SPRING OF 1881.

STORRS, HARRISON & CO'S

SEMI-ANNUAL PRICE LIST

—OF—

FRUIT AND ORNAMENTAL TREES,

SMALL FRUITS,

VINES, EVERGREENS, SHRUBS, ROSES, ETC.

PAINESVILLE, LAKE CO., OHIO.

Grounds and Office, two miles East of Village, on the North Ridge Road.
Lake Shore Rail Road runs through the Nurseries.

We issue a TRADE LIST, which will be sent to Nurserymen, Florists, and Dealers ONLY. Strangers applying for it will please state definitely which branch of the trade they are in.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all of our Trees, &c., true to label, and hold ourselves in readiness, on proper proof, to replace all Trees, &c., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said Trees, &c., that prove untrue.

DAILY UNION AND ADVERTISER COMPANY'S BOOK AND JOB PRINT.

1881.

NOTICE TO CUSTOMERS.

WE would say to those unacquainted with our establishment, that this is the twenty-seventh year of our Nursery, that we have over four hundred acres devoted to the business, about three-fifths covered with Nursery Stock, and eighteen Green and Propagating Houses, with a most complete assortment of Fruit and Ornamental Trees, Shrubs, Vines, Roses, Green-house Plants, &c., &c. We solicit correspondence and personal inspection of our stock, confident that it will compare favorably with the best.

CONVENIENCES FOR PACKING

Are most complete. A wind-mill and steam pump supply an abundance of water, and a good stock of moss kept always on hand.

THE PACKING SEASONS.

In the Spring, we usually commence digging and shipping from the twentieth of March to the first of April, and continue through May; and in the Fall, usually from the first to the middle of October, continuing till cold weather sets in. Besides, we store largely in cellars, Small Fruits, Grape Vines, Rose Bushes, Chestnut Trees, Peach, Apricots, &c., from which we can make shipments at all times during the Winter, except in the very coldest days.

TERMS OF SALE.

The articles enumerated in this list will only be supplied at the prices annexed when the quantity specified is taken, following the usual custom of charging 5 at 10 rate, and 50 at 100 rate, on articles where these rates are given. Purchasers may think that the difference between the single and other rates are too great. In explanation we would call your attention to the fact that ours is a very different business from a store, where goods are kept on a shelf within handy reach, and a dozen articles can be placed before the customer in as many minutes. On the contrary, our Nursery goods occupy an area of hundreds of acres, requiring miles of travel to compass the various blocks and make up an assorted order.

PACKING AND DELIVERING.

The packing will be done in the best possible manner, and no charge made at prices in this list. The cost to us of packing is no small item, especially in the larger sized ornamental and evergreen trees. No charge for delivering goods at Railway Station or Express Office.

REMITTANCE FOR AMOUNT,

Must in all cases accompany the order. This is imperative, as we open no book accounts with our customers. Remit by Post Office Order, Draft on New York, or Registered Letter. The remittance will be at our risk if sent in any of the preceding ways. We prefer a Post Office Order to all other ways of remittance; next, Draft on New York; and lastly, a Registered Letter. Money enclosed and sent in common letters, we will in no way be responsible for, as there are occasionally dishonest employees in the postal departments, and they usually possess a knack of distinguishing letters containing money from all others. *Moneys sent us by Express must be prepaid by the sender.*

C. O. D.—Do not ask us to collect on delivery, as the cost of return charges is quite an unnecessary item of expense; and the prices all being given, we can conceive of no necessity to warrant goods being so sent.

WHEN ORDERING, please to give plain and explicit directions as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivery of goods at Railway Station or Express Office.

CATALOGUES.

The following Catalogues will be sent to applicants who enclose stamp to prepay postage, except No. 1, for which we make a charge of 10 cents:

No. 1—Descriptive Catalogue of Fruit and Ornamental Trees. 10 cents.

No. 2—Descriptive Catalogue of Green-house and Bedding Plants.

No. 3—Price List, (this one).

No. 4—Bulbs, Winter Flowering Plants, &c.

No. 5—A Special List, with prices of Plants, Trees, &c., that can be sent by mail. When Plants, &c., are to be forwarded by mail, use prices in that list—not this one.

STORRS, HARRISON & CO.,

PAINESVILLE, OHIO.

FRUIT DEPARTMENT.

WE reserve the right to select the varieties, but will give the purchaser his choice as far as is consistent with our stock. In ordering, please to state whether or not substituting will be permitted, in case we should be short of any sort wanted.

Five per cent. off for cash with order. No discount allowed unless cash reaches us before shipment.

EVERGREENS.

We would call particular attention to our large stock of well-trained Evergreens. We take great pains to shear our evergreens each year, bringing them into a compact symmetrical form, thus adding double to their value over those grown in the ordinary manner. Our prices are remarkably low, in many of the varieties below the actual cost of production.
