Our Nursery is located at Kirkwood, (formerly Young America), on the C., B. & Q. R. R., $\frac{1}{2}$ of a mile from the depot. The Railroad not being at this place crowded on account of business, our facilities for getting stock shipped as soon as delivered, are unsurpassed by any other point. When the quantity will justify packing in bulk and shipping by car it is much the cheapest. We have now 240 acres of high, rolling prairie, and with our deep and thorough mode of culture feel confident in making the assertion that we can raise stock excelled by none. Of Evergreens we offer a very heavy lot of small, well shaped trees—often transplanted, and the attention of those desiring to plant extensively is particularly called to this department. We invite all to examine our stock before purchasing.

TERMS OF SALE

Articles Furnished at Following Prices when Quantities Specified are Taken.

All sales are for cash or satisfactory security. The heavy expense of producing does not permit us to realize on time sales. Orders from those with whom we are unacquainted, must be accompanied with the cash or satisfactory reference, before they will be accepted.

In all cases we reserve the right of selecting varieties in large bills of trees, but in all cases will, as far as practicable, accommodate the purchaser in selections.

For boxes and packing an extra charge will be made, to cover actual cost of the same, but all stock will be delivered at depot free of charge, after which our responsibility ceases; no charge made for packing in bulk in car.

All plants and stock warranted sound and in good condition when packed and shipped.

If any error is committed in filling an order, the purchaser is requested to notify us at once, as **No Claim for Reduction will be Allowed, unless Made within Ten Days** after the receipt of stock.

Correspondence solicited. All inquiries cheerfully answered. Persons unacquainted with varieties of Trees, Plants, &c., by leaving their selections to us, may depend upon getting good varieties.
