WHOLESALE TRADE LIST

OF THE

PAINESVILLE NURSERIES,

FOR DEALERS AND NURSERYMEN ONLY,

FOR THE SPRING OF 1871,

STORRS, HARRISON & CO.,

PROPRIETORS,

PAINESVILLE, OHIO.

GROUNDS AND RESIDENCE, TWO MILES EAST OF THE VILLAGE, ON NORTH RIDGE ROAD.

LAKE SHORE RAILWAY RUNS THROUGH THE NURSERIES.

ROCHESTER, N. Y.:

PRESS OF CURTIS, MOREY & CO., UNION AND ADVERTISER OFFICE.
1871.

ANNOUNCEMENT.

In presenting our Trade List for the Spring of 1871, we have the pleasure of assuring our customers that our *stock*, in *all departments*, is better than common, and more especially is this the case with the following named articles: Irish Juniper, from two to three feet: and American Arbor Vitæ, from six inches to four feet high; Van Buren's Golden Dwarf Peach Trees, and Osage Orange hedge plants. Besides these, we would mention that we are more extensive in the Green-House and Bedding Plant line than ever before, and our plants are unusually strong and healthy. And, withal, we would not neglect to mention our *specialty*, the AMERICAN CHESTNUT, of which we have an immense stock. All things considered, we esteem it vastly superior to any other timber tree offered for general planting. We make mention of the above, that dealers may push one or more of them somewhat as a specialty, if they so desire.

THE PACKING SEASON.

We usually commence shipping the latter part of March, continuing through April into May, and with evergreens, continuing nearly to the first of June. Successful transplanting depends more upon the condition of the trees than the advanced state of the season—for instance, trees can be shipped from the North to the South, and safely planted, a month or two later than trees could be safely removed grown in that same southern latitude.

TERMS OF SALE.

1st. The following articles are offered at these rates to Nurserymen and Dealers only, and then not at the lowest rates, unless the bill made exceeds one hundred dollars.

2d. We reserve the selection of varieties to ourselves, but will always give the purchaser his choice, as far as consistent with our stock.

3d. When dealers pack with us, we heel in their entire stock by itself, after which, all help furnished in making up orders to their customers is charged, with labels, tying materials, &c.; also, for boxes, 9 $\times$ 2 $\frac{1}{2}$, each \$3 00; other sizes in proportion. Bales, 50 cents and upwards, according to size. No charge for delivering packages at Express Office or Railroad Station.

4th. The terms of payment must invariably be cash down or satisfactory note, payable at some bank for amount of bill, unless with established Nurserymen, when a satisfactory reference will be required before shipment.

5th. Plain and explicit directions should be given as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivery at Railway Station or Express Office.

CATALOGUES.

The following Catalogues will be sent to applicants who enclose stamps to pre-pay postage:

- No. 1. Descriptive Catalogue of Fruit and Ornamental Trees.
- No. 2. " " of Green-House and Bedding Plants.
- No. 3. Chestnut Circular.
- No. 4. Trade List for Nurserymen and Dealers only.

STORRS, HARRISON & CO.

FRUIT DEPARTMENT.

NOTE.—Such articles as are not enumerated in this list, are scarce, and can only be supplied in very limited quantities. On such, a discount of one-third from the retail price will be made to the trade.

“ “ 2 to 3 feet,.....			12 00	100 00
“ “ 3 to 4 “			15 00	135 00

We would call especial attention to our extensive stock of the American Chestnut trees, the product of nearly, or quite two hundred bushels of nuts. There is already an immense call that cannot be supplied, for trees of large size, for immediate planting, ranging from 5 to 10 feet. Nurserymen can make no better investment than to purchase yearling trees by the thousands or tens of thousands, and grow them to supply this increasing demand. Dealers in trees will also find it an object to make a specialty of the sizes we now offer.

Spanish Chestnut, 2 to 3 feet,.....	3 00	25 00

GREEN HOUSE AND BEDDING PLANTS.

We have taken extra pains to collect the various new and rare plants belonging to this department, and we are consequently prepared to offer an assortment equal to the best in the country. In the new Golden Coleus line and in the Double Geraniums, we offer splendid sets, and our Catalogue No. 2, will be found to contain rare things both new and old from beginning to end. Of these we issue no wholesale list, but make a discount to the trade of one-third. We find from past experience that this is all that we can discount and make a living at raising plants. If dealers think that they cannot afford to sell and deliver at those rates, they must add such per cent. to our retail prices, as they may esteem it necessary to make the business profitable to them.

LEAF AND BLOSSOM OF THE CHESTNUT.
