TO CORRESPONDENTS.

The present Wholesale Catalogue contains a complete list of stock which we offer for sale for the Fall of 1874, and we have much pleasure in stating that our Stock, owing to the splendid growing weather the past season, has made a better growth than usual, and consequently customers may rely on being satisfied as to the quality, which is warranted to be as represented in this list, and better than goods generally offered at same rates; and we call especial attention to our Reduced Prices.

We call the attention of our patrons to the following remarks, which will save much correspondence, time and trouble:

The Packing Season—Usually commences in the Fall, about the first week in October, and in the Spring about the second week in April.

Orders—Should state particularly the *form* and *height* of the trees desired—whether *standard* or *dwarf*—the *varieties* and *quantities* of each—all of which should be *written plainly on a separate list*, (and not mixed up in the body of the letter.)

If any errors have occurred in filling the orders, purchasers should *notify us immediately*, so that we may at once make proper amends.

Shipping Directions.—Plain and particular instructions should be given for *marking and shipping packages*. Where none are given, we will use our best judgment in forwarding them, and it **MUST BE UNDERSTOOD** that **ALL PACKAGES ARE AT THE PURCHASER'S RISK** after the delivery to the forwarders here; and all claims for damages should be made upon them.

Packing Charges.—In packing, the cost of boxes *only* will be charged, except to agents and dealers, to which will be added the cost of labor in assorting and filling orders; but all packages will be delivered at the depots in Rochester *free of charges*.

Conditions of Sale.—We reserve the right of selecting the varieties, which will consist of the leading and most desirable sorts, but in no case will we supply *long lists of selected varieties* of either Fruit or Ornamental Trees at Wholesale rates, except as follows: 50 at 100 rates, and 500 at 1000 rates—but will make a *discount* from the Retail Prices, as such orders will justify.

Other articles that are not noticed in this list will be found in our Descriptive Fruit, Green House, and Ornamental Catalogues, from which price a *discount of one-third* will be given.

FRUIT DEPARTMENT.

TERMS—Positively CASH, unless otherwise *specially* agreed. All orders to be sent C. O. D. must be accompanied with one half the amount in Cash.

All articles, after leaving our hands in good condition, are entirely at the risk of the purchaser; and no complaints for deductions for any cause whatever, will receive consideration unless made promptly within Ten days after the receipt of the goods.

At the prices given below, the assortment to be our selection of varieties. But we will make special rates to those who name all the varieties and quantity of each.
