HOOPES, BROTHER & THOMAS,

Cherry Hill Nurseries

WEST CHESTER, PA.

SEMI-ANNUAL TRADE LIST.

AUTUMN, 1880.

TWO MEDALS AND DIPLOMAS

AWARDED BY

UNITED STATES CENTENNIAL COMMISSION.

NOTICE TO PURCHASERS.

This list is intended for Nurserymen, Florists and Dealers only, and supersedes all previous editions. The prices are for the quantities named. Five Hundred, Fifty, and Five, will be furnished at the Thousand, Hundred, and Ten rates, respectively. On smaller quantities a discount from our retail prices will be made to the trade. Dealers will be furnished at the lowest rates.

OUR NURSERIES,

covering 300 Acres, with a large amount of glass, are in the immediate vicinity of West Chester, which is situated twenty-seven miles west of Philadelphia, and with which we have nearly hourly communication by two railroads—one a direct road, the other a branch of the Pennsylvania Central, and from which we have a siding to our packing house. By the latter route we are enabled to ship to all parts of the country, without transfer in Philadelphia, and at very low rates to distant points.

THE PACKING SEASON

generally commences from the first to the middle of March in the Spring, and about the first of October in the Autumn.

PACKING.

All orders are carefully packed in bales or boxes, for which a charge is made sufficient to remunerate for the cost of material.

SHIPPING.

Our shipping facilities to the West by fast freight lines, and to New England and the South by various steamship lines, are unexcelled in rapidity of transit and low rates of freight charges.

Purchasers are requested to name the mode of conveyance by which they desire their shipments, *otherwise we will dispatch to the best of our judgment. After delivering to the forwarders, all articles are entirely at the risk of the purchaser; and should any loss or delay occur, the forwarders alone must be held responsible.*

All packages delivered free of cartage at the Dépôts and Express Office in West Chester.

Parties desiring stock shipped per express, C. O. D., *must* accompany their order with cash to half the amount, otherwise no attention will be paid to the same.

CLAIMS.

All claims for errors and deficiencies must be made within **TEN DAYS** after receipt of the stock. We desire to be notified of mistakes as early as possible, so that we may rectify the same without delay.

TERMS CASH.

The following Catalogues will be mailed on application, viz.:

- No. 1. Descriptive Catalogue of Fruits, two 3 cent stamps; with colored plate, 10 cents.
- No. 2. Illustrative and Descriptive Catalogue of Ornamental Trees, &c., 10 cents.
