WHOLESALE PRICE LIST

OF

Bryant's Nurseries

PRINCETON, ILL.

FALL OF 1874.

AFTER WHICH THESE PRICES WILL NOT BE BINDING.

FOR DEALERS AND NURSERYMEN ONLY.

A. BRYANT, Jr., Proprietor.

Republican Printing House, Princeton, Illinois.

ANNOUNCEMENT.

In presenting our Wholesale Price List for Fall of 1874, we take pleasure in saying that our stock is far superior to any which we have ever before offered, and that it will be our endeavor in the future as heretofore, to send out only such stock as will be satisfactory to our patrons.

OUR NORWAY SPRUCE, WHITE PINE, and other EVERGREENS are worthy of special attention, for low prices and good quality.

We are growing largely of Tree Seedlings; having a fine stock, one to two years. Also a full assortment of SHADE and FRUIT Trees.

We do not claim to sell at lower prices than any one else; but we do aim to handle ONLY GOOD stock, and at as reasonable rates as can be afforded by any one.

THE PACKING SEASON

Begins with us about the 1st of October, and continues until the middle of November, or later, according to the season.

Orders should be sent in EARLY to ensure prompt attention, as we fill orders in rotation as far as practicable.

Southern orders can be *shipped* by *Express*, at almost any time during the Winter, but should be sent in *early* so that they may be *filled* before severe weather.

NOTICE THESE TERMS AND CONDITIONS.

Terms: 5 per cent. off *for cash*, on bills of \$25.00 and upwards.

To *known, reliable* parties, we will allow 30 days from date of shipment, without interest; bills running over that time must bear 10 per cent.

No per cent. off unless Cash comes *with order* or *before shipment*.

We make these terms as a special incitement for CASH, and there will be *no deviation*.

Special attention given to packing, for which we charge cost of material and labor. All stock delivered at the Depot or express office free of charge, after which it is entirely at the risk of the purchaser.

And errors which may occur in filling orders, cheerfully corrected, if notified of same within six days after receipt of goods; otherwise, no claims for deduction allowed.

Prices given in this list are for the quantities specified. If a less number is taken, the price will be proportionately increased.

Orders should be written plainly, giving full and explicit directions as to route and manner in which stock is to be shipped.

We publish the following Lists, which will be sent to applicants who send stamps to prepay postage:

RETAIL PRICE LIST AND CATALOGUE, issued in September.

TREE SEED LIST, issued in December.

WHOLESALE PRICE LIST, (to Dealers and Nurserymen only) issued in September and January.

Address,

A. BRYANT, JR., Princeton, Ill.

FRUIT DEPARTMENT.

At the following prices we reserve the selection of varieties to ourselves, but will give the purchaser his choice, as far as possible.

Apples.

We invite the attention of dealers to our large stock of Apple Trees, of all ages, which, for assortment and quality, we think equal to any in the country.

ORNAMENTAL DEPARTMENT.**Evergreens.**

We are making this branch of the business a *specialty*, and can supply Evergreens in any quantity, and of almost any desired size.

For timber-planting and wind breaks, we recommend Norway Spruce, White and Scotch Pines. For Ornamental Hedges and Screens, the Arborvitae and Hemlock are preferable. For general planting nearly all are suitable.

Our smaller sizes will be found particularly desirable for Nurserymen, and may be planted directly into nursery rows.

Our three to four feet sizes are just the thing for retail trade; are well rooted, good shape, and will pack close for shipping.

Forest and Ornamental Tree Seedlings.

Stock included under this head is specially adapted for forest planting, and also for Nurserymen to transplant into nursery rows. Our list includes many things not usually offered in quantity.

At the early date at which this edition goes to the printer, we are unable to give exact sizes on many of the following articles. Our seedlings however will be of fair size; and no inferior stock will be sent out, although owing to the dry weather some one year seedlings may not be quite as large as usual.
