Virginia*.

EARLY, HARDY, RELIABLE VARIETIES, SUCCEEDING EVERYWHERE—CONCORD, HARTFORD, IVES, MARTHA, and usually DELAWARE.

3 Eumelan, 1 Walter.	

All No. I roots warranted to reach purchaser in good order.

We have a very fine stock of Eumelan, Martha, Walter, Iona, Roger's Hybrids, Delaware, Ives, Clinton, Creveling, Concord, &c., &c. Our stock is of superior quality, and we will not try to compete in prices with those dealers who, to make up for low prices, place their standard for No. 1 roots almost as low as our standard for No. 2 roots.

Our vines are grown mostly in OPEN GROUND, from two bud cuttings; are remarkably healthy, well ripened, and warranted pure and true to name. We usually have no frosts until after the first of November, hence the roots and wood are unusually well ripened.

It is well-known among propagators that the soil and climate in this vicinity is admirably adapted to the growth of strong, healthy vines, which invariably produce the best of results, and give universal satisfaction. Located on the shore of Lake Erie, we have the full benefit that the influence of a large body of water always produces in the growth and development of the vine.

For evidence as to the high quality of our vines, we would refer to the following parties, who have used more or less of our stock for the past six years:

Hon. J. Larrowe, Prest. Seneca Lake Grape & Wine Co., Hammondsport, N. Y.; Hon. E. B. Pottle, Ex-Prest. N. Y. State Grape Growers' Association, Naples, N. Y.; John E. Mottier, Prest. Lake Shore Grape Growers' Association, North East, Pa.; Hasbrouck & Bushnell, Iona Island, N. Y.; R. Cummings & Co., Pittsburgh, Pa.; Geo. Campbell, Delaware, Ohio; L. M. Ferris & Son, Poughkeepsie, N. Y.; I. H. Babcock & Co., Lockport, N. Y.; Merrell & Coleman, Geneva, N. Y.

Our roots are wintered in cellars, so we can ship to the South and Southwest at almost any season of the year. Parties wishing to purchase are urged to order early, so as to insure a good selection and secure the vines when wanted. Our packing is done with moss, in the most careful manner, so as to insure safe carriage for long distances, and arrival in perfect order, even though a month in transit.

Located within three miles of Dunkirk, which is at the junction of the Lake Shore and Erie Railways, we have unusual facilities for shipping to the East, West, South and Southwest.

For the accommodation of Agents and Dealers, to whom our business is principally confined, we will bill grape roots at 1,000 rates where over \$20 worth are ordered, at one time. For \$10 to \$20 worth, 10 per cent. added to 1,000 rates. \$5 to \$10 worth at 100 rate. By mail, post paid, by adding cost of postage and mailing.
